

Chapter 2970– 2971 of A Dish Best Served Cold Novel

Chapter 2970

The maddening sky reminds you: After watching it, please collect it (), and then it is more convenient to watch.

“Yep?”

“who are you?”

“Why are you here in the middle of the night?”

This is already the core area of the Chu family, and the people living around it are all the elders of the Chu family.

In these places, ordinary people are strictly forbidden to enter.

What’s more, it’s night again at this time.

Suddenly discovering that a raw face appeared here, Chu Qitian was naturally vigilant.

“I’m sorry, master.”

“I confessed the wrong direction for a while, and then I strayed here.”

“Excuse me, the old slave will withdraw now.”

Old Han lowered his head, his tone was extremely respectful, and his posture was very low.

After speaking, Old Han turned his head and walked back.

“stop!”

Chu Qitian suddenly called to him, “Look up, let me see.”

Chu Qitian said coldly.

Old Han had no choice but to follow his request.

Seeing Old Han's face, Chu Qitian suddenly smiled.

The laughter was harsh, with wanton and arrogance.

"I said why I am a little impressed with you. I remembered that you are the old dog-legged man next to my uncle before."

"I remember at that time, you were highly regarded by my uncle."

"I have asked you for help several times, but your elders have ignored them. You are very prestigious."

"What's wrong now?"

"Why is it so awkward in front of me?"

"Where was your prestige?"

"Where was your old shelf back then?"

Chu Qitian smiled wanton and looked triumphant, as if the victor was playing with his own subordinates.

Facing Chu Qitian's words, Old Han just lowered his head and didn't speak.

"Old stuff, don't you go away?"

"It's in the way of this young master!"

After laughing, Chu Qitian's expression suddenly changed, and with a bang, he kicked Old Han directly, kicking him aside.

"Dog minion, when I used my uncle's favor and dazzled me, didn't you think there would be today?"

"If it wasn't for your decades in the Chu family, on the day my father took control of the Chu family, this young master would kill you first!"

"Hurry up and get out?"

"If you want to live a few more years, just be honest with me."

"Don't let me see you appearing where you shouldn't be."

"Otherwise, it won't be as simple as suffering from a bit of flesh and blood next time!"

Chu Qitian warned coldly.

After speaking, he took a few people behind him and left here.

And Old Han, enduring the pain, tried to stand up from the ground.

“Grandpa Han, are you okay.”

“My god brother is too much, he actually bullied you, an old man.”

At this time, the child who had just received Adam Han’s candy ran over to help Adam Han together.

Old Han smiled comfortedly: “Grandpa Han is okay, grandpa is strong.”

“By the way, did you ask what Grandpa Han asked you to inquire?”

Old Han obviously knew a few children.

After all, he was a close minister to the Chu Family Patriarch at the beginning, and he often followed Chu Zhenghong. Some of the children of the Chu Family’s core and senior leaders were also familiar to Old Han.

“Grandpa Han, I asked.”

“Mom said, she hasn’t seen Grandpa Xuan and Grandpa Ming for a long time.”

“Possibly, have been performing tasks outside, did not come back.”

The children said slowly.

When Old Han heard this, he was slightly pleased and remembered these words in his heart.

Yes, since Mark decided to go to Chumen Mountain in the near future, Mr. Han has been exploring the reality of the Chu Family’s strength in various ways.

Especially the two elders Xuan Ming, these two are the strongest guarding power known to the Chu family, and they are also the two men who threaten Mark the most. Naturally, Old Han must pay special attention.

Now when he heard that the two elders Xuan Ming were likely to perform tasks outside and no longer in the family, Old Han was also amazed.

For Mark’s plan, this is undoubtedly good news.

Chapter 2971

Chu Family, Chamber.

The room is magnificent and magnificent.

The dim light was shining, driving away the darkness of night.

Sitting on top of them were all the high-ranking members of the Chu family.

At this moment, they looked down at the document, frowning, and the whole hall was enveloped in a solemn atmosphere.

After a long time, there was an old man in the hall. He patted the table, raised his head, and sternly shouted at Chu Qitian in front of him: "What the hell is going on?"

"In just a few days, 72 affiliated powers of my Chu family were destroyed overnight."

"There are fifty-eight other forces that have announced their withdrawal and want to stand on their own?"

"My Chu family hasn't seen anything like this since the beginning of the school."

"But now, you have only taken over the Chu Family's business for a few days, and you have become like this?"

"Chu Qitian, what did you bastard do for me?"

The white-bearded old man uttered angrily, wishing to pick up the crutch in his hand and knock directly on Chu Qitian's forehead.

Not only him, but the entire senior elders of the Chu family were shocked and angry when they learned of these conditions.

In just a few days, the Chu family lost a hundred and dozens of affiliated forces.

In the past 100 years, the combined strength of their losses has not been as much as these days.

"Second grandfather, I...I don't know either."

Chu Qitian lowered his head, speaking in a low voice with fear and guilt.

In front of these family elders, this Chu family's young patriarch is completely less proud and domineering, humble and fearful, like a child who has done something wrong.

"do not know?"

"You have the face to say you don't know?"

“When Old Han was in charge of the family finances, everything was fine.”

“But you have only been in office for a few days, so this happened.”

“As the person in charge, you still have the face to say that you don’t know!”

Upon hearing what Chu Qitian said, the elders of the Chu family became even more angry.

Although these affiliated forces are not the foundation of the Chu family.

However, more than half of the financial resources of the Chu family came from these subsidiary forces.

But now, in just a few days, the Chu family has been chopped off hundreds of arms. This is undoubtedly a huge blow to the daily operations of the Chu family.

You know, the economic base determines the superstructure.

If financial resources are cut off, the operations of the Chu Family will inevitably be greatly affected.

As the steward of Chu Qitian now in charge of the Chu family’s finances, he was naturally the first to be held accountable.

Seeing that he was being trained, Chu Zhengliang on the side wanted to help say a few good things, but he was not easy to export.

After all, as the Patriarch of the Chu family, he can’t cover up his son publicly.

Therefore, there is no way, Chu Zhengliang can only continue to question Chu Qitian: “Xiaotian, honestly, what did you do?”

“Okay, how could the subsidiary forces of my Chu family suddenly undergo such a big change?”

After Chu Qitian heard it, he almost cried.

“Dad, I really didn’t do anything.”

“I have just taken over this area for only a few months. During this time, I have been in the phase of understanding and familiarization.”

“I really didn’t do anything extraordinary behind your back.”

“Dad, you have to believe me~”

Chu Qitian was very wronged.

He originally thought that his own control of the Chu family's financial resources was the beginning of his control of the entire Chu family in the future.

However, Chu Qitian never dreamed that such things would happen as soon as he was sitting in this position.

But God knows, he really didn't do anything.

The meeting was still going on, but when everyone was questioning what Chu Qitian had done, someone rushed in outside the room.

"what happened?"

"Didn't you see the meeting in progress?"

"Do you dare to rush without permission?"

At this time, everyone was angry.

Genius remembers this site address in one second:
