

Campus Master Chapter 2901

Zhang Xinju froze, an embarrassed look flashed across his face, a little less comfortable being choked by Ji Feng, but he still said, "Mr. Qin, I can understand your feelings, however, it hasn't been long since it happened, we are still investigating, so"

Ji Feng did not correct Zhang Xinju's address to himself, the other party must have thought he was Yao Yao's father, so he thought his surname was Qin, this is not the point to dwell on, what Ji Feng was concerned about, was Zhang Xinju's attitude.

This Zhang Xinju, his attitude towards this matter seems to be ambiguous, huh?

Very well!

He sneered in his heart and asked, "Principal Zhang, it should have been more than an hour since the incident happened, right? Still no clear investigation?"

Zhang Xinju nodded and said, "After all, children have conflicts with each other and some words cannot be expressed clearly, so we can only investigate slowly."

"Since you can't investigate clearly, then I will investigate personally!" Ji Feng said indifferently, "Pull out the surveillance video of your place, since you don't know what happened at that time, the surveillance video will always record it!"

"..... surveillance footage?!"

Zhang Xinju paused slightly and couldn't help but smile bitterly, "Mr. Qin, I'm really sorry, some of our surveillance equipment malfunctioned two days ago and the after-sales maintenance staff hasn't come to repair it yet, so some of it may not be visible."

Ji Feng asked, "Such a coincidence?!"

Zhang Xinju said helplessly, "I can't help it, it's really quite a coincidence"

"Very good!" Ji Feng nodded his head.

"..... what?!" Zhang Xinju froze for a moment, very good? What's very good?

Ji Feng ignored him again, but hugged Yao Yao and asked, "Yao Yao, tell daddy, what all happened just now, okay?"

Yao Yao wrapped a pair of small hands around his neck and gave a mmm.

Ji Feng asked gently, "Then tell daddy, why did you get into trouble with the other children?"

Yao Yao's small mouth deflated, "Daddy, I was wrong."

"Listen! Listen! This dead girl has admitted herself that she was wrong, what else do you have to ask, now my son is injured and still in the hospital, what are you wasting your time here!" When that woman heard that, she instantly became fierce again.

Ji Feng glanced at her, but didn't pay any attention to her at all, instead he smiled and patted the little girl, smiling as he asked, "Then tell daddy, is there any reason for your falling out?"

“Humph!”

The woman saw that Ji Feng was not paying attention to her at all, she couldn't help her anger rising up and sneered, “What can be the reason, it's just your daughter's lack of discipline, bullying other children indiscriminately, just look at you two and you know what kind of character this dead girl has, really the upper beam is not right and the lower beam is crooked!”

Ji Feng nodded and smiled, “Good point!” He hugged Yao Yao and said gently, “Yao Yao, tell daddy what the reason is, okay? Don't be afraid, daddy is here, no one can bully you!”

“Humph! Bullying her? Don't make any mistake, it's this dead girl who is bullying others” The woman sneered, her words extremely mean.

“.....”

Ji Feng gave that woman a deep look, the cold light in his eyes intensified. Every word this woman said, every insult to Yao Yao, he gave a note of it.

This debt would definitely be settled with her!

However, just because Ji Feng ignored that woman, it didn't mean that others didn't either, Tong Lei's pretty face was already ice-cold as she swept Han Zhen and Xiao Ying a glance and said, “Shut her up!”

Hoo~!

The next moment, all that could be seen was Little Shadow suddenly stepping forward to that woman and flung her hand and slapped her across the face.

“Slap!” A resounding slap!

The woman let out a scream and was instantly slapped on the ground, dizzy and spinning around.

Little Shadow said coldly, “If you dare to keep your mouth unclean again, I'll tear your mouth off!”

“.....”

This scene made everyone freeze, Little Shadow's action was too fast, from when Tong Lei gave the order to when Little Shadow slapped the woman on the ground, it was just a split second, it was as if the woman was instantly slapped down as soon as Tong Lei's voice fell!

So, everyone was still stunned when Little Shadow had already returned to Tong Lei's side.

It was only at this point that the others reacted, especially the woman, who used all her strength and screamed hysterically, “Ah...!”

But it was not clear whether this was because she was in pain from being hit, or because she was angry, or because she felt extremely humiliated from being slapped in public.

“How dare you hit me?! How dare you hit me?!” The woman's mouth screamed and her whole body struggled to get up, but how heavy was Little Shadow's slap, and how could it be withstood by a woman? The woman struggled for several times but could not get up.

The man next to her hurriedly held her up and helped her up, his gaze was grim as he stared at Little Shadow and then at Tong Lei and the others, his gaze was grim as he said, "So, you guys are going to settle this with your hands?!"

Ji Feng didn't even pay attention to him, this man looked like a successful person with some origins, but the more such people were, the more they didn't know the sky was high and the more they didn't know the importance, they thought they had a backstage and a background, they had money, they could fix any problems, so they usually acted recklessly, sometimes bullied people as much as they wanted, arrogantly.

The man in front of me is probably one of these people, who thinks he has money and a background, so he is reckless.

The woman was still screaming, "Honey, did you see that I was beaten up, why didn't you say anything? You just watched?"

That man had a gloomy face, but didn't make a rash move, Xiao Ying's speed and that harsh slap made him more or less scandalized.

However, seeing Ji Feng directly ignoring himself, that man's face was cold, and he said in a deep voice: "Since that's the case, then well, it's not that easy to stop this matter today!"

"If you want to settle it any way, be my guest!" Xiao Yuxuan stood out, her pretty face like frost.

"Good! Very well!"

The man gritted his teeth and nodded with a cold smile, and then he took out his mobile phone to make a call.

The kindergarten's headmaster, Zhang Xinju, hurriedly stood out to round up the situation, "Everyone calm down, calm down, talk properly, violence will not solve the problem"

However, Xiao Yuxuan was not even looking at him, making Zhang Xinju embarrassed.

The man took one look at the situation and was instantly enraged. He gritted his teeth and sneered, "Good! Very good! Do you want to play? Then, I'll play with you, just in case you can't afford it!"

"Yao Yao, don't be afraid, see, as long as there are bad guys bullying you, daddy will take it out for you." Ji Feng did not avoid letting Yao Yao see this scene too much, although the child was small, sometimes it might not be bad for a child's growth to let them experience some things.

At least this would let the child know that the family could stand up for them when they were being bullied!

As expected, Yao Yao saw that woman being slapped on the ground by Xiao Ying, and although that crazy look was scary, hiding in Ji Feng's arms, she was not too scared instead.

"Tell daddy, what the hell is going on?!" Ji Feng asked gently.

“Just now in class, the teacher made us play a game, Xu Hao kept tugging my braid, I was in pain, so I reported it to the teacher, the teacher criticized Xu Hao, but a while later he still tugged my braid, so I accidentally pushed the table over and it hit Xu Hao, he cried

The little girl some aggrieved narrative, the little face is still all aggrieved: “Daddy, I did not mean to push down the table, is Xu Hao yanked me pain, I only accidentally pushed the table down!”

With the little girl’s narration, Ji Feng listened silently and nodded slightly, although the little girl’s narration had little focus and always thought that she had made a mistake by pushing the table down and smashing the children, and that it was a mistake, and a very serious one, but how could Ji Feng not understand?

Where was this Yaoyao’s fault, it was clearly the little kid called Xu Hao tugging on Yaoyao’s pigtails, which ended up hurting Yaoyao, and maybe Yaoyao was struggling or in the pushing and shoving with Xu Hao pushed the table over and smashed it into Xu Hao.

Ji Feng quickly sorted things out in his mind and asked, “Yaoyao, which teacher did you report to at that time?!”

“The life teacher!” Yao Yao pointed to a girl who was present, the same girl who had spoken to Qin Shujie when they first arrived.

Ji Feng nodded to her and asked, “This teacher, is what my daughter said right? Is that how it happened?!”

“Yes

“Xiao Lin!”

That teacher was just about to speak when he was interrupted, only to see Zhang Xinju suddenly say, “Teacher Xiao Lin, weren’t you outside the classroom at the time? Are you sure you saw it clearly?!”

The teacher who was called Xiao Lin froze: “This

A hesitant look flashed across her face, and she hesitated when the words reached her mouth.

A cold light flashed in Ji Feng’s eyes as he looked at Zhang Xinju and instantly smiled, “Principal Zhang, is this what you mean?!”

Zhang Xinju hurriedly laughed: “Mr. Qin you don’t misunderstand, I am afraid that Xiao Lin because of nervousness to talk nonsense, and now the most important thing is to heal the small children’s injuries, Xu Hao has

“That’s what you mean, right?!” Ji Feng directly interrupted him and said indifferently, “That is to say, this is your position, I did not misunderstand, right?”

“Mr. Qin, our school is also sorry that such a thing happened, but if this is your attitude, then it’s a bit too much!” Zhang Xinju was a little impatient by this attitude of Ji Feng and couldn’t help but say in an unsavoury manner.

“Very well!”

Ji Feng nodded slightly and smiled, "I understand."

"It's good that you understand!" Zhang Xinju said, "Mr. Qin, now things are just between kids after all, Qin Yunyao injured Xu Hao, just communicate between your guardians, our school is maintaining a neutral attitude in this regard!"

Neutral attitude?

Ji Feng laughed coldly.

Campus Master Chapter 2902

Neutral attitude?!

Looking at Zhang Xinju's smiling face with his glasses on, Ji Feng nodded and said, "Very well, then, since your attitude has shone through, I'll do the rest of the things my way!"

Zhang Xinju's attitude made Ji Feng feel disgusted.

As a kindergarten headmaster, Zhang Xinju was obviously being explicitly and implicitly biased towards the other side, but that was not all, the point was that when Ji Feng finished asking Yao Yao, he was really its killing heart!

Since he knew that Zhang Xinju had this attitude, there was no need for Ji Feng to go on talking nonsense with him, so Ji Feng continued to ask the little girl.

"Yao Yao, what happened after you smashed that little friend?!" Ji Feng asked gently.

"Afterwards the teachers all came"

Yao Yao's little mouth deflated, and when she said that she seemed to be thinking of that aggravation again, tears were in her eyes, "Then those bad people came, they beat me oooh"

Thinking of those fearful things, the little girl was so frightened that her body shook and she suddenly cried again.

Ji Feng listened to the heartache, but smiled and asked, "Yao Yao, these injuries on your body, are they all beaten?"

Yao Yao's two little hands tightly wrapped around Ji Feng's neck, whimpering and crying, Ji Feng kept wiping the teardrops away from her little face for a while before hearing her suddenly say, "The headmaster hit me with a popping chestnut!"

Ji Feng's eyes snapped shut, "What?!"

Zhang Xinju also heard Yaoyao's words, he instantly glared and drank, "Qin Yunyao, what did you say?!"

Whew~!

Without saying a word, Ji Feng stepped forward and kicked Zhang Xinju in the stomach, "Bang!" With a bang, he kicked Zhang Xinju to the ground, making the latter not even have the time to scream out, like a dog nodding its head as it was kicked to its knees, both hands covering its stomach, desperately opening its mouth wide, but that severe pain made him unable to scream out at all!

“If you dare to glare at my daughter again, I’ll gouge out your eyes today!” Ji Feng’s voice wasn’t high, but, it was full of hunger to kill, and Yao Yao’s words made Ji Feng want to chop Zhang Xinju on the spot!

