

Campus Master Chapter 2951

Just when Ji Feng was healing, the outside world was already abuzz.

The sudden and violent explosion on a busy road had already spread throughout Jiangzhou. The top brass in Jiangzhou was shaken and the city bureau was extremely annoyed.

The impact of such a vicious incident was too great.

The City Bureau dispatched its staff to investigate the incident at the first opportunity, and the whole of Jiangzhou has also started a secret martial law on the outside and the inside, strictly investigating all suspicious characters.

The state has always taken an extremely strict stance on such vicious incidents, as they are too bad in nature, have too much impact and are quite destructive.

But some people didn't care about it at all, and even secretly mocked the incompetence of the Jiangzhou Municipal Bureau, especially the fact that such an arrogant figure as Ji Feng had been killed by a bomb, what a gutter.

Sitting in the car, Wu Zhiyong looked at the few traffic's police and a few policemen standing outside the car window and was acutely aware that the atmosphere seemed a bit off.

Looking at the vehicles in the queue in front of him, Wu Zhiyong could not help but frown.

"Swish!"

A traffic policeman came over, saluted and said to the driver, "Hello, please show your ID card and driving licence."

The driver glanced at Wu Zhiyong in the overhead rearview mirror, saw him nod slightly, and said, "Okay."

The driver took out his ID card and driving licence and handed them to the traffic police, but the traffic police looked at Wu Zhiyong again and said, "Hello, sir, please show your ID card. Also, please open the trunk for us to check!"

"Check the trunk?!" The driver couldn't help but say, "Why? Comrade police, we are not fugitives! Do you have a search warrant?"

"Sorry, this is a routine check, no need for a search warrant, please open the trunk for us to check, please cooperate!" The traffic cop said.

"No!"

The driver said, "You don't have the authority to do this, I won't cooperate, if there's nothing wrong please give me back my driving licence and ID card, I'm leaving!"

The traffic police immediately shouted, "Sir, please cooperate with us, thank you!"

The driver immediately stiffened his neck and tried to say something, but when he saw the two policemen walking over quickly, his words were swallowed back.

“Open the trunk!” Wu Zhiyong said, “It’s nothing anyway, it’s only right to cooperate with the police comrades!”

“Yes!”

Hearing that Wu Zhiyong had said so, the driver naturally had nothing to say and hurriedly pressed the switch of the trunk, allowing the traffic police and the police to check.

Wu Zhiyong, on the other hand, smiled and asked, “Comrade police, I see that you are all standing at attention, is something going on?”

The traffic policeman, however, said, “You’re quite fond of hilarity?”

Wu Zhiyong said, “It’s my first time in Jiangzhou, I just want to know what we need to pay attention to here, so if something happens, I can avoid it in advance! Please give me more guidance!”

Saying that, Wu Zhiyong took out two packs of cigarettes from his car and handed them to the traffic policeman.

The traffic police officer saw the two packs of cigarettes and the corners of his eyes twitched, of course he knew that they were good cigarettes that cost more than three hundred dollars a pack, he didn’t expect that this guy was really generous.

However, there were so many drivers looking at the front and back, so naturally the traffic policeman was not good enough to take them, he just waved his hand, but his attitude was much better: “Okay, you don’t have to use this set, we are an international metropolis in Jiangzhou, there are no rules here, there is only one thing, just obey the law!”

“That’s for sure!” Wu Zhiyong laughed, “But, now that it’s so strictly investigated, is there something going on?!”

“There’s been a case in the city and we’re tracking down the suspects!” The traffic police said, “Alright, there’s no problem, let’s go!”

“Thank you!” Wu Zhiyong nodded his head in greeting.

When the car drove away, Wu Zhiyong raised the window, his face sank, and he couldn’t help a cold light flashing in his eyes.

At this time the driver asked, “Young Wu, are we going straight to the hotel now?”

Wu Zhiyong nodded his head and said, “To the hotel!”

Looking at the rapidly receding skyscrapers outside, Wu Zhiyong’s face was getting gloomier and gloomier, he leaned back in the back seat without moving a muscle, but a dangerous light flashed in his eyes.

“Jiangzhou hum!”

When he arrived at the hotel he had already booked, Wu Zhiyong sent his driver away to another room, while in his own room he went to the window and looked out at the bustling crowd, the vehicles that

passed through the stream, and the skyscrapers that were rising from the ground, and remained silent for a long time.

Wu Zhiyong thought of his father, Wu Zhengmin.

This was the land where his father was supposed to sit and become a vassal, and then use it as a springboard to succeed in the centre.

However, just when it was almost a foregone conclusion, the Ji family suddenly stepped in, causing the Wu family to fall on its face and shattering his father's plans to enter Jiangzhou.

The subsequent series of events left the Wu family in a state of near ruin.

At least, Wu Zhengmin was no longer the same Wu family head, but a frail patient lying on a hospital bed.

All of this was thanks to the Ji family.

Especially Ji Feng!

"Ding ring"

The phone suddenly rang, causing Wu Zhiyong's thoughts to be pulled back to reality, he took out his phone and looked at it, and immediately frowned, "It's you again, what a shady soul?!"

He hung up the phone straight away.

"DING RING"

However before he could put the phone back, it suddenly rang again, and when he looked at the caller ID, it was still the same number.

Wu Zhiyong's face sank, he hesitated for a moment but still picked up the phone, "Didn't I tell you, don't call me, can't you understand human language?!"

"Tsk, young Wu, don't curse!" The voice on the phone was very frivolous, "This is not the level of speech that a governor should have!"

"Of course I have a level, but it depends on who I'm talking to, with you, I will only talk like this!" Wu Zhiyong said coldly, "If that's all you're calling to say, that can stop here!"

"I don't think so!"

The voice on the phone, however, did not seem the least bit worried, and did not take Wu Zhiyong's coldness to heart at all, "Young Wu, I heard that you went to Jiangzhou?"

Wu Zhiyong suddenly had a cold light in his eyes and said in a cold voice, "You're well-informed!"

The other party said, "Of course! I told you last time that I can do things that many people cannot do, for example, I knew about it soon after you left for Jiangzhou. Another example is that I can also cure your father's illness!"

Wu Zhiyong said in a cold voice, "What exactly do you want to do?"

The other party said, "As I said last time, I just want to make a friend with Young Wu, nothing more!"

Wu Zhiyong said in a cold voice, "I won't make friends with someone who hides his head, and you don't have the qualifications either!"

The other party said, "Then what if we have a common enemy?!"

Wu Zhiyong's face sank, "What do you mean?"

The other party laughed twice and asked, "Young Wu, who do you hate the most? Who is your biggest enemy?!"

Who do you hate?

If one were to ask oneself, there are two people Wu Zhiyong hates the most in his life, one is Ji Feng, this is the enemy who caused him to fall on his face several times and even touch his nose. And the other

"Young Wu, if I tell you that I can help you kill Ji Feng, how sincere do you think I am as a friend?!" Wu Zhiyong hesitated to speak, but the other one suddenly asked.

"....."

Wu Zhiyong was violently shocked, but the composure he had developed over a long period of time allowed him to hold back at the critical moment, even though he could almost not help but cry out in shock at this moment, he stiffly gritted his teeth and did not say a word.

The other party said, "It seems that young Wu still doesn't trust me, it's okay, you will soon be able to hear good news, I will contact you then!"

After saying that, the other party hung up the phone!

Wu Zhiyong listened to the busy tone coming from the phone and stood in front of the window for a long time without saying anything.

.....

"Phew~!"

Ji Feng slowly opened his eyes and exhaled a foul breath.

He slowly moved his body and stood up from the mat, walking back and forth on the floor with his bare feet, and after a few moments, the corners of his mouth couldn't help but spread a smile.

His body had almost recovered, though certainly not completely, but at least normal movement was not affected.

"It looks like the injuries sustained weren't as heavy as one would think!" Ji Feng secretly said, he speculated that at that time, he was afraid that because his back was exactly facing the direction of the bomb explosion, the shock wave of that bomb explosion was really too powerful and strong that it had shaken his internal organs, that's why he spurted out a mouthful of blood and was in so much pain that he could barely move.

In reality, however, there were no injuries that were too serious.

Now after being conditioned and repaired by the bio-current, he felt much better. Taking two quick steps, Ji Feng threw a fierce punch, still throwing a punching wind!

However, Ji Feng couldn't help but frown because when he punched out just now, his internal organs still hurt a little bit when he punched too hard, which meant that they hadn't recovered yet, and it looked like it would take a few days to truly recover as before.

But now Ji Feng was satisfied with this, originally he thought he would have to lie in bed for two days before he could get out of bed and walk around, but after just one practice session, he was able to move around so freely, if not for the faint pain in his internal organs when he exerted himself too much, he was almost no different from a normal person.

When he raised his hand to look at the time, Ji Feng couldn't help but be astonished, it was already eight o'clock in the evening?

He had used up most of the day in this practice?

Ji Feng immediately looked around but found that all his belongings were gone, he hurriedly took two quick steps to open the door and saw Bai Zhu and Guo Tao and Liu Zejun who had brought stools from somewhere sitting at the door.

"Young Ji!"

"Boss!"

Seeing Ji Feng come out, all three of them panicked and greeted him, asking about Ji Feng's situation.

Ji Feng waved his hand and said, "Don't worry, I'm fine. Thank you all for your hard work."

Hearing that Ji Feng was fine Bai Zhu couldn't help but Song Lei breathed a sigh of relief, Liu Zejun and Guo Tao did the same, and Guo Tao even clapped his hands and said, "It's good that you're fine! Motherfucker, how dare you backstab, boss, you rest one more night, when tomorrow morning we will go to take revenge!"

Campus Master Chapter 2952

Hearing that Ji Feng was fine Bai Zhu couldn't help but Song Lei breathed a sigh of relief, Liu Zejun and Guo Tao did likewise, Guo Tao even clapped his hands and said, "It's good that you're fine! Motherfucker, how dare you backstab, boss, you rest one more night, when tomorrow morning we will go to take revenge!"

Although Liu Zejun didn't say anything, but looking at the icy look in his eyes and the dangerous glint in his eyes, one could tell that at this moment he must be absolutely poised to strike as well!

However, Ji Feng shook his head and said, "There's no hurry about revenge first, there's plenty of opportunities later!"

Guo Tao was stunned, "No hurry? If you don't hurry, they'll all run away!"

Ji Feng shook his head and sneered, "Don't worry, even if they run away this time, there will always be chances later, unless they just want to do this one-shot deal!"

Guo Tao wanted to say something else, but Ji Feng interrupted him and said, "Alright, this matter ends here now!"

Although there was some reluctance in their hearts, but since Ji Feng had said so, there was nothing they could say, so they could only nod their heads.

Ji Feng asked, "By the way, what's the situation outside?!"

The three of them immediately described the situation outside, in fact, there was nothing outside, especially in the Tengfei Group, everything was normal.

Bai Zhu said, "Yu Xuan called there, I told her that you were busy and couldn't return for the time being."

She handed the phone to Ji Feng.

Ji Feng nodded his head and said, "You did the right thing!"

The reason he chose to come to the company was because it was safer here on the one hand, and because he didn't want to worry Xiao Yuxuan and Tong Lei and the others.

As for the safety of Xiao Yuxuan and Tong Lei and the others, with Little Shadow and Han Zhen by their side, plus the security facilities in the villa, there was definitely no problem!

"Alright, after guarding me here all day, you all worked hard, go and rest early!" Ji Feng patted Guo Tao's shoulder and said, "I'm happy that you guys have this heart for revenge, but this kind of thing can't be rushed, right now I have more important things to do."

