

Campus Master Chapter 2851

“Knock, knock, knock!”

After collecting the two men in the first room, Liu Zejun and Yao Zhijian then followed what they had scouted before and arrived at the door of the second room.

The duo still followed the old method and knocked on the door of the room.

However, this time they encountered some problems, only to hear a not-so-friendly voice coming from inside, asking in a gruff voice, “Who is it?”

Yao Zhijian was slightly stunned, and Liu Zejun, who was hiding aside, was also a bit taken aback. This was not the way an ambush master should behave, could it be that they had found the wrong place?

Yao Zhijian, however, smiled and said, “Oh, I’m a staff member of the hotel, I’m here to deliver your invitation

“What a mess!”

The room but a person’s impatient voice came from the room, “Get lost! Don’t bother Laozi!”

Yao Zhijian: “.....”

Liu Zejun was also amazed bad, the guy in this room was really prepared to be in charge of the ambush here?

You know, generally have this kind of secret action people, basically will be low-key low-key again low-key, even if they encounter some trouble, also is able to endure as much as possible, simply will not take the initiative to invite trouble, because no one knows what kind of trouble you invite will actually bring unexpected changes, will not affect your plans and actions!

But the people in this room are really a bit too much for Yao Zhijian and Liu Zejun to figure out and understand.

“Knock knock knock!”

Yao Zhijian knocked on the door again, his face still wearing a smile, no matter if the other party was really uncouth or if they were deliberately making this rude display, he had to go in!

However, as his knock sounded, the voice in the room instantly flared up, “Damn it! I think you want to die

This was followed by the sound of stomping footsteps, getting closer and closer!

The person inside was acting in a way that made Yao Zhijian and Liu Zejun unable to keep up the pace, their brains were a little short, but the two of them would not let up, they had experienced too many lives and deaths, so they had long passed the stage of sudden relaxation after the nerves had been tense, that was not relaxation, it might be looking for death!

“Pop!”

At that moment, the door to the room opened and a man stood in the doorway glaring at Yao Zhijian, asking in an unpleasant tone, "Dead salesman! Are you looking for fucking death? I've already said no, but you're still here, so if you delay my business, I'll pick your skin!"

Yao Zhijian was furious: "How can you talk like that!"

"That's how I talk, what do you think!" The man said fiercely.

"What's the matter!"

Yao Zhijian said, "Do you still want to beat me up?!"

The man got angry and kicked him violently, "Get lost!"

"Boom!"

Yao Zhijian kicked directly over, and before the man's foot could come over, he kicked the man in the small of his back. The man was instantly kicked and his body leaned straight backwards, falling into the room at once.

Yao Zhijian then followed him in, cursing angrily as he went, "He's so fucking patronising, what gives you the right to curse ah, you're actually armed?!"

Swish!

Before his words even fell, Liu Zejun instantly rushed in.

There were weapons, that meant they hadn't looked in the wrong place, this was it, and, since Yao Zhijian had already clashed with that person, he must have attracted the other party's attention, at this time, Liu Zejun couldn't hold back his hand in the slightest.

Swish, swish, swish!

The moment the three men caught Liu Zejun's eye, his dagger slashed straight through, three times in a row!

In the next moment, those three men were turned into three corpses!

And at this time, the guy who had long been kicked by Yao Zhijian and could barely breathe was stunned, he was dumbfounded to see his three companions die right in front of him, it really scared him and made his hands and feet a bit stiff!

"Who are you waiting for here?!"

Liu Zejun pulled the guy over and asked coldly, at the same time, the dagger in his hand was pressed against the man's nose The sharp tip of the dagger was even right against the man's eyes, as long as Liu Zejun's hand shook a little, the man's eyes would not be wanted!

The man was terrified.

Especially the feeling of the sharp dagger pressing against his face, he almost thought his skin had been cut!

He swallowed hard and his voice trembled a little: "Two, two big brothers have something to say, we are from the Vicious Wolf Gang, I don't know"

The Evil Wolf Gang's?

Liu Zejun and Yao Zhijian immediately had an idea, no wonder these people were behaving so badly, they were not at all on the same level as the people in that room before, it turned out, these people were actually from the Vicious Wolf Gang! They were just hooligans and gangsters!

How can they play sniper?

It was a joke!

Liu Zejun asked him who was in the original room, but the man was a bit confused, and he didn't seem to know that there were people in the hotel with the same purpose as them

Poof!

Liu Zejun showed no mercy and wiped the man's neck before he could open his mouth to beg for mercy!

The man's eyes were wide as he covered his neck, blood was pouring out from his fingers, but he couldn't say a word

And then, Yao Zhijian and Liu Zejun hung that Do Not Disturb sign on the outside door handle, and when they came out, they were holding an extra bag, which contained, the weapons of those few people from the Vicious Wolf Gang!

Although they were not short of weapons nowadays, the situation tonight was obviously a little off, so it was not a bad thing to have some more weapons!

Apart from the weapons, they also took away those men's mobile phones, as well as two walkie-talkies.

Having done this, the two men then left quietly. In the hotel corridor cameras, two men with their heads down whose faces could not be seen at all just walked past, and there was not even a trace of them left in the room!

"These are two sets of people!"

Liu Zejun said in a deep voice, "But the purpose is the same!"

The first group of people they did away with were definitely not from the Vicious Wolf Gang, they were much stronger than the Vicious Wolf Gang, so it was certain that they were from two different places. However, Liu Zejun had checked the walkie-talkies in both rooms again, only to find that they had the same channel, which meant that they were definitely from the same group again!

"The Bad Wolf Gang's, and the one in front of them who doesn't know where they came from!" Yao Zhijian said in a low voice, "They have the same purpose! It looks like there are quite a few people here today, how many people do you think the boss has offended?"

"No matter how many people we offend, just do away with them all!" Liu Zejun said.

"Good point!"

Yao Zhijian nodded with a smile and said, "It's been a long time since we've been this exciting, let's continue to engage?"

Liu Zejun nodded, "Engage!"

And just like that, the second surveillance point, or sniper point, was pulled out by Liu Zejun and Yao Zhijian!

And then, they headed towards the third point in their memory.

One point.

Two.

Three

The speed of Yao Zhijian and Liu Zejun was unimaginable, in just under half an hour, they had pulled out four of the six points on the road!

And none of the people in those four points escaped, let alone leaked any information!

"Four!"

Liu Zejun was not the least bit proud of himself, instead he frowned and said, "It looks like they only pulled out two at most!"

On this road, they had previously scouted a total of six points, and now that they had pulled out four, that only left two. However, they hadn't seen Zhang Lei and Yang Bin by now, which meant that I'm afraid they might not even have pulled out those two!

"I'll take a look first!"

Yao Zhijian was also a little surprised, were Zhang Lei and Yang Bin really that slow? If that was the case, then Zhang Lei really wasn't quite suitable for command, poor strength was fine, but if he couldn't look at the whole picture and take care of every aspect, he definitely couldn't be a commanding officer.

Moreover, to be a commander, one has to consider all possibilities and make a reasonable distribution of tasks in response to the different strengths of his men.

But now Zhang Lei did not seem to be doing this!

Yao Zhijian took out his binoculars from his body, hid in a dark corner and looked up towards the six points he had originally scouted.

The first thing he looked at was the four points they had pulled out, and with a slight nod of his head, well, all of them had been marked!

—They had agreed to mark the windows after they'd pulled them out, whether it was with sheets tied to the outside or whatever, so that they could at least see them and read them!

And that's exactly what they did!

And then he trotted a little way forward and looked up again.

“Hmm?!”

Yao Zhijian couldn't help but froze slightly.

When he came back, he saw Liu Zejun standing by the roadside with his bag on his back and a grim look on his face, “How's it going, not finished yet?”

“It's done!”

Yao Zhijian frowned, “The windows are marked as agreed.”

He noticed that the windows of the two remaining spots had been marked, one of them had the curtains yanked straight down and tied to the sill frame, the other had a table lamp placed on it, obviously.

“Finished?”

Liu Zejun was slightly stunned and couldn't help but ask, “Where are they then?!”

This was their agreed meeting place, so since Zhang Lei and the others had finished, how come they hadn't seen anyone? What's more, they hadn't even seen the car!

Even if the people were still on their way down the stairs, where was the car?

“Could there have been some kind of accident?!” Liu Zejun suddenly asked in a deep voice, “They missed, our marking method, and they gave it up?”

“It can't be?!”

Yao Zhijian was startled, if that was the case it could be really troublesome. That would mean that the other side already knew, that they had alerted the snake, that it would probably be launched early, and that they had the high ground!

“Drip!”

Just at this moment, a car suddenly drove over quickly, then with a sharp brake, stopped in front of them, the two of them were instantly alert and on guard, Liu Zejun's hand was already touching the handle of his gun.

Buzz~!

The car window came down, but revealed Zhang Lei's face, he smiled and said, “Finished with your work? Get in!”

Yao Zhijian asked, “You guys”

Yang Bin, who was sitting in the passenger seat, laughed and said, “We've only just finished, and the other road has also been cleaned up!”

Liu Zejun and Yao Zhijian couldn't help but be shocked!

Campus Master Chapter 2852

“You guys cleared out all the spots?!”

All the way to sitting in the car, Yao Zhijian and Liu Zejun still couldn't help but be a little shocked!

Liu Zejun was a bit better, because he himself had always had that cold look, and usually did not smile, and easily did not show his emotions, so it looked like he was a bit more composed instead, but Yao Zhijian was surprised badly.

Zhang Lei and Yang Bin had not only cleared out two spots on this road in such a short time, they had even cleared out the surveillance spots on the other road as well, which was really out of his expectation!

Originally, Liu Zejun thought that Ji Feng had casually assigned them to Zhang Lei, although Yao Zhijian did not say anything, but in his heart, he also felt that Liu Zejun's words were not entirely unreasonable, because, this kind of operation was not ordinary, it was not as simple as organising a student union activity in a university or a field trip.

To command an operation, one must have a clear understanding of his men, and at the same time, he must be able to place them in the right position, so that they can bring out their greatest strength and complete the mission with the highest speed and efficiency.

However, Zhang Lei had never commanded such an operation before, and he had never even experienced military combat. I'm afraid it was already good enough for Zhang Lei to be familiar with the weapons they used, so how could he command them?

Although Liu Zejun was quite vocal at the time and Yao Zhijian was only persuading him from the sidelines, in fact, Yao Zhijian also agreed with him in his heart, but after all, this was arranged by Ji Feng, and they had extra respect and admiration for Ji Feng, so Yao Zhijian did not say anything.

However, Yao Zhijian was a little worried in his heart, he felt that this time, I am afraid that there will be a lot of changes in the operation, and may even be in a bitter battle. He was afraid that Zhang Lei and Yang Bin might be alarmed by their inexperience and cause the other side to make an early move, which would not be good for them!

However, what Yao Zhijian did not expect was that when they came back from clearing the four spots, they got a result that was completely unexpected!

Zhang Lei and Yang Bin had cleared all the spots in such a short time!

"Our side was relatively easier, those people didn't have much preparation, so it was much easier to do it, moreover, the other side didn't seem to expect anyone to find them and initiate an attack at all, they were very lax, which gave us the opportunity!" Zhang Lei said with a smile.

