

Campus Master Chapter 2961

Ji Feng was about to leave when Zhao Kai came back, seeing Ji Feng he was very happy and took the initiative to report to Ji Feng about the construction and some work of the Intelligence Division, when he heard that Ji Feng had come from Han Zhong's side, he couldn't help but grunt, "Have you seen Wang Jun?"

Ji Feng was slightly stunned, not expecting Zhao Kai to ask that, "Yes, what's so special about her?"

If he could make Zhao Kai ask a question on purpose, he must have been focused on by him.

Zhao Kai said, "This woman has been a little unsettled lately, what she says and does seems to be wider than her remit, which is not a good sign."

Ji Feng immediately frowned and asked, "What does that mean?"

Zhao Kai said without hiding anything: "Ji Feng, I suspect that there is something wrong with Wang Jun, no, not suspect, but almost certain that there is something wrong with Wang Jun!"

Ji Feng said, "Tell me your reason."

Zhao Kai shook his head, "There is no reason, just from her words and mannerisms, as well as some of her actions, I have no clear evidence, but I trust my intuition. I can guarantee that there must be something wrong with this woman."

Seeing that Zhao Kai was so sure, Ji Feng knew that he must have seen or heard something, it was just that without evidence some words were not good for him to say, after all, Han Zhong and him were also on quite good terms.

"Without evidence, some things should not be said." Ji Feng said.

Zhao Kai heard this but his eyes lit up, "You also think there is something wrong with that woman, don't you? That must be the case, otherwise you would have asked after me what the problem was instead of saying that!"

Ji Feng had to admire this guy's sensitivity and shrewdness and nodded, "It's fine to have some things in mind."

Zhao Kai naturally then had a plan, he suddenly thought of something and couldn't help but ask, "What do you think is wrong with Wang Jun? Could she be a commercial spy sent by another company?"

Ji Feng shook his head and said, "We don't know yet."

Zhao Kai immediately asked, "Then does Han Zhong know?"

Ji Feng shook his head and said, "He doesn't know either, just know in your heart about this matter, don't say much."

Zhao Kai said, "Do you want me to check her out?!"

Ji Feng shook his head and said, "Still, as we said before, don't check. There are some things that Han Zhong will handle on his own."

After arranging this, Ji Feng deliberated and called Zhang Lei and asked him to go to his home first.

When Ji Feng and Bai Zhu returned home, they saw that Zhang Lei was already waiting for him at home, and he had given Zhang Lei a key to his house before.

"Crazy man, what have you been doing, so busy?"

Once he saw Ji Feng come back, Zhang Lei couldn't help but ask, he and Ji Feng hadn't seen each other for a while, recently he had been living in school, although he had graduated, there were still many people preparing for the exams, so he could stay for a while.

Ji Feng sat down and found that Zhang Lei had already made tea, he picked it up and took two sips and asked, "Have you thought about what to do next?!"

Zhang Lei shook his head and said, "I haven't thought about it yet, I've been thinking about it all this time, and I have a headache."

Ji Feng then smiled, "What do you want to do yourself?!"

Zhang Lei said helplessly, "My family definitely wants me to go on a career path, but you know my temperament, I'm really not used to seeing all those ugly things, so I know I'm not that material."

In fact, he had been living in the dormitory all this time just hadn't thought about what he wanted to do, and if he followed his family's wishes to go on a career path, he knew he certainly wouldn't get very far unless he could change his temper.

Ji Feng deliberated for a moment and said, "Actually, if it's possible, I'd like you to come over and help me."

Zhang Lei's eyes instantly lit up, "Let me do what?!"

Ji Feng said, "I hope you can come over and carry the battle team up."

This was what Ji Feng had been thinking all along, and he had carefully thought about it, and there was no second person around who could be trusted and was capable enough, except for Zhang Lei.

Although Yi Xingchen was stable and had a good sense of the big picture, he had, after all, been abroad for a long time before, and did not know some of the domestic situation particularly well.

And most importantly, compared to Yi Xingchen, Zhang Lei's body has an aura, the kind of unrelenting bravery.

Ji Feng once joked when they were talking together that Zhang Lei was just born at the wrong time. If he had been born in ancient times, he would have been a fierce general, and it would not have been impossible for him to grow up to be a handsome genius.

If he had been born in ancient times, he would have been a fierce general, or even a marshal.

However, Ji Feng could not decide for him what kind of path Zhang Lei should take, even if he was a good brother, he still needed to decide for himself where he should go in the future.

The company's will is also not good enough to interfere with the wishes of the Tong family.

So Ji Feng also deliberated before mentioning this intention to Zhang Lei, as to whether or not to take over the battle team, it is entirely up to Zhang Lei's idea.

But to Ji Feng's surprise, Zhang Lei immediately nodded his head and agreed without even thinking about it, "No problem, I'll take this job!"

Ji Feng smiled, "No more thinking about it?"

Zhang Lei said, "There is nothing to consider, in fact, during the time in the northeast I found out that this is the life I want to live! Only, being in the black `doors definitely won't work, if my family knows that I'm actually in the black `doors, I'm afraid they can all skin me, but if it's joining the Tengfei Group, then there's no problem!"

Ji Feng couldn't help but lose his smile, "You're using me as a shield!"

Zhang Lei heatedly laughed, "It's mutually beneficial! Others may not be able to hire buddies even if they want to!"

This was true.

If anyone could invite Zhang Lei, they really had to have enough face to do so.

“How about this, you also think about it again, don’t make a decision in such a hurry, I’ll arrange it on my side as well.” Ji Feng laughed, “I was bragging about you in front of Yi Xingchen and the others, your kid’s kung fu hasn’t been left behind, right? Don’t get put down by someone with three punches or two kicks when the time comes, it’s me who will lose face then!”

Zhang Lei grinned, “You think I’ve been idle all this time? If you don’t believe me, let’s have a couple of moves now!”

“So bullish?!” Ji Feng asked with a smile.

“Try it, maybe I’ll give you a surprise!” Zhang Lei said with a heated smile.

Ji Feng slapped his thigh: “Okay then, try it!”

It would be good to have a fight between brothers!

The two of them went to the backyard and Ji Feng said, “Bai Zhu, watch the battle from the side and see if this guy has improved!”

Bai Zhu smiled lightly and nodded in agreement, she was very clear about the relationship between Zhang Lei and Ji Feng, and knew that the two of them were friends for life, even if they had a fight, they would definitely only be on point, said there was not the slightest worry, on the contrary, she was somewhat looking forward to Zhang Lei’s performance.

The reason is that a long time ago Zhang Lei has been able to fight her evenly, during this period of time she has not been idle, every day to insist on training body-building exercises, but do not know whether Zhang Lei has improved.

Ji Feng and Zhang Lei stood separately, then the difference between them came out: Ji Feng just stood casually, while Zhang Lei slightly bowed his waist and took a starting stance.

Ji Feng’s eyes lit up, “Yoo-hoo, playing a set-up?”

Zhang Lei laughed heatedly, "You should be careful, I've gotten a lot better recently."

"Cut the crap, try it to find out!" Ji Feng let out a low shout, a half-step punch was thrown out steeply, but Zhang Lei met him with a fierce small frame, his hand was like a bushel fan that instantly plucked away Ji Feng's fist, while the other hand thunderously attacked towards Ji Feng's ribs.

Ji Feng took advantage of Zhang Lei's strength to twist his body and rolled across the air to avoid Zhang Lei's attack, landing steadily while giving a side kick.

Zhang Lei was also on guard and surprisingly struck one move after another. While Ji Feng was taking advantage of his moves, Zhang Lei's attack was incessant, and the two of them were on equal footing for a while.

"Pa!"

The two men's feet kicked each other and immediately separated.

Ji Feng couldn't help but laugh: "Good boy, powerful!"

Zhang Lei laughed heatedly, "I told you earlier, I've gotten a lot better recently." He knew that Ji Feng hadn't used his full strength just now, otherwise he could have easily beaten him with his speed alone, not to mention that Ji Feng's internal strength was much stronger than his, and he was no match even if he had to fight hard.

But just now they exchanged blows without using internal force, just simple moves, and the two of them could be said to have fought to a draw.

Ji Feng was a little curious: "Lei Zi, what kind of kung fu did you use just now?" He had always known that the ancient Chinese martial arts were quite brilliant, especially the routines, which were the essence passed down from previous generations over the years, and were definitely not comparable to an almost equivalent to casual fighting like his.

However, the kung fu used by Zhang Lei today was something he had never seen before, and the moves were severe and quite powerful.

Zhang Lei smiled smugly, "Impressive, isn't it? It's called Shou Yi Quan, it's amazingly powerful and was taught to me by Jing Yi!"

"No wonder, you kid are close to the water!"

Ji Feng smiled and waved his hand, "No more fighting, you have indeed improved a lot. Xingyi Quan, I've heard of it, I didn't expect it to be so powerful!"

Zhang Lei said, "Jing Yi also said so, these ancient martial arts families know a lot of them, but she said but rarely have they seen such a powerful as I exerted, said the difference may be in the internal force, I also want to ask you, we practice body building exercises to cultivate the biological current, is it internal force?"

Ji Feng couldn't decide, and said, "I guess so? But from what you said, I think this bio-current seems a bit more pure than the internal force of those martial artists, but it should also be considered a type of internal force!"

Previously, when he and Zhang Lei had gone to meet the parents of the Shen family because of Shen Jingyi's matter, as well as when they went to the Tan family to discuss the matter, those experts had confirmed at that time that the bio-current was internal force, but Ji Feng had also noticed a phenomenon, as if the bio-current was more pure than the internal force of those people.

Could it be that this was because the cultivation methods were different, so there was a difference in the level of internal force cultivated?

This made him think of those two people who had the amazing duel in the database of the intelligent brain, they also practiced body building exercises, so what they cultivated must also be internal force, but the kind of strong level they had was not the level that the current martial arts masters could achieve, could it be that it was also because of this aspect?

Campus Master Chapter 2962

Ji Feng pondered for a while, but he couldn't come up with an answer. He hadn't had much contact with the ancient martial arts of China, and although he had fought with many ancient martial arts experts, there were none that he could exchange with, let alone someone that Ji Feng could ask for advice from.

In fact, if he could, Ji Feng really wanted to find an expert in ancient martial arts to give him some careful advice, because he had always been curious as to why the bio-currents he cultivated from practising body-building exercises would be considered by those ancient martial arts experts as internal force!

There must be something in common here!

Perhaps, it was worth studying.

But right now, there was no time and no such condition, Yang Bin had not returned yet, and among the people he knew, Shen Jingyi was the only one who knew ancient martial arts, but usually he had very few chances to meet with Shen Jingyi, for example, Zhang Lei did not bring her with him even when he came over this time.

"She's at work!" Zhang Lei said, "It's not like it's break time, it's not good to ask for leave!"

"Then we'll have to wait for another time!" Ji Feng shook his head.

"Or else next time we'll go to her home together, won't you just ask the old men?" Zhang Lei said, "Jing Yi is only practicing in a step-by-step manner, I'm afraid she hasn't studied this aspect as deeply as you have, but those old men at her home have been practicing for a lifetime, so they must have some insights, right?"

The first time I heard that, I looked at him twice suspiciously: "Lei Zi, I heard how your kid's tone is not right ah? Wait are you going to meet your parents, so you're going to bring me along?"

Zhang Lei smiled smugly, "Do you think there is such a possibility? After the last time we went together, my status in their family has risen dramatically, especially her parents look at me with great fondness, I still need to pull you up to strengthen my courage?"

Ji Feng asked, "Then why do you still want me to go to the Shen family?"

From what he knew about Zhang Lei, this guy definitely didn't just want to give himself a chance to ask for advice.

Zhang Lei said, "Let you go to Shen's house, it's really because I'm too bored there!"

Ji Feng couldn't help but laugh dumbfoundedly.

"Schadenfreude?!" Zhang Lei said with an unpleasant expression, "You kid have no humanity at all, I just can't believe that you didn't feel uncomfortable when you saw my parents?!"