Guo Tao nodded and said, "When the next time you want to do it, boss, you must call me, I'm about to get rusty in my body from being idle lately!"

Ji Feng laughed, "Don't worry, if something good happens you'll definitely be missing!"

Since his body had recovered a lot, Ji Feng didn't intend to stay here anymore. At this time, Yao Zhijian and Lu Gang, who were in charge of the duty, came over, and Ji Feng chatted with them again, and then urged them to be extra careful recently.

The disappearance of Professors Tong and Yu had given Ji Feng a bad feeling in his heart.

At this point in time, the Tengfei Group must be guarded, nothing can be moved here, this is his root! At least, for now, this is his root!

Lu Gang did not say much, but nodded seriously and said, "Boss, don't worry, as long as we are here, the company will be safe, unless we are no longer here"

"All right! No need to say more words, you guys just have this determination!" Ji Feng smiled, after a pause, he suddenly thought of something else and said, "Lu Gang, the team members, do you know all the situation?"

“The boss is talking about?” Lu Gang was a bit puzzled.

“It’s the family situation of the team members, do you know all of them?!” Ji Feng asked.

Lu Gang immediately nodded and said, “All understand, boss, you can rest assured, our team that are trustworthy, absolutely can be assured”

Ji Feng waved his hand and said, “I didn’t mean that. I mean, give the players a better welfare package so that their families can feel at ease.”

The situation was getting more and more complicated now, and while developing the company, Ji Feng was feeling no small amount of pressure. He wasn’t afraid of death, and the battle teams under Yi Xingchen’s leadership were all equally unafraid of death. However, the families of those players, who of them was willing to lose their loved ones?

So, giving the players more welfare benefits at ordinary times, hopefully, would give their families some peace of mind, even if something happened to the players one day, it wouldn’t be so difficult for their family relatives to even make a living!

What’s more, giving those team members a better welfare package comes with a requirement.

“To tell all the brothers, because we are a cooperative enterprise with the military here, it is also considered to have some official military nature, so the secrecy must be good!” Ji Feng admonished, “Even to family members, try not to say anything if you can!”

Now is not the past after all, they are not special staff, not so much that even their own wives do not know what their husbands actually do for a living, but, as much secrecy as possible, after all, not everyone’s family members are tight lipped!

Lu Gang understood Ji Feng’s meaning and immediately nodded, “Don’t worry boss, I’ll relay your meaning to Lao Yi when we gather tomorrow, and then we’ll tell every single brother!”

Ji Feng nodded his head, very satisfied with Lu Gang’s performance.

Although Lu Gang was the vice captain, he was very respectful to Yi Xingchen, which was good. He remembered that when Lu Gang and the others first arrived, they were still very unconvinced, thinking that they came from a regular field army, or even special forces, and were elites, so they were somewhat unhappy about being subjugated to Yi Xingchen and the others.

Then Ji Feng simply let them both have a match at that time, and the result was that Yi Xingchen and the others showed strong combat power, not inferior to Lu Gang and the others in any way. On the contrary, because Yi Xingchen and the others came from a mercenary army, they were a bit more flexible in their fighting style, and as a result, Lu Gang and the others were defeated.

From that time onwards, Lu Gang became convinced of Yi Xingchen. Later, when he came across Ji Feng’s gymnastics, he understood the difference between himself and Yi Xingchen and the others, not simply because of the difference between special forces and mercenaries, but also because of this gymnastics!

So from that time on, he and Yi Xingchen got along very well, which made Ji Feng very pleased.

The most important thing about whether a battle group has combat power or not is not whether every single person is an elite, but whether the members of that battle group trust each other and are able to cooperate fully!

Now, he saw this trait in Lu Gang and the others!

“Let’s go!”

After arranging everything, Ji Feng then left with Bai Zhu.

While on the way home, Bai Zhu couldn’t help but ask, “Young Ji, Guo Tao and the others wanted to take revenge, why did you stop them?”

Ji Feng shook his head and said, “It’s not that I want to stop them, but there are more important things to do now. Revenge can be put off, but Professor Yu’s matter cannot be put off!”

Bai Zhu asked, “Do you want to save Professor Yu first?”

Ji Feng nodded and said, “Professor Yu must be saved first. Finding him is much more urgent than taking revenge!”

Professor Yu had to be found, and if he couldn’t be found, it would be nothing less than a major blow to the Tengfei Group, as it would mean the leaking of the new chrome alloy technology.

By then, Tengfei Group’s advantage in alloy technology would be gone, and Ji Feng would then inevitably have to launch another new alloy to maintain that advantage.

“But then, a lot of the previous work would have been done for nothing!” Ji Feng shook his head, for example, if he had cooperated with Professor Yu at that time to cover his tracks, if another new alloy was introduced, then instead of eliminating the impact, the impact would be even greater.

“Tengfei Group launched two new alloys in a row within a very short period of time, and both of them are also ahead of the world level, it would be difficult not to be noticed at that time!”

“Therefore, finding Professor Yu becomes the top priority at the moment.” Ji Feng said.

Hearing Ji Feng’s explanation, Bai Zhu nodded thoughtfully, she didn’t really understand these things particularly well, even though she had been the head of Dynasty’s Western Xia branch before, she was a bit overwhelmed when faced with things in this current situation, as it wasn’t something she was good at.

However, when she heard Ji Feng’s analysis, she felt that it was very reasonable and well organized, so she especially liked listening to Ji Feng’s talk and analysis of things!

When he returned home, Xiao Yuxuan and Tong Lei were already back, but Xiao Yuxuan didn’t have time for him, instead she was busy with the alloy production line, as she was going on a business trip tomorrow, and Xiao Yuxuan was still hurrying to prepare the information.

Although Tong Lei was also busy, she was hugged by Ji Feng and kissed her fiercely twice on her snow-white skin, causing her to blush and pout, her usual coolness disappearing instantly without a trace!

The first thing you need to do is to take a look at the actual situation.

If Bai Zhu hadn't detected the bomb first, he wouldn't have been able to return today, and then, I don't know how sad Tong Lei and the girls would have been.

Especially Tong Lei, she gave so much for herself, but she never had anything to give her!

Glory, wealth and prosperity?

Or a great future?

What she wanted most was just to have a man who loved her and then live an ordinary life.

But even this, Ji Feng failed to do, because, although he also loved her, there were other women!

Thinking of all this, Ji Feng's heart felt guilty and embraced Tong Lei without saying a word.

The child Lei also seemed to have sensed Ji Feng's feelings, and with a quiet smile on her face, she just leaned in Ji Feng's arms and quietly read a book.

At a later stage, she simply didn't even hold the book anymore, and just leaned in Ji Feng's arms, letting Ji Feng's hands go around her delicate body and hold the book for her.

"Turn the page!"

Tong Lei said softly.

Ji Feng then smiled and turned a page, and when Tong Lei had finished reading and said it again, he turned another page.

This kind of quiet time reminded Ji Feng of a line from a movie played by two divine stars – after a big war, a song and dance!

Although this is just a playful line, but when you taste it carefully, it tastes good.

He wanted to take revenge and was anxious to find Professor Yu, but at the moment he only wanted to stay with Tong Lei, not to go anywhere, especially since he had just walked through a ghost gate!

Campus Master Chapter 2953

That night, Tong Lei had fallen asleep peacefully. The lights in Xiao Yuxuan's room had also gone out, and Ji Feng heard the sound of even breathing, apparently having fallen asleep as well.

It was at this point that Ji Feng began to cultivate.

He knew that he hadn't actually recovered from his injuries, and could only say that he had recovered well. However, he didn't dare to guarantee what would happen next, as the situation at hand was developing somewhat complicated, and there might be a series of battles coming up!

Ji Feng once again entered the training space of the intelligent brain.

"Master!" Ji Feng took the initiative to greet Ji Brain when he saw him enter.

"You're really becoming more and more like a human being!" Ji Feng took a glance at Wisdom Brain and couldn't help but say. Wise Brain was really becoming more and more human now, taking the initiative

to greet was something it had always done, which was nothing unusual, but what really made Ji Feng feel weird was that tone of voice when Wise Brain greeted him, it wasn't the same every time!

This meant that it actually changed its tone of voice, which was, in fact, emotion!

In other words, the intelligent brain was showing signs of emotions!

However, Ji Feng's words did not seem to be understood by the intelligent brain, it just said, "According to the programming, communicating with the master in a human tone and language will make the master more receptive."

Ji Feng nodded and smiled, there seemed to be no real point in discussing such issues with the intelligent brain, I'm afraid even it didn't know that she already had a hint of emotion.

I just wonder, in the future, just how far will the Wisdom Brain evolve, will it truly produce its own independent personality? Homo sapiens had said that it also drew bio-currents from its own body as energy, and as its own cultivation deepened, the faster Homo sapiens would obviously evolve.

So, will there come a day when the intelligent brain will no longer be an intelligent program that only relies on the original program set for it to speak and do things, but will instead become a human with its own consciousness that can think and make choices and various other things on its own?

This makes Ji Feng can't help but be in a bit of a trance for a while, he really doesn't know if that day really comes, and what kind of attitude he should have towards the intelligent brain, and what kind of attitude the intelligent brain will treat him with!

It was too early to tell, but the most important thing for now was to recover his body first.

"Wise Brain, pull up some reference images of the late third stage!" Ji Feng said.

"Yes, Master!"

The intelligent brain immediately obeyed Ji Feng's order and pulled out from the database the images of those masters in the Gamma Galaxy who had cultivated to the late third stage of body building, during their cultivation and fights, Ji Feng wanted to use them as reference to think about his future path!

Because, at this time, Ji Feng had already cultivated to the late third stage, those training spaces and so on in the intelligent brain's program were no longer useful to Ji Feng.

According to the words of the intelligent brain, the only thing that Ji Feng could do now was to keep practicing body building exercises over and over again to deepen and improve his cultivation a little.

However, this increase was extremely limited, because after reaching the third stage, the cultivation had reached its limit as of now. If one wanted to have a real qualitative improvement, one would have to enter the fourth stage!

But the problem is that the fourth stage is crippled, and in the intellect's database strictly speaking it should be in the entire Gamma system, the fourth stage of body building exercises is crippled.

At this time it is necessary for the practitioner himself to be able to have some enlightenment and be able to step out on his own path.

The good thing was that Ji Feng was only using it to repair his body now, so he didn't need to think about the fourth stage, he just needed to practice it over and over again.

However, Ji Feng was a bit reluctant – he had already cultivated to the late third stage and was just one step away from those super agents in the Gamma Galaxy, yet he could still be easily injured now, and he might even lose his life if he was not careful!

This was not a super agent, he was just a better physique!

“Boom~!”

In the picture, a mountain was blown up, rocks flew and the earth shook.

Ji Feng's blood was also boiling as he watched, he had watched this image for an unknown number of times, but every time he watched it, he was still too excited to control himself.

The two people in that image were too powerful!

The image Ji Feng was watching at the moment was the one he had seen when he first learnt gymnastics, in which two super masters were fighting, one of them could jump a hundred metres in one leap, while the other could blow up a mountain with one punch!

It was truly mind-blowing!

“These two people, how far have they gone in the fourth stage?!” Ji Feng couldn't help but ask as he looked at the image that made people's blood boil.

“It is unknown!”

The intelligent brain said, “However, these two people both hold the title of super agents!”

Now that was a real super agent!

Ji Feng couldn't help but sigh, although he had also cultivated to the late third stage now, but compared to the two people in this image, he was really far from it.