"Yeah!"

Yao Zhijian responded, and exchanged a glance with Liu Zejun, still a little surprised in his eyes.

In fact, don't look at how simple Zhang Lei said, but in fact, they themselves knew very well that this kind of action would definitely not be as easy as Zhang Lei said. With their strength, they had to work hard to deal with those people, and although most of the time was spent on calling the door open and cleaning up the traces, it took time after all, while Zhang Lei and Yang Bin actually spent the same amount of time and did almost twice as much work as they did! And in the process of doing the job, they

had to be careful not to alert the other side, and to clean up the traces afterwards, all of which took time!

Zhang Lei didn't continue the topic, he just laughed, "Well, now since the job is done, let's send a message to the madman, yes, Xiao Yao, it's going to be hard for you, let's go around again, observe and see if there's anything left out!"

Yao Zhijian nodded silently, took the binoculars from Zhang Lei's hand and looked up to observe.

Liu Zejun, however, frowned slightly and looked at Zhang Lei, who looked calm, and asked, "Zhang Lei, when you were acting, did you find any characteristics of those people?!"

"Characteristics?!"

Zhang Lei thought for a moment and said, "There really are! To say the characteristics, it is that those people seem to have some complicated origins. I feel that they don't seem to be the same group of people, because I could tell when they were making their move, some of them looked very competent and had a fierce aura about them, while others were like hooligans and gangsters, and didn't feel like they were here to fight an ambush at all!"

Liu Zejun could not help but be silent, Zhang Lei's discovery was the same as his, he had also discovered this during the course of the operation, those people seemed to be two groups of people, or three groups of people, or even more.

But what really got Liu Zejun's attention was Zhang Lei's speed. This answer from Zhang Lei was enough to show that he was really involved in every action, and not just relying on Yang Bin!

Liu Zejun knew that Yang Bin's kung fu was high, the first night they came to Treasure Island the Bad Wolf Gang attacked, at that time Yang Bin showed extraordinary fighting ability, his strength was unparalleled, so Liu Zejun had more or less doubts in his heart, thinking that this operation was not Yang Bin's contribution, but now he knew from Zhang Lei's answer that not only did Zhang Lei contribute, but he also thought carefully!

"You've done a great job!" After a pause, Liu Zejun said.

"Not really, it was just a bit of luck." Zhang Lei smiled and waved his hand, before changing the subject and saying, "Right old Liu, when you said that I did react, the gang doesn't seem to be together, but they all chose to ambush here by coincidence, which I'm afraid means there's more than one side that wants to deal with us."

Liu Zejun nodded and said, "I found that out too. However, I compared the walkie-talkies they were using and found that they were all using the same channel, but different people, which means that they must be in contact with each other. However, I checked their mobile phones again, only to find that the last number they contacted was not the same, which means that the one who is really in charge of commanding them is not the same person."

Zhang Lei nodded his head and said, "I think so too. So I think that this time there are definitely quite a few bulls and snakes who are involved, and the purpose is definitely us, and they are clear with each other but not subordinate this time, but it's really lively!"

Liu Zejun faintly nodded, did not say anything more.

Yang Bin listened to their analysis with a calm expression next to him, but in his heart he couldn't help but secretly say, it looks like, if you want to integrate into this team, you still have to rely on strength to speak. From Liu Zejun's change in attitude, it could be seen, originally he seemed to be not convinced of Zhang Lei, but after Zhang Lei showed some strength, Liu Zejun, although not fully transformed, showed his importance and respect for Zhang Lei, while before that, Liu Zejun's respect was only because Zhang Lei was arranged by Ji Feng, that's all!

In his heart, Yang Bin couldn't help but say, Liu Zejun and Yao Zhijian still didn't know Zhang Lei's real strength, if they did, they didn't know how shocked they would be!

For Zhang Lei's real strength, in this operation, Yang Bin had really seen and learned it!

Zhang Lei's strength was really impressive!

Although Yang Bin didn't know if that was Zhang Lei's limit, but just by the strong strength that Zhang Lei had exerted today, he could be sure that Zhang Lei's strength was definitely not below his own, and might even be better than that!

Zhang Lei's speed was too fast, especially when they were attacking one of the rooms, Zhang Lei didn't even knock on the door, but got a piece of wire from somewhere, and opened the door with ease. Before they could see what was going on, the dagger in Zhang Lei's hand had already slashed through their throats and blood was spilling out!

And when Zhang Lei swept their weapons away and wrapped them up directly in the bed sheet, one of them was still there covering his neck, twisting and turning, and had not yet collapsed!

This showed how fast Zhang Lei was!

At that time, Yang Bin couldn't help but be shocked to see such speed, and he was even thinking that if he and Zhang Lei were enemies, then Zhang Lei would definitely be a formidable enemy who was extremely strong!

However, what made Yang Bin feel strange was that when the operation was over, Zhang Lei did not let him talk about it in detail, but now he had some understanding, perhaps, Zhang Lei did not want Yao Zhijian and Liu Zejun to look too bad!

However, Zhang Lei's great strength had given Yang Bin a great shock!

Over here, Zhang Lei started to send a message to Ji Feng, and then he slowly drove the car around the route of their operation once again, to confirm one last time if there were still any fish left behind. At the same time, they still had to determine if there were any hidden spots that they hadn't discovered before, apart from the ones they had cleared out.

.....

"Buzz~buzz~"

As the phone vibrated, Ji Feng took it out and glanced at it, before smiling slightly and looking up at Ji Yuhui who was taking a small sip of wine, he smiled and said, "Yuhui, it's getting late, I should go back!"

This time, Ji Yueting did not stay, but nodded and said, "Hmm! That's fine! It's time for you to go back!"

In fact, Ji YuYi had wanted Ji Feng to go back for a long time, but she could not say so directly, otherwise it would look as if she was driving Ji Feng away, but in fact, she wanted Ji Feng to go back early because she knew how some people on Treasure Island acted.

The number of people that Ji Feng has offended this time is really too many, political leaders, celebrities, rich people, and those gentry as well as some people who are hostile to the mainland, all these people, anyone may secretly lay hands on Ji Feng.

Now that Ji Feng has left early, some people can't even retaliate in time even if they want to, while Ji Feng is saying that he will be leaving in the next few days, by then those people will have even less chance to retaliate!

"I'll send you down!" Ji YuYi said, then not waiting for Ji Feng to refuse she added, "I'll walk you to the car, don't be polite to me!"

"That's fine!" Ji Feng nodded with a smile and said, "It's not necessary to send me to the car, just send it to the lobby!"

Campus Master Chapter 2853

"Alright, just send it here, hurry up and go back!"

In the hotel lobby, looking at Ji YuYi who still wanted to see her off, Ji Feng couldn't help but laugh, "If you don't go back, I'm afraid all those young handsome people will come after me with swords!"

Ji YuYi gave him a blank look and snapped, "You're looking for a fight, aren't you? Who do you think would dare to come after you after what you just did?!"

Even Bao Weisheng was beaten like a dead dog by Ji Feng, and it could even be said that he was dead or alive, so who else would have the guts to come after Ji Feng?

Ji Feng laughed, "I'm just kidding! Yu Yi, go back, I have arrangements on my side."

"Really?!"

Ji YuYi smiled but looked at him suspiciously and said, "Ji Feng, you can't lie to me, last time you said you had some kind of mission, but you ended up going to stay in a hotel and attracted people from the Vicious Wolf Gang, this time"

"This time it must be true!"

Ji Feng hurriedly said, "I really have an arrangement next, so you should stop sending it and go back!"

Ji YuYi hesitantly asked, "Is it an arrangement from above?!"

Ji Feng wanted to nod his head and say yes, but when he thought of Ji Yuqing's comment earlier about not lying to her, he withdrew his words and said with a smile, "No, it's my own arrangement, I have something to do!"

Ji Yueting asked, "What's the matter, do you need my help?!"

“A bit of housework!”

Ji Feng waved his hand with a smile and said, “Just take care of it as you go!”

Seeing Ji Feng say this, Ji YuYi knew that he didn’t want to talk about it, so she didn’t press further, but said very seriously, “Ji Feng, I treat you as a friend, I hope you can likewise treat me as a friend, if there is anything you need to help, you must ask, otherwise, I don’t know how else I can get along with you in the future!”

Ji Feng froze slightly, then nodded and smiled, “Definitely, don’t worry.”

Only then did Ji YuYi smile in satisfaction.

Ji Feng said, “That’s it then, I’ll say hello to you when I leave!”

“Sure!”

Ji YuYi admonished.

Ji Feng smiled and nodded his head, saying, “Don’t worry, I will!”

Wearing an evening gown and being gorgeous, Ji YuYi stood in the lobby and attracted a lot of people’s attention. Noticing this, Ji Feng did not intend to stay here any longer and just nodded to Ji YuYi before turning around and striding out of the hotel lobby.

Looking at Ji Feng’s back, Ji YuYi stood there, stunned and a bit lost in thought!

“He’s gone?!”

Suddenly, a low voice rang out behind her, causing Ji YuYi to jump, and she turned around sharply to see Ji LiHai arriving at her side at an unknown time.

Ji Yuet Yin frowned and said, “Why are you here?!”

A rare soft expression appeared on Ji Lihai’s face as he said, “I saw you coming down with Ji Feng, so I knew you must have come to see him off, so I followed over to see!”

“Followed over to see what?!”

Ji YuHai’s tone was a little unkind and her face was not very nice, “You followed me?!”

Ji Lihai didn’t admit it, but didn’t deny it either, instead, he slowly shook his head and sighed, “YuYi, whatever I did, it was for your own good!”

“For my own good?!”

Ji Yuhui smiled, “Thanks, I can’t afford it!”

Ji Lihai didn’t have any expression, as if he hadn’t heard Ji Yuqing’s words, but the soft look in his eyes was something that he couldn’t hide.

Because she didn’t like standing with Ji Lihai, Ji Yuhui turned around and went back, while Ji Lihai was looking at the gate, that was the direction Ji Feng had left, he waved towards the side and immediately a man in a suit walked over quickly and said in a low voice, “Mr. Ji.”

Ji Lihai did not say anything, but nudged his mouth in the direction that Ji Feng had left, and the man in the suit instantly understood and nodded, "Yes!"

With that, he also walked over with quick steps.

.....

"Young Ji!"

As soon as he walked out of the hotel, Bai Zhu's expression was completely alert, while he took two quick steps to Ji Feng's side and said in a low voice, "Where are we going next?!"

Ji Feng said in a deep voice: "Let's walk first!"

Bai Zhu immediately followed behind Ji Feng, but the distance was always kept at about two meters, a distance that would allow her to make a do quick reaction in the shortest possible time, and it would not affect Ji Feng.

"Buzz~!"

Suddenly, Ji Feng's phone vibrated. He immediately took it out and looked at it, but he couldn't help but frown.

It was a text message from Old Zhou, and the contents of the text message immediately caught Ji Feng's attention – Old Zhou said that according to his reconnaissance, the people from the Cheetah Mercenary Group had left their place of residence a few hours ago, but didn't know exactly where they had gone.

