

Chapter 2918– 2919 of A Dish Best Served Cold Novel

Chapter 2918

“As for today’s matter, I have the right to assume that it never happened, or not to pursue you.”

“But the premise is that I immediately quit Yanshan and go home for self-examination.”

“As for the heinous crime you committed in Jiangbei, I will wait until I have discussed with the God of War before making a decision.”

“At that time, the result of the final disposal of you will be notified to you.”

“Sword Saint, no~” The King of Fighters, who was ready to take action to teach Mark, suddenly changed his expression after hearing these words from the Sword Saint.

Hurrying back to look at the king of fighters, he spoke out to persuade him.

“The King of Fighters, you don’t have to persuade you anymore.”

“Don’t worry, I have my own decision on this matter.” Sword Saint replied.

“Yes~”

The King of Fighters was a little unwilling, thinking that this matter was forgotten today, some of them were too cheap, Mark, this kid.

After all, Mark was still the first warrior who dared to kill Yanshan alone for so many years.

If Mark is not severely punished for this matter, how will the face of their Martial God Temple survive in the future?

However, Juggernaut also has his own considerations.

This Mark, although his character is extremely disliked. But after all, it is also the warrior of the hot summer.

Before, the Martial God Temple also announced to the public that Mark was the seventh titled master of Yanxia.

If the pillar country powerhouse of the hot summer fights in the land of Yanshan, once this kind of fighting in the nest spreads out, let alone the temple of the warrior at that time, their entire hot summer martial arts is estimated to completely become the laughingstock of the martial arts of other countries.

When the power reached the height of Juggernaut, all things considered were all aspects.

Especially the international influence, Juggernaut naturally pays more attention to it.

After all, a little carelessness will discredit the entire summer.

Therefore, the Juggernaut is very cautious when dealing with many things.

“The King of Fighters, the overall situation is important.”

“Why, do you also want to be like this junior, with anger?” Sword Saint stared.

The King of Fighters finally gave up.

He stared at Mark coldly, and snorted coldly: “Humph, it’s cheap for you kid today.”

Mo Gucheng whispered, and then said to Mark displeased, “Don’t you go back quickly?”

“Why, we must force us to ask you out forcibly?”

“Save yourself some face!”

“Good for yourself~”

Mo Gucheng’s tone was full of anger.

His dissatisfaction with Mark is not a day or two.

It was because of his son’s affairs before, but at that time he was angry no matter how bad he was.

Today, Mark is acting wildly and violating martial arts taboos.

Naturally, Mo Gucheng didn’t have to hide it, and all his disgust and anger towards Mark were all shown.

However, facing the words of the King of Fighters and others, Mark didn’t have any intention to retreat.

On the contrary, the chill on the face is even worse.

“If the Lu family’s father and son don’t die, how will I retreat?”

“I will ask you one last time, do you pay or not?”

“If you don’t hand it in, then I will pick it up by myself!”

Boom~

As the saying goes, the language is not surprising and endless.

At the moment when Mark’s words fell, the people on the top of Yanshan Mountain were frightened crazy.

Everyone stared at Mark with unbelievable eyes.

“This... is he crazy?”

“The Juggernaut said that this is the case, but he actually paid it back...”

Many people feel terrified.

Tang Hao also let out a cold sweat behind his back.

What is Mark doing?

Isn’t this deliberately angering the Sword Saints?

Isn’t this asking for hardship?

“Mark, what are you talking about?”

“Are you crazy?”

“Hurry up and apologize to the Juggernaut King of Fighters!”

Chapter 2919

“Let me apologize?”

Hearing what Tang Hao said, Mark suddenly chuckled back.

The faint laughter was full of sarcasm and self-deprecating.

“What’s wrong with me, Mark?”

“On the contrary, it is you, with eyes but no beads, regardless of right and wrong, protecting the villain.”

“Hua Xia Martial Arts is led by you ignorant and pedantic people. It is really the great misfortune of my Vietnam Martial Arts!”

“It’s my great misfortune in Vietnam~”

On the top of Yanshan Mountain, Mark’s sneer couldn’t help echoing.

The majestic sound and the eloquent words are only if thunder blasts the world.

After hearing these words from Mark, everyone present was frightened to death.

Too cruel~

Mark said this too harshly.

It was undoubtedly cursing at the noses of Juggernaut, King of Fighters and others.

Tang Hao peed at the time, and he was crying anxiously.

He didn’t expect that he was so kind to persuade him, this Mark not only didn’t know how to constrain, but also intensified, uttering such rants.

“It’s over~”

“Now things are completely out of control.”

Tang Hao sighed, his old eyes filled with despair and anxiety.

Sure enough, the moment Mark’s voice fell, Mo Gucheng, the King of Fighters, exploded directly.

“Shut up, you country boy, how dare you talk nonsense?”

“You...you...you are so brave!”

“How dare to speak rudely to me waiting for Zhu Guo?”

“You deserve it too!”

Mo Gucheng’s old face was green, and he pointed at Mark’s nose and cursed.

I don’t know if it was because of the anger or the insult, the King of Fighters was going crazy and his whole body was shaking with anger.

It's the first time they have heard in so many years that someone dared to offend them in such insults.

Moreover, he scolded so harshly.

Said they had no eyes, said they were ignorant and pedantic, and said they were the great misfortune of Chinese martial arts.

No matter how good the temper is, it is probably unbearable to be scolded to this level.

What's more, the king of fighters has a bad temper.

There was already a fire in my heart.

Now Mark's words undoubtedly ignited the fire in the King of Fighters' heart completely.

Under the anger, the king of fighters clenched his hands into a fist, and the strength around his body surged, and the majestic punch was about to smash it hard.

However, at the critical moment, Tang Hao rushed over and hugged Mo Gucheng, the King of Fighters.

"King of fighters, calm down!"

"How can the land of Yanshan be contaminated with the blood of compatriots?"

"Huaxia Zhu Kingdom killed each other, and spread it out, and it is bound to make my Huaxia Wushen Temple a joke for the people of the world~"

"The King of Fighters, if you listen to the Sword Master, you must think twice, the overall situation is important!"

Tang Hao hugged the King of Fighters and tried to persuade him.

"Tang Hao, let him go."

However, just when Tang Hao blocked the King of Fighters, the faint words of the Sword Sage sounded quietly.

"Juggernaut, what are you?"

Hearing this, Tang Hao was stunned at the time, and then turned to look at the Juggernaut on the side.

The Juggernaut at this time, his face sank like water.

Under the majestic face, the chill was surging.

“My Martial God Temple’s patience is limited.”

“I gave him a chance, but he didn’t know how to cherish it.”

“If that’s the case, why should I give him any more face?”

The Juggernaut shook his head and spoke slowly.

After speaking, the Juggernaut looked up at the young man in front of him.

“Mark, right?”

“Except for Chu Tianfan, who fell in the seas of the Sun Kingdom that year, you should be regarded as the first youth title of my Huaxia Martial God Temple.”

“Before, I thought about your talents and talents, so I have been tolerant of what you do.”

“However, my tolerance for you is definitely not the capital that you can do whatever you want.”