According to his understanding of cultivation, since the two people in the picture were so strong, then their physique must also be frighteningly strong, and when they encountered the kind of explosion during the daytime, I'm afraid they wouldn't even frown.

“How exactly does one cultivate at the fourth stage, why is the gap so big?!” Ji Feng was puzzled.

“This requires the master to find the method himself!” The intelligent brain said.

Ji Feng also understood that he couldn't get an answer from the wise brain, but this fourth stage was also really too strong and really made his heart flutter, just how should he be able to step into this step?

Not being able to find an answer for a while, Ji Feng could only collect his mind for the time being and continue to cultivate to recover his body.

The next morning, Ji Feng habitually woke up early and still got up to box and exercise.

However, today he made breakfast with special care, because yesterday's explosion made him realize that he might have an accident at some point, life is unpredictable, he did not want to suddenly die one day, and it was too late to feel sorry for Tong Lei and the girls.

This breakfast was extraordinarily happy for both Tong Lei and Xiao Yuxuan, although they were wondering why Ji Feng suddenly remembered to make breakfast for them, but this happiness was something they deserved to enjoy with all their hearts.

However, before Ji Feng had time to finish his breakfast, he received a call from Xiang Yongzhan.

"Ji Feng, that bar you asked me to check yesterday, have you gone there yet?!" Xiang Yongzhan's voice was a bit gruff over the phone.

"Not only did I go, I almost gave an account there!" Ji Feng came to the courtyard and said with a bitter smile.

"What, you were there at that time?!" Xiang Yongzhan immediately asked.

When Ji Feng heard him say that, he understood that he must have known about the explosion at the October Bar, and nodded, "Yes, at that time, if Bai Zhu hadn't discovered that there was a bomb there in advance, neither of us would have been able to escape."

Xiang Yongzhan said in a deep voice: "What was the situation at that time?!"

Ji Feng gave a general account of the situation at that time, and then said, "I suspect that the other party must have predicted that we would track down the October Bar, so they set it up in advance, it was a trap!"

Xiang Yongzhan asked in a deep voice, "How did the other side know that we could trace it to the October Bar?"

Ji Feng mused, "I suspect that there was someone watching near Professor Yu's house at the time, and when he saw that those few fake policemen had been arrested, he knew that the October Bar must have been unsafe, so he made the next arrangement!"

"Simply heartless!" Xiang Yongzhan said in a cold voice, he personally went to see the scene of the explosion at October Bar, it had become a ruin, even the shops next door were affected, if there were many people nearby at that time, I'm afraid there would have been a lot of deaths and injuries.

Even now, there are quite a few people injured, just not dead, but the nature is extremely bad.

"What are you going to do next?!" Xiang Yongzhan asked.

"Investigate! Keep investigating!"

Ji Feng immediately said, "Start with the background of the bar, but everything that can be used as a clue, check carefully!"

Xiang Yongzhan said, "Difficult! The owner of the bar has been blown up, so the trail is broken!"

Ji Feng was stunned, "The boss was blown up?!"

“You don’t know?!”

Xiang Yongzhan said, “Weren’t you at the scene at the time? The police recovered the body from the explosion site, and after technical examination confirmed that the body was the bar owner!”

Only then did Ji Feng understand that the fat man was actually the owner of the bar!

Xiang Yongzhan said, “Now there’s only one useful clue, although that bar is nominally owned by an individual, the owner belongs to a gang, now I’ve sent people to arrest the boss and the main key members of that gang, do you want to come over and ask?”

“Arrested them all? Did you catch a man called Old Li?!” Ji Feng immediately asked.

“Don’t know yet, haven’t interrogated yet, I know you’re good at interrogation, how about it, do you want to come over and try?!” Xiang Yongzhan asked.

“I’ll come over here!” Ji Feng said immediately. Perhaps, Professor Yu’s whereabouts was about to be learned from this gang’s mouth.

However, things changed again when Ji Feng was about to rush to the military compound.

He hadn’t even had time to leave the house when he received a call from Li Ruonan.

“Ji Feng, are you in Jiangzhou?” Li Ruonan asked over the phone, “If you’re in Jiangzhou, please come to the city bureau at eight o’clock.”

“Go to the city bureau? Why?!” Ji Feng was a bit stunned.

“There’s a case that needs your cooperation in the investigation, and there are some questions to ask you!” Li Ruonan said.

Ji Feng immediately frowned: “Need me to cooperate with the investigation? What case?”

Li Ruonan said, “You’ll know when you come.”

Ji Feng said, “No, I don’t have time now, I’ll call you when I’m done ……” but his words were cut off by Li Ruo Nan before he could finish.

“It’s a murder case!”

Li Ruonan said, “Ji Feng, this is an order from the main leader of the city bureau himself, anyone who is related to this case has to be investigated, and you are no exception! If you don’t come, then I’ll have to personally lead someone to invite you!”

Ji Feng’s brow furrowed at once ……

Campus Master Chapter 2954

“It’s a murder case!”

Li Ruonan said, “Ji Feng, this is an order from the main leader of the Municipal Bureau himself, anyone who is related to this case has to be investigated, and you are no exception! If you don’t come, then I’ll have to personally bring someone to invite you!”

Ji Feng's eyebrows furrowed at once

"Since when did I have anything to do with a murder case?!" Ji Feng asked in a deep voice.

"We'll know when you come!" Li Ruonan said.

Ji Feng held the phone in silence for a moment and didn't say anything. In fact, he knew in his own heart whether it was related to the murder case or not. If it was related to the murder case recently, it was the case of the fat boss of the October bar who was killed by a bomb!

Other than that, there was really no case that he was involved in recently!

I think Li Ruonan was looking for him for this case. Ji Feng couldn't help but shake his head and smile, he really didn't expect that Li Ruonan would be in charge of this case again?

It seems that her so-called principle has started again!

"I'm going over there!" Ji Feng said into the phone and then hung up the phone straight away. Since Li Ruo Nan had already done business with him, there was nothing more for him to say.

It was just that Ji Feng had always wondered just how bad an image he had in Li Ruo Nan's mind that would make Li Ruo Nan imagine herself to be infinitely worse whenever she encountered anything? Even, he could ignore his previous friendship and not even show any mercy at all, and simply take a business-like attitude?

The actual fact is that you can find a lot of people who are not able to get the best out of the company.

But the problem is

The first thing you need to do is to make a phone call to Xiang Yong Zhan, telling him that he can't go for the time being, there is a sudden emergency here, and I don't know when I will be able to finish, so I will go again when I have time.

"Do you need any help?" Xiang Yongzhan immediately asked. If he could make Ji Feng put off even the matter of tracing Professor Yu's whereabouts, then I'm afraid it was something urgent and perhaps a bit tricky, so Xiang Yongzhan asked.

"No need. It's just a little thing, but it's urgent!" Ji Feng laughed, "Then let's do that first, I'll talk to you later!"

"Good! You take care of everything and communicate in time if anything happens!" Xiang Yongzhan said.

"No problem!"

Ji Feng laughed and closed the line.

Afterwards, he said to Bai Zhu, "Bai Zhu, go to the city bureau."

Bai Zhu was stunned, "Go to the city bureau? Young Ji, we're not going to the military compound?" She knew that Professor Yu's disappearance had made Ji Feng very anxious, and now that she saw that there were clues, how come she wasn't going to track it down?

Ji Feng shook his head and said, "Just now, Captain Li from the city bureau called and said that I was involved in a murder case and asked me to cooperate with their investigation.

When Bai Zhu heard this, a look of anger appeared on her pretty face and she immediately rebuked, "What a bunch of nonsense, you simply don't know what you're talking about!"

This really pissed Bai Zhu off, Li Ruo Nan simply didn't know what she was talking about!

She was with Ji Feng, of course, she knew best whether Ji Feng was involved in the murder case, after all, it was the October bar bombing case?

However, instead of investigating the bombing case, the police came to investigate Ji Feng?

That's fine! The key problem is that Li Ruo Nan called over instead of sending someone to take Ji Feng away.

The fact that she didn't like this woman, but she wouldn't say anything even though she didn't like her, and she would give her respect, made Bai Zhu extremely disgusted.

But Ji Feng just waved his hand and laughed, "Alright, she does have the power to do that, let's just cooperate!"

Bai Zhu nodded, but the anger in her heart hadn't completely subsided, she just drove without a word.

Soon, they arrived at the city bureau.

Ji Feng went straight to the CID, and when he arrived outside Li Ruonan's office, he said to Bai Zhu, "Later on, no matter what's going on or what topic is talked about, don't get angry even if you're upset after listening to it, solving the problem is most important."

Bai Zhu pursed her lips and did not say anything. This showed that she was actually reluctant in her heart, she didn't want to see Ji Feng being treated unfairly, especially she didn't want to see a woman who was obviously mixed with her personal emotions in it presuming to accuse and question Ji Feng.

Ji Feng squeezed her hand and smiled, then knocked on the door with his other hand.

"Please come in!"

A woman's voice came from the office.

Ji Feng pushed the door and walked in, and saw that Li Ruonan was sitting behind her desk and was looking down at a document.

"Captain Li, you're looking for me?" Ji Feng asked as he walked over.

As soon as Li Ruonan heard that it was Ji Feng, she immediately raised her head, "You're here, have a seat."

Ji Feng casually pulled out a chair and sat down, and was about to speak when he heard Li Ruonan say, "Excuse me, it's the investigation period of the case, I wonder if Miss Bai can wait in the adjacent parlour?"

Bai Zhu knitted her eyebrows and said, "No matter where I go I am always following Young Ji!"

Even in the General Staff, unless she had to wait outside when Ji Feng went to see the chief, she was always following like a shadow.

When Li Ruonan heard Bai Zhu's words somehow choking, she couldn't help but say, "This is a rule and a procedure, I still hope you can cooperate!"

"Bai Zhu, you go wait outside!" Ji Feng said. He didn't want to waste time on this kind of issue, there were a lot of things waiting for him to do now, where was there so much time to waste?

"....."

Bai Zhu didn't say a word, just gave Li Ruo Nan a deep look, turned around and went out.

Ji Feng said to Li Ruo Nan, "Sorry, Bai Zhu is not very good-tempered."

Li Ruonan said, "It's okay. I can understand. But Bai Zhu's temper really is a bit"

Ji Feng asked, "You said I was involved in a murder case, can you tell me exactly what happened? I'm still a bit confused."

He didn't talk to Li Ruonan more on the matter of Bai Zhu, and directly interrupted Li Ruonan, whether Bai Zhu's temper was good or bad was not something she, Li Ruonan, could casually evaluate.

Li Ruo Nan then choked for a moment and paused before saying, "That's right, Ji Feng, according to our investigation, you have some connection with the bombing of a bar, so that's why we're specifically looking for you to ask a few questions."

"Go ahead!" Ji Feng nodded, "If I know anything, I will definitely cooperate honestly!"

"..... Good!"

This so cooperative attitude of Ji Feng made Li Ruo Nan a little surprised, but more than that, she was still squirming, because from Ji Feng's tone and demeanor and even his demeanor, Li Ruo Nan seemed to feel a sense of official business!

The first thing you need to do is to get rid of these thoughts and Li Ruonan said, "Have you heard about the October bar bombing case?"

Ji Feng nodded and said, "Heard about it."

"Do you have anything to say about it?!" Li Ruonan asked.

"Yes."

Ji Feng nodded and said, "However, before that I would like to know if we are now part of the formal questioning, or are we part of the casual conversation? Or is it a formal investigation?"

Li Ruonan said, "Of course it's a formal questioning."

