

Campus Master Chapter 3011

“Young Master Wu, why did you suddenly remember to call me?” On the other end of the phone, a frivolous voice came from the other end.

“Ji Feng was involved in a car accident, and it was you who did it!” Wu Zhiyong said in a cold voice.

“Which eye did you see that I did it?!” The other party, however, snorted, “Wu Zhiyong, it seems that you, a guy who likes to play conspiracies and tricks, are really used to judging others by yourself!”

Wu Zhiyong’s expression was gloomy and frightening: “I was still a bit unsure, but now

The other party could not help but give a cold snort.

Wu Zhiyong said in a cold voice, “It really is you!”

Originally, Wu Zhiyong had only guessed that this matter might have been done by the mysterious person on the other end of the phone, because before this the other party had called him and asked him to kill Ji Feng on the condition of that old nationalist, and although he had not refused sternly, he had never done anything about it.

Because Wu Zhiyong knew better than anyone else that suddenly killing Ji Feng for no reason would cause how crazy the Ji family’s revenge would be. Although he had secretly done it to Ji Feng before, but that was under special circumstances, either he could frame someone else, or, he could do it unnoticed, so that no one could find out who had actually done it.

But now is different, his own situation, also completely different from before. So, Wu Zhiyong didn’t do it!

The first time Wu Zhiyong thought of this mysterious person, to say that there is a motive to assassinate Ji Feng, this person on the phone is definitely one, and Wu Zhiyong vaguely felt that this person on the phone seems to be somewhat familiar with Ji Feng, there may be a deep knot between the two, but this person is somewhat afraid of Ji Feng, more afraid of face to face with Ji Feng, so this person has been hiding in the dark! The two may be familiar with each other.

The company’s main business is to provide a wide range of products and services to the public.

“I didn’t expect you to be really a little smart!” On the phone, the other party said conspiratorially.

“You’re the one who’s stupid!”

Wu Zhiyong sneered, “If you didn’t do it, then you should have been surprised when you heard the news, of course, you hate Ji Feng so much, when you heard the news that Ji Feng was assassinated, you might be more joyful than surprised, but yet, you just denied it, isn’t that not a silver bullet here and there?”

The other party said in a deep voice: “Wu Zhiyong, I’m afraid you’ve forgotten that people who are too smart often don’t live too long!”

Wu Zhiyong said in a cold voice: "But I am still alive and well, but you, on the other hand, are hiding in the shadows all day long, holding so many things in your heart that you dare not say to others, that you dare not reveal your true identity, you must be having a hard time holding it in, right?"

"Wu Zhiyong!"

The other party bellowed angrily, "I advise you better not provoke me!"

Wu Zhiyong grunted, "Only those whose scars have been touched are easily provoked, so it seems I was right, you're furious with shame! So, your current identity must not see the light of day, right? Perhaps you have an identity that you use as a cover on the surface, but it's pathetic that you would never dare to let anyone know who you are now!"

"You"

The mystery man was furious and a clear gasp came from the receiver of the phone, obviously the other party was holding back his anger and said coldly, "Wu Zhiyong, you're calling just to provoke me, are you?"

Wu Zhiyong sneered, "Provoke you? You're not worthy of it!"

"....."

The other party was silent for a while, before saying in a low voice, "Wu Zhiyong, if you want to die, just say so, I will definitely make it happen!"

Wu Zhiyong suddenly laughed out loud, "Just by you?"

"You think you're hard to deal with?!"

The other party seemed to be completely enraged by Wu Zhiyong's arrogance, and his original hoarse voice was a bit out of shape, "Wu Zhiyong, now I'm going to kill you, it's no different from killing a dog! Putting aside your status as the youngest of the Wu family, you are actually nothing!"

But Wu Zhiyong's face showed no fear, instead he laughed, "Then come if you have the guts! I won't bring any guards, I won't resist, I'll just stand here and let you kill me, I'm only afraid that you won't dare!"

These words of Wu Zhiyong were spoken in a loud and clear voice, without fear!

Even if he was in a bad shape, he was still the eldest son of the Wu family, the eldest grandson of the Wu family, and no one could change that!

No matter who the other party was, as long as they didn't want to kill each other, they definitely wouldn't dare to kill him!

Especially by such illegal means!

If he was defeated politically, or if he was caught in a crime, then he would not be wronged, but if he wanted to use such intimidation and illegal means, it would be useless to him!

The title of the youngest member of the Wu family is not called that for nothing!

This, is the bottom line of a son of one of the top gentry families in China!

“Then you’ll have to wait!”

The other party said coldly and hung up the phone with a snap!

There was a cold smile on Wu Zhiyong’s face and a fierce look in his eyes, but a smile was on the corner of his mouth, this was the first time he had the upper hand in the several encounters he had with this mysterious man!

And this also confirmed that the other party’s identity and status was definitely inferior to his, and definitely not a son of those few great families in Yanjing, this was probably just an ambitious man who was ambitious but did not have enough status in the open!

Wu Zhiyong called this mysterious person today, on the one hand, to test whether it was this person who had assassinated Ji Feng or not, he wanted to know who he was actually suffering for!

On the other hand, Wu Zhiyong’s call was actually a declaration that from this moment onwards, he would no longer back down, let alone hold back!

Ji Feng’s kick completely woke Wu Zhiyong up. He realised that if he was led by the nose like this, what awaited him next would be a fall to the bottom and eventually into a bottomless abyss, and he might even end up being forced to leave the country!

This is definitely not what Wu Zhiyong wants!

He had to fight back, to take the initiative, and this call today was the first step, and his declaration to the whole world!

Glancing back again at the bustling traffic and crowds outside the huge floor-to-ceiling windows, he picked up his mobile phone and made a call, “Prepare the car!”

Wu Zhiyong decided not to wait here any longer, he knew that in all probability that old nationalist was 9 out of 10, or, that old nationalist was also involved in the plan against him.

But none of that mattered now, what mattered was that Wu Zhiyong already knew what he should do next!

“The way I want to go, no one can stand in the way, or else

.....

“Older brother, have you encountered something?”

That very night, Ji Feng received a call from He Hongwei.

Ji Feng shook his head and smiled, “It’s true that good things don’t come out of the gate but bad things spread a thousand miles, brother Hongwei, you know so quickly?”

“I’m in business, so I’m more or less well-informed.” He Hongwei laughed, “Do you know who did it?”

“You know?” Ji Feng asked.

“I just heard about it, how would I know!” He Hongwei laughed.

Ji Feng shook his head and laughed, “We haven’t found out yet, but whoever it is, they definitely can’t get away with it!”

He Hongwei suddenly said, “Older brother, where is Wu Zhiyong in Jiangzhou?”

Ji Feng raised his eyebrows, then he was relieved, I’m afraid He Hongwei is keeping an eye on Wu Zhiyong at all times, “Are you planning to be immortal?”

“It’s a knot that can’t be solved!” He Hongwei said frankly, “Unless he leaves China!”

“I’m afraid it won’t be easy to force Wu Zhiyong to leave far away from home!” Ji Feng said.

“That’s why I want to keep an eye on him!”

Of course He Hongwei knew that it wouldn’t be easy to force Wu Zhiyong away, being the youngest of the Wu family and not a yakuza like Qiao Gakai, how could he be forced away just by saying so?

After a pause, He Hongwei suddenly asked, “Older brother, have you ever thought of taking advantage of the opportunity to screw him?”

Ji Feng frowned: “You mean the car accident?”

He Hongwei said, “I think this is an opportunity! The key is whether we can find some evidence, and if we can, Wu Zhiyong will definitely not be able to get away with it this time!” He deliberately added emphasis to the word “find”, obviously meaning something else.

Ji Feng then understood his meaning, He Hongwei wanted to use this car accident to point the finger at Wu Zhiyong, using this opportunity to set a trap for Wu Zhiyong or to plant it directly on him!

“I’m afraid that won’t bring him down!” Ji Feng said, in fact he didn’t mind using this way, but just relying on some artificially created evidence alone would not be able to bring down Wu Zhiyong.

“It’s good to get some air out!” He Hongwei said, “Don’t worry, I won’t let you get involved in this matter, I’ll do it myself, just to involve this car accident, what do you think?”

The car accident that happened to Ji Feng was used to make something out of it, this matter had something to do with Ji Feng, so He Hongwei had to say hello to Ji Feng.

Ji Feng deliberated slightly for a moment, but shook his head and said, “I don’t think it’s good! Brother Hongwei, this isn’t much of a good opportunity, it’s better to think about it in the long run!”

“I know that too.” He Hongwei sighed, “But I’ve waited too long, I don’t know how much longer I have to wait, I can’t wait a bit

“Then I’ll tell you some good news to relieve you first!” Ji Feng laughed, “Today I went to find Wu Zhiyong.”

“Oh? You looked for him? What did you say?” He Hongwei hurriedly asked.

“I kicked him in the face!” Ji Feng said.

“What?!”

He Hongwei steeply raised his voice, obviously extremely surprised, “You kicked him?”

Ji Feng laughed, “That’s right, I kicked him!”

“Good!”

He Hongwei couldn’t help but shout, “Older brother, well done, I have to thank you!”

Even though Ji Feng just said it lightly, He Hongwei could imagine the scene, to kick Wu Zhiyong, Ji Feng was really gutsy, and more importantly it was so fucking relieving!

“Had I known you really should have called me too!” He Hongwei said.

“There will definitely be opportunities later, don’t worry.” Ji Feng laughed, “Brother Hongwei, I think you can keep an eye on Wu Zhiyong for a while recently, I’m afraid he’s been stimulated a lot today, next

“Don’t worry, leave it to me, I will keep an eye on him!”

He Hongwei is such a smart person, as soon as he heard it, he understood what Ji Feng meant, Wu Zhiyong is stimulated, I’m afraid he will do something irrational, as long as he is watched over him, he might be able to catch him in the act!

Campus Master Chapter 3012

The hot sale of Tengfei Electric’s 3d TV sets had dominated the headlines of almost all the major news papers during this period of time. Turn on the TV, but any news programme would always mention it, and the status and image of the Tengfei Group had risen sharply.

“Snap!”

Rong Suyan news video, a smile appeared on her face, her heart sighed at the strength of Ji Feng, think about when the Rong Peng Group is so strong, there is still the Wu family behind the support, but still only live in one place in Southern Guangdong, although there are business in the country, but that is only in the domestic.

The Tengfei Group, on the other hand, has only been in existence for a few years now, but it has already successfully entered the international arena, and its sales abroad are still so impressive.

This has to be admired.

Looking back at herself, the smile on Rong Suyan’s face gradually disappeared, and she could not help but sigh, now not only was she left with a little bit of family money, but even this family money was now shaky, and she did not know if she could still keep it.

The Wu family has become a nightmare for Rong Suyan!

Originally, Rong Suyan had stopped thinking about the Wu family and did not want to have anything to do with them, but unexpectedly, Wu Zhiyong’s sudden appearance turned her thoughts into a good wish – but only a wish!

The sudden arrival of Wu Zhiyong at her door had left Rong Suyan at a loss because she knew how powerful the Wu family was and that she and her father only had the last bit of capital left.

The most important thing was that just having money could not resist the Wu family at all. Very often, having more money is also a kind of trouble, especially, this money is still raw from the mouth of the Wu family!

Looking at the phone on the table, Rong Suyan pursed her lips and a look of hesitation surfaced on her face.

“Should I go?!”

Rong Suyan was a bit indecisive, but she knew that if she didn't go, then what awaited her was definitely not good, she more or less knew how ruthless Wu Zhiyong's methods were.

