

# Chapter 3002– 3003 of A Dish Best Served Cold Novel

## Chapter 3002

“Ah?”

Wei Luo laughed when he heard it. His face was sarcasm, and his eyes were full of mockery.

“Mr. Chu is really majestic.”

“Let this young master apologize?”

“Even the owner of Gritsberg City would never dare to say this.”

“It’s your lover, who pushed my fiancée just now, and hasn’t given me a word yet.”

“Well, since she is your woman, you can atone for her.”

“In the past, kowtow to Fengfeng and apologize.”

Wei Luo held his hands and sneered.

In the words, there was a condescending tone.

When Wei Luo said this, the elders of the Xu family were also gloating and watching a good show. They seemed to want to see Mark deflated in Wei Luo’s hands.

In the hall of Nuo Da, only Denren Ye shook her head: “Heaven’s sins are forgiven. You can’t live your own sins~”

Denren Ye muttered to herself, looking at Wei Luo’s gaze, full of pity.

Sure enough, Mark’s expression was completely cold at this time.

In the eyebrows, there was a faint killing intent surging.

“You are playing with fire.” Mark said coldly.

“Haha~”

“My God, it’s so scary, so scary.”

“Mr. Chu, Master Chu, don’t be familiar with me~”

Wei Luo laughed, and the words were full of ridicule and mockery.

After laughing, Wei Luo continued: “Mr. Chu, I advise you, in front of this young master, put away your majesty.”

“Because you don’t even know what kind of existence is standing in front of you at this time?”

“However, although you don’t know me, I know you.”

“I know where you came from, how you made your fortune, and how you were in charge of Yenching.”

“I know all your details.”

“You are now flaunting your power in Gritsberg, and you are running rampantly. Don’t you just rely on brute force.”

“Isn’t it just relying on Xu Lei, Xue Renyang, Wei Lin and other subordinates to contribute allegiance to you?”

“But soon, all you have will be gone.”

“My Zhonghai Wei family will unite with the Xu family to take over all your power in Gritsberg.”

Wei Luo smiled recklessly, how confident his tone was, as if he had a chance to win.

Mark suddenly became interested when he heard this.

He thought that Wei Luo in front of him was deliberately embarrassing Xiao Lei just to vent his anger to Xu Meifeng.

But now it seems that he underestimated Wei Luo.

It turned out that what he planned was the entire Gritsberg.

Thinking of this, Mark also chuckled, “Really?”

“Listening to you, it seems confident.”

“However, I really want to know, what do you take to replace me?”

“Of course I am confident!” Wei Luo said proudly, “Although I don’t have the same brute force as you, but in my Wei family, there are countless strong people who work for me.”

“As for Xue Renyang and Wei Lin’s generation, you win over them, nothing more than relying on some monetary benefits.”

“And I can give them benefits far beyond yours.”

“In the morning, my people have gone to the Xue family and the Wei family with enough sincerity to meet their head of the family.”

“I believe that at this time, the cooperation with them has been negotiated.”

“I have cut off your right arm in charge of Yan Jing, and now, Xu Lei has also lost his position as the head of the Xu family.”

“The foundation of your ruling Gritsberg has been disintegrated by my metal.”

“In the future, this Gritsberg is so big that you will no longer have a place for Mark.”

Wei Luo said proudly.

However, Xu Lei’s face changed even after hearing Wei Luo’s words.

“Zhonghai Wei Family?”

“Are you from Zhonghai Wei’s family?”

“The No. 1 giant in Vietnam Shipping?”

Xu Lei shouted with eyes full of solemnity.

“It seems that Miss Xu Er is very knowledgeable. Unlike some soil buns, who have never seen the world, I probably don’t know my Zhonghai Wei family.” Wei Luo shook his head and smiled. Remember the website of this site, Xluochen. Com, easy to read next time, or enter “” on Baidu to enter this site

## Chapter 3003

Wei Luo was very satisfied with Xu Lei’s reaction.

He thought that Mark and the others didn’t know the power of his Zhonghai Wei family, which made him pretend to have no sense of accomplishment.

But now it seems that he was worrying too much.

“During this period, my Xu family’s business has been blocked one after another.”

“Unexpected emergence of various industries.”

“Goods worth several billions are detained at Vietnam Shipping Customs.”

“All of the above, if it is not what I expected, it is your Zhonghai Wei family who is doing a ghost in the back?”

Xu Lei frowned and continued to ask.

As the Zhonghai Wei family surfaced, Xu Lei undoubtedly understood many things that had happened before.

No wonder, in the past few months, many families in the land of Gritsberg suddenly became indifferent to her Xu Lei.

It is no wonder that her previous industrial expansion plan suffered many obstacles.

In particular, the nearly tens of billions of goods Xu Lei ordered from overseas some time ago were detained by relevant authorities when they entered Vietnam Shipping, and they have not been released so far.

At that time, Xu Lei thought that the relevant procedures were incomplete, so she had been struggling to deal with this matter.

Now everything is clear.

What are the incomplete procedures?

It's just an excuse.

The most fundamental reason is that the Zhonghai Wei family is making trouble from it.

Facing Xu Lei's question, Wei Luo smiled lightly.

“Haha~”

“Miss Xu is really brilliant.”

“It doesn't take me to wake up, I can already see the connection.”

“Yes, Miss Xu's recent troubles are all from my master's handwriting.”

“However, these are all appetizers.”

“A good show, it just started.”

“Second Miss, next, I will let you witness the birth of the new king of Gritsberg.”

When saying these words, Wei Luo was full of arrogance and self-confidence.

There was endless contempt even in the eyes of Xu Lei and Mark.

Like a generation of kings, looking down on the ants.

If someone else said this, Xu Lei might have laughed off, just thinking that the other person was talking nonsense.

However, Xu Lei did not underestimate the words from Wei Luo.

There are solemn and solemn expressions in his eyebrows.

“Miss Xu, this Zhonghai Wei family, is it really amazing?”

“Higher than your Xu family’s status in Gritsberg?”

Seeing Xu Lei’s pale face, Denren Ye, who has been watching the show, couldn’t help but feel a little curious and worried.

Although, Mark is now one of the few people standing at the top in the hot summer.

But above him, there are still a few people who can’t afford to offend after all.

Such as the swordsman, such as the god of war, these giants in charge of the martial arts world.

Of course, in addition to the martial arts world, the giants in charge of the hot summer secular world were definitely not incurred by Mark casually.

Therefore, Denren Ye had to ask the details of the Zhonghai Wei family first.

Facing Denren Ye’s question, Xu Lei nodded her head.

“No matter how powerful my Xu family is, it was only the last of the four giants of Gritsberg in its heyday.”

“Above my Xu family, there is also the Mo family, Xu family and other rich military elites!”

“In short, our four giants have divided Gritsberg’s power structure.”

“But the Wei family is different.”

“Nuo Da’s Zhonghai is all controlled by the Wei family.”

“In Zhonghai, the Wei family is real, covering the sky with one hand!”

“The connections and relationships are intertwined, almost all over Vietnam.”

“Even the goods were detained by the customs before, and I also asked the Wei family to find a relationship.”

“No wonder there is no result. It turns out that it is their Wei family who want to deal with my Xu family.”

Xu Lei’s tone was solemn, with deep worries lingering in the depths of her eyes.

In Xu Lei’s position, Nuo Da’s hot summer, in fact, there are not many forces that can make her afraid.

However, this Zhonghai Wei family is precisely one of the forces Xu Lei is most reluctant to face.
