

Chapter 2912– 2913 of A Dish Best Served Cold Novel

Chapter 2912

Haotian Grandmaster Tang Hao asked in doubt.

“For no reason, he is a lunatic!”

“It’s a demon who kills without blinking.”

“He not only killed my grandfather, but also threatened to kill Yanshan, which would be detrimental to several hall masters.”

Lu Hua couldn’t help shouting.

“Really an arrogant child!”

“In the past, this junior was a little bit public, but there is still a bottom line.”

“Now, he doesn’t even care about our Martial God Temple?”

“Will you kill Yanshan?”

“A junior who has just entered the title for more than a year, it’s a big tone!”

The King of Fighters yelled coldly, then looked at the sword master and said angrily.

“Juggernaut, I see this, let me take a trip to Jiangbei.”

“Whether this kid is a man or a ghost, I will capture him to Yanshan first and ask him about his sins!”

“The powerful pillar country canonized by my Martial God Temple, he dare to kill, I think he is going against the sky.”

The King of Fighters took the initiative to ask Ying, ready to go to Jiangbei to handle the matter in person.

One was to determine if Mark really came back alive, and the other was to capture him and ask the guilt.

“Hey, the king of fighters, don’t be impatient.”

“This thing is a little weird.”

“After all, Mark has been out of contact for more than a year, why did this suddenly appear?”

“Moreover, even if Mark really didn’t die, why did he go to Jiangbei to punish the Lu family?”

“There must be something hidden in it.”

“I think we should investigate clearly before talking.”

Tang Hao persuaded from the side.

The Juggernaut also nodded: “Well, Tang Hao is right. Now we have too little information. After the news from all parties has been gathered, we are making a decision.”

In the end, the Juggernaut did not allow the King of Fighters to rush to Jiangbei.

After all, Juggernaut and others also knew that the King of Fighters had always criticized Mark. If you really send him, once you encounter it, it will inevitably intensify the contradictions.

Before the matter is clear, it is better not to act rashly.

In this way, the Juggernaut and others returned to the hall again.

Lu Hua and his son were also arranged to live in the Martial God Hall.

With the passage of time, news from multiple channels has gradually been gathered in the Martial God Temple.

.....

“Lu Songliang was killed~”

“The body was nailed to the stone pillar!”

.....

“The title feast was attacked, and the 136 strong participants were all lost!”

“The land of the West Lake flows into a river~”

.....

“The salvage of corpses has begun~”

“The special envoy of the Temple of God, Yanxia Grandmaster only pieced together a remnant body in the strongest He Chen~”

.....

“The rest of the corpses are mostly bloody and bloody~”

.....

“Hundreds of strong people, most of them lost their lives~”

“Only three people survived, and all were rescued in the intensive care unit...”

.....

News kept coming, and even after Juggernaut and others heard it, they were shocked!

The Juggernaut and others never expected that the title feast hosted by their Martial God Temple would turn out to be a death feast.

With He Chen and Lu Songliang, the entire title feast, a total of 136 strong men, were all ruthlessly suppressed.

The only three remaining alive are still on the verge of life and death.

“One hundred and thirty-six people~”

“There are countless innate and advanced level powerhouses.”

“There is also a grandmaster, a titled grandmaster~”

“The sum of all our losses in the summer martial arts in the past 50 years is not as much as this time.”

“Too ruthless!”

“This Mark is too cruel~”

“The sin is simply intolerable, and the sin is so heinous, sin deserves death~”

The King of Fighters clenched his palms and said viciously.

Chapter 2913

When these words were said, Mo Gucheng, the King of Fighters, was almost bleeding in his heart.

As the pillar country powerhouse, they are in charge of the Chinese martial arts, and they shoulder the mission of strengthening the power of the Chinese martial arts.

For a long time, they have been cultivating powerful younger generations attentively.

Cultivating a master, or even a titled master, does not know how much resources it takes.

But now, in just one day, Mark slaughtered the two great masters.

More than that, even more than a hundred strong men under the master were brutally murdered.

When the Chumen invaded, there were only a few hundred martial arts experts who had fallen to Vietnam.

Now that these numbers are heard, the King of Fighters and others are naturally shocked!

“Juggernaut, don’t hesitate.”

“Order it.”

“Let me go to Jiangbei and capture this one!”

“If he resists, I will kill him in Jiangbei.”

“These scum lunatics who wantonly kill innocents, if you don’t get rid of them at this time, they will definitely be a terrible disaster for Vietnam in the future!”

The King of Fighters gritted his teeth.

“King of Fighters, calm down first.”

“The matter has not been investigated.”

“Who is right and who is wrong can’t jump to conclusions at this time.”

“Let’s investigate it carefully first, and it won’t be too late to make a decision after we clarify the ins and outs.”

Tang Hao still persuaded.

He always felt that there must be hidden feelings in it.

Otherwise, how could it be possible for a titled powerhouse to go to Jiangbei suddenly after disappearing for a year, and kill him.

Then the Lu family father and son must have concealed something.

Although Tang Hao and Mark only had a one-sided relationship, the young man left a very deep impression on Tang Hao from that day's contact.

With Mark's mind, if there is no special reason, it is absolutely impossible to commit such a big killing.

"Huh, what else can I investigate?"

"Could it be that Lu Songliang was not killed by Mark?"

"The lives of hundreds of powerful people in Vietnam were not killed by that junior?"

"The majesty of my Martial God Temple, isn't that Xiao Xiao trampled on it?"

"Even if there is a hidden secret in it, that is not the reason for him to indiscriminately kill innocents and massacre compatriots."

"If Mark didn't cut this, why did our Martial God Temple give Huaxia Wudao an account?"

"How to rule the martial arts nationwide in the future?"

"But~"

Tang Hao wanted to say something, but was immediately interrupted by the King of Fighters.

"enough!"

"Tang Hao, pay attention to your position."

"I know that both you and the God of War admire Mark."

"I also admit that this child has such a cultivation level at a young age, and he is indeed a shocking talent that is hard to come up in a century."

"However, if it is improper conduct, improper mind, no matter how good his talent, no matter how strong his strength, for me, Vietnam, it will only be a disaster and a disaster!"

“At that time, it will be my Chinese martial arts!”

The deep voice of Mo Gucheng was almost infinite.

In the whole hall, there is no resounding.

“This”

After all, Tang Hao was silent. He opened his mouth and couldn't refute it.

Yes, Mo Gucheng was right.

No matter how many reasons Mark has, he shouldn't slaughter the weak like this.

This is a taboo!

What's more, Mark killed Lu Songliang at the title feast.

This behavior is tantamount to an open challenge with Wushen Temple.

Mark's various behaviors have seriously touched the bottom line of the Wushen Temple and trampled on the majesty of the Wushen Temple.

The King of Fighters, it's strange not to be angry.

Sure enough, the Juggernaut, who had been silent for a long time, also nodded and decided to attack Mark.
