

Chapter 2850– 2851 of A Dish Best Served Cold Novel

Chapter 2850

“Chu...Mr. Chu, I...I Ericson Li, I'm late.”

...

Soon, Ericson Li arrived in front of Mark.

He gasped and greeted Mark respectfully.

Before saying a few words, Li Eryi's old eyes immediately turned red.

“Mr. Chu, I'm Ericson Li, I have finally brought you back.”

“You know what, they all say you are dead, you are dead.”

“But I don't believe the second child.”

“Mr. Chu is a talented person, with luck and luck, it is impossible to fall so easily.”

“For more than a year, I, Ericson Li, have been waiting for you to come back~”

Ericson Li kept talking, almost crying, and the sad voice echoed in the entire night sky.

Facing Ericson Li's words, Mark remained unmoved, still expressionless, staring at him like this with cold eyes.

“Let me ask you, where is Helen Qiu?”

“Where is my mother?”

“Where are they now?”

Without the slightest nonsense, Mark directly asked about the whereabouts of his wife and mother.

This is what Mark cares most about right now!

“This..”

“I...”

Faced with Mark’s question, Ericson Li’s old face turned white immediately and opened his mouth, but he didn’t know how to answer.

Seeing this, Mark trembled again deep in his heart.

That kind of ominous feeling became a bit richer again.

“Say!”

“My mother, and Helen Qiu, what happened to them?”

“Why is Yundingshan Villa empty?”

“Why can’t Helen Qiu and the others get through?”

Mark shouted again.

Ericson Li shook his head and sighed, and finally knelt directly in front of Mark, saying with shame on his face: “Mr. Chu, I’m sorry, it is Ericson Li who has let down your trust.”

“It’s because I failed to protect Mr. Qiu and the others~”

“It’s me that Ericson Li is incompetent, I am ashamed of you...”

Er Lao Li was in tears, and said sadly with his nose and tears.

Mark’s eyebrows became colder, and the palms under his sleeves became tighter: “Tell me, please!”

“My mother, where are they?”

Ericson Li sighed and said bitterly: “Mr. Chu, I don’t know about this. Six months ago, Miss Qiu and Mrs. Ye disappeared overnight. I sent people to search for months, but they were all gone. “

“There is also Qinglong, all missing.”

“I searched Noirfork, but I didn’t find their whereabouts~”

Ericson Li said sadly.

“What are you talking about? You don’t know where my mother and them are?” Mark’s words were cold, suppressing his anger.

Ericson Li nodded, not daring to look at Mark directly.

But Mark's eyes were cold, and his entire face was almost gloomy to the extreme.

"Ericson Li, why do I give you glory, make you rich and let you stay in Noirfork?"

"Not for you to help me take care of my family!"

"But what about you?"

"That's how you rewarded me?"

"Two women, you can't watch Zhou Zhou."

"Where are they, you don't even know?"

"Asshole, what do I want you to do?"

Boom~

In the anger, a majestic majesty radiated from Mark immediately.

Under the violent wind, Ericson Li's whole body was shocked and flew out, and his chubby body rolled more than ten meters along the ground.

"Mr. Chu, I was wrong~"

"My two sins, Li deserved to die..."

"It's me Ericson Li incompetent~"

"Failed to take care of your family~"

"I deserve to die~"

Enduring the pain, Ericson Li quickly got up from the ground, knelt on the ground, and bowed down to Mark again and again with fear.

Chapter 2851

No one knows how strong the anger in Mark's heart at this time is.

He asked Ericson Li to stay in Wrifill, all he asked for was that he could assist Helen Qiu in taking charge of Noirfork while he was not in Noirfork, and at the same time help him take care of his relatives.

However, this Ericson Li didn't even know the whereabouts of his mother and his wife.

In other words, even if Helen Qiu and the others had been kidnapped, they didn't know who did it.

This makes Mark, why not be angry?

“Because I trust you so much, I leave Wrifill, where I settled, to you.”

“But you, you can't even do this thing well.”

“In half a year, didn't even find out the whereabouts of Helen Qiu and the others?”

“You Wrifill tycoon, are you so worthy?”

Mark was extremely angry, anxious and sullen.

Facing Mark's anger, Ericson Li didn't dare to speak.

Just where I was kneeling, my whole body was trembling, and I didn't dare to speak for a long time.

“Ericson Li, what you said just now is right.”

“You really deserve to die!”

“Not only you, but also Lei San, and Wang Jiexi.”

“I will go to you three to help me take control of Noirfork.”

“But you can't even protect my family.”

“After missing for half a year, none of you found any news.”

“The three of you are all guilty of death~”

Binghan's anger kept echoing.

Mark's eyes were red in anger, and there was no doubt that his heart was dripping blood.

You know, what Mark lost at this time, but the two closest to him in this world.

This feeling of losing a loved one, I am afraid that it is difficult for anyone to keep calm.

However, just when Mark was about to severely punish Ericson Li, a car suddenly rang outside the Li Family Manor.

Immediately afterwards, a beautiful figure of a woman walked in hastily.

“Mark, is it really you?”

“Are you really alive?”

After the woman appeared, she quickly noticed the thin young man from the crowd.

After seeing Mark's face clearly, the young woman's beautiful eyes trembled suddenly.

I don't know if it was because of the tremor or the joy.

She covered her red lips lightly with her jade hand, and shouted in disbelief.

“Ok?”

“you are?”

The sudden appearance of this person undoubtedly attracted everyone's attention.

Even Mark, who was furious, turned his head and looked at the woman in front of him.

That was an extremely young girl, about the same age as Helen Qiu, wearing a fiery red vest, and a long figure, especially the two soft touches on her chest, towering and straight.

Black leather pants, even more of his sexy and hot figure, vividly outlined.

After seeing her, Mark frowned, only feeling familiar.

“Mark, don't you know me?”

“I am Lu Yanxi, and my father is Lu Tianhe.”

“We went to the Amazon rainforest together before.”

“Did you forget it?”

Lu Yanxi was a little lost.

At the beginning, the young man who left a deep impression on her, the young man who made her admire and admired her, had already forgotten her.

“Oh it's you.”

“Are you looking for me here?”

Mark seemed to have some impressions.

However, after all, it was just a matter of fate, and there was no friendship. Mark was curious about why Lu Yanxi came here so late.

Are you here to find Ericson Li?

Or, it was for him, Mark.
