

Chapter 3004– 3005 of A Dish Best Served Cold Novel

Chapter 3004

You know, the land of the sea is the richest place in the summer.

Being able to take control of Zhonghai with the power of a family and make all forces surrender, one can imagine how strong this Wei family should be?

It is estimated that during the hot summer, those who have the ability to break the wrist with the Wei family are the Gritsberg Lu family, the Xu family, and the Mo family.

As for the Xu family, the reason why it ranks among the four giants depends entirely on wealth.

But it is a pity that money and wealth are often the cheapest things for people who really stand on high ground.

For this reason, in the land of Gritsberg, the Xu family's prestige and influence are much worse than those of the other three giants.

Slap~

Xu Lei had just finished speaking these words, and Wei Luo's applause rang out in the hall.

"It is said that the one who knows oneself best is often his opponent."

"I didn't believe it before, but now it seems that it is really so?"

"Ms. Xu Er knows my Wei family so well, I'm afraid she has done a lot of work before."

"Oh, that's right."

"In the past two years, our two families have met several times in business."

"I remember that the year before last Miss Xu wanted to do business with Zhonghai. In the end, the development plan should be stopped by my Wei family."

Wei Luo smiled faintly.

Xu Lei frowned deeper.

Wei Luo said this well.

In the past two years, Xu Lei is thinking about expanding the market.

After all, the economic vitality of Gritsberg is no better than that of Vietnam Shipping, so Xu Lei has spent a lot of effort before to open a branch in Vietnam Shipping and enter the Vietnam Shipping market.

But no matter how soon the plan started, it was blocked by the Wei family.

At that time, Xu Lei and the Wei family also broke their wrists head-on. The result is no doubt. Xu Lei failed miserably, compromised with the Wei family, gave up entering the Zhonghai market, and also agreed that the two companies would release their previous suspicions and that the well water would not be offended by the river in the future.

At this point, Xu Lei's Vietnam Shipping Project came to an end, and the tens of billions of investment in there was also lost.

"Since Young Master Wei talks about this, I have to ask you more."

"Why didn't you abide by the gentleman agreement that I reached with your master?"

"I won't enter your Zhonghai market, why should you come to my Gritsberg to make trouble?" Xu Lei asked coldly.

Wei Luo laughed, "Second Miss, don't you think your words are ridiculous?"

"The gentleman's agreement was made with the head of the Xu family in the Wei family."

"And now, you are no longer the head of the Xu family."

"It's to be held accountable, and Fengfeng should also be held accountable. What qualifications do you have?"

"Okay, I have said everything that should be said."

"Let's stop talking nonsense."

"That said, you have been expelled from Xu's house, and I can let you leave safely, but only if you have to kneel down and apologize to my family Fengfeng."

"Don't give me an explanation, you, including your little lover, can't leave today."

Wei Luo spoke condescendingly in a commanding tone.

Xu Lei was silent for a moment.

She hesitated for a long time, and finally raised her head and said, "Okay, I can apologize to Xu Meifeng."

"As the head of the Xu family, I can also let it out."

"But the premise is that you are not allowed to move the Xue family."

Xu Lei said in a deep voice.

Mark is in charge of Gritsberg, relying on her and Xue Renyang.

Now that she Xu Lei has fallen, if the Xue family also suffers, then everything Mark accumulated in Gritsberg will undoubtedly cease to exist.

She didn't want to let her Mark brother's planning efforts for many years be in vain for her own reasons.

However, even in the face of this request, Wei Luo still shook his head.

"Second lady, be sober."

"Now you are no longer qualified to negotiate conditions with this young master."

"Hurry up, my family Fengfeng is already waiting anxiously."

"Call your little lover, and apologize to my family Fengfeng on her knees together."

"Be decent if you can be decent. I don't want my subordinates to use force to force you to kneel." Remember the website of this site. Xluochen. Com, easy to read next time, or enter "" on Baidu to enter this site

Chapter 3005

"You~"

Xu Lei's face turned pale and she was shaking with anger.

