

Chapter 2856– 2857 of A Dish Best Served Cold Novel

Chapter 2856

She rushed into his arms desperately, she hugged him hard, she buried her forehead deeply on her chest.

“Mark, you bastard~”

“You still know how to come back.”

“Woohoo~”

“You are just a bastard...”

“I hate you...”

Helen Qiu cried loudly.

Like a child who was bullied outside, he went home to find his father to sue.

While crying in Mark’s arms, he gently beat Mark’s chest with his hand.

The appearance of the pear flower with rain is like a lotus in the rain, which is charming and pitiful.

“Helen Qiu, I’m sorry.”

“For so long, I have worried you.”

Familiar people, familiar breath, familiar hair tips.

Even the clothes worn by the woman in her arms are familiar.

Just like that pink hat, it was Mark’s commemorative gift to Helen Qiu on their first year of marriage.

At that time, Mark remembered being mocked and scolded by Helen Qiu’s parents for this “small” gift for half a year, but Mark did not remember that Helen Qiu had worn it.

He thought that Helen Qiu didn’t like it either, she had already thrown it away.

Unexpectedly, she had kept it all the time.

They also bought this white down jacket.

Everything in Helen Qiu's body was so familiar, it seemed to be filled with memories of her and Mark.

What is your family?

Is similar blood flowing in the bones?

Still have the same last name before the name.

Mark felt that none of these.

Family is the person who feels warm when you see it.

It is someone who gives you wholeheartedly.

It's the person who cares about you for thousands of miles away when you are fighting abroad.

It's a person who will cry and shed tears when we meet again after many years.

This is the family that Mark vowed to give all his life to protect.

Tianhe slowly, the cold wind blows into the bone.

But at this time, the silent warmth in front of me is touching and warm.

"Young man~"

Lu Tianhe and Wang Dongsheng smiled, and they were also happy for Mark.

The rest of the soldiers also grinned silly, with envy in their hearts, envy Mark for having such a beautiful wife who loved him so much.

But, don't know why, Lu Yanxi saw this scene, but there was an inexplicable emotion in her heart.

Is it loss or envy?

Lu Yanxi didn't know either.

The only thing she knew was that the throbbing of her youth was completely over.

She and Mark were afraid that it would be completely impossible.

After crying for a long time, Mark slowly helped Helen Qiu wipe away the tears from the corners of her eyes, smiled and comforted: "Okay, don't cry, so many people are watching?"

"Furthermore, I was ugly, but this cry is even more unsightly."

"Haha~" Mark's words caused a lot of laughter.

Helen Qiu's pretty face was ashamed and red. After reaching out and pinching Mark under his clothes, she shyly broke free of Mark's embrace.

"Let's go, go see our mother."

"You unfilial son, wait to be criticized."

Helen Qiu's eyebrows were still a little red and swollen, she gave a cold snort, and then took Mark to find Ye Ximei.

The driver drove the car, taking Helen Qiu and Mark into the defense zone, and finally stopped in front of the military hospital.

"Ok?"

"How is the hospital?"

"Is our mother sick?"

Mark suddenly worried.

Helen Qiu replied in a low voice, "Go ahead and talk about it."

Chapter 2857

Soon, Helen Qiu led Mark to a high-ranking ward.

In the ward, the nurse is changing needles.

And a beautiful woman was lying halfway in bed resting at this time.

This person is not someone else, but Mark's mother, Ye Ximei.

Compared to when Mark left, Ye Xi's eyebrows looked much older, with a lot of wrinkles at the corners of her eyes.

After seeing his son come back, when the mother is naturally excited, she has to get up from the bed.

“Mrs. Ye, you can’t move, your injury is not healed~” The two nurses next to them were suddenly shocked and hurried over to stop them.

Upon seeing this, Mark no doubt wrinkled his brows, and ran up worriedly, and asked, “Mom, what’s the matter with you?”

“Why can’t you even get up?”

“Besides, why are you so pissed off.”

“What happened?”

Mark was anxious.

He remembered that when he left, his mother was fine.

Moreover, the age of forties is not considered advanced age.

But why, only a year later, my mother was so old and weak that she couldn’t even get out of bed by herself?

Facing Mark’s anxiety, Ye Ximei leaned on the bed, but shook her head, smiled and calmed down: “Mark, mom is okay.”

“Not as serious as the nurse said.”

“After a period of recuperation, my mother’s illness will be cured.”

“It’s you, for so long, there is no news at all.”

“Helen Qiu and Mom are worried about it.”

“Fortunately you are fine, but fortunately you are back safely.”

“Otherwise, let your mother, and Helen Qiu, whom else can you rely on in the future?”

Ye Ximei grabbed Mark’s hand and smiled in relief.

It was a smile from the heart, a joy from the inside out.

To Ye Ximei, Mark is everything to her.

Now that the son is back safely, no matter how much he suffers, no matter how much pain he suffers, it is worth it.

There is nothing more happier than seeing her son return safely.

Facing Ye Ximei's words, Mark nodded straight.

But in my heart, there is an inexplicable anger.

Although her mother downplayed her illness, Mark felt that there must be something in it, and the mother and the others must have something to hide from themselves.

"No, mom, tell me, what is going on?"

"Good point, why are you hurt so badly?"

"If it's okay, you can't stay away from Wrifill, away from the company, and come here."

"There must be something in it."

"Helen Qiu, tell me, what happened?"

Mark asked in a deep voice, anxious and anger slowly burning in his eyebrows.

"Mark, I..."

Helen Qiu was obviously lacking in confidence, she didn't even dare to look straight into Mark's eyes. She lowered her head and stopped talking.

Just when Mark was still asking, Ye Ximei said again: "Okay, Mark, don't ask anymore."

"I accidentally got into a car accident. It has nothing to do with Helen Qiu or anyone else."

"You don't need to ask Helen Qiu anymore."

Ye Ximei seemed to be a little angry, and said sharply to Mark.

"Car accident?"

"Really a car accident?"

"You didn't lie to me?"

Mark frowned, still a little skeptical.

"One of us is a mother, and the other is a daughter-in-law.

"Well, don't be suspicious."

"Since I'm back, I'll live my life well."

“From now on, listen to it, don’t do it anymore.”

“Just stay at home, guard your wife, guard the company, and then have a baby.”

“The family is happy, peaceful and stable.”
