

Chapter 3030– 3031 of A Dish Best Served Cold Novel

Chapter 3030

“Yes, we also just learned that King Gritsberg and Mr. Jiang Dongchu are the same.”

“So Master Han, the action of beheading King Gritsberg has stopped.”

“Now, please rush to the Xu’s house in Gritsberg and apologize to Grandmaster Wushuang on behalf of our Wei’s house.”

“Please do everything possible to save my son Wei Luo from Master Wushuang.”

“As long as you can help me save my son, my Wei family will reward me with great gifts~”

“Thank Nima, you Wei family want to die, don’t cheat me~” Before Wei Chen finished speaking, the old master here directly screamed.

“Damn~”

“Almost killed by you!”

“Do you dare to provoke anyone?”

“Really consider yourself the first family in the hot summer?”

“To tell you the truth, the power of the Lu Family in Jiangbei was stronger than you at the time, comparable to the Gritsberg Mo Family.”

“The results of it?”

“The whole clan has more than a few hundred mouths, and all of them have been slaughtered.”

“The only son of the Lu family who was lucky enough to escape, also died under his majesty.”

“The country failed to keep him.”

“Just like your Wei family, are you still fighting the titled master?”

“Ten Wei Clan is not enough to kill him.”

“Also let us intercede?”

“I beg you to be paralyzed!”

“I’m so cheating, it’s not bad if I didn’t rush to kill you?”

The old man had an old face, swearing at the other end of the phone, really wishing to kick the Wei family idiots to death.

Assigning him to kill Mark, what is the difference between letting him die?

Looking back now, the old man was scared for a while.

Fortunately, reining in the precipice did not cause disaster.

Otherwise, Lu Songliang’s fate is probably his end.

“Damn~”

“Don’t come to me in the future.”

“I don’t know your Wei family~”

“In the future, we will never get along!”

As the saying goes, keep your life clear.

After learning that the Wei family had provoked Mark, the old master made a decisive decision and directly sever the relationship with the Wei family.

After hanging up, the grandmaster surnamed Han ran away cursingly.

Is this an idiot and the Wei family in this muddy water?

Isn’t he fragrant to live well?

He hasn’t enjoyed enough of his family happiness yet.

Whoever loves to do things that are looking for death.

Hearing these words, in the Wei family hall, Wei Chen was immediately dumbfounded.

He didn’t even dream that it would end like this in the end?

After knowing Mark's name, the person who was on the list of the dignified grandmaster of the hot summer even lost his old face and was scared away?

It can also be seen from this, what weight and majesty does the name of Mark have in the martial arts world.

despair.

A long time of despair.

The whole hall was silent.

Everyone in the Wei family was ashamed.

That way, it was like a prisoner who was on the verge of being executed.

"Second...Second brother, Master Han has left us alone."

"Now... now, I... what shall we do?"

"Could it be that our Wei family, too... will follow in the footsteps of the Jiangbei Lu family?"

Wei Chen was undoubtedly panicked too, Liushen Wuzhu, and in the end he could only look at his younger brother, Wei Guang.

The faces of the rest of the Wei family are definitely not good.

One by one, all faces are ashamed.

"What else can I do."

"If we have caused our own misfortune, can we expect outsiders to remedy it?"

"At this time, there is only one way."

"That is, go to Gritsberg, and bear Jing to please!"

"Our Wei family's actions against Gritsberg have not been fully carried out after all."

"As long as we sincerely apologize, everything still has a chance."

"The worst result is to abandon the car to keep the handsome."

Wei Guang said with a heavy face, shaking his head.

Wei Chen's body trembled and looked at his second brother: "You mean, let... Give up Wei Luo?"

Wei Guang nodded: "If you want to keep the family, you can only say that the attack on Gritsberg this time was Wei Luo's personal idea. He acted without authorization and has nothing to do with our family."

"In this way, it is only possible to preserve the lintel of my Wei family~"

Chapter 3031

Wei Guang's deep words echoed slowly.

But Wei Chen's heart was cold at that time. He paled and whispered in anxious tone: "Keluoer, he is only thirty years old this year~"

"Brother, this is not the time to be indecisive. Don't forget that you are not just a father, but the head of the entire family. If you don't say that, our entire family might not be able to survive."

"Now you just abandon one person, but you can get the whole family to survive."

"Which is more important, I believe you have your own decision." Wei Guang's old face was gloomy, and he anxiously persuaded his elder brother.

Wei Chen stood still, but was silent for a long time. However, looking at his expression, you know what kind of pain and entanglement he has in his heart at this moment.

"Okay, brother, I'm just talking about the worst-case scenario."

"Maybe, if Mr. Chu sees our Wei family apologizes sincerely, and if it has not caused a major disaster, he will spare Xiaoluo and our Wei family."

"The most important thing now is to hurry up and go to Gritsberg."

"If you wait for Xiao Luo to cause a catastrophe over there, it will be too late to say anything by then."

Wei Guang persuaded again.

Hearing this, Wei Chen was awakened.

"Second brother, you are right."

"Now, we still have room for recovery."

“Quickly, prepare the car.”

“No, prepare the plane.”

“We fly straight to Gritsberg!”

Wei Chen gave the order immediately.

In a short time, the entire Wei family started anxiously.

The deafening hum of airplanes trembled the entire estate.

As the largest wealthy family in Vietnam Shipping, the Wei family has several private jets, which is undoubtedly normal.

On the other side, Xujia Manor.

In the hall, Wei Luo was still kneeling.

However, the hatred above that expression grew stronger with the passage of time.

As for the others in the hall, they did not dare to act rashly.

All stay in place, silent, waiting quietly for the development of things.

Outside, it was already dark.

Darkness swept across the whole world like a tide.

Xu Lei also turned on the light in the room.

After that, he poured another cup of tea to Mark, and then worried: “Brother Mark, or let’s go first.”

“You have worked hard all day, go back and rest.” Xu Lei persuaded in a low voice.

She persuaded Mark to leave, of course, not because she was worried that Mark’s body would be too much.

It’s that the people from the Wei family are really here.

At that time, the situation will be really difficult to control.

“how?”

“Are you ready to slip?”

“Aren’t you quite arrogant just now?”

“You also threatened not to fear the Xu family, the Lu family, or the people of the world?”

“Why have you waited a while before you are ready to run away?”

Hearing Xu Lei’s words, Wei Luo on the side suddenly grinned.

“you shut up!”

“I’m just worried about the body of my Mark brother.” Xu Lei said angrily.

She knew that Mark was a proud temper, so she obliquely persuaded Mark to retreat.

But now, Wei Luo is stimulating Mark with such words. This should have been retired, and it is estimated that Mark will not leave.

“Heh~”

“Stop talking nonsense here.”

“You just want to find a reason to run away.”

“But you can’t run away.”

“When the people from my Wei family arrive, you will escape to the sky, and we will also get you out!”

“At that time, I will let you men and women, it is better to live than to die~”

Even if Wei Luo was forced to kneel, he still yelled violently.

The vicious sound of scolding echoed throughout the hall.

“Noisy!”

However, at this time, Mark shouted in a low voice.

Immediately afterwards, he slapped it.

Wei Luo screamed, broken teeth mixed with blood, and immediately vomited on the ground.

“Brother Luo~”

“Bad son, do you dare to beat my Luo brother?”

“When the strong from my Luo family arrives, none of you can escape, neither of you can escape~”
