## Super Rich Dad Chapter 291-293

Chapter 291 - Backtracking

Jiang Hao sniffed and looked at Xue Yuning, hesitated slightly for a moment and asked in a low voice in Xue Yuning's ear, 'You see'

Xue Yuning was also slightly stunned at the words, and her face was also filled with hesitation.

Although just now, when she had not entered the door, Xue Yu Ning had thought about dealing with her cousin's family properly.

But when the time came, Xue Yuning could not make up her mind for a while.

She knew that because of her own words, her cousin, her brother-in-law and her aunt might suffer a lifetime of pain that would be difficult to heal.

Xue Yuning had heard of what kind of person Qiao Dong was in the past.

They had smashed up someone's hotel, and looking at the anger in Qiao Dong's eyes, Xue Yu Ning could imagine how angry he really was.

If she let up, Qiao Dong would probably kill him.

After all, the reason he had been so restrained up to now was entirely because of Jiang Hao.

Xue Yu Ning looked at Jiang Hao and was about to say something when she suddenly heard her own cousin on the side open her mouth.

‘Yu Ning good Yu Ning, good cousin, sister knows she’s wrong, you you go and plead with Jiang Hao for me, sister really knows she’s wrong.’

‘Yes, yes, your sister really knows she’s wrong Yu Ning, don’t look at the face of the Buddha, look at the face of the Buddha, for the sake of our relatives, please beg for mercy, it’s our fault that our dog eyes don’t know the mountain, just beg for mercy for us we promise we won’t dare to do anything wrong again’

‘The first thing you need to do is to ask for mercy.’

At this moment, these few people had finally given in.

Because they knew that if they didn’t give in at this point, what would greet them might be unbearable pain.

Knowing Jiang Hao’s true identity simply made them, as a family, feel desperate.

Originally Xue Yuning was a little hesitant, and now after hearing the bitter pleas of these three people Xue Yuning was even more hesitant and even had compassion.

Yes, even if they were bad here and there, they were their own relatives after all, and their blood flowed in their veins at least as much as their own.

And just Wang Li said right Xue Yu Ning, even if they do not look at their face they must also look at their uncle's face ah.

In the beginning, because they and their mother were abandoned by their biological father, the entire mother's family regarded the two of them as spoilers and thus avoided them.

It was only her second uncle who not only helped her and her mother in every way, but also defended them at all times.

Because of all the criticism and gossip, Xue Yuning's mother even thought of celebrating her death, but it was because of her second uncle that she survived.

All this, Xue Yu Ning has not forgotten and even after the death of her second uncle, these memories became clearer and clearer.

Whenever she recalled these past events, Xue Yuning's heart was hard because the only person in this world who had been good to her was gone.

Xue Yu Ning sighed heavily, and her eyes were filled with crystal tears.

The past scene seemed to unfold in front of her once again.

Xue Yuning pulled Jiang Hao's hand and said softly, 'Jiang Hao, you you come with me.'

Seeing Xue Yuning in such a charming manner, Jiang Hao couldn't help but feel a little uncomfortable as well, and hurriedly followed her over.

The two of them walked outside before Jiang Hao asked, 'What's wrong Yu Ning? What's wrong with you?'

Tears dripped from Xue Yu Ning's eyes and she said with some heartbreak, 'Jiang Hao, can I I ask you to let them go?'

Jiang Hao couldn't help but freeze for a moment when he heard Xue Yuning's words, because Jiang Hao could clearly remember how these few people had treated him and Xue Yuning before.

And just on the way here Xue Yu Ning had also said that this time she would definitely teach them a lesson.

It was just that it hadn't even been an hour, so how could Xue Yuning have backtracked?

Jiang Hao was a little reluctant, but he didn't want to go against Xue Yuning's wishes.

He sighed in various ways and asked in a serious tone, 'Yu Ning, are you serious? If you're serious and want to spare them I'll definitely respect your opinion. It's just that.'

Jiang Hao hesitated for a moment and continued, 'It's just that you have to think clearly, because what you said before, which I think is very true, you said that you must teach them a lesson this time, so that they won't go out and cause trouble in the future. It's for their own good, lest someone else give them an even harsher punishment in the future!'

Jiang Hao hovered and paced in the doorway for a while, seemingly thinking about something, before continuing, 'And you're going to condone them after they've made such a serious mistake today?'

Jiang Hao's tone was a little harsh in these last words.

Xue Yu Ning also became more hesitant when she heard Jiang Hao's words.

She was already a little girl who didn't have much of an idea, and now that she was in front of such a big right and wrong, she became even less of a backbone.

Xue Yuning looked at Jiang Hao with a slightly haggard look, and suddenly she also felt that Jiang Hao's words were very reasonable.

Yes, if they were only treating Jiang Hao and themselves, maybe if they begged for mercy, Jiang Hao would have left it alone.

But today was clearly too much.

