

Chapter 2842– 2843 of A Dish Best Served Cold Novel

Chapter 2842

“Otherwise, the Mufan Group that Helen Qiu has worked so hard to support will really become the Ye Family’s word.”

“My mother didn’t think about it, so it was enough to bring my uncles closer to the company. Before leaving, I didn’t know how to arrange someone to restrict their power.”

“Fatty, I am afraid I will have to work hard for you in the future.”

“Your position is very stressful. I’m afraid you can’t stand it.”

Mark’s decision to put the fat man in the top position was undoubtedly his consideration.

One is to restrict the power of the Ye family, and the other is to effectively supervise his two uncles.

Of course, this is still a risky behavior.

Although the fat man is also a graduate of a prestigious school, he is inexperienced after all, and he is in a high position. It is inevitable that he has some lack of ability.

However, this problem is not insoluble.

When the time comes, I will find him an assistant with superior ability to assist him from the side.

“Mark, don’t worry. With you as my backstage, who else in this company can I be afraid of?”

“What’s more, the two bosses Ye Tian and Ye Ya are not too outrageous.”

“I have carefully investigated. Although the two bosses used their powers to arrange many positions for the children of their seven aunts and eight aunts in the company, they were basically insignificant positions such as drivers and sales.”

“Even if there are a few exceptionally high positions, they are indeed capable people.”

“It’s not like that Ye Jian, fooling around.”

Mark nodded: "Well. My two uncles still have some numbers in my heart."

"That's why, I still retain their authority and didn't touch them."

"Originally, I planned to clean up the Ye family completely."

"However, people will change."

"If I don't supervise and restrict them in time, they are afraid they will make big mistakes in the future."

"From now on, help me beat them more."

After talking about official business, Mark asked the fat man about his mother again.

Before, he learned from his uncle that his mother had been picked up a few months ago, saying that he had gone to Wrifill.

"Do you know what it is?"

"How come for several months?" Mark asked.

The fat man shook his head: "I don't know, I don't know when Aunt Ye left."

"Forget it, go and work, I'll go back to the manor first."

Seeing that the fat man was unclear, Mark didn't ask any more questions.

At this time, Mark still didn't care too much.

After all, it is not unusual for a mother to live with her son.

What's more, if something really happened in Wrifill, my uncles and others would have told them already, and they would never be as calm as they are now.

In this way, Mark left the company and returned to Yejia Manor, ready to visit his grandfather before returning to Wrifill.

As for the fat man, it was a resolute settlement in the company that wiped out all the moths that Ye Jian had brought into the company.

Yejia Manor.

"Ok?"

"you again?"

“It’s not over, right?”

“I’ve said it all, isn’t this your mother?”

“Go, go, stay cool!”

At the door, the old doorman saw Mark and was fierce again.

Mark ignored him, just smiled lightly, then raised his head, facing the manor in front, and sighed in a deep voice: “Grandpa, grandson Mark, come and visit!”

“I don’t know Grandpa, is your health okay?”

Chapter 2843

what?

Grandma... Grandpa?

“Is he... he is...”

Mark’s vigorous and loud voice resounded throughout the world.

But the uncle who was watching the door in front of him, after hearing it, was directly stunned.

A pair of eyes, staring huge!

Although he had just come to the Ye Family Manor to watch the door for more than half a year, he had undoubtedly heard about the history of the Ye Family’s family.

It is said that the previous Ye family was just a little-known family in the township below.

However, because of the Ye family’s generation, there was a real dragon.

As the saying goes, one person gains the Tao, the chicken and dog ascend to heaven!

It was the appearance of this true dragon that made a small Ye family leap into the first family of Fenghai.

Even Fenghai’s leader, the powerful Lei family, must respect the Ye family by three points.

As far as he knew, the true dragon of the Ye family was the grandson of the Ye family’s grandfather.

Just when the guardian was frightened, in the manor, a group of people came over under pressure.

Among them, walking in the forefront is impressively Ye Family's elder son, Ye Xukun, who is nearly 80 years old.

"Mark, really you?"

"You bastard, do you know you have a grandfather?"

When he saw the boy outside the door, the voice of Mr. Ye was trembling, and there were almost old tears in his eyebrows.

When he walked over, he immediately took Mark into his arms, and the words were full of miss and love.

In this scene, I just watched the uncle of the guard next to him.

His old face was terrified, and his lips were trembling: "My God, this boy, is it really... really the real dragon of the Ye family?"

The guardian's back was cold, and there was a mourning in his heart.

The whole person was frightened, and his legs became stiff.

Knowing that I have provoke a big man, I am afraid that the job will not be guaranteed.

However, this uncle obviously thinks too much.

As Mark, how could he care about these little things?

"Mark, where have you been for more than a year."

"How come there is no audio at all."

"I asked your mother, your mother only said you were on a business trip."

In the hall, Mark's close relatives were all there.

Even the two brothers Ye Tian and Ye Ya, who had just met Mark before, were guarded by the old man.

"Yeah, there was something troublesome and it was delayed."

“It’s all solved now.”

Mark smiled and didn’t elaborate.

“By the way, have you visited your mother in Wrilfill?”

“This Nizi is just like you. I’ve been away for several months without calling me.”

“I don’t care about my old man anymore.”

Speaking of Mark’s mother, there was some resentment in his words.

“Ok?”

“Grandpa, what are you talking about?”

“My mom hasn’t contacted you for months?”

“What about Helen Qiu?”

“Have you contacted my wife Helen Qiu?”

Mark frowned when he heard something wrong.

“You said Helen Qiu.”

“Before your mother left, she also visited me.”

“That child of Helen Qiu is sensible, and he doesn’t report good news.”

“But I know that she is a girl in Wrilfill, supporting your career for you, it must be difficult.”

“It’s okay to take your mother over and let your mother share some work with her.”

“The provincial girl is exhausted.”

“As for Fenghai’s career, don’t worry, I will let your uncles take care of it.”

“Speaking of this, Mark, you have to say something to your grandfather. Your uncles may have some omissions in their work, but closed the door, we are all a family.”

“But I heard that today you let a young foreigner take the position of the company’s top leader.”

“This matter is indeed a little ill-considered.”