Ji Feng said, "Then you'd better call up another colleague, moreover, isn't it a bit inappropriate to conduct formal questioning in your office?"

Li Ruonan froze for a moment, opened her mouth but had nothing to say, because if you follow the exact procedure, at least two or more police officers will be present during the questioning, and if you get the person's consent you can also record or video tape.

The company's main business is to provide a wide range of products and services to the public. I seem to remember it was in the parlor, I'll wait for you there first, and in this case, am I the only one present!"

His implication was that Bai Zhu could likewise be present.

She was not a young girl who had just entered society, so of course she could hear that Ji Feng's subtext was accusing her of having acted improperly in letting Bai Zhu go out just now, as it was not in accordance with the procedure.

Although she was a little angry in her heart, Li Ruonan had nothing to say because what Ji Feng said was reasonable. If it was just a matter of friends getting to know each other, then she could discuss and ask Bai Zhu to avoid the situation first and be polite, which was all right, but she had no right to force Bai Zhu to leave.

It's just that this kind of reaction from Ji Feng made Li Ruo Nan a little angry, why is this guy so aggressive today?

But not even waiting for her to say anything, Ji Feng had already gone out, and when she hurriedly called a colleague to come to the meeting room, she found that Ji Feng had actually lit up a cigarette and smoked it leisurely, and was whispering and laughing about something with Bai Zhu.

"Pah!"

A nameless fire sprang up in Li Ruonan's heart, and she suddenly heaved the document in her hand on the table, making a loud noise that startled the colleagues next to her.

Ji Feng smiled, flicked the cigarette ash and said, "Now start?!"

Li Ruonan could not help but grit her silver teeth in anger at the sight of him, and with fire in her heart, her tone was naturally not too good as she said, "Start! First, give your name, age and home address"

"OK, OK, just don't do this, I'm not your prisoner!" Ji Feng waved his hand and said, "What's more, this isn't the first time I've come to the police station, right? Last time, I was arrested? Don't you have my bottom here?!"

"....."

Li Ruonan was furious and angry, but had no way to vent his anger, so he grunted and asked, "Ji Feng, let me ask you, where were you at noon yesterday?"

Campus Master Chapter 2955

Ji Feng said, "I'm at the October Bar!"

Li Ruonan couldn't help but freeze for a moment at her words, she didn't expect Ji Feng to admit it so readily, "What are you doing at the October Bar?!"

“Looking for someone!”

Ji Feng said, “There’s no need to ask one sentence after another like this, let me tell you directly, yesterday I caught those fake policemen at Professor Yu’s house, they gave an account of a person called Old Li, the meeting place was at the October Bar, so I went straight there, hoping to find Old Li.”

“Going to a bar in broad daylight?!” Li Ruonan asked.

“Still want to hear it?” Ji Feng frowned.

Li Ruonan choked again and glared at him without speaking.

As if he didn’t see it, Ji Feng took two puffs of his cigarette and continued, “But to my surprise, when I arrived at the October bar, I didn’t see Old Li, I just found a fat guy who was huffing and puffing!”

“Wait a minute!”

Li Ruonan said at once, “You mean, when you arrived at the October Bar, there was a fat guy who was huffing and puffing?!”

Ji Feng nodded, “You heard it right, he was huffing and puffing!”

“That means that when you arrived at the scene, that fatty wasn’t dead?” Li Ruonan asked again.

“It didn’t come together.” Ji Feng nodded his head.

Li Ruonan nodded thoughtfully and said, “Well then, you go on.”

Ji Feng said, “It’s worth mentioning that I smelled a pungent smell as soon as I entered the bar, but didn’t know what it was, I thought it was just something emanating from the bar, or some kind of alcohol, I followed the sound of the whirring and went straight up to the first floor, then I found that fatty in the manager’s office, I woke him up and realised he wasn’t Old Li! ”

“And then what happened, why did it suddenly explode?!” Li Ruonan asked.

“Because there was a bomb in that bar!” Ji Feng said, “I was asking that fatty when I found out that there was a bomb in that bar, so I had no time to react, I could only jump out of the window with Bai Zhu, but before we could land the bomb exploded!”

Li Ruonan said, “Where was the bomb at that time?”

Ji Feng shook his head and said, “I don’t know.”

“Don’t know?” Li Ruonan asked somewhat strangely, “Then how did you find out that there was a bomb in the bar?”

How did he know there was a bomb when he didn’t even know where it was? This was a strange question!

Before Ji Feng could say anything, Bai Zhu blurted out, “Some bombs don’t need to be seen to be discovered as bombs, they can be smelled!”

Li Ruonan said, “Is there such a bomb?”

At this time, that colleague of hers couldn't help but say, "I've only heard that there is a smell before a gas explosion, to be able to smell it, a bomb has a smell before it explodes this is really the first time I've heard of it!"

"That's because you're ignorant!" Bai Zhu said.

"....."

The policeman couldn't help but blush a little, "Then what kind of bomb did you say that was?"

Bai Zhu said, "Just now, young Ji said that he smelled that pungent smell, that is the smell emitted from the bomb, this is a kind of earth bomb, the method of making it is not very complicated, but a chemical raw material is used, so it will emit that pungent smell, moreover, although this bomb is an earth bomb, it is incredibly powerful... .."

She and Ji Feng almost lost their lives on the spot, that was the best proof.

Bai Zhu actually knew so much about bombs, Li Ruonan was a bit curious, she had never heard of these, so she couldn't help but ask, "How do you know so much?!"

Bai Zhu did not answer at all.

Li Ruonan was furious and said, "Bai Zhu, in fact, this time I also want to call you here to inquire about the situation, please cooperate!"

Bai Zhu said, "Haven't I already cooperated?"

Li Ruonan said, "If you call this cooperation, then no one will not cooperate."

Bai Zhu said, "I've been exposed to this kind of bomb before!"

This answer was actually no different from no answer at all, what do you mean by having come into contact with this kind of bomb, did you make it yourself, or did you say you had seen it?

Li Ruonan very obviously sensed Bai Zhu's hostility towards herself, she was a bit baffled and wondered what kind of madness Bai Zhu was having, so she turned her gaze to Ji Feng and asked, "So, you admit to all this that you broke the lock on the door of the October Bar without permission, entered the October Bar without permission, and then the explosion happened shortly after you entered, right?"

Ji Feng nodded his head and said, "That's right, I admit to all of them!"

Li Ruonan frowned, "Do you know what this means?"

Ji Feng smiled, "I really don't know."

Li Ruonan said, "Ji Feng, I'm not joking with you, the whole process of you two entering the October bar yesterday was captured by the security cameras outside, including you picking the lock and Bai Zhu climbing up the fire hose from behind, all of it was captured by the security cameras!"

Only then did Ji Feng understand why Li Ruonan had approached him so quickly and had just said something about calling Bai Zhu here this time as well, so that was what he meant.

He asked, "And then what?"

Li Ruonan said, "And then? Ji Feng, don't you understand what this means? Only the two of you were in and out of the scene from start to finish, and in the middle of this there was an explosion and one person died! This also means that the two of you are the most suspicious! Understand?!"

Ji Feng frowned and asked, "That's my suspicion?"

Li Ruonan said, "That's right! Although we don't know what your motive is yet, as soon as we play the whole process and the surveillance video, what do you think others will think?"

"It doesn't matter what other people think, what matters is what you police think!" Ji Feng said, "If you guys decide that I'm the murderer, then it's useless for me to explain it any way I can!"

"What exactly happened at that time, I need you to tell me frankly!" Li Ruonan said.

"What I said is the truth, if you don't believe me, there's nothing I can do!" Ji Feng shook his head and said, "Moreover, I can't be convicted on the basis of this, I've said everything I should say, it's up to you to believe it or not, if there's nothing else, I'll leave first."

With that, Ji Feng stood up and was ready to leave.

Li Ruonan immediately said, "Stop right there! The matter has not been investigated clearly yet, you cannot leave!"

Ji Feng frowned and said, "Haven't I already made it very clear? Even if you suspect me, you still have to find strong evidence to prove that I did it, so don't delay my time now!"

When Li Ruonan heard this, she became angry: "Please respect my work, I'm doing a normal investigation!"

"Then please continue your investigation, I've said everything I need to say." Ji Feng waved his hand, "That's it, if you find evidence that really proves that I blew up October Bar, then I'll tie my hands!"

"You"

Seeing that Ji Feng was so unpopular, Li Ruonan was furious, seeing that Ji Feng was going to leave, she blurted out in her haste, "Stop, you are a major suspect, I have the right to detain you for twenty-four hours"

Ji Feng's face was cold: "All right! I've been very cooperative with you, don't always take ignorance as fun! Did you investigate the disappearance of Professor Yu? The two fake police officers you interrogated what results? Why did I find out about the October bar and you had to wait until the explosion before you noticed it?"

He gave Li Ruonan a look and said, "If I wanted to kill that fat guy, why would I need to use a bomb? Am I out of my mind? Don't even think about it!"

With that, he turned around and left.

Li Ruonan's face turned white with anger, biting her lips, but she was dumbfounded by Ji Feng's rebuke.

Only after a while did she turn around and leave, but instead of going back to her office, she went straight to the director, Chen Kui.

“Ruo Nan, hurry up and sit down!”

Chen Kui saw Li Ruo Nan and said smilingly, “Hmm? Why don’t you look very well, did something happen?”

Li Ruonan bit her lips and said, “Director, it’s nothing, I’m just a bit tired, by the way, there are new developments in the October bar bombing case, I’ve come to report to you

“Ruo Nan ah, is Ji Feng giving you a hard time?” Chen Kui suddenly asked.

“You know all about it?!” Li Ruo Nan was stunned.

“When Ji Feng came just now, I saw it upstairs, only, I couldn’t conveniently go down.”

Chen Kui said, “Strictly speaking, there are still some small misunderstandings between Ji Feng and I. Although they have been resolved, but now since Ji Feng is suspected, I can’t face him directly, or else he will definitely mistake me for targeting him. That’s why I gave this job to you, after all, there is a friendship between you, but

He shook his head and sighed softly, “But I didn’t expect that Ji Feng would be so domineering and not even give you face, which is something I didn’t expect!”

Li Ruonan said, “Chief, I understand it all.”

“It’s good that you can understand. How about this, you should not be in charge of this case, let’s leave it to Zhao Gongyong, after all, you and Ji Feng are friends, don’t hurt the peace between you because of this case.” Chen Kui said.

“No need!”

Li Ruonan smiled and quickly said, “Chief, since I am in charge of this case, then I will definitely be in charge to the end, no matter if the other party is my friend or whatever, I will not show favouritism and will definitely deal with it impartially!”

Chen Kui hesitated for a moment and asked, “Are you sure? I think it’s better to forget it, otherwise I won’t be able to account for it with Mayor Baoyuan if you get into trouble later!”

“Chief, I am me, my father is my father, this is my job, I can’t get involved!” Li Ruonan said, “I want to continue to be in charge of this case, please ask the director for approval. It’s my will, it has nothing to do with anyone!”

“This is fine.” Chen Kui nodded and said, “Since you are so persistent, then I have to agree. However, treat Ji Feng there, it is still necessary to tolerate what can be tolerated, after all, he is still young, and being young will be a bit frivolous.”

Li Ruonan said, “I will definitely tolerate what should be tolerated, but if it is really his responsibility, I will definitely not give in, this is a matter of principle!”

Chen Kui then couldn’t help but laugh: “You ah

Campus Master Chapter 2956

The police station, Ji Feng still sullen face, walking with a gas.

