

Chapter 2958– 2959 of A Dish Best Served Cold Novel

Chapter 2958

Until now, Mark didn't know what kind of secrets the Chu family concealed besides those powers that appeared on the surface.

What's more, in addition to the Chu Family, there are also Chu Sects!

Thinking of this, the graceful and noble shadow resurfaced in Mark's mind.

I don't know why, Mark's heart trembled suddenly.

It seemed that something had cracked, and sorrowful water came out.

Yes, no matter how strong the heart is, there will eventually be something that can pry open his hard shell.

For the first time in so many years, Mark was cheated by a woman.

She had never dreamed that in the old house of the Chu family, she was the master of Chu Clan after spending time with him day and night.

What Mark didn't expect was that that woman would be so unfeeling.

For the benefit of the sect, he really didn't care about the old friendship at all.

That sword that night undoubtedly completely shattered the shadow in his heart.

If nothing happens, once the Chu family is in danger, she would definitely not stand idly by.

At that time, there may be a battle between herself and her.

The enemy is really powerful.

But so what?

Even if the road ahead is thorny, even if life or death is uncertain, Mark will definitely go there.

It's like moths fighting the fire, without regrets if you die!

This is Mark's obsession, the only pursuit of Mark's half-life of hard cultivation, and the greatest meaning of his life.

Huh~

The cold wind is bitter.

Mark was alone, alone on the top of the mountain.

The rustling wind blew his clothes and hunted.

In this way, Mark stood alone under the Tianhe, standing silently.

No one knows what the young man is thinking about at this time.

Finally, I don't know how long it has passed, the call Mark had been waiting for finally called.

Yes, this call is from Old Han.

Since the Chu family changed their owners, Old Han and Mark have been in contact with each other less and less.

After all, there is one courtier for the emperor.

Now, Mr. Han's status in the Chu family is not as good as before, and many things have been restricted too much.

Under this circumstance, the relationship between Old Han and Mark naturally had to be more cautious.

Otherwise, once exposed, Chu Zhengliang and his son will not spare Old Han, right?

"Little Lord, are you okay?"

"Gaia has told me everything about you."

After answering the call, Old Han's deep and solemn voice came.

"Well, I'm fine."

"How is the situation of the Chu family now? If nothing happens, I will pass in a few days."

“I have issued the Order of the Four Seas Dragon Gods. In a few days, this lord will lead the dragon gods to come to Chumen Mountain.”

Mark said in a deep voice.

But Elder Han was silent for a moment, and then said: “Little Lord, have you really decided?”

“Now in the Chu family, Chu Zhengliang and his son are in charge.”

“Once you fail, there really is no return.”

“What’s more, you have killed several elders of Chumen in the rain forest before, and you have already caused the three senior leaders of Chumen to anger Chu Yun.”

“If they knew that you were still alive and you killed Mount Chumen, I guess they wouldn’t stand by.”

“Even the Sect Master of Trumen is likely to take action.”

Old Han is worried.

In the past, the head of the Chu family was Chu Zhenghong.

At that time, Mr. Han knew very well that even if Mark was unfavorable, he would end up losing and hurting at best.

After all, it was his own flesh and blood, even if he turned over the heinous sin, Chu Zhenghong would definitely find a way to save Mark’s life.

But now, everything is different.

The situation is completely unfavorable to Mark.

Chapter 2959

Among the Chu family, Mark is undoubtedly a rival.

If he is defeated, it will be the end of a thousand catastrophes.

This kind of unsuccessful and benevolent thing, Adam Han undoubtedly did not want to see.

However, in the face of Old Han’s advice, Mark didn’t care.

On the contrary, it was one sentence that caused Mark's eyebrows to suddenly stir up waves.

"Father and son Chu Zhengliang headed home?"

"What about him?"

"The Patriarch of the Chu Family, shouldn't it be him?"

Even now, Mark is trying his best to avoid saying that person's name.

Once, that person's name was Mark's greatest reliance, and it was a heavy mountain in his heart.

However, how much Mark relied on him back then, how resisted Mark is now.

So that even his name is unwilling to mention.

Old Han sighed: "Hey~"

"The position of the Patriarch of the Chu family has long since changed."

"Now all the things of the Chu family are completely controlled by Chu Zhengliang and his son."

"As for the old Patriarch, he has not heard from him since he first went to Japan."

"Lord, if possible, you go to Japan..."

"Okay, don't talk about it anymore, I don't want to listen to him anymore." Old Han wanted to continue, but was interrupted by Mark.

"However, it's a pity."

"I originally wanted to know what he would face when he saw the abandoned son of the Chu family that he abandoned back then, and returned to the front of the Chu family for more than ten years."

"Now it seems that he might not see it anymore."

Mark smiled lightly, his tone low and calm.

As if, I'm talking about someone who has nothing to do with me.

However, even if Mark tried his best to conceal it, Old Han could still hear the ups and downs in Mark's seemingly calm words.

“As expected of father and son, even this character is so alike~”

Old Han said secretly in his heart.

In the words, there is bitterness and comfort.

Suddenly he felt a little grateful, fortunate that Chu Zhenghong had left the Chu family, and that the Chu family elder had removed Chu Zhenghong from the position of the Chu family's Patriarch.

At least, in this case, the human tragedy of father and son cannibalism is avoided.

“Little Lord, don't you really think about it?”

“Perhaps, you can wait a few more years.”

“After our strength becomes stronger, we will go to the Chu family again.”

“In this case, the chance of success will be greater.” Old Han still persuaded.

But Mark was determined.

“Wait?”

“I have been waiting for ten years. Isn't that enough?”

“I have no patience to wait any longer.”

“What's more, everything I should prepare is already prepared.”

“It doesn't make any sense to wait any longer.”

“But, I'm afraid in case...” Old Han was full of anxiety.

“There is nothing scary.”

“At best, never go back.”

“From the time I made my ambition to return to the Chu family, I have made plans to never return.”

“Well, you don't have to say any more.”

“Any possible consequences, I have thought of it.”

“I know very well what kind of path I am following now.”

“I know better, once I really embark on the journey to Trumen, what obstacles will stand in front of me.”

“But what?”

“Killing back to the Chu family is the only pursuit of Mark in my life, and the only meaning of my life.”

“Hundreds of times, I don’t regret it!”

“Even if tens of thousands of people block, I will go alone!”