He had always thought that Zhang Xinju only had an ambiguous attitude and was pulling the strings, favouring the other side, but what he hadn’t expected in any way was that Zhang Xinju had actually hit Yao Yao too! What’s more, he had hit her with a chestnut!

No wonder he had felt several bulges on Yaoyao’s little head just now. He had always thought that it was the sarcastic woman and her husband who had beaten her, but what he hadn’t expected was that it was actually Zhang Xinju who had beaten her!

It was unimaginable that a grown man like him would hit a five or six year old girl on the head like that.

“Zhang Xinju, I promise you, this is definitely not the end, believe me, you will definitely be treated in the best way possible!” Ji Feng gritted his teeth and stared at Zhang Xinju, almost wanting to break Zhang Xinju into pieces!

“Well uh” Zhang Xinju was kneeling on the ground with his head propped up on the ground by that kick from Ji Feng, a painful sound came out from his throat, and he didn’t know if he heard Ji Feng’s words.

Some teachers next to him shouted in alarm, some wanted to go up to help Zhang Xinju, while others hurriedly took out their phones to call the police.

At the same time, the sarcastic woman even screamed, “Murder! Someone’s killed! Hubby, hurry up and call someone!”

The young man had already made a call earlier, and now he took out his phone to make another call.

The mean woman pointed at Ji Feng and the others and said in a shrill voice, “Wait, we will definitely not let you go, just wait!”

Ji Feng didn’t even look at them, he just asked the little girl, “Yao Yao, then the footprints on your body, who kicked them?!”

The little girl subconsciously glanced at the youth not far away when she heard that.

Ji Feng then understood.

He nodded and said, “Yaoyao, daddy has to deal with some things, you go follow mommy first, and then bring you to play when daddy finishes dealing with things, okay?!”

The little girl nodded her head in a good manner, “Okay!”

So, Ji Feng handed Yao Yao over to Qin Shujie, she touched her daughter, seeing her pitiful little appearance, her heart ached as tears rushed down her face.

“Mommy doesn’t cry, Yao Yao doesn’t hurt.” The little girl was extraordinarily understanding and stretched out her little hand to wipe Qin Shujie’s tears.

Putting down Yao Yao, Ji Feng straightened his clothes, and step by step came to that headmaster Zhang Xinju and asked, “My daughter said that you hit her with a few chestnuts, did you?”

With a pained look on his face, Zhang Xinju stared at Ji Feng angrily and said with difficulty through clenched teeth, "Surname Qin, you, do you know who I am, how dare you hit me!"

"You hit my daughter, I'll hit you, that should be fair, right?!" As if Ji Feng didn't hear his words, he just raised his hand, bent his middle finger, aimed it at Zhang Xinju's head and slammed it down.

"Boom!"

Almost everyone in the room could hear this sound!

This made everyone's heart jump wildly a few times, because no one would have thought that a finger knocking on a person's head would make such a sound, and they really didn't know just how strong the knock was!

Looking at Zhang Xinju, his body jerked violently for a few seconds as a result of Ji Feng's knock, and his eyes rolled over, and he passed out without even screaming.

The couple not far away and the teachers next to them were all startled and took two steps back in panic, Ji Feng's blow was really too vicious!

A chestnut knocked Zhang Xinju unconscious, but Ji Feng wasn't finished, he lifted his foot again and stepped directly on Zhang Xinju's right hand, saying, "It should be this hand that hit my daughter, right?"

As soon as the words left his mouth, he lashed out with his foot.

Ka-ching!

This crisp sound reached everyone's ears, and the next moment, one could see Zhang Xinju's hand abruptly changed shape, his hand, raw and broken by Ji Feng!

"..... Well ah!"

The intense pain made Zhang Xinju, who had just been knocked unconscious, wake up in raw pain, but he preferred to stay unconscious, because as soon as he woke up, a heart-breaking pain instantly spread throughout his body, simply making him roar miserably in pain.

The little girl was so frightened that she hurried straight into Qin Shujie's arms, but then quietly peeked out her little head, seemingly a little scared and a little relieved.

"How many chestnuts did you hit my daughter with?!" Ji Feng looked at Zhang Xinju who was roaring madly on the ground and asked indifferently, that calm tone as if Zhang Xinju was not beaten by him, cold and incomparable.

"..... you, you're crazy! You are committing a crime do you know that?!" Zhang Xinju yelled in pain, his body trembling, his forehead covered in cold sweat.

"No need for you to remind."

Ji Feng said indifferently, "Answer my question, how many times did you hit my daughter!"

Zhang Xinju roared, "You're a madman! Call the police, call the police quickly"

Boom!

Ji Feng smashed down another explosive chestnut fiercely, and with Zhang Xinju's ah-mazing scream, he passed out again.

Immediately afterwards, Ji Feng's foot was placed on Zhang Xinju's other wrist again.

"Stop it!"

At this time, the two security guards who heard Zhang Xinju's miserable scream came over at the door, seeing this scene they yelled at the same time and rushed over, but before they could reach them, Han Zhen instantly smacked one of them in the face with a whip leg, at the same time she steeply leapt up with one foot on that security guard's body and slammed a knee strike into the other guard's chest.

"Uh uh"

The security guard's eyes widened and his mouth opened wide to take a big breath, but his face turned purple and finally his eyes rolled over and he too, like their headmaster Zhang Xinju, fainted.

The other teachers and the couple were shocked and backed away in a panic, while others tried to grab the door and run away, but Xiao Ying had somehow managed to stand at the door, causing everyone's footsteps to lurch.

"Today, no one will be able to walk out of here until the matter is resolved!" Xiao Yuxuan said in a cold voice, the behaviour and attitude of these people had enraged her as well.

The woman screamed and accused, while the man had a gloomy face, but none of them dared to barge in, while Xiao Yuxuan was directly ignoring them, as for Xiao Ying, she just stood at the door with an expressionless face.

Ji Feng acted as if he didn't see all this, and the foot that was stepping on Zhang Xinju's wrist lashed out, and with a click, Zhang Xin's other wrist was also broken.

"....."

At this moment, Zhang Xinju how also once awakened from the pain, but he did not even have the strength to scream, only dead eyes, like a dead fish, mouth wide open, body tense, that painful feeling makes his body dare not have the slightest relaxation

But the cold voice of Ji Feng rang out again, and in Zhang Xinju's ears, it was like the voice of the devil.

"How many times did you hit my daughter?!" Ji Feng asked.

"..... you, you're really crazy foreigner I won't let you go... .. "If he could, Zhang Xinju would absolutely tear Ji Feng to pieces, when had he ever been treated like this? Especially as the headmaster of a private noble kindergarten, how many people begged to send their children to him, who dared to treat him like this?

What's more, with his background, even those rich tycoons wouldn't dare to treat him like this!

But this young man in front of him, how dare he torture him like this, how could he not hate?

A foreigner?

Ji Feng, however, smiled faintly, really didn't know where on earth these people got the energy to make them feel so superior, he said, "That's exactly what I want to say to you, I won't let you go!"

Zhang Xinju's heart suddenly tightened and he subconsciously shivered, he was really scared by Ji Feng's torture, however, to his surprise, Ji Feng didn't torture him anymore, but directly stepped right past his face and came to that teacher.

"Teacher Xiao Lin is it? Please tell us what was going on at that time and speak to your conscience!" Ji Feng said in a deep voice.

"This" Teacher Xiao Lin was a little hesitant, not knowing how to speak.

"Or you can just say, is what my daughter said true!" Ji Feng asked.

"Woo woo~~ woo woo~~" Just then, the sound of sirens came from outside, the police were coming!

Campus Master Chapter 2903

The arrival of the police made the teacher, known as Xiao Lin, suddenly breathe a sigh of relief, rather like a weight off her shoulders.

It was obvious that the pressure she had just been under was not small!

"Humph!"

At this time, the woman who had been slapped could not help but sneer and said in a shrill voice, "The police are here, I'll see how you can still run wild! Just you wait, how dare you hit me, you'll be waiting to go to jail!"

Speaking here she saw that Yao Yao was so scared that she couldn't help but hide in Qin Shujie's arms, that woman couldn't help but sneer, "Damn girl, you still know how to be scared? Hmph! In the future, there will be a time when you are afraid, dare to hurt my son, I will make you get out of this kindergarten, and in the future, in other kindergartens in Jiangzhou, you won't have a good day either!"

"Don't flash your tongue!"

Qin Shujie said in a cold voice, her face like frost, "Don't go too far, if you have the ability to fight to the end today, what kind of ability is it to take it out on a child!"

"I can take it out on whoever I want, you dare to tell me what to do?" The woman shouted, "Just wait, when the police come, you'll all go to jail!"

"That depends on whether you have the ability to do so!" Tong Lei said coldly, even her cool personality could not help it, this woman's arrogant attitude, as well as that unbridled domineering, really enraged her, how dare she beat even a child, and speak with such insult to a five or six-year-old child, this is simply heartless!

However, this anger of Tong Lei was directly ignored by that woman, only to hear her sneer and say disdainfully, "Whether I have this ability or not, you will know later!"

Looking at Tong Lei's clear and beautiful face, that woman's heart could not help but rise up with a strong feeling of jealousy, she could not wait to take a knife and scrape Tong Lei's face right now!

“Teacher Xiao Lin, no way to answer?!” Ji Feng looked at the female teacher and asked indifferently.

“I

“Little Lin teacher, you are a teacher, before you say every word you have to consider whether what you say is right to your conscience, whether you can be able to ask for a clear conscience in the future when the children are calling you teacher, or even calling you teacher good!” Ji Feng said.

Teacher Xiao Lin’s voice came to an abrupt halt. Her face couldn’t help but turn red, her teeth biting her lips, not knowing how to speak anymore, looking very embarrassed.

When Ji Feng saw this scene, he naturally understood what was going on, obviously what the headmaster, Zhang Xinju, had said before was false, and Xiao Lin was definitely not outside when the conflict occurred, she was most likely at the scene at that time.

Then, with Zhang Xinju refusing to provide the surveillance video information, and Bai Zhu not yet back, then this was the time when Xiao Lin’s teacher’s statement was particularly important.

“Mr. Qin, I’m sorry, I” Xiao Lin looked nervous, she almost didn’t dare to look at Ji Feng’s eyes, but still said, “I happened to be out for a while at the time and wasn’t at the scene, what exactly happened between Xu Hao and Qin Yunyao What happened, I’m not too

clear.”
Ji Feng couldn’t help but sigh in his heart, with a look of disappointment in his eyes, not because he didn’t get the answer he wanted, but because he was disappointed with the lying behavior of this teacher known as Xiao Lin, just such a person, also worthy of being a child’s initiation teacher, also worthy of educating Yaoyao?!

The disappointed look in Ji Feng’s eyes caused Xiao Lin’s face to turn red, lowering her head and not daring to look at Ji Feng at all, but she bit her lips and said no more.

“Good!”

Ji Feng faintly nodded his head.

At this time, the young man who had not spoken much, that is, Xu Hao’s father, was staring at Ji Feng with a gloomy face at this moment and said in a deep voice, “Kid, this is the first time I have seen someone as rampant as you, today you have beaten up people and played with your authority, but now, this is the end of it!”

Hearing the sound of sirens coming from outside, the man said in a cold voice, “No one has ever dared to touch my people in front of me, Xu He, but you have beaten my wife! Kid, today I’m going to let you know that all that bravado you’re playing with is going to be a disaster for you.”

“Snort~!”

As soon as his words fell, Little Shadow couldn’t help but snort, looking at this man named Xu He as if he was looking at an idiot.