Bai Zhu also had a bad look on her face, her pretty face was like frost as she followed Ji Feng, all the way to the car park, she couldn't help but look back at the office building of the city bureau, thinking that this Li RuoNan used to look okay, but how to do things so unreliable, no matter which thing as long as she is involved, it will not be so smooth, really

The fact that Li Ruo Nan wanted to detain Ji Feng, especially, immediately touched Bai Zhu's scales, yesterday Ji Feng was almost killed by the enemy's bomb, now Li Ruo Nan not only did not go to investigate, but also set his eyes on Ji Feng, this is simply ridiculous!

If Ji Feng hadn't reprimanded Li RuoNan just now, Bai Zhu would have wanted to taunt her twice. This is not a family connection, right?

Ji Feng was also a bit annoyed, this Li Ruo Nan is really too unimportant, she did not even think about it, if she really wanted to kill someone, to destroy the bar, and had to use a bomb?

This is a joke!

If he really wanted to do that, Ji Feng had countless ways to make that fat man die a horrible death, and each of them would not be suspected by the police.

And if he wanted to destroy the October Bar, there were even more ways, any one of which could make the bar unsustainable and still not be caught in the act!

Thanks to Li Ruonan, who is still the vice captain of the criminal police brigade, he doesn't even have this insight and eyesight?

Ji Feng couldn't help but shake his head, he really didn't know what to say!

After getting into the car, Ji Feng put this matter behind him. Li Ruo Nan's behavior made his original thoughts, which were still in a state of confusion, gradually fade away.

The fact is, he was even able to consider it from Li RuoNan's point of view, perhaps in Li RuoNan's view, she is the vice captain of the Interpol team, it is only natural to investigate this case, and Ji Feng is really suspicious when he thinks about it, according to Li RuoNan, he and Bai Zhu could be seen in the surveillance outside entering the October bar, and then the bar was There was an explosion, which is suspicious to say the least.

However, now that the two sides are on different sides, and Li Ruo Nan is too direct, this makes it impossible for the two to sit down and talk to each other in a peaceful manner.

The explosion at the October bar left him with a fire in his heart, and the two fake policemen naturally became the punching bag.

Ji Feng lifted up one of the fake policemen and said in a cold voice, "Man, you're going to be unlucky!"

The next moment, he kicked this man into the wall.

"Ah...!"

The fake policeman couldn't help but let out a miserable scream.

Ji Feng said angrily, "Still not honest by now, I think you're really tired of living!"

The fake policeman was really frightened and hurriedly shouted: "I didn't, I didn't ah" He was really scared to the core, just now Ji Feng's kick on his body made him feel like his internal organs were going to be turned upside down, that feeling was simply unbearable! The pain was unbearable!

At this moment, when he saw Ji Feng, it was as if he was going to eat someone, so how could he dare to be dishonest?

Ji Feng drank: "Then tell me, who sent you to Professor Yu's house to steal information?"

The fake policeman said in a panic: "It's Old Li, it's really Old Li!"

Ji Feng stared at them and said in a cold voice, "Fine! Great, you still dare to talk tough even now" said he, he was already ready to make another move. The fake policeman was so scared that he hurriedly put his hands on his head and shouted in terror.

"Ji Feng, that's enough!"

Xiang Yongzhan stopped Ji Feng and said, "It seems that he really doesn't know!"

The fake policeman was on the verge of tears when he saw someone speaking for him, he was telling the truth, but the problem was that Ji Feng didn't believe it, which made him unable to find a grave even if he wanted to cry!

Ji Feng naturally knew Xiang Yongzhan's intention, this kind of red and white face tactic was too usual for them, he said extremely cooperatively, "Then you ask, if I keep asking, I'm afraid I won't be able to resist doing away with this son of a bitch directly!"

Seeing that he had been replaced by Xiang Yongzhan, the fake policeman was really pardoned, it was as if he had turned around from the ghost gate, and he answered all of Xiang Yongzhan's questions.

But unfortunately, this guy only knew so much, so his answers were only a few sentences before and after, and after the October bar explosion, his answers were no longer of any value.

"Tell me, after you stole the information from Professor Yu's house, where did you go? Who are you going to give the information to?!" Xiang Yongzhan asked.

"To Old Li, right at the October Bar!" The fake policeman said hurriedly.

Ji Feng and Xiang Yongzhan exchanged two glances and nodded slightly at the same time, then Xiang Yongzhan assigned a soldier to continue the interrogation while he and Ji Feng walked out.

"Well, did you see anything?!" Xiang Yongzhan asked.

"It doesn't seem to be a problem!"

Ji Feng shook his head and said, "All the reactions are normal, if all those panic and nervousness of his were disguised, then he could definitely go for the Oscar, it doesn't seem to be a problem here with him!"

Xiang Yongzhan said in a deep voice, "Then it's that your whereabouts to Professor Yu's house have been exposed!"

"Eight out of ten `nine!" Ji Feng said.

This interrogation was actually something he had discussed with Xiang Yongzhan, being backstabbed at the October bar and almost being killed by a bomb not only made Ji Feng furious, but also made Xiang Yongzhan annoyed, how important was Ji Feng now, and he was almost killed by a bomb?!

So when Ji Feng returned, they immediately discussed to re-interrogate the two fake policemen, only to find out that neither of these two guys had lied.

In that case, the problem should be that Ji Feng was seen by the other side's people when they arrested the fake policemen, and then there was the subsequent bombing case.

"The first order of business now is to find Old Li!"

Xiang Yongzhan analyzed, "This is an extremely crucial figure, if we find him, we can follow the vine to know who is actually behind this, and it is also very possible to find Professor Yu's whereabouts!"

Ji Feng agreed with him, now all the clues were almost broken, even the fat boss of the October bar who might know Old Li's whereabouts had been blown up, so I'm afraid the only clue left was Old Li.

"The address I told you about, have you sent someone to check it out?!" Ji Feng asked.

The fat boss of the October Bar had previously given an address, saying that he might be able to find Old Li there. After receiving a call from Li Ruonan, Ji Feng knew that he couldn't come over immediately, so he gave a call to Xiang Yongzhan and told him the address.

"I personally took someone there after you just told me today, and when I got there it was already empty, no one was there!" Xiang Yongzhan shook his head and said.

"I knew it!"

Ji Feng was not much surprised by this, after all, since it had already been exposed, it must have to be dealt with cleanly, if it were him, he would have done the same.

Xiang Yongzhan said, "I had people investigate again, only to find out that the original house had been sublet through several hands, the owner had never even met this Old Li, but through investigation of the surrounding neighbours as well as the property and security guards of the district, we found Old Li's figure from the surveillance video, and also saw Old Li's handwriting in the property's registry! "

As he spoke he took out a few photos.

Ji Feng took them and looked at them, and found that the top ones were all video screenshots, and in that screenshot there was a figure with a slightly chubby figure circled in red, so I guess that would be Old Li.

As for the last one, it was the handwriting left by Old Li when he registered at the property.

"With this information, the identity of this person, Old Li, can be confirmed, right?" Ji Feng asked.

“It has been confirmed, but at the moment Old Li’s whereabouts are still unknown, so I guess this person has gone into hiding!” Xiang Yongzhan said.

Ji Feng nodded, this was likewise within his expectation, if something had happened and he didn’t hide, but instead came out swinging, unless he was a fool to do such a thing!

“What did those people you caught back say?!” Ji Feng asked.

“They couldn’t say anything, and only explained the identity of this person known as Old Li!” Xiang Yongzhan said.

Ji Feng said in a cold voice: “Having this identity is enough! Now the Jiangzhou police are also investigating, although they seem to be a bit out of practice, but they are always part of the manpower, but old Xiang, the next can mainly rely on your people!”

Xiang Yongzhan said, “I’m afraid my men can’t be touched either! The special operations brigade has other operational tasks, but the Jiangzhou Military Region has someone who is responsible for this.”

Ji Feng said, “Just have someone in charge! Now that we know the identity of this Old Li, let’s find him as soon as possible! Now this is the only clue!”

Speaking of which, the special operations brigade’s specialty was not investigating cases, they might not even be as professional as the local police stations, so Ji Feng had not expected the special operations brigade to be involved in this matter, as long as someone from the military was in charge, there were specialties in the field, and the military would definitely arrange the manpower appropriately!

“Right, Professor Tong’s case, how is your investigation going?!” After talking about Professor Yu’s case, Ji Feng thought of Professor Tong again, two professors went missing in quick succession, a thousand and one confusing things.

“Still tracing!” Xiang Yongzhan said, “There’s some progress, but not much.”

“The other side is prepared, I’m afraid it’s no easier than Professor Yu’s case!” Ji Feng said, this case of Professor Tong’s, in fact, the biggest advantage is that it is also more dynamic than Professor Yu’s case, actually dared to hijack the military experts by force, there are still so many people, this target is too big, it will be easily exposed!

So, this case will definitely be investigated, it’s just a matter of time.

On the contrary, Professor Yu’s case is more or less tricky. Now it just depends on when the military will be able to catch Old Li!

Campus Master Chapter 2957

The case investigation, Ji Feng can only help, but if he only relies on his own investigation, even if he breaks his legs, I am afraid it is difficult to receive much effect.

Moreover, it is easy to fall into other people’s traps. For this point Xiang Yongzhan could not help but advise him, saying, “I say how come you are like a bare-bones commander, you have to run your own errands in everything, you are so hands-on, can you be too busy?”

Ji Feng knew that he was referring to this time Professor Yu's case, but a lot of things in this were not as simple as they seemed. He shook his head and said, "I would also like to sit there and do nothing while things are all checked out, but the problem is"

He shook his head and smiled.

Xiang Yongzhan asked, "What's the problem?!"

Ji Feng said, "The problem is that, on the one hand, there are not enough people to keep busy right now. On the other hand, in what capacity am I going to check?"

Xiang Yongzhan immediately understood Ji Feng's predicament. The reason for this lay in the fact that Ji Feng did not strictly speaking have a clear official identity.

His people could train in the Tengfei Group and could secretly follow him around on his conquests, but once they were out of the Tengfei Group on the surface, his people were actually nothing and did not have any power to investigate others at all.

What's more, there's no telling how many pairs of eyes are watching Ji Feng in this shadows, perhaps just waiting for him to make a mistake!

"You don't have enough manpower, so recruit more people!" Xiang Yongzhan said.

"Easy for you to say, are people that easy to recruit?!" Ji Feng glanced at him and hummed, "How many times have I approached you kid, only to have you give me a few people?"

"You beat me to the punch?!"

Xiang Yongzhan shook his head and laughed bitterly, "I say, isn't your kid a bit too greedy? How many retired special forces soldiers are there in the whole of China in a year? How many of these retired special forces want to compete for them? Even for those retired special forces, I'm afraid there are many who don't meet your requirements, right?"

Ji Feng said, "My principle is that I would rather have a shortage than a shortage!"

Instead of recruiting a group of wastes, it would be better to recruit only one elite. What the Tengfei Group wanted was only elites!

Xiang Yongzhan said, "Then I can't help you, so you can continue to be your bare-bones commander!"

Ji Feng laughed: "I think a bare-bones commander is also quite good, at least the response is timely!"

The two of them were laughing and joking, and after such an interruption, Ji Feng's mood was much lighter. Xiang Yongzhan said, "By the way, Ji Feng, don't stop what you have on hand, now that something has happened to Professor Yu's side, will it affect the progress?!"

Ji Feng knew that he was asking about the production and expansion of the new chrome alloy, he shook his head and said, "Don't worry, everything is on schedule now!"