Ji Feng couldn't help but be stunned, and the two of them laughed heatedly at the same time.

To say the least, these two brothers share the same illness, there will always be restraint when they go to their mother-in-law's house, no matter what their status is, unless they simply don't look at each other in the eyes, but neither Ji Feng nor Zhang Lei is the kind of person who is high and arrogant.

"Let's see when the time comes!"

Ji Feng had a bad smile on his face and said, "It depends on whether I have time at that time, if I have time then I will definitely accompany you, but if I'm busy at that time then there's nothing I can do!"

Zhang Lei said, "You don't have to do that! I'm telling you, whether you have time or not at that time, you have to go!"

Naturally, Ji Feng would not agree and just waved his hand, "We'll talk about it then!"

However, Zhang Lei directly relied on Ji Feng and said, "It's a deal, I'll let you know in advance when the time comes so that you can be mentally prepared!"

Ji Feng pretended not to hear, turned around and went back to the living room and said, "Lei Zi, don't go back tonight, let's have a couple of drinks?"

He saw that Zhang Lei was driving over, it was not safe to drive back after drinking, anyway, the two brothers had not seen each other for a long time, so he simply did not let Zhang Lei go back.

.....

"Suyan, Suyan!"

"Huh?"

Hearing the shout, Rong Suyan snapped to attention, but saw her mother waving her hand out in front of her, she hurriedly asked, "Mom, what's wrong?"

Rong's mother said, "Suyan, what's wrong with you, you're lost in thought even when you're eating? What's on your mind? Is the company too busy?"

Only then did Rong Suyan realise that she was eating, she hurriedly shook her head and said, "Mom, it's nothing. I was just thinking about something, so I was a bit lost in thought."

She only complained, "You should stop thinking about the company now that you're home, you and your father are the same. ...You can't be like that!"

Rong Suyan couldn't help but roll her eyes, her mother was in menopause and this talk was really getting to be too much. If it was in normal times she would have rushed to interrupt, but today, she suddenly felt that her mother's nagging was good to listen to instead, it was like a treat for her.

Seeing Rong Peng laughing beside her, Rong's mother couldn't help but say, "Don't just laugh, your daughter isn't mine alone, she's yours too, you should also persuade her!"

Rong Peng couldn't help but shake his head and laugh, "You guys talk about your own, I won't get involved!"

Rong's mother was then exasperated enough.

Seeing this scene, Rong Suyan only felt extraordinarily warm, she then remembered her own situation and couldn't help but feel a little cold in her heart.

After eating, Rong Suyan sat alone in the sun on the hanging chair on the first floor balcony, when she heard footsteps from behind her she turned her head to look, only to see her father walking over.

"Dad!"

Rong Suyan sat up straight.

Rong Peng came to Rong Suyan and casually pulled a wooden stool over and sat down, looking at her.

Rong Suyan was a little uncomfortable by her father's look, and her heart was even more unsure, so she couldn't help but ask, "Dad, why are you looking at me like that? Is there something on my face?"

"There is something!" Rong Peng nodded his head.

"What?"

Rong Suyan was stunned and hurriedly touched her hand, but found nothing. Just as she wanted to ask what it was, she heard Rong Peng say, "Girl, something is on your mind, right?"

Rong Suyan didn't expect her father to be so perceptive, her mother hadn't noticed anything even though she had been nagging her, but her father, who rarely spoke, had seen it!

“It’s nothing, I’m just a little upset at work!” Rong Suyan shook her head, she was reluctant to tell her father about these troubles, especially when she saw that his face was glowing and his spirits had become very good since he came to Jiangzhou, which made her even more reluctant to disturb his quiet life now.

Although Rong Suyan was also clear, in fact, her father had always been somewhat reluctant in his heart, after all, after working hard for most of his life to achieve, in exchange for the industry, just like that was taken away by the Wu family, that kind of suffocation is indeed very difficult to pass.

“Girl, do you think, if you had something on your mind, would dad not be able to see it?” Naturally, Rong Peng did not believe his daughter’s words.

“It’s really nothing!” Rong Suyan shook her head and smiled, making her explanation seem as natural as possible, but she also knew that she was afraid she wouldn’t be able to hide it from her shrewd old dad.

As expected, she only heard Rong Peng say, “Girl, did you encounter any difficult problems? If there’s really a problem, just tell Dad. In Jiangzhou, we’re the only family that lives together, so we should carry anything together, right?”

Rong Suyan’s nose sank and she turned her head slightly sideways, saying, “Dad, I can solve it myself.”

Rong Peng said, “If you can solve it, then you should talk to me about it, unless you think I’m too old, otherwise, Dad can help you with your advice, right? Tell me, what is the matter!”

After hesitating for a while, Rong Suyan deliberated again and again before saying, “Wu Zhiyong has come to see me!”

The smile on Rong Peng’s face instantly disappeared without a trace, replaced by a stiff look, “When did he come looking for you?”

“Today!”

Rong Suyan said, "I was in my office when he came straight to the company, at that time I didn't think it would be him" She told him carefully what happened when Wu Zhiyong came looking for him, including the conversation between them, Rong Suyan also told it carefully, even if Wu Zhiyong's tone of voice and manner of speaking at that time.

Rong Peng listened for a long time without speaking.

Only after a long while did he let out a long sigh and said, "After living most of my life, I'm still not as understanding as a young man living, how ironic!"

Rong Suyan couldn't help but grab Rong Peng's hand, "Dad~"

Rong Peng patted his daughter's hand and said, "Dad is fine. I just thought of something Ji Feng said to me when I first came to Jiangzhou... I can't imagine that I still don't understand as well as a young man like him!"

"Ji Feng?!"

Rong Suyan was a little surprised and asked, "What did he say to you!?"

Rong Peng said, "At that time when I first came to Jiangzhou, Ji Feng had invited me to come out and join hands with him to fight against the Wu family, but I refused!"

Only then did Rong Suyan know that he was talking about this matter.

In fact, at that time, Rong Suyan knew about this matter, from the time they first came to Jiangzhou Ji Feng had invited her father to come out, but at that time, because the matter of the Wu family had Rong Peng Group had just fallen apart, so her father was in a bad mood and did not agree.

Later on, Ji Feng came a few more times one after another with a sincere attitude, but they were all rejected.

But now it seems that at that time, Rong Peng's refusal was a bit out of order and not a good move.

"At that time I thought that Ji Feng was still young, and from the situation at that time he couldn't represent the Ji family, if it was Ji Shaodong, the boss of the Ji family, who came to me at that time"
Rong Peng shook his head and didn't say anything further.

"Dad, if it was Ji Shaodong who came to you at that time, you would have said yes?" Rong Suyan asked.

"Who knows!"

Rong Peng shook his head and said, "At that time, I always thought that I had to preserve my strength, those technicians under my hands, and those executives and other talents, I didn't want to let them go and couldn't afford to waste them, plus I didn't actually have complete trust in Ji Feng at that time, and felt that if I joined hands with him, I might also be swallowed by him without even a crumb. That's why I turned him down several times!"

Speaking of this, Rong Peng couldn't help but shake his head, now that he thought about it, he was really wrong at that time.

The development of the Tengfei Group had completely exceeded Rong Peng's expectations, and the Wu family's repeated defeats in front of Ji Feng and the Ji family had even made Rong Peng's eyes drop in disbelief.

This had already made him realise his mistake, but it didn't occur to him that before he had finished lamenting, Wu Zhiyong had found his daughter Rong Suyan.

The Wu family might be at a low ebb and might be hibernating for a while, unable to face the rising Ji family head-on, but to clean up a Rong family would be too easy.

What's more, this time it was Wu Zhiyong himself!

Rong Peng had some regrets in his heart!

Campus Master Chapter 2963

“Dad, you shouldn’t worry too much, although Wu Zhiyong is the youngest of the Wu family, I heard that now that the Wu family has been continuously hit hard, it is no longer as strong as before!”

Seeing her father Rong Peng shaking his head and sighing, Rong Suyan couldn’t bear him worrying too much in her heart and couldn’t help but say, “What’s more, this is Jiangzhou, the Ji family is here, Ji Feng is also here, Wu Zhiyong wouldn’t dare to act recklessly here!”

“Silly girl!”

Rong Peng couldn’t help but shake his head at his words and said, “You’re really naive!”

Rong Suyan was slightly stunned and somewhat puzzled.

Rong Peng shook his head and laughed bitterly, “Girl, you don’t understand these top gentry, not to mention that the current Wu Family has only suffered a few heavy wounds, even if the Wu Family has broken its bones, it’s still not something we can deal with! What’s more, as long as the old man of the Wu family is here, the Wu family will not fall! As the saying goes, a thin camel is bigger than a horse, don’t you understand this truth?”

Rong Suyan couldn’t help but be silent.

“So ah, now since Wu Zhiyong has come to you, then he must have a complete plan, and even if he doesn’t, then at the very least, he has thought it through.” Rong Peng said, “Although this is Jiangzhou, but since Wu Zhiyong dares to come, do you think he will be afraid of Ji Feng?”

Rong Suyan said, “Could it be that he has suffered less at the hands of Ji Feng?”

Rong Peng said, “So what, what’s wrong with him now? Isn’t he still doing his job as governor, isn’t he still free and easy? Who can touch him?”

“But but he can’t be the same as before after all, and I’ve also heard that his father may have stepped aside and his second uncle is now the head of the family!” Rong Suyan said.

“Who is the head of the family, isn’t it still the Wu family!” Rong Peng shook his head.

Rong Suyan was silent. In fact, she certainly understood that her father had a point, originally she had wanted to persuade him, but she ended up being persuaded by him instead.

Seeing that his daughter was silent, Rong Peng said, “Silly girl, there is no other good way out now, it seems that we can only seek Ji Feng’s help.”

“Looking for Ji Feng?!” Rong Suyan was stunned.

“Yes, find Ji Feng!”

Rong Peng nodded and said, “If I had to choose between Ji Feng and Wu Zhiyong, then I would definitely choose Ji Feng without hesitation! Even though”

Even though he actually didn’t want to choose anyone in his heart!

Because he had assets that he wanted to keep to rise again in the east and wanted to take a bite out of his anger. But if he asked Ji Feng for help, how could he be made to work for nothing? That was obviously impossible!

But if he did not seek Ji Feng’s help, with his understanding of Wu Zhiyong, he was a greedy and cruel wolf, and when the time came, he would likewise not be able to keep any of the family assets.

“Dad, don’t rush first, I want to observe the situation first.” Rong Suyan, however, shook her head and said.

“The situation is now clear, since Wu Zhiyong has come to you, that means that the good will not come!” Rong Peng said, “From what I know about Wu Zhiyong, he is a vicious and greedy person, so maybe he will bite you hard at some point and it could be fatal! When that time comes, it will be too late for you to react to find Ji Feng!”

Rong Suyan shook her lips, her heart was a bit indecisive, but in the end she couldn't help but shake her head, "Dad, you let me think about it again, besides now I still don't know what exactly Wu Zhiyong is looking for me for, wait a bit more!"

Rong Peng looked at his daughter somewhat strangely, "Girl, you seem to be very repulsed by going to Ji Feng?"

Rong Suyan hurriedly shook her head, "No! Not at all!"

Instead of convincing Rong Peng, this reaction of hers made Rong Peng's suspicions deepen, he looked at Rong Suyan suspiciously and asked, "Suyan, did something happen between you and Ji Feng?"

Rong Suyan hurriedly shook her head and said, "No! Dad, where do you think you're going? How is this possible? I'm with him." She hurriedly explained, but as she spoke she saw the meaningful look in her father's eyes and was a little unable to continue, her face flushed and she couldn't help but pout.

"Dad, why are you looking at me like that?!"

"Huh!"

Rong Peng suddenly laughed and looked meaningfully at his daughter, "Girl, you're not falling for Ji Feng, are you?"

