

# Chapter 3006– 3007 of A Dish Best Served Cold Novel

## Chapter 3006

“Mr. Chu, what are you still doing in a daze?”

“Start apologizing.”

“I and Fengfeng are both waiting?”

Wei Luo sat there, urging again.

Mark chuckled, only one good word back.

Then, he walked in the direction of Xu Meifeng.

However, just when everyone thought Mark was really going to kneel down and apologize.

Bang~

At that moment, only a bang was heard.

Immediately afterwards, Xu Meifeng in front of her flew directly with her chair.

Like a cannonball, he smashed the doors and windows, and was kicked by Mark directly outside the door.

“Fengfeng?”

“Bad son, how dare you do it?”

“you wanna die!”

All this happened too fast.

So that everyone was confused at the time.

After the world was silent for two seconds, Wei Luo just came back to his senses, and stood up with a black face, screaming at Mark.

However, without waiting for Wei Luo to finish, Mark kicked it directly.

Just heard a scream.

Wei Luo, who had just stood up, was kicked back to the seat by Mark.

With a body of hundreds of jins, dragging a chair, it also flew out like a cannonball.

Finally hit the high wall behind him.

The seat shattered and Wei Luo lay on the ground, vomiting blood.

Mark was suddenly fierce, shaking everyone.

For a time, everyone in the Xu family sat up in shock.

It was Xu Lei, who also trembled in shock, and there was panic in his eyebrows.

Everyone was stunned.

He looked at the boy in front of him like a ghost.

This.. This is the decent in his mouth?

At this moment, the whole hall was full of silence and panic.

Only Mark smiled indifferently.

He walked over and looked down at Wei Luo under his feet condescendingly.

As for Xu Meifeng, Mark didn't even bother to read it.

This kind of woman, Mark felt dirty at a glance!

"How about, Master Wei, do you want me to apologize to Xiao Lei?" Mark smiled faintly.

Wei Luo clenched his palms, gritted his teeth and got up from the ground. The corners of his bloody mouth were full of sneers.

"Boy, great."

"I didn't want to go to war with you, but now, it's all you asked for."

Wei Luo said viciously.

Then, he suddenly turned his head, looked out the window, and sternly shouted: "Big tiger, second tiger, three tiger, four tigers follow the order, kill this bastard for me!"

Huh~

The violent anger brought a violent cold wind and swept the entire hall.

One second~

Two seconds~

....

A full ten seconds passed, but the four tigers Wei Luo spoke of did not appear for a long time.

“Ok?”

“Big tiger and two tigers?”

“Are you deaf?”

“Why don’t you come out to protect me?”

“I spent so much money, is it a waste of money?”

Wei Luo was so angry that he shouted again.

However, there was still no response.

Just when Wei Luo was about to scold his mother again, a laugh came from outside.

“Master Wei, stop shouting.”

“Your people, I brought you here.”

Outside the door, Denren Ye smiled brilliantly.

This girl didn’t know what left or what came back here.

In short, at this time, there were four more embarrassed bodies in front of her.

Bang bang bang~

Denren Ye kicked them one by one, like kicking a ball, kicking the four big guys who had passed out, and finally Wenwen fell in front of Wei Luo.

The heavy landed student trembled the entire hall three times.

“This this...”

“How is this possible~”

“They are all martial arts powerhouses I paid a lot of money to.”

“You...you are a little girl, how...how can it be set?”

Wei Luo was already dumbfounded, his eyes trembled and panic when he looked at the embarrassed man like a dead dog at his feet.

You know, these people were originally intended to deal with Mark.

But who would have thought that before Mark had time to make a move, a little girl led by him would solve it.

## Chapter 3007

Before coming, Xu Meifeng told Wei Luo. Mark is a man of brute force and extremely skillful.

The ability to frighten Yenching's dignitaries at the beginning was based on Mark's ability.

Wei Luo didn't pay much attention back then.

After all, in his opinion, no matter how strong Mark is, can he still be a man of martial arts?

They Zhonghai Wei family, although not a martial arts family. But in the family, there are many martial arts masters.

It's a big deal to bring a few more, even if Mark is also a warrior, then he can also win by number.

But the ideal is full, but the reality is extremely skinny.

Wei Luo never expected that those good players in his eyes would be so vulnerable.

“Master Wei, how?”

“Now can I still apologize to Xiao Lei?”

After Denren Ye threw those people in front of Wei Luo like a dog, Mark smiled and asked again.

However, in the faint laughter, there was scorn and play.

Yes, for Mark, a character like Wei Luo is just a small character.

Had it not been for Xu Lei that he didn't have eyesight, Mark wouldn't even look at him straightly.

It's just an ant. Mark won't care even if he dances for joy.

However, after a brief period of panic, Wei Luo quickly recovered his calm.

He looked at Mark again and smiled.

“As expected of Mr. Chu.”

“At such an age, he stuns Gritsberg, he is really not an ordinary person.”

“It seems that I really underestimated you.”

“However, you don't have to be proud.”

“My means, there are many more.”

“You don’t really think that when Wei Luo enters Gritsberg, I just count on these wastes?”

“I, Wei Luo, am cautious by nature. I will be prepared for anything I do.”

“These wastes are just appetizers.”

“You can eat this “appetizer”, it makes me a little excited.”

“For so many years, I Wei Luo finally met an opponent who can see the past.”

“Beating a good opponent will make you feel more fulfilled.”

Wei Luo sneered while reaching out his hand to wipe the blood from the corner of his mouth, looking at Mark’s gaze, but it was a bit sinister and surly.

“Don’t worry, I took the kick just now.”

“I won’t wait too long, I will double back you in a while!”

The words were cold, with a strong hatred, slowly ringing in the entire hall.

No one spoke, and no one dared to talk.

Everyone present felt the ice cold in Wei Luo’s tone.

“It seems that the country boy really made this young master of the Wei family anxious.”

“It’s also a good thing.”

“It’s best to use the power of the Wei family to completely eradicate this bastard to avoid future troubles!”

Xu Wenqing watched this scene from behind, her old eyes uncertain, and she was thinking secretly in her heart.

Just now he was worried that Mark would make the matter a big deal, and then hurt their Xu family.

After all, the Xu family is not as good as the Zhonghai Wei family.

If something happens to Wei Luo here, the family behind Wei Luo will inevitably anger the Xu family.

But now, Xu Wenqing hopes that Mark will make things worse.

In this way, he can borrow the Wei family’s knife to get rid of Mark’s trouble.

“That is, Mark, Xu Lei, don’t be proud of you two dog men and women.”

“If it wasn’t for my brother Luo who sent everyone out, do you think you two are still alive now?”

“The strength of my Luo brother family is not what you can imagine.”

“You wait, when my Luo brother’s people come back, one of them counts as one, and none of you can run away.”

“I want you to die without a burial place!”

When Wei Luo was talking with Mark, Xu Meifeng, who was kicked out of the house by Mark just now, was also supported by others and staggered back to the hall.

However, Xu Meifeng at this time, although her pretty face was pale, her face was already extremely rosy.

That way, I can’t wait to tear up Mark and Xu Lei.
