

My One In A Million Wife Chapter 291

They were about to question their own existence.

At this time, a daring woman could not hold it back any longer and reached out to touch Lucas' chest.

An icy cold air suddenly hit her.

He gripped her with his huge palm and with one strong shake, she immediately fell and collapsed disheveled on the ground.

"Ouch, it hurts!"

She called out softly, only to meet his grim and cold eyes.

Ashlyn took a look at the cold and terrifying Lucas and said, "What's wrong with you? Can't you even treat a woman gently?"

He replied coldly, "You are playing with fire here!"

"I just want to avenge you for torturing me yesterday!" Ashlyn replied calmly.

With her clear voice, she sounded completely justified.

Lucas pursed his lips tightly while his eyes darkened.

This woman was really becoming so pampered and spoilt.

He must punish her properly.

"I am only interested in you." He said slowly, enunciating every single word.