Professor Yu only had the technology for the new chrome alloy in his hands, but it wasn't that the project had to be put on hold without Professor Yu, in fact, the Tengfei Group had never compromised on the technology in the slightest.

“That’s good!”

Hearing Ji Feng’s assurance, Xiang Yongzhan was then relieved and couldn’t help but say, “Did you see, first Professor Tong disappeared and then Professor Yu, it’s likely that someone doesn’t want us to have a laser gun!”

Ji Feng frowned and said, “Maybe. However, I think there might be another possibility.”

Xiang Yongzhan asked, “How so?!”

Ji Feng mused, “I think that even if the news is leaked and someone knows that the military is developing a laser gun, but how do they know that we are using a new chrome alloy as the body of the gun?”

Xiang Yongzhan said, “Since the news was leaked, then surely even the news of the new chrome alloy was leaked, which is not set up as anything unusual.”

“Perhaps.”

Ji Feng nodded his head, but in his heart he was a bit puzzled, in Jiangzhou, who in the end would have such great energy, not to mention Professor Yu’s disappearance, but Professor Tong was living in a guest house guarded by military personnel, from stepping on the spot to the action, and then later giving up part of the hostages, Ji Feng always felt as if there was some kind of connection.

At least, the person behind this must have a lot of power in Jiangzhou!

There may not be many such people with such motives, he said this idea of his.

Xiang Yongzhan also agreed with him on this point and said, “We are secretly investigating, but some people may look honest and simple, or do decent business, but I am afraid that secretly they have collusion with certain forces abroad, this is all very normal, it is still too early to draw any conclusions!”

Ji Feng nodded and said, “Keep investigating, let’s find the person first!”

Although it is easy to say, both Ji Feng and Xiang Yongzhan actually understand in their hearts that it is not that easy to investigate this matter clearly, perhaps follow the clues and find Professor Tong and the others is already quite good.

It’s hard to find out!

However, Ji Feng and Xiang Yongzhan are both stubborn, and Ji Feng has always been extremely tough, so this kind of trouble did not bother him, but rather gave him a feeling of boiling blood in the face of challenges.

Since the other side wanted to play, then he would play along! Let’s see who can outplay who in the end! Let’s see who can have the last laugh!

Xiang Yongzhan is also a hot-tempered soldier from a military family, and what he hates most is when people play dirty tricks behind his back, so when faced with this situation, they both have a high fighting spirit.

However, no matter what, the day always needed to go on, so after Ji Feng left the military area, he went straight back home. He didn't even bother to look at the guys who had already been arrested, since Old Li's information had already been grasped by the military, these people would be useless, the next step would be to see if they had done any evil before or not, if it was just a minor problem, maybe they would just be given a lesson and let go, but if there was something big, then they would be out of luck.

Then, news came to Yongzhan that the operation to catch Old Li had again fallen through, and now they could only be wanted throughout Jiangzhou and even the whole country, with a search throughout Jiangzhou.

"Sure enough!"

Ji Feng secretly said, since the other party knew that they were exposed, I'm afraid that they wouldn't be caught so easily again!

Since that was the case, he could only investigate slowly again, but he was a bit ashamed of Professor Yu and his family, because he wanted to share the risk and pulled Professor Yu over in the first place, but as a result, he was now dragging him along with him, and he also made his family follow the fear.

Shaking his head and putting these thoughts aside, Ji Feng then intended to think about the mass production of the laser gun, but just then, he received another call from Li Ruo Nan, and this time, Li Ruo Nan was calling from the office phone of the Jiangzhou Municipal Bureau.

"Ji Feng, you are now required to cooperate with the investigation, please come to the city bureau as soon as possible." Li Ruonan said on the phone.

"Another investigation?!"

Ji Feng's eyebrows immediately furrowed at hearing that, this Li Ruo Nan had a business-like tone on the phone, so he couldn't help but feel a little helpless, can't this woman have some brains? The woman is really staring at herself?

When he couldn't hear Ji Feng's response on the phone, Li Ruo Nan said again, "Ji Feng, are you listening? Please cooperate with our police work, thank you."

"No need to thank you!"

Ji Feng said, "In order to save you from wasting manpower and money, let me tell you directly, I went to the October Bar on behalf of the military, the military is also investigating this case, you can contact an officer named Xiang Yongzhan from the military directly if you have anything, I will send his contact information to your phone later, he will explain it to you!"

"The military?" Li Ruonan was a little surprised.

"That's right." Ji Feng nodded his head and said.

"When did the military intervene?" Li Ruonan couldn't help but ask.

Ji Feng didn't answer her, nor did he continue this topic, but directly pushed it all onto Xiang Yongzhan, saying, "If you have any questions you can ask Xiang Yongzhan, if he has any problems you can't explain you can find me again, I still have some things on my side, I'm busy first!"

Pop!

After saying that, Ji Feng directly hung up the phone.

This was what he and Xiang Yongzhan had discussed when they were in the military district, because Ji Feng was really annoyed by the Jiangzhou police, especially Li Ruonan's official attitude, which really gave him a bit of a headache.

Since that was the case, why not just push the matter to the military!

After hanging up the phone, Ji Feng called to tell Xiang Yongzhan about this matter, but who knew that Xiang Yongzhan was laughing, "I say, could Mayor Li's Miss Qianjin have fallen in love with you and that's why she's deliberately looking for a fight with you?"

A few black lines appeared on Ji Feng's forehead and he said, "Miss Qianjin? The first time I saw the girl, I thought she was a good girl.

If people who know Li Ruonan well knew that, they could live on that joke for a whole year!

"Stop talking nonsense, I'm sick of it!" Ji Feng said, "It's all yours, don't say it's missing!"

"Alright, you've dinged me a few times!" Xiang Yongzhan harrumphed, "Or you can really think about it"

"Scram!"

Ji Feng snapped and hung up the phone, couldn't help but shake his head, thought about it, decided to go to find Tong Lei, came back for so long have not accompanied Tong Lei to do something, now Tong Lei is busy outside every day, are almost become a strong woman!

The first time I saw a woman, I was so happy to see her.

"Ah-choo~~"

"Who's talking about me behind my back?!"

Rong Suyan couldn't help but pull out a tissue and wipe it off, having just sneezed for no reason and being caught off guard somewhat woefully, she couldn't help but mutter.

The large office was decorated in a very simple way, but Rong Suyan liked it very much, she stretched her back and was ready to get up and move around.

"Knock, knock, knock!"

There was a knock on the door and the secretary pushed the door in and said, "Mr. Rong, there's a gentleman outside who wants to see you, he doesn't have an appointment, but says he's an old friend of yours and says you'll definitely see him!"

“My old friend?” Rong Suyan guessed that this was probably some kind of playboy suitor again, hoping to come in this way, she finally decided to meet who it really was, “Invite him in!”

“Suyan, we meet again!”

But a moment later, when Rong Suyan saw the visitor, her face suddenly changed

Campus Master Chapter 2958

Rong Suyan’s face didn’t look too good, she didn’t expect to actually see this person again, especially since this person had actually come to her door personally!

“What, are you surprised to see me? Or am I not welcome?!” The visitor asked.

“.....”

Rong Suyan’s expression changed, not knowing what to say for a while, she finally just asked, “What are you doing here?!”

From these words one could see the anxiety and uneasiness within her, as well as the kind of wariness she had within her.

The visitor said, “I came to Jiangzhou for something, and remembered that you were in Jiangzhou, so I stopped by to take a look, why, won’t you invite me in for a seat?”

Rong Suyan looked at the visitor with a complicated expression and hesitated for a moment before nodding and sidling up, “Please come in!” Then she said to her secretary who was still waiting outside the door, “Go ahead and get busy, I’ll call you if there’s anything!”

The secretary nodded, just thinking that Rong Suyan’s reaction was a bit strange, but didn’t take it to heart, instead she obediently turned around and left.

“I don’t know what is the matter with Young Wu suddenly coming to me!”

Back in her office, Rong Suyan asked directly.

The one who came to look for her was no other than the youngest of the Wu family, Wu Zhiyong.

At this time, Wu Zhiyong was wearing a trench coat, his not so tall figure had a different kind of aura, when he heard Rong Suyan’s words and looked back, what he saw was the trace of wariness deep in Rong Suyan’s eyes, and a trace of panic.

He couldn’t help but smile and asked, “Suyan, you’re very afraid of me?!”

Rong Suyan said, “I haven’t done anything wrong, what’s there to be afraid of?!” But Wu Zhiyong laughed when he heard this, he could hear from Rong Suyan’s answer that she was actually scared inside, her answer was almost a disguised admission although she did not admit it.

Rong Suyan was indeed a bit flustered, Wu Zhiyong’s name as the youngest of the Wu family did not come for nothing, she had heard a lot about Wu Zhiyong from Wu Zhihe’s mouth when she was with him in the past, she knew that this person had always been ruthless and very hypocritical and had done a lot of things.

Moreover, Wu Zhihe had once proudly said that he, the elder brother, did not even need to ask himself to do things, the people below him would be able to understand what he meant.

This had always made Rong Suyan very much fearful of Wu Zhiyong, because it meant that not only was Wu Zhiyong ruthless, but he was also good at killing people with a sword.

If it wasn't because Wu Zhihe had really broken her heart, she wouldn't have broken up with him, in fact, the other side of the coin lies in the fact that she was a little afraid of Wu Zhiyong.

"Sit!"

Wu Zhiyong himself took a seat on the sofa, but also pointed to the opposite sofa, indicating that Rong Suyan also sit down, as if he was the owner of the place, there is a kind of anti-customer taste.

Rong Suyan said, "Young Wu is still so imposing!" Her words seemed like a compliment, but in fact they sounded sarcastic.

Wu Zhiyong smiled, knowing that she was being sarcastic about being anti-customer, but he didn't mind, instead he said, "Suyan, you broke up with Zhihe, this is the thing I regret the most, when you two first broke up I once told Zhihe that breaking up with you was probably the biggest mistake of his life!"

Rong Suyan couldn't help but shake her head when she heard, "There's no point in talking about this now!" In her heart, she was extremely surprised, not knowing what Wu Zhiyong was doing by suddenly bringing up Wu Zhihe again.

Moreover, when she had broken up with Wu Zhihe, what exactly Wu Zhiyong had said was unknown to outsiders, but at the very least, when she and Wu Zhihe were still together, Wu Zhiyong had never said anything like that in front of her. At that time, Wu Zhiyong had always taken a superior stance, and although he had treated her with respect, he could not hide the condescension that came from his bones.

But he had never thought that he would find his way here now, and now he had mentioned Wu Zhihe, which made Rong Suyan wary, not knowing what Wu Zhiyong had in mind!

However, Rong Suyan's heart is unable to resist a light sigh, now thinking of Wu Zhihe, she found herself really a little sad, she used to think of it every time, she would still be sad about that emotional payoff, but now, she surprisingly did not feel anything at all

Seeing that Rong Suyan was silent after just one sentence, Wu Zhiyong couldn't help but smile and say, "Suyan, are you still holding a grudge in your heart for what happened before?"

Rong Suyan shook her head, "No. I've forgotten all the things from the past."

Wu Zhiyong said, "It seems that you are still holding a grudge."

Rong Suyan said, "The past is in the past, I have learnt to let myself not live in the past, nor will I live in the memory."

She was saying this to Wu Zhiyong as well as to herself.

Wu Zhiyong nodded and said, "That's good. After all, no matter how much Zhihe wronged you in the past, he is gone after all, so let some things pass."

Rong Suyan's heart had already passed, so she was very open about it: "I did hate him for a while after the separation, but gradually, I stopped thinking about it a long time ago."