“Buzz~!”

Just then, the phone suddenly vibrated, the sudden sound made Rong Suyan's nerves jolt, she hurriedly scanned it and saw the three words Wu Zhiyong.

Finally, it was here!

Rong Suyan secretly said, pursed her lips, hesitated and picked up her phone, it was a text message from Wu Zhiyong, on the text message there was only one sentence.

“I'll be waiting for you at that place last time!”

Rong Suyan's face could not help but redden a little, Wu Zhiyong was pressing her step by step, that kind of aggressive posture made her not have the slightest strength to fight, which made her a little angry, but more helpless.

Taking a deep breath, Rong Suyan replied, “Sorry, I'm busy. Please speak up if you have something to say!”

A few moments later, Wu Zhiyong's text message came back, “Don't be capricious, you know my character!”

Looking at her phone, Rong Suyan held her tongue before she slammed it down!

After hesitating for a while, Rong Suyan skillfully pressed a number: “Dad, he sent a text message asking me to go meet with him.”

“Give Ji Feng a call!” Rong Peng said.

“Tell Ji Feng?” Rong Suyan was stunned.

Rong Peng said, “That's right, you should give Ji Feng a call now, since you have already made a choice, don't have any more hesitation, girl, since people have already forced us out of the way, then we have to make a trip ourselves!”

Rong Suyan was a little hesitant: “But Ji Feng can't protect us for a lifetime!”

This is what Rong Suyan hesitated about, she believed that even if her father didn't cooperate with Ji Feng, if she asked for Ji Feng's help, Ji Feng would definitely help.

But, Ji Feng could help them for a while, but not for a lifetime!

Unless they could kill Wu Zhiyong, or completely mess up the Wu family, the existence of the Wu family and Wu Zhiyong would always be a huge threat to them!

"Girl, I'm afraid it's useless now." Rong Peng didn't say much, he knew that his daughter was smart and would definitely be able to figure it out.

"I understand."

Rong Suyan nodded gently and hung up the phone, she couldn't help but let out a sigh, she originally thought that after separating from Wu Zhihe, she would never have anything to do with the Wu family again, but she didn't expect it.

Could it be that Wu Zhiyong had no regard for brotherly love at all?

Wu Zhihe was already dead, but Wu Zhiyong was still pushing her so hard?

"It has to come to this after all!" Rong Suyan couldn't help but feel some sighs in her heart, even though she had already broken up with Wu Zhihe, even though Wu Zhihe had already died, if she could, she just didn't want to have anything to do with the Wu family anymore, yet, she wasn't willing to have an unending relationship with the Wu family either.

Because only she knows that the feelings she had for Wu Zhihe at the beginning were all true, and she didn't want to let down the feelings she had given!

.....

Ji Feng took Yang Bin with him and once again arrived at the Jiangzhou military compound.

Xiang Yongzhan took all the information from the investigation to him and said, "This is the result of the investigation, the other side was obviously prepared and erased all traces, the clues were all cut off when they got here."

When Ji Feng heard this, he couldn't help but frown: "Not a single clue left?"

"The fugitive stole the car, ambushed near your neighborhood waiting for an opportunity to stab you, the source of the vehicle is fine, there are just a few violations, and the personnel can't find anything fishy, but anyone who is in contact with him has been checked, there are no clues!" Xiang Yongzhan shook his head, more or less not too good, after two days of investigation, but only found such a result, this is a bit too much shame!

Ji Feng listened to Xiang Yongzhan while taking the information and looking at it carefully, he couldn't help but say, "It looks like the other party was really well prepared, not a trace was left behind!"

Xiang Yongzhan said, "This is definitely an old hand, I focused on checking that driver's mobile phone call records, as well as the people he came in contact with during his escape, and ranked these people as

well, because since he was bribed to carry out an assassination on you no matter if it was a mission he received, or if he was bribed to do so, then there must be people who came in contact with him!"

Ji Feng nodded slightly, there was no problem with the direction of Xiang Yongzhan's detection, that is, the source of that driver, to put it bluntly, why did he come to assassinate himself, the answer was obvious, it must have been arranged by someone!

Then, if that mastermind wanted to arrange it, he must have had to contact that driver!

"But it turned out that nothing was found out!"

Xiang Yongzhan shook his head and said, "However, I checked that driver's numbers, and there is one number that has been in most frequent contact with him in the last few days, and I checked that number, and there is no identity registration!"

Ji Feng slowly said, "This means that the man behind the curtain was actually in contact with the driver through his mobile phone! What about the price he paid to buy that person? Did he spend money? Or was there some other way?"

"Someone kidnapped that fugitive's family!" Xiang Yongzhan said, "And, they've already been killed!"

"What?"

Ji Feng's eyebrows tightened as soon as he heard that.

Xiang Yongzhan handed over a few photos and said, "Take a look, these three people, they are that fugitive's family, his wife, son, and old mother, all three of them were killed! That fugitive's hometown is in the countryside, the people who kidnapped them did it at night, no one saw it!"

"Boom!"

Ji Feng heavily slammed the information on the table and said angrily, "It's simply heartless!"

Even the old man and the child were killed in order to silence them and leave no clues.

The company's main business is to provide a wide range of services and services to the public, including the provision of services and services to the public.

"Apart from these, what else did you find out?" Ji Feng asked.

"Actually, I've found out quite a few things, but, I'm afraid it's a bit difficult to continue to investigate."

Xiang Yongzhan said, "For example, the fragments of an improvised bomb were found at the scene of the car accident, following the line of that fugitive's murdered family, one can continue to trace the person responsible for carrying out the kidnapping and so on, all of these can be investigated, but the Special Operations Brigade has to go on frequent missions after all!"

"I understand!"

Ji Feng nodded, of course the special combat brigade can't just serve him alone, this is the sharp edge of the country, there will often be many dangerous tasks, Xiang Yongzhan can't always focus on him this one case.

Xiang Yongzhan said, "I'm going on a mission next, that's why I'm giving you the information." After a pause, he added: "In fact, I suggest you use your connections, it's best to be able to get the intelligence department to step in, they are the real professional level in terms of investigation, compared to them, I'm just an amateur!"

Ji Feng silently nodded, let the intelligence department help, this favor is not small!

"I won't say any more polite words, let's leave it at that for now." Ji Feng stood up, "I'll take all the information back with me!"

Leaving the barracks, Ji Feng couldn't help but frown as he sat in the car, Xiang Yongzhan's investigation was actually very efficient, it had only been two days and he had already found so many clues, only that many of them had been pinched off, it would definitely take a long time to investigate, and there might not even be any results.

This was certainly not something that could be of concern to Xiang Yongzhan for a long time, but it was not a problem for Ji Feng.

"Yang Bin, go to the company!" Ji Feng said.

"Yes."

Yang Bin nodded his head.

When he came to the company, Ji Feng first went to Han Zhong and Xiao Yuxuan, only to find that they were both busy, the current boom in the sale of 3d televisions had the whole group busy with their feet beating the back of their heads, so Ji Feng went to the security department and found Zhang Lei.

"Lei Zi, I'll give you a task, the investigation of the car accident has run into a bit of trouble, I'm going to give it to you, how about that?"

Campus Master Chapter 3013

The brief encounter with Wu Zhiyong was unknown to anyone other than a few of the parties involved, but that afternoon Ji Feng received a phone call and got the news that Wu Zhiyong had left Jiangzhou and returned directly to Yanjing.

When he got this news, Ji Feng just shook his head and smiled.

Although he had won this encounter in Jiangzhou, he actually knew in his heart that whether he had rebuked Wu Zhiyong for bullying a woman to his face and made him turn his head and leave, or he had kicked Wu Zhiyong in the hotel room where he was staying, it was only a battle of wills and could not break Wu Zhiyong's bones at all.

Apart from making Wu Zhiyong even more annoyed, it did not cause Wu Zhiyong any greater trouble.

This was not even as good as knocking out one of Wu Zhiyong's hands. However, for Ji Feng, this had extraordinary significance because it meant that the encounter between him and Wu Zhiyong had changed from the previous arm wrestling to a face-to-face contest.

The next battle would be a bayonet fight!

“Wu Zhiyong has left?”

When she received Ji Feng’s phone call, Rong Suyan was surprised, but more than that, she was delighted, “When did you leave?”

Ji Feng smiled and said, “Not long, just arrived in Yanjing now.”

Rong Suyan couldn’t help but be a little surprised, “You’ve been keeping track of his whereabouts?”

This means that Ji Feng must have been keeping an eye on Wu Zhiyong, which made Rong Suyan secretly staggered, Ji Feng’s energy was really powerful beyond her imagination, even for a person of Wu Zhiyong’s status, his every move was clear to Ji Feng, which was really surprising.

Ji Feng laughed: “It’s not that exaggerated, but in this mu and three parts of Jiangzhou, I can still grasp it!”

The last time the conflict between Ji Feng and Wu Zhiyong happened in a hotel, it was a high-class hotel, which was also very famous in Jiangzhou, the owner of the hotel was naturally a very well-informed person, and through some unknown means, he soon knew who the two parties involved in the conflict were.

This almost scared the hotel owner, two great gods had clashed in his hotel, God knows whether both sides would be angry with him, if these two great gods had spread their anger on his head, even if he had the background and backstage, he would definitely be unlucky!

And then, this hotel owner wisely made his decision and immediately made his choice.

From then on, Wu Zhiyong’s every move could no longer escape Ji Feng’s eyes.

And since the two sides had thoroughly met face to face, Ji Feng naturally would not take it lightly anymore, so even if Wu Zhiyong returned to Yanjing, Ji Feng was able to receive the news at the first opportunity.

Wu Zhiyong was born and raised in Yanjing, but it’s not like he, Ji Feng, didn’t have any contacts in Yanjing!

“He didn’t contact you again, did he?”

These thoughts flashed through his mind, and Ji Feng’s thoughts were quickly pulled back as he asked with a smile.

Rong Suyan said, “No.”

Ji Feng smiled and said, “That’s good, if he contacts you again in the future, you should tell me directly, don’t press it in your heart alone, it’s not good!”

She knew that Ji Feng was talking about her previous contact with Wu Zhiyong. In fact, at that time, her heart had really wavered for a moment because Wu Zhiyong had put too much pressure on her.

In fact, from the time the Rongpeng Group broke up and she and her father left the Rongpeng Group, in the eyes of the outside world, there was already a deep relationship between their family and Ji Feng, and it could be said that the Rong family had already been tagged with the Ji family since that time.

If she really bowed down to Wu Zhiyong this time, the blow to Ji Feng, the impact on his image, would be quite serious.

If the people who were originally turned against him turned against him again, what would others think of Ji Feng?

It would definitely be generally believed that Wu Zhiyong had a high game, and the praise originally given to Ji Feng would, I'm afraid, become a laughing stock, which is definitely not good for Ji Feng!

"Just do business in peace from now on, it's fine!" Ji Feng naturally did not know what Rong Suyan was thinking, he just heard no sound on the phone for a long time, he thought Rong Suyan was still worried, so he smiled and comforted her.

"Ji Feng!"

Rong Suyan suddenly shouted.

Ji Feng smiled and asked, "What's wrong? Something else?"

Rong Suyan pursed her lips before she said, "Thanks!"

Ji Feng laughed, "It's just a little thing, it's easily solved, no need to be polite!"

"Mm."

Rong Suyan nodded and gave a hint, then she didn't say anything else, although she knew that Ji Feng didn't understand what she meant, but she had already said what she should have said, as for some things, it would be good to keep them in her heart, and there was no need to say them.

.....