Rong Suyan's face heated up and she shook her head in a panic, "Dad, don't talk nonsense, Ji Feng and I are just friends, besides, I haven't seen him for a long time, how could I possibly like him? Eh? Dad, why are you getting so far away from the topic?"

"Don't change the subject!"

Rong Peng was not easily fooled, having spent most of his life in the market he could still not see through his daughter's little tactic of changing the subject and sight, "Suyan, when you said you

wouldn't talk to dad, were you afraid that dad would object? You don't have to worry, no matter what you do, daddy will support you, because you are already grown up and an adult!"

For his daughter, Rong Peng had always been at ease.

As the saying goes, knowing a daughter is more like a father, his daughter is a Shenyang person Rong Peng, a father, naturally knows it all in his heart.

Rong Suyan shook her head helplessly and said, "Dad, you should stop using your imagination, all those things you said are just your guesses, none of them are true, you'd better care about yourself!"

Rong Peng shook his head and said with a smile, "Girl, it's useless for you to change the subject. If I was only one or two percent sure just now, then now I'm at least fifty percent sure that I'm afraid you really already like Ji Feng in your heart!"

The various reactions of his daughter Rong Suyan, as well as her small habits, especially her small movements when lying, were all visible to Rong Peng, so if Rong Peng was just guessing just now, he now had some certainty in his heart.

Rong Suyan couldn't help but roll her eyes and said helplessly, "Dad, you have such a good imagination, why don't you go write a novel?"

Rong Peng was just about to say something when Rong Suyan interrupted him and snapped, "Dad~ I just want to sunbathe here now, my mum must have finished washing the dishes, you go and keep her company, don't bother me here, okay?"

"You girl!"

Rong Peng shook his head helplessly, knowing that this was probably because his daughter was thin-skinned or not used to showing her feelings in front of herself as a father, he smiled and shook his head, so he didn't ask any more questions.

Seeing her father leave, Rong Suyan couldn't help but take the pillow and cover her face, "Uh"

.....

Ji Feng received a call from Xiang Yongzhan again, and this time, Xiang Yongzhan brought him some pretty good news.

“Ji Feng, there’s a clue.”

The first words of Xiang Yongzhan made Ji Feng’s spirit shake, “The news just came from the intelligence department, that person called Old Li had appeared at a clubhouse just a short while ago, we suspect that there might be something wrong with that clubhouse.”

Ji Feng instantly came to life and asked, “Have you checked the background of that clubhouse? Who is the owner of the clubhouse?”

Xiang Yongzhan said, “The owner of the club is just an ordinary businessman, but according to the intelligence department, the owner of the club seems to have some problems with the source of funds, I am heading that way, do you want to come over and take a look?”

Because Ji Feng didn’t have extra manpower to look into this aspect right now, and because he was in the way of the police, he had pushed all the problems to the military, so he hadn’t investigated too much in the past two days, and Xiang Yongzhan had an operation this time, so he planned to call him up.

Ji Feng immediately said, “Tell me the address, I’ll go there!”

Xiang Yongzhan immediately told him the address, and without saying a word, Ji Feng directly took Bai Zhu with him and prepared to leave.

“Crazy man, what for?!”

Seeing Ji Feng striding out, Zhang Lei couldn’t help but ask.

Ji Feng said, "I found a little clue, I'm going over there to see do you want to go along?!"

Since he was ready to let Zhang Lei take over the battle team, now Ji Feng was ready to let Zhang Lei start adapting to this life, especially regarding some things in terms of command and action, which Zhang Lei still lacked.

Zhang Lei immediately said, "Of course I have to go and see this kind of hustle and bustle."

Ji Feng nodded and said, "Then let's go together."

Bai Zhu was in charge of driving, Ji Feng and Zhang Lei sat in the back, he handed Zhang Lei a pistol and said, "You don't have a gun permit yet, I'll find a way to get you an official identity later."

Zhang Lei nodded, he knew very well how strict the guns were all managed in China, even though many black`gangs actually had guns now, but that was not allowed to see the light of day, if you wanted to carry a gun openly, then you had to have an official status.

"Actually, this is too much trouble." Zhang Lei said, "If we could have our own base, then it would be much easier to do things!"

"Your own base?!" Ji Feng was slightly stunned, then he laughed, "We are not walking in the black`dao, even if we are in the black`dao then we wouldn't dare to have our own base, that's no different from looking for death!"

Don't look at the fact that there are many Taoist organizations that are extremely beautiful now, but when it comes to destruction, it may be that moment, even if it is a Taoist organization with more background. Moreover, the more powerful the organization is, the more likely it is to be targeted by the state.

Zhang Lei said, "I didn't say I had to do black`dao, what I mean is that if we can buy an island overseas like those rich people and set up our own base on the island, then the weapons aspect can be less sensitive."

Ji Feng couldn't help but stare at his words, this idea of Zhang Lei's was really rare, buying an island overseas and setting up his own base? Wasn't this a form of mercenary?

"Bullshit!"

Ji Feng shook his head with a smile and said, "Do you think this is realistic?"

Zhang Lei said, "How is it unrealistic? If all the experts of the Tengfei Group can follow you, then buy an island overseas, or simply find an uninhabited island in the high seas area and set up a base, then build the company's headquarters on it, and have talents and weapons if you want them, how is it not realistic?"

When Ji Feng heard this, he couldn't help but freeze for a long time.

"Of course, there is a premise, the island is too small after all, there is not enough potential for development." Zhang Lei said, "In fact, ah, I think if your Tengfei Group can always maintain such strong creativity and constantly have new products coming out, and still new products that people can't refuse, then it's no problem even if you build an independent kingdom!"

Campus Master Chapter 2964

Seeing Ji Feng staring blankly at himself, Zhang Lei laughed heatedly, "How about this offer of mine? Are you also moved?"

Ji Feng shook his head and laughed: "Bullshit!"

"Bullshit!"

Zhang Lei nodded at him, "I think you are clearly moved! Think about it, if we can really build a small island overseas and set up a base, and if you can develop some powerful weapons to ensure the safety of the island, then we can form a complement to the domestic one, and maybe we can even get support from above!"

Ji Feng laughed: "You are simply whimsical, let alone whether the top will support this idea, let's say with our status, what do you think other countries would think if we were to go out and get a small island to set up a base? Would they think it's China preparing to expand outwards and when the time comes"

"That's why it's important to have weapons that are powerful enough, like what was that thing you got out last time called? A laser gun, right? If we can have more powerful weapons so that other countries don't dare to come over and harass us at all, then what's there to be afraid of?!"

Zhang Lei laughed heatedly, "By then, we might be able to become the second Xiangjiang or Treasure Island, and if we are powerful enough, we can simply set up our base directly by the boundary pont and scare them to death!"

Ji Feng shook his head and said, "The more you talk, the more outrageous you are."

Zhang Lei also knew that it was unrealistic, so he just laughed, "Just masturbate a little!"

"Just don't fantasise out of thin air, let's do the things at hand first." Ji Feng shook his head and said, "Right now I just want to develop and grow the Tengfei Group first, and when the Tengfei Group can become a commercial aircraft carrier and become the kind of giant comparable to international giants, maybe it's something to consider!"

"Nah! You've moved on!"

Zhang Lei said at once, "I could tell just now, you must be moved."

Ji Feng smiled and shook his head, "How come I don't know, how did you see that?"

"How many years have we been together? I still don't know you?"

Zhang Lei hummed, just from what he knew about Ji Feng, the change in this kid's expression just now was enough to show that he was really moved, "I know you kid is cautious, I'm just talking in front of

you, but you can really think about it, I'm tempted anyway, if it's possible, you can really get a base to play with."

Bai Zhu, who was driving, heard this and couldn't help but say, "Lei Zi, I think this idea of yours is a bit bad."

"Why?!" Zhang Lei said, "Also, to call Brother Lei!"

Bai Zhu laughed lightly, this guy is not as old as her, and still wants to act big, "You said to build a small island base, then have you thought about it, the infrastructure alone is a huge project, at least the electricity supply, where does the fresh water come from, there are also the roads on the island, the terrain layout and so on, all these things count down is practically like building a country out of thin air!"

Zhang Lei a uh, "these problems are easy to solve ah, electricity supply directly make a nuclear power plant, supply a base is enough, right? By the way, crazy, I remember you once mentioned a mouth, seems to say something in the research of nuclear reaction right?"

Ji Feng shook his head and said, "Yes, it was researched, but in a different direction." He didn't know anything about nuclear power plants, he was a complete amateur.

Nuclear reactions and nuclear power plants were two different things.

Zhang Lei said, "Anyway, that's probably what it means, if the electricity supply can be solved, the problem of fresh water can also be solved, according to my understanding, the desalination technology is now quite mature, as long as the basic living problem is solved, then the rest of the problem is not a problem!"

"It's not as simple as you say, some people won't stand by and watch us make a base out of it!" Ji Feng shook his head and said, "Besides, do you know how much money it would cost to get what you're talking about?"

"Sigh~ So it can only be thought about!" Zhang Lei shook his head regretfully.

Ji Feng smiled.

Zhang Lei suddenly said, "Crazy, I have this idea you can refer to, it's really tempting to think about!"

"Come on, don't be whimsical!" Ji Feng said, "This matter is not as simple as we think, there are a lot of things involved, let's do a good job with the matter at hand!"

Zhang Lei shook his head regretfully, but in his heart he was a bit itchy, if he could really get a small island as a base, it would be really good.

The person who said it had no intention but the person who heard it had a heart, this guy Zhang Lei was just grinning and fantasizing a bit, but it made Ji Feng's heart stir.

In fact, Zhang Lei was right, and when Ji Feng heard his idea, he was really moved by it.

If you can really get a small island as a base, that's not bad!

And

The actual fact is that you can find out how powerful the technology you have is, if you don't have any worries, not to mention the safety of a small island, even if you can create more powerful weapons, as well as what about the electricity supply and seawater desalination, these technologies are readily available and are not a problem at all.

Even if a suitable island cannot be found in the vast ocean, even if an island is created out of thin air, it may not be impossible to do so with the current technology.

If one were to find a small island, then by reclaiming around it, it would be entirely possible to build a huge island artificially!

However, these are only the technical aspects, beyond that there are too many other problems and entanglements that are not at all as simple as imagined, so Ji Feng just listened and laughed, sort of a fantasy of the two of them once out of thin air, that's all.

However, Ji Feng himself knew very well that this whimsical idea of Zhang Lei's, he was really moved by it after hearing it.

But it could only be a fantasy, so Ji Feng quickly put it behind him.

Soon, the clubhouse that Xiang Yongzhan had mentioned arrived. But what surprised Ji Feng was that the address of this clubhouse was very remote, not at all like other clubhouses that opened in the busy section of the city, and looking at the car park at the entrance there weren't many cars either, he couldn't help but feel puzzled.

How did this club survive when it was so deserted and on such an isolated road?

Taking out his mobile phone to call Xiang Yongzhan, he realised that this guy was waiting in a car not far away. He swept a glance and only saw a few cars parked on the far side of the road, all of which looked very ordinary, but Ji Feng could tell at a glance that there were people sitting inside.

He immediately walked over with Zhang Lei and Bai Zhu.

"Old Xiang, what's going on?!" As soon as he saw Xiang Yongzhan, Ji Feng asked. What Xiang Yongzhan had said on the phone just now was unclear, and he wanted to ask for clarification.

"Did you see, the business of this club is not good, after the investigation of the intelligence department also confirmed, according to the taxation, this club is completely just unable to make ends meet, yet the club has been maintained for almost two years!"

Xiang Yongzhan's eyes looked at the club across the road and said, "After investigation, the owner of this club is an ordinary businessman, although he has assets, but he is not a big tycoon, where did he get the money to maintain this club?"

Ji Feng nodded slowly and said, "This is indeed suspicious."

Xiang Yongzhan said, "What's even stranger is that the landlord signed a one-year contract with the owner, but when the contract expired a few months ago, the owner renewed it again, and even if the business is not doing well and can't make ends meet, I've never heard of the owner thinking of transferring the clubhouse out!"

