

Chapter 3022– 3023 of A Dish Best Served Cold Novel

Chapter 3022

At this time, Zhonghai is thousands of miles away.

It was dusk, and the red sun was gradually sinking to the west.

The entire Huangpu River has been dyed dreamy red by the afterglow of the setting sun.

The huge freighter sailed down the river with a loud whistle.

The streets of the city are also busy.

Pedestrians and vehicles come and go in an endless stream.

The entire Zhonghai presents a prosperous and noisy scene all the time.

And just beside the Huangpu River, where there is an inch of land and gold, there is a huge manor.

When pedestrians passing by on the road pass by, they will cast a yearning light inside.

Especially some women are even fantasizing that one day they will be able to marry into this family and become wealthy wives in one fell swoop.

Yes, this huge manor house is the largest wealthy family in Zhonghai, the Weijia Manor.

On the tarmac inside the manor, there was a roar that echoed uncontrollably.

In front of the huge helicopter, a group of several people are making military orders to the Wei family's head.

“President Wei, don't worry.”

“Entrusted by others, loyal to others.”

“I'm going to Gritsberg, and I will definitely bring Linglang back intact!”

“Brought back together, there is also the body of the person who provoke the Linglang.”

At this time, the speaker was a white-haired old man.

Although the old man's tone was low and calm, there was a kind of trembling majesty in the invisible.

“Ok.”

“Then please, Master Han.”

Wei Chen, the head of the Wei family, clasped his fists slightly and said politely to the old man.

That tone also seemed very polite and respectful.

The strong, wherever they go, they are respected by others.

Even for a century-old wealthy family like the Wei family, like the white-haired old man in front of him, that is definitely a respectable existence in the Wei family.

boom

After a brief conversation, the white-haired old man led a few people and took a special plane directly to take off from the land of the sea to the land of Gritsberg!

However, shortly after sending them away, Wei Chen, the head of the Wei family, received a call.

After hanging up the phone, Wei Chen immediately instructed his niece Wei Lu next to him: “Little Deer, you should let me know, and in an hour, let all the senior members of the family gather in the chamber!”

“Even if you fly, you have to fly to me on time.”

“It's about the future of the family, no one is allowed to be absent.” Wei Chen said in a deep voice.

“Huh? Uncle, what's wrong, what happened?” Wei Lu worried.

Wei Chen didn't say much, but only replied: “Your father is back.”

After one hour.

The meeting hall was already full of people.

At this moment, the person who can sit here is not the person in the Wei family who is in charge of the affairs of one party.

“You said, what happened tonight?”

“What happened?”

“Call us over in such a hurry?”

“I’m watching the meeting over there?”

.....

“Who said no?”

“I was halfway through the infusion at the hospital, and I rushed to the hospital after I pulled out the needle.”

“I don’t know what the big thing is, why is it so urgent?”

“Could it be Gritsberg’s side, something happened?”

The fact that Wei Luo brought people into Gritsberg was no secret within the Wei family.

And it was supported and inspired by most of the family.

Therefore, many people know it.

Now, when a meeting is suddenly held, everyone is naturally guessing in this regard.

“Don’t guess at random, let’s talk about it when the Patriarch and them come.”

In the hall, these people who rushed over were talking and complaining.

After all, this family meeting came so suddenly and in a hurry that they didn’t have any preparation at all.

“Come here, here comes the Patriarch”

Following that, there was a rush of footsteps outside the door.

Sure enough, Wei Chen walked in with a serious face.

There was one person beside him.

Wearing a black trench coat and boots, this person looks like Wei Chen with seven points.

For outsiders, the black man in front of him may be a bit strange.

But for the senior Wei family, this man in black clothes was not a small character.

It's Wei Chen's younger brother, Wei Guang, the number two person in the family second only to the head of the Wei family!

∴

Chapter 3023

Because of work, outsiders don't know Wei Guang very much, they only know that he is the younger brother of Wei Chen, the head of the Wei family.

However, this name is extremely deterrent to the members of the Wei family.

Just because this person is responsible for all the intelligence work inside and outside the family.

Externally, collect information on partners and even competitors and investigate their details.

Internally, it is to monitor the words and deeds of the high-level clan and conduct various illegal activities such as public seeking for personal gain.

It can be said that Wei Guang's existence is like a sword.

You can cut the blood relatives of the clan at the top, and remove the influence of other clan at the bottom.

Most of the Wei family's decisions were made based on the intelligence and suggestions provided by Wei Guang.

From this, it is enough to see the weight of this person in the whole family.

What's more, Wei Guang is known in the family for his iron-blooded ruthlessness. It is his son who violated the family's rules and was also rectified from an important position. Finally, he was transferred from Zhonghai and sent to a remote place.

It is precisely because of this that the members of the Wei family are somewhat afraid of Wei Guang.

Just like this moment, after seeing Wei Guang appear, the whole hall was quiet.

Many people are playing drums in their hearts, wondering what Wei Guang is doing right now?

Is it possible that someone in the clan was caught again?

"It looks like someone else is going to suffer."

In the hall, many people secretly shook their heads and whispered in their hearts.

Anyway, in the eyes of everyone, as long as Wei Guang appears, there is nothing good to specify.

When he appeared last time, he overwhelmed an uncle's elder in the clan.

This time, I don't know who it is again?

"Everyone is here, right?"

Soon, Wei Chen had already reached a high position.

He stood there, looked around, and asked in a deep voice.

It was quiet, and no one responded in the entire hall.

"It looks like everyone is here."

"In that case, second brother, let's start."

After Wei Chen said a few simple words, he handed over the rest of the meeting to his second brother Wei Guang.

This meeting was called by Wei Guang.

Wei Chen didn't know what the specific content was.

However, looking at Wei Guang's tone and expression, Wei Chen could also guess that there was some important information to be announced.

Soon, Wei Guang walked up.

Before he could speak, the atmosphere in the entire hall had already become dignified.

"Everyone, sorry for calling everyone so hastily for today's meeting."

"However, the matter is very important, I have to take up everyone's rest time."

After a few scenes, Wei Guang's tone became cold.

He raised his head, looked at the crowd, and continued: "I don't know if I have heard of it. The power of Gritsberg has changed drastically a few days ago."

"Several big powers and aristocratic families have almost all suffered a reshuffle."

As soon as Wei Guang finished speaking, several people below nodded.

“We know this. Didn’t it mean that a few years ago, Gritsberg came out with a king of Gritsberg, who seemed to call him Mr. Chu. The Xu family, who was the last of the four giants of Gritsberg, and one of the three upstarts? All of the Xue family belonged to him. In the past few years, this Mr. Chu’s power has been surging in Gritsberg, and its momentum has become more and more powerful.”

“Yes. We also heard that Xu Lei, the current head of the Xu family, is the lover of this Mr. Chu.”

“In the past few years, this Xu Lei and Xu Family Master relied on that Mr. Chu’s momentum, and his ambitions have expanded greatly.

“Last year I reached out to our Zhonghai.”

“However, we were beaten back by the Wei family in the end, and after going to the door to apologize, he rolled back to Gritsberg in disgrace.

“Haha”

Under the hall, someone laughed.

When I said this, there was unstoppable pride and pride on his face.

Other people, it’s the same. That sense of superiority is beyond words.