She didn't expect this Wei Luo to be so unkind.

Moreover, looking at this posture, it seems that he has to not only deal with her, but also force his Mark brother.

Xu Lei was angry, what else did she want to say. However, when she was about to speak, she was stopped by Mark.

“Xiao Lei, you step back first.”

“Leave the rest to me.”

Mark whispered, but between the words, there was already a bit more chill than before.

Xu Lei knew Mark’s temperament too well, of course she knew what Mark wanted to do.

Therefore, Xu Lei, who was worried, quickly persuaded: “Brother Mark, don’t be impulsive.”

“This Wei Luo is from the Zhonghai Wei family, they...”

Before Xu Lei finished speaking, Denren Ye walked over with a pretty face and pulled Xu Lei back.

“Sister Xu Lei, don’t worry~”

“Cousin Mark is very good.”

“Let’s just watch from behind~”

“Isn’t it the Zhonghai Wei family? Have you forgotten that they are some of the giants of Gritsberg? Didn’t it help my cousin Mark?”

Denren Ye smiled, comforting Xu Lei from the side.

When Xu Lei heard this, the worry in her heart also faded a bit.

Also, when the two families of Lu and Xu joined forces, they failed to overthrow their Mark brother.

This Zhonghai Wei family, even if it is stronger than the Lu and Xu family, is probably not much stronger.

After thinking of this, Xu Lei didn’t stop Mark any more, but instead exhorted: “Brother Mark, it’s better to settle the enemy and not settle.”

“You have made too many enemies in the hot summer. If the Wei family can’t sin, it’s better not to sin.”

Xu Lei also has her own considerations.

More straw can kill the camel.

She knows that her brother Mark is not an ordinary person, but if there are many enemies, once they unite, she is really worried that her brother Mark will be in danger because of this. ,

“Well, Xiao Lei, don’t worry, Brother Mark will listen to you and won’t do anything special. I will try my best to make today’s affairs more decent.”

Facing Xu Lei’s concern, Mark smiled faintly.

The smile was kind and warm, and it seemed harmless to humans and animals.

With Mark’s assurance, Xu Lei undoubtedly let go of her heart, and then followed Denren Ye and hid behind Mark.

After that, Mark walked in the direction of Wei Luo. He looked at him and smiled faintly: “You said, who do you want me to kneel down and apologize to?”

Hearing Mark’s words, Wei Luo smiled suddenly.

“Haha~”

“Brother, you are refreshed, but you are much refreshed than Miss Xu Er.”

“It’s good to be this early, save time.”

“Come on, I don’t make it difficult for you, come over to my house Fengfeng, kneel down and knock three times.”

“This matter, even if we have exposed it.”

While talking, Wei Luo also had two chairs moved over and placed them in front of Mark.

However, he and Xu Meifeng both sat forward in a precarious manner.

Like ancient emperors and empresses, sitting on the throne, waiting for their people to worship.

“Sit down?” Mark asked thoughtfully.

“Haha~”

“Okay, you can kneel.”

Wei Luo laughed, and Xu Meifeng was also full of arrogance while sitting there.

He even took out his mobile phone, ready to take pictures of his own bright moment.

Mr. Chu, who once stunned Yenching and persuaded countless dignitaries, wanted to apologize to himself on his knees.

This is undoubtedly a moment worth recording!

At this time, everyone in the Xu family who had been watching onlookers also had a gloating expression on their faces.

Especially Xu Wenqing, the old man of the Xu family, felt refreshed when he saw the scene in front of him.

The bad breath that had been held in my heart before finally vomited out.

“Boy, how can you?”

“I can’t live with you in Xujia Town, naturally someone can live with you!”

“No matter how strong you are, don’t you want to obediently yield in front of the Wei family?”

Xu Wenqing sneered in her heart.