Ji Feng frowned and said, "Then could it be that the owner wants to use this place as a place to talk business?"

In fact, there are many such examples nowadays, looking at the streets full of clubhouses and teahouses, but in fact very much a part of them are not making ends meet, and it can even be almost said that there is hardly any business.

This is because some of these clubs are used by the owners themselves, and there are things that are not easy to talk about outside that can be talked about here, and there are people who are not so convenient to meet outside that can be arranged to meet here.

However, since the owner of this clubhouse across the street was just an ordinary businessman, it was really a bit strange that he had to maintain such a clubhouse that could not make ends meet.

"Old Li has appeared here?!" Ji Feng asked.

"That's right."

Xiang Yongzhan nodded, "The people from the intelligence department called up Skynet surveillance and used shape comparison technology to search for Old Li, he had appeared in the morning within the range of the Skynet cameras outside the clubhouse, but after he left, the people from the intelligence department failed to catch up with his whereabouts, so I plan to start with this clubhouse, maybe we can find Old Li!"

Ji Feng frowned, "But there's also the possibility of alerting the snake."

Xiang Yongzhan said, "That's why I didn't act in a hurry, instead I'm watching from here while waiting for news from the intelligence department, there should be news soon."

This was why he didn't just drive over in a military vehicle, but instead brought his men all here in civilian clothes

Ji Feng couldn't help but sigh at how powerful the intelligence department was, before Professor Tong and Professor Yu disappeared one after another, he still thought how the intelligence department was so slow to react and didn't find anything after two days of investigation, but now he realised that the intelligence department had actually been operating efficiently all along, it was just that there was some information he didn't know about.

This made Ji Feng even more eager to build a strong intelligence department. The intelligence department people directly used satellites and the cameras of the SkyNet project that covered the streets and alleys, they did not need to come to the scene at all, they just used that what shape comparison technology to be able to find people, which made Ji Feng envious.

If he could have such an intelligence department himself

"What is shape comparison technology?" Zhang Lei suddenly asked.

"It's when a person is filmed by a camera, as long as there is his previous information, then a computer can be used to analyze his gait, his body shape, and the computer will automatically calculate a similarity result, completely unaffected by other factors, such as wearing different clothes and so on, as long as the similarity reaches a certain standard, it can confirm if it's the same person!" Xiang Yongzhan explained.

Zhang Lei was instantly amazed, "So advanced?" In his heart, however, he had some chills, in that case, if the state really wanted to find a person, wouldn't there be no escape at all?

But if that was the case, then how come there was a delay in finding the king and the young duke?

Campus Master Chapter 2965

Ji Feng put this question forward, but Xiang Yongzhan couldn't help but shake his head.

“This screening technique isn’t foolproof either!”

Xiang Yongzhan said, “Right now this technique still has great limitations, on the other hand, the key is that we don’t know exactly which one is the king and which one is the little prince.”

Ji Feng frowned and said, “That’s not right, the king and the little prince have appeared more than once, could it be that whatever skynet you’re talking about has never captured it?”

Of course, the so-called public didn’t actually mean declaring who they were in broad daylight and then doing blah blah blah, but they had participated in some shady activities as well, and there were also those that were later broken up.

So in that case if you look along their track of movement, is there not a single SkyNet camera in that vicinity?

If they could be filmed, wouldn’t it be easy to find the young duke and the king if they were directly screened using this form recognition technology? Why have we waited so long without any results?

Xiang Yongzhan said, “If it was really that simple, it wouldn’t have taken so long to find the clues. I’m not too sure about the specific technical aspects, but in order to find someone then first of all there must be a camera, and a special camera captured them, of course this is possible, but even if it is captured, we do not know who is the king and who is the little prince, so can you understand?”

Of course Ji Feng understood, it was like that crowd that came and went, even though he knew that this was an event organized by the dynasty and that there was a king and a young duke participating, but he didn’t know which one was them among so many people, then naturally there was no reference for the selection.

“What’s more, this selection is only possible within a certain range, how many people are there in China? More than a billion! How can we select so many people?”

Xiang Yongzhan said, “I know you will definitely say to focus on screening the cities where the king and the young duke appear the most, such as Yanjing, Southern Guangdong and so on, but there are a lot of

people here alone, and the chances that they happen to be captured by the SkyNet cameras are really small, these people are extremely cunning, how could they stand there and wait to be filmed? ”

Ji Feng understood when he heard him say that, even with advanced technology, the equipment was dead, but the king and the young duke were alive, and I’m afraid they also knew that the country had this so-called Skynet project, which was known even to ordinary people, and with their energy they must have known about the military’s unique Skynet project.

Then, they would definitely deliberately avoid these cameras when they acted, and even Ji Feng suspected that with the energy of the king and the young duke, and their infiltration of China, I’m afraid that they might even know exactly where the special skynet cameras dedicated to the military were distributed.

Under such circumstances, how could they be screened out?

“But it’s not impossible, is it?” Ji Feng asked.

“That’s right!”

Xiang Yongzhan said, “For example, the last gathering in Southern Guangdong, when many people were captured by Skynet’s cameras, then the intelligence department secretly investigated all the people captured, determined the identities and backgrounds of these people and so on, and then screened them, and eventually selected a few suspicious subjects instead.”

Ji Feng immediately asked, “What was the result?”

The action of Xiang Yongzhan made Ji Feng a little disappointed, only to see him shake his head and say, “No result. At that time, they also arrested some of the people involved in the activity and then asked them to identify those few suspicious people, but they didn’t know which one was the young gongzi, especially since these few people were all still wearing masks and didn’t know their real faces, which made it difficult to screen them!”

Ji Feng then understood, he mused: “That is to say, this screening technology, in fact, first of all, we must determine the object of screening, for example, you If we say we want to find you, we must

first have your information, such as your physical characteristics, etc., and then according to these characteristics, then move to use the form recognition technology to screening, right?”

Xiang Yongzhan nodded and said, “That’s the ideal state, in theory.”

“Then what’s the point of playing!”

Ji Feng couldn’t help but say, “This technique has great limitations!”

Xiang Yongzhan said, “Why else do you think it’s taken so long to catch Little Duke? He has appeared more than once. Last time when he attacked you in Jiangzhou, it was Little Prince who ordered him to do so, right? It seems like he was even chased by you like a lost dog.”

Ji Feng nodded and said, “That’s right, did you get the shot that time?”

Xiang Yongzhan said, “That’s how brilliant they were, at the time, although they were filmed, they didn’t collect enough data to make it difficult to screen.”

“After all is said and done this technology is chicken shit.” Ji Feng was a little disappointed, “It’s simply like having someone stand still and wait there to be filmed, I thought I could be pervasive!”

“Any technology has limitations!”

Xiang Yongzhan actually wanted to catch the king and the little prince more than Ji Feng, he was in the military and knew more about the dangers of the king and the little prince than Ji Feng, he even knew something that Ji Feng did not know, but now the technology had limitations, unless he could wait for a technological breakthrough, the chances of catching the king and the little prince with this technology were too small.

Ji Feng looked up at the club across the road and couldn’t help but ask, “So how did you detect Old Li today?”

Xiang Yongzhan said, "It was also luck, the intelligence department used Jiangzhou's skynet and really found him!"

Ji Feng sneered, "It seems that this guy really has a lot of guts, he hasn't escaped even now! He actually dares to stay in Jiangzhou!"

Xiang Yongzhan said, "I presume there should be two possibilities. One is that he knows that the whole city is under martial law now, and the outside is loose and the inside is tight, so if he escapes he might have a greater chance of being exposed. The second possibility, I guess he has something else to do."

Ji Feng said, "No matter which possibility, as long as he is still in Jiangzhou now, we absolutely cannot let him get away!"

Xiang Yongzhan gritted his teeth, "If this still lets him get away, then I don't have to do it!"

This time, Professor Tong and more than twenty technicians were arrested at the same time and actually disappeared into thin air, it had been almost three days since they were found, the military had really lost a lot of face.

Now that they have found a clue, they will definitely hold on to it, if they let someone get away like this, then the intelligence department and the military will really become a dry-runner, not to mention Xiang Yongzhan can't tolerate it, even the top can't agree!

"The nature of this matter is extremely bad, storming the guest house, killing soldiers and hijacking experts, when I catch those bastards, I'll skin them!" Xiang Yongzhan said viciously.

"When are you going in?!" Ji Feng asked.

"Don't be in a hurry, wait a bit longer!" Xiang Yongzhan said in a deep voice, "I hope the intelligence department can bring good news!"

"Good!"

Ji Feng nodded slightly, now that he had no intelligence sources, he could only rely on the Bureau's intelligence department. Moreover, he still believed in the intelligence department's ability, he might have let someone exploit a loophole in a moment of inattention, but he absolutely could not afford to make mistakes again and again.

Time passed, and gradually, the sky darkened, and Ji Feng and his men took advantage of the cover of twilight to hide more easily instead.

But now for any of them, they didn't want to hide, they just wanted to rush in and catch the man.

It was just that it was still uncertain whether Old Li was inside or not. According to previous intelligence, Old Li had been here before but had now left, but no one could guarantee whether he had sneaked back in or was nearby here, and in order to avoid alerting the snake, they could only continue to wait.

.....

"Young Master Wu, where are we?"

The voice coming from the phone made Wu Zhiyong extraordinarily annoyed, but the fact that the other party knew everything about his situation since he came to Jiangzhou made him wary, and most importantly, the other party had his soft spot, which was what he hated the most.

Wu Zhiyong said coldly, "Almost there! Can you guarantee that what you say is true?"

The person on the phone laughed, "Young Master Wu, it seems you still don't quite believe me, it doesn't matter, you will know when you arrive, I am twelve percent sincere in making friends with you, don't worry go!"

Wu Zhiyong sneered and mocked, "Hiding your head and showing your tail, is this also the sincerity of making friends?"

"It's not that I want to hide my head and hide my tail, but I am deeply aware of your Young Master Wu's energy and sleight of hand, if I show my face now, I am afraid that you will take me down before I have

the chance to show my sincerity, so in order not to hurt the peace between us, it's better to present a gift from me first and then talk!"

Hearing the other party's voice, Wu Zhiyong only felt extraordinarily harsh.

However, at the moment, his soft spot was being held by the other party, so he could only give a cold snort and hang up the phone.

"I'd like to see what kind of tricks you can play!" Wu Zhiyong secretly said in a cold voice and said to the driver driving in front of him, "Drive faster!"

"Yes, Young Wu!" The driver immediately answered, but was a bit worried as he glanced at Wu Zhiyong in the overhead rearview mirror, "Young Wu, we'll be there in two more intersections ahead!"

"Go straight in when the time comes!" Wu Zhiyong said.

"Yes!"

Wu Zhiyong looked out of the car window, his eyes cold.

Two intersections were soon passed, Wu Zhiyong's eyes stared, he had already seen the clubhouse that the guy on the phone who was hiding his head said, he couldn't help but narrow his eyes slightly, that national master was actually here?

He was keenly aware of a hint of something wrong, but, thinking about the situation at hand, he knew he had nothing left to retreat to, no matter how wrong it was, he had to go in and take a look.

"Beautiful!"

Xiang Yongzhan fisted his palm, "The intelligence department just sent word that the owner of this club has been caught, in addition to that a few suspicious people have been caught, Ji Feng, it's time for us to do it!"

Ji Feng nodded his head and said, "Soldiers are precious, move fast!"

Campus Master Chapter 2966

The speed of the soldiers of the special warfare brigade naturally needs no introduction, at the very least, they will definitely not be like those police officers who exposed themselves before they could make a move.

In fact, these special soldiers understand what it means to be taken by surprise, so when Xiang Yongzhan and Ji Feng first arrived at the entrance of the club, the special soldiers in civilian clothes already rushed in, and still attacked at the same time, to ensure that no one could get away!