The car of Qin Feiyu was originally a black KAI Peng production car, but considering Qin Feiyu's concealment and sometimes to have some action, so Ji Feng gave him a cross-country car, originally according to Ji Feng's idea, is intended to give Qin Feiyu a luxury some cross-country car, but, Qin Feiyu but chose a Grand Cherokee.

By now it was already dark, Qin Feiyu was sitting in the car eating bubble noodles, but his eyes were glancing at a villa not far away from time to time.

This was his mission this time, to spy on the people in the villa.

On the passenger seat sat a notebook with dense writing all over it, this was Qin Feiyu's habit, despite the fact that he had now entered the information age, Qin Feiyu still liked to use this more primitive tool.

"Hum~"

The roar of an engine came, and a bright headlight shone from a short distance ahead. Qin Feiyu immediately crouched crookedly on the centre console and tilted his head to look over.

He saw a silver car pull up across the street, headlights out, and a young man in a suit got out of the car. Qin Feiyu's car did not have the lights on, so when he saw the other party's headlights go out he

immediately sat up straight and prepared to continue eating his noodles, but he had just taken two bites when he unexpectedly noticed that the young man who had gotten out of the car had looked around and then walked towards the villa.

Qin Feiyu had no time to eat the noodles, he immediately picked up the camera at hand and started taking pictures.

Although it was already dark, it did not affect this camera with infrared function in any way. Qin Feiyu squinted his eyes and stared at the young man, following the habit of the previous days, he would record all the people who entered and left this villa, including the time they entered and left, as well as the means of transport they took, including their clothes, etc., while taking pictures.

This time was no exception.

After taking the photos, Qin Feiyu intended to pick up his notepad and record them, but unexpectedly found that the young man did not enter the villa, but stood at the villa's front door for a while before turning around and walking away again.

Qin Feiyu frowned slightly, this person was really a bit strange, there was light in the window on the first floor of the villa, which meant that there was someone in the villa, according to his surveillance, there was indeed another person in the villa, originally there were two people, but one of them had left, according to the intelligence, this person had gone to Nan Yue, to be precise, back to Nan Yue.

Now there was still one person left inside.

Then this young man had obviously come to this villa to look for someone, so why did he not go in when he reached the door?

Qin Feiyu immediately kept an eye on the young man's movements, and he noticed that after walking back a few steps, this person looked back from time to time, and then this person suddenly turned around and went around to the other side of the villa.

"Something's going on!"

The famous Flying Fish, who was really no stranger to this little bit of daoism, immediately understood as soon as he saw the young man's movements that this person had come probably looking for someone, but definitely not with any good intentions.

Qin Feiyu immediately got out of the car quietly and followed him over.

He then saw that the young man had gone around to the back of the villa, and when he was still some distance away, he ran and jumped with a sudden bound, and with extremely nimble and athletic hands, he grabbed the edge of the window on the first floor, and without seeing him move too much, he quietly opened the window.

He didn't expect this man to be a master. The security window outside the villa did not affect him, which was not a good thing for the people in the villa, but for Qin Feiyu, it was good news.

After so many days of squatting here, it had always been boring and tedious to record some people and events that came in and out, now finally something new came.

However, this unexpected appearance also made Qin Feiyu realise that things might change a bit, he quietly took a few steps back and immediately took out his mobile phone and sent a text message, "Boss, someone has broken into the villa at night, fearing malicious intent, please instruct."

After dinner, Tong Lei and Xiao Yuxuan were sitting on the sofa watching TV, and Xiao Ying and a few others were also there.

Seeing a hint of weariness on Tong Lei's clear and pretty face, Ji Feng couldn't help but feel a little heartbroken, knowing that she must have worked hard during this period of time as she was busy with school matters.

Ji Feng silently walked behind the sofa and put his hand on Tong Lei's shoulder, gently kneading it.

Tong Lei smiled sweetly, "Thank you."

Ji Feng laughed heatedly, "It's only right to give your wife a massage, but if you want to thank me, I won't refuse!"

Xiao Yuxuan gave him a blank look and said, "Then how do you want Lei Lei to thank you?"

For Ji Feng to give Tong Lei a massage, Xiao Yuxuan was really not jealous at all, not to mention the relationship between her and Tong Lei was as close as sisters, even if it was just an ordinary relationship, seeing such a clear and beautiful beauty like Tong Lei, she was a bit moved, not to mention that Tong Lei's heart was pure, and it was only right for Ji Feng to pamper her.

"How would you like to be thanked?"

Ji Feng smiled badly and said, "What do you guys say then?"

As soon as Xiao Yuxuan saw his smile, she knew that this guy definitely didn't have any good ideas in mind, so she said, "Or else, let Lei Lei approve you to find another little wife?"

Sweat!

Ji Feng instantly wilted.

Campus Master Chapter 3014

The brief encounter with Wu Zhiyong was unknown to anyone other than a few of the parties involved, but that afternoon Ji Feng received a phone call and got the news that Wu Zhiyong had left Jiangzhou and returned directly to Yanjing.

When he got this news, Ji Feng just shook his head and smiled.

Although he had won this encounter in Jiangzhou, he actually knew in his heart that whether he had rebuked Wu Zhiyong for bullying a woman to his face and made him turn his head and leave, or he had kicked Wu Zhiyong in the hotel room where he was staying, it was only a battle of wills and could not break Wu Zhiyong's bones at all.

Apart from making Wu Zhiyong even more annoyed, it did not cause Wu Zhiyong any greater trouble.

This was not even as good as knocking out one of Wu Zhiyong's hands. However, for Ji Feng, this had extraordinary significance because it meant that the encounter between him and Wu Zhiyong had changed from the previous arm wrestling to a face-to-face contest.

The next battle would be a bayonet fight!

"Wu Zhiyong has left?"

When she received Ji Feng's phone call, Rong Suyan was surprised, but more than that, she was delighted, "When did you leave?"

Ji Feng smiled and said, "Not long, just arrived in Yanjing now."

Rong Suyan couldn't help but be a little surprised, "You've been keeping track of his whereabouts?"

This means that Ji Feng must have been keeping an eye on Wu Zhiyong, which made Rong Suyan secretly staggered, Ji Feng's energy was really powerful beyond her imagination, even for a person of Wu Zhiyong's status, his every move was clear to Ji Feng, which was really surprising.

Ji Feng laughed: "It's not that exaggerated, but in this mu and three parts of Jiangzhou, I can still grasp it!"

The last time the conflict between Ji Feng and Wu Zhiyong happened in a hotel, it was a high-class hotel, which was also very famous in Jiangzhou, the owner of the hotel was naturally a very well-informed person, and through some unknown means, he soon knew who the two parties involved in the conflict were.

This almost scared the hotel owner, two great gods had clashed in his hotel, God knows whether both sides would be angry with him, if these two great gods had spread their anger on his head, even if he had the background and backstage, he would definitely be unlucky!

And then, this hotel owner wisely made his decision and immediately made his choice.

From then on, Wu Zhiyong's every move could no longer escape Ji Feng's eyes.

And since the two sides had thoroughly met face to face, Ji Feng naturally would not take it lightly anymore, so even if Wu Zhiyong returned to Yanjing, Ji Feng was able to receive the news at the first opportunity.

Wu Zhiyong was born and raised in Yanjing, but it's not like he, Ji Feng, didn't have any contacts in Yanjing!

"He didn't contact you again, did he?"

These thoughts flashed through his mind, and Ji Feng's thoughts were quickly pulled back as he asked with a smile.

Rong Suyan said, "No."

Ji Feng smiled and said, "That's good, if he contacts you again in the future, you should tell me directly, don't press it in your heart alone, it's not good!"

She knew that Ji Feng was talking about her previous contact with Wu Zhiyong. In fact, at that time, her heart had really wavered for a moment because Wu Zhiyong had put too much pressure on her.

In fact, from the time the Rongpeng Group broke up and she and her father left the Rongpeng Group, in the eyes of the outside world, there was already a deep relationship between their family and Ji Feng, and it could be said that the Rong family had already been tagged with the Ji family since that time.

If she really bowed down to Wu Zhiyong this time, the blow to Ji Feng, the impact on his image, would be quite serious.

If the people who were originally turned against him turned against him again, what would others think of Ji Feng?

It would definitely be generally believed that Wu Zhiyong had a high game, and the praise originally given to Ji Feng would, I'm afraid, become a laughing stock, which is definitely not good for Ji Feng!

"Just do business in peace from now on, it's fine!" Ji Feng naturally did not know what Rong Suyan was thinking, he just heard no sound on the phone for a long time, he thought Rong Suyan was still worried, so he smiled and comforted her.

"Ji Feng!"

Rong Suyan suddenly shouted.

Ji Feng smiled and asked, "What's wrong? Something else?"

Rong Suyan pursed her lips before she said, "Thanks!"

Ji Feng laughed, "It's just a little thing, it's easily solved, no need to be polite!"

"Mm."

Rong Suyan nodded and gave a hint, then she didn't say anything else, although she knew that Ji Feng didn't understand what she meant, but she had already said what she should have said, as for some things, it would be good to keep them in her heart, and there was no need to say them.

.....

The car of Qin Feiyu was originally a black KAI Peng production car, but considering Qin Feiyu's concealment and sometimes to have some action, so Ji Feng gave him a cross-country car, originally according to Ji Feng's idea, is intended to give Qin Feiyu a luxury some cross-country car, but, Qin Feiyu but chose a Grand Cherokee.

By now it was already dark, Qin Feiyu was sitting in the car eating bubble noodles, but his eyes were glancing at a villa not far away from time to time.

This was his mission this time, to spy on the people in the villa.

On the passenger seat sat a notebook with dense writing all over it, this was Qin Feiyu's habit, despite the fact that he had now entered the information age, Qin Feiyu still liked to use this more primitive tool.

“Hum~”

The roar of an engine came, and a bright headlight shone from a short distance ahead. Qin Feiyu immediately crouched crookedly on the centre console and tilted his head to look over.

He saw a silver car pull up across the street, headlights out, and a young man in a suit got out of the car. Qin Feiyu's car did not have the lights on, so when he saw the other party's headlights go out he immediately sat up straight and prepared to continue eating his noodles, but he had just taken two bites when he unexpectedly noticed that the young man who had gotten out of the car had looked around and then walked towards the villa.

Qin Feiyu had no time to eat the noodles, he immediately picked up the camera at hand and started taking pictures.

Although it was already dark, it did not affect this camera with infrared function in any way. Qin Feiyu squinted his eyes and stared at the young man, following the habit of the previous days, he would record all the people who entered and left this villa, including the time they entered and left, as well as the means of transport they took, including their clothes, etc., while taking pictures.

This time was no exception.

After taking the photos, Qin Feiyu intended to pick up his notepad and record them, but unexpectedly found that the young man did not enter the villa, but stood at the villa's front door for a while before turning around and walking away again.

Qin Feiyu frowned slightly, this person was really a bit strange, there was light in the window on the first floor of the villa, which meant that there was someone in the villa, according to his surveillance, there was indeed another person in the villa, originally there were two people, but one of them had left, according to the intelligence, this person had gone to Nan Yue, to be precise, back to Nan Yue.

Now there was still one person left inside.

Then this young man had obviously come to this villa to look for someone, so why did he not go in when he reached the door?

Qin Feiyu immediately kept an eye on the young man's movements, and he noticed that after walking back a few steps, this person looked back from time to time, and then this person suddenly turned around and went around to the other side of the villa.

“Something's going on!”