Is this person sick in the head?

Does he really think that just because he has a bit of background and a bit of authority, he dares to act like a big head of garlic here? If Ji Shao had revealed his identity, I'm afraid this man would have been so scared that his legs would have gone limp on the ground, right?

Xiao Ying looked at Xu He with a pitying gaze, and couldn't help but feel sad for him. The headmaster named Zhang Xinju was also the same. Young Ji talked to them and tried to resolve the matter reasonably, but they were so rampant, not only did they beat up the little girl, but they were even more rampant now.

However, Xu He did not know this, so Xiao Ying's snicker sounded extraordinarily harsh in his ears!

"Laugh all you want!"

Xu He sneered twice and looked at Little Shadow, saying with a gloomy face, "When the police come later, I'll tear your mouth apart!"

Little Shadow's face chilled, and the cold light in his eyes was wide.

Xu He was suddenly shocked in his heart and subconsciously took a step back, but he saw a disdainful smile on Little Shadow's face, he instantly turned red, that cowardly performance just now made him hate Little Shadow, and also Ji Feng and others, his eyes were incomparably hostile, with a strong hatred.

However, Xiao Ying only glanced at him disdainfully, people like this only rely on their background, if they didn't have a background then even a look from her would be able to scare him back, it's really a golden jade, it's not worth mentioning at all!

Xiao Ying was only thinking what she really thought, because she had been in the guard corps and then followed Xiao Su Mei, so she hadn't seen many people like this, and most importantly, she did think that people like Xu He were just like the outside of the jade and the inside of the jade, so she naturally put this thought on her face and showed her contempt and disdain.

She didn't know how much this irritated Xu He, especially the kind of contempt that was not deliberately made to appear, which made Xu He want to slap him over right now.

But when he thought of Xiao Ying's tactics, Xu He could only grit his teeth, but the hatred in his eyes became even stronger.

He stared at Ji Feng expansively and gritted his teeth, "Kid, later on I will let you know what it means to regret!"

Ji Feng nodded and said, "I'll wait. And that, too, is what I want to say to you!"

"Good!"

This word almost burst out from Xu He's teeth, this dismissive attitude of Ji Feng and Xiao Ying really made him hate to the core!

Zhang Xinju also hated it so much that even now his stomach still hurt so much that he couldn't help but have cold sweat on his forehead and his face was so white that he even wondered if his internal organs had been smashed by Ji Feng's kick

“You, you wait to go to jail! Qin Yunyao don’t want to continue going to school in Jiangzhou either!” Zhang Xinju gritted his teeth and roared low.

When Yao Yao heard that, looking at Zhang Xinju’s hideous appearance, she was so scared that she couldn’t help but tightly hug her mother Qin Shujie’s neck, her little body leaning tightly towards Qin Shujie’s body.

Ji Feng nodded his head and said, “I’ll wait too!”

At this moment, there was not the slightest bit of fire in his words, but his eyes were incomparably cold, and anyone could feel the anger he was suppressing.

Stomp, stomp, stomp!

A sound of footsteps came and then four or five policemen were seen walking in quickly from outside, led by a man of about thirty years old, who shouted loudly before he even entered the door, “Who is committing murder here, stop it immediately!”

When he walked in and saw the scene inside, and saw Zhang Xinju kneeling on the ground with his stomach in pain, he immediately shouted, “Who did this?!”

“They did it, Team Chen

As soon as the woman saw the police coming, she was emboldened and pointed at Ji Feng and the others, and with a scratch of her hand, she said in a shrill voice, “It’s them, the thugs! Team Chen, you quickly arrest them all, not only did their children injure my son, they also acted recklessly here after they arrived, this is to kill people, look, Principal Zhang is almost killed by them!”

The policeman known as Team Chen immediately looked at Ji Feng and drank with a sullen face, “Is that so?!”

“No!”

Ji Feng shook his head, “I

However, before he could finish his words he was interrupted by the woman, only to hear the woman say in a shrill voice, “What isn’t! You were so fierce just now, weren’t you? Now you don’t dare to admit it! I’m telling you, you’ve committed a blatant murder here with the intention of killing someone, it’s useless for you to defend yourself, everyone here has seen it, they are all witnesses!”

Xu He also said with a gloomy face, “That’s right! Comrade police, originally this person’s daughter is a crazy girl, not only did she injure my son, but they also started to beat people up before they could say a few words after they arrived, Principal Zhang was beaten and still hasn’t gotten up yet, he must have been seriously injured!”

Hearing their words, Xiao Yuxuan and the others’ faces showed their anger and said, “You are shameless! This is nonsense! It is obvious that you are the ones who insulted people first

“Shut up, you’re not being asked now!” Who knows, the police officer leading the team suddenly shouted, interrupting Xiao Yuxuan.

“Say it again!” Xiao Yuxuan’s pair of beautiful eyes then couldn’t help but narrow.

The policeman’s eyes glared and he said in a cold voice: “What, do you still want to do something to me? I’m standing right here, come over if you have the guts!”

Xiao Yuxuan stared at him coldly.

The policeman who was leading the team then grunted, turned his head to look at Ji Feng and asked, “What else do you have to say about what the victim said?!”

“Team Chen, right?”

Ji Feng said indifferently, “You called them victims? So, you’ve already determined the matter?”

Campus Master Chapter 2904

The fact that the police and Xu He were acquainted with each other was obvious even to the blind, especially when the woman directly called out the name Captain Chen without any disguise at all, which was enough to explain the problem.

The woman’s name is Xu He, who is still more or less scrupulous and only addresses him as Comrade Police when shouting at Captain Chen, but by now there is no point in trying to cover up the obvious.

The fact is, for these people who have some power and some background, their arrogance and recklessness Ji Feng has really seen too much, the average person can hardly imagine how reckless they will be!

So once Ji Feng heard the words of Captain Chen, he knew that this policeman named Chen was going to blatantly favor Xu He and his wife!

Captain Chen sank his face and drank: “What is the matter, I’m not blind, can’t I see it? How dare you commit murder in a kindergarten, you really don’t know how to write the word “death”! Arrest him!”

“Captain Chen!”

Ji Feng violently raised his voice and stared at him coldly as he said in a deep voice, “I advise you to think carefully before you arrest anyone, otherwise, it will be too late for you to regret!”

“Little Beavis, you’re threatening me?!”

This cold attitude of Ji Feng really angered him at once, since he had been a police officer for all these years, which ordinary people did not have a nervous face when they saw a police officer, this little deflated man dared to confront him like this and spoke so nonchalantly, he was immediately enraged.

He was furious.

Captain Chen’s expression was incomparably fierce, and he slapped his hand over.

A cold light flashed in Ji Feng’s eyes and he violently kicked Captain Chen in the stomach, instantly sending him flying backwards and landing heavily on the ground with a bang and a miserable scream!

Xu He and several other policemen couldn’t help but be shocked, how dare Ji Feng hit a policeman?

In a huff, the few remaining policemen hurriedly drew their guns and pointed them at Ji Feng, shouting, "Stop! Put your hands on your head and squat down!"

Earlier, Xu He and his family said that this thug was committing murder here, and that he almost killed someone, and now they really saw that this thug even gave their captain a beating, which was simply vicious.

Ji Feng coldly swept a glance at them and said in a cold voice: "What, are you also going to follow your captain and turn black and white upside down? Or are you going to be in cahoots with these few brutes?!"

"Cut the crap, hold your head and squat down!" A few policemen shouted, extremely fierce.

"What if I don't squat? You guys can shoot if you have the guts!" Ji Feng said coldly, then his hand went to his pocket, but his action was too dangerous in the eyes of those few policemen, and those few policemen were immediately like enemies, and two of them almost pulled the trigger.

Click~~!

At that very moment, there were a few more sounds of gun bolts being pulled, and then the policemen were shocked to find that the two beautiful women had taken out their guns and were pointing them at the same time!

"Put the guns down!"

The two of them, one from the guard corps and the other from the regular army, were so familiar with firearms that they could hear the movement and sound of every part of the gun with their eyes closed.

This made them intolerable, and they all drew their guns at once and pointed them at the policemen.

"....."

At this moment, everyone couldn't help but be shocked.

How could those policemen have not expected that these two beautiful women would have guns, and, in front of them, the policemen, they even dared to pull out their guns and point them at them, which simply turned their perceptions upside down.

Seeing this scene, even Captain Chen, who was still covering his stomach in pain and was just about to open his mouth to curse, shut his mouth instantly, and swallowed the words that were on his lips, only to look at the scene in shock.

"Drop the gun!" Han Zhen shouted, "or be shot on the spot!"

"..... you, what are you people?!"

It was at this point that Captain Chen finally knew that something was wrong, just looking at these two women who actually carried guns with them, and then looking at Ji Feng, who was able to look as normal even though several guns were pointed at him, as if these guns in front of him were just children's toys, Captain Chen, even if he was arrogant, realized that Ji Feng and the others were not ordinary people, I'm afraid.

Ji Feng didn't even look at him, he just took out his mobile phone freely, called up his address book, and then dialed a number.

"Young Ji?"

On the phone, a somewhat surprised voice came, and then he smiled, "Ji Shao, why did you suddenly remember to call me?"

Ji Feng asked indifferently, "Pengfei, Songjiang Road is under your father's jurisdiction, right?"

He called Qiu Pengfei, the place where this kindergarten was located should be under the jurisdiction of Qiu Pengfei's old man, here even if he called the director of the municipal bureau directly, it might not be as useful as calling Qiu Pengfei.

Hearing Ji Feng's words, Qiu Pengfei couldn't help but stare, because he heard a feeling that something wasn't quite right from Ji Feng's words, and couldn't help but ask: "Yes, young Ji, what's wrong?"

"Well then, I'm on Songjiang Road right now, my daughter was beaten up and there are a few police officers pointing guns at my head right now, do you want to come over?!" Ji Feng asked.

"Buzz~!" The sound.

Qiu Pengfei's head was dumbfounded when he heard this, and then a wave of anger instantly rose up, these sons of bitches, there must be another police officer somewhere who had caused trouble with Ji Feng's head, otherwise with Ji Feng's status, how could he have gone against a few small police officers?

Obviously it was those few cops who were looking for a fight!

"I'll be right over!"

When Ji Feng said the name and address of the kindergarten, Qiu Pengfei didn't say a word, just dropped this sentence and then immediately hung up the phone.

Ji Feng slowly put away the phone, glanced at those police officers, then looked at the two Xu He's family, his expression was cold and frightening.

"Who the hell are you?!" Xu He also realized that something was wrong, ordinary people being pointed at by a black hole at the muzzle of a gun, the fear alone in their hearts would already make them break down, where else would they be so calm like Ji Feng?

The woman who was beside Xu He at the moment was already nervous and started backing up, these few guns pointing at each other in front of her, this scene was too frightening, it made her face a little white, she didn't even think it would come to this!

Ji Feng glanced at him and said indifferently, "Don't forget what I told you, I won't let you go!"

Xu He couldn't help but turn pale and snorted coldly.

Captain Chen stood up and looked at Ji Feng in shock, but didn't have the courage to come forward, he just hurriedly pulled out his gun and pointed it at Ji Feng and said loudly, "Who the hell are you people, if you don't speak up again, you will be treated as thugs and we may have to shoot you!"

Ji Feng didn't even look at him, he just walked over, picked up Yao Yao from Qin Shujie's arms again, carried the little girl and walked straight out, it was possible to let a small child know that an adult would stand up for her when she was bullied, but there was no need to let her see such a scene, it wouldn't be good for her growth.