As a matter of fact, no one could escape, especially when there were basically no customers in the clubhouse, the waiters and managers were subdued before they had time to react.

The two guards at the door went white as the blackened gun pointed at their heads. There was no suspense about what happened next, Xiang Yongzhan first sent someone to take control of the monitoring room and then, put everyone under guard while informing the follow-up people to come over, and only then did he start looking around with Ji Feng.

"Someone's coming!"

They had only just checked two rooms when a soldier suddenly came to report that someone had come to the clubhouse.

Ji Feng and Xiang Yongzhan looked at each other and said, "Go out and take a look!"

Xiang Yongzhan immediately said, "Go together!" He was worried that if the people coming were enemies, in case there was a fight, it would be better to have the Special Combat Brigade as the main force.

The two immediately headed towards the door, followed by Zhang Lei and Bai Zhu, while two other soldiers also followed Xiang Yongzhan, looking alert. Even if the entire clubhouse was under control at the moment, but for them the battle was not over for a minute, they had to remain vigilant.

Ji Feng and Xiang Yongzhan had not even reached the entrance when they saw two figures standing in front of the door from afar, stopped by the special soldiers disguised as clubhouse security guards at the entrance.

“Eh?!”

Ji Feng, who was striding forward, suddenly frowned with a touch of surprise in his eyes, “It’s him?”

Xiang Yongzhan immediately asked, “Who is it? Can you see clearly from so far away?” He had seen more than once about Ji Feng’s eyesight, but every time he was surprised.

Ji Feng nodded, “I can see.” His expression firmed up and his face sank a little.

When Xiang Yongzhan saw this, he became even more curious, who was the person who had come that had caused Ji Feng to show such an expression? He immediately took two quick steps and increased his speed.

When he was almost at the door, Xiang Yongzhan finally got a clear look at the two people standing at the door, however, when he saw one of them, he was suddenly stunned and said, “Wu Zhiyong?!”

He turned his head sharply to look at Ji Feng and asked, “How could it be him?!”

Ji Feng sank his face and said, “You ask me, who do I ask?”

Xiang Yongzhan immediately realised that things were complicated, he did not expect to meet Wu Zhiyong here, and at such a sensitive moment, what was Wu Zhiyong doing here? Wasn’t he working as his prefect in Northern Shaanxi Province? How come he appeared in Jiangzhou? Why did he appear here?

Xiang Yongzhan also understood why Ji Feng actually showed that kind of look just now, it turned out that Ji Feng had long seen that one of the people standing at the door was Wu Zhiyong!

“Ji Feng, do you want to take back for a while?!” Xiang Yongzhan asked.

“Why should I evade?!”

Ji Feng said, “Even if I were to recuse myself, it should be him, not me!” What he meant beyond words was that since Wu Zhiyong had swaggered in, he naturally couldn’t retreat.

Xiang Yongzhan nodded with a bitter smile, it seemed that these two people were going to face each other again. He was really a bit speechless, how come there was Wu Zhiyong everywhere, did he know that Ji Feng was here, so he deliberately came over to pick a fight?

If that was the case, then this matter could really be a bit interesting. This time, he called Ji Feng over on a whim, but where did Wu Zhiyong get the information?

I hope he didn’t come for Ji Feng, otherwise

The first thing you need to do is to get to the front door of the clubhouse, followed by Zhang Lei and Bai Zhu, and the three of them went out.

“I said do you two not understand human language? I have already said, we are here to find someone, my young master is friends with your boss, just give your boss a call and you will know!”

At the entrance of the club, Wu Zhiyong’s driver was staring at the two security guards with a cold face, he was pissed off by these two guys, they came here and the security guards wouldn’t let them in, and the most outrageous thing was that they didn’t even say why!

If it was a private club there should always be entry conditions, not to mention that he knew what Young Wu had come here for, this club was definitely going to be entered!

Wu Zhiyong was sullen, he was already in an extremely bad mood, he didn't expect to be stopped by two security guards here again, which made him even more annoyed, but he, who was extremely deep in his city, didn't get angry easily, he just had an unpleasant face.

However, he also vaguely felt a hint of something wrong, these two guys at the door did not look like ordinary security guards, from their bodies, Wu Zhiyong seemed to feel an unusual aura, a feeling he had only seen on the guards of his home guard corps.

Could it be that the owner of this club was very background?

"Hey, I said did you two hear that"

The driver was about to get angry when he saw the revolving door move and three people came out, he was just about to speak but suddenly felt a tightness in his wrist, turned his head to look, but he was pulled by Wu Zhiyong.

What surprised the driver the most was the extremely gloomy face of young Wu, and there seemed to be a hint of coldness in his eyes, the kind of coldness that made the driver jump with fright.

But at this moment, no one bothered to pay attention to this driver, Wu Zhiyong's face was gloomy as he looked at these three people walking over in front of him, a cold light flashed in his eyes.

"Ji Feng, it's you!" Wu Zhiyong said in a cold voice, "This world is really small!"

"I have this feeling too! Is this the so-called wrongdoer?!"

Ji Feng's face carried a touch of coldness, to the extent that they had reached, face-saving courtesy had become completely meaningless, not to mention that the situation between the two was already completely immortal, Wu Zhihe's death had already been the result of several encounters between the two, it was already an unresolvable situation, so Ji Feng spoke without a hint of politeness at all.

He was interpreted by Wu Zhiyong as a demonstration, as if he was saying, "If there's a way in heaven, you don't want to go, but there's no door in hell for you to barge in.

Ji Feng said, "Then what are you going to do?"

This question was extremely nonchalant, since it was a narrow escape, how are you going to play when you meet me here?

Wu Zhiyong said in a cold voice: "You're the home turf here, you can draw the lane, I'll take it!"

"Ji Feng!"

Just then, another voice came from the back, but it was Xiang Yongzhan who walked out quickly, "Young Wu, why are you so free today and come here specifically to play?"

When Wu Zhiyong saw Xiang Yongzhan, he was a bit stunned and his brows furrowed, "Shao Xiang?"

Xiang Yongzhan said, "Wu Shao, you're"

Wu Zhiyong said, "Came to have some fun, didn't expect to run into Mad Dog here, and unexpectedly met Xiang Shao!"

"Kid, you have the guts to say it again!"

Zhang Lei was instantly enraged at his words, "See if I slap you!"

Wu Zhiyong's eyes went cold, "What did you say?"

As the youngest of the Wu family, he had his own majesty and dignity, apart from the sons and daughters of Yanjing's top gentry, who dared to speak like that when they met him?

He knew Zhang Lei, but he hadn't put it in his eyes yet. At this moment, when he was provoked by Zhang Lei like this to his face, how could he bear it?

Zhang Lei, however, would not be intimidated by him and said disdainfully, "What, want to deal with me?"

"All right, cut the crap!"

At this moment this scene Xiang Yongzhan had to round up, at least not to start a conflict here, "Young Wu, I am leading people on a mission here, you are here for?"

Wu Zhiyong frowned, "On a mission?!"

Xiang Yongzheng nodded and said, "Yes. A military mission!"

Zhang Lei sneered, "We are here to catch the bad guys, and you, Young Master Wu, appear here at this time, what is your intention?!"

Wu Zhiyong's pupils instantly contracted fiercely, the four words Xiang Yongzhan said about the military mission made his heart jump, and Zhang Lei's words about catching the bad guys, as well as directly questioning him about what he had in mind, this made him instantly feel a hint of something bad.

He suddenly realised that he had probably fallen into someone else's trap and was being set up!

Looking at the cold looking Ji Feng, and then looking at everything in front of him, if Wu Zhiyong still didn't understand what was happening?

"I've come to find someone!"

Wu Zhiyong was extremely annoyed in his heart, hating the person who had set him up, and hating Ji Feng, but at this moment his face did not show it in the slightest, he knew very well what status Xiang

Yongzhan was, and the military mission that could make Xiang Yongzhan come over to carry out was definitely not simple, he thought.

So Wu Zhiyong immediately realized that if he could not respond correctly this time, he would probably be in some trouble. This trouble was not brought about by Ji Feng and Xiang Yongzhan, but by what Xiang Yongzhan's trip represented – an order from the military!

Hearing this, Xiang Yongzhan asked, "Who did Young Wu come to see?"

Hearing this, Wu Zhiyong instantly understood that today might not be a good day, and it seemed that this was the man's purpose, to make himself fall into such a trap, and if it wasn't strong enough, it couldn't be called a trap, especially for him.

"Find a doctor!"

Wu Zhiyong said, "An old nationalist who has retired!"

Xiang Yongzhan said suspiciously, "You came to the clubhouse to find a doctor? And you are looking for an old nationalist who has already retired?"

Wu Zhiyong's heart suddenly jumped, he suddenly realized that the truth sounded so much like a lie at this moment. Of course it was a place to eat, drink and have fun, or to put it more elegantly, but it was still not out of the realm of enjoyment.

Would a retired national player show up here?

This is a lie!

The other side would let him tell the truth or lie, but not!

Campus Master Chapter 2967

This was a lie!

Seeing that Xiang Yongzhan's expression had gradually become somewhat cold, Wu Zhiyong had already learned in his heart the ruthlessness and mastery of the person who had set up the trap, that the other party would make him unable to tell either the truth or lies!

In fact, he himself is a master at setting up traps and playing intrigues, once even He Hongwei, the son of a top luxury family, had fallen in his hands, so you can imagine how clever he is!

So at this moment, Wu Zhiyong's understanding of this trap became even clearer, but as a result, his heart became more and more chilled!

He had been tricked!

But this is now irrelevant, at least for now, it is absolutely irrelevant, because, the most important question now is – how to explain to Xiang Yongzhan!

“Xiang Shao” Wu Zhiyong's mind turned rapidly, he knew he had to dispel Xiang Yongzhan's suspicions with the most open speed, otherwise, today's matter would definitely be in trouble.

However, as soon as he opened his mouth, he was interrupted by Xiang Yongzhan.

He only saw Xiang Yongzhan's hand blocking, “Sorry, Young Wu, it's better to call me by my name, or just call me Captain Xiang, the title of Young Xiang is not appropriate here.”

Wu Zhiyong's heart flinched, of course he could hear that the implication of Xiang Yongzhan's words was in fact telling him that he was on official business, so private address or private identity was inappropriate here, furthermore, in fact, Xiang Yongzhan was already displaying an attitude of doing official business!

This made Wu Zhiyong's heart even heavier, from the time he knew that this was a trap, he expected that this matter would definitely not end well, that's why he thought of explaining to Xiang Yongzhan.

If it were the usual case, even if there was really a misunderstanding, Wu Zhiyong would not have to explain to Xiang Yongzhan, we are basically the same status, and the two sides of the two of them, if purely on energy and influence, Xiang Yongzhan and he Wu Zhiyong compared to a cut, after all, Wu Zhiyong is in the community, now is not the war years, the military influence is still less than some.

However, now Xiang Yongzhan is on official duty!

What exactly was the mission that could make Xiang Yongzhan personally lead a team to carry out, in fact, there was no need to even think about it, not to mention that there was Ji Feng beside him, Wu Zhiyong did not believe that this sinister guy was just here to follow and watch the fun!

So he immediately realised that he had invited big `trouble'!

“Elder brother Xiang, is it alright if I address you like this?” Wu Zhiyong’s mind turned rapidly, but his face, which was extremely deep in the city, could not be seen in the slightest, he just smiled, “I came here because I am a bit unwell, so I came to Jiangzhou specifically to seek an appointment with a famous doctor, also an old nationalist who used to be in the Health Care Bureau.”

Xiang Yongzhan listened without a word, his face expressionless, but his eyes were a bit wary as he looked at Wu Zhiyong, waiting for his explanation.

Ji Feng had a sullen face, his brows slightly furrowed, and was also looking at Wu Zhiyong with a thoughtful look in his eyes.

Then I heard Wu Zhiyong continue, “But after I came to Jiangzhou I learned that this old national player is a very dashing and comfortable person who is often not at home, I waited for two days without finding him, so I asked around, and today I finally found out that that old national player came to this club today, so I came here.”