The famous Flying Fish, who was really no stranger to this little bit of daoism, immediately understood as soon as he saw the young man's movements that this person had come probably looking for someone, but definitely not with any good intentions.

Qin Feiyu immediately got out of the car quietly and followed him over.

He then saw that the young man had gone around to the back of the villa, and when he was still some distance away, he ran and jumped with a sudden bound, and with extremely nimble and athletic hands, he grabbed the edge of the window on the first floor, and without seeing him move too much, he quietly opened the window.

He didn't expect this man to be a master. The security window outside the villa did not affect him, which was not a good thing for the people in the villa, but for Qin Feiyu, it was good news.

After so many days of squatting here, it had always been boring and tedious to record some people and events that came in and out, now finally something new came.

However, this unexpected appearance also made Qin Feiyu realise that things might change a bit, he quietly took a few steps back and immediately took out his mobile phone and sent a text message, "Boss, someone has broken into the villa at night, fearing malicious intent, please instruct."

After dinner, Tong Lei and Xiao Yuxuan were sitting on the sofa watching TV, and Xiao Ying and a few others were also there.

Seeing a hint of weariness on Tong Lei's clear and pretty face, Ji Feng couldn't help but feel a little heartbroken, knowing that she must have worked hard during this period of time as she was busy with school matters.

Ji Feng silently walked behind the sofa and put his hand on Tong Lei's shoulder, gently kneading it.

Tong Lei smiled sweetly, "Thank you."

Ji Feng laughed heatedly, "It's only right to give your wife a massage, but if you want to thank me, I won't refuse!"

Xiao Yuxuan gave him a blank look and said, "Then how do you want Lei Lei to thank you?"

For Ji Feng to give Tong Lei a massage, Xiao Yuxuan was really not jealous at all, not to mention the relationship between her and Tong Lei was as close as sisters, even if it was just an ordinary relationship, seeing such a clear and beautiful beauty like Tong Lei, she was a bit moved, not to mention that Tong Lei's heart was pure, and it was only right for Ji Feng to pamper her.

"How would you like to be thanked?"

Ji Feng smiled badly and said, "What do you guys say then?"

As soon as Xiao Yuxuan saw his smile, she knew that this guy definitely didn't have any good ideas in mind, so she said, "Or else, let Lei Lei approve you to find another little wife?"

Sweat!

Ji Feng instantly wilted.

Campus Master Chapter 3015

Seeing Ji Feng's slightly embarrassed look, Xiao Yuxuan couldn't help but laugh delicately, and a smirk also surfaced on Tong Lei's clear and pretty face.

"This demon spirit!"

Ji Feng couldn't help but give Xiao Yuxuan a fierce glare and was about to speak when his phone suddenly vibrated and made a crisp sound, "Dingdong!"

It was the text message ringtone.

He immediately took out his phone and looked at it, and his eyebrows couldn't help but raise slightly.

The text message from Qin Feiyu had more or less surprised Ji Feng, someone had actually visited the villa at night?

After thinking about it, Ji Feng immediately sent back a message, "Watch closely and improvise!"

And then, he couldn't help but sneer, it looked like there were really quite a few people who were concerned about Zhai Yadong and Shao Jie!

The villa that Qin Feiyu was watching was the same villa that Shao Jie and Zhai Yadong had lived in before in Jiangzhou! Ever since he caught Old Li in the villa next door and found Professor Yu, Ji Feng had been paying extra attention to Shao Jie and Zhai Yadong because these things were too coincidental, but he was convinced that in this world, there were definitely not that many coincidences!

There must be some connection between them!

Especially when Ji Feng learned from Xiang Yongzhan that a voice changer had been searched in that villa of Zhai Yadong and Shao Jie, this made Ji Feng even more suspicious.

What would an ordinary person need a voice changer for? Obviously there must be something fishy about it!

But with the Wu family around, if there was no evidence it was impossible to catch Shao Jie and Zhai Yadong, and even if they were caught, they would have to be released in the end just like last time, which would instead also alert the snake.

The company's main business is to provide a wide range of products and services to its customers.

Before this, Ji Feng had received a message from Qin Feiyu that Zhai Yadong had returned to Southern Guangdong, and Ji Feng had also received information from there that Zhai Yadong was currently in Yuezhou, and only Shao Jie was left in the villa at this time.

There had been no movement in the past two days, so Ji Feng thought that Shao Jie might have noticed that someone was watching him, and was thinking that if there was still no movement from Shao Jie in a couple of days, he would withdraw Qin Feiyu back, but then he suddenly received a text message from Qin Feiyu.

"Things are finally getting a bit interesting!"

Ji Feng gave a cold laugh.

It seemed that there were obviously people besides him who were paying attention to Shao Jie and Zhai Yadong, and Ji Feng vaguely felt that this might be an opportunity to maybe take this opportunity to discover something that he had never discovered before.

The actual fact is that you can find a lot more than just a few of these.

.....

When he received Ji Feng's text message, Qin Feiyu couldn't help but frown.

There was some ambiguity in Ji Feng's words, he could tell that the person who was breaking into the villa was eight times out of ten a bad person, and there was only one person in the villa at the moment, and judging from the skill of this intruder, I'm afraid that the person in the villa was no match for him, and if anything happened, someone might die!

Qin Feiyu had intended to ask Ji Feng if he should step in to save the person if such a situation really arose, but Ji Feng did not give him any instructions in this regard!

After pondering carefully for a moment, Qin Feiyu suddenly understood that Ji Feng had not given him instructions in this regard, so he should have told him to just be an outsider and watch this matter with a cold eye, regardless of what the intruder was here to do, he should stay out of it.

Understanding Ji Feng's meaning, Qin Feiyu knew what to do.

He quietly hid under the wall of the villa and listened to the sounds inside. He only saw that the intruder had entered the interior of the villa after opening the window, but there was no sound coming out from inside.

Qin Feiyu immediately followed and also climbed up through the window on the first floor, only he was extra careful, if he was discovered, then he would have lost all his work before.

Quietly raising his head, Qin Feiyu found that the intruder had disappeared and the entire first floor living room was empty, with no one in sight.

Which room had he entered?

Qin Feiyu waited patiently, both hands climbing the edge of the window in silence.

"What man?!"

He knew that the other party must not have found him, and that the intruder had been discovered.

As expected, a furious shout was then heard, followed by the sound of a struggle, interspersed with a frightened voice: "Who the hell are you and what do you want?!"

An icy voice came through, "To take your life!"

"Ah...!"

Someone exclaimed loudly, Qin Feiyu immediately heard that it was the voice of the villa owner, and it seemed that the intruder had gone after him.

"Boom!"

"Clatter-!" A sound.

Only the sound of breaking glass was heard, and then Qin Feiyu heard a miserable scream, but it seemed rather far away.

Without saying a word, Qin Feiyu immediately let go of his hands and landed steadily on the ground, then quickly walked around the villa and saw that at the main entrance of the villa the first floor window

had broken and a man was wailing loudly and painfully in the courtyard, just as Qin Feiyu had just gone around the corner just in time to see a figure jumping down from the broken window on the first floor.

It seemed that the intruder had knocked the owner of the villa down, and in the violent struggle the two of them should have smashed the glass of the first floor window, and the owner of the villa fell to the ground, and from the sound of his screams he should have been injured, but it should not be a fatal injury.

“Help! Help-!”

“What’s the matter?”

“What kind of person shouts for help?”

Just as the intruder was about to continue his poisonous attack, two voices suddenly came from the distance, along with a torch shining over.

The intruder saw that someone was coming and turned around and left.

The owner of the villa was struggling desperately on the ground and crawling out, while desperately calling for help. Qin Feiyu could not help but shake his head, the security guards were here, but the intruder was not professional enough.

If the intruder was quick enough, he could have killed the owner of the villa before the two security guards arrived.

But unfortunately, this person was unprofessional and seemed to have limited guts, he left in a hurry as soon as he saw the security guards coming, which was a pity!

Qin Feiyu suddenly shook his head and smiled, his own occupational disease was back.

Seeing the security guards coming over, Qin Feiyu hurried back to the car, then immediately called Ji Feng to explain the situation.

“Boss, should I follow that intruder?” Qin Feiyu asked over the phone.

“Follow him!”

Ji Feng’s voice came over the phone without the slightest hesitation, “Since Shao Jie is injured, he has no other place to go, he will definitely go to the hospital, you follow that assassin now and see where he is going.”

After hanging up the phone, Ji Feng couldn’t help but frown, the development of things really surprised him a bit, someone came to assassinate Shao Jie?

Ji Feng had come into contact with Shao Jie a few times and knew that this person was very arrogant, perhaps because of his relationship with the Wu family, Shao Jie’s style of action was very domineering, according to the investigation, he had offended quite a few people.

However, none of this was enough to bring him to his doom, but now someone wanted him dead, which was interesting.

“What’s wrong? Is there something wrong?”

Seeing Ji Feng texting and calling from time to time, Xiao Yuxuan couldn’t help but ask.

Ji Feng shook his head and smiled, “Nothing’s wrong, just a little problem.”

About an hour later, he received a call from Qin Feiyu again, in which Qin Feiyu brought a not too good news.

“Boss, we’ve lost the man!” Qin Feiyu said.

“What’s going on?” Ji Feng immediately asked.

“I followed that intruder all the way to a bar, but the person disappeared after I went in.” Qin Feiyu said, “Maybe it was because I was careless and let the other party notice that someone was following, so they took the opportunity to get rid of me.”

Ji Feng nodded and said, “It’s alright, if you lost him, just lose him, you tell me the name and address of the bar, I’ll have someone check it out later, you go back and follow Shao Jie right now!”

Qin Feiyu nodded and suddenly said, “By the way, the other party’s car is still in the car park outside the bar, I’ve written down the license plate.”

“Then send me all this information, and I’ll send another person to check it out!” Ji Feng said.

“Yes!”

After ending the call, Ji Feng stood for a while before picking up his phone to dial the number.

Early the next morning Ji Feng got the news that Shao Jie had been attacked and seriously injured, stabbed in the chest, while a leg was broken, and was currently in Jiangzhou First People’s Hospital.

Ji Feng had been following the progress of this matter, and gradually, he discovered a strange phenomenon.

The Jiangzhou police had already intervened in the case and started to investigate, but what Ji Feng was really paying attention to was the reaction of the Wu family. The attack on Shao Jie was tantamount to hitting the Wu family in the face, or at least to a certain extent, such an act was targeting the Wu family.

But Ji Feng felt strange that the Wu family did not seem to have any overreaction to this, even, he had not heard of anyone from the Wu family intervening in this matter, but only handed the case over to the Jiangzhou police?

This is to give the second uncle a problem?

Ji Feng quickly dismissed this idea, it was just a small case, it was nothing in a big city like Jiangzhou, and the involvement of the Interpol team was already very dignified, it did not involve Uncle Er at all.

This is also where Ji Feng is strange, the reaction of the Wu family, a little strange.

The fact that Shao Jie was so arrogant must have depended on the Wu family, but now that Shao Jie was attacked, the Wu family didn’t even react?

It is said that it was Wu Zhiyong who slapped the table over this matter on some private occasion and let out the word that the murderer must be found. Such ruthless words seem to be proof that Wu Zhiyong is still the youngest of the Wu family.

However, the atmosphere in the middle of this Ji Feng always felt that there was something wrong.

But what exactly was wrong, he hadn't caught any clue yet!

Campus Master Chapter 3016

The assault on Shao Jie did not seem to stir up any ripples. The Jiangzhou police did not seem to treat it as a major case, and the Wu family did not react much, although to the outside world it did not seem like much, as Shao Jie was just a simple assistant general manager of the South Guangdong Brilliant Group.

