

Chapter 3018– 3019 of A Dish Best Served Cold Novel

Chapter 3018

You know, Mark is a killer.

It is said that the West Lake murders some time ago were created by the young man in front of him.

Hundreds of martial arts powerhouses were suppressed by him under the West Lake.

The Lu family, the top three martial arts family in the summer, was born and killed by him.

The new master Lu Songliang was nailed to the stone pillar with a sword.

Even though such a big case was committed, they still had nothing to do with each other.

What does this show?

This undoubtedly shows that the Martial God Temple can't help him!

In other words, Mark alone almost suppressed the entire Hot Summer Martial Arts.

Now that he provokes such a god-like character, he has nine lives, and he is definitely not enough to kill!

It is strange that Kong Ming is not afraid.

In panic, Kong Ming couldn't help but kowtow to apologize.

He can't care about face and shame now, he only hopes that Mark can spare his life for his pious apology.

What's more, it is not a shame to kneel down and beg for mercy to the titled master.

Others just want to kneel, maybe they don't have this chance?

“Kong Lao, what are you doing?”

“You are crazy!”

“Why did you kowtow to him?”

“I asked you to kill him!”

“I order you to kill him~”

“Have you heard?”

Seeing his greatest dependence, he was so humble now in front of Mark. Wei Luo couldn't help it anymore, he roared, he roared low.

He screamed at Kong Ming with red eyes.

“I'll go to Nima!!”

“Shut up to Laozi~”

Kong Ming yelled angrily and slapped Wei Luo directly on the ground with a slap.

If it weren't for the Wei family's background, Kong Ming guessed that he would have his heart slapped to death.

“You bastard~”

“Do you dare to provoke anyone?”

“You really want to die, don't hurt Lao Tzu!”

“by!”

“This time I will be pitted to death by you~”

Kong Ming wanted to cry without tears, kicking Wei Luo wildly while cursing angrily.

Everyone looked at this scene, all stunned.

“This...what's the situation?”

“Why did the helper invited by Master Wei beat Master Wei?”

Some of the Xu family members whispered nervously.

However, even though there were all kinds of doubts in his heart, no one dared to step forward to stop it.

In the end, Kong Ming got tired, so he stopped.

However, he continued to kneel in front of Mark, apologizing to Mark and begging for mercy.

“Mr. Ye, it’s all him.”

“He asked me to take action against you.”

“The Wei family is kind to me, and I do my best for them in order to repay the Wei family’s affection.”

“But I really don’t know the person they are going to deal with, it’s you.”

“Damn I~”

“I don’t know Taishan~”

....

Kong Ming cried, full of panic and repentance. Tears rushed down, mixed with nasal mucus.

This pustule looks like Li Eryou.

“okay.”

“For the sake of your usefulness to the Yanxia martial arts, I will not hold you accountable for what you insulted me today.”

“If you commit another crime in the future, I will never forgive you!”

“Hurry up and get out?”

Mark shouted in a low voice, like muffled thunder resounding everywhere.

Kong Ming heard this, as if he received an amnesty.

After three more knocks at Mark, he turned and ran away.

Perhaps it was the reason for being too nervous. Kong Ming didn’t pay attention on the road and was tripped by Wei Luo who was lying on the ground and not getting up.

“Fuck me, get out of here!”

Kong Ming was so angry that he kicked Wei Luo again, and then ran away without looking back.

After Kong Ming left, the whole hall became quiet again.

Everyone looked at each other. Before that, who could have thought that it would end like this in the end?

After a brief silence, Mark also finished his cup of tea.

He finally got up, a pair of cold eyes swept across everyone in front of him, until finally, it fell on Wei Luo who had just gotten up.

“You...what do you want to do?”

“I’m telling you, I’m the young master of the Wei family.”

“My father is the head of the Wei family, my family is powerful, and my people span all walks of life, how dare you...”

Bang bang~

Before Wei Luo’s voice fell, Mark had already kicked his feet.

Amid a screaming scream, Wei Luo’s kneecaps of both legs were directly shattered.

“Kneel down!

Chapter 3019

Mark snorted sharply, the dull sound just like thunder exploding.

A few words, but it is almost a powerful force.

It was under such a heavy majesty that Wei Luo was overwhelmed and knelt to the ground in response.

“Ahhhhh”

“Asshole, how dare you force me to kneel?”

.....

In the hall, Wei Luo’s stern and stern roar came out.

As a wealthy young and old, for so many years, where Wei Luo went, it was the existence of Zhongxing Pengyue.

Ever since he was a child, he has kneeled for his grandfather.

But now, he was forced to kneel down to a bastard from the countryside, which was a shame to Wei Luo.

Anger, humiliation, tingling

All kinds of emotions were like raging fire, burning Wei Luo's whole heart.

His eyes are red, and he growls like crazy.

After Mark forced Wei Luo to kneel, everyone else in the hall trembled in horror.

Even Xu Lei, Denren Ye and others can't help showing a worried look on Qiao's face.

"Brother Mark, we are like this, is it a bit too much."

"After all, he is from the Zhonghai Wei family."

"Now that we are treating him like this, I am worried that if the Wei family learns about it, I'm afraid they won't let it go."

Xu Lei said thoughtfully.

"What if you don't let it go?"

"They were the first to provoke me. Could it be that I, Mark, have to accept it and let others be humiliated?"

"What's more, what is there to be afraid of in the mere Wei family?"

"I stepped on the Lu family, and I stepped on the Lu Xu family."

"A small Zhonghai Wei family, does it have the ability to pass the sky?"

Mark replied sharply, torrents resounding everywhere. There is endless anger in the deep words.

This time the Wei family's attack seemed to be aimed at Xu Lei, but it was actually aimed at Mark.

They first sent people to lobby the Xue family, and then forced Xu Lei to abdicate, not for the purpose of cutting off Mark's arm in charge of Gritsberg.

The land of Gritsberg, although not Mark's basic plate. But Mark, relying on the hands of the Xue family, also operated here for several years.

After so many years of hard work, how could Mark hand over others?

What's more, if he retires this time, how will Xu Lei gain a foothold in Gritsberg and Xu's family in the future?

"Arrogant!"

"Vertical arrogance"

"It's true that a newborn calf is not afraid of tigers."

"Do you really think that if you dominate Noirfork and convince the Xue family, you can be lawless and willful?"

"I'm telling you, the Wei family's strength is beyond your imagination."

"You are so insulting Young Master Wei now, just wait for the overwhelming revenge from the Wei family."

"At that time, not only your Gritsberg industry will not be able to protect, but also your Noirfork industry, which you will also not be able to protect."

When Xu Lei was talking with Mark, Xu Wenqing and the Xu family behind him were already calm. Although he was frightened, he still yelled at Mark in a fierce manner.

Now they can only rely on Wei Luo's family to suppress Mark.

However, as soon as Xu Wenqing's words fell, Mark's senran gaze had already fallen.

At that time, Xu Wenqing only felt a shock all over his body, suddenly aroused.

That kind of feeling, as if being stared at by death.

And Mark also raised his footsteps and slowly approached in Xu Wenqing's direction.

Every time he took a step, Xu Wenqing's old face became pale.

In the end, Xu Wenqing trembled and asked anxiously: "You...what do you want to do?"

"I am the elder of the Xu family and the elder of Xu Lei. Could it be that you dare to..."

Snapped

Just halfway through Xu Wenqing's words, Mark slapped it.

Teeth shattered and flesh and blood flew.

"This slap, I'll fight for the Xu family, I'll hit you with eyesight, no matter good or bad, no distinction between right and wrong!"