In fact, what she hated was not only Wu Zhihe, but also the Wu family and Wu Zhiyong. If Wu Zhihe only lusted after her body and always wanted her, then the Wu family and Wu Zhiyong saw her and her father Rongpeng's business skills and abilities, and they could make money for the Wu family!

Wu Zhiyong also seemed to know that with the grudge between them and the Rong family they would definitely not really forget it so easily, which could be seen from the glint of caution and wariness in Rong Suyan's eyes after she saw him.

"Suyan, there's nothing else I'm looking for you today, I just came to see you, after all, we've known each other for many years." Wu Zhiyong said, "In addition, I also want to apologize to you for Zhihe, whatever he has done wrong to you in the past, please forgive him as much as possible, after all, he is no longer here."

Rong Suyan was stunned.

She didn't expect Wu Zhiyong to come just for this purpose, which made her a little bit not quite dare to believe it, she more or less knew what kind of person Wu Zhiyong was, he would come to apologize to himself for Wu Zhihe?

Not to mention

The first thing you need to do is to get a good idea of what you're doing.

Such a person would come to apologize?

And still apologize for Wu Zhihe? The more Rong Suyan thought about it, the more fishy she felt, unless the sun was coming out of the west!

Seeing that Rong Suyan did not say anything, Wu Zhiyong stood up: "Well, I should also leave, Suyan, after all, you and Zhihe have known each other for a while, and we were once considered family, so we should contact each other more when we have time in the future!"

Rong Suyan did not say anything, she suddenly felt that Wu Zhiyong's words were ironic, when had he ever treated himself as a family?

"Take care, Young Wu."

These words made it clear to Wu Zhiyong how unpopular he was with Rong Suyan, but it was as if he didn't realise it at all, he didn't show it at all, instead he even smiled and nodded, "I'll be going then, see you later!"

Listening to Wu Zhiyong's mouthful of Beijing enthusiasm, Rong Suyan's heart was a little chilly.

To say that Wu Zhiyong could not sense her wariness and this unwelcome gesture of hers, to her death she would not believe that someone as shrewd as Wu Zhiyong would not see it?

However, instead of showing anything, he even smiled and looked warm, as if the relationship between the two sides was really not foreign.

This is what Wu Zhiyong is!

This was the Wu family's youngest who was known as the smiling tiger. On the surface, he looked very kind with a smiling face and had the grace and poise, but in reality, behind the scenes, he would backhand a knife and was ruthless and spiteful.

Now seeing that Wu Zhiyong was also smiling at himself like this, it was as if Rong Suyan had already seen him stabbing himself in the dark, which made her heart chill.

"Boom~!"

Until Wu Zhiyong left the office, Rong Suyan seemed as if all her strength had been drained in passing, she bit her lips and raised the last bit of strength to close the door, leaning against the back of the door for a moment, her face turning white.

At this time, Rong Suyan was extraordinarily helpless, and Wu Zhiyong's arrival seemed to make her see the devil's smile, making her feel that she had nowhere to run.

She had a feeling that Wu Zhiyong was probably going to make a move on her, and this time I'm afraid it was still a kind of test, and she knew this, but there was nothing she could do, nothing she could do to resist.

Because she knew she couldn't defeat Wu Zhiyong, who was so ruthless that he would end up eating her down to the bone!

She could not tell her father about this, it would only make him worry along with her, and if Wu Zhiyong pushed too hard, maybe her father would even do something too drastic.

Rong Suyan didn't even know who to turn to for help, because among the people she knew, there was no one who dared to confront Wu Zhiyong, except Ji Feng.

But Ji Feng

The two of them had no relationship with each other, so how else could they go to Ji Feng?

The two of them had no relationship with each other.

He narrowed his eyes, a dangerous light flashed from his eyes, and looked up as if he saw Rong Suyan's fearful expression, the corners of his mouth flashed into a cold smile.

"Lei Lei, tired, right?!"

At this moment, Ji Feng, holding Tong Lei's small hand, was walking on an open playground, the elasticity coming from the plastic track under his feet made walking on it seem easy, but for Tong Lei, with Ji Feng by her side, nothing else mattered.

She leaned against Ji Feng's side with a serene smile on her face and slowly shook her head.

Ji Feng suddenly asked, "Lei Lei, where did you get the money to build this school?"

Tong Lei pursed her lips and smiled lightly, "What do you think?!"

Ji Feng couldn't help but smile bitterly, although it wasn't the first time he had come to this school, but he hadn't come to see it for a long time recently, but as a result, when he came over today, he found that the school had changed greatly.

Campus Master Chapter 2959

Ji Feng couldn't help but smile bitterly, although it wasn't the first time he had come to this school, he hadn't visited it for a long time recently, but as a result, when he came over today, he found that the school had changed drastically.

The original building had been repaired and the walls had been repainted, making it look brand new.

The greenery in the campus is also quite good, giving people a sense of tranquillity when they are there. The plastic track that they are walking on is also brand new.

The cost of this item added up to a lot, so Ji Feng was curious and wondered where Tong Lei had got the money.

He didn't even know that the school had turned into what it is now.

It could be seen that during this period of time Tong Lei had really done a lot of work, which made Ji Feng feel quite impressed with Tong Lei's ability to work.

Previously, he only thought that Tong Lei's personality was more suited to doing some relatively quiet work, or leaning on the balcony in the afternoons and reading quietly, but he had never thought that Tong Lei would be able to go this far.

At least, from the design of the decoration to the colour scheme and the layout of the various levels, it is clear that Tong Lei has really put her heart into it.

The fact that there are so many things to do in such a big mess is imaginable, and originally Tong Lei was the one who disliked these things the most, but now she has done it so successfully.

This makes Ji Feng's heart can't help but feel some emotion for a while.

Seeing that Ji Feng did not say anything for a long time, Tong Lei's beautiful eyes flashed: "Why don't you say anything?"

Ji Feng came back to his senses, held Tong Lei's hand tightly and said, "Lei Lei, do you have enough funds here?" He didn't ask where Tong Lei's funds came from again, he just felt that he didn't care enough about Tong Lei.

From this small action of Ji Feng, Tong Lei could feel his heart, and her heart could not help but be flooded with infinite tenderness, "It's enough."

Ji Feng smiled and did not say anything more.

After returning from school with Tong Lei, Ji Feng turned his mind to the development of the Tengfei Group, but he secretly urged Han Zhen to take good care of Tong Lei, especially not to let her be too busy to take rest and eat, after all, the body is the first.

Han Zhen naturally agreed, she and Tong Lei had been together for so long that they were already like sisters, so she would naturally take good care of Tong Lei as much as possible.

Xiao Yuxuan had already gone to Shancheng on a business trip to talk to the manufacturers in Shancheng about the introduction of the alloy production line, and Han Zhong was now fully in charge of the company's affairs, so Ji Feng was ready to find Han Zhong, after all, he hadn't seen him for a long time, and it was time to sit down and discuss the company's development and the next measures.

But a phone call from Li Ruonan disrupted Ji Feng's plans. When he first received the call from Li Ruonan, Ji Feng couldn't help but frown, he had already pushed all the problems to the military, what was Li Ruonan doing calling?

"Ji Feng, need you to come to the city bureau." Li Ruonan said openly over the phone.

"Why?" Ji Feng asked.

Li Ruonan said, "We have found new evidence that proves you are closely related to the October bar bombing!"

Ji Feng frowned: "What kind of evidence?"

Li Ruonan said, "I can't tell you for now, you have to come to the city bureau to do so!"

Ji Feng immediately became a little impatient, opened his mouth and said, "Tell me if you want to, if not, pull back, I don't have time to waste with you now!"

What new evidence, of course he knew best what Ji Feng himself had done, what evidence could the police find in the October bar?

Li Ruonan was immediately angered by Ji Feng's attitude, and she immediately said furiously, "Ji Feng, you're talking too much! Don't you want evidence? Then, I'll tell you, our colleagues from the scene survey found a part of the explosive residue at the explosion site of the October bar, and on that, your fingerprints were found!"

"What did you say?!" Ji Feng immediately frowned at his words, and his eyes immediately glared up.

"This means that you must have come into contact with the explosives, which doesn't match your previous statement!" Li Ruonan said, "Ji Feng, your fingerprints appeared on the explosive residue, I don't need to tell you what that means, do I? Do you think that now you can still stretch to not come to the city bureau?"

Ji Feng didn't say anything, just a pair of eyes flashing with a cold light.

After hearing no echo for a long time, Li Ruonan sighed and said, "Ji Feng, as a friend, I regret that things have come to this point, but as a police officer, I must enforce the law impartially, so now I must ask you to come to the city bureau, we need to understand the situation!"

"Captain Li!"

Ji Feng suddenly spoke up, but his voice was extraordinarily low, "Did you lead the team that surveyed the scene?"

I don't know what happened, but Li Ruonan actually heard a hint of danger in Ji Feng's words, which made her heart flinch, "Why are you asking this?!"

Ji Feng said, "I just want to know, it's just a personal interest, revealing this bit of information shouldn't be against discipline, right?"

Li Ruonan said, "Actually, just now, when I told you about the new evidence I found on the phone, that was already a violation of discipline once." Her implication was that she didn't want to violate it a second time.

Ji Feng nodded and said, "In that case, then I'll tell you clearly that this matter has nothing to do with me."

Li Ruonan said, "Whether it's related or not is not up to you, nor is it up to me, one must rely on evidence to speak."

"Then you mean that you also think that I planted the bomb?" Ji Feng asked in a deep voice.

"I personally have no opinion!" Li Ruonan said.

Ji Feng sneered, "Then you can be a vice captain too?"

Li Ruonan was instantly angered by Ji Feng's words, what she usually hated the most was when people questioned her qualifications and also hated it when people said she came up through connections, "Ji Feng, what do you mean?!"

Ji Feng said, "I didn't touch any explosives in the October bar, that's my answer to you, as for the matter of going to the police station forget about it, I'm a consultant for the military and have the authority not to cooperate! If there is anything, please contact the military directly!"

After saying that, without waiting for Li Ruonan to speak he hung up the phone with a snap.

"Ji Feng"

Li Ruonan's eyes turned red with anger when she heard the busy tone coming from the phone, she fiercely dumped the phone, her silver teeth clenched, thinking, "You're really a bully, worthy of being the secretary's nephew, I just asked you to assist in the investigation, and you're actually questioning my qualifications!"

The fact that the company is not a part of the world's economy is not only a source of concern, it is also a source of concern.

I don't know what was going on, but in her heart, Li Ruonan both hoped that it was Ji Feng who did this and didn't hope that it was him, but at this moment she didn't notice the contradiction within her heart.

At the same time, after Ji Feng hung up the phone, his face was as deep as water.

This call from Li Ruo Nan made him suddenly realize that things didn't seem as simple as he had previously thought, not because of Li Ruo Nan's attitude, but the matter itself.

Because Ji Feng knew better than anyone that after he entered the October Bar, he only observed the ground floor for a while and then went straight up to the first floor, then just went straight to the manager's room and found that fatty, other than that, he did not do anything.

And all he touched during this whole process was the lock on the door of the October bar, and the door handle of the manager's room, either that, or the fat man's collar Other than that he didn't touch any explosives at all!

And how did the police find his fingerprints from the explosive residue?

This made Ji Feng realize that things were not simple, he felt that there must be something fishy behind this, as if there was a hand behind this pushing and controlling, and the target that was now being targeted was obviously himself.