The people from the Cheetah Mercenary Group had come out!

Ji Feng immediately thought of the dignitary, thinking that either the people from the Cheetah Mercenary Regiment were secretly protecting him, or they had been sent by him on some kind of mission.

Even

The people from the Cheetah Mercenaries were probably preparing to ambush him as well!

Suddenly, a taxi in the distance flashed its headlights twice and then twice more, a signal that he and Zhang Lei and the others had agreed upon.

Ji Feng, however, did not rush over, but walked with Bai Zhu on foot through the streets while he was watching the surroundings.

However, Ji Feng kept raking around and didn't find any movement, let alone anything unusual. He couldn't help but frown slightly, this situation seemed normal, Zhang Lei and the others should have cleared out all the surveillance points around here, but, on second thought it felt so abnormal!

Was there really no more enemy here?

Ji Feng was walking leisurely, looking like he was out for a walk after a full meal, but the direction he was walking was in the direction of Zhang Lei's car, and he was thinking carefully as he walked.

He had a vague feeling in his heart that something was wrong, could it be that the other side had only set up a few spots?

Even if that was the case, then someone had to be in charge of directing them, right? And where was the person in charge?

Also, at the salon, the waiters were watching him closely, and they were in constant contact with someone. Who had sent them to spy on him?

There must be someone else!

Ji Feng immediately made a judgement in his heart that there must be someone else hiding in the shadows who just hadn't exposed themselves yet, or hadn't started to do anything yet.

Moreover, Ji Feng had a feeling that the people from the Cheetah Mercenaries would most likely not miss such an opportunity!

When he thought of this, a cold light flashed in Ji Feng's eyes, but his steps towards Zhang Lei and the others did not pause in the slightest, only when he reached the car, he did not even glance at the taxi, and walked straight past the side with Bai Zhu.

"Crazy"

Zhang Lei and the others sitting in the car were a little surprised, Zhang Lei just wanted to shout Ji Feng, but suddenly saw Ji Feng make a hand gesture as he passed by the car window, he then immediately closed his voice, did not look away, pretended as if he did not know Ji Feng, and slowly started the car.

The three people in the car, Liu Zejun, also could not help but look tight, Ji Feng just made that gesture, meaning to keep a distance, which means that Ji Feng does not want to meet up with them for the time being, then, there must be some kind of accident.

At this time, when Bai Zhu, who was following Ji Feng, passed by the car window, her left hand extended two fingers.

Zhang Lei instantly looked solemn, Bai Zhu's hand gesture was number two, which meant to say, act according to plan number two!

Ever since Ji Feng had decided to participate in this salon event, they had made sufficient preparations and prepared several action plans, corresponding to different levels of danger.

Originally, according to their plan, plan number one would be enough to allow Ji Feng to escape in one piece and still be able to exterminate the Cheetah Mercenaries. Scenarios two and three were for unexpected changes and dangers that arose, and now things had indeed changed, but since Ji Feng had decided to use scenario two, that meant that there might be danger!

So Zhang Lei and the others were immediately alert, and almost instantly they were in position and ready to fight!

Ji Feng did feel that something was wrong, not just because of the results of his analysis, but at the moment he felt as if he was being watched.

It was a very peculiar feeling, but a reflection of Ji Feng's superb six senses.

He walked straight in a direction while whispering to Bai Zhu, "Bai Zhu, in case something changes later, you protect yourself first."

Bai Zhu nodded silently, but in his heart he did not intend to obey this order from Ji Feng.

"Also, if you really feel in danger, you can go to the address I told you about before, someone will meet you!" Ji Feng said again.

Bai Zhu just nodded her head and didn't say anything.

"Besides, if anything really happens to me today"

"It won't!"

Ji Feng's words were interrupted by Bai Zhu before she could finish, she said firmly, "It won't happen, young Ji, nothing will definitely happen to you"

Just at this time, a sudden and strong feeling of danger instantly rose up from Ji Feng's heart, he instantly his face changed violently, his feet suddenly shot up, his body surged, and he grabbed Bai Zhu's arm and rushed towards the side!

"Swoosh~"

A sharp, almost scalp-tingling sound suddenly rang out from the distance, but the next moment, all that could be seen was an instant flash of fire.

Boom~!

A sky-shattering explosion caused the earth to shake a few times.

The place where Ji Feng and Bai Zhu were originally located was filled with smoke and dust and flashes of fire as a violent explosion occurred here, terrifying and terrifying!

"..... grass!"

When Zhang Lei, who had already driven a long distance away, saw this scene in the rearview mirror, he instantly his whole body was dumbfounded, Ji Feng

But the next moment he reacted and roared, "I'm your ancestors!"

The kind of explosion that occurred at Ji Feng's location, the shock wave that made them in the car could clearly feel the terrifying power of the explosion, and even, their car window glass was shattered a piece, not to mention Ji Feng and Bai Zhu who were right within the range of the explosion!

Campus Master Chapter 2854

The street was filled with smoke and dust, as if a meteorite from outer space had smashed into the ground, so suddenly and so terribly!

The explosion was so sudden that it was accompanied by a sharp, piercing sound and a flash of fire, and the next moment the ground exploded with a bang!

If there had been a camera at work here, it would have made for a war movie!

The explosion was so violent that all the cars nearby were affected, especially the few cars parked on the roadside nearby, which were instantly blown over and stripped to pieces!

Zhang Lei and other people's faces have long been white, such a violent explosion, and in the vicinity of Ji Feng and Bai Zhu, the consequences of this do not need to think to know!

"Buzz~!"

Zhang Lei roared like a madman, but his foot stepped on the accelerator to the bottom instantly, the engine emitted a violent roar, he immediately had to turn the wheel to save Ji Feng.

But he had just hit the steering wheel halfway, when his foot steeply applied a sharp brake, and the car came to a dead stop with an ear-splitting sound.

"Zhang Lei, hurry back ah, sir he" Yang Bin took a look at Zhang Lei unexpectedly stopped the car, immediately roared, "quickly go back!"

"....."

Zhang Lei, however, said in a sharp, deep voice with an iron face, "Yang Bin, you three go down and hide immediately, I'll go over by myself!"

"How can this work!?" Yang Bin hurriedly objected.

Liu Zejun and Yao Zhijian also couldn't help but be stunned, and just as they were about to speak, they heard Zhang Lei roar lowly, "This is an order! Ji Feng told me to take command, so you have to listen to me, don't be so damned nonsense, get down quickly!"

Yang Bin's three men all froze.

But Zhang Lei was anxious, he roared, "What are you still doing? Get out!"

Yang Bin three people can not help but stunned, let them go down, Zhang Lei alone to save Ji Feng, this certainly can not, but if they do not go down

"Hurry up!"

Seeing that neither Yang Bin, nor Liu Zejun nor Yao Zhijian had moved, Zhang Lei immediately roared, "Go down, didn't you hear?"

Yang Bin said, "Zhang Lei, let's go together to save"

"Bullshit!"

Zhang Lei suddenly roared, "Go over together to send death?! You guys get down, if Ji Feng and I both die, you can still stay alive to avenge us, not let people wipe us out all at once, get out!"

Liu Zejun and Yao Zhijian couldn't help but have a shining light in their eyes, Zhang Lei's words might not be understood by Yang Bin, but the two of them reacted instantly.

Rocket cannon!

What had just attacked Ji Feng was a rocket launcher!

The sharp and piercing sound, as well as the light of fire, was from the rocket, and the light of fire was also from the tail of the rocket, it was just that things happened too suddenly just now, moreover, there was also a violent explosion at Ji Feng's place, which made them all confused for a while, and they all thought that Ji Feng had been blown up, so they lost their composure for a moment!

But now when Zhang Lei said that, Yao Zhijian and Liu Zejun immediately reacted, the range of the rocket was not far, and if it could be fired, then it meant that someone must be nearby. They would not have to save Ji Feng, but their own lives would be on the line.

Imagine, after such a horrific explosion, ordinary passers-by and vehicles are afraid that their hostile reaction is to run away, and they are afraid of not running fast enough, so how could they turn around and rush towards the explosion?

Any fool would know they were in cahoots!

The three of them could then kill that man and avenge him and Ji Feng!

However, under such a tense and sudden situation, Zhang Lei was still able to react so quickly, something Liu Zejun had not expected.

"Hurry up and go down!" Zhang Lei roared.

"..... Let's go down!"

Finally, Liu Zejun said through clenched teeth, his face gloomy to the point of gloom, but not because of Zhang Lei's angry roar at them, or because Zhang Lei told them to get down, but because Ji Feng had been attacked and killed right in front of their eyes, and probably even killed!

Liu Zejun and Yao Zhijian were both people who had truly experienced the battlefield and had climbed out of the pile of the dead, and this was not the first time they had seen such a situation, and after the initial shock, they immediately reacted in the most appropriate way.

Since this was already the case, they had to stay and save their strength, so that Zhang Lei could go and save Ji Feng!

"I won't go down!"

Yang Bin, however, was instantly annoyed, "My life was given to me by Sir, I'm going to save Sir!"

Zhang Lei roared, "Where the fuck is all that nonsense, hurry up!"

"Let's go!"

Liu Zejun pulled Yao Zhijian by the hand, opened the car door and rolled on the ground, directly into the adjacent green belt and hid, hiding his tracks.

Zhang Lei slammed his foot on the accelerator to the bottom, didn't even look at Yang Bin, fiercely and quickly hit the steering wheel, the car fiercely turned around and rushed in the direction of the explosion. And at this time the smoke from the explosion had not yet cleared, and was even getting

thicker, because this whole process seemed to take a long time, but in reality it was only a matter of a few words, an extremely short time.

So, when Zhang Lei drove his car towards the explosion, some of the things that had been blown away had even just hit the ground!

He only wanted to be fast, as long as he was fast, nothing was a problem.

So Zhang Lei used the craziest way to make the car's engine hiss violently, looking at the rapidly spreading smoke and dust, as well as the scattered debris and various other things, he drove straight through with red eyes!

"Swoosh~!"

Suddenly, another sharp sound rang out, and in the next moment, Zhang Lei saw a fire light shooting in mid-air out of the corner of his eyes.

"Grrrr!"

Zhang Lei shouted angrily, fiercely hit the steering wheel, the car changed direction abruptly, and saw that the fire light almost brushed against the car.

Boom!!!

A violent explosion was heard about 20 to 30 metres behind the car, causing the car to shake violently for a few seconds, but Zhang Lei didn't even stop, he just violently hit the steering wheel and let the car go back to its original direction, continuing to charge towards the place where the first explosion had occurred.

At the same time, Zhang Lei's eyes glanced at a building to his right, from which the fire had just come! There was no doubt that the person who fired the rocket launcher was on the building to the right.

At this moment, Zhang Lei's eyes were thick with fury, his expression was cold to the extreme, just wait, as long as I don't die this time, if I don't kill you alive I'll take your name!

"Buzz~~!"

The next moment, the car rushed madly into the smoke, followed by the sound of a sharp brake: "Zee-!"

