## Chapter 3026

“You sent someone to Yenching?”

“To deal with King Gritsberg?”

Wei Guang asked three times, full of anxiety.

“Yeah, I was about to tell you that your nephew Wei Luo was in trouble on Gritsberg’s side. I sent a distress message a few hours ago, saying that the Gritsberg king appeared. All the strong men he brought with him were lost. Lose his hand. I sent Master Han over.”

“It happens to be that the market on the side of Gritsberg, our Wei family has also coveted for a long time. This time, with the momentum of thunder, we will get rid of the king of Gritsberg in one fell swoop and take over his industry there.”

Wei Chen said confidently, calmly and confidently, as if everything was in his plan.

However, who would have thought that as soon as Wei Chen’s words fell, Wei Guang’s whole body was immediately impatient.

Jumped up from his seat and yelled at his brother: “Brother, you are confused!”

“Quickly, call Zongshi Han and ask him to come back.”

“Otherwise, everything will be irreversible”

Wei Guang was anxious and roared at Wei Chen.

Wei Chen suddenly became a little confused: “Second brother, what is going on, why are you panicking?”

“A little King Gritsberg, a rising star, do you still think your elder brother can’t handle it?”

“Just rest assured, your eldest brother will not fight insecure battles.”

“Although the king of Gritsberg has been so powerful in the past few years, to put it bluntly, his real reliance in Gritsberg is nothing more than the Xu family and the Xue family.”

“These two forces combined are not enough for our Wei family to fight.”

“Last year, the Patriarch of the Xu family, due to the prestige of my Wei family, personally came to apologize.” Wei Chen said calmly.

“That is, it’s just a rising star. It’s not a matter of minutes for our Wei family to deal with him.”

“Why be so flustered?”

The rest of the Wei family also agreed.

But Wei Guang interrupted them directly and said anxiously: “Fuzzy, you are all confused.”

“Then King Gritsberg, as I said before, stepped on the two red giants Noirfork Zhizun in one fell swoop, Mark!”

what?

It is like a huge boulder falling into the sea, setting off huge waves.

In a moment, all the people in the house trembled.

The audience is silent!

Wei Lu’s eyes widened, and Wei Chen’s eyebrows trembled.

The entire Wei family’s senior management was so shocked that they opened their mouths and gasped.

“He...they, are... alone?”

“Oh my God”

“A young man, holding Noirfork in one hand and Gritsberg in the other?”

“This... is it possible?”

“Mr. Chu, is it possible that he is not a man of God?”

The tremor of the crowd could not be further increased, and it was hard to believe that there would be such a powerful person in the world.

After knowing this information, Wei Chen couldn't help getting nervous, and glared at Wei Guang with furrowed brows: "Second brother, are you really accurate in this information?"

"This King Gritsberg is really Mr. Chu from Noirfork?"

Wei Chen confirmed again.

"Brother, you can't be wrong."

"Then Xu Lei, the head of the Xu family, was previously in Noirfork and served as the president of Hongqi Group."

"It is known as the Noirfork Goddess."

"She and Mr. Chu's unfavorable relationship, it is estimated that she hooked up at that time."

"Later, Xu Lei was transferred back to the family and wanted to be married to others."

"Then Mr. Chu was so angry that he went to the capital single-handedly to fight the heroes!"

"On Yanqi Lake, he became famous in a single battle, and frightened the entire Gritsberg."

"With this, Xu Lei helped to take the position of Queen Gritsberg, and sit in Gritsberg for him!"

"These two Mr. Chu are actually the same person." While investigating the changes in the Lu and Xu family, Wei Guang has also been investigating the identity of the sudden rise of King Gritsberg.

It doesn't matter if you don't check it, Wei Guang just learned the monstrous secrets below!

After learning of all this, Wei Guang immediately rushed to the family non-stop to inform them all, so as to prevent the family members from encountering the king Gritsberg head-on.