As soon as he carried Yao Yao out, Qin Shujie and Xiao Yuxuan and the others also went out, leaving only Little Shadow and Han Zhen standing at the door, staring coldly at the people in the room.

When a policeman tried to approach, Xiao Ying pointed his gun at him with a twist and said in a cold voice, "Whoever dares to move again will be shot dead on the spot! No one will leave here until we settle things today!"

Captain Chen's face changed again and he couldn't help but ask, "May I ask who the hell are you people and how come you have guns?!"

Little Shadow didn't even look at him.

Captain Chen couldn't help but be a little embarrassed, he glanced at Xu He and found that the latter was also giving him a wink, he immediately walked over slowly, only all the while but carefully looking at Little Shadow, afraid that she would really shoot.

"Captain Chen, who exactly is the other party?" As soon as he came to the front, Xu He hurriedly lowered his voice and asked, "How come they still have guns?"

"I don't know!"

Captain Chen was also puzzled, where did these people get the guns? And looking at the way they were emboldened, it was obvious that the gun must not have come from an illegal source, which meant that these people were certainly not ordinary thugs.

"General Xu, do you also not know what the other party is?" Captain Chen couldn't help but ask.

"I don't know either." Xu He shook his head, but there was some regret in his heart.

"Looking at this situation, I'm afraid they are not ordinary people either, they are either policemen or soldiers, but if they are policemen they would definitely not be like this in the same system, so I think they might be soldiers!" Captain Chen said in a low voice, "Didn't you see that man just now standing straight, walking with a dragon walk and an aura about him, I'm afraid he's an officer!"

Xu He's face changed at that, "An officer?"

Captain Chen nodded his head and said, "I guess so. But it's okay, there's not that much power on the army anymore, and in Jiangzhou, the energy of our police is not a cover! But Mr Xu, if we want to solve this matter now, we will definitely have to use your connections."

Xu He immediately understood, "You mean, let me call my brother-in-law?"

Captain Chen nodded and said, "That's right, I'm afraid the only way to subdue the other party is to bring out Director Chen's identity! With Director Chen's status, even if a division commander of the army comes, he would have to give some face, seeing as how that kid can't be a division commander, he would be lucky to be a platoon commander or a company commander at his age!"

Xu He nodded at the words, and remembering his brother-in-law, he had a lot of courage: "Captain Chen, then do as you say!"

Team Chen immediately nodded, then stepped forward and said loudly, "Do you know what you're doing? Put the guns down immediately!"

Campus Master Chapter 2905

Team Chen immediately nodded, then stepped forward and said loudly, "Do you know what you are doing? Put down your guns immediately!"

When she heard Captain Chen's words, she looked even colder, and her eyes were filled with a murderous aura. If she could, she would like to shoot Captain Chen, for there was no telling how many people would be persecuted by such a person.

As for Xiao Ying, she was used to seeing the bigwigs of the Central Committee, she would not put such a small person like Captain Chen in her eyes, in her opinion, people like Captain Chen were simply fanatics who did not know their own surname when they had a little power!

"Humph!"

Seeing that Han Zhen and Xiao Ying had simply ignored him, Captain Chen was really angry and embarrassed, and roared, "Put down your guns! Do you guys want to rebel?! If you don't put your guns down again, don't blame us for not being polite!"

Han Zhen sneered, "You're not polite? Be my guest!"

Captain Chen could not help but choke, what did he mean? What did he mean? Was he telling them to shoot?

Even though there were several of them and they had guns in their hands, representing the country, they must have been bold, but that was only when they were facing unarmed civilians, now they were facing two people who also had guns, even if they were two girls, it made his heart drum.

"Do you know what you are doing?" Captain Chen bellowed, "For your information, this is the brother-in-law of Chen Kui, the director of the Jiangzhou Municipal Bureau!"

"Chen Kui?!"

Xiao Ying asked with a frown, she had once heard Ji Feng and the others say at home that the chief of the Jiangzhou Municipal Bureau seemed to be called Chen Kui, only that this Chen Kui seemed to have a rather ambiguous attitude, and it seemed that it was unclear which side his ass was sitting on.

When Captain Chen heard this, he was immediately emboldened, this woman knew Chief Chen, he immediately had the guts to shout, "Since you know Chief Chen, you should know what your current behavior means immediately put down your guns, otherwise, I can shoot you on the spot! "

"Ridiculous!"

Han Zhen sneered and gave Captain Chen a disdainful glance, she had no good feeling at all towards this kind of foxy lapdogs.

Captain Chen glared at them, but in his heart he couldn't help but mutter, these two women seemed to know about Chief Chen, but they didn't seem to be buying much, huh?

"You two cheap women, you know we are Chief Chen's family and still dare to do this, you don't want to live?!" Suddenly, the woman said in a shrill voice, "Anyone like you can be shot dead at any time now!"

"Put the gun down and I can give you a chance to explain yourselves!" Xu He said with a sullen face.

Xiao Ying and Han Zhen looked at each other and both saw the sneer in each other's eyes, these few people couldn't be idiots, could they? Did they really think they could be unscrupulous just because they had Chen Kui backing them up?

What a joke!

If what Yao Yao said just now was true, then today's matter would definitely not be settled so easily.

Even if Ji Shao did not do anything to them because of Chen Kui's face, they would not put down their guns now. Yao Yao was such a cute little girl, but she was treated like this by them. Whether it was the arrogant Xu He and his wife, or that Zhang Xinju who didn't know how high the sky was, or this captain Chen who was an enabler, they all looked extremely disgusted!

Asking them to put down their guns was simply a delusion!

"You guys"

When Captain Chen saw the disdainful looks of Xiao Ying and Han Zhen, a burst of anger rose, but when he saw the black muzzle of the gun, he didn't know what to say. If he was facing just ordinary civilians, he might have really ordered the shooting, but when faced with these two women who were also holding guns, he didn't dare to do so.

If these two people were really from the military, even if the military was still relying on the local police system to resettle ex-military personnel and so on, but if he really fired his gun, then no matter how the final treatment was, he would not be able to do his job as a captain.

Therefore, Captain Chen could only glare at Xiao Ying and Han Zhen with hatred, then turned his head to Xu He and said in a low voice, "Chief Xu, there's some trouble, the other side is soft and hard, maybe they don't believe that Chief Chen is your brother-in-law."

"They're making a fool of themselves!"

Before Xu He could say anything, the woman couldn't help but say in a shrill voice, "Captain Chen, what are you doing, so many of you can still be intimidated by these two bitches?"

Captain Chen was a little embarrassed and his face didn't look too good, being accused by a woman like that, his face was a little embarrassed.

Xu He said, "Captain Chen, unload their guns, no matter who they are, surrender their guns first!"

Captain Chen cursed in his heart, his mouth is said: "But they are too tough, it looks like they will not agree to surrender their guns at all, Mr. Xu, otherwise this way, you now immediately contact Chen

Bureau, now it seems that we must go through him to do so, these two women are clearly two dumb people, will not think much at all

Xu He grimaced, thought for a while, finally nodded and said, "Good! I'll call my brother-in-law, if I don't let them skin me today, my name is not Xu!"

He took out his mobile phone and started calling.

Outside.

Qin Shujie's face was very unpleasant, she also saw those few finger marks on Yao Yao's little face, she was angry and heartbroken, her tears were welling up in her eyes in anger.

Qin Shujie and Tong Lei were also heartbroken, for a cute little girl like Yaoyao, they would normally be heartbroken even if she was bumped, let alone being hit, let alone being hit by someone, let alone an adult!

Especially the big footprint on the little girl's stomach, that was obviously kicked by an adult, there was no doubt that the people present were either the headmaster surnamed Zhang who kicked her or the man called Xu He who kicked her, no matter who it was, they as an adult man actually did this to a few years old little girl, simply heartless, not human!

"Husband."

Tong Lei looked at Ji Feng, very rare to address Ji Feng as husband outside, under that clear and beautiful face, contained a thick chill, "You have to take it out for Yao Yao!"

The little girl was treated in such a way that made even Tong Lei angry.

Ji Feng nodded and said, "Don't worry, this matter won't end so easily."

Tong Lei didn't say anything when she heard that, she just picked up the little girl from Qin Shujie's arms, hugged her and turned her head to Ji Feng and said, "I'll take Yao Yao to the hospital first and wait for your news."

She was too fond of expressing her anger, but today she was utterly furious, her meaning was clear, she would leave this place to Ji Feng, she didn't care about the rest.

Ji Feng squeezed Qin Shujie's small hand and said, "You guys go ahead, I'm here."

The two security guards at the entrance of the kindergarten wanted to intercept, but when they saw Ji Feng's ice-cold expression, the two guards stiffly did not dare to speak.

"Lei Lei, go to the medical room for a check-up first!" Qin Shujie said, "There is a health room in this kindergarten, let's see if Yao Yao has hurt her bones."

"Where is it?" Tong Lei asked.

"It's in the building right in front." Qin Shujie said. This aristocratic kindergarten was very well equipped, and although it was said to be a health room, the person sitting inside was a very experienced paediatrician, which was one of the attractions of the kindergarten.

“Let’s go over there!”

Tong Lei said immediately, she wanted to take Yao Yao to the hospital because she was worried about whether the little girl might have hurt herself somewhere, now there was a medical room here that would be perfect, if the little girl was really seriously injured, she might get hurt again during this trip to the hospital, it would be better to do the initial examination in the medical room.

Tong Lei and the others then took Yao Yao to the medical room, not long after, a sound of sharp braking was heard from the entrance, then they saw several people were hurrying over, the one walking in the front was none other than Qiu Peng Fei, following him, there were two people in police uniforms.

“Young Ji!”

Seeing Ji Feng standing in the courtyard, Qiu Pengfei immediately walked over, and the two security guards at the entrance just wanted to stop him, but when they saw the two men in police uniforms behind them glaring, they didn’t dare to say anything to stop him. We were all in uniform, but their uniforms were far worse than the police uniforms.

Qiu Pengfei walked over quickly, and when he saw Ji Feng’s unpleasant face, he couldn’t help but thump in his heart, and immediately realized that things were serious.

“Young Ji, what’s going on?!” Qiu Pengfei came to the front and asked in a low voice.

“My daughter has been beaten up! A few finger marks on her face, a few chestnuts knocked on her head, and a big footprint on her chest ……” Ji Feng said with an expressionless face, “Now, there are still a few police officers inside pointing guns at my people, but they think that we are the murderers!”

“Buzz~!” The sound.

Qiu Pengfei’s brain exploded, he almost wanted to roar, which fucking bastard was such an asshole that he would do such a thing?

Who should you mess with? You have to mess with Ji Feng!

“Young Ji, don’t worry, I will definitely give you an explanation for this matter today!” Qiu Pengfei immediately said, “These two are Hou and Qu of the Wanjiang District Branch, no matter who is inside, this matter is not finished today!”

“That’s right!”

That Hou chief immediately nodded his head and said with a gloomy face, “Don’t worry, if this matter is not handled properly today, my old Hou’s skin will be gone!”

Everyone realized the seriousness of the matter, just by looking at Ji Feng’s gloomy face, they knew how serious the matter was today.

But off to the side, at this moment, a loud yell came from inside: “Are you guys trying to rebel? How dare you point your guns at the police? Do you know what you are doing? Put down your guns immediately, or else you will be treated as thugs and shot on the spot immediately ……”

When Chief Hou and Deputy Chief Qu heard this, they couldn't help but feel black in front of their eyes, who the hell is this son of a bitch! This is not enough to die quickly enough?!