At this time, Liu Zejun and Yao Zhijian in the green belt were looking at the building with the same cold eyes, while Liu Zejun's hand was still grasping the sniper rifle that Yao Zhijian had already set up!

The moment the rocket was fired, Yao Zhijian instantly aimed at the window where the rocket was fired, there was a figure there, although it was just a flash, but Yao Zhijian was sure to finish him off. However, when he was about to shoot, he was stopped by Liu Zejun!

"The most you can kill him by shooting now is one!"

Liu Zejun's voice was not high, but it was cold enough to send chills down one's spine, "Go over there, catch him and ask the mastermind behind all of them!"

“Kill them all! Take revenge for the boss!” Yao Zhijian’s face was blue and he couldn’t help but curse angrily, “Damn him! That building

Liu Zejun’s expression was cold as he said, “Did you pay attention to this building when you were looking at it earlier?”

Yao Zhijian said, “I did, but I didn’t find anything

“That’s right, the people inside there are experts!” Liu Zejun said coldly, “An expert in playing with rocket launchers?”

“Go!”

Yao Zhijian’s face was cold to the extreme, an expert who played with rocket launchers, that eight out of ten’s nine were soldiers, because ordinary people, even the world’s top killers, rarely had the opportunity to practice rocket launchers, but those two shells just now were just too accurate, if not for Zhang Lei’s quick reaction just now, I’m afraid that at this moment the car he was driving would have been blown up into the sky!

And the soldiers who could possibly be here now were either the army of the Treasure Island or those bastards from the Cheetah Mercenaries!

So, without saying a word, Yao Zhijian directly bent down from the green belt and rushed to the roadside, then almost stuck to the ground in general, trying to conceal his figure as much as possible, and rushed towards that building as fast as he could!

“It must be those sons of bitches!”

“We must catch them!”

“I’ll cut them alive and use their heads to sacrifice to the boss!”

Yao Zhijian’s heart was roaring madly, but his expression was getting colder and colder, his whole person was instead getting calmer and calmer, this was Yao Zhijian’s characteristic, his long career as a sniper had long since made Yao Zhijian cultivate his calmness into an instinct, usually he was somewhat grumpy and slicker because of his age, but once he entered combat, it was as if he was a different person, terribly calm!

But just at that moment, inside one of the rooms on that building in the distance.

“yoho~”

With a flirtatious sound, a stout man whistled, “Gecko, you missed oh, someone dodged it!”

A man leaning close to the wall next to the window, with a grim smile on his face, said, “They couldn’t get away!”

He leaned in and quickly finished loading his rockets, then snapped one over his shoulder and aimed it at the smoke-filled area below on the windowsill.

“Boom~!”

Another violent explosion that seemed to shake the entire street

Campus Master Chapter 2855

“..... grass!”

The violent explosion made the car all jump violently, and Zhang Lei and Yang Bin were almost both thrown out in the car.

“Get out of the car!” Zhang Lei shouted, making a decisive decision. They had to get out of the car now, or else they would probably be blown up on the spot!

Yang Bin also knew that the situation was dangerous, but he had no experience in dealing with such situations, and this instead made him listen to Zhang Lei’s orders even more, so he decisively opened the car door and rolled on the ground and got out of the car.

At the same time, Zhang Lei, who was sitting in the driver’s seat, also got out of the car and took advantage of the blurred vision as the smoke and dust rolled in, he and Yang Bin quickly rushed forward.

“Lunatic! Where are you, madman?!” Zhang Lei yelled as he ran.

“Sir! Sir!” Yang Bin was also shouting.

However, at this moment, the area was filled with smoke and dust, visibility was extremely low, and even the ground was incomparably messy. With Zhang Lei and Yang Bin’s speed, they both had to keep a close eye on their feet and were unable to search for Ji Feng and Bai Zhu with all their might.

We can’t go on like this!

Zhang Lei’s face was sunken and his mind was racing, he had to leave this area, otherwise they would have been choked to death even if they hadn’t been blown up.

And at this time, but suddenly a voice came, “Lei Zi, this way!”

Ji Feng?!

When Zhang Lei heard this voice, he couldn’t help but feel his spirit shake, it was really Ji Feng’s voice. Without saying a word, he directly ran wildly in the direction where the voice came from, not even caring if there were debris and those potholes under his feet.

“Right!” Ji Feng’s voice came over again. Zhang Lei reacted incredibly swiftly, turned in an instant and dashed straight over. Yang Bin also followed, but his speed was slightly slower than Zhang Lei’s, but luckily he could still keep up, and it wasn’t too much of a struggle.

Phew!

Finally, when Zhang Lei and Yang Bin both broke out of the smoke and dust filled area, they were almost as if they had burst out of a pile of dirt, their hair and clothes were covered in dust, and their faces were covered in dust, except for their eyes and mouths, which were still visible.

But no matter how wretched they were, Zhang Lei and Yang Bin were still smiling, revealing a mouthful of white teeth!

For in front of them, Zhang Lei was standing there smiling and looking at them, while Bai Zhu was on guard, the two of them unharmed.

“Crazy, you’re alright?!” Zhang Lei was overjoyed, but a little worried, and couldn’t help but ask.

“Sir!”

Yang Bin was also surprised beyond measure.

He really didn’t expect to be able to see Ji Feng so soon, and to see that he was still unharmed, which was a bit out of his expectation, but more of a surprise. He knew that with the two violent explosions just now, even the car had been blown away, and if they hadn’t been protected by the car door and other things in the car, I’m afraid they would have gone down to meet the King of Hell by now, not to mention Ji Feng and Bai Zhu.

This is also the reason why Zhang Lei and Yang Bin were so angry and mad, because they thought that something had happened to Ji Feng!

But they didn’t expect Ji Feng to be standing here with his body intact!

But soon, Zhang Lei and Yang Bin understood why Ji Feng and Bai Zhu were not hurt at all, because as the smoke and dust dispersed in other directions, they probably saw where this place was The place where Ji Feng and Bai Zhu were standing was the front door of a shopping mall, perhaps for aesthetic reasons or to support the face of the mall, the doorway actually had two marble pillars! There are two marble pillars!

The two of them were standing right next to the marble pillars.

Zhang Lei immediately understood that the moment the explosion occurred, Ji Feng and Bai Zhu must have been standing behind the marble pillars, and although the explosion was violent, it was not enough to cause much damage to the marble pillars, let alone Ji Feng and Bai Zhu who were hiding behind them.

What’s more, the location of the explosion just now was also some distance away from this marble pillar.

“Crazy, why are you here?”

After Zhang Lei’s surprise, he couldn’t help but be a bit puzzled, “I clearly saw you near the centre of the explosion just now, but how

I realized that there was still danger, so I was always on guard, and as soon as I felt something wrong I ducked out of the way in time!”

The first thing you need to do is to get out of the way.

This is easy to say, but it’s definitely not a simple thing to do, especially Zhang Lei, he clearly saw that Ji Feng and Bai Zhu were near the centre of the explosion, but in that short period of time, they could hide here, just this speed alone is scary enough!

“You kid are really a pervert!” Zhang Lei couldn’t help but lament, but there was an unstoppable look of joy on his face.

“Sir, it’s great that you’re alright!” Yang Bin was also extremely happy.

Ji Feng looked at the two of them in that wretched state, and seeing that excitement in their eyes, he couldn’t help but feel a warm current in his heart.

He suddenly smiled, “I’m fine, then it’s their turn to be fine next!”

“That’s right!”

As soon as he said that, Zhang Lei’s face turned gloomy, even if his face was covered with dust, he couldn’t hide his anger, and the cold light in his eyes was even brighter. Fuck!”

Zhang Lei was really annoyed, he had already led them to clean up the area before this, but he didn’t expect that there were still fish in the net, and as a result, they caused such a big trouble, and even almost killed Ji Feng with one shot, just thinking about it made him feel scared, and his back was chilling!

If he didn’t kill those bastards alive, then he really wouldn’t be able to live up to the task and trust that Ji Feng had given him to command!

“I’ll go and get the men!”

Zhang Lei gritted his teeth and said coldly.

Yang Bin instantly said, “I’ll go too! I’ll crush that bastard who dares to assassinate Mister!”

Bai Zhu, however, coldly swept a glance at them and said, “I’ll go!”

If we talk about the anger in her heart, Bai Zhu was definitely not a bit less than them, but before she had to do her best to protect Ji Feng, she couldn’t leave easily, but now since Zhang Lei and Yang Bin were here, she would have to fight her enemies with her hands!

Ji Feng raised his head and swept it with a glance and said, “Then let’s go together!”

“Good!”

Zhang Lei nodded at the same time.

Ji Feng added: “Lei Zi, you are responsible for getting a car and getting ready to leave.”

“Sh, what?!” Zhang Lei couldn’t help but freeze for a moment at his words, “Leave?! Crazy, you’re retreating before this job is done?!”

“Just in case!”

Ji Feng said in a deep voice, “The other side has rocket launchers and maybe other heavy weapons, which means that the intelligence we got before was too rough and had many holes, so we must be prepared to retreat!”

Ji Feng was not afraid of death, but he would not bring Zhang Lei and the others along to die here, sometimes, sacrifices have to be worthwhile, and there is a time to show off one’s courage, when he knew that he might have to send himself to his death without any effect, Ji Feng still had sense.

“Go on!”

Ji Feng said, he did not explain much, at this time also do not need to explain too much, there is not so much time.

Zhang Lei nodded silently, turned around and left quickly. However, because the dust from the explosion not far away was too much, the visibility was extremely low, so Zhang Lei just rushed quickly along the edge of the street.

“Let’s go!” Ji Feng sank his face and said.

Then, Bai Zhu and Yang Bin followed him, their figures disappearing into the rolling smoke and dust.

.....

On the building diagonally opposite, there was still the same room.

“There’s no more movement, all dead?” A man looked out of the window and said with a smile, “Looks like they should all be dead, with all that dust, even if they weren’t blown up they must have choked to death, Gecko, you boys are really worthy of being the best rocket launcher in our regiment!”

And the man known as Gecko shook his head and said, “Just playing with rocket launchers, if I had used a sniper rifle, why would I have bothered, I could have just finished him off with one shot! But alas, the eagle was killed by the special operations brigade”

As soon as he said that, the other man’s face also steeped in gloom as he gritted his teeth and said, “That’s right! Damned Special Combat Brigade, Eagle died because of them, and half of our regiment’s comrades, Special Combat Brigade deserve to die, the whole of China deserves to die!”

“Since they deserve to die, then let them die!” The gecko sneered heatedly and raised his hand to fire another rocket, instantly hitting the area that was filled with smoke and dust.

“Boom~~!”

There was another violent explosion, but the smoke and dust that filled the area was too thick, so only a glimmer of fire could be seen.

The street below was filled with frantic shouts, cries for help, and pedestrians who had already started running around. Looking at these people, the gecko and the other two men did not feel the slightest bit of pity, instead they all had cold smiles on their faces and were very excited about the scene before them.

“Send a report to the chief, the mission is complete, we have slaughtered the little Chinese monkey!” A man said with a heated smile.

“You send it, I reasonably have one more shell, I’ll fill him in again!” The gecko said without a care in the world.