## Chapter 292 - Gritting Your Teeth and Speaking Out

After all, it was Qiao San's hotel that they had smashed, and Xue Yu Ning had heard the conversation between Qiao Dong and the others, and she probably knew that this time her cousin's family had gotten into a big trouble.

Probably the damage caused to people this time was calculated in tens of millions.

This was an astronomical amount, and Xue Yu Ning certainly knew the strength of her cousin's family, such a big hole, even if they smashed pots and pans or sold them all, they would not be able to repay it at all.

Having caused such a big trouble, it was only right to let them bear the consequences themselves.

And if they didn't bear the consequences today, then in the end it would all be passed onto Jiang Hao's head as well.

She already owed Jiang Hao so much, Xue Yu Ning really didn't want to owe Jiang Hao anything more.

Once she thought of this, Xue Yu Ning seemed to agree with Jiang Hao's viewpoint again.

Only

Xue Yu Ning looked at Jiang Hao with a worried face and asked in a low voice, 'It's just that Jiang Hao and the others are my relatives after all, I I know I'm going a bit too far in pleading for them again, but can you treat them a little less harshly? At the very least, please please please don't do anything to them, can you?'

Xue Yu Ning looked at Jiang Hao with tears in her eyes and said with a pleading expression.

Jiang Hao could only sigh when he saw this situation.

After thinking about it, he waved his hand and called for Qiao Dong.

Qiao Dong hurriedly walked over with a quick smile on his face and asked, 'What are Jiang Hao's orders?'

'Uh,' Jiang Hao bit his lip and asked, 'What do you you plan to do with them?'

Qiao Dong frowned, thinking he had gotten Jiang Hao's mind right, he immediately laughed and said back, 'Hmph, how else can I deal with them? They dare to treat you and Miss Yu Ning like that, so what if they are relatives? And I think they don't even consider you two as relatives.'

Qiao Dong thought for a moment, his gaze suddenly became stern and he said in a gloomy tone, 'Jiang Shao, we have an old rule at the Huoyue Hotel, that is, anyone who dares to be reckless and vandalise in our hotel will have a leg removed as an example to others, I think'

Qiao Dong coughed dryly, looked at Xue Yu Ning and continued, 'But after all, they are related to Miss Yu Ning, although their attitude is disrespectful, but how about this, one person cut off a finger, what do you think, Jiang Shao?'

The Qiao family were known for their ruthlessness in Chu Jiang, and many of those who dared to offend them were probably beaten to death.

Therefore, in Qiao Dong's opinion, the treatment plan he had mentioned was already the lightest one, and he had already spared them.

Only once Qiao Dong said this, not to mention Xue Yu Ning, even Jiang Hao skimmed his mouth and questioned with some surprise, 'What, is this how you guys usually deal with people?'

When Qiao Dong saw Jiang Hao's expression, he couldn't help but snicker and grinned, 'Hey, what's this? You don't know, Jiang Shao, but my father has set a rule that if you provoke someone from our Qiao family, there are generally three ways to deal with them, the lightest is this kind of broken finger, the middle is a broken arm and leg, and the harshest punishment is'

Qiao Dong boasted and talked about these things, and was even a little smug about it.

Only before he could finish his sentence, he was interrupted by Jiang Hao in quick succession.

'Come on, stop it,' Jiang Hao said with some impatience, 'Forget it, you can tell your father later, don't cause trouble, what era is it? You still think you're the king of the mountain? Just say it was me who said that, and deal with it differently later.'

In the end, Jiang Hao was pure and good at heart, and he really couldn't see these things that did any harm to people.

Jiang Hao's words, on the contrary, caused Qiao Dong to freeze, his mouth growing in dismay as he scratched his head and asked, 'Young Jiang Jiang, that's not okay? We are already considered'

Before Qiao Dong could finish his sentence again, he was once again interrupted by Jiang Hao: 'Alright, just say it, what do you want to do with these three people today?'

After speaking, Jiang Hao looked towards Xue Yu Ning and reached out to wipe Xue Yu Ning's undried tears.

What he couldn't see the most was Xue Yu Nings crying, every time Xue Yu Nings just cried, Jiang Hao felt as if his heart was going to break.

So Jiang Hao had already made a decision in his heart to respect Xue Yuning's opinion.

What's more, what Xue Yuning said was to reduce the punishment for her cousin's family, not to leave them alone.

And at this point the ball was kicked to Qiao Dong's feet, he couldn't help but frown and froze for a while before hesitantly and tentatively asking, 'So then how about breaking a few fingers?'

'Tch!' Jiang Hao tsked, looking somewhat unhappy, and finally shook his head, saying in a somewhat reproachful tone, 'You don't mean anything other than breaking and discounting, do you?'

Qiaodong smiled awkwardly, he really wanted to say that was it. But then he turned around and thought he might get a good scolding from Jiang Hao, so he thought better of it.

'Then,' Qiao Dong sighed, with a torn expression, and said, 'Hey, Jiang Shao, it's better for you to say it yourself, please don't make me guess it myself, huh? How dare I say anything that you don't agree with? If you say so, let's deal with it as you see fit!'