Campus Master Chapter 2906

But instead, at this moment, a shout came from inside: "Do you want to rebel? How dare you point your guns at the police, do you know what you are doing? Put down your guns immediately, or else you will be treated as thugs and shot on the spot immediately"

When Chief Hou and Deputy Chief Qu heard this, they couldn't help but feel black in front of their eyes, who the hell is this son of a bitch! This is not fast enough to die?!!!

"..... son of a bitch!"

The director of Hou no longer knows what to say, his heart that angry ah, which son of a bitch, how can be so dead

The first thing you need to do is to get a good idea of what you are doing. They are really trying to rebel! I don't know who gave them the strength and authority to shoot people down at will!

Qiu Pengfei's face was already incomparably gloomy, when he heard this yell he instantly understood everything, he also finally understood why Ji Feng would stand here instead of going in to confront those people, it was because, when Ji Feng stood inside and saw those people, he would feel sick!

"I'll take care of this!"

Qiu Pengfei gritted his teeth and dropped these words, wearing a suit he was originally gentle and elegant, but at this moment what he was restraining under his fluttering manners was a violent anger!

But even though he was angry, Qiu Pengfei knew the priority of the matter, so he suppressed his anger and asked, "Ji Shao, how is the child?"

Just now, Ji Feng briefly mentioned the child's condition, saying that there were footprints on his body and a few bulges on his head, so what Qiu Pengfei was most worried about was whether there would be any serious problems with the child, for example, if the child was still so young and had a few bulges knocked on his head by an adult, he might have a slight concussion. It's not unheard of for such things to happen.

Moreover, even if there is no concussion, if the little girl's body has more than just superficial injuries then this is a serious matter!

So Qiu Pengfei's heart is very worried, because the little child's injury in the end, will directly determine the attitude of Ji Feng, from Ji Feng to his daughter on this kind of love can be seen, if the little girl really suffered injuries, then Ji Feng will definitely not just let it go.

And, Ji Feng definitely wouldn't just take care of the few bastards in the house and forget about it!

"We don't know yet, Reilei and the girls took it to the medical room for a preliminary examination." Ji Feng shook his head and said.

“Then I” Qiu Pengfei was just about to speak when two angry roars suddenly came from the room, interrupting him at once, only to hear one person roaring, “Do you know who this is? This is General Manager Xu of Baida International, the brother-in-law of Chen Kui, the head of the Municipal Bureau!”

Qiu Pengfei was stunned. Chen Kui? Wasn't that the head of the Municipal Bureau? Even in the whole of Jiangzhou that was quite influential, definitely counted as a real power faction, a very powerful person.

Especially recently, I heard that after Chen Kui had removed some of former director Zheng Yuanshan's forces, it can be said that he has almost completely controlled the Jiangzhou Municipal Bureau, and no one in Jiangzhou is willing to offend him.

However, it was unexpected that the person inside was Chen Kui's brother-in-law?

They looked at Qiu Pengfei, as if they wanted to verify the truth of this statement from him.

But instead, they saw Qiu Pengfei grit his teeth and said, “Humph! No matter who it is, as long as they have broken the law, they should be treated equally!”

Chief Hou and Deputy Chief Qu then understood in their hearts what Qiu Pengfei meant, but the problem was that they, as people in the police system, were themselves directly under Chen Kui's leadership, and now they wanted to arrest Chen Kui's brother-in-law, which

“If you two find it difficult, please go back!” Qiu Pengfei took one look at the reaction of these two people, and his face immediately sank.

Director Hou and Deputy Director Qu immediately just had a jolt, they suddenly remembered, the so-called county officials are better than the present management, Qiu Pengfei is the son of the first hand of Wanjiang District, and also their top boss!

Although Chen Kui, the head of the Jiangzhou Municipal Bureau, was also their immediate leader in the police system, in reality, Qiu Pengfei's father was the one who directly led them!

What's more

There is another person with a higher and more important status than Qiu Pengfei, this young man with a face as deep as water is the nephew of Jiangzhou's No. 1, senior city official Ji Zhenguo!

Chen Kui's brother-in-law, with the nephew of Secretary Ji

There's no need for any thinking in between!

“These scum!”

Director Hou stomped his feet, and with an iron face, he directly strode over, followed by Deputy Director Qu, while also directly pulling his sidearm from his body!

Qiu Pengfei then snorted coldly and said to Ji Feng, “Young Ji, I'll go in and take a look.”

Ji Feng said, “Go over together.”

When he entered the house, Chief Hou shouted angrily, “Chen Heng, are you trying to rebel? Ah?! What are you doing? Put the gun down for me!”

“Hou, Bureau Chief Hou?!” Captain Chen froze as soon as he saw the person, “You

“Chen Heng, didn’t you hear Chief Hou’s words?! What are you doing?”

“Deputy Director Qu?!”

Chen Heng was dumbfounded, he didn’t expect that the first and second in command of the bureau would appear in this place at the same time, and looking at their faces, they still seemed to be coming from a bad place, right?

Ka ka ka~!

Chief Hou suddenly took out his own pistol and pointed it at Chen Heng, saying in a cold voice, “Chen Heng, did you not hear my orders? Casually pointing a gun at innocent people, have you learned all your laws and discipline in your dog’s stomach? Put the gun down!”

“Bureau Hou!”

Chen Heng’s heart trembled and his voice shook a little, his hand even shivered and his pistol fell to the ground with a clatter, but he didn’t dare to pick it up, he just stared blankly at Director Hou and Deputy Director Qu.

“Captain Chen, you are” At this time, Xu He and the others were also dumbfounded. The scene in front of them made their brains almost turn around, what was all this about? How come these two policemen who followed Ji Feng in, came up and told Captain Chen to put his gun down?

However, at this moment, where was Chen Heng to have time to explain to him? He could only say with a frightened heart, “Bureau Hou, Deputy Chief Qu, you, you listen to my explanation”

“What else is there to explain? What? Aiding and abetting the enemy, casually holding a gun on the innocent masses, Chen Heng, on behalf of the Bureau Party Committee, I now inform you that you are relieved of all your duties pending disposal!” Chief Hou said in a cold voice.

“Ah?!”

With a swish, Chen Heng’s face turned pale, how could he not understand what this order meant? He was relieved of all duties and had to wait for processing

In fact, this was tantamount to dismissal from office and investigation!

The actual fact is that this is the same as being dismissed and investigated. If you want to investigate, you will definitely be able to find out the problem, and Chen Heng knows what he has done, if really found out, then he is almost enough to be shot as a felony!

At this moment, Chen Heng could not hold back any longer, and hastily begged, “Director Hou, I’m wrong, don’t”

“Get lost!”

Chief Hou was so angry at this ugly state of his that he kicked him away and roared, “Chen Heng, now you have two choices, go back and wait to be dealt with, or I will take you down right now, your choice!”

Chen Heng stood frozen on the spot!

He didn't understand how this could happen, how could Director Hou suddenly turn his face around and be merciless? He had to know that he still had a certain relationship with one of the deputy directors of the bureau.

However, when he saw the two young men standing not far away, he vaguely understood what was going on, and in a flash, Chen Heng's face turned white!

That young man, with his excellent connections, must be someone with a big background and a big deal!

An emotion called regret rose in Chen Heng's heart, how could he have been blind?

No!

There was also Director Chen!

Chen Heng suddenly reacted, he had offended this young man with a big background and big influence for the sake of Xu He, thinking of this he hurriedly said, "Hou Bureau, this, this is Mr. Xu, his brother-in-law is Director Chen of the Municipal Bureau, everything I do is his intention!"

At this time, Xu He was not so confident in his heart anymore, but at this time he still said stiffly: "That's right, this is all my intention, these two police comrades, it seems that you should be the leaders of Captain Chen, then you should know my brother-in-law Chen Kui, right? What's the matter, just make it easy? Otherwise, I'll let my brother-in-law give you guys a call!"

"Let him call!"

At this time, Qiu Pengfei spoke, his face sullen as he coldly snorted, "You call Director Chen and tell him that Qiu Pengfei and Ji Feng are here!"

"Qiu Pengfei?!" Xu He was startled at his words and looked at Qiu Pengfei, "You're Qiu Shao?"

"I dare not! Mr. Xu, make the call, don't delay!" Qiu Pengfei said coldly.

"Young Qiu, this man is a friend of yours?" When Xu He heard that it was Qiu Pengfei, he hesitated a little, he had heard of this person Qiu Pengfei, he was considered a figure in Jiangzhou, Qiu Pengfei's old son was the head of Wanjiang District, definitely one of the powerful people in Jiangzhou, so Xu He was a little reluctant to mess with him.

Qiu Pengfei said in a deep voice, "Mr. Xu, hurry up and make the call, otherwise, you won't stand a chance!"

Xu He looked at him and then at Ji Feng and gritted his teeth, "Young Qiu, is it really so disgraceful? I didn't know it was your friend before, since I know it now, let's forget about this matter"

"You're sick in the head, aren't you?!" Qiu Pengfei was immediately speechless, he looked at Xu He as if he was looking at an idiot, "Didn't you hear what I said? Now, I'm going to screw you! If you have the guts, let Chen Kui call the phone directly, otherwise, you will definitely go out sideways today!"

Xu He couldn't help but blush when he heard that, "You"

"Fight!"

Qiu Pengfei shouted angrily, "If you don't fight, I will screw you to death now!"

Xu He was so scared that his heart jumped dramatically and he hurriedly took out his phone and dialed his brother-in-law Chen Kui's phone number

Campus Master Chapter 2907

The fact that he had only been in Jiangzhou for a short time was because his brother-in-law, Chen Kui, was sitting firmly in the position of the head of the Jiangzhou Municipal Bureau, and only then did he want to come over to get some convenience.

Therefore, if we are talking about the roots in Jiangzhou, he is not comparable to Qiu Pengfei at all, not even worthy to carry Qiu Pengfei's shoes!

Xu He could only call his brother-in-law Chen Kui, and when he saw Qiu Pengfei's gloomy face, he was really worried.

Ji Feng and Qiu Pengfei just stood there, watching Xu He make the call. As for the few police officers who followed Captain Chen, they were no longer as arrogant and cocky as they were before, their faces were pale and they were all sifted.

As for Zhang Xinju, he didn't even dare to scream in pain, he just held his stomach and stared dumbly at the scene before him. Of course he knew Qiu Pengfei, and knew that he was the son of Secretary Qiu, the number one young man in the Wanjiang District. If it was in normal times, he would have tried his best to greet Qiu Pengfei when he saw him.

But now, Zhang Xinju's heart was sinking.

The reason was that he saw Qiu Pengfei standing with the little girl's father, and it seemed that there was a certain relationship between them!

He couldn't help but stutter in his heart and said, "Oh no!"

If that young man was really related to Qiu Pengfei, then that meant that he had offended Qiu Pengfei as well.

As for the other teachers and security guards, they were even more silent, as they had never experienced this kind of situation before, they did not even dare to breathe out, because everyone could see that something big was about to happen, and this was not something they could afford to get involved in.

That teacher Xiao Lin's heart was about to jump out of his chest

"Hey, brother-in-law, it's me Xu He!" Suddenly, Xu He's voice rang out abruptly, immediately breaking the quietness of the place, "Brother-in-law, I have a problem, someone is trying to mess with me"

"Young Qiu, my brother-in-law wants you to pick up the phone!" Xu He handed the phone to Qiu Pengfei.