## Chapter 3027

Wei Guang didn't expect that he was still a step late.

However, even after knowing the true identity of King Gritsberg, Wei Chen, the head of the Wei family, was not too panicked. Instead, he coldly snorted, "What about one person?"

"My Wei family is not the Lu Xu family."

"He can set foot on the Lu family and the Xu family, doesn't it mean that I can compete with the Wei family?"

"Second brother, others don't know the power of Master Han, don't you know it."

"The power of the martial arts master is enough to suppress all the background of that junior!"

"As long as he is not a descendant of the Mo family, we don't need to be afraid."

Wei Chen spoke proudly, with the majesty and boldness of the head of the family in his words.

Zhonghai Wei family, although not a martial arts family.

However, for these wealthy families standing on the top of the hot summer power, they are naturally familiar with the existence and power of warriors.

Over the years, the Wei family has not only spent so much effort, they have just taken hold of Han Zongshi, Kong Ming and others.

Especially Han Zongshi, who is the strongest in the Yanxia Zongshi list.

His strength, looking at the entire country, is also enough to rank in the top ten.

Relying on the background of the Wei family and the power of the master, apart from the Mo family, who can make them fear in this hot summer land?

As for Mark, he has monstrous means and can do something amazing.

But his age is here, how good can he be?

Is it possible that the strongest who can still beat the top ten in the hot summer will not become?

"Brother, you take it for granted."

"In other words, you take our Wei family too high and Mr. Chu too small."

"You don't want to think that if my Wei family can hire a strong master, then the Lu and Xu families can't hire a strong master?"

Wei Guang shook his head and said, in the deep words, there was helplessness and anxiety.

“You...what do you want to say?” Wei Chen twitched his mouth. Hearing Wei Guang’s words, he suddenly felt a bad feeling in his heart.

Wei Guang did not directly explain, but continued to tell the legendary story about Mr. Jiang Dongchu.

“That day, Mr. Chu held a wedding in Noirfork, and hosted a banquet for all parties.”

“On the day of the wedding banquet, the people of the Xu family ordered a thousand troops to besiege.”

“Lu Cangqiong, the old man of the Lu family, has even come to Noirfork in person.”

“Noirfork Provincial Government, the leaders of the cities, come and worship together.”

“Gathering powerful and powerful, gathering power.”

“The two giants have exhausted everything in order to completely kill Mr. Chu, the Lord of Noirfork.”

“But at the last moment, Li Hongze, the No. 2 character of Yanxia, fell from the sky.”

“Instructed to enshrine Ye Fanwei, the seventh strongest pillar nation in the summer.”

“Title, Wushuang.”

“Today’s gift: the majesty of the peerless Tianjiao will always be there, and the infinite blue moon will be bright!!!”

Boom~

Wei Guang’s sentences are sonorous, and every word is thunderous.

Especially the last sentence of gift, Peerless Tianjiao, infinite blue sky~

A few words, but like a nine-day thunder, it exploded in the hearts of everyone.

Wei Chen, the head of the Wei family, was stunned, Wei Lu, the princess of the Wei family, was stunned, and everyone in the entire Wei family was stunned.

Everyone stared at them, because of shock, they couldn’t help but gasp.

The sluggish expression is even more like a concubine!

Yan Xia No. 2 personally canonized and gave a message from thousands of miles.

This Mr. Jiang Dongchu, what kind of monstrous ability does he have to do, and what kind of ability to reach the sky, to be worthy of such a privilege?

Wei Lu was full of surprise and astonishment. The cherry mouth was open for a long time, and the delicate face was full of tremors and curiosity about the boy.

Although I haven't seen him, the name of Mr. Chu has been deeply carved into Wei Lu's heart at this moment.

At this time, Wei Lu secretly swears that one day she will see this young man called Mr. Chu with her own eyes.

She wants to see, what kind of legendary young man has such a weight? Remember the website of this site for easy reading next time, or enter "" on Baidu to enter this site
