

# Chapter 2914– 2915 of A Dish Best Served Cold Novel

## Chapter 2914

“This bloody slaughter is beyond my Chinese martial arts.”

“We really can’t ignore this matter.”

“Gucheng, you will go to Jiangbei on behalf of Wushen Temple and find Mark.”

“Let him come to Yanshan to plead guilty.”

“If he doesn’t resist, you can make an emergency!”

“In short, I will do everything possible to bring him to Yanshan.”

“I have to question him face to face!”

The Juggernaut said in a deep voice, the words were full of cold meaning.

“Great.”

The King of Fighters immediately agreed.

Of course, after the Juggernaut announced the decision, the King of Fighters did not immediately go to Jiangbei, but summoned the Lu Family and his son to the hall and asked Mark where he was.

“When you came, was Mark still in Lin’an?”

In the Temple of Martial Arts, the Lu family father and son are much calmer than when they came, and they have long since lost their initial panic.

After all, in the eyes of Lu Hua and his sons, as long as they reach Yanshan, they will be safe.

Lu Hua’s father was the titled master of Vietnam, and the Martial God Temple had the responsibility of sheltering the relatives of the powerful.

Therefore, as long as they have been hiding in the Martial God Temple, Mark can’t help them.

“Return to the Lord of Fighters, when we came, Mark was indeed still in Lin’an.”

“After he killed my grandfather, he went to our Lu Family Manor and slaughtered my Lu family.”

“But at this time, I guess he should have fled back to Noirfork.”

“So if the King of Fighters wants to kill him, it’s best to go directly to Noirfork.”

“As far as I know, Mark’s relatives are now living in the Noirfork Military Region.”

“If you go there directly, you can wait for that kid.”

Lu Hua said viciously.

Mo Gucheng nodded: “Well, what you said makes sense.”

“That junior committed such a crime, he must have already left by this time.”

“It seems that if I go to find him, I should go to Noirfork.”

After making a decision in his heart, Mo Gucheng did not delay either.

Decided to go to Noirfork to capture Mark overnight.

Before leaving, the Juggernaut and others sent off in front of the temple: “King of fighters, be careful about everything.”

“Then Mark may not be as good as you, but since he can defeat Lu Songliang, his strength must have completely reached the title level.”

“Just do what you can!”

“If you rely on the strength of one person, it is difficult to surrender him. Then tell me, I will send someone to Noirfork to help you.”

The Juggernaut said in a deep voice.

The King of Fighters waved his hand proudly, “No need.”

“It’s just a junior. It’s probably because of some monstrous chance that I have this achievement today.”

“However, the junior is a junior after all.”

“Is the background of what I waited for, is it comparable to that of a junior?”

“It is no exaggeration to say that my King of Fighters defeated him, just like defeating a dog!”

The King of Fighters drank proudly.

The sound of majestic domineering, only if thunder exploded.

After that, he pushed open the door of the hall, and wanted to leave.

However, at this moment, the calm sky suddenly cooled down.

The air here suddenly became depressed.

Immediately afterwards, a sandstorm broke out.

At the end of the Tianhe, there was a gust of wind.

Boundless leaves are rising one after another.

Looking from a distance, just like crazy demons dancing.

“Ok?”

“this is”

The movement in the distance quickly aroused the alertness of the Juggernaut and others.

The King of Fighters, who was planning to leave, also stopped.

Everyone looked forward.

I saw that under the dark night, a lonely icy shadow walked alone!

Where the edge is heading, it is the top of Yanshan Mountain!

## Chapter 2915

On the top of Yanshan Mountain, the bright moon hangs high.

The faint moonlight, like water spilling, enveloped the entire pine forest outside the mountain.

Outside the mountain gate, a young figure walked alone on the rocks, facing the moonlight.

Step forward, step on the ground.

The low sound of footsteps resounded in the entire night sky like the moan of a devil.

“stop.”

“Heavy ground in the Temple of Martial Arts, idle people, etc., are strictly prohibited to enter!”

Outside the mountain gate, the guards saw the bizarre person appearing in front of them, and immediately questioned vigilantly.

However, in the face of the questioning of these guards, the figure seemed unheard of, and the pace of advancement did not lag behind by half.

“stop!”

“Did you not hear?”

“Last warning.”

“Heavy ground in the Temple of Martial Arts, idle people, etc., are strictly prohibited to enter!”

“If you don’t stop, don’t you blame me for being ruthless?”

Seeing that the other party ignored their words, these mountain guards suddenly became sullen.

Although they are only the grassroots security personnel of the Wushen Temple, they are at the feet of the emperor after all.

On weekdays, when people outside see them, they will treat each other with respect and respect.

But the person in front of them turned a blind eye, which undoubtedly seriously trampled on their pride and dignity.

However, even though they had spoken to this point, the person in front of them still did not respond.

“Ciao!”

“Shame on your face, right?”

“Second, third, go together.”

“Grab him on the spot, beat him, and throw him down from the mountain!”

Below the mountain gate, these guards were also completely angered.

They shouted, and immediately rose from the ground.

Either fist or leg, the torrential offensive is like a river rushing forward.

However, what made these people tremble was that their attacks fell on the young man, and they didn't even shake him in the slightest.

It is as if the stone enters the sea without making any waves at all.

“This...this... how is this possible?”

Seeing the scene in front of them, these guards were immediately stunned.

Their eyes widened, and there was tremor and shame in their old eyes.

“You...you...who are you?”

In shock, the guard asked in horror.

However, the only response to them was the low and heavy footsteps.

Until, the young man raised his head, revealing a pair of icy eyes.

Immediately afterwards, a shout containing majesty and endless killing intent resounded across the top of Yanshan Mountain.

“Father and son Lu, get out and die!”

.....

“Father and son Lu, get out and die~”

.....

“Get out and die~”

.....

The shouts are like thunder, echoing for a long time on the top of mountains and rivers.

The earthquake trembled and the rocks fell apart.

There were violent storms in the entire Yanshan Mountain.

Like a pot of boiling water, the originally silent night of Yanshan suddenly boiled.

With this drink, the entire mountain gate exploded directly.

Those who guarded them, one by one, were hit hard.

Everyone vomited blood and flew out!

The screams of screams echoed throughout the valley.

Outside the Temple of Martial Arts, the Juggernaut and others who were seeing off the King of Fighters did not change their color after hearing this drink.

Especially when the two of Lu Hua and Lu Ziming, father and son, heard these words, they were even more frightened. In the end, their legs weakened and they were spread directly on the ground.

“This...this...this is, Ye... Mark?”

Lu Hua glared his eyes and yelled in disbelief.