But Qiu Pengfei didn't even reach out to pick it up, he just said, "Tell him that Qiu Pengfei and Ji Feng want to screw you!"

Xu He then froze, he didn't expect Qiu Pengfei to be so disrespectful, he even dared to treat his brother-in-law Chen Kui's call like this, but he could only say it again to Xu He according to Qiu Pengfei's words.

..... is not right!

Xu He suddenly noticed that after he finished saying Qiu Pengfei and Ji Feng's names, his brother-in-law's voice seemed to pause, as if he had lost his voice for a moment, and just as he wanted to ask, he suddenly heard Chen Kui yell lowly, "Xu He, you're committing death?! What the hell have you done?"

This sudden and furious scolding immediately confused Xu He, and his heart suddenly went cold as he realized something.

"Brother-in-law, I"

"I don't care what you're doing right now, stop it for me, right now! Otherwise, I won't spare you!" Chen Kui roared lowly, and after he finished he snapped and hung up the phone.

"....."

Xu He really froze, his brother-in-law Chen Kui's reaction really took him by surprise, was Chen Kui so afraid of Qiu Pengfei his old man? That's not right, brother-in-law is a handful of Jiangzhou Municipal Bureau, it is reasonable to say that the actual power is greater than Qiu Pengfei his old man, ah?

"Ding"

Suddenly, Qiu Pengfei's phone rang, he looked at it and said, "It's Chen Kui calling."

Ji Feng nodded, Chen Kui's call didn't mean anything to him.

Qiu Pengfei picked up the phone, and didn't know what Chen Kui said on the phone, only to hear Qiu Pengfei say, "Director Chen, I'm sorry, it's not that I don't listen to your orders, but this General Manager Xu is too strong and pressuring us to resist!"

"..... Director Chen, General Xu didn't do anything to me, but Ji Feng's daughter was beaten up!" Qiu Pengfei said.

At once, the voice on the phone disappeared.

A moment later, Qiu Pengfei handed the phone to Ji Feng, indicating that it was Chen Kui who wanted to speak to Ji Feng. Ji Feng could not shake Chen Kui, but he could not do so, even his old man could not just ignore the head of the Jiangzhou Municipal Bureau!

However, Ji Feng still took the call, "Hello, this is Ji Feng!"

"Little Feng, I'm sorry!"

A helpless sigh came from the phone, Chen Kui's voice was low and his posture was put low: "No matter what that guy did, I will definitely not spare him lightly and will definitely give you an explanation"

Ji Feng directly interrupted him, "I will give this explanation myself!"

The person on the other end of the phone then paused, seemingly not expecting Ji Feng to say this at all.

The reason why I asked him to call you is to see who his backer really is and how much of a bully he can be to make him dare to poison a child who is only five or six years old, and also to let him know that in fact his backer... ..isn't that bullish!"

"....."

There was silence.

Even Qiu Pengfei and Director Hou, as well as the few people who were Deputy Director Qu, were so stunned that their eyes went straight!

Even they didn't expect that Ji Feng would speak to Chen Kui in such a manner, in such a nonchalant manner, one could even say that he was directly accusing him to his face!

This was the strength of the youngest member of the Ji family!

Qiu Pengfei couldn't help but sigh with emotion in his heart, but in fact he didn't know that even if Ji Shaodong came, he would never speak like this to the director of Jiangzhou Municipal Bureau, but Ji Feng dared to do so, moreover, he was also fully qualified to do so, because, the reason why he had such a bottom line was not just relying on the Ji family!

"I understand!"

Finally, Chen Kui's voice came over the phone.

Ji Feng hung up the phone straight away, which once again caused the corners of Qiu Pengfei and the others' eyes to jump wildly a few times, this kind of bull to the extreme was really something they couldn't imitate.

However, most importantly, this was enough to show just how angry Ji Feng was in his heart at this moment, so much so that he dared to even throw his face at Chen Kui!

Looking at the matter again, Xu He had already been dumbfounded!

He didn't expect that even bringing out his brother-in-law Chen Kui would be useless, and even that this young man would dare to drop the phone like that!

This made that bad feeling of foreboding in Xu He's heart, even stronger.

"Dingdong"

The shocked Xu He once again received a call from Chen Kui, but this call made Xu He freeze on the spot, his face pale.

As soon as he picked up the phone, before Xu He could speak, he heard Chen Kui's low voice saying, "Xu He, admit it, my face is not enough."

After saying that, Chen Kui simply hung up the phone.

"Barf!"

The phone in Xu He's hand fell to the ground, he looked dumbly at Qiu Pengfei and Ji Feng on the opposite side, at this moment he suddenly realized what he had done and how terrible a person he had actually messed with.

At this time, the mean woman next to him also realized that things might not be right, and she hurriedly asked, "Honey, what did brother-in-law say?"

"Brother-in-law said"

Xu He's face was pale, looking at Ji Feng who had steadily walked over, his legs were a little weak, "Admit it!"

That woman then froze, immediately, a look of horror flashed across her eyes, she even how arrogant, but also understand what admitting to plant actually means, this means that even Chen Kui can not fight each other?!

"You, you"

Looking at Ji Feng who was getting closer and closer, Xu He's body couldn't help but tremble a little. He had seen these rules, how miserable it would be once he lost in a match, he suddenly had a jolt and said in a hurry, "This, this big brother, I'm wrong, please hold your hand high and forgive me"

Ji Feng looked at him and said indifferently, "Do you remember what I told you?"

Of course I remember!

Xu He's mind suddenly came back to the conversation he had with Ji Feng just now, especially Ji Feng's plaintive 'I won't let you off either', which made him furious at the time and also remembered it deeply.

But now how he wished he was an amnesiac, then he wouldn't be so terrified!

"The footprints on my daughter's stomach, you kicked them, didn't you?!" Just as Xu He was filled with fear, Ji Feng asked indifferently, still in that calm voice, but in Xu He's ears, it was so terrifying that he couldn't help but tremble in his heart.

"Da, big brother, I'm really wrong I'm willing to give you half of the company's shares, worth tens of millions"

"Did you kick it?" Ji Feng asked, his expression as calm as ever.

"Big, big brother"

Ji Feng just looked at him like that, making Xu He horrified to death, in the end, he stiffly did not dare to say more, just nodded stiffly and admitted that he did it!

He still wanted to explain, when he heard Ji Feng ask again, "My daughter's hair, and her clothes, the finger marks on her face, who did it all? It was you, wasn't it?" His gaze, looking towards Xu He's wife, the sarcastic woman, "You were also the one who said my daughter was a dead girl just now, weren't you?"

That woman was already so scared that her legs were trembling and her body was shaking, she didn't dare to look at Ji Feng's eyes at all, let alone answer.

Ji Feng looked at Xu He again and asked, "Did she do it?"

"..... Yes, it was her." Xu He said in a trembling voice.

"Whichever hand she used, break whichever hand she used, and beat my daughter how she beat her, okay?" Ji Feng looked at Xu He and asked.

Xu He froze, and so did the woman.

"Pa!"

The next moment, Xu He suddenly flung his hand and gave the woman a fierce slap, cursing angrily, "Bitch, it's all your fault, you started it, see if I don't beat you to death!"

The woman was instantly dumbfounded and fell to the ground with her face covered, looking at Xu He and then at Ji Feng in horror, appalled to the extreme!

However, her panic could not stop the severe beating from her own husband, and Ji Feng's words were like holy orders, causing Xu He to instantly become violent, grabbing the woman's hair and pinning her to the ground, kicking her fiercely in the face.

"Ah...!"

A wretched scream that made people's scalps tingle!

Campus Master Chapter 2908

"Aww-!"

"Stop fighting, oooh"

Those harsh screams, cries and pleas for mercy came out from the house, even if they could be heard in the courtyard!

At this time, the people present had seen what Xu He could do to a woman – he grabbed the woman's hair and gave her a fierce beating on the head, and after a while, he dragged her to the ground and kicked her in the face and chest, not caring whether the kick was vital or not, and not caring whether it hurt or not! The woman was kicked in the face and chest, not caring if the kick was a wound or not, and not caring if it hurt!

–In fact, Xu He was afraid that he might not hit her hard enough, so how could he be worried about kicking her too hard?

The woman, Xu He's wife, was in such a situation as a woman being beaten by a strong man, the pain was unbearable, and her screams and cries were incessant.

However, what made the woman even more desperate and frightened was that the person who beat her was Xu He, her husband whom she spent all her time with! This made her even more desperate and horrified than even Ji Feng himself hitting her!

Being severely beaten by her own husband, and this kind of beating that was close to death, instantly shattered that woman's psychological defences and became shattered. You know, this is the person you

trust the most, moreover the person you are closest to, who you spend time with, who is your support, but now, he is beating himself to death

It was a sense of desperation of being abandoned, and the horror of watching the person you know best turn into this hideous beast that wants your life!

She broke down at once!

So, not long after, that woman was beaten and just curled up on the ground holding her head, shouting frantically and crying loudly, even when she was hit by Xu He, she was at most just slightly dodging, but she didn't have the same kind of energy as before!

This scene made the people in the audience's hands and feet cold, including Chief Hou and Deputy Chief Qu and other people in the police system were able to see for the first time that the real ruthless punishment is not to give the other party a fist to flesh beating, but to make the other party's heart despair, so that people can't even raise the courage to be a human being.

The people there had really seen it.

The kindergarten teachers were so frightened that their faces were already white, their hands and feet were cold, and chills were running down their backs!

She covered her mouth and looked at what was happening in front of her in horror, and then subconsciously looked at Ji Feng, but she saw that Qin Yunyao's father, a young man who looked a few years younger than her, looked incomparably calm at the moment, which made her even more scared.

At the same time, she couldn't help but have some regret in her heart, why didn't she stand up for herself at that time?! Especially when she thought of that incomparable disappointed look Ji Feng gave her when he looked at her earlier, it made her even more ashamed!

But she didn't know that the one who was even more scared than her at this moment was Zhang Xinju.

This headmaster, who had originally favoured Xu He and even looked down on Ji Feng and the others in his heart, had already been filled with a strong fear in his heart at this moment!

The scene of Xu He beating that woman severely was really frightening to him!

One must know that Xu He was the brother-in-law of Chen Kui, the head of the municipal bureau, what kind of status was that? However, even he had to grit his teeth and put his head down to poison his own wife, so you can imagine how terrifying the other party really was, at least, even Chen Kui didn't dare to call the young man's bluff head on!

This made Zhang Xinju's body almost stiff with fear, and he stayed in that position of kneeling on the ground with his stomach in his arms for so long that he didn't dare to move at all.

At the same time, he was so regretful that his intestines turned blue!

When he thought of the way he had smirked when he spoke to Ji Feng, he really wanted to die, how could he have said that at that time?

However, it was too late to regret any more.

After Xu He kicked the woman to the ground again, Xu He, who was already sweating and panting, turned his head and looked at Ji Feng with a smile and caution, the look on his face was a mixture of ingratiation and fear, which made Zhang Xinju's heart stutter.

What, is this not enough? Xu He had beaten his own wife into this hellish state, and he still had to smile along and be afraid?

If that was the case, then he would not be able to escape this time!

Zhang Xinju's heart kept sinking!

But at this moment, Xu He was even more scared than him, because Xu He knew one thing better – even his brother-in-law had to admit that he had fallen, so imagine how terrifying the other party's energy really was!

“.....”