As he spoke, Gecko had already carried the bazooka to the window again, at this moment, his face was already covered with a cold smile, especially when he looked at the thick smoke and dust almost rising up below, his smile was even colder.

Ji Feng, the son of that high ranking official in mainland China, I heard that the reason why the special combat brigade was able to return to China without any problems was also related to him, which is the same as the mercenary corps' enemy, and now, this enemy should have been pulverized!

As for the others

The gecko smiled coldly, everyone else had to die, but everyone who had something to do with Ji Feng! But this is not the end, but the beginning, killing Ji Feng this is only the first step, next, they want to take mad revenge on China, to find a way to hit the special combat brigade hard!

This time, he didn't have the slightest bit of caution and worry, with three rocket launchers in a row, even if Ji Feng was made of iron, he would be blown to pieces!

Campus Master Chapter 2856

Gecko carried the bazooka and once again aimed at the smoke filled central area, at this time, he didn't have the slightest bit of caution and worry, three bazooka shots in a row, Ji Feng would be blown to pieces even if he was made of iron!

"Pi~!"

With only one eye open, the gecko carried the bazooka and aimed at the smoke-filled area below, with a cold smile at the corner of his mouth, he let out an odd sound, seemingly mimicking the scene of a rocket being shot out and exploding on the ground.

A man behind him sent a text message on his mobile phone before putting it away again, and when he heard the sound he laughed, "Gecko, don't dawdle, with all the commotion on our side, someone must have noticed, hurry up and finish the job, we need to evacuate as soon as possible!"

The gecko said, "What, are there still people coming to get us in trouble?"

The man said, "With such a big explosion here, not to mention the police, the army of Treasure Island will definitely be alerted, we'd better leave as soon as possible!"

Gecko snorted, "The police? Do you think they can be of any use other than cleaning up and clearing the streets? As for Treasure Island's army hasn't the head already made a deal with that fat pig? He's the one who provided us with the information this time! He will definitely help us stop the army!"

"Anyway, it's safer to evacuate as soon as possible, this is Treasure Island after all, not our garrison anymore!" The man warned.

The gecko was more or less unimpressed and said, "OK! No problem, I'll check again if there's still a leak down there, better be able to fry Ji Feng to a pulp"

"Boom!"

Suddenly a muffled sound came from outside, the man's face instantly changed and subconsciously he jerked down into a crouch, while shouting, "Gunfire! Gecko crouch!"

"....."

However, the man known as the gecko did not react in the slightest, but just remained half on the windowsill with the bazooka over his shoulder, seemingly taking aim.

The other man couldn't help but say urgently, "Gecko, crouch down, this is someone shooting!"

But to his shout, the gecko still didn't respond, as if he hadn't heard anything at all, just lying with his back to them beside the windowsill.

"Gecko?"

At this moment, the two men sensed that something was wrong, and one of them tried to shout, but got no response, but, fortunately, the gecko's body moved and swayed twice.

Only then did these two men put their heads down slightly, and the other man hurriedly advised, "Gecko, hurry up and crouch down for shelter, or just fire through and then we retreat!"

"Uh"

But at this time, an odd sound came out of the gecko's throat, which seemed to appear extremely difficult and painful.

The two men's faces changed, and they looked at each other, both seeing a look of shock and disbelief in each other's eyes – they were all too familiar with the sound the gecko had just made, it was a sound that could only be made by those who were exhausted or in extreme pain, and on the battlefield, only those who were dying or The only people who can make this sound are those who are dying or about to take their last breath.

But now the gecko

Hoo~

One of them rushed forward, then bent over and grabbed the gecko's belt from behind and yanked him backwards. With a thud, the gecko fell down in a flash. The two men, on the other hand, reacted quickly and hurriedly caught the gecko from behind, not letting him fall to the ground.

But the next moment, when they saw the colour of the gecko's face, their expressions changed!

The gecko was injured!

No!

The gecko was dead?

At this moment, only to see the man named Gecko, is one hand covering his chest, but blood is constantly gushing out from his fingers, long ago soaked all the clothes on his chest, and the Gecko's face is white, even some hideous distorted, obviously because of the extreme pain brought to him by the injuries on his body!

The gecko's eyes, however, were full of disbelief and a kind of intense fear!

The gecko was really scared!

The moment he was shot, he realised that there was a sniper out there, and a very good one at that, and he didn't even see where the shot was fired from.

As mercenaries they had time and again provoked wars in small countries, or seemingly slaughtered enemies and civilians in wars, and he had crawled out of the pile of the dead, which had made him think he had forgotten what fear was.

But now, the gecko was genuinely scared!

That sniper was too good!

He was definitely a top expert, no better than their dead top sniper, Eagle, what did that mean?

What does that mean? It means that the other side must be a soldier too!

Even the best killers were not that good!

With a feeling of powerlessness and a pain that had never been felt before, the gecko panicked as he feared he was going to die! It was only until this moment that he realized that he was so afraid of death!

“Snipe, sniper

The gecko's lips moved a few times and he uttered these words in an almost imperceptible voice, but at the same time, one of the men was already bent over the edge of the windowsill and was looking out with extreme caution, the other man was also keeping a close eye on the outside.

“BOOM~!”

The next moment, a sudden loud sound came, the three men's hearts tightened at the same time, the one on the edge of the window sill even bent down fiercely to avoid the sniper's sniping.

..... is not right!

In a flash, the two men, apart from the gecko, reacted abruptly to the fact that this last shot just now seemed to have come not exactly from outside the window, but also from outside the door!

It was only because their attention had been focused on the outside of the window, always thinking that the sniper would snipe them from the direction of the window, but subconsciously ignored the situation outside the door, especially that shot just now, in fact, was particularly deceptive, because the sound of that shot was almost exactly synchronized with the sound of the door, almost at the same time!

They instantly reacted to the fact that the gunshots outside were covering the people outside the door, and that the sniping of the gecko earlier was just to divert their attention in the direction of the window!

So, the two men were simply so horrified that they could no longer think of anything else and turned around with their guns drawn at the same time.

“.....”

However, when they turned around, their entire bodies froze!

Because at this moment, they saw that right in their room, several people were standing there looking at them, and in their hands, all still holding guns!

At that instant they understood that the loud noise outside the door was not a gunshot, but the sound of these men kicking the door open!

They had been tricked!

When they saw that two of the men were covered in dust and their hair had almost turned to dirt, their hearts sank even lower.

There was no doubt that these people had come up from below!

They had come up from below, they were looking for them, and they were armed If they didn't know by this time that these people must be the ones they were trying to kill, then they wouldn't have to be mercenaries!

However, thinking about this does not help them in the slightest, but only causes a strong feeling of bad luck to well up in their hearts!

Especially when they saw the black guns pointing at their chests and heads, they dared not resist in the slightest, otherwise they would have believed that these men would have killed them without mercy!

So, the two men slowly put the weapons in their hands on the ground and raised their hands again!

"You guys"

One of them opened his mouth and tried to keep his tone calm as he hesitantly asked, "What are you guys?!"

Ji Feng frowned at the two men and said, "Foreigners?!"

This duo, one of them was a Caucasian man with a high nose and blue eyes, the other one had an Asian face, and the words the other asked just now were in English.

Liu Zejun looked at the duo with incomparable coldness and said in a deep voice, "Boss, they should be soldiers, or mercenaries, there was this smell on their bodies!"

Whether they were soldiers or not, Liu Zejun would be able to tell just by looking at them, it was a feeling that could not even be concealed.

Ji Feng nodded slightly and said, "Go, break all their limbs first, then interrogate them, I have questions to ask them!"

"Yes!"

Liu Zejun and Yang Bin answered at the same time, and in the next moment, under the dramatically changed expressions of those two men as well as their angry and frightened eyes, Liu Zejun and Yang Bin stepped forward and raised their guns at the same time, bang bang bang bang!

Several shots in a row!

The two men were then all hit in the limbs, but Liu Zejun and Yang Bin simply did not even give those two men the barest hint of a scream, and stepped forward again, coldly and incomparably breaking the arms and legs of those two men alive.

“..... ah!”

The miserable scream, until this time, rang out!

However, at this moment, those two people had already fallen limp on the ground, unable to even half resist!

“Stop screaming!”

Liu Zejun said indifferently, but his eyes were cold to the core, these three bastards almost got Ji Feng killed, how could Liu Zejun let them off, “Wait until I finish everything, then you can scream together, otherwise I’m afraid you won’t have the strength to scream later!”

“.....”

The eyes of those two men changed, in fact, for them, breaking their arms and legs or even being hit would definitely not be so absolutely unbearable, but they did not expect the man in front of them to be so cold and to simply ignore their screams, making it impossible for them to pretend to go on.

“If, you think that this is the end of it, then you are too naive!” Liu Zejun’s face wore an extremely cold smile as he said, “Yang Bin, teach you a move!”

As he spoke, Liu Zejun took out another pistol, then withdrew the magazine and violently grabbed one of them by the hair, yanked his head up, then the magazine stabbed directly into the man’s mouth, pressed against his teeth, and hardened his mouth apart

Campus Master Chapter 2857

“Well

” Liu Zejun inserted the clip directly into the guy’s mouth without the slightest mercy, while the guy was as if he felt some kind of danger, his eyes immediately showed a kind of shocked look, his head twisted desperately, but because his hair was grabbed by Liu Zejun, he could not move at all, and could only let out a sound of umph from his mouth.

However, even so, the man’s struggle angered Liu Zejun, and he said in a cold voice, “Don’t force me to break your neck too!”

At once, the sound from the man’s throat came to an abrupt halt.

From Liu Zejun’s body, he clearly sensed a strong killing intent, it was clear that Liu Zejun was definitely not joking with him, having his limbs broken, Liu Zejun would definitely not mind snapping his neck again!

In fact, this was evident from the fact that the gecko was taken down with a single shot, and when the corner of his eye saw the gecko lying on the ground, not knowing whether it was dead or alive, the man no longer dared to resist in the slightest, because he knew that his resistance would only lead to even more vicious treatment!

“What are you doing here?!” Yang Bin watched, but he couldn’t help but be a little curious, “What are you doing to stop his mouth?”

“Just watch carefully!”

Liu Zejun grinned and smiled coldly, then, he saw him violently press that man’s head to the ground, then he raised his pistol and smashed it down viciously towards that man’s face!

Boom!

There was a muffled sound.

The next moment, that man’s body instantly stiffened, if it wasn’t for the fact that all his limbs were broken, he was afraid that his whole body would have been tense This blow from Liu Zejun actually instantly smashed several of that man’s teeth out!

The man’s mouth was immediately filled with blood and his body couldn’t help but shake viciously a few times!

The pain of having one’s teeth smashed out was definitely no less than having one’s limbs broken, especially when the teeth that were connected to the nerves were smashed out, it was an excruciating pain!

“Pop!”

Liu Zejun didn’t show the slightest bit of mercy, he grabbed the man’s hair and yanked it violently, directly flipping the man’s head to the other side, then, he raised the pistol once again, aimed it at the man’s teeth and smashed it down viciously!

Poof...!

The other half of the man’s teeth, too, were knocked out, and that pain, which was evident from the fact that the man was trembling and his whole face was completely distorted, must not have been a wonderful feeling!

