

Chapter 2990– 2991 of A Dish Best Served Cold Novel

Chapter 2990

Genius remembers this site address in one second:

So, he raised his head again, looked at Gaia, and asked in a deep voice.

However, Mo Wuya did not wait for Gaia's response.

What followed was an extremely fierce iron fist.

“what?”

“you dare?”

Mo Wuya was shocked immediately and evaded in a hurry.

However, he is a half-slapped titled master, is he an opponent of Gaia?

Just listen to a bang.

Mo Wuya was hit hard in an instant, and his whole person turned into a cannonball and flew out directly.

Along the way, he smashed countless high walls and thick walls, and finally smashed on the ground. A mouthful of blood vomited all over the ground.

“You...you...what do you want to do?”

“I have no intention of being an enemy of you, but why do you shoot me twice?”

“Do you really want to provoke my majesty of the hot summer martial arts?”

“Today, if you don't give me an explanation, when I return to the hot summer, tell the Martial God Temple about this matter. At that time, my father, the King of Fighters, and my uncle Sword Saint will definitely not forgive you!”

Mo Wuya was about to be mad, his red eyes yelled at Gaia.

I just said it was a misunderstanding, but now it is also impossible to misunderstand.

If you don't agree with you, you can do it directly. Who is not angry?

But where did Gaia care about his threat, he walked up and beat Mo Wuya again.

“Ma De~”

“Just now I saw that you were a compatriot of my Dragon Lord, so I didn't have the same knowledge as you.”

“I didn't expect you bastard to be bold and disrespectful to my dragon master?”

“If this is the case, why should I have any more scruples?”

“Dare to speak ruthlessly to my dragon lord, and see if I will not interrupt your dog legs today!”

Gaia roared sharply.

After that, the torrential attack could not help pouring out.

Immediately afterwards, the screams resounded through the entire Li Family Manor.

Seeing the scene before him, everyone in the Li family was shocked.

Everyone was dumbfounded and panicked.

“This... so cruel?”

Gritsberg, Daxing Airport.

As the roar became smaller and smaller, a plane from Noirfork came to a halt slowly.

Soon, two young men, a man and a woman, walked out with the crowd.

These two people are not others, they are Mark and Denren Ye who came from Noirfork.

“Cousin Mark, don't you really tell Miss Xu in advance?”

“So she can send a car to pick you up.”

Denren Ye looked at Mark and asked suspiciously.

Mark shook his head and smiled softly: "No need."

"Xiao Lei was tired enough to support this Gritsberg land for me."

"It's not that we can't go by ourselves, so why bother her?"

"What's more, before I go to Xu's house, I am planning to buy her some gifts, which is a surprise for her."

"Then Nizi, I have loved such small surprises and small romances since I was a child."

Mark smiled lightly, and a moving light and shadow appeared in his mind unconsciously.

Speaking of which, Mark hadn't seen Xu Lei for a long time.

The last time I saw her, it was when I came back from Sakura Country.

"It's been so long, I don't know if Xiao Lei is still well?"

Mark raised his head and looked into the distance.

There are tall buildings standing there, and the wind is surging.

However, shortly after Mark got off the airport, his cell phone rang suddenly.

This is the mobile phone she just changed. It is used to contact Old Han. Not many people know this number.

Mark frowned and answered the phone.

"Is it the Dragon Lord?"

"Haha, I'm looking for your phone number from Old Han."

"I didn't expect to get through."

"I'm Gaia."

Over the phone, Gaia's surprised and respectful voice came.

"Ok?"

"Something?" Mark frowned and asked.

"It's really a small matter."

“I was here in the cold country, and I met a bastard, who should also be a warrior in the summer. He spoke harshly to you, offended you, and was beaten to death by me. Look, what should I do now?”

“Do you want to kill it directly?” Gaia asked.

Mark replied calmly: “No, business matters, don’t waste time on this kind of thing.”

“Also, if you encounter a warrior in the summer, if it is not necessary, don’t be embarrassed.”