Whether it was Professor Tong or Professor Yu, it could actually be strictly related to him, and then there was the explosion at the October bar, and then now the police had actually found his fingerprints from the blast residue at the scene of the explosion!

Li Ruonan had just made it very clear that it was the fingerprints found on the remnants of the explosion, which was actually the bomb residue!

If it wasn't something fishy, then it was a living hell!

Ji Feng's eyes flashed with a harsh cold light, now there were only two possibilities, either, someone had secretly moved the stuff at the scene after the explosion, or, someone from the police had done it!

But no matter which possibility it was, the other party first had to have one condition – to have their own fingerprints.

This put Ji Feng on high alert.

But he still underestimated the speed at which the news spread, or the determination of the police. Just ten minutes later, he received a phone call from Xiang Yongzhan, in which he asked, "Ji Feng, the police called just now and said that your fingerprints were found on the remnants of the bomb.

Ji Feng nodded and said, "I just found out, you also think I did it?"

Xiang Yongzhan said, "It doesn't matter if you did it, to put it in a bad way, even if you did it, what can that do, that deceased person I have already checked, it's just a hooligan, there is also a case on his hands"

This is still like words!

Ji Feng then laughed and said, "I didn't do it. This is someone setting me up!"

Xiang Yongzhan said, "I guess so. But I say how could you kid be so careless and let someone exploit such a big loophole" He was really a bit surprised, with Ji Feng's style of doing things, he was very well thought out and would rarely make such mistakes, but this time it was a near fall.

Ji Feng said, "It's because I was too careless and somewhat complacent!" This was a lesson that he would remember clearly.

Xiang Yongzhan said, "Then what are you going to do next?!" He was now looking forward to it instead, but he knew that Ji Feng was definitely not an easy person to deal with, and if someone wanted to use this method to frame him or try to undermine Ji Feng, then Ji Feng would definitely not sit back and wait for death.

Ji Feng's counterattack had always been extremely harsh, one could even say overbearing and ruthless, which made Xiang Yongzheng look forward to it.

As expected, Ji Feng laughed and said, "Do it all!"

Xiang Yongzhan: "....."

Campus Master Chapter 2960

When dealing with his enemies, Ji Feng would no longer be unnecessarily merciful after the countless lessons he had experienced in the training space of his intelligent brain.

However, when he said he was going to do away with all of them, it was actually just a joke that Ji Feng casually played with Xiang Yongzhan. To him, this so-called doing away with all of them actually meant that he would kill all those who were involved in this matter, and would never give the other party the chance to make waves and stab him in the back again!

But the problem now is that there is no clue as to who is behind the stabbing and who is responsible for Professor Yu's disappearance.

The first thing to do was to catch Old Li!

However, Ji Feng was not going to act alone like this again, he went straight to the security department of the Tengfei Group and found Yi Xingchen, "Old Yi, gather up all the people in the battle group."

For Ji Feng's decision Yi Xingchen naturally did not hesitate to carry it out, but from Ji Feng's expression and actions, he was able to realize that there must be an action, so he just dropped a sentence, "Brothers, there's work to be done!" He instantly made those members of the battle team come over with gusto.

"Boss!"

Seeing Ji Feng, the members of the battle team all greeted each other.

Ji Feng nodded slightly, glanced at the people present and said, "Brothers, I must have been injured by someone's assassination earlier, so I guess everyone knows about it?"

Everyone nodded, not many people knew about Ji Feng's coming to recuperate from his injuries at that time, but everyone must have known about it later, only that Yi Xingchen and Lu Gang had given a gag order that everyone was not allowed to mention or say anything to the public, that's why no one communicated about it among themselves.

"So, I want to take revenge!"

Under the gaze of the battle team members, Ji Feng did not hesitate to state his purpose and said, "I want to find the person who set me up and exterminate him! However, this matter will definitely not work with just me, so I need your help!"

Ji Feng's words had already made the blood of each and every one of these battle team members present rise up.

Whether they were mercenaries or ex-soldiers, they would definitely carry out orders without any compromise, while Ji Feng had never treated them in a condescending manner, instead treating them like brothers, which they naturally understood in their hearts.

So at this moment, when Ji Feng just mentioned it, a ruthless look was already on everyone's face.

Lu Gang said, "Boss, please give the order!"

Guo Tao also nodded his head and said, "Boss, all you have to do is say the word!"

Seeing this scene, Ji Feng could not help but smile faintly, his heart was very pleased. The reaction of the battle team members made him realize that he wasn't alone, at the very least, there were people who were willing to follow him faithfully.

"Very good!"

Ji Feng nodded heavily and swept his gaze around from the faces of the battle team members and said, "Brothers, from today onwards, you have to be ready to fight at any time, maybe, there will be a vicious battle next!"

When the time came, maybe someone would die.

This was something Ji Feng did not say, but everyone understood. However, for these people, death was not really scary, although all of them did not want to die, but they were also not afraid of death, especially when Ji Feng had always been extremely generous to them in his daily life, just the security fee was taken out of his hand, the so-called raising soldiers for a thousand days, when it was time to use them, they would naturally fight for their lives!

After coming out of the security department, Ji Feng thought about it and then went to find Han Zhong.

When he came to Han Zhong's office, he found that Wang Jun was also there, so Ji Feng couldn't help but smile slightly and said, "Yoo-hoo, are you mixing oil with honey? I'm not disturbing you guys, am I?"

Han Zhong smiled and put down the pen in his hand, for Ji Feng's flirtation he just heatedly smiled: "It's really a bit disturbing!"

Wang Jun blushed and pushed him, "What nonsense, nonsense in front of anyone!"

Ji Feng looked at Wang Jun and smiled.

Han Zhong, however, laughed: "The relationship between us, there's no need to be so outgoing. Hey, boss, why are you suddenly coming over now? General Xiao has gone on a business trip and isn't in the company!"

"I know!"

Of course Ji Feng knew that Xiao Yuxuan had gone to the mountain city, and he had come not to look for Xiao Yuxuan, but specifically to find Han Zhong, in fact, he wanted to come over more, "I haven't seen you for a long time, so I wanted to find you to come over for a chat."

Han Zhong turned his head and said, "Jun Jun, don't stand still, make tea!"

Ji Feng waved his hand, "No need. I say Han Zhong, don't keep telling people to work, you can't do it, can you?"

Han Zhong laughed, "Let her do it, it's fine."

Ji Feng nodded with a smile and asked, "How's the situation in the company these days? Are there any difficulties on your side that I need to help solve?"

"Difficulties there are a bit, but they're not very troublesome." Han Zhong smiled, he suddenly touched his pocket and turned his head, "Jun Jun, go to the mini-mart and buy a pack of cigarettes for me."

"Don't smoke so much, it's not good for your health." Wang Jun gave him a blank look and snapped, "Just don't smoke today, okay?"

"It's not that Ji Feng is here, it's okay to smoke less!" Han Zhong smiled and said, "Go ahead!"

Wang Jun was a little reluctant, but seeing Ji Feng even smiling but not saying anything, she couldn't help but go, so she put on her bag and turned around to go.

When he heard the office door close with a 'bang', Ji Feng looked at Han Zhong and couldn't help but shake his head and smile. The two of them looked at each other and laughed heatedly at the same time.

Wang Jun stood between the lift and waited for the lift, but her eyebrows could not help but frown slightly, thinking that in the morning she saw two packs of cigarettes in Han Zhong's briefcase, but how long had it been before she finished smoking? The first thing you need to do is to get a good idea of what you want to say to Ji Feng, so you'll have to pay for it yourself, right?

Thinking of this, Wang Jun's speed was much faster, she first called the front desk, then took the special lift for executives downstairs, but did not go to the small supermarket in front of the factory canteen, but came to the front desk and said to one of the duty officers at the front desk, "Has the person who bought the cigarettes gone?"

The duty officer at the front desk nodded and said, "Already gone, should be back soon!"

Wang Jun nodded his head, his heart was a little anxious, he left this moment not knowing what Han Zhong and Ji Feng would talk about, but thought that between the two of them would certainly not just be chatting, would certainly talk about some more things about the company Even if it was really chatting, the content of that chat would certainly be very important to outsiders!

The front desk person soon came back, Wang Jun took a cigarette and casually took two notes and threw them on the desk and hurried back, came to the office door, she slowed down her steps and quietly walked over, her ear pressed to the door ready to listen to what Han Zhong and Ji Feng were talking about inside.

But to her surprise, she couldn't hear anything, no sound came out from inside.

Wang Jun was a little anxious, she took a few steps back, and then took a few more steps to the office door, knocked on the door, then pushed the door and walked in, but she saw Ji Feng and Han Zhong, each holding a cigarette and smoking leisurely, when she saw her return, Han Zhong smiled and said, "What a coincidence, just now I found a pack in the drawer!"

Wang Jun said, "It's not a coincidence, it's just that you're trying to get rid of me, right?"

She was a bit angry, after all this time Han Zhong still treated himself as an outsider? Her face didn't look too good, and she looked a little angry.

"Alright, you guys can talk, I should go back too."

Ji Feng stood up and put out his cigarette directly with two fingers, that action of pinching the burning cigarette directly with his fingers made Wang Jun look slightly dumbfounded, a little surprised at this hardness of Ji Feng.

Han Zhong did not stay, but nodded; "I'll be in touch later, it's been a long time since we've had a drink together, let's go to your place for a couple of drinks some day."

Ji Feng laughed, "It just so happens that I still have two bottles of good wine at home, let's drink it up later! Wang Jun, let's go!"

Wang Jun spread a smile, "Take care, I won't see you off!"

Ji Feng waved his hand with a smile and turned around to leave the office.

When only Wang Jun and Han Zhong were left in the office, her face became a bit unhappy, "Han Zhong, why did you send me away just now?"

Han Zhong was a little surprised, "I sent you away?"

When Wang Jun saw that he was still pretending to be confused, he became even more angry: "What, didn't you just tell me to go buy cigarettes to get rid of me? I remember you had two packs of cigarettes in your bag"

"I'm sorry, I really don't remember, I just found them when I was looking for them, I didn't mean to put you off, don't think too much about it."

Seeing that Han Zhong didn't seem to be lying, Wang Jun couldn't help but ask, "Really?"

Han Zhong smiled and said, "How can this be false?"

Wang Jun then believed it, but in his heart he was still a bit uneasy and asked, "Then what did you and Ji Feng talk about after I left just now?"

Han Zhong shook his head and said; "Nothing, Ji Feng just asked about the company's operation, you also know that the boss, the most concerned about the profit, the most talked about is also this."

Wang Jun couldn't help but say, "This question he should go ask Xiao Yuxuan, she is the one in charge of finance, what's the use of looking for you, it's clear that he doesn't trust you!"

Han Zhong shook his head with a smile and said, "Okay, let's not talk about that, sort out the information just now, I want to use it later."

Wang Jun had to stop this topic and went to sort out the information instead.

Ji Feng left Han Zhong's office and came back to the General Office, in fact he came here just to find Zhao Kai, but to his surprise, this guy was not in the company, however, Ji Feng found that there were several new faces in the General Office, he could not help but be stunned, these were all the people Zhao Kai's heart had summoned?

When he inquired, it was indeed the new people Zhao Kai had recruited.

It seems that Zhao Kai is really going to do something big. Ji Feng couldn't help but nod his head, this is a good sign!

Ji Feng was about to leave when Zhao Kai came back, seeing Ji Feng he was very happy and took the initiative to report to Ji Feng about the construction and some work of the Intelligence Division, when he heard that Ji Feng had come from Han Zhong's side, he couldn't help but grunt, "Have you seen Wang Jun?"