Only after this was done did Liu Zejun stand up, put the magazine back in, looked at the man who was already limp and trembling in pain on the ground, and gave a cold snort.

As Yang Bin watched from the side, he couldn’t help but be staggered, Liu Zejun was really too ruthless in his actions.

However, he hadn’t even seen it until now, what was Liu Zejun trying to teach himself? Was he going to teach himself how to pull someone’s teeth?

“Old Liu, what is this” Yang Bin didn’t quite understand.

“To prevent him from biting his tongue, so he has to pull out all his teeth!” Liu Zejun said indifferently, “Because he will definitely be interrogated next, with his limbs broken, his teeth are still there, but now”

He grinned, but he looked extraordinarily cold.

However, Yang Bin felt very relieved, before Ji Feng was suddenly attacked and killed, almost almost killed, even now Ji Feng was unharmed, but when they first saw Ji Feng, their hearts couldn’t help but

tighten a little, because at that time, Ji Feng's head was covered with dust, his hair almost became grey and white, and he looked a little wretched.

And in their impression, how had Ji Feng ever been in such a sorry state?

One could imagine what kind of danger Ji Feng had encountered before!

What's more, those three rockets in a row just now were enough to show how much these guys wanted to put Ji Feng to death, and for such people, no matter what kind of ferocious means were used, it was not too much, rather it was more relieving!

"These are all mercenaries!"

Liu Zejun added: "Not only are they fierce and cunning, but, in the circle of mercenaries, there is also a playbook circulating, they will also be like those people in the movie novels, hiding poison in their teeth, if they are caught by the charge they will swallow the poison and commit suicide, or, if there is no poison in their mouths, they may also bite their tongues to kill themselves!"

Speaking of this, Liu Zejun's expression turned grim: "I won't let them die so easily, how can I live up to my peers if I don't treat them well?!"

Yang Bin was deeply convinced!

That's right! We must treat them well!

His eyes immediately looked at another person, but that person had already gritted his teeth and said angrily, "Kill me! If you have the guts, kill me at once and give me a painful experience!"

"You want pain?!"

Liu Zejun let out a fierce laugh, "Do you think this is something anyone can get?!"

The man's face suddenly changed and he suddenly let out a low roar, "Ah--!"

In the next moment, he violently raised his head as high as he could with all his strength, and then slammed it towards the ground.

"Boom~!"

There was a muffled sound.

The man slumped to the ground and didn't move, while Ji Feng and the others just watched with cold eyes and couldn't even help but laugh a little. That man wanted to kill himself by hitting his head on the ground, but he seemed to have forgotten that the floor was covered with flooring!

The man's limbs were broken, and even if he tried his best to raise his head on the ground, how high could he raise it? How hard could the impact be?

In the end, the man would only be knocked unconscious!

"Wake him up!" Ji Feng said in a deep voice, he was also full of killing intent towards these people, but now was not the time to be so them, he had to get some questions clear.

So, once again, Liu Zejun showed some of the killing skills he had learned in the war, and with just a few fingers, he poked the guy who had knocked himself unconscious and roared in pain. The man who had his mouth full of teeth knocked out was even more so as he was on the verge of passing out from the pain.

Ji Feng squatted down and grabbed the guy who was screaming in agony, he directly urged the bio-current to simulate it as a neurotoxin and injected it into the guy's body.

Immediately, the man's gaze became dazed and soon became dull, his head drooping to the ground as if his entire essence had been drained away at once!

"Name!"

Ji Feng asked in a deep voice in English. Ever since the last time he went to Rice and had a hard time communicating with people because he wasn't very proficient in English, he had placed a lot of importance on learning other languages, and with his memory, he had mastered them a long time ago. So at this moment, there was no hindrance in communicating with this guy.

However, when Ji Feng finished asking, the man was somewhat bewildered and didn't answer, just lying on the ground in a dumbfounded manner.

Ji Feng immediately realized that he had asked the question in the wrong way, so he immediately asked it in a different way, "What's your name?!"

"Aislen"

"What is your identity?!"

"I'm a member of the Cheetah Mercenaries and I'm currently in charge of the Operations Squad."

Sure enough!

Ji Feng's eyes narrowed at once and he snorted coldly, "It really is them, the Cheetah Mercenaries! You guys have finally appeared!"

When that rocket came out of nowhere to snipe at him, he immediately thought that it could be the Cheetah Mercenary Regiment, and that it was very likely, otherwise, unless it was the army of Treasure Island coming over to kill him, no one else had weapons like rocket launchers!

Now it was confirmed that it was indeed the Cheetahs!

"Who sent you here!" Ji Feng asked coldly.

.....

"Boom~!"

There was a huge explosion that made that vibration clearly felt throughout the street and even from a great distance, and even places that were a little closer were affected by the shockwave from the explosion!

This included the hotel where the North City Business Salon was being held!

Because the explosion was not far from the hotel, and the angle was almost directly in front of the hotel, standing in front of the hotel window, you could clearly see the explosion outside, which immediately attracted many people in the hotel!

Some people were screaming, some were running away, and in the salon venue of the hotel there was likewise chaos, everyone was shocked, but some were pale!

“Ji Feng”

Less than a moment after she returned to the venue, Ji YuYi heard the shocking explosion coming from outside, her heart thudded, and then she hurriedly and quickly walked to the huge floor-to-ceiling window, and then she saw the wreckage outside, as well as the rolling smoke and dust.

She immediately realised what was going on and subconsciously said something, but her face was as pale and frightening as if she had been very ill!

Ji Feng!

This explosion should be directed at Ji Feng

Even though she didn't see it with her own eyes, but Ji YuYi had this feeling because when she sent Ji Feng away just now, Ji Feng was walking in the same direction where the explosion happened!

“Hoo~!”

Without saying a word, Ji YuYi turned around and headed out, even if the red wine in the glass she was holding spilled all over her she didn't even feel it, she just turned white and couldn't help but feel a little weak at her feet.

The kind of violent explosion just now, even an elephant would have been killed, let alone a human being?

Ji Feng was in danger!

Ji YuYi's mind was almost blank, she only had one thought at the moment, she had to go save Ji Feng immediately, he was being victimised by herself!

“Boom!”

However, before Ji Yuhui could take two steps, another violent explosion came.

At once, Ji YuHye's feet went weak and she stumbled and almost fell on the ground, but was held by a pair of hands, she looked up sharply, but saw Ji LiHai looking at her gently and said, “It's dangerous outside, don't go!”

She looked at Ji Lihai angrily and opened her mouth to rebuke him, but before she could shout out her mouth was suddenly covered by Ji Lihai, and then she heard Ji Lihai say, “Listen to me, girl, this is an emergency, not only Ji Feng, but also us are in danger!”

When these words came out, Ji Yuhui froze for a moment.

She wanted to ask what was going on, but Ji Lihai didn't wait for her to speak before saying, “Take your people aside first, protect yourself, I'll take care of things here!”

“But Ji Feng”

“If he dies, then I will take revenge on him!” Ji Lihai said in a deep voice.

Campus Master Chapter 2858

“But Ji Feng”

“If he dies, then I will take revenge on him!” Ji Lihai said in a deep voice.

Ji YuYi was instantly astonished, she looked at Ji LiHai in astonishment, she really did not expect such a sentence to come out of Ji LiHai’s mouth.

Ji Feng’s revenge, he came to take revenge?

“YuYi, go back, you can watch this situation outside, but you can’t get personally involved in it, it’s not in line with your status as a grand lady, a gentleman doesn’t stand under a dangerous wall, understand?!” Ji Lihai said.

“But Ji Feng is my friend!”

Of course, Ji YuYi knew that she couldn’t actually interfere with this kind of explosive scene, but as a friend she couldn’t stand by and watch Ji Feng die here, not to mention that the reason why Ji Feng was coming to this bullshit salon this time was because of her invitation.

Ji Lihai, however, shook his head and said, “I have just said that I will arrange it!”

Ji YuYi wanted to say something else, but was interrupted by Ji Lihai: “YuYi, this is not the time to argue!”

These words instantly reminded Ji Yuqing that indeed, now was definitely not the time to argue, nor was there time left for them to do so. If they continued to stay here and waste time, they would simply be watching Ji Feng die!

Therefore, Ji YuYi showed her competence at this point and said at once, “Fine then, I’ll watch how you handle it!”

Ji Lihai grinned, and although he didn’t say anything, the calmness and composure in that smile seemed to be telling Ji Yuhui that such a trivial matter wasn’t even enough to worry about so much!

Perhaps it was the sight of this smile from Ji Lihai that made Ji Yuqing couldn’t help but be somewhat infected, and her originally impatient mood instantly calmed down.

“Let’s go!”

Ji Lihai said, “Let’s go to the other side!”

In Ji Yuet’s surprised eyes, Ji Lihai and his personal bodyguard, as well as some other bodyguards, embraced them and left the venue quickly. And before she left the venue, Ji Yuethai swept a glance at those present, and she suddenly noticed that quite a few of them had smiles on their faces!

It dawned on her at once that this bombing attack might have been arranged by someone in this!

Was it that dignitary? Or some other celebrity?

Who wanted Ji Feng's life?

At least, these people knew about it, otherwise, when such a big explosion suddenly happened in the street, how could these fat-headed people who valued their lives more than anything else not feel scared at all?

It was so unusual for them to stand there with smiles on their faces while everyone else was running around screaming in terror!

They must know something!

Ji Yuwen still wanted to take a closer look, but was led by Ji Lihai's bodyguards into a room somewhere on the lower level, leaving her to give up on that plan!

This room also had a huge floor-to-ceiling window, and as soon as she entered, Ji Yuqing was about to quickly walk towards the floor-to-ceiling window and try to pull back the curtains, but instead she saw two bodyguards in front of her with their arms outstretched to block her way.

"What do you mean by this?!" Ji Yuhui's face instantly changed as she asked coldly, and then she snapped her head around to look at Ji Lihai: "You tricked me into coming here, trying to control me?!"

"You ah"

Ji Lihai froze for a moment at his words, then he reacted, couldn't help but shake his head with a bitter smile and said, "I never thought your prejudice against me would actually be so deep" Also, let's not talk about that, you stay here first, don't go anywhere, and listen to Xiao Li's arrangement... .."

Before he could finish his words he was interrupted by Ji Yueting, who angrily scolded, "Mr. Ji! Did you deliberately trick me into coming here? It's because you don't want me to interfere in Ji Feng's affairs, isn't it?!"

Ji Lihai, however, just waved his hand and said, "Think what you want, stay here and wait for me to return!"

Ji YuYi was furious and lifted her foot to rush over but was stopped by her bodyguard.

"Missy, it's not safe outside now, don't be impulsive and don't go near the floor-to-ceiling windows to prevent snipers from outside!" A bodyguard rushed forward and said.

"Get lost!"

Ji Yu Ying glared at him angrily, this man had conspired with Ji Li Hai to trap her here, how could she have a good face?

The bodyguard only smiled bitterly but did not take half a step back, stopping Ji Yuet-yeung.

"Little Li, protect Miss!" Ji Li Hai barked out a warning before walking out.