“As for this person, ask who his parents are, let him know, and let his family pick him up.”

“Dragon Lord, I asked, his father is the King of Fighters.” Gaia said firmly.

Chapter 2991

Genius remembers this site address in one second:

“Ok?”

“The King of Fighters?”

Mark was slightly surprised when he heard this.

Then, he shook his head and smiled.

“It’s because the road is narrow.”

“No matter, since he is the son of the King of Fighters, there is no need to contact his father. I know his father.”

“Well, you can send a courier and send him the son of the king of fighters directly.”

“The King of Fighters is getting older, so he can save him running errands.”

Mark chuckled slightly, suddenly expecting the King of Fighters to see this express delivery.

“Hahaha~”

“okay.”

“The dragon master can still play.”

On the phone, Gaia's wanton laughter suddenly came.

After talking about these things, Mark also hung up the phone.

It was just a small episode, Mark didn't take it too seriously, and then he led Denren Ye to a nearby shopping mall to prepare a gift for Xu Lei.

However, where did Mark know that, just as he got off the plane, he received a red urgent document from Yanshan a hundred miles away.

"what did you say?"

"Then Mark came to Gritsberg again?"

Inside the hall, the Sword Saint calmly wiped the sword in his hand.

Tang Hao, who was on the side, had just received the news that Mark had returned to Gritsberg, his face changed drastically, and he said in surprise.

After the Juggernaut heard it, even though he was as calm and sophisticated as him, the hand holding the sword couldn't help shaking.

Even he was scared.

For the Juggernauts, Mark's name-represents trouble.

In short, wherever this guy goes, he will bring trouble to wherever he goes.

Tang Hao and the others were even a little scared.

"What is Mark doing in Gritsberg again?"

"Then Lu Hua has been executed?"

"Could it be that he is still not satisfied, and he wants to ask us about the sin of negligence in the Martial God Temple?"

"This guy, has to lift the sky to stop?"

Tang Hao's face was bitter, there was helplessness in his words, and it was even more sad.

During this period, because of Mark's affairs, the entire Martial God Temple was tossed and devastated.

A few days ago, the anger was just calmed down and Jiangbei warriors were calmed down.

But this hasn't stopped for a few days, Mark actually killed him again?

It's strange that Tang Hao is not anxious.

It doesn't matter what he is here for, there must be no good things anyway.

When Tang Hao complained, the King of Fighters who had been reading by the window suddenly got up and left without saying a word.

"The King of Fighters, what are you going to do?" Tang Hao asked quickly.

"What else can I do?"

"I'll destroy him!"

"This bastard needs an inch, do I have to retreat and then retreat from the Martial God Temple?"

The King of Fighters Mo Gucheng said sensibly.

He had endured Mark for long enough, before considering the overall situation, he resisted the impulse in his heart.

But a few days before it disappeared, Mark came to Gritsberg to make trouble again.

Who can stand this?

When Tang Hao heard this, he quickly grabbed him.

"King of Fighters, don't worry."

"What I said just now was also a guess."

"What if someone comes to Gritsberg just to travel and relax?"

"In this way, you stay here with the Juggernaut first, and I'll go to him and ask clearly."

"If Mark really wants to keep an inch, I don't need you to act, and Tang Hao will not ignore it."

After comforting the King of Fighters, Tang Hao hurriedly called for someone to prepare a car, and at the same time contacted the intelligence department in Gritsberg City to determine the location of Mark.

Since the Jiangbei incident, the Martial God Temple has listed Mark as the subject of close surveillance.

Moreover, the martial arts intelligence department was strictly ordered to report immediately as long as Mark appeared in Gritsberg.

Not only that, after Tang Hao left, the Juggernaut and the King of Fighters immediately strengthened the guards around Yanshan Mountain and stopped all outdoor activities around Yanshan Mountain.

A tense atmosphere soon enveloped the entire Yanshan Mountain.

“What’s going on here?”

“Could it be that you are about to enter a wartime state?”

“Does the Martial God Temple have to be invaded by a strong man?”