If it was Zhai Yadong who was attacked, then there would be something to talk about, but now it was just Shao Jie who was attacked, but not many people were concerned.

Ji Feng felt a little strange, this atmosphere always makes him feel a little twisted, but what exactly is twisted, he can not say, but in his heart is always uncomfortable.

For this reason, Ji Feng also gave a phone call to He Hongwei.

But He Hongwei's response was a bit surprising to Ji Feng. He Hongwei laughed on the phone, "You mean the attack on Shao Jie? I thought it was something, old brother, such a villain you also put in your eyes?"

Ji Feng frowned, "Villain?"

"Isn't it?"

He Hongwei said, "Have you done any understanding of Shao Jie's background? This person is a classmate with Wu Zhihe, also a Yanjing native, because of his relationship with Wu Zhihe, he leaned on the Wu family, and his brother Shao Wen is said to have benefited from this, by the way, I heard that last year you seemed to have cleaned up Shao Wen, why don't you understand?"

Ji Feng nodded and said, "I know all this, I'm just a bit strange." The identity of Shao Jie was certainly clear to Ji Feng, when Qin Shujie's jewellery transport truck was detained in Yanjing, it was Shao Wen who was in the middle of the trouble, for this reason he also broke up with the Wu family, and the oldest Wu family member, Wu Zhengxin, was also sent to prison because of this.

At that time Ji Feng had learned about the Shao family in detail, and there was nothing out of the ordinary about it.

"Then what's strange to you?" He Hongwei asked.

"I can't say, I just feel that, with Shao Jie's arrogant behaviour on a regular basis, it always gave me the impression that his position in the Wu family didn't seem like he was just a classmate of Wu Zhihe, if I hadn't investigated him, I would have thought that he was a son of the Wu family!" Ji Feng said.

“Humph! A villain is arrogant, of course he is arrogant!” He Hongwei coldly snorted with disdain and said, “It’s not that you don’t know how arrogant the Wu family used to be, their style of action was quite overbearing, that Shao Jie thought he was leaning on the Wu family, it’s not hard to understand why he was a bit arrogant in his actions.”

Ji Feng nodded silently, what He Hongwei said was somewhat reasonable. He asked, “Then how come the Wu family didn’t react this time?”

He Hongwei said, “Is this not hard to understand? There is a saying that says, “Poor people in the downtown area are not asked, but rich people in the deep mountains have distant relatives. With the status of the Wu family, there are many such students and relatives who want to climb up to the Wu family, and this Shao Jie is just one of them.

“That’s true!”

Ji Feng nodded slightly and said, “It seems that this Shao Jie is really a bit too arrogant.” Not even a relative of the Wu family, just a villain who climbed the dragon and phoenix, how dare he be so arrogant!

Ji Feng had dealt with Shao Jie a few times, and he found that this person was really quite arrogant, even if Wu Zhihe was alive at that time, I’m afraid he was only like that!

A dog fighting for power!

Ji Feng couldn’t help but shake his head and laugh, it seemed that he was thinking too much.

“What do the circles in Yanjing think about this matter?” Ji Feng casually asked again.

“How else can they look at it? A small person like him simply can’t draw attention to himself, if he didn’t have ties to the Wu family, I’m afraid no one would even know his name, let alone pay attention to him!”

He Hongwei said, “If it was Zhai Yadong who was attacked, then it would be something to pay attention to, a mere Shao Jie tsk tsk!”

He tsked twice without saying more, but the meaning in those words was already clearly expressed.

“Older brother, I heard that your steel factory is being prepared?” He Hongwei suddenly asked, not interested in continuing on the topic of Shao Jie, but more concerned about Ji Feng’s handiwork.

“It is being prepared.”

Ji Feng smiled, “But I’m not too sure about the details, Rong Peng is in charge of this aspect, why, are you, Mr. He, also interested?”

He Hongwei laughed, “Of course! You probably don’t know yet, do you? Any commercial project that has something to do with the Tengfei Group nowadays, I don’t know how many people are staring at it, it’s the meat and potatoes of people’s eyes! How about it, old brother, do you plan to cooperate?”

“Cooperation?”

Ji Feng was stunned, and then he understood what He Hongwei meant, he laughed, "Brother Hongwei, I'm afraid I can't this time."

He Hongwei asked, "It's because of the military, right? I knew that but if there are any good business projects next time, you can't eat alone again! Older brother my side is looking forward to it!"

There was cooperation between the Tengfei Group and the military, He Hongwei was clear about it. Although he didn't know about the laser gun project, he was vaguely aware that the Tengfei Group was working with the military on some new projects, and he was able to inquire about this.

However, the military's business was very good. The special effects current that the He family, the Xiang family and the Tengfei Group had cooperated on had made a huge profit for He Hongwei, and he understood how big the opportunity was.

But now since Ji Feng said no, it must be inconvenient for him to get involved, so He Hongwei didn't insist.

"A good business project?" Ji Feng smiled at his words and shook his head, saying, "I can't say about that, anyway, there will definitely be commercial projects in the future, but if they are not good projects, that's a matter of opinion."

"Oh, that was a slip of the tongue on my part." He Hongwei laughed, "How about this, whenever there is any commercial project in the future, consider brother me first, as long as it is a project launched by the Tengfei Group, I have absolutely no second thoughts and will definitely participate, is that alright?"

"If it's suitable, it's no problem." Ji Feng smiled.

"You kid"

Hearing that Ji Feng was still discounting even his promises, He Hongwei was a bit helpless, he knew Ji Feng's mouth was strict, but he didn't expect it to be strict!

In fact, He Hongwei very much hoped to cooperate with Tengfei Group again, Tengfei Group has not launched many projects, although it is a group of companies, but not like other large groups involved in multiple industries, Tengfei Group has only done two things so far, one is medicine, and the other is television, and both of them are a hot mess, each product is the top in the same industry, and there is no product that can even compete with it! There is no product that can compete with them!

Whether it is the Kang Yuan slimming powder for the pharmaceutical and health product markets, or the 3D TV sets, they have all swept the market so far, and even those large multinational groups can only rely on their extensive sales channels and so on to compete with the Tengfei Group, but in terms of the products themselves, no one dares to say that their products are better than those of the Tengfei Group!

As for other products such as the browser launched by Tengfei, they are only incidental to the Tengfei Group, while the two main products, the slimming powder and the 3D TV, are like two fists that are invincible!

In fact, in addition to that, He Hongwei also knows that the Tengfei Group has the product of special effect current, which is only heavy artillery, if not because of the agreement with the state, now this kind of product in the international market will absolutely sell like crazy!

I believe no soldier can refuse this kind of medicine that can almost be said to be a life-saving medicine on the battlefield!

So take a closer look, every product launched by the Tengfei Group has such a killing power, especially after the 3D TV sets have exploded on the international market, now the Tengfei Group has become the focus of attention for almost the entire business community in China.

Every move made by the Tengfei Group is being closely watched!

He Hongwei, who knew more about this, naturally did not want to miss the opportunity, so he had to let Ji Feng loose today no matter what.

“Older brother, the terms and conditions are fine, but if you have the intention to cooperate, you must think of me first, older brother here thank you in advance!” He Hongwei smiled, “Then we have a deal.”

“I this

Ji Feng couldn't help but smile bitterly, I haven't agreed yet, okay, but He Hongwei's words have come to this point, Ji Feng really can't afford not to agree, “No problem, since you, Mr. He, have asked for it, there is nothing wrong with it!”

He Hongwei couldn't help but smile, “Then, let's make a deal!”

He hung up the phone, He Hongwei was in a good mood, now he was in control of the He family's business empire, but because of the Chinese system, perhaps in a decade or two, he would also be at the heart of the He family, but he might not be the only one, it depended on whether there were more talented people coming out of the He family, and at the same time, it also depended on whether he could make the He family's business stronger!

Working with the Tengfei Group will undoubtedly be a path to prosperity!

Especially after the branding of 3d TV sets all over the world, the future path of Tengfei Group is already destined to shine brightly, next, it depends on how far he can cooperate with Ji Feng!

“This guy

Ji Feng put away the phone and couldn't help but shake his head and smile, when did He Hongwei learn to use this trick too.

But

Ji Feng suddenly thought of something and couldn't help but feel a stir in his heart, he finally thought of what exactly was wrong!

Shao Jie's attitude!

Strictly speaking, it should be Shao Jie's attitude towards Zhai Yadong that made Ji Feng feel something was wrong!

The first time he met Shao Jie was in Zhai Yadong's office at the headquarters of the Brilliant Group in Southern Guangdong, when he first met Shao Jie and knew for the first time that he was so arrogant, but that was not the point.

At that time, Ji Feng felt that Shao Jie seemed to have more status than Zhai Yadong in the Brilliant Group, but Zhai Yadong was the general manager, while Shao Jie was only an assistant general manager!

This was what was wrong!

Campus Master Chapter 3017

Yanjing.

Standing outside a building, Wu Zhiyong looked up and an imperceptible cold smile flashed across his face.

This was Second Uncle's new flat!

Wu Zhiyong tugged at the corner of his mouth, Second Uncle was taking a giant leap forward!

In the middle of the year, Wu Zhengxiang took a step forward in his original position. Anyone with a discerning eye would know that this was his first step as a successor to his elder brother Wu Zhengmin, and there was actually resistance in this matter, but the old man of the Wu family had given the word, and not many people would fight the Wu family tooth and nail on this issue, so Wu Zhengxiang's promotion was quite smooth.

Today is the third day that Wu Zhiyong has returned to Yanjing. After visiting his father and the old man, Wu Zhiyong has come here, today, to meet his second uncle whom he has not seen for a long time!

Wu Zhengxiang's office.

"Zhiyong, have you gone to see your father?" Wu Zhengxiang asked with a smile.

"Seen him." Wu Zhiyong nodded his head.

Wu Zhengxiang sighed and said, "The sky is unpredictable, no one expected that your father would fall ill so suddenly, and it is actually a very difficult disease, even those few national experts could not find out what the disease is. I, too, have been busy these days and have not been able to find the time to go and see him."

"Second Uncle is busy with work, I understand." Wu Zhiyong nodded his head.

It was true that Yanjing was very big, but there was always time to go and see him, but since his father had fallen ill, his second uncle had only been there a limited number of times, and only a few times when his father had just fallen ill, but he had never been there since then.

What was on everyone's mind, but not everyone was a fool!

"It's best if you can understand."

Wu Zhengxiang nodded and said, "Now that you are in the system and have been away for so long, it is better to work first, so don't keep staying in Yanjing, go back to work as soon as possible."

Wu Zhiyong nodded his head and said, "I plan to go back tomorrow!"

"Well, good!"

Wu Zhengxiang nodded with great satisfaction and said, "When you come out to do your job, you have to learn to deal with all kinds of events and learn to put your main focus on your work, so that you can do your job well and live up to the people's expectations of us!"

Looking at this second uncle who had already started to play official in front of himself, Wu Zhiyong's face wore a smile as he nodded and said, "I understand."

"Good!"

Wu Zhengxiang nodded approvingly and asked, "You suddenly came to me today, is there something going on?"

"Yes there is something!"

Wu Zhiyong said with a smile, he had not seen his second uncle for a long time, he noticed that his whole person seemed to have become different from before, his whole person had a refined and vigorous spirit, it seemed that being the head of the Wu family had given his second uncle enough strength.

Wu Zhengxiang asked, "Oh? Tell me."

