

Chapter 2844– 2845 of A Dish Best Served Cold Novel

Chapter 2844

“Now, your uncles and your uncles are all here, sit down and talk about it.”

The old man Ye was talking, but suddenly he talked about the company.

Obviously, before Mark came, Ye Ya and the others chewed a lot of their tongues in front of the old man.

They couldn't suppress Mark, and now they let the old man do it.

“Grandpa, I don't want to mention anything about the company.”

“I only care about my mother and them now.”

“You just said that you only saw Helen Qiu before my mother left.”

“What about after that?”

“In the past few months after my mother left Fenghai, have you ever been in contact with Helen Qiu?”

Mark asked in a deep voice, a little anxious in his words.

Elder Ye thought for a while: “This, I don't have any impression.”

“Maybe you called me.”

“People are getting old and have a bad memory. There are so many children and grandchildren. I can't remember who has called or who hasn't called.”

“Forget it, grandpa, you give me your mobile phone, I will contact them now.” At this time, Mark finally realized that something was wrong.

After all, with the filial piety of his mother, it is extremely abnormal not to see my grandfather for a few months.

Thinking about it now, his mother left Fenghai for several months and did not return. This behavior itself was somewhat abnormal.

Worried, Mark immediately asked his grandfather for a cell phone and contacted his mother and them personally.

As for Mark's mobile phone, I didn't know in which battle it was lost.

For martial artists, mobile phones are consumables.

Even if he can survive this battle, he might be ruined in the next battle.

“Ok?”

“Shut down?”

“Helen Qiu's too!”

“How is this going?”

After Mark made a few calls, none of them got through.

This situation undoubtedly deepened Mark's worries.

“Grandpa, my mother hasn't heard from me in the past few months, haven't you visited Wrilfill?” Mark asked again.

“Xiaojian had been to Wrilfill before, and I asked him to see your mother.”

“Right, Xiaojian?”

Ye Ya said at this time.

Ye Jian nodded: “Well, I've been to see it, but I haven't seen my aunt herself.”

“I didn't answer the phone. I thought to myself that my aunt was busy, so I didn't wait and came back that day.”

As Mark listened, his brows were frowning deeper and deeper.

He clenched his palm, and asked in a deep voice, “Then how did my mom go when she left?”

“Someone came to pick it up.”

“Said it was sent by Helen Qiu.”

“After the eldest sister answered the phone, she only went home to talk to the old man, and then drove away.”

“Think about it now, the eldest sister left at that time, but she was a little hurried.”

“However, I guess there is a cooperation to discuss, so I’m so in a hurry.”

Ye Tian echoed the scene of that day, speaking slowly.

“So, you didn’t know the person who picked up my mother?”

“Is my mother really going to Wrilfill, you don’t know?”

Mark’s tone gradually became cold, and his expression gradually became gloomy.

“This~”

Facing Mark’s words, Ye Tian and Ye Ya glanced at each other, but they had nothing to refute.

Chapter 2845

“Mark, don’t worry too much.”

“Your mother and them, there shouldn’t be any trouble.”

“Otherwise, they should have contacted us long ago.” Ye Ya was still comforting.

But at this time, Mark couldn’t calm down at all.

His brows were worried, and he didn’t want to stay here for a moment.

The figure flashed, and with a swish, he left the manor in an instant.

“Grandpa, I’m going to Wrilfill, so I don’t have to wait for me to eat.”

The solemn words came from outside the door.

When the Ye family looked at it again, the young figure had already gone.

Go straight to the land of Wrilfill overnight!

Huh~

The cold wind is bitter.

The deep darkness, with a bone-thinning chill, whizzed past Mark's ears.

However, Ren Kuangfeng is like a knife, Ren Bingham into the bones.

Mark's steps forward did not lag behind.

The anxiety and worry in my heart are burning like fire.

Although so far, everything is still unknown.

But Mark's heart was full of ominous feelings.

He had a feeling that his mother might have something wrong.

Even Mu Cheng might even be in danger.

Otherwise, it is impossible for my mother to be silent for several months.

Now, I can't even get through the phone.

Not only his mother, but also Helen Qiu's phone, turned off as well.

Is this a coincidence?

Obviously not.

A few months ago, his mother left in a hurry.

It has already foreshadowed that something might have happened to Wrillfill.

In addition, his mother and Helen Qiu lost contact for several months at the same time.

All these signs indicate that something has happened.

However, Mark couldn't figure it out. With his power in Noirfork, with the energy controlled by the Mufan Group, not to mention the entire Noirfork, but looking at the whole country, there can be several forces that can threaten the safety of Helen Qiu and the others. ?

Could it be that it is Gritsberg's wealthy power, the Lu and Xu family who are not dying, after learning that they had an accident overseas, they made a comeback and attacked my Mufan Group again?

Mark thought so.

However, as soon as this idea appeared, it was directly rejected by Mark.

After all, after the last Noifork catastrophe, the power of the Xu family was completely in decline.

There are people in the family who can do it, die, die, fall, and go to jail. Even the family's father died.

Today's Xu family is not "less", it is still lingering, even if they want to retaliate, they have no such ability at all.

As for the Lu Family, it is undoubtedly more impossible.

You know, Mark was originally canonized by the Lord of the Hot Summer, "Tianjiao Wushuang".

The weight of this "title" was the heyday of the Gritsberg Lu family, and it couldn't bear it at all.

After all, this represents not only honor, but also a "political" identity.

The persecution of the family of Wushuang Guoshi, once this incident is revealed, it will be a fatal stain on the official career of the current Patriarch of the Lu family.

This kind of behavior is not worth the loss, but it is impossible for the Lu Family Patriarch to be a little sensible.

However, if it wasn't for these wealthy families, who would it be that dare to attack Mark's family?

"Could it be King Yintian, Burning Heaven?"

After vetoing the power of the secular world, Mark undoubtedly immediately thought of the martial artist.

After all, Mark's enemies in the martial arts world are far more numerous and terrifying than those in the secular world.

But Mark didn't suspect that Chumen did it.