Xu He looked at Ji Feng, opened his mouth but stiffly did not know what to say, nor did he dare to say anything, he could only look at Ji Feng with bewildered eyes.

However, this almost ingratiating look on his face was as if Ji Feng didn't even see it, he just asked indifferently, “Which foot did you use to kick my daughter?!”

The look on Xu He's face that was originally accompanied by a smile suddenly stiffened.

Ji Feng asked once more, “Which foot?!”

“Right, the right foot.” The muscles on Xu He's face were twitching as he answered, and he replied with difficulty.

“Right foot, very good!”

Ji Feng nodded, and in the next moment, just as everyone was watching, he instantly threw a shovel kick, viciously shoveling Xu He's right leg on his knee.

Immediately, only a crisp sound was heard, “Crunch!”

In an instant, he fell to the ground with a tilt of his body, followed by a miserable scream, almost like a roar, coming out of his throat: “Ah... oh... my leg!”

Hiss...!

Everyone present couldn't help but suck in a breath of cold air, and a few people even barely managed to catch their breath, their scalps tingling and their bodies shaking.

Only to see that Xu He's right leg, surprisingly, showed an abnormal bend – at his knee, it actually bent straight backwards, as if his leg had been twisted round!

There was no doubt that Xu He's knee was completely broken, I'm afraid that even the tendons had been tensed, otherwise, his leg wouldn't have bent so much in the opposite direction!

This leg is absolutely ruined!

Everyone in the room just felt their throats go dry and their backs go cold!

Xu He's miserable screams and his face that was completely distorted with pain were so chilling in the eyes of the people!

However, Ji Feng was looking at him very calmly and said indifferently, "You are screaming too loudly, if you disturb the other children in class"

The first thing you need to do is to get a good idea of what you're doing.

However, the feeling of having his knee shoved off was too painful to be endured by ordinary people, so even though Xu He was forcing himself to endure it, a low hiss of pain was still emitting from his throat, just like a wounded beast roaring low, making all sorts of odd noises.

"O er hiss"

"Ahhh"

"Ummm!"

This strange low roar made everyone present clearly appreciate the kind of pain that Xu He was suffering at this moment, and also made him feel the severe pain underneath this pain!

Even Director Hou and Deputy Director Qu, who were used to all kinds of scenes, could not help but feel a little unnatural at this moment. They could not help but subconsciously look at Ji Feng, but found that the person who started it all looked as calm as ever, as if all this had nothing to do with him, and even the injuries Xu He suffered were nothing at all.

This caused a chill to run through all of their hearts.

"Apart from kicking my daughter, how else did you hit my daughter? Did you scold her?!" Just then, Ji Feng but then asked indifferently.

"....."

When Xu He heard Ji Feng's voice at first glance, his entire body almost choked for a moment, and immediately, cold sweat sprang up all over his body!

Ji Feng asked this, what was he trying to do? Could it be that he hadn't cleaned himself up enough?

When he saw that Ji Feng was approaching step by step, Xu He was so frightened that his soul was straightened out and he shook his head desperately: "No, no no more"

He wanted to struggle back, but his knee was shoved off making his body tremble with pain, there was not enough strength to support his body backwards, so he could only look at Ji Feng with a face full of panic and full of begging, with pleading in his eyes.

"Don't, don't hit anymore, I can't stand it"

"It hurts, right?" Ji Feng asked.

Xu He no longer had the strength to answer, he was afraid that if he opened his mouth he wouldn't be able to hold back his miserable screams, then he might alert the other children and scare them, then, Ji Feng would definitely not let him go, so he could only nod desperately, his whole body was about to cry.

Ji Feng, however, looked at him calmly and asked again, "Are you scared?!"

Xu He nodded, desperately, tears flowing from his eyes, humiliated and frightened.

But at this time, he heard Ji Feng say, "My daughter is only that old, she is a child, still a little girl, do you think that her endurance of pain can compare to yours?"

Xu He hurriedly shook his head, but didn't dare to speak, also the pain was so bad that he couldn't speak at all.

Ji Feng didn't care if he answered or not, and asked again, "At that time, she was just a small child, and the teacher didn't protect her, and the headmaster followed suit and beat her, and at that time there were you two adults who were also destroying her, do you think, at that time, she would have felt scared?"

"....."

Xu He no longer dared to answer.

From Ji Feng's words, he heard a thick fury, and a rage that was like a volcanic eruption, he was really scared!

At the same time, several other teachers, especially teacher Xiao Lin, who was in charge of little girl, had a red face and a white face, there was panic and shame in their eyes

Campus Master Chapter 2909

In the kindergarten, Ji Feng looked at Xu He coldly, his expression was frighteningly cold, his eyes were even full of coldness, even a blind man could feel his anger at the moment, as if he was like a fierce beast that wanted to choose people to devour!

Xu He was trembling violently, the sharp pain of his right leg being shoved off directly at the knee, as well as the extreme fear in his heart, had long since made him almost unable to bear it.

However, when he saw Ji Feng's cold look, he stiffened up and dared not moan loudly!

However, the one who was more scared than Xu He was the kindergarten headmaster, Zhang Xinju!

At this moment, Zhang Xinju's violent trembling was far more powerful than Xu He's. Even though the severe pain from Ji Feng's kick to his stomach had long since subsided, the intense fear inside him had long since made him almost go limp on the ground!

Especially Ji Feng's resounding question, which caused the hearts of those present to shudder!

..... were all adults present at that time, and, instead of protecting the little girl, so many adults tried to beat her, and even the headmaster, Zhang Xinju, and Xu He, in addition to teacher Xiao Lin, all beat the little girl.

When I think about it now, there was not a single person present who did not regret it, and almost everyone was terrified!

Even those teachers who hadn't hit Yao Yao, at this moment, they couldn't help but feel all over the place in their hearts, apprehensive beyond belief, afraid that Ji Feng's anger would be vented on their heads.

If Ji Feng was just an ordinary person and Qin Yunyao was just a child from an ordinary family, then even if they were treated unfairly at school and Ji Feng knew about it and came to the school to make trouble, they would at most only sneer in their hearts and think that Ji Feng was insensitive and didn't know how high the sky was, and that he was so stubborn even though he obviously couldn't fight others, just a spiteful person!

They would not have the slightest worry, even if they were only kindergarten teachers, they would still consider themselves to be head and shoulders above the ordinary people, especially in this society nowadays, where parents give gifts to teachers and almost all parents have to flatter the teachers, sometimes many teachers reprimand the parents as if they were lecturing their grandchildren.

They usually reprimand a lot of parents too!

Therefore, they would not even put ordinary parents in their eyes, let alone think that Ji Feng would dare to do anything to them Even if Ji Feng had fire in his heart, he would not dare to send it to them, except to hold his nose and admit it, he had no other way!

But now, none of them dare to think so!

Ji Feng's majesty had been shown to the fullest in teaching Xu He and Zhang Xinju a lesson. If they still didn't know that Ji Feng was someone who was too powerful to be messed with, then they would really be fools!

Therefore, at this moment, these teachers did not even dare to let out their breath, not to mention Zhang Xinju and Xu He who was facing Ji Feng directly!

"Ji Shao"

Qiu Pengfei also couldn't help but look a bit numb, it was the first time he had seen such a ruthless side of Ji Feng, especially when Ji Feng would let Xu He beat that woman, this kind of ruthless means of directly destroying that woman's spirit really made people shudder.

However, it was not possible to continue to fight like this!

"If we keep fighting, I'm afraid he'll be killed!" Qiu Pengfei persuaded in a low voice.

"Well."

Ji Feng nodded noncommittally.

Qiu Pengfei could not say anything else, now even a fool could see that Ji Feng was angry, absolutely furious, only, Ji Feng's fury was different from the others' fury, but no matter what, if he was not allowed to explode this anger is absolutely impossible, whoever stops it is unlucky!

The only thing that happened was that he was not able to stop it.

Ji Feng just answered, but his gaze fell on Xu He again, two steps forward, and walked to him again, frightened Xu He desperately struggled to move back, but struggled not to move, shocked to the extreme!

“If I were just an ordinary person who wanted to take out my daughter’s anger today, I’m afraid you wouldn’t even bother, would you?” Ji Feng asked indifferently, “At that time, you would be kind enough to give up, right?”

“Da, big brother, I’m wrong, hiss I’m really wrong, please spare me!” Xu He begged, sucking in cold air from the pain while he panicked and begged, terrified to the extreme.

Because, he saw the killing intent in Ji Feng’s eyes!

Xu He was instantly terrified, even though he didn’t know what killing intent was, his heart skipped violently when he saw Ji Feng’s cold gaze that almost let freeze his entire body.

Ji Feng said, “Spare you?!”

Xu He nodded desperately, with a strong pleading gaze in his eyes.

Ji Feng asked, “Don’t you remember what you said to me at the beginning?”

Xu He instantly had a look of horror in his eyes, and he couldn’t help but shiver, his face pale.

“You’re making trouble for yourself!”

“I won’t let you off lightly when I turn around”

“I won’t let you off the hook!”

At this moment, Xu He’s mind was surprisingly extraordinarily clear, and every single one of those arrogant words he had said surprisingly surfaced in his mind with unparalleled clarity.

And with every sentence that came to mind, his face paled a little, and in the end, his face was so white that there was almost no blood left, as if he didn’t even look human anymore!

“Looks like you’ve remembered yourself, right?”

Ji Feng smiled, but there was no half-hearted smile in his eyes, instead it was eerily cold: “Then you’re still begging for mercy, is there any point?!”

Xu He instantly went limp on the ground! Trouble comes from the mouth!

However, he was obviously not prepared to bear the consequences of his arrogance, and he would not have thought that saying those arrogant words with his mouth would be punished in such a way, and he did not want that, so he could not help but beg for mercy.

“Da”

As soon as Xu He opened his mouth to beg for forgiveness, he was interrupted.

Click!

There was a crunching sound.

The next moment, he saw that Xu He's left leg was actually shoveled off in an instant as well, his knee bent straight backwards, and his left leg instantly almost became a twist!

"Hiss...!"

Everyone could not help but have their scalps go numb and the corners of their eyes jumped wildly a few times subconsciously, those few teachers even fiercely covered their mouths and almost cried out in shock.

Xu He was staring dead in the face, his mouth wide open, his body trembling violently, as if he were a fish stranded on the shore on the verge of death!

He continued to look like this for more than ten seconds before his eyes rolled back and he couldn't hold back any longer, passing out!

This scene really frightened the few people present!

Especially Zhang Xinju, his heart was beating violently and he was almost paralyzed with fear, if this kind of punishment fell on him

The fear of what might come!

This thought just flashed in Zhang Xinju's mind, then he saw that Ji Feng's gaze looked at him, and he suddenly his body trembled violently.

Finally, Ji Feng's gaze moved away from Zhang Xinju's body and looked towards Xu He's wife.

At this moment, the woman had slowed down, but her body was still trembling violently, cloaked like a madman, and her whole body was almost falling apart.

Ji Feng smiled and said indifferently, "Remember? I told you to keep your mouth shut, it would be good for you, but you took my words as a deaf ear!"

That woman went limp on the ground in a wooden manner, as if her whole body had been drained of her soul!

"Principal Zhang!" Ji Feng suddenly shouted.

"Ah?! Ah...!" Zhang Xinju immediately shrieked in horror, clutching his head with both hands and shouting desperately, "Mr. Qin I'm wrong, I'm wrong, please forgive me, just treat me like a fart and let me go"

"You're also a teacher for people?!"