Wu Zhiyong said, "It's not really a big deal, it's just about an assistant general manager of the Brilliant Group, named Shao Jie, who appeared in Jiangzhou for no reason, and two days ago he was suddenly attacked and almost lost his life, I think we need to pay attention to this matter."

Wu Zhengxiang's brow suddenly furrowed, "I heard about this matter, why, are you also concerned about these trivial matters?"

"This is not a trivial matter!"

Wu Zhiyong said, "I have understood, this Shao Jie's status in the Brilliant Group is not low, as Zhai Yadong's deputy, but in the group is a certain influence, moreover, he also has a certain power in his hands. As the assistant general manager of the Brilliant Group, this person does not think about how to get the group's business up, but has a spot of bad deeds, and this time went to Jiangzhou without any reason, I called Zhai Yadong to ask the reason why they went to Jiangzhou, Zhai Yadong's explanation was very vague!"

Wu Zhengxiang frowned and said, "You called Zhai Yadong?"

Wu Zhiyong nodded and said, "Yes, there is no doubt about the importance of the Brilliant Group, and now that the assistant general manager has been attacked, I have to pay attention to it. I have told Zhai Yadong that if this person Shao Jie does anything that is detrimental to the company's interests, he will be firmly removed from the company, this kind of black sheep should definitely not stay in the company"

"Clear out?!"

Wu Zhengxiang interrupted Wu Zhiyong's words and raised his voice slightly.

Wu Zhiyong nodded his head and said, "That's right! For such people, they must be firmly dismissed!"

Seeing that Wu Zhengxiang was just about to say something, Wu Zhiyong went on to say, "Besides, this time when he was attacked, we still don't know exactly what the cause was and whether it was aimed at our Wu family, after firing him, we can also conduct a separate investigation, second uncle, what do you think of my idea?"

But Wu Zhengxiang's face sank, "This is simply nonsense!"

"What does second uncle mean"?

"You are simply nonsense!" Wu Zhengxiang drank.

Wu Zhiyong didn't get flustered at all by Wu Zhengxiang's reprimand and still smiled as he asked, "Second Uncle, I don't quite understand what you mean."

Wu Zhengxiang said, "Shao Jie is still an employee of the Brilliant Group, his attack is also considered a work injury, if the other party really came for our Wu family, then it is the same as Shao Jie was injured for the sake of the Wu family, you are now firing people, what is this?"

Wu Zhiyong smiled and said, "If it was really directed at the Wu family, then firing Shao Jie would be considered protecting him, so that it could also be singled out for investigation, wouldn't it be more convenient?"

"But that would chill people's hearts!" Wu Zhengxiang said, "If this matter gets out, what will others think of our Wu family? Will they think we are too ruthless?"

"A small assistant to the general manager is just that, so many people join and leave the company every day, would such a small person cause much of a ripple?" Wu Zhiyong smiled.

Wu Zhengxiang's eyebrows tightened at once: "What a load of nonsense!"

Wu Zhiyong was stunned, not expecting Wu Zhengxiang's reaction to be so intense, "Second Uncle, it's just a mere assistant general manager"

"All right! You don't have to say anything, you don't have to ask about this matter in the future, I'll take care of it!" Wu Zhengxiang directly waved his hand and interrupted Wu Zhiyong's words, sinking his face, "In the future, but all matters concerning the Brilliant Group, you can't take the initiative, you must discuss with me!"

Wu Zhiyong pursed his lips and finally nodded his head, "Yes, Second Uncle, I remember. In the future, I will report to you first on any matters regarding the Brilliant Group."

Seeing how obedient Wu Zhiyong was, Wu Zhengxiang's face eased slightly, but it was still a little stern.

Wu Zhiyong asked again, "Second Uncle, if that's the case, then why is there no reaction at all from our side when Shao Jie was attacked?"

Wu Zhengxiang said, "There are many things that cannot be rushed, do you understand?"

Wu Zhiyong immediately asked, "Second Uncle is planning to catch a big fish with a long line?"

"Just as long as you understand!" Wu Zhengxiang said.

"That's what I understand!" Wu Zhengxiang nodded with a smile and said, "Then how about I go and visit Shao Jie quietly on behalf of our Wu family? After all, it's likely that people are also suffering on our behalf, so it's always wrong if we don't show it!"

"Confused!"

Wu Zhengxiang's face sank, "If you go to visit Shao Jie now, wouldn't that be telling some people in the shadows that our Wu Family values him? Wouldn't that bring more danger to him?"

Wu Zhiyong immediately gave a big thumbs up, "It's still Second Uncle who is thoughtful, it's me who is being abrupt."

"All right, this matter is settled, you just need to think about how you can bring up the economy of your county, now is the era of the economy, the market economy is very complicated, the burden on your shoulders is not light!"

"Yes, I'll make a note of it." Wu Zhiyong nodded his head.

"I have a meeting next, so that's it!" Wu Zhengxiang said.

Wu Zhiyong nodded with a smile and stood up, "Then I won't bother Second Uncle, I'll take my leave first."

"Wait a minute!"

Just as Wu Zhiyong was walking to the door, Wu Zhengxiang suddenly called out to him and said, "Your grandfather is old there after all, his health is not good, so don't go and talk to him about everything, it will only annoy him."

Wu Zhiyong nodded and said, "I understand."

Watching Wu Zhiyong gently close the door and leave, Wu Zhengxiang's face sank down at once.

.....

"Humph! What a great authority!"

When walking out of the office building, Wu Zhiyong's face instantly became extraordinarily gloomy, and he could not help but coldly snort with an inexplicable glint in his eyes.

A moment later, Wu Zhiyong got into a black car parked in the car park, the driver was already waiting inside.

"Drive!"

The car drove slowly and left the compound.

Wu Zhiyong asked in a deep voice, "How did things go?"

It seemed to be done immediately in a low voice: "It's all done, I wanted to finish him off at that time, but I miscalculated, that man also has kung fu, I couldn't solve it for a while, then the security guards came, so I had to retreat temporarily."

Wu Zhiyong narrowed his eyes, "He has kung fu too?"

The driver nodded and whispered, "That's right. And the kung fu is not bad!"

Wu Zhiyong suddenly hummed a cold laugh: "It seems that this is really a hidden dragon and crouching tiger, a mere It seems that you really can't underestimate him, maybe, this person is really" words Just as he said this, he stopped.

"Young Wu, as you instructed, after the first plan failed, I immediately implemented the second plan." The driver added.

"You did a good job."

Wu Zhiyong nodded and said, "In this way, now let's go home first, wait until tomorrow you will go directly to North Shaanxi with me, don't even leave there for a short period of time, avoid the wind first!"

The driver nodded his head and answered yes.

Wu Zhiyong then stopped talking, he lit a cigarette and lowered the car window a bit, looking at the leaves that were already about to fall off outside, he couldn't help but let out a soft sigh in his heart.

Winter is coming!

A cold light flashed through Wu Zhiyong's eyes, just like the coldest wind in this winter, full of icy meaning!

Campus Master Chapter 3018

Wu Zhiyong did not go home, but went straight to the hospital.

He had already decided to leave for Northern Shaanxi Province tomorrow, and before he left, he intended to come and see his father. Although actually he had no more hope!

Wu Zhengmin is now in the military hospital, and at this time he is completely devoid of the kind of demeanor that used to characterize the head of the Wu family, instead he is lying motionless on a hospital bed with a ventilator and nutritional fluid dangling from his hands, barely able to survive entirely on the aid of outside equipment.

The good thing is that Wuzhengmin is still conscious and is able to communicate briefly with the outside world, through equipment and text.

When Wu Zhiyong arrived at the ward, the nursing staff was wiping down Wu Zhengmin's body. When it was over he walked in, pulled a chair over and sat down in front of the hospital bed.

"Dad, I've come to see you!" Wu Zhiyong said.

Wu Zhengmin blinked and didn't say anything, he couldn't say anything either.

Wu Zhiyong said, "I've gone to see Second Uncle."

Wu Zhengmin did not blink this time, but looked deeply at Wu Zhiyong, as if the meaning was a question.

"Second Uncle is already getting more and more official these days, and today he even reprimanded me." Wu Zhiyong smiled and said, "But don't be sad, now that you've fallen, some people's minds have come alive, this is also a human condition, it's just that this people's tea goes cold a little too quickly."

Wu Zhengmin's finger twitched.

Wu Zhiyong said, "Don't worry, I won't give up, I will definitely find a doctor who can cure you, you won't just keep lying down."

Next, Wu Zhiyong told Wu Zhengmin carefully what had happened in the outside world during this period of time. Wu Zhengmin just listened quietly without any response.

At the end of the sentence, Wu Zhiyong suddenly leaned forward and lowered his voice, "Dad, I got a news that second uncle seems to have a son outside."

Just as Wu Zhiyong finished these words, he saw Wu Zhengmin's eyes suddenly move and his lips trembled a few times along with him.

It could be seen that these words had also stimulated Wu Zhengmin in no small way.

Wu Zhiyong sneered and said, "Don't worry, even if there is no place for me in this home anymore, I will still try my best to stay here"

He did not continue with the following words, but Wu Zhengmin seemed to understand him and blinked.

"I'll be fine!" Wu Zhiyong said, "Some people look at me as an eyesore because I'm in the way of some people, but it doesn't matter, I'm going back to Northern Shaanxi tomorrow and probably won't be back for a long time unless I can find a doctor to cure your illness!"

"I'm leaving!"

Wu Zhiyong stood up.

After leaving the ward, Wu Zhiyong went back to the office of his father's attending doctor, the one responsible for treating Wu Zhengmin was a vice-president, a technical one with a high level of medical skills.

"Is there any hope for my father's illness?" Wu Zhiyong asked bluntly.

"Young Wu, to be honest we don't know." That vice dean's reply was sincere, "We did a comprehensive and careful examination on Director Wu, but found nothing wrong with him, his body has no lesions, his organs are all functioning normally, and his brain is awake, to be honest, this is a rare situation."

Wu Zhiyong frowned and said, "Has there never been an example of this before?"

That vice president said, "To say the least, there have been, but that kind of illness is only similar to Director Wu's illness in terms of symptoms, yet it is not the same kind."

"Oh?"

Wu Zhiyong immediately asked, "What kind of disease is it?"

The vice-president said, "Symptoms like acromegaly, myasthenia gravis, and so on, all have such symptoms at an advanced stage, but all of Director Wu's body indicators show that he has nothing to do with these illnesses. The only thing that can be determined now is that there seems to be something different about his blood."

"Blood?"

Wu Zhiyong frowned and said, "What do you mean?"

The vice-president said, "According to our careful analysis and tests, it was found that Director Wu's blood contained some ingredients that ordinary people do not have, but what these ingredients are has not yet been tested, but after careful study and observation, this is the only abnormality found so far, but it is not yet known whether these ingredients are the cause or not. "

Wu Zhiyong said, "I don't know much about these, can you make it clearer?"

"After our analysis, we believe that Director Wu could possibly be blood poisoning!" That vice president hesitated for a moment and said.

"Poisoning?!"

Wu Zhiyong's eyes narrowed abruptly, "Poisoned by what?!"

That vice dean explained, "Actually, the so-called poisoning, any substance that is harmful to the human body can be counted as poison to humans, not just what we usually call poisonous rat poison or something like that, this composition in Director Wu's body is very complicated, we haven't analyzed it yet!"

Despite knowing that this Vice President had a point, Wu Zhiyong was still a little disappointed, both from his own point of view and from his current situation, he hoped that his father would be able to get back on his feet.

"Then"

Wu Zhiyong hesitated for a moment before asking, "If the analysis keeps failing, or if an antidote cannot be found, then how long can my father last?"