This time Qiao Dong sort of gritted his teeth and said this.

Chapter 293 - Some Heartache

Jiang Hao looked at Xue Yuning, smiled slightly and said, 'This way, don't deal with them.'

When Jiang Hao said this, it directly stunned Xue Yuning and Qiao Dong who were both present.

‘Jiang Hao you what did you say?’ Xue Yuning felt as if she had misheard and was stunned.

‘No more processing? Why?’ Xue Yuning simply felt incredible, she had only asked Jiang Hao to reduce their punishment ah? Why did he stop punishing them again?

Was it all because of himself?

Thinking of this, Xue Yuning couldn’t help but feel a wave of emotion flooding her heart.

But apart from being moved, she felt even more embarrassed that Jiang Hao could make such a big sacrifice for herself

Not only Xue Yuning, but when Qiao Dong at the side heard Jiang Hao’s words, he was simply like a cat whose tail had been stepped on, and immediately shouted out loud.

‘What? No more treatment?’

Qiao Dong’s voice was so loud that it could be heard clearly even inside the room.

Cousin Xue Yuning, who was already apprehensive about how Jiang Hao would treat her, had the heart to cry when she heard Qiao Dong’s words ‘not to deal with it anymore’.

She was so excited that she pushed her husband and said, ‘Honey, did you hear that? Young Master Qiao said he won’t deal with us anymore!’

Cousin Xue Yuning naively thought that Qiao Dong's words 'won't deal with us' were a plea for mercy for them, and even a trace of emotion rose up in her heart for Qiao Dong.

Fan Deng was so nervous that he was lost in thought when his wife gave him a sharp push, and then he heard her say that Qiao Dong was pleading for him.

'Is this really true? Honey are you telling me the truth? Young Master Qiao is pleading for my share? How is that possible?'

'Aiya, how is it not possible?' Cousin Xue Yu Ning was so excited that she said, 'As soon as I first saw this Young Master Qiao, I could tell that he was kind-hearted and benevolent... I never thought that he would be so good as to be pleading for us'

Wang Li, who was worried about what would happen to her, heard Qiao Dong's roar, but she did not hear what he was shouting.

When she heard her daughter's interpretation, she was as excited as if she had grabbed a life-saving straw, and grabbed Fan Deng's hand with tears in her eyes.

Fan Deng was pained by the grip and grimaced, shaking off his mother-in-law's hands and yelling in displeasure, 'What are you doing? You're crazy!'

Wang Li wiped her tears and said excitedly, 'If I can walk out of here today with all my tails intact, I'll go out of my way to be crazy!'

Fan Deng shook his head with a speechless expression, he was so annoyed with his mother-in-law that he could not stand it sometimes.

Finally muttered, 'If you want to be crazy, go and be crazy, you are annoying, you are not good enough to make things happen, you should be blamed for what happened today!'

Wang Li smiled, and her face immediately went down: 'What what? Blame me? What do you mean? You did the offending, but now you want to put the blame on me? Fan Deng, Fan Deng, why didn't I realize you were this kind of person in the past?'

Fan Deng was exposed by his mother-in-law, not only did he not have a trace of panic, but he looked like he was full of care.

He pointed at Wang Li and said, 'What's wrong with me being this kind of person? People die for money, birds die for food, what do you care about me? What's wrong with me saying that you're not good enough? I still condescend to you? That's funny.'

Hearing the two of them arguing in her ears, Cousin Xue Yuning simply had enough, she gave Fan Deng a slap and shouted, 'Enough, shut the f\*ck up, you are sick, right?'

Cousin Xue Yu Ning turned to have an indignant look at her own mother and accused, 'Don't be sophomoric either, do you think you're any good? Don't make any more trouble for me when everything is going to be fine, then I won't spare you even if I die!'

After saying that, cousin Xue Yu Ning hurriedly looked at the door again nervously.

And Fan Deng and Wang Li also gave each other a blank look and stopped talking, and also looked at Jiang Hao outside the door, as if they were trying very hard to listen to what these three people were actually talking about.

Only the distance made it so that even if they tried harder, in the end they could only hear the three people outside the door whispering, and they still couldn't hear clearly what exactly they were talking about.

'Young Jiang? Are you serious? You can't be joking!' Qiao Dong asked in dismay, 'This'

Qiao Dong looked at the house that was full of wreckage, he simply had the heart to cry, this was something that had been smashed by these few people for more than ten million dollars, saying that it would not be pursued?

Anyway, you can be so generous, but I, Qiao Dong, wouldn't dare to be so generous.

But Jiang Hao seemed to have his mind made up, nodded his head and said, 'It's serious, what's the problem?'

Qiao Dong smiled and frowned deeply, with a helpless look on his face: 'But they treated you so badly before, and you see that the damage to our hotel is really'

Qiao Dong sighed, really a little heartbroken.