Ji Feng hadn't even spoken, Qiu Pengfei immediately couldn't help but curse angrily, "Look at that dickish look of yours! You're also considered a teacher for the people, and a fucking headmaster? What the fuck!"

Zhang Xinju's ugly mouth really made Qiu Pengfei sick to his stomach!

However, Ji Feng acted as if he hadn't heard it and just asked, "Has my daughter offended you?"

Zhang Xinju didn't dare to answer at all, he naturally knew what he had done, and even more so, he knew exactly what consequences this would bring to him for this horrible young man in front of him!

"Tell me, how does it feel for you, a big man, to make a move against a child of a few years old!" Ji Feng said indifferently.

"....."

Zhang Xinju was already scared to death with shock at this moment, so how could he dare to answer?

He knew that if he really dared to answer, no matter how he answered, Ji Feng would absolutely tear him apart!

"You old dog! A brute of a thing! How dare you be cruel enough to lay your hands on a child of a few years old, has your conscience been eaten by dogs?!" Ji Feng asked coldly.

Zhang Xinju was trembling with fear and cold sweat, Ji Feng's hatred couldn't be clearer!

Ji Feng smiled, squatted down and looked at the pale Zhang Xinju, patted him on the shoulder and said, "You're really good!"

After saying that, Ji Feng shook his head and stood up, then turned around and walked out!

"Well"

Suddenly, Zhang Xinju's body stiffened violently, and in the next moment, an incomparably frightened expression was revealed from his face, "Ah...!"

It was as if Zhang Xinju was suddenly possessed by an evil spirit, his whole body suddenly lying on the ground and struggling desperately, his body was tense, and his hands were constantly scratching at his body indiscriminately, his whole body looked in agony!

In just a few moments, Zhang Xinju actually scratched his face, and his neck was also scratched with blood and flesh, making it really disgusting and horrible to see

Ji Feng's eyes with a cold chill, like Zhang Xinju this kind of human-faced beast, just breaking his legs or even breaking his limbs, also can not relieve the hatred.

Then, since this was a beast with a human face who appeared to be a gentleman with a refined manner, but was actually a beast, since that was the case, Ji Feng would give him the most painful lesson!

"Young Ji!"

At that moment, Bai Zhu came back, her cold face, her originally white clothes were still stained with blood, "We have the surveillance! These bastards, they all deserve to be killed!"

Campus Master Chapter 2910

A cold light flashed in Ji Feng's eyes as he asked, "What's going on?!"

As soon as he arrived here, he asked Bai Zhu to get the CCTV footage. Although he was already so angry that he wanted to kill someone, he had a certain degree of sanity, which was a habit developed through

long-term training in the training space of the intelligent brain, and he had to retain a certain degree of sanity even under how furious and impulsive he was.

So Ji Feng immediately arranged for Bai Zhu to find the CCTV footage, no matter what, he had to get it first.

But what he didn't expect was that Bai Zhu didn't come back for a long time after he went there. It seems that things have changed, but Ji Feng was still very relieved about Bai Zhu, because he knew that ordinary people or some ordinary dangers would not pose any threat to Bai Zhu.

Sure enough, Bai Zhu came back!

But what was unexpected to Ji Feng was that Bai Zhu's body was stained with blood, he immediately asked, "Bai Zhu, are you injured?"

Bai Zhu shook his head and said, "No, it's not my blood. I grabbed a security guard when I came out and asked where their computer room was, but when I rushed over there, I found a man fiddling with something in front of the computer, I looked carefully and found that he was actually deleting the previous surveillance footage!"

Ji Feng's face instantly sank, "Tell me carefully!"

Bai Zhu nodded.

It turned out that as soon as she arrived at the kindergarten, Bai Zhu had a tacit understanding of what she should do. Upon receiving Ji Feng's order, she immediately went out, grabbed a random security guard, then directly took out a gun and put it against that guard's head, forcing him to ask where the kindergarten's computer room was.

Afterwards, she knocked that security guard unconscious and rushed to the computer room. But when she arrived at the computer room, she found a man in a suit was fumbling with the computer, and only after she looked did she realise that the man was actually deleting the surveillance video of the house where Yoyo was!

She went up and subdued the man, but it was too late, the man had already deleted almost all of the surveillance video, and the last bit that was left was of no use at all, the last thing that could be seen was Ji Feng rushing in and they had actually finished deleting the video.

Bai Zhu was furious, she directly shoved the gun into the man's mouth and forced the man to restore the video that he had deleted, but the man was shaking his head, stating that he would only delete it and not restore it!

So, without hesitation, Bai Zhu took out her dagger and taught the man a lesson!

However, after being taught a lesson, the man was extremely furious, looking as if he was a man of status and position who had been beaten and humiliated by a beggar, looking at Bai Zhu with complete contempt and anger, as well as resentment and hatred!

So Bai Zhu wasted no time in letting this man know that she wasn't joking – when one of the man's ears was cut off and thrown at his face, he instantly lost any semblance of stubbornness and could only

desperately endure the pain, shivering himself as he tore off a few strips of cloth from his shirt to wrap it up, and then began to resume the video.

At this time, the black gun in Bai Zhu's hand was pointed at the back of the man's head. Bai Zhu's ruthlessness finally made him afraid and he began to honestly restore the deleted surveillance video.

It was the twists and turns in between that had delayed things quite a bit.

"Come on, someone! Help!" Just then, there was a sudden cry for help from upstairs, and all that could be seen was a man with a bandaged head rushing out in panic, crying out for help.

"Ah! The vice-principal!" A security guard exclaimed in a low voice, but when he saw Ji Feng and Bai Zhu, and saw Qiu Pengfei and the others who were coming out of the house, he was so frightened that he swallowed back his following words.

The man who had called for help upstairs also saw Bai Zhu standing below, and he was so frightened that he let out a strange scream in his throat and turned around and ran down the corridor in disarray.

Bai Zhu gave him a cold look.

Ji Feng, however, ignored the man and simply asked, "Is there a process in the video?"

Bai Zhu nodded and said, "Yes! It wasn't Yao Yao's fault at all, it was a little fatty who was tugging her pigtailed, and when she was struggling she accidentally pushed the table over and smashed into that little fatty"

The cause of the incident was the same as what Yaoyao said in general. Yoyo wasn't lying!

"And then what?!" Ji Feng asked.

"And then"

Bai Zhu's eyes flashed with a murderous intent and said in a cold voice, "Then there were a few brutes beating up on Yao Yao, Ji Shao, you should stop watching and leave those brutes to me!"

Ji Feng then understood that it must be because the images in the surveillance video were too excessive that Bai Zhu didn't want to let himself see them.

He shook his head and said, "No need, those people, they've already paid the price!"

Bai Zhu's eyes flashed with a cold light and lowered her voice, "Young Ji, I think it's necessary to do away with them! These people, they deserve to die!"

This was overheard by Qiu Pengfei, who walked out, and he was stunned.

Ji Feng faintly shook his head and said, "For some people, killing him instead is the cheapest way to deal with them, they can't be cheap!"

Death?

Sometimes death really is a relief! To deal with some people, is to make them beg for their lives!

Like Xu He, Zhang Xinju and that woman, they are in this situation now!

The woman had been beaten to death by her husband, and her mental world had collapsed. She would live, even if she was still rich and powerful, but what happened today would always be a shadow in her heart, and her heart would always be full of fear.

Xu He will become a cripple from now on. At least, unless his legs can be amputated below the knee and replaced with prosthetic limbs, he will never be able to stand up and walk again in his life.

Moreover, those two kicks of Ji Feng's were not just random kicks, his two kicks contained bio-currents, Xu He's body will get worse and worse in the future, his body functions will be damaged continuously, especially his joints and bones, I'm afraid there will be a lot of pain in the future!

As for Zhang Xinju, he is already worse than dead!

Bai Zhu nodded slightly and said nothing more.

At this time, Zhang Xinju's screams could still be heard clearly: "Ah... oh..." That low roar like a wild animal made people feel uncomfortable, so one could imagine how much pain he was in! It was painful!

But this was not the end of it!

Qiu Pengfei gritted his teeth and said viciously, "These beasts! Young Ji, don't worry, I'll take care of the back of this, if we still let such brutes continue to run the school, it's really irresponsible to the whole society!"

Ji Feng nodded: "Thank you!"

Qiu Pengfei's performance today had already made him very grateful. There are times when it's not about how much someone gives you, but how much he gives you that he has!

There was no doubt that Qiu Pengfei had done a good job today. In front of Chen Kui, Qiu Pengfei was actually not enough at all, just a junior, even Qiu Pengfei's old man would never easily offend Chen Kui, but Qiu Pengfei was firm in supporting Ji Feng, this alone was enough.

Afterwards, Director Hou and Deputy Director Qu also came out, and Ji Feng walked over, shook hands with them and said, "Thank you both for today, I've troubled you to make a trip."

The two of them were polite evenly.

Naturally, Ji Feng understood that what had bothered them today was not just that they had made a trip, but that they were afraid that they were all hanging around in Chen Kui's heart, so he said to Qiu Pengfei, "Pengfei, later on, you can thank you two properly for me!"

Qiu Pengfei nodded and said, "Don't worry, I'll take care of it, Old Hou and Old Qu are not outsiders either!"

I'm afraid no thanks would be as good as Qiu Pengfei's 'not an outsider', which made Director Hou and Deputy Director Qu even more excited, not an outsider, which might mean that they had really entered Qiu Pengfei's circle, and then the ones they would come into contact with in the future would be top gentry like Ji Feng.

Although they didn't know Ji Feng's real identity, at least in Jiangzhou, Ji Feng was definitely considered a top gentry! This was too rare an opportunity for the junior chiefs and deputy chiefs of the subordinate divisions of the district bureau!

"Dad~!"

At this time, Qin Shujie and Xiao Yuxuan and the girls came back with Yao Yao, and as soon as the little girl saw Ji Feng, she wanted him to hug her, Ji Feng smiled and picked up Yao Yao, turned his head and asked, "How is it? Did you get the results of the examination?!"

Qin Shujie nodded: "Well, the good thing is that no bones were hurt, they are only superficial injuries, only the hair was torn off some, and she was in shock, this needs long-term comfort and companionship to recover!"

Ji Feng nodded slightly, what small children are most afraid of is actually being frightened, which is very difficult to recover from. There are even many people who, after being frightened as a child, will affect their character formation as adults, making them timid and cowardly, afraid of things and so on.

This requires careful parental care and attention, especially companionship, but also gutsy support.

"Let's go home first!" Ji Feng said, "Calm the little girl down first, and we'll talk about the rest afterwards!"

"Mm."

Qin Shujie nodded slightly, with Ji Feng here, she would listen to everything Ji Feng said.

Ji Feng said hello to Qiu Pengfei and took the little girl home, while the little girl was tightly wrapped around Ji Feng's neck and leaned in his arms, her little brow still knitted, which really made Ji Feng's heart ache.

Originally, he was still a little suspicious, thinking that the conflict between children is certainly not only one to blame, not to mention that the little child named Xu Hao was also injured, but Bai Zhu has seen the surveillance video, then there is nothing to say, the little boy naughty some does not matter, but, his parents' practice is Ji Feng absolutely can not tolerate!

Soon after getting into the car, the little girl suddenly moved, Ji Feng jerked his head down to look, but found that the little girl did not know when she had fallen asleep, only in her sleep she seemed to dream of something terrible in general, small mouth deflated, very aggrieved and pitiful.

Bastard!

Ji Feng cursed angrily in his heart!