That vice dean shook his head and said, "We can't guarantee this, but a few months should be no problem"

A few months!

Wu Zhiyong's heart kept sinking down.

“I’m counting on you guys for everything!” In the end, Wu Zhiyong could only drop these words and left the hospital somewhat disappointed.

The next day, Wu Zhiyong took his driver back to Bei Shaanxi.

.....

Time passed quickly, and in the blink of an eye, the time had reached the end of the year.

The Tengfei Group is still growing at a rapid pace, the explosion of the 3d TV set is already unstoppable, the Kang Yuan slimming powder is even hot all over the world, the Tengfei Group today, after four years of development, has unknowingly become a giant!

But that’s not all.

Good news also came from Rongpeng’s side at the end of the year, the preparations for the subsidiary had been completed and everything was going well from site selection to the start of construction.

And as for the name of the subsidiary, it was already decided back when Rong Peng was registering it – Rong’s Company!

The name was simple, but it left Rong Peng speechless for a long time.

Ji Feng was really giving face, directly allowing a subsidiary of the Tengfei Group to be named after his surname, the meaning behind this was naturally self-explanatory.

At the same time, laser guns had also started to go into production in small batches, the small island with the Alpha ore hidden between the disputed waters of Treasure Island and the Philippines was also being mined in a steady stream, and China had meanwhile steadied its position in some trade negotiations with countries like Rice.

Everything is going well.

However, there are some not so harmonious things, Professor Tong and the twenty or so missing technicians, still have not been found, the car accident that Ji Feng was involved in, there is still no clue, the king, the young duke and so on, but still do not know what the identity is, and even has not shown up for a long time.

All these have made Ji Feng’s heart secretly wary.

During the Spring Festival, Ji Feng still went back to Yanjing for the New Year. As in the past, visiting the elders was definitely inevitable, but this time it was different from the past in that Ji Feng no longer needed to join his other cousins, but was with his elder brother, Ji Shaodong.

This meant that in the Ji family line, he could already make his voice heard.

Before the Spring Festival was over Ji Feng returned to Jiangzhou with Tong Lei, he visited Xiao Yuxuan’s parents and then took time to spend time with Qin Shujie and Yao Yao, and Xu Yuan.

For others, the Chinese New Year was a good time to rest, but for Ji Feng, he was so busy that it was no exaggeration to say that his feet were beating the back of his head.

It was only after the Chinese New Year that Ji Feng gradually settled down.

But at this time, the sense of urgency in his heart was even stronger, because when he returned to Yanjing during the Spring Festival, he saw that his grandfather had grown even older, and almost five years had passed since the ten-year appointment between him and his grandfather.

Half the time had passed, but he was still a long way from the top of the world, which made him feel the urgency of time.

But the good news is that the Tengfei Group is no longer the small company it was at the beginning, but is now a world-renowned company that has really taken hold.

But this is far from enough, because up to now, the Tengfei Group is only an ordinary company and does not yet have the capital to be invincible, which is not only money, but also products.

If Tengfei could produce powerful weapons.

If Tengfei could produce medicines to cure all kinds of diseases

If

In other words, the Tengfei Group isn't strong enough!

Ji Feng sat in the small conference room with Xiao Yuxuan and Han Zhong, and in the new year, the three of them sort of had a small meeting to have a concrete plan for the next work.

"Now that the layout is complete, the next two areas, industry and pharmaceuticals, have to be strengthened, the scientific research force is still severely lacking, in the next few years, we have to recruit enough talents at all costs and by all means."

Ji Feng said, "To do high technology, the first thing necessary is scientific research talents!"

Han Zhong nodded silently, in the direction of the group's development, he would at most give his own advice, but never argue with Ji Feng, not only because the group was Ji Feng's, but because, from the beginning of the establishment of the Tengfei Group Ji Feng had told him that for the group in the future Ji Feng had a long-term plan, in other words, in fact, Ji Feng knew what to do from the very beginning.

The three of them didn't have long to meet, now that the Tengfei Group had completed its layout, the next time was to make an impact, as long as the Tengfei Group made up for all its shortcomings, it would be a giant unique in the world!

After the meeting, Ji Feng intended to go to the Security Department, which was also a department that he attached equal importance to, but before Ji Feng could walk to the Security Department, he suddenly received a phone call.

"Hello?"

"Young master, do you still remember me?"

On the phone, came a soft and pleasant voice.

Ji Feng, however, was stunned and it took him a while to respond, "Cozy?"

Campus Master Chapter 3019

This call was actually from warmth, which made Ji Feng quite surprised.

To say the least, he was not particularly familiar with warmth and had dealt with her, but they had not become friends, at least, in Ji Feng's heart he did not treat warmth as a friend.

The reason is that from the several contacts with warmth, this woman is too snobbish, although in this society there are many such women, but Ji Feng is a little dislike.

The reason for this is that the woman is not the same person, so Ji Feng is naturally respectful and distant, but only maintains a polite and basic courtesy on the surface.

It's been almost a year since I last saw her, and if she hadn't called out of the blue, Ji Feng would have forgotten that such a person existed, and he hadn't heard any news about her in the last year.

The new generation of pure jade girl is called Wen Xin, but there is no news or news for a year, as for the lace news, it is not at all related, which is really a bit strange for a female star in the entertainment industry.

"Big young man? Are you still listening?" Ji Feng didn't reply for a long time, so Wenxin couldn't help but ask.

"Oh, I'm listening."

Ji Feng withdrew his thoughts and smiled, "Wenxin, it's been a long time, how are you?"

Wen Xin smiled delicately, "Yes, it's been a long time, Younger Brother, did you forget about me as a friend?"

"How could I!" Ji Feng laughed.

"As soon as you hear it, you just don't mean what you say!" Wen Xin pouted.

"How can you say that?" Ji Feng laughed, "If I really forgot about you, how could I know it was you as soon as I heard your voice?"

"But you didn't say you wanted to see me either!" Wen Xin said.

Ji Feng laughed, "That's not because I know that you, a big star, are usually very busy and I'm afraid that I have to make an appointment in advance if I want to see you?"

"Big young man!"

Wen Xin pouted, "You still said you hadn't forgotten about me, but now you're showing your face when you speak!"

Ji Feng was stunned, "How?"

Wen Xin said, "People faded out of the entertainment industry a year ago, they're not big stars anymore, you haven't paid any attention to them at all!"

Sweat!

Ji Feng sweated in his heart and said, "So this is how it is, Wenxin actually quit the entertainment industry? That really hasn't been followed.

"Ahem"

Ji Feng coughed dryly twice and said, "So what, I'm also quite busy and don't pay attention to the entertainment industry, so"

"Okay, knowing that you're busy, I'll forgive you this time!" Wen Xin daintily laughed, "But Young Master, do you still consider me a friend?"

"Of course!"

Ji Feng smiled, "We've been friends for a long time now, haven't we?"

Wen Xin laughed at that, "That's more like it! Young master, if I go to Jiangzhou, you shouldn't ignore me, right?"

Ji Feng shook his head and laughed, "Of course not, when you have time to come to Jiangzhou, I'll treat you to dinner."

"Really?"

Wen Xin asked with a slight surprise.

Ji Feng smiled, "Of course! To be able to invite you, a big star, to dinner, I don't know how many people's honor and dream!"

"Then where are you now?" Wen Xin asked.

"What do you mean?" Ji Feng's heart suddenly rose with an unpleasant feeling, could it be that he was just making a few polite remarks and Wenxin was really in Jiangzhou? It couldn't be such a coincidence, right?

"I'm in Jiangzhou right now, young master, when do you have time?" As expected, once warmth's words came out, Ji Feng couldn't help but slap his head, this was really him shaking his head, he didn't even know what to say.

It's just a polite courtesy, how could warmth really be in Jiangzhou?

If it is possible, Ji Feng really wants to buy two regret pills to eat, had he known that warmth in Jiangzhou, killed him would not be so polite, will certainly be polite to say a few words and then find an excuse to hang up the phone.

But now, it is impossible to take back what was said!

"That what where are you in Jiangzhou?" Ji Feng asked.

"I'm right in front of the Tengfei Group!" Wen Xin said, "Eldest young man, you are really remarkable, this is only a few years, the Tengfei Group has actually developed such a large scale, and has taken hold in the international arena"

"Wait! Wait!"

Ji Feng hastily interrupted her and asked in shock, "You, you're at the entrance of the Tengfei Group right now?"

Wen Xin said, "Yes, the first thing I did when I came to Jiangzhou was to visit the Tengfei Group, I didn't expect that after just one year of not seeing it, there were actually two more buildings, the development speed is really fast!"

Fast, my ass!

Ji Feng couldn't help but mutter in his heart, this cozy was on the wrong medication, right? She had actually come to the entrance of Tengfei Group? What was she trying to do?

At this moment, Ji Feng's heart did not have the slightest joy of being praised, and even had a bit of a headache, this is all about ah!

"You wait a moment, I'm going over there!" Ji Feng said.

"What? You mean you're at Tengfei Group right now?" Wen Xin asked in surprise.

"Yes. You wait, I'll be there soon." Ji Feng put down these words and then hung up the phone, couldn't help but shake his head with a bitter smile, this is what happens when you say things without thinking, a lesson!

The first thing that I want to do is to have a close relationship with her, and I don't want to have a deep relationship with her, but since the words have come to this point, he definitely has to go out, or else he won't be able to save face, and it won't be easy to explain to Xiao Yu.

The first thing you need to do is to think about that girl, Ji Feng can't help but bellyache, it's really strange, that girl Xiao Yu is so simple, how can she have such a snobbish friend as warmth?

And the relationship between these two seems to be very good!

But on second thought Ji Feng didn't find it strange, although this person is snobbish, for people who are not as good as her, or for ordinary people almost do not look at them, but, for people who are better than her, that is very different, can simply be described as eight-sided.

Wen Xin knows Xiao Yu's status and family situation, so she will naturally cater to her. Moreover, as Wen Xin is a veteran of the entertainment industry, it goes without saying that she is shrewd, and she is old in the world, so if she wants to deliberately please Xiao Yu, she will be able to do so without leaving any traces and will also cater to Xiao Yu's heart.

It's no wonder why the two of them have become friends!

With these thoughts flashing through his mind, Ji Feng took Yang Bin out of the office building of the Tengfei Group and immediately saw a dark blue luxury sports car parked not far from the road outside the main gate, and a stylishly dressed woman was half sitting on the edge of the bonnet of the sports car, glancing around from time to time.

Wen Xin!

Ji Feng recognized at a glance that this stylishly dressed lady was none other than Wenxin, he turned his head to Yang Bin and said, "Yang Bin, you wait at the security guard post, I'll just go there alone!"

"Sir, Sister Zhu has instructed me to follow you closely and protect your safety at all times!" Yang Bin said in a hurry.

"Sister Zhu"

Ji Feng couldn't help but shake his head at his words, and he didn't know since when, in the eyes of the battle team members and the people around him, Bai Zhu had almost become his own spokesperson, and they also referred to Bai Zhu as Sister Zhu.

"It's just a little distance, if I'm really in any kind of danger, can you still not react in time?" Ji Feng waved his hand, "It's fine, you can just wait here!"

"Yes!"

Yang Bin nodded and answered. If it was Bai Zhu then he would definitely have insisted a bit more, but Yang Bin was completely respectful to Ji Feng, even obeying his words, so he immediately obeyed Ji Feng when he gave an order.

