

# Chapter 2954– 2955 of A Dish Best Served Cold Novel

## Chapter 2954

If enterprises from other provinces want to set foot in the Noirfork market, in addition to the permission of the Noirfork government, the other is to get Mr. Chu's permission.

Otherwise, they will come in, and it will be difficult to move in Noirfork business community.

Precisely because he knew Mr. Chu's reputation and status in Noirfork, after learning that he had offended Mark just now, Wang Ming suddenly turned pale with fright, and his spine was covered with cold sweat.

“Mufan Group?”

“Helen Qiu?”

“Noirfork's Honor?”

“I should have thought of it long ago.”

“In the entire Noirfork area, only Mr. Chu can conquer an independent woman like Helen Qiu, right?”

After the tremor, Wang Ming suddenly smiled.

The weak laughter was full of complex emotions.

“Let's go, let's go back too.”

After learning that Helen Qiu was Mark's woman, Wang Ming was undoubtedly completely dispelled from pursuit.

Not only that, because he was worried that Mark would settle accounts after the fall, Wang Ming drove away from Noirfork overnight.

As for their cooperation with the Mufan Group, it was left to the old man's disposal.

However, how did Wang Ming know that a small person like him can't actually get into Mark's eyes, let alone find him after the autumn.

That night, after taking Helen Qiu home, Mark almost forgot about it.

However, Helen Qiu obviously didn't plan to let Mark go easily, and when he got home, he complained and blamed Mark.

Mark was also thick-skinned, facing his wife's complaints, he just smiled.

A dead pig is not afraid of boiling water.

“dare you laugh?”

.....

“So many people are watching, you just molested me.”

“How will you let me be a person in the company in the future?”

.....

“Even if you really want to kiss, it's never too late to go home?”

“It's not that I didn't let you kiss...”

.....

“Hmph, you are really mad at me~”

“Your wife's image in the company was completely ruined by you...”

.....

Helen Qiu stomped her feet straight, and the more she thought about it, the more angry she got, her nose almost tilted by him.

In the end, in order to calm his wife's anger, Mark had to do it himself and brought a basin of footwashing water to soak Helen Qiu's feet.

“Come on, wife, soak your feet first.”

“It's not too late to play with regeneration gas.”

Before Helen Qiu could answer, Mark took off Helen Qiu's high-heeled shoes, revealing her white and beautiful jade feet, and then very intimately washed his wife's feet.

“Hey~”

“Who could have imagined that Wushuang Grandmaster, who swept Jiangbei dignifiedly and scorched the hot summer, so that the Martial God Temple retreated and apologized, had such a low status in the family?”

“Sure enough, a bit of tofu in brine, one thing drops one thing.”

“In the entire land of hot summer, sister Qiu can hold down Mr. Chu.”

Outside the room, there were five heads, tiptoeing and peeking in through the window.

Mark's "humiliation" was seen by them all.

These people are not others, but the people of Qinglong who have been guarding here.

Looking at the scene inside, Croven Li shook his head with emotion.

Tarzan couldn't help but laughed: "Haha~"

"What one thing loses one thing, to put it bluntly, is just to be afraid of his wife."

Even though Taishan's voice is very small, they are through the window.

But with Mark's perception, how could he not notice it.

"These bastards, dare to laugh at Lao Tzu?"

Mark stared at the time and sternly said to the outside.

"Tarzan, your kid is quite leisurely."

"Come in and pour me the foot wash!"

## Chapter 2955

Noirfork, Wrifill.

The weather today is exceptionally clear and cloudless.

Even Trivan Lake, which is often surrounded by clouds and mist, is exceptionally clear today.

On the vast lake, there are rippling blue waves, reflecting sparkling golden light.

Could it be that the view of the lake has attracted countless citizens to come and watch it.

However, just when countless tourists were indulging in the beauty of Trivan Lake, a child suddenly appeared among the crowd, pointing to the distant Yunding Mountain, and wondering: "Mom, look at it, there are so many marshmallows over there?"

"And, it's still increasing? Is anyone making marshmallows?"

Hearing the child's words, many people followed.

"I go!"

"Really."

"Why are there so many clouds?"

"Similar to the sea of clouds?"

“Where is it?”

“Why is it so cloudy suddenly?”

Seeing the scene in the distance, countless people trembled.

Although there were some clouds on the former Trivan Lake, most of them were fog made by water vapor.

But at this time, what they saw was a real sea of clouds.

Thousands of white clouds shrouded the front, the original thick and majestic Hundred-Blade Mountain, but at this time only one foot of the mountain remained in the eyes of everyone.

From a distance, it looks like a fairy mountain towering over the world.

This sudden appearance shocked countless people.

So many people think that the mountain in front appears out of thin air.

“That... isn't that Yunding Mountain?”

“It's where Mr. Chu lives.”

“What happened there?”

“Why did so many clouds gather overnight?”

“Is it possible that Chu first became immortal?”

Among the crowd, someone recognized the mountain after all, and suddenly shouted out in shock.

What's more, he even suspected that Mark had become an immortal.

Soon, the events of Yunding Mountain spread everywhere and caused a sensation throughout Wrilfill City.

In just half a day, countless people gathered at the foot of Yunding Mountain, and the surrounding roads were blocked.

If it weren't for the manpower arranged by Ericson Li under Yunding Mountain, it is estimated that these curious people have already rushed to Yunding Mountain to see what happened.

“Get out of the way, get out of the way~”

“The second master is here, who dare to stand in the way?”

At this time, the shouts of Jin Bao and Yin Bao brothers suddenly came from the crowd, making everyone look over.

Then, an old man with a bald head in the middle of a suit ran up to Yunding Mountain under the protection of bodyguards.

“Mr. Chu, what happened?”

“You won’t be condemned by the gods, will you?”

“Mr. Chu, you say something, don’t you scare me?”

When Ericson Li learned of the strange astronomical phenomenon of Yunding Mountain, he was very scared at that time.

He thought it was God who felt that Mark had killed too many people, so he lowered Heavenly Scourge to attack him.

Therefore, he hurried over immediately.

However, he searched in the villa for a long time, but he couldn’t find Mark, and he was undoubtedly more panicked.

“Second Lord, you...look, isn’t it there, Mr. Chu?”

Just between Ericson Li’s panic, Jin Bao seemed to have discovered something with endless panic and shock, pointed to the front, and said tremblingly.

Ericson Li looked up.

I saw a thin figure standing proudly under the sky and between the sea of clouds.

Behind him, tomorrow hangs high.

In front of him, there was a bright light.

If Ericson Li took a closer look, he would find that what was floating in front of Mark at this time was a piece of warm jade.

It is about eight feet long, like a bright moon.