"Yes! Please don't worry, Mr. Ji, I will definitely keep Miss safe!" The bodyguard nodded seriously and said.

“Ji Lihai, you” Ji Yuhui was really furious and shouted angrily, but was suddenly interrupted by the bodyguard called Xiao Li, “Eldest Miss, be careful what you say! It’s too chaotic here, don’t shout!”

“.....”

Ji Yuqing’s eyebrows knitted together, but she did not say anything else because she knew that what Xiao Li said was actually reasonable, the scene was too chaotic now, and anything could really happen in such a chaotic situation.

It wasn’t good to attract attention now!

The moment she saw the gentle eyes of Ji Lihai, her heart really softened and that’s why she agreed to follow him here, but what she didn’t expect was that this was just a warm card played by Ji Lihai to trick her into coming here and then control her!

Even though Ji Lihai did not admit it and said something about it being her preconception of Ji Lihai, the situation she was in now was enough to say it all. No amount of words could match what she had seen with her own eyes, what she had felt with her own body!

If she had known that this scene would happen today, she would never have asked Ji Feng to come over, and not only did she not bring anything to Ji Feng, but she also brought danger to him.

Just looking at the kind of explosion just now, she didn’t dare to think if Ji Feng had died in that big explosion just now!

“Boom!”

Suddenly, another huge explosion came, and Ji YuYi’s face turned white and pale, her lips without a trace of blood.

The bodyguard named Xiao Li rushed forward and hastily held her up, “Missy, are you alright?”

However, Ji Yuqing did not answer him, but just sat on the sofa, pursing her lips.

Seeing this, Xiao Li had no choice but to let her be. All he could do was to protect Ji Yuqing as much as possible, but he could not enlighten her – he did not know her that well, nor was he qualified to do so!

However, two of the bodyguards were standing outside the curtains, directly against the huge floor-to-ceiling window, and they were the two who were responsible for observing the outside environment. In addition to that there were two other bodyguards standing at the door, and they were responsible for the outside of the door, that is, in case there was a threat from inside the hotel

“..... We’ve brought two bazookas, everyone’s out”

“Son of a bitch!”

Inside the room, Ji Feng’s interrogation of the guy from the Cheetah mercenary group, also came to an end, what should be asked basically finished, from the time they were struck by the special operations brigade, today fled to the treasure island to wait for an opportunity to retaliate, and then until now, this whole process of key questions Ji Feng asked in detail.

Although he did not ask this guy to state the detailed process all over again, but it is definitely better than what he stated, because the questions that Ji Feng asked are the key points, and if that guy stated, I'm afraid he can't even talk about the key points, just look at his demented look, I'm afraid it's not even possible to recount all of them!

However, when this guy finished, Yang Bin could not help but curse angrily.

This group of people were deliberately trying to deal with Ji Feng, and were certain that they would kill him tonight!

And most importantly, these guys knew Ji Feng's identity and were planning to chop off Ji Feng's head and mail it back to the mainland!

Bai Zhu and Liu Zejun had a cold light in their eyes, if not for Ji Feng's calm and collected demeanor, I'm afraid the two of them would have killed this guy!

"Want to chop off my head? Oh!"

Ji Feng couldn't help but laugh, but his eyes were not half laughing, instead they were filled with an ice-cold chill. He knew that mercenaries were ruthless in their actions, and could even be considered almost vicious in the eyes of many people, but in fact, all this bloodshed or breaking of arms and legs or even chopping off heads and the like was normal in the eyes of those mercenaries!

In some films, there are straightforward descriptions of the blood and ruthlessness of mercenaries, and although they may be exaggerated, the majority of them are true.

They are bloody and ruthless!

This is the ferocity that mercenaries have developed over time in warfare.

But no one would be too happy to hear that someone was going to chop off their own head and have it mailed back to their own home, and Ji Feng was no exception!

"It's just as well, I haven't seen a head chopped off yet either, so today is the perfect day to see it!" Ji Feng laughed.

"....."

That mercenary naturally did not know how strong killing intent Ji Feng was carrying when he said that, but he instinctively shivered, only his eyes remained dumbfounded.

At this time, Liu Zejun, on the other hand, stood at the window position and looked towards the northeast direction, narrowed his eyes and stared for a while before saying in a deep voice, "I see it, it's in that direction!"

Yang Bin smiled and immediately went over, following Liu Ze-jun's gaze, and found that on a building in the northeast, there were three windows in a row with only half of the curtains drawn, and the curtains in the fourth room were all drawn, and the lights in those four rooms were all on, which was exactly the same as what that guy had explained.

Campus Master Chapter 2859

“The people from the Cheetah Mercenaries are inside!” Liu Zejun spoke coldly.

“Sir, while they still don’t know that these few people have been taken down by us, we can take the opportunity to go over and do away with them all!” Yang Bin looked back at Ji Feng and said.

“No way!”

However, Liu Zejun, who looked cold, shook his head and said, “That’s not safe!”

Yang Bin was a bit reluctant, but he also knew that Liu Zejun was right, according to that guy’s explanation, this time everyone from the Cheetah Mercenaries were all out and were all concentrated, except for the three of them in this room, because that guy who used the bazooka was very good at playing with bazookas and was good at striking from a long distance, so that was why he had the three of them ambushed here, and the purpose was to prevent the people from the Bad Wolf Gang and others couldn’t kill Ji Feng, then he would strike!

Only, what they didn’t expect was that Ji Feng had come out, but the people from the Vicious Wolf Gang didn’t make a move, until Ji Feng was almost out of range and no one had made a move, so only then did they receive the order to snipe Ji Feng, and only then did they open fire.

In this situation, with just a few of them, it was a bit difficult to kill all the people from the Cheetah Mercenaries.

This was because the other side had more people than them and their firepower was not weaker than them at all, and even a bit stronger than them, not to mention that there were people from the Vicious Wolf Gang in the area, so it would be difficult to do away with them all.

Ji Feng said in a deep voice: “A strong attack is only the next best thing, it’s best to spread them all out and break them one by one!”

“Then

“Inform the people from the Cheetah Mercenaries to come over and collect the bodies!” Ji Feng said in a deep voice.

“What?!”

Liu Zejun and Yang Bin both froze at the same time, not reacting for a moment.

Ji Feng said, “Inform them to come over and collect the corpses, we’ll leave and let them come after us!”

Liu Zejun and the two of them immediately understood what Ji Feng meant, it wasn’t really to let the Cheetah Mercenaries come over to collect the corpses, but to provoke them and make them chase after them, in this way, the Cheetah Mercenaries would definitely have to split up, in this way, it would be easy to break them down one by one!

“I’ll do it!” Liu Zejun said at once.

“Be careful!” Ji Feng nodded, patted Liu Zejun’s shoulder and said in a deep voice, “Remember the route of action, we’ll rendezvous at the next point!”

“Boss, don’t worry, I promise to arrive on time!” Liu Zejun nodded and said, “You guys be careful too!”

Ji Feng smiled and said, "You don't have to be on time, make sure you're safe first, and maybe, you can be our ambushers too!"

And then, Ji Feng took Yang Bin and Bai Zhu and took the lead to leave.

After receiving Ji Feng's signal, Liu Zejun glanced at the building in the northeast through the window, and then with a cold smile, he bent down and picked up the walkie-talkie left by the three mercenaries from the ground, and turned it on.

"Greetings, everyone from the Cheetah Mercenaries!" He sneered into the walkie-talkie.

"Zzzz~"

There were slightly garbled sounds coming from the intercom, but no one spoke.

Liu Zejun laughed coldly, "Miscellaneous fish are miscellaneous fish, what kind of bullshit Cheetah Mercenary Corps, not even a single person with guts? Looks like you guys are really going back more and more these years!"

"....."

Still no one answered back over the intercom.

Liu Zejun sneered, "So, you guys don't even want your own members? There's one here who plays RPG quite well, wouldn't it be too bad if we just discarded it? Well, there are two others who are not badly skilled either, it would just be more of a pity if one of them became an idiot and the other a dead body!"

"..... Who are you?!"

Finally, hearing these words from Liu Zejun, the other party couldn't help himself and asked in English.

Liu Zejun sneered, "Just now you had to kill me, and now you are asking who I am?! Isn't this too ridiculous?"

"You're Ji Feng?!" A low voice came over the intercom, but it was hard to hide the surprise in the man's voice, "Humph! Pretending to be a god! No matter who you are, as long as you dare to touch the people of my Cheetah Mercenaries, your time to die is coming!"

"But, it seems like it's your people who are dying now!" Liu Zejun sneered, "There's one here called something like Gecko who seems to still have a bit of breath, do you guys want it?!"

"Who the hell are you?!"

The voice over the intercom said in a deep voice: "What did you do to them?!"

Liu Zejun said, "Nothing much, it's just that he doesn't seem to be in a very good condition, it seems like you're nervous?"

The other party said, "Friend, no matter who you are, as long as you release my people, you can mention the conditions, everything is fine!"

"Good!"

Liu Zejun agreed very quickly, he stood at the window and waved his hand in the direction where the other party was, but with a cold smile on his face, he said, "Since you are so quick, then I can't be ungrateful enough, so I will return the man to you!"

The other party, however, hesitated a little, seemingly not expecting Liu Zejun to agree so readily, but Liu Zejun noticed that there were shadows flashing on the window over there, obviously observing him.

Liu Zejun didn't care, he just said, "Well then, I'll return the man to you now!"

The next moment, he lifted up the gecko and hung him on the window sill. At this moment, the gecko's breathing was already extremely weak, and the blood had even soaked almost all the clothes on his body.

"Watch out, I'll send him over first, then you guys go and join him!" Liu Zejun said in a cold voice, then, as soon as he let go of his hand, with a whirring sound, the gecko was thrown off that window ledge.

"Snap!"

There was a strange sound from the street below, but the gecko had hit the ground, and there was still a lot of smoke and dust below, the dust from the explosion hadn't completely dispersed, so I couldn't see the gecko's appearance, but I could imagine!

Even an iron man would be reduced to a puddle of mush if he fell from such a height!

"..... bastard! Bastard!"

The next moment, the other party's angry roar came from the intercom, this side is not too far away from that building, the other party from the window with binoculars can clearly see the situation here, especially Liu Zejun did not deliberately turn off the lights, the other party naturally see more clearly.

Naturally, they also saw the scene where the gecko was thrown straight down.

The other party's roar was instantly ignited, and the other party's frantic roar came over the intercom: "Little bitch`s, you're dead, I'll definitely skin you, I want your skin off."

"I'm afraid you don't have the ability!" Liu Zejun interrupted the other party with a cold laugh, "Don't be anxious, this is just the first one, there's more next!"

"Zap!"

Another man was thrown straight down by Liu Zejun again with a muffled sound underneath.

"....."

There was no more sound over the intercom, only the sound of ragged breathing, showing just how angry the other man was at the moment.

Liu Zejun sneered, "Oh yeah, there's another"

"Pah!"

The third person, too, was thrown down by him.

And by this time, the voice over the intercom had become silent.

“Ah—!”

“Kill him, kill him!”