Ji Feng walked over, and when warmth saw Ji Feng from a distance, her originally somewhat curious face immediately revealed a bright smile as she walked over quickly, "Young master, I didn't think it would be such a coincidence that you were here!"

Ji Feng suddenly found that warmth had become somewhat different, whether in terms of dress or mannerisms, as if she was a different person from before!

For example, in terms of dressing, the previous warmth was extremely fashionable, completely a star model, now although her dress is still very fashionable, walking in the street the turnaround rate is certainly also very high, but it is no longer like before as if out of the common people, now she not only does not look vulgar, but also has a kind of eye-catching feeling.

There is also speech and mannerisms, before warmth to him although also some hold, or rather reserved, but a vague kind of flattery and ingratiating.

But now warmly raised her hands and feet with a kind of confidence and a slight taste of maturity.

"It's really a goodbye, I'm almost afraid to recognize it after not seeing it for a while!" Ji Feng smiled and extended his hand.

"You're a bit less than generous, Big Shao, teasing me as soon as we meet!" Wen Xin shook hands with Ji Feng, but her mouth was pouting.

"No no!"

Ji Feng waved his hand with a smile, "I really meant what I said."

What he said was true, warmth was really a bit different from before, even without speaking, one could see that she was more confident, and there was no longer any sense of caution in front of her at all.

It was as if they were really two old friends talking, joking about what to joke about and flirting with what to flirt with.

This change in Wen Xin made Ji Feng feel surprised and somewhat astonished.

“Eldest young man, are you now officially managing the Tengfei Group after you graduate?” Wen Xin asked.

“That’s not true, I just happened to come here today for something and didn’t expect to run into you here!” Ji Feng shook his head and said.

“I didn’t expect that either.”

Wen Xin laughed, “I don’t know what happened, I was bored during the Spring Festival, so I came out from home to take a look around, but I unknowingly drove my car here, and when I came back to my senses I realized that I had already arrived at the entrance of the Tengfei Group, then I thought that I was already here anyway, so I had the cheek to call you, and I didn’t expect you to be here too.”

Ji Feng smiled and said, “Out for a spin? That’s too far for you, isn’t it? From Yanjing all the way to Jiangzhou? And you’ve even come here?”

Wen Xin giggled, “Young master, you still don’t know, I’m living in Jiangzhou now, I’ve bought a house in Jiangzhou.

Ji Feng asked in surprise, “You’ve moved to live in Jiangzhou?”

Campus Master Chapter 3020

“Yes, I’m living in Jiangzhou now.” Wen Xin said with a delicate smile, “Eldest young man, from now on we are considered neighbours.”

Oh!

Ji Feng grinned and could only say, “Good, not bad.”

Wen Xin gave him a white look and snapped, “No sincerity at all, am I not welcome?”

“How could it be!”

Ji Feng shook his head and laughed, “Jiangzhou wouldn’t be my home, such a big city, where would I be qualified to be unwelcome! However, why did you suddenly move to Jiangzhou, isn’t Yanjing good? Don’t many of the stars in your entertainment circle live in Yanjing?”

Wen Xin said, “Didn’t I already say before that I had faded out of the entertainment industry a year ago.”

Ji Feng asked, “You really quit?”

Wen Xin smiled and nodded, saying, “During this year, I went abroad and studied at a foreign university, and I came back only after I had completed enough credits, so if I didn’t want to quit the entertainment industry, I wouldn’t have had to go abroad.”

This made Ji Feng even more surprised, warmth actually went to study abroad? But he also understood why he hadn't heard any news about Cozy this year, it turned out that she had gone abroad.

"Young master, today is kind of an official notice to you, I've moved to Jiangzhou, if you have time you can come to my house as a guest, my cooking skills have improved a lot during the year abroad, it will definitely satisfy you!" Wen Xin smiled.

"I'll definitely go when I have time!"

Ji Feng smiled and nodded, "But lately it's all been particularly busy, I can't say exactly when." This time he learned to be smart, before during the phone call he just wanted to be polite for a few words, but in the end he was blocked by Wenxin and could only come out to see her.

So this time Ji Feng wouldn't be polite enough to say when he would be a guest, otherwise if warmth were to follow the snake and come to a residence to choose a day, then he really wouldn't know how to refuse.

However, since warmth had come all the way over, it was no good for Ji Feng to leave her here alone or simply say a few words and drive her back, something he couldn't do, so he had to politely invite warmth to visit the Tengfei Group.

"Sure!"

Wen Xin nodded her head in agreement with great delight.

As the Tengfei Group covered a very large area, he accompanied Wen Xin to take a stroll around the group and went to the factory building under construction at the back to have a look, while walking and chatting, the time passed very quickly and it was almost noon.

He was thinking about what excuse he should use to send her away, but he didn't expect her to suddenly say, "It's almost time, I should go back too, thank you for spending so much time with me."

"You're welcome!"

Ji Feng was stunned, then shook his head with a smile and said, "You came to Jiangzhou, I should have done my part as a host, but because the Chinese New Year has just passed, I have too many things on hand and I'm a bit busy, so"

He thought he had said almost enough to understand, warmth must be embarrassed to say anything else.

But what Ji Feng didn't expect was that warmth nodded with great understanding and said, "I understand, in fact I'm just hanging out today, I'm already very happy that you can spend such a long time with me, so I can't take up more of your time."

Ji Feng really didn't expect Wenxin to actually say that, he smiled and said, "Then"

Wen Xin took the initiative to extend her hand, "Young master, let's see you next time then."

Ji Feng smiled and shook her hand, "See you next time! Then what, I'll see you off!"

"No need!"

Wen Xin smiled sweetly, shook her small white hand and said, "I can just walk by myself, see you later!"

And then, she fluttered and turned to leave.

Looking at Wenxin's back, Ji Feng stood there and couldn't help but froze, today's Wenxin was really different from before, it was like two people!

However, Ji Feng didn't think much about it, although he was more or less surprised that warmth suddenly moved to Jiangzhou, but he heard that there were also many stars living in Jiangzhou, like this kind of metropolis where many stars live, even the common people in Jiangzhou had already seen it, so he was just surprised.

Soon, Ji Feng dismissed the appearance of warmth as a minor incident and put it behind him. After having lunch with Xiao Yuxuan in the canteen at noon, he went to the security department.

Coming out of the security department, Ji Feng received a text message.

He said to Yang Bin, "Yang Bin, let's go."

Yang Bin immediately asked, "Where to?"

Ji Feng said, "Get in the car first, I'll set the navigation for you when we get there." Although Yang Bin had been in Jiangzhou for a short time, Jiangzhou was too big after all, and he had not been out since he arrived because he had to hide from that half-brother Yang Feng, so he was not too familiar with Jiangzhou.

Following Ji Feng's pre-set navigation route, Yang Bin drove to an ordinary neighborhood in the city, then as Ji Feng instructed, he waited in the car while Ji Feng entered the neighborhood alone.

The neighborhood wasn't big, there were only three buildings in total, basically they were all homes in the form of small flats, this kind of housing was very common in Jiangzhou, and Ji Feng arrived right outside the door of one of the houses.

"Knock, knock, knock!" Ji Feng knocked on the door of the room.

After a few moments, the door opened and Qin Feiyu was standing inside, "Boss."

Ji Feng nodded his head and walked in.

Qin Feiyu's room was simply furnished, basically you couldn't see anything lying around, if the beds weren't all tidy, outsiders would almost think no one was living here when they came in.

"How is it?"

Without any pleasantries, Ji Feng asked directly.

Qin Feiyu had also long since gotten used to this way of getting along with Ji Feng, and said directly, "According to your instructions, I have been following and monitoring the target, and I have already reported to you every time there is an abnormal situation in between, and I have recorded the rest of my daily movements in this book."

Saying that, Qin Feiyu took out a notebook and handed it to Ji Feng.

Ji Feng nodded, but did not read it immediately, but asked, "Based on your observations, how is this person?"

Qin Feiyu thought for a while before saying, "I think, there is something strange about this person."

Ji Feng asked, "Oh, how strange is it?"

Qin Feiyu said, "According to my tracking of this person, he actually lived a very regular life during his time in Jiangzhou, doing nothing during the day, or staying in the villa and not going out, or going to the chess room to play cards or something like that, nothing out of the ordinary. At night, he would either go out drinking or go to the clubhouse."

Ji Feng asked, "Isn't this normal?"

Qin Feiyu said, "But based on this person's income, he shouldn't be able to afford a villa, and even less able to live this kind of life of spending and drinking. And"

"And what? If you have any questions, just feel free to say so!" Ji Feng said.

"And once I followed him to the clubhouse, because I couldn't get in and didn't know what was going on in the clubhouse, so I sneaked in." Qin Feiyu said and looked at Ji Feng, because before the mission Ji Feng had strictly ordered him not to act without permission, in fact this kind of sneaking in was very easy to expose, he didn't know if he would be angry with Ji Feng if he said it.

But Ji Feng just nodded his head noncommittally and said, "You continue."

Qin Feiyu said, "I went in and met the target, however, I found a strange phenomenon, in fact, he entered the club just to ask for a private room, although he also ordered a lady, but every time within a few minutes, he drove the lady out, alone in the box singing, and the sound was turned up very loud... .."

Ji Feng nodded thoughtfully, "Ordered a lady and kicked her out, singing alone?"

Qin Feiyu nodded his head.

Ji Feng asked, "Is he like this every time?"

Qin Feiyu shook his head and said, "I only dived in this once, the rest of the time I waited outside."

"What you said about these circumstances is important!" Ji Feng nodded slowly and deliberated, "Feiyu, it's been hard work."

"As it should be!" Qin Feiyu said. He didn't look happy because of Ji Feng's compliment, but he didn't have any other emotions either, he just looked very calm.

Ji Feng didn't mind Qin Feiyu's reaction either, he knew that he wanted Qin Feiyu to completely return to his heart actually needed time, now that Qin Feiyu was able to make it this far was actually quite good, it wasn't exactly for the woman he liked anymore to do this.

"What about during the Spring Festival?" Ji Feng suddenly asked.

“The day before the Chinese New Year, that is, the day of New Year’s Eve he went back to South Guangdong, because my car appeared too many times and I was not prepared in advance, so I had to rent a car and follow it, and did not find anything unusual.” Qin Feiyu said.

Ji Feng asked with deliberation, “Then is there anything you find strange?” He found Qin Feiyu to be very perceptive, so he wanted to hear Qin Feiyu’s thoughts.

“After he went back, there were quite a few people who came to visit him, many of them were government officials, and people from the business sector, I think he has a wide range of contacts, and according to the words of the common people, he is mixing well.” Qin Feiyu said.

“Humph! He’s mixed well indeed!” Ji Feng smiled.

“By the way, when I was in Southern Guangdong, I heard that a big leader from the central government had visited the Brilliant Group during the Spring Festival.” Qin Feiyu suddenly said.

Ji Feng smiled, “Brilliant Group is the leading private enterprise in Southern Guangdong, it makes sense that there are big leaders to inspect it, it’s not strange!”

Qin Feiyu then nodded his head and said nothing more.

Ji Feng stood up and said, “This matter is here first, you have also worked hard in recent times, take advantage of this time to rest and rest.”

After leaving Qin Feiyu’s residence, Ji Feng returned to the car, his brows could not help but frown slightly, this Shao Jie, it really seems to be a bit interesting!

He was attacked in Jiangzhou and was not lightly injured, yet he rushed back to Southern Guangdong on New Year’s Eve instead of returning to his home in Yanjing.

There were also big leaders who inspected the South Guangdong Brilliant Group during the Spring Festival

Ji Feng vaguely felt that there seemed to be something in between!
