

Chapter 2966– 2967 of A Dish Best Served Cold Novel

Chapter 2966

After speaking, the King of Fighters got up and left, and soon disappeared from the sight of everyone.

Behind him, Lu Ziming and the people from Jiangbei were ashamed.

“Could it be that there is no such thing as a Noirfork boy in the scorching summer?”

Lu Ziming knelt down again, crying up to the sky.

At this moment, he only felt that the hatred of hundreds of people in their clan would be hard to repay.

When the King of Fighters entered the Temple of Martial Arts, Juggernaut, Tang Hao and others were already there.

God of War Ye Qingtian is also here.

“These people are really persevering.”

“So many days, it’s still blocked outside.”

At this moment, Tang Hao was looking through the window, looking at the group of warriors in the north of the mountain, and suddenly said helplessly.

“Is this weird?”

“If your relatives and friends fall, and the murderer is at large. It is estimated that your persistence will not be less than that of them.” Mo Gucheng raised his head and said coldly.

A few words blocked Tang Hao completely speechless.

“You~”

“I can’t communicate with you.” Tang Hao was so angry that he didn’t bother to stand up with Mo Gucheng, turned his head and sat back.

“Well, don’t mention the past.”

“On the Jiangbei side, my Martial God Temple will try to make up for it.”

“In the next ten years, the resources of the entire hot summer martial arts will be poured to the north of the Yangtze River.”

“I believe that soon, Jiangbei will have new powerhouses growing up.” The Juggernaut ended this topic with a few words.

After saying this, Juggernaut turned on the computer.

Immediately afterwards, several photos appeared on the huge display in front.

Although the photo is a bit blurry, it can be vaguely seen that a figure is moving in the air at a very fast speed.

Moreover, several other photos also have a similar one meter.

“this is...”

“Title Master!”

“Not one yet?”

The moment when he saw the photo, Mo Gucheng’s pupils suddenly shrank, and his eyebrows trembled.

Traveling from the sky, this is almost a sign of a titled master.

The martial arts masters may also be able to fly into the air for a short time, but their strength cultivation base is simply unable to travel to the sky.

What’s more, the scene in the photo in front of me is still high in the sky at a distance of 100 meters.

“Yeah.” The Juggernaut nodded, “The God of War and I also think that these people should all be titled masters.”

“However, the photos are blurred, and we can only tell that it is not our hot summer title. As for who it is, further investigation is needed.”

The Juggernaut said in a deep voice.

“This is where?”

“Could it be our domestic hot summer?”

“In other words, a lot of foreign titles have sneaked into my summer?”

The King of Fighters suddenly became nervous, his expression and tone became more solemn.

The appearance of a foreign titled master in the territory of the hot summer is almost as if someone secretly sent nuclear weapons into the border.

This is a major event related to the safety of the country.

How can the King of Fighters be calm?

The Sword Saint shook his head and said: “I haven’t entered my hot summer territory yet.”

“These photos were all taken outside the national border.”

“However, the shooting location is very close to my hot summer border.”

“Just in case, we have to guard.”

“Yeah.” The King of Fighters and Tang Hao nodded unhappily, “Suddenly there are so many titled powerhouses around our country, it really should be taken seriously.”

“Even if it is not here for me, we should investigate clearly the origin and purpose of these people.”

Tang Hao said solemnly.

“Let my son Wu Ya investigate this matter.”

“It just so happens that his injury has healed.”

“Get him some work, more experience, and more experience.”

Not waiting for the Juggernaut and the others to arrange a candidate, the King of Fighters Mo Gucheng had already pushed his son Mo Wuya out.

“Well, that’s fine.”

“Wu Ya, this child is a good seed, with more experience and more opportunities.”

“With the experience and achievements, I will praise the title in the future.” The Juggernaut nodded, and Tang Hao didn’t say anything.

Chapter 2967

Mo Wuya is undoubtedly the best candidate for this kind of errand investigation.

As for the others, they didn't have the strength to face the titled master at all.

And the King of Fighters, as the Six Pillars Kingdom in the Summer, it is naturally impossible for them to show their faces easily.

"Well, after returning from Japan, Wuya has indeed been silent for long enough."

"It's indeed time to let him participate in the affairs of the family and the country."

The God of War, who had been silent, also expressed his opinion at this time.

"However, I still have to say something to Wu Ya."

"This time his mission is to investigate the situation."

"That's it."

"Never conflict with it."

"If there are special circumstances, don't act arbitrarily. We will discuss everything after we get back."

Mo Wuya was a young man after all, and Ye Qingtian was also worried that when facing a foreign powerhouse, Mo Wuyacheng would conflict with him again.

This situation is definitely not what God of War they want to see.

"Don't worry, my son is not like some juveniles, lawless and nonsense."

"I will convey these words."

"I'll go back and tell him."

"Juggernaut, you can send the address where these photos were taken in a while."

After the meeting, the King of Fighters left Yanshan and returned home.

According to the results of the discussion, he arranged for his son Mo Wuya to go abroad to investigate the background and purpose of the strangers.

“The temper of the King of Fighters is getting more and more foul.”

“Lao Ye also kindly reminded him that he was still yin and yang weird.”

After the King of Fighters left, Haotian Grandmaster Tang Hao shook his head and smiled bitterly.

“Don’t blame him either.”

“I can only say that some people have done too much.”

The Sword Saint replied coldly, and Tang Hao closed his mouth knowingly.

He certainly knew who the “some people” in Juggernaut’s words were referring to.

After saying this, the Juggernaut looked at Ye Qingtian again, and said solemnly: “Lao Ye, do you think this class of people can serve the role of the family and the country?”

Ye Qingtian frowned: “What do you mean by this?”

The Juggernaut replied: “Nothing else, I just want to tell you that you wanted to recommend Mark to enter the Martial God Temple and become the Permanent Hall Master. I couldn’t agree to it.”

“Moreover, I believe that I am not the only one, and the King of Fighters will not agree, nor will Jiangbei martial arts and even my hot summer martial arts thousands of martial artists!”

“I will never allow it. There is such an unstable factor in the supreme authority of the martial arts in the summer of summer.”

Among the construction of the Yanxia martial arts power organs, the highest status is undoubtedly the six titled masters of the Wushen Temple.

However, even though the Phoenix Empress and the Ice Emperor are among the six titles and their status is respected, they actually don’t have much power in their hands.

After all, they are outside all year round, even if they have the right to drive.

Although it is also one of the six hall masters of the Wushen Temple, it is more of a name.

The true power of the Yanxia martial arts lies in the hands of the three permanent palace masters, the Sword Sage, the King of Fighters, and Tang Hao.

The resource allocation of the entire country, as well as the top-level design of national martial arts development, are almost all carried out by the Juggernauts.

As for the god of war, Ye Qingtian, because of his personal dignity, he has a strong influence in the entire country.

Therefore, Ye Qingtian's position in the Hot Summer Martial Arts is extremely special.

Although he hadn't been among the three permanent hall masters of the Martial God Hall at the beginning, the Sword Saint and others would discuss with the God of War about any major events in the martial arts world in the summer.

It can be said that Ye Qingtian's personal will largely influences the will of the entire Martial God Temple.

More importantly, in order to restrict the power of the permanent hall master of the Wushen Temple, Ye Qingtian still holds a veto power in his hands.

That is, any plan or action that was not personally approved by Ye Qingtian could not be implemented in the Martial God Temple.
