

Chapter 2846– 2847 of A Dish Best Served Cold Novel

Chapter 2846

Even if he and Tang Yun have already cut off justice now, completely standing on the opposite side of each other.

But with Mark's understanding of Tang Yun, she would never have done such an unbearable act on other's family members.

Not only did she not know how to do it, but she also strictly prohibited other people in Truman from doing it.

Therefore, after excluding Truman, the answer is undoubtedly obvious.

It's King Yintian, Burning the sky!

This person is not only motivated, but also capable.

If a titled master insists on killing people, even if there are six titles in the summer, it is difficult to take care of it.

Thinking of this, Mark's face is undoubtedly even more ugly.

Deep inside, it was cold.

Because, if everything is really as he expected, then his mother, and even his wife Helen Qiu, is afraid that it will be too bad for you.

More than half a year has been enough for the titled master to behead them countless times.

"Blame me!"

"I shouldn't have retired in the first place~"

"I should go back to Noirfork to heal my injuries!"

....

"I shouldn't go to America~"

“I should wait for Yundao Tianjue Great Formation to be built before leaving~”

.....

Even if Mark hasn't arrived in Wrifill yet, even if everything is just Mark's speculation.

However, his heart is undoubtedly messed up.

He blamed himself, he was guilty.

He was terrified, he was afraid.

I am afraid that after arriving in Wrifill, I will get a tragedy that separates my loved ones from yin and yang.

Mark was full of self-blame, feeling that he was waiting to leave after the Yundao Tianjue formation was built, or sent a dragon god to station in Wrifill before leaving, or he returned to Wrifill directly after he left America. Recuperate.

In short, if he makes any of the above options, the current situation will not be so passive.

But, can this really blame him?

You know, before leaving, God of War said to Mark that the strongest power in this trip to the Americas is only to transform into a strong one, and it is not to be feared at all.

Because of this, Mark feels that this trip to the Americas is not just about going home?

Therefore, Mark was a little negligent.

Only a strength of the Qinglong team was left in Wrifill.

But who could have thought that both he and God of War thought it was a question of giving points, but when they did it, they almost killed Mark.

All things undoubtedly exceeded the expectations of Mark and the God of War.

People can not escape from doing wrong.

Even if it is as strong as the god of war, such as Mark, there will be a time when there is a hundred secrets.

Of course, now is not the time to consider these.

The most urgent task is to rush to Wrifill first to find out.

“Mom, Helen Qiu, you must be fine~”

In the darkness, Mark was anxious and roared in a low voice.

The anxious words were shattered by the wind.

At the same time, the speed at Mark’s feet was a few minutes faster again.

In the cold night, Mark’s speed was as fast as flowing light.

Like a sharp arrow, straight into the land of Wrilfill.

It’s late at night.

Outside Yunding Mountain, a figure came here again after a year.

There is an invisible majesty in that thin figure and deep eyes.

The whole person stood there, just like a mountain standing horizontally, in the dust.

Yes, the young figure in front of him is Mark who rushed from the land of the maple sea overnight.

“Helen Qiu?”

“mom?”

“I am back.”

“Where are you?”

The person hasn’t arrived yet, but Mark’s anxious and worried call has sounded through the entire Yunding Mountain.

However, no one responded.

Except for the dim lights on both sides of the street lights, the place in front of you is still silent and dark.

When Mark walked over, he found that the newly rebuilt villa in front of him was already locked.

Inside the door, there was barrenness and darkness.

It seems that no one has lived in it for a long time.

Who could have imagined that Yunding Mountain, where the prosperous and beautiful scenery of the past, has been in just one year, has become a world away.

Chapter 2847

Nuo Da's villa was empty.

In this lonely cold night, it seemed so desolate.

Looking at the scene in front of him, Mark's worries were undoubtedly more intense.

Where did my mother and Helen Qiu go?

After discovering that there was no one here, Mark did not stay here.

Instead, he rushed directly to the Li Family Manor located in the center of Wrifill.

Before he left, let Ericson Li assist Helen Qiu to manage the Mufan Group.

If Mark is the emperor of Wrifill, then Ericson Li is Mark's steward.

If something happened to Helen Qiu and the others, then Ericson Li must be clear.

Therefore, Mark didn't want to stop, and after confirming that there was no one in the Yunding Mountain Villa, he immediately rushed to the Li Family Manor.

Now, it is late at night.

There was no one on the streets of Nuo Da.

Only the green lights on both sides of the road flashed dimly.

After a long time, only a few vehicles that were alone were whizzing past.

A few minutes later, Mark appeared outside the Li Family Manor.

"who?"

"Don't go back quickly?!"

However, who could have thought that as soon as Mark appeared, a huge searchlight fell on Mark immediately.

The huge halo, like a fiery red sun wheel, enveloped Mark.

Mark under that aperture was actually tiny over there.

At the same time, several big men who had been guarding the entrance of the manor immediately drove Mark away.

The guards here are actually extremely strict.

“I’m looking for Ericson Li.”

“Let him come out and see me.”

In the silent night, Mark’s cold words quietly sounded.

The rustling cold wind slowly blows past the fallen leaves on the side of the road.

Until now, these people still don’t know what kind of existence the young man who appeared in front of them at this time was.

“Ericson Li?”

“Are you here to find the second master?”

“The second master is not there, if you want to find the second master, come back in a few months.”

“Now, don’t you go back quickly?”

I learned that the young man in front of him had come to see Ericson Li.

These people were slightly startled, and then replied bluntly.

Mark frowned when he heard the words.

“Let me retreat?”

“There is no one in Noirfork who is qualified to say this.”

Mark’s cold words sounded.

“Oh fuck!”

“Awesome you?”

“The whole Noirfork, who dare to pretend to be such a force in front of my Da Zhuang, and no one?”

“Smelly boy, if you don’t want to die, get out!”

These brawny men seemed to be irritated by Mark's arrogant words.

One of them walked out directly, raising his leg to give Mark a kick.

However, in the next scene, something that made everyone tremble happened.

I saw that the man's foot had not touched Mark, and he just heard a bang.

This strong man of more than 100 catties flew out like a ball.

Finally, it hit the ground severely and rolled more than ten meters along the ground.

“what?”

The others were shocked when they saw this.

A pair of eyes were almost straight.

“Just... just now, what happened?”

“Big Zhuang is good, why did you fly out by yourself?”

“This boy is a bit wicked~”

The remaining few people said in surprise.

When they trembled, Mark, who had been standing quietly, raised his steps and started to walk forward.

“You...you stop~”

“Go ahead, I...we're going to call someone.”

Seeing Mark's approaching figure, the sturdy men threatened.

“Go away~”

Mark has completely lost his patience.