Speaking here, Wu Zhiyong smiled and spread his hands, “But I didn’t expect that I would actually meet Old Brother Xiang here by such a coincidence!”

As he spoke he had been closely watching the change in Xiang Yongzhan's expression, even the slightest change, hoping to be able to judge from Xiang Yongzhan's reaction just how serious the matter was today. He was still in a hurry to fall on the well?

"Is that all?!"

The first thing you need to do is to go to Jiangzhou to find a so-called famous doctor. There are so many national experts in the Health Bureau, both Chinese and Western doctors, and all of them are top-notch, what kind of problems can't they see?

Seeing Xiang Yongzhan's reaction, Wu Zhiyong knew it was going to be bad, and he immediately nodded and said, "That's right. That's all."

Xiang Yongzhan shook his head straight away and said, "Frankly speaking, I don't believe it!"

Wu Zhiyong then choked for a moment, and his eyes suddenly narrowed slightly! If it was in normal times, even if it was Xiang Yongzhan, he would never have tolerated it if he dared to face him like that! The majesty of the Wu family's youngest was not something that anyone could step on!

But now, Wu Zhiyong could only force that anger down, but still subconsciously put his hands behind his back and said, "Older brother Xiang, do you think, I have to lie to you?!"

Hey!

Seeing Wu Zhiyong's appearance, both Ji Feng and Zhang Lei almost didn't laugh out loud.

Still posing as the youngest member of the Wu family even now?

Xiang Yongzhan said, "Whether or not you lied to me, you know yourself, Young Wu, that's all for today, this place is now taken over by me, who do you want to find, I'll help you find them!"

Wu Zhiyong frowned, Xiang Yongzhan's words had a hidden meaning, it depended on how to interpret them.

However, Wu Zhiyong thought he didn't have a ghost in his heart, so he frankly said the name of the old national player, and Xiang Yongzhan asked about the old national player's age, before shaking his head and saying, "There's no such person you're looking for here."

The people in this clubhouse were all under control, and he had not seen anyone that old in there at all.

Wu Zhiyong said, "Then it seems that the person who gave me the information was mistaken!" In his heart, he knew that since this was a trap, how could they have given him the real news? It was clear that they were deliberately trying to get him to come over, and they wanted Xiang Yongzheng and Ji Feng to bump into each other!

Xiang Yongzhan said, "Maybe there is no such person!"

Wu Zhiyong frowned, "Elder brother Xiang, what do you mean by that?"

Xiang Yongzhan said, "Can you tell us who you inquired about this with? Who told you that the old nationalist was at this club?"

Wu Zhiyong was speechless!

Who did he ask? It was the mysterious person on the phone who told him of his own accord! But could he say this to Xiang Yongzhan? Especially when there were Ji Feng and Zhang Lei, his two enemies, next to him!

"Since the person isn't here, then I'll go back first!" Wu Zhiyong put his hands behind his back and said, "Older brother Xiang, we can get together some other day!"

"No problem!" Xiang Yongzheng smiled.

Wu Zhiyong nodded and his gaze fell back on Ji Feng and Zhang Lei's faces, seeing Zhang Lei's mocking look, his face turned two shades darker and he gave Zhang Lei a deep look, as if he wanted to take Zhang Lei to heart.

Zhang Lei was never one to take a loss, and he immediately snorted, "You're leaving like this? Think you can cover everything up by walking away like this? Not going to give an explanation?!"

Swish!

Wu Zhiyong snapped his head back and stared at Zhang Lei, saying coldly, "Mind your identity!"

Zhang Lei sneered, "What's wrong with my identity? Even if you are the youngest of the Wu family, can you still gag people so that they can't speak?"

Wu Zhiyong looked at him deeply, "Very well! Let's go!"

Saying that, he turned around and left, there was no point in staying here any longer at this point, from the moment Xiang Yongzhan asked after him about who he had asked for information and how he knew that the old nationalist was in this clubhouse, Wu Zhiyong knew that there was actually no point in staying any longer.

This trap could not be explained at all!

Instead of staying here to make things darker and darker, it would be better to just leave. As for the mission carried out by Xiang Yongzhan, even if he became suspicious of him because of it, it was still better than staying here and becoming more and more entangled!

Seeing Wu Zhiyong decisively turn around and leave, Ji Feng, on the contrary, frowned, a touch of awe surfaced in his eyes, and he could not help but secretly say: a character!

Zhang Lei immediately said, "This son of a bitch just left?!"

I'm afraid Zhang Lei is the only one who dares to call Wu Zhiyong a son of a bitch, the majesty of the Wu family is not that easy to step on!

"Old Xiang, go on and check it out!" Ji Feng said.

"Aren't you going to say something?" Xiang Yongzhan looked at Ji Feng in surprise, unexpectedly seeing Wu Zhiyong here made Xiang Yongzhan's heart couldn't help but have some mutterings, one could even say it was a bit suspicious, it was reasonable to say that Ji Feng who had a deep grudge against Wu Zhiyong shouldn't have passed by so easily.

Ji Feng smiled and asked, "What are you going to let me say?!"

Xiang Yongzhan lowered his voice and asked, "Do you really believe what he said? Think he really showed up here to find an old nationalist to cure him?"

"Fault!"

Zhang Lei hummed, "Look at the way he walks with those big strides, I really don't see anything wrong with him, unless it's a flashback! And finding a national expert to cure him is a complete excuse, a bunch of nonsense!"

He said, "I can't help but agree with Zhang Lei's words, judging from the way Wu Zhiyong was striding around, he didn't look like a patient who needed to find a national expert to cure him.

"I always think there's something wrong!" Xiang Yongzhan said, "Something's not right!"

"Then go get him and ask him for clarification!" Ji Feng smiled, "This will not only dispel the doubts in your mind, but also show off your strength!"

Xiang Yongzhan pretended not to hear, how could he not hear that Ji Feng was flirting with him, jokingly, the first grandson of the Wu family's eldest family, is this something that can just be arrested and interrogated?

The first grandson of the Wu family's eldest family, is this something that can just be arrested and interrogated?

"However, it is really a bit strange!" Ji Feng said.

Xiang Yongzhan nodded, although Ji Feng did not explicitly say so, he understood exactly what was strange. The fact that Wu Zhiyong appeared here at this time was not normal in itself.

More importantly, the series of things that had happened during this period of time were also strange, but if one thought about today's events and the things that had happened during this period of time together, those things that were originally strange, things that were somewhat unthinkable, seemed to be thinkable!

Campus Master Chapter 2968

Next, Ji Feng and Xiang Yongzhan both sank their faces, but both of them knew very well in their hearts that meeting Wu Zhiyong today would definitely not be an accident.

Even, they suspected that Wu Zhiyong had played some kind of dishonorable role in today's incident.

If one thinks a little deeper

I'm afraid that Wu Zhiyong has something to do with this series of things that have happened recently. This speculation can be clearly seen from the eyes of Ji Feng and Xiang Yongzhan that looked at each other.

The sight of Wu Zhiyong makes all of the issues that originally made some sense, or were not so well understood, now make sense all at once!

"Originally I was wondering, although the development of the laser gun is not very well kept secret, but not everyone can easily inquire about the news, how can someone know the news so quickly, and still have enough power to storm the guest house, and send seven experts at once, killed the soldiers on duty, kidnapped Professor Tong and the others!"

Ji Feng's face was sullen and a cold light flashed in his eyes, "The first thing I thought of at that time was Dynasty, because Dynasty was powerful enough and had deep penetration, so maybe it would be able to know the news."

Xiang Yongzhan nodded slightly, he knew what Ji Feng meant when he said these words, in fact he was also considering the dynasty at that time, that's why he wasn't so surprised when Ji Feng guessed it was the dynasty at that time.

Ji Feng said, "Of course, at that time, I couldn't be sure that it was the dynasty that did it, because there was no evidence pointing to the dynasty, and I didn't see any transformers in it, and the dynasty's experts, in general, were transformers. But now"

"But now it's as if it can be explained!" Xiang Yongzhan took over Ji Feng's words.

"That's right!"

Ji Feng nodded and said, "Now, it can be explained!"

"Pa!"

Xiang Yongzhan smacked his palm on the glass door and gritted his teeth, "I really didn't think that it would be hard to protect against a thousand defenses against a family thief! No one can prevent a moth from appearing within!"

The Wu family!

Wu Zhiyong!

They are fully capable and have the energy to pull this off!

With the Wu family's energy there was a chance that they could learn that the military was developing a laser gun, and in recent years the Wu family had actively developed their power towards the military,

and now they had a certain amount of strength in the military, so they might be able to get the information.

What's more, it wouldn't be difficult for the Wu family to do this!

The fact that Wu Zhiyong appeared here today seemed to indicate something, which made Xiang Yongzhan extremely annoyed, he had worked so hard here to investigate, running around, even the intelligence department had moved, only to find out in the end that it turned out to be someone from within who was up to no good!

There is nothing more irritating than this!

Ji Feng said, "Old Xiang, what are you going to do next?"

What to do? Cold turkey!

Xiang Yongzhan snorted coldly and said through clenched teeth, "I will report what happened here today to the top, this matter is definitely not over! No matter who is involved, I will definitely find out everything!"

This time, Xiang Yongzhan was really enraged!

Ji Feng frowned and said, "Actually, this is only one possibility, maybe there is something else going on inside this matter."

Zhang Lei said at once, "Even if there is an inside story, Wu Zhiyong is definitely very suspicious! What is he doing running here for no reason when he is the youngest of the Wu family?"

He was quite upset with Wu Zhiyong, he knew very well the grudge between Wu Zhiyong and Ji Feng and knew that this was a good opportunity, if he could use this as an opportunity, he might be able to directly fuck Wu Zhiyong over!

Xiang Yongzhan agreed with Zhang Lei's statement and nodded, "Zhang Lei is right, there may be other possibilities, but, now that there is a person with major suspicions in front of me, I will definitely investigate to the end!"

Ji Feng nodded and didn't say anything else.

In fact, he likewise thought the same thing, that Wu Zhiyong was highly, very highly suspected!

"Let's go, keep investigating!"

Now no matter how much more suspicious Wu Zhiyong was, the immediate priority was to continue investigating this clubhouse, since Wu Zhiyong had come here, it meant that this place might really be important!

However, Xiang Yongzhan waved his hand and said, "You check here, I'll go make a phone call first!" He was impatient by nature, and since he had discovered the situation, he was keen to check it out immediately, after all, for Professor Tong and the others to be kidnapped under the protection of the Jiangzhou Military Region's soldiers, it would be a shameless sight for any soldier!

Ji Feng smiled: "Then I can go and check it out myself!"

Xiang Yongzhan said, "Go ahead and go!" He gritted his teeth and added, "This is already riding on my head to shit and piss, grandma!"

"Huh!"

Ji Feng couldn't help but laugh.

Zhang Lei also laughed heatedly, and when he saw Xiang Yongzhan turn around and go to the phone, he said, "Crazy, this Captain Xiang really has a bit of a temper!"

Ji Feng said, "If you don't have a bit of a temper, how can you be the brigade leader of the special operations brigade?"

Zhang Lei said, "I just don't know if he'll still have this kind of temper after he takes on Wu Zhiyong!" In his heart, he hoped that Xiang Yongzheng's temper would be even hotter by then.

Ji Feng, however, shook his head and said, "I think it's a bit suspenseful!" The fact is that people of their status, even if they are killing each other, will rarely fight with fists to the bone, not to mention that Wu Zhiyong is not simple, and the energy of the Wu family is definitely not to be underestimated, so even if Xiang Yongzhan's temper is hotter, he will have to restrain some.

However, now that there is a target, it is much better!

Zhang Lei followed Ji Feng to carefully check the interior of the clubhouse and suddenly asked in a low voice, "Crazy, do you think this matter was done by Wu Zhiyong?"

Ji Feng shook his head and said, "I don't know."

