

Chapter 2864– 2865 of A Dish Best Served Cold Novel

Chapter 2864

Denren Ye said bitterly, in the words, there was anger, aggrieved, and even more frightened and fortunate.

After all, these people are just young people.

However, at such a young age, he faced a behemoth like the Lu Family in Jiangbei.

It is conceivable that during this period of time, they are under psychological pressure.

With a snap, a bench beside Mark was crushed into powder by him.

At the end of hearing, Mark's whole person was undoubtedly angry to the extreme.

“This Lu Hua is looking for death!”

Before Mark, he thought it was the Yintian King Burning the sky, or the powerful Japanese title.

But he never dreamed that this time, it was an ant who was inferior to the grandmaster, who had harmed him in Noirfork and harmed his relatives.

Mark naturally remembered the name Lu Hua.

At the beginning of the Amazon Yulin, Mark also pretended to use such a name to kill.

At that time, Mark had undoubtedly never even seen Lu Hua.

Just an ant, how qualified to enter his eyes.

However, Mark never imagined that such an insignificant ant person would cause such a disaster to his family and Jiang Dong.

The heart was raging and burning.

The killing intent on Mark's body was also full of intensity at this time, just like the essence.

His palm crackled.

“You guys, go to heal your injuries first.” Mark said calmly while looking at the Qinglong people.

Afterwards, he helped Helen Qiu wear a hat to cover the scar on her forehead.

“Helen Qiu, take care of my mother for me.”

When the words fell, Mark immediately turned around and stepped outside the door.

“Mark, stop for me, where are you going?” Ye Ximei was anxious and yelled quickly.

Helen Qiu also grabbed Mark and shook her head at him.

Mark turned his back to them, and his emotionless voice slowly sounded: “I’m going to pacify Lu’s family.”

A few words, but it’s almost a thunderbolt.

Behind him, Ericson Li and the others were almost paralyzed.

Mark’s words, to them, were undoubtedly exploded like a thunderstorm.

Because of the tremor, their eyes widened!

“Shut up to me!”

“I know, if you know this, you will be willful.”

“Stopping Lu’s family?”

“It’s easy for you to say.”

“Do you know how much background does the Lu family have? How many strong people are there in the clan? How many big figures are behind it?”

“You don’t know anything, just talk nonsense here.”

“Open your mouth and shut your mouth is killing.”

“Think of life as a child’s play.”

“Have you ever thought about it for your mother and your wife.”

“You just came back, the husband and wife have not been tender, and the mother and child have been together for less than half a day, so they have to leave.”

“If you don’t go back again, where do you put Helen Qiu and where do you put Noirfork?”

“You come back to me, I forbid you to go!”

Ye Ximei said angrily.

“Yeah, Mark.”

“Auntie is right. You don’t know anything about the Lu Family. You just came back. The situation is unknown. You can’t be impulsive in everything.”

At this time, Lu Tianhe and others were also attracted by the movement here. As soon as they walked in from the outside, they learned that Mark was going to bloodbath Lu’s family and kill again.

Lu Tianhe, who was anxious, also quickly dissuaded him.

“Mark, this Lu family is not an ordinary family, it is the top martial arts family in the north of the Yangtze River.”

“The old man of the Lu family is even more of an old master on the Yanxia Grandmaster list. He is well-rounded and well-connected, and he has a good reputation in the martial arts world.”

“The land in the northern part of the hot summer is honored by the Temple of Martial God.”

“And in the southern land, a group of warriors are opinion leaders and they are very prestigious.”

Chapter 2865

“Perhaps, he is not as strong as you, but for so many years, his connections in Vietnam are far beyond your reach.”

“But that his grandson Lu Hua walked out of the martial arts court alive.”

“Behind this, there must be a high-level man in the Martial God Temple to deal with it.”

“With this kind of background, if you attack the Lu Family, you will inevitably take the initiative and move your whole body.”

“That’s because you really flattened the Lu Family. Do you think the Martial God Temple will spare you lightly? Can Huaxia Martial Arts still tolerate you?”

“At that time, you are bound to be ruined by the torrent of public opinion.”

“Even Huaxia Wushen Temple doesn’t want to deal with you, and has to deal with you!”

Lu Tianhe is also considered a half martial artist, and he has been in Vietnam for decades. He naturally has a better understanding of domestic martial arts forces than Mark.

Why did Ye Ximei repeatedly stop him and keep Mark from knowing this. And why, not let his son go to Jiangbei for revenge.

It was because she had known the power of the Lu family from the mouth of Lu Tianhe a long time ago.

A martial arts family with a master of martial arts, in the land of Vietnam, is definitely a huge monster.

Of course, Mark is a titled master, a strong Chinese pillar country, dominates singles, and may not be afraid of Lu Songliang, the old man of the Lu family.

But what about the relationship and connections behind the Lu family?

“Lv Hua’s ability to retreat from the martial arts court is enough to show that in the highest authority of the Chinese martial arts, I am afraid that there are also Lu family connections.”

“Furthermore, as far as I know, during this period of time, Lu Songliang, the old man of the Lu family, had an epiphany and was hitting the title realm.”

“Once he succeeds in the impact, he will inevitably accumulate his skills with decades of cultivation.”

“At that time, it is still unknown who you will kill.”

“You have just received a title now, with an unstable foundation and insufficient background.”

“At this time, don’t be impulsive.”

“This matter still has to be discussed in the long term.”

Lu Tianhe persuaded again and again.

He and Mark are also very close.

Now that his Lu Tianhe can sit in today’s high position, to some extent, he can be regarded as the light of Mark.

After all, if the country wanted to win over Mark, it would naturally have to reuse the people whom Mark had good acquaintances with in order to show goodwill to Mark.

If Ye Fanruo is here, his position as the commander-in-chief of the Noifork defense zone is also as secure as Mount Tai.

But if Mark fell, he would undoubtedly lower the level of Lu Tianhe's attention, and it would be a high probability that he would be transferred and demoted.

For more than half a year since Mark fell, Lu Tianhe had already undergone several surprise inspections.

Obviously, there were many people in Gritsberg who were not pleasing to his eyes and wanted to find a reason to pull him from this position.

Therefore, Lu Tianhe undoubtedly didn't want Mark to be in danger, whether it was from personal emotions or from fame and fortune.

Life is like that.

When you are humble and nameless, has anyone ever looked at you more?

However, when you are in a high position of wealth and glory, you are burdened with too many things.

Whenever you do anything, you will suffer huge resistance.

Because there are too many people, too many forces, all relying on you.

Wearing Wanggui on his head, he should bear its weight.

But, will Mark retire? Will you forbear it because of scruples?

of course not!

Life is alive, you should live magnanimously.

Lives and kills, happily enmity!

No matter what position he was in, Mark didn't regret his heart, and his temperament would not change.