“Make sure you kill him, I’m going to fuck this little bitch’s ass

The next moment, the other side was completely triggered, a burst of crazy roar coming from the intercom, as well as that hysterical roar, were enough to show how angry the other side really was.

Liu Zejun snickered, “Want to kill me? In another life!”

After saying that, he even stood at the window and waved his hand at the building to the northeast, saying goodbye to the other party!

“.....”

Boom!

Words could no longer express anything at this moment, the heavy and hurried footsteps coming from the intercom, and already the low roar coming from the throats of many people, was enough to say everything.

At this point, Liu Zejun smiled instead, because this was exactly the effect Ji Feng and he wanted, how could the other side be lured out completely without provoking them? If you don’t lure them out, how can you break them down individually?

After casually throwing away the walkie-talkie, Liu Zejun gathered his weapons, turned around and left. The actual fact is that you can find a lot of people who are not able to get a good deal on a lot of things.

Unfortunately,.....

The actual fact is that you can’t be able to get a lot more than a few of these.

.....

“Go!”

At the same time, some of the people at the salon venue in the hotel, however, had received the news, and a few of them looked at each other, all realising that it was not good. This included the dignitary!

Ji Feng was probably not dead!

This was the news they had received, and, most likely, Ji Feng was already trying to escape!

If the news was true, then it was really bad. Once they let Ji Feng escape, then their plan for tonight would be completely defeated, and the move to take in the Cheetah Mercenaries would not only fail to work as it should, but would probably become a big problem!

This was the opposite of what they had originally intended!

No!

Ji Feng must die!

Only when Ji Feng was dead and the Cheetahs were dead would things be 'logical' and better!

So, those dignitaries and celebrities, they left quickly, they had to go downstairs and follow them as soon as possible, after catching up with Ji Feng, they could only feel relieved after watching Ji Feng being killed with their own eyes.

Ji Lihai looked at these people, his face was expressionless, but after all those people left, he turned his head to one of his bodyguards beside him and said, "Go, bring the lady, prepare the car, let's go over there!"

"Buzz~~!"

The roar of the car's engine did not seem obvious in the chaos of shrieks and running caused by this explosion, but as the smoke and dust gradually cleared, Ji Feng, who was standing next to the open car door and turning his head to look back, still caught the attention of the Cheetah Mercenaries.

Ji Feng!

Campus Master Chapter 2860

Ji Feng is not dead!

As the billowing dust on the street dispersed, Ji Feng stood at the heel of the car door and looked back, allowing the people from the Cheetah Mercenary Group to see clearly even though there was still smoke and dust, but for Ji Feng's appearance, they had already memorized it deeply in their minds long before they came.

When they saw that not only was Ji Feng not killed by the rocket, but that he was going to leave in a car, the people of the Cheetah Mercenary Corps were also anxious.

"Chase!"

"We must stop him, we absolutely can't let him get away!"

"Kill him and avenge Gecko and the others!"

.....

A roar of rage and a mad roar roared out from the throats of the men of the Cheetah Mercenaries. The scene of the three geckos' tragic deaths had completely stirred up their anger, especially that bastard who had dropped three of their comrades to their deaths right under their noses!

This was simply intolerable to them!

"Look, it's that b*tch!" Suddenly, someone shouted out loud.

The Cheetah Mercenaries looked and saw a man coming down the steps of the building's main entrance in the distance, this man had a gun in his hand and looked very relaxed, it was the same bastard who had dropped the three Geckos to their deaths alive!

In an instant, the men of the Cheetah Mercenaries were red-eyed!

The most damnable thing was that when that bastard saw them, he even waved to them from afar and smiled at them. Then, he walked towards the car that Ji Feng got into.

With a buzz, the men from the Cheetah Mercenary Group instantly went berserk with excitement!

“Kill him!”

With a burly man’s angry roar, the men from the Cheetah Mercenaries who had only just rushed out of the building began to frantically run towards the car, while some people already couldn’t resist shooting at Liu Zejun.

However, the distance between the two buildings was not close, and had already exceeded the shooting distance, so unless they were sniper rifles, they would not be able to hit so far.

So, the Cheetah mercenaries roared in anger while frantically running forward, but they could only watch as Liu Zejun got into the car, then watched as the car’s brake lights came on for a moment, and then quickly started up, the tyres making an ear-splitting scuffle with the ground as the car sped away!

“..... chase! Catch up to him and kill him!”

“Kill them all!”

At this moment, the people of the Cheetah Mercenaries were like hungry wolves, and began to madly rush towards the cars parked in front of the hotel, because the explosion just now was far away from here, so the cars here were not affected by the ripples, the cars quickly started, and the people of the Cheetah Mercenaries followed behind that car, and madly chased after them.

At the same time, the dignitaries and celebrities who had hurriedly arrived from that salon venue also saw this scene, and they only hesitated slightly before they all got into their respective cars, ready to follow behind and give chase.

But no one noticed at this time that a sniper rifle was already aimed at the dignitary, and several other celebrities, in the green belt.

Yao Zhijian narrowed his eyes, his finger already on the trigger, he was no stranger to that dignitary, although Ji Feng had not said so before, he had once revealed his desire to do away with this person, and Zhang Lei had also once unapologetically said that it would definitely not be a bad thing to slaughter this fat pig if he could!

So, Yao Zhijian targeted that dignitary!

If he took advantage of the chaos to do away with this dignitary, I believe he should be able to help his boss a lot, right?

Looking at the dignitary’s fat head and ears, Yao Zhijian couldn’t help but grumble in his heart, this bastard was the one who was fighting against the boss!

“I’ll fuck you up today!” Yao Zhijian said secretly, aiming carefully and about to shoot.

“Pop!”

But at that moment, a hand suddenly grabbed his hand that was ready to pull the trigger. Yao Zhijian didn't even turn his head back, and in a flash, his other hand fished out a dagger from nowhere and swept straight across.

But before his dagger could attack, it was blocked, while a voice whispered beside him, "Little Yao, it's me!"

Yao Zhijian jerked back, only to discover to his dismay that this one who had grabbed his hand was Zhang Lei!

Although Zhang Lei's body and face were still covered with dust, it was not difficult to recognize him, but Yao Zhijian was shocked and could not help but lower his voice and ask: "Zhang Lei, you did not follow the car?"

Just now Yao Zhijian had deliberately stayed behind, because in this kind of melee, although he, a sniper, could play a not insignificant role, but according to Ji Feng's intention, if he followed up from behind and attacked suddenly, he would definitely be able to play a greater role.

That's why Yao Zhijian didn't go with Ji Feng, instead, Ji Feng and the others would draw fire while he would follow behind the Cheetah Mercenaries and look for the right moment to launch a surprise attack!

But I didn't expect that Zhang Lei hadn't left either, instead he even found him Wasn't it Zhang Lei who was driving just now?

"I'm staying too, we'll follow behind together later!" Zhang Lei said in a low voice, to attract fire, with Ji Feng is enough, they go is also to send dishes, in the back instead can play an unexpected role!

"Then why did you stop me?!" Yao Zhijian asked in a low voice, while glancing at the fat-headed dignitary, seeing that the dignitary was about to get into the car, he hurriedly tried to snipe, but he was stopped by Zhang Lei again.

"Don't do it here!" Zhang Lei said, "If we do it here, everyone will know it's us, let's follow them up and wait until the right time to do it!"

"The right time?!" Yao Zhijian frowned slightly, the battle would definitely be fierce later, even if he had free time, he wouldn't have the energy to snipe this fat pig, where else would there be such a good angle to snipe after missing this opportunity?!

"Don't worry!"

Seeming to see that Yao Zhijian was torn, Zhang Lei patted his shoulder and smiled, "No matter if it's that fat pig or a celebrity tycoon, but anyone who follows him, none of them will get away! When the time comes, all you need to worry about is whether your shooting is accurate enough and whether there are enough bullets!"

Who would follow an ordinary tycoon in the middle of a fierce gun battle like this? Unless he was out of his mind!

Therefore, it must be those who had something to do with this matter that would follow them up. Since they had something to do with it, how many of them were clean?

In that case, none of them would be able to get away!

As soon as Yao Zhijian heard this, he smiled: "Alright then, I'll listen to you!"

Zhang Lei smiled and patted his shoulder, saying, "Don't worry, you definitely won't be left without a chance to strike!"

"That's good!" Yao Zhijian said with a smile, he had been looking forward to this kind of big battle for a long time, he had been idle for a while and was getting rusty.

"When they follow, we'll follow behind." Zhang Lei said, "Don't rush now, let's just follow the plan!"

Yao Zhijian nodded his head.

A few moments later, the cars of the dignitaries and several celebrities slowly started to move, with the bodyguards' cars in front and behind them, and theirs in the middle, forming a convoy that protected them in the middle, but this looked like a sneer in Zhang Lei's and Yao Zhijian's eyes. It was all right!

"Hm?!"

Zhang Lei was about to say that they were following them too, when he suddenly gazed at them, "Why are they here too?!"

Yao Zhijian immediately followed Zhang Lei's gaze and immediately spotted a group of people quickly walking out from the hotel, and walking in the middle, there was a familiar face – Ji Yuoyi!

This group of people, namely Ji Lihai and Ji Yuhui, also quickly got into the car after they walked out of the hotel, and then followed them.

Zhang Lei couldn't help but frown, what were they doing following?

A cold light flashed in his eyes, could it be that this matter had something to do with Ji Lihai and Ji Yuhui as well?

He thought of something – Ji Feng had received an invitation from Ji Yuhui to attend this salon, and judging from the current situation, it was obvious that the other party had long known that Ji Feng was coming, so they had set up a heavenly net waiting for him, to say that no one had leaked information to betray Ji Feng in the middle of this would be something Zhang Lei would not believe.

And seeing this scene in front of him, Zhang Lei seemed to understand something.

He narrowed his eyes and said: "Go! Let's follow too, it looks like there's really something to play for today, it would be even more lively if we instantly destroy both the leading boss and the first lady of the Chuk Yuen Gang together, right?!"

After that, Zhang Lei took Yao Zhijian and quickly rushed to the roadside, where surprisingly there was a car parked here long ago, and the car keys were actually still on it.

Seeing Zhang Lei skillfully start the car, Yao Zhijian could not help but be slightly lost in thought, in their team, the most skilled at these things Guo Tao here, I'm afraid it's no different.

At this time, Yao Zhijian's understanding of Zhang Lei deepened by another layer.

“Buzz~!”

With a roar of the engine, the car sped off, following behind everyone, like a wolf in the mountains, waiting for an opportunity!

If one were to look from high up in the sky at this moment one would see a spectacular scene, the street that was originally in front of the hotel had been blown out of a large crater, the road surface was very badly damaged and there was a lot of smoke and dust filling the air, it looked as if a big earthquake had just happened!

What was really spectacular, however, was the long line of cars, starting with a taxi in front, followed by all sorts of cars, even if there were luxury cars of a million dollars or more, but what was really spectacular was the people poking out of the cars in the back, holding guns and firing wildly at the taxi in front!

The scene was even more chaotic than those Hollywood blockbusters or battle movies, as pedestrians on both sides of the street, including some vehicles on the road, were all confused when they encountered this situation.