Zhang Lei said, "I also think it's a bit strange, Wu Zhiyong is not a fool, if this is really his doing, then it's all the more reason for him to avoid suspicion, why would he still come here personally?"

Ji Feng also thought the same thing, when he first saw Wu Zhiyong he was indeed extremely angry in his heart and almost decided that it was Wu Zhiyong who did it, but now that he had calmed down, it was not difficult to find a lot of flaws.

Would Wu Zhiyong be that stupid?

"Let's have Xiang Yongzheng check it out first!" Ji Feng said.

"That's right!"

Zhang Lei hummed, "Wu Zhiyong himself isn't a good bird, he definitely didn't have any good ideas when he came here either!"

Ji Feng smiled thoughtfully.

.....

Wu Zhiyong left the clubhouse with an iron face and immediately dialed the mysterious phone number.

"Young Master Wu, what are your instructions?" The voice on the phone was still extremely frivolous.

"You're playing me!" Wu Zhiyong said angrily.

"Playing you? Sorry, I'm not good at male style!" The other party laughed heatedly.

"Playing like that, you're careful of drawing fire!" Wu Zhiyong said coldly, "If you really think you can pin me down like that, you will be disappointed!"

The other party did not care about Wu Zhiyong's threat, "Young Master Wu, don't be so angry!"

Wu Zhiyong said coldly, "You wait! I will find you, when the time comes"

The other party said, "I advise you better not to do that! You'll definitely regret that! Young Master Wu, I'm not trying to pinch you, but as far as I know, your father's condition is quite serious, and I'm afraid your position in the Wu family is now in jeopardy, right? I'm afraid your position in the Wu family is now in jeopardy. Unless your father can get better"

In a flash, Wu Zhiyong's heart rose with murderous intent, coldly interrupting the other party's words and saying, "You are seeking death!"

The other party said, "I am helping you!"

Wu Zhiyong said in a cold voice: “No need! We’ll see about that!”

Pop!

After saying that, he hung up the phone in annoyance, his face so cold that a layer of frost could be scraped off!

After hanging up the phone, however, Wu Zhiyong’s face became cloudy and uncertain. Although he did not want to admit it, he understood in his heart that what this mysterious man said was not without any truth.

We can’t go on like this!

Wu Zhiyong said in his heart, being led by the nose is not his character, moreover, if he continued to be played around like this, then his bad luck day would not be far away.

“Something has to change!” Wu Zhiyong secretly said, “I will let you know what exactly will happen to you if you play me!”

After Ji Feng returned home, he immediately dialed his younger uncle Ji Zhenping’s phone number and told him about today’s incident in detail. Now his intelligence sources were extremely poor, so he had to let his younger uncle know about this matter, and he definitely had too much information in his hands than he did.

Ji Zhenping was also surprised to hear that Wu Zhiyong had actually turned up in Jiangzhou, he said, “I’ll go check it out and give you news later.”

The night passed quickly, and the next day, Ji Feng still had no clues, and the only thing he could count on now was Xiang Yongzhan and the owner of the clubhouse that the intelligence department had arrested, hoping to get news of Old Li from him.

But after contacting Xiang Yongzhan, the guy replied that he was still being interrogated, so Ji Feng had to wait patiently for the time being. It was just a bit strange that the owner of the clubhouse was so tough-mouthed? After a night of interrogation, he still hadn't come up with any clues?

With the military's methods, if they can interrogate him all night and still not find anything out, he must be very hard-headed! However, this makes it even more suspicious!

While waiting, Ji Feng called up Zhang Lei and headed to the Tengfei Group.

Today, Ji Feng intended to take Zhang Lei straight to the security department, it was time to honour a promise he had made to Yi Xingchen.

"Boss, what are the instructions?"

Seeing Ji Feng, Yi Xingchen couldn't help but ask with a smile.

Ji Feng smiled and said, "No instructions, but the thing I told you about before, I happen to have time today, so I came over to take a look."

Yi Xingchen was slightly stunned, then he remembered what matter Ji Feng was talking about, he looked at Zhang Lei who was sitting next to Ji Feng and couldn't help but ask: "Boss, the expert you are talking about, is that Zhang Lei?"

He and Zhang Lei had met before, so he remembered his name, but whether Zhang Lei was as strong as Ji Feng said, Yi Xingchen was a bit skeptical.

Although Zhang Lei looked quite muscular and strong, but strong might not be equal to being able to fight, especially now the core members of the security department had all practiced aerobics, the improvement of physical quality was not just a little bit, he was not too optimistic about Zhang Lei.

Campus Master Chapter 2969

"Old Brother Yi, is it okay if I call you that?" Zhang Lei laughed heatedly, "Don't listen to Ji Feng's nonsense, I'm no expert, but I have practiced for a few days and can protect myself!"

“Since you’re the boss’s brother, you’re also my brother, call me whatever you want!” Zhang Lei’s politeness instantly made Yi Xingchen feel good, “However, being overly modest can be pride! Boss, what do you mean by coming here today …..?”

“It’s simple, mainly because this guy is a bit unaware of the sky and thinks he’s great all day long, so I brought him here and you guys taught him a good lesson!” Ji Feng laughed.

Yi Xingchen immediately waved his hand and said, “Boss, is there something we have not done well recently? If you’re not doing well, you can just tell us, you can give us a lecture if you want, but you can’t scold people like this!”

Ji Feng asked strangely, “How is this scolding?”

Yi Xingchen said, “It’s still not scolding, is it? You told me before that brother Zhang Lei was a master, and a very powerful one at that, but now you’re asking me to teach him a lesson, that’s not making us look bad!”

As the saying goes, people carry people in palanquins, since Zhang Lei was very low-key and modest, then naturally, Yi Xingchen was not a high-profile person either. Besides, Zhang Lei was Ji Feng’s brother, so the relationship and proportion in between Yi Xingchen was still able to grasp it!

Ji Feng waved his hand and laughed, “I’m not joking with you, what I said is true.”

After a pause, he said, “Old Yi, in fact, I do have an idea to let Zhang Lei join the battle team, but first, we need to let this guy see our strength!”

Yi Xingchen couldn’t help but freeze at his words, and only then did he realize that Ji Feng actually had this idea of letting Zhang Lei join the battle team?

He couldn’t help but ponder.

How should Zhang Lei be treated when he was allowed to join the battle team?

Yi Xingchen's mind was turning rapidly and for a moment he didn't know how to answer, he could only smile and not say anything.

Seeing Yi Xingchen's expression, Ji Feng probably understood what was in his mind, and knew that Yi Xingchen must have some worries, so he said, "Old Yi, you don't need to have any worries, do what you need to do!"

Yi Xingchen nodded and said, "Alright then, since the boss has said so, then I'll call all those boys over, let's try?"

"Try!"

Ji Feng nodded and smiled.

Yi Xingchen said, "Then you guys wait for a while, I'll call them to come over here!"

Subsequently, Yi Xingchen called in his office and asked Guo Tao and the others to come over, and also made special arrangements for the rest of the Security Department to do a good job of guarding.

Because there were not particularly many people in the security department now, and usually the members of the battle team would also be involved in the security work, so if they were all drawn over temporarily now, it might create a void in the guards and might be exploited, so that was why Yi Xingchen made careful arrangements.

Ji Feng secretly nodded in his heart, letting Yi Xingchen take charge of the security department was really right at all, as expected of someone who had been a mercenary chief, extremely thoughtful and reasonable in his arrangements.

This even made Ji Feng hesitate a little in his heart, if he let Zhang Lei take over the battle team, then should he continue to put Yi Xingchen in the security department?

This thought only flashed through Ji Feng's mind, after all, how exactly the arrangement should be made also depended on Yi Xingchen's attitude and thoughts.

Soon, Guo Tao and the others who had received the order came one after another. Lu Gang and a few others came the latest because they were responsible for inspecting the production workshops, which were farther away.

But even the farthest ones didn't take long. For them, there was no one who didn't understand what the four words "soldiers are valuable and quick" really meant.

These people were all very happy to see Ji Feng, no one in the whole battle group did not know Ji Feng's skills, and at the same time even followed him to practice aerobics, and now they could have the skills they have now, all because of Ji Feng.

Therefore, all of them worshipped Ji Feng, not to mention, their enviable treatment was also given by Ji Feng, which made them really cherish and appreciate extraordinarily in their hearts.

"Brothers, the boss has brought another brother, let's all spar with each other and improve each other!" There were some things that Yi Xingchen would just know himself and would not tell the brothers below this news.

"A sparring session?!"

Many people couldn't help but stare, but then they were a little excited and looking forward to it, the battle team usually had very few combat missions apart from security missions, these people only practiced or practiced, now that there was someone to spar with, then they were naturally excited.

Yi Xing Chen asked, "How is it, no problem?"

"No problem!" Yao Zhijian was the first to respond.

"Boss, how about a sparring session?" Guo Tao, however, asked with a smile.

Ji Feng laughed, "This brother of mine is not very familiar with weapons and usually has fewer opportunities to use them, so today we will only compete with fists and kicks."

Guo Tao smiled and said, "That's no problem." When they used to fight, they could assemble weapons with their eyes closed, but there was no such opportunity in the country except in the army.

Ji Feng laughed: "Don't be too happy yet, now your boss Yi is here watching, don't disgrace him!"

Guo Tao grinned, "Boss, you don't want to provoke us, we won't hold back from sparring with anyone."

Yao Zhijian said, "That's right, boss, you're doing a disservice to this guy by provoking him!"

"Yoo-hoo! Calling you fat and you're still panting, then fine, let me see how you perform later!" Ji Feng harrumphed.

Zhang Lei also laughed, if it was said that he was definitely worse in terms of weapons, but if it was just about punches and kicks, he really had nothing to fear.

Yi Xingchen laughed, "Then let's go to the practice room?"

Ji Feng stood up and said, "Let's go!"

The group quickly arrived at the practice room and Ji Feng said, "Everyone doesn't need to change their practice clothes, what they usually do is still the same now." The requirements for the battle team were never only to drink three or four in the practice room, no one would give you time to change your practice clothes if there was a situation on weekdays.

The members of the battle team naturally had no problem with this, and Zhang Lei naturally had even less to say.

"I'll go first!"

Yao Zhijian, with his jumpy personality, was the first to step forward and said, "Buddy, my kung fu is all wild, I've also learnt a bit of their combat techniques from a few countries' special forces, but they're all killing moves, so you should be careful!"

Zhang Lei laughed, "I was afraid you weren't ruthless enough!"

"I won't let you down!" Yao Zhijian bellowed, without any unnecessary nonsense, he suddenly charged towards Zhang Lei, as soon as he struck, Zhang Lei looked straight, killing moves!

Only to see that Yao Zhijian instantly attacked Zhang Lei's face, while looking at his finger, it was pointing straight at Zhang Lei's eyes.

Zhang Lei immediately thought of Bai Zhu's killing move of putting his index finger against his temple and pressing his thumb against his eyes.

Faced with Yao Zhijian's attack, Zhang Lei's reaction speed was incredibly fast, he suddenly turned sideways, and at the same time, his feet slid in front of Yao Zhijian in an instant.

"Boom!"

Yao Zhijian blocked and counterattacked.

Zhang Lei's attack was extremely fast, and he was able to exchange a few moves with Yao Zhijian, but when Yao Zhijian was about to throw a heavy punch, Zhang Lei somehow suddenly turned behind Yao Zhijian and nudged his finger on Yao Zhijian's neck.

Yao Zhijian's face instantly changed and he stopped his attack.

"I've lost!"

Yao Zhijian said with a bitter smile. That blow from Zhang Lei just now could have easily shattered his throat!

This time, Guo Tao and the others, including Yi Xingchen, all looked slightly changed.

There was an old saying that a connoisseur could tell the difference once he made a move, and with this move, Zhang Lei didn't move very much, but his speed and that strange pace of his, it was too stunning!

With that kind of speed and pace alone, Yao Zhijian was no match!

But a moment later, a sense of wariness rose in the hearts of many people, a master! It was a wariness that wanted to challenge an expert!

"I'll do it!"

Lu Gang jumped out, looked at Zhang Lei, and asked, "Brother, do you want to take a break?!"

Zhang Lei waved his hand and said, "No, come on!"

Without saying a word, Lu Gang instantly attacked, and when he struck, it was the attacking technique of the special forces, which was incomparable.

At a glance, Zhang Lei knew that Lu Gang's strength was definitely higher than Yao Zhijian's just now, but this still did not pose much of a threat to him, as he had mastered many of the moves and steps of the ancient Chinese martial arts!

Yi Xing Chen also shook his head slightly, he could also see that Lu Gang was no match.

As expected!

A few moments later, Lu Gang was also defeated. This was surprising, everyone knew how strong Lu Gang was, he was at the top of the team, but even he had lost to Zhang Lei!

Guo Tao whispered and asked Liu Zejun next to him, "Old Liu, what about it?"

Liu Zejun shook his head and said, "I can't win against him in a head-to-head fight, but if it's a covert stabbing, it's a toss-up between victory and defeat!"

Guo Tao nodded, he knew that Liu Zejun's best skill was not in head-on encounters, but in assassination, but even in assassination, Liu Zejun even said it was a toss-up between victory and defeat, this was enough to show Zhang Lei's strength.

"What about you?" Liu Zejun asked.

"He might be a bit stronger than me!" Guo Tao said very frankly, through the two sparring sessions, Guo Tao had already seen that Zhang Lei's strength was only stronger than his!

"Indeed, he is a master!"

Yi Xingchen couldn't help but nod his head and said, "Boss, this brother of yours, is really a good fighter!"

Ji Feng smiled and asked, "How about it, is he qualified enough to join the battle team?"

Yi Xingchen froze for a moment and laughed, "Of course he's qualified!" If such strength wasn't enough, then I'm afraid that a large portion of this battle team wouldn't be able to make it.

No one else came out to challenge, so Zhang Lei looked at Yi Xingchen, smiled and extended his hand, saying, "Elder brother Yi, take care of me!"

In his heart, he actually wanted to challenge Yi Xingchen, because Ji Feng had told him that the highest kung fu player in the battle team was actually Yi Xingchen, and this was also a veteran with considerable combat and command experience, an absolute big brother figure.

But in front of so many people, no matter if he could win or not, he couldn't challenge Yi Xingchen!

Campus Master Chapter 2970

The sparring wasn't actually the main purpose, however, Zhang Lei's strength still surprised the people in the battle team.

Afterwards, Ji Feng clapped his hands and said aloud, "Brothers, we just have time today, we haven't eaten together for a long time, so how about this, I'll treat you to lunch, let's have a good drink!"

"Good!"

All of them shouted out loud.

But Ji Feng pointed at them and said, "Don't shout first, let me tell you, after drinking at noon, you can sleep and rest in the afternoon, but how to work at night is still how to work, no less than one trip of patrol, don't think you can be lazy!"

The crowd laughed.

Yi Xingchen said, "I tell you, don't laugh so early, if anyone delays the work at hand, even if the boss doesn't pursue the matter, I won't be able to spare you, do you hear me?"

"Don't worry boss, Boss Yi, when have you ever seen us drop the chain?"

"That's right!"

Ji Feng laughed, "Alright then, it's a deal. Remember ah, meet here at eleven o'clock at noon, I'll have the canteen open a special private box!"

The company's canteen had a small stove, and the taste was quite good, and Ji Feng had eaten here before. However, eating was all secondary, the main thing was to invite the brothers of the battle team to have a drink together.

After the arrangements were made, Yi Xingchen sent these guys off to work, while he accompanied Ji Feng back to his office.

On the way back, Ji Feng and Yi Xingchen walked in front, with Zhang Lei and Bai Zhu following behind. Yi Xingchen found an excuse to walk two steps faster with Ji Feng and put some distance between them and Zhang Lei behind.

“Old Yi, something’s wrong?!” Ji Feng couldn’t help but ask when he saw this.

“Boss, when will Zhang Lei enter the battle team?” Yi Xingchen asked.

Ji Feng shook his head and said, “It hasn’t been decided yet, it’s something that I don’t know if his family agrees with yet, it still needs time!” He intended to take time to visit Tong Kai De and his wife recently, after all, as a prospective son-in-law, it was inappropriate not to go for a long time.

On the other hand, he was also planning to take this opportunity to personally talk to both Tong Kai De’s family about Zhang Lei’s future destination. If he could win Tong Kai De’s consent, then there would be no problem for Zhang Lei to join the battle team.

These were circumstances that Yi Xingchen did not need to know right now.

Yi Xingchen nodded and suddenly said as if with emotion, “I suddenly realized that time passes very quickly, in the blink of an eye, it’s been more than three years almost four years since I returned to China!”

Ji Feng nodded: “Yes, time really passes quickly, I also did not expect that since the initial robbery case came across, actually more than three years have passed in a blink of an eye, we two brothers have been fighting side by side for not too short a time!”

“Boss, when Zhang Lei enters the battle team, I think it’s better for him to be the captain.” Yi Xing Chen suddenly said.

“Why do you say that?” Ji Feng asked with some surprise.

Yi Xingchen shook his head and said, "In fact, from the time I came back to China, I was originally tired of the life of fighting and killing all day long in foreign countries, so I came back, it was lucky that I met you at the beginning, otherwise, I am afraid that a few of us will not be able to do as well as we would like, and we will run into walls everywhere, and we will not know how to spend the money!"

Ji Feng listened strangely and asked, "Old Yi, you don't have any intention of retreating, do you?"

Yi Xingchen shook his head and said, "That's not true, except that, seeing Zhang Lei, I realized that he might actually be more suitable than me to take charge of the battle team"

"Old Yi, you're thinking too much!"

Ji Feng waved his hand, interrupted him and said, "I do have the intention of letting Zhang Lei take over the battle team, but definitely not now. As I said just now, he now knows very little about firearms and has no combat experience, only a body of kung fu, but kung fu alone is far from enough!"

Yi Xingchen nodded, he knew that what Ji Feng told him was the truth.

"So what, even if he really wants to take over the battle team, it will probably be a few years from now!" Ji Feng said, "You can't budge, otherwise, I really have no one to use now!"

Yi Xingchen said, "Boss, I understand."

Ji Feng was able to say this to him, obviously saying words from his heart, which Yi Xingchen naturally heard.

This made Yi Xingchen very comfortable, Ji Feng did not mean to cross the river and tear down the bridge.

"In fact, to put it bluntly, to say that I can trust you, I can trust all of you, don't you forget, we also fought together!" Ji Feng laughed, "Even Lu Gang and the others, who joined later, have saved my life, not to mention the few of you."

Yi Xingchen smiled and waved his hand.

Ji Feng said, "You don't need to be modest, this is all true."

Yi Xingchen nodded, thought for a moment and said; "Boss, how about this, as long as you need me, then I'll keep doing it! But to be honest, I didn't want to retire because Zhang Lei was coming, but before that I was just tired of fighting and killing so I went back to China, in fact, what I want to do most is still security work!"

Ji Feng laughed: "What, planning to throw away your old job?"

Yi Xingchen shook his head and laughed: "How can I say this, if it was in the past, I would have retired a long time ago, like those of us who worked too hard when we were young, our bodies were also very overdrawn, don't look so strong at the peak, but in reality, our bodies are constantly injured and sick, I once met a rather powerful mercenary who had his leg blown off in a war, now he can only open A small bar, barely getting by!"

"But since practicing aerobics, all the injuries and illnesses are gone, and the physical fitness has increased significantly, so all those worries from before are gone." Yi Xingchen said, "However, in my heart, I'm a bit tired of the old life!"

"I understand what you're saying!"

Ji Feng nodded and said, "Don't worry, since you like doing security work, then there will definitely be less work for you in the future!"

Yi Xingchen smiled, "No problem! Actually, security work is more laborious and well thought out than fighting and killing, but it's also more fulfilling, compared to that, I still prefer security."

Ji Feng laughed: "As long as you're not afraid of being tired, security work is enough to keep you busy!"

"It's good to be busy!"

Yi Xingchen laughed: “Boss, don’t worry, I will try my best to train Zhang Lei and try to let him take over the battle team sooner, then I can be in charge of security work without worry!”

Ji Feng patted him on the shoulder and said, “Old Yi, thank you!” In these few years, Yi Xingchen had really helped him a lot, without Yi Xingchen’s presence, the security work of the Tengfei Group would definitely not have been so outstanding.

And this also showed from the side that Yi Xingchen was really quite good at security.

In fact, Ji Feng also found out that Yi Xingchen was more suitable for security, commanding a war team was more than enough for him, but since he was not interested in that, it was not good for Ji Feng to force him.

In fact, if possible, Ji Feng still wanted to put Yi Xingchen and Zhang Lei in charge of one team each, because he was clear that in the future, the development of the Tengfei Group would become bigger and bigger, and would grow into a commercial aircraft carrier, and would even become a global giant, at that time, the manpower needed would be too much, and Zhang Lei alone would not be able to cope with it even if he was exhausted!

“We are all brothers who have been born and died together, you’re too much of a stranger!” Yi Xingchen shook his head.

“Well then, I won’t say any more words of thanks, prepare yourself and have two more drinks at noon!” Ji Feng said with a smile. Yi Xingchen’s performance had satisfied him, and this arrangement was just right, which put to rest any worries he had been having that Yi Xingchen would think too much.

At noon, Ji Feng opened a box in the small canteen and drank a lot with his brothers in the battle group. Even though Yi Xingchen tried to stay sober as much as possible, he was still dizzy!

It was a good thing that Yi Xingchen had already arranged the security for the afternoon before, so the few of them could go and rest without worry.

Zhang Lei was also extremely boozed at the drinking table, not turning down anyone who came along, and this booziness of his also won the goodwill of Guo Tao and the others.

On the way back, Bai Zhu was still in charge of driving, Zhang Lei was full of alcohol but still sober and said, "Crazy, this battle team of yours is really quite good, I think ah, you let me into the battle team, I'm afraid it won't work for a few years!"

Drinking and chatting, Zhang Lei learned a lot of knowledge from them that he had never come across before, which made him realise that he still had a lot to learn.

Ji Feng laughed: "There's no rush, take your time!"

That afternoon Zhang Lei did not go back, but rested in Ji Feng's villa. Ji Feng originally planned to go to the attic on the third floor to study some things, but instead he received a call from Xiang Yongzhan.

"Older brother, there's news!"

Ji Feng was instantly refreshed, "The results of the trial?"

Xiang Yongzhan said, "No, the owner of the club didn't know any Old Li, that guy was only running the club to facilitate his connections, to facilitate the private activities of some leaders!"

Ji Feng couldn't help but be stunned, "In other words, he has nothing to do with Old Li?"

"Yes, it's okay!" Xiang Yongzhan said, "However, this guy's ass is not clean either, but the intelligence department has also checked the facts, it's all just an unusual problem, and will be handed over to the police in a few days."

"That"

"Although nothing came out of the interrogation here, but the intelligence department got the news and found the trace of Old Li, in a villa area in the western suburbs!" Xiang Yongzhan said.

“Can you be sure?” Ji Feng immediately asked.

“Definitely!”

Xiang Yongzhan said, “Now the manpower responsible for the arrest has already left, I will go afterwards, you wait for my news!”

Ji Feng immediately said, “No, I’ll go too, just tell me the address.”

He wanted to go and meet this Old Li to see what he was all about. More importantly, this involved Professor Yu, and he wanted to know the news at the first opportunity.

“Alright then, contact me when you come!” Xiang Yongzhan gave him the address.

“Bai Zhu, let’s go!” Ji Feng didn’t say a word after answering the phone and immediately set off.

“What about Zhang Lei?” Bai Zhu asked.

Ji Feng said, “Let him sleep, he has the key to the house anyway, arresting people is important, let’s go!”
