

Campus Master Chapter 3031

“No!”

Ji Feng shook his head and said, “Uncle Zheng, don’t make any arrangements yet, I want to go and meet this Prince Kong first!”

Zheng Yuanshan frowned at once.

Ji Feng was going to meet Prince Kong?

“Little Feng, I don’t think there’s a need for that, right? As the saying goes, porcelain doesn’t touch tiles, Prince Kong is just a rascal in Southern Guangdong, why do you need to go face to face with him?”
Zheng Yuanshan persuaded, “I see it this way, since you just want to go and ask for the person, then just ask for the person back, the rest of the matter, I will gradually deal with”

Ji Feng shook his head at his words and said, “Uncle Zheng, do you think I’m being impetuous or young and impetuous, that’s why I’m going to meet this Liu Gang for a while?”

Zheng Yuanshan said, “No matter what, the two of you are not on equal footing, you’re lifting him up by going instead!”

Ji Feng then couldn’t help but shake his head and laugh, Zheng Yuanshan saying so was actually tacitly agreeing, just thinking that he was young and exuberant, hearing how prestigious this prince Kong was in Southern Guangdong, and then wanting to go and meet him.

“Uncle Zheng, you also said just now that this prince Kong is very powerful in Southern Guangdong. Since that’s the case, then I’d like to go and see it.” Ji Feng smiled and said, “Don’t worry, if it’s not necessary, I won’t do it indiscriminately!”

“Meet and see? What do you want to see?” Hearing this, Zheng Yuanshan could not help but ask in surprise.

“I want to learn how crazy this Liu Gang really is!” Ji Feng said, “To be able to run roughshod over Southern Guangdong for so many years, one must be more or less capable to do so!”

He said, “Little Feng, you may not know that since I came to Nan Yue, I have secretly arranged three raids on Liu Gang’s hotels and other entertainment venues. The others don’t carry any communication devices.”

“But the three consecutive raids have all failed.”

“This actually failed?”

Ji Feng asked in a somewhat strange manner, “What happened? Is it because there is too much pressure from above? Or is it”

Zheng Yuanshan said, “These three operations, one of them was a flop, after the operatives arrived at the Four Dimensions Hotel, but found that the inside had been cleaned up long ago, and there wasn’t even a single person on the ground floor, but just shortly before this, there were still eyes that clearly saw various illegal establishments operating down here! The other two operations, on the other hand,

before anyone had even set off, they received the news that the illegal people in the Four Dimensions Hotel had moved on and the operation was forced to be temporarily cancelled.”

Ji Feng blurted out, “A leak?!”

Zheng Yuanshan nodded slightly and said, “That’s right, it was leaked! This is also the reason why I am meeting you here today and not in my office. If I were to meet you in my office, I believe that in a very short time, someone would have known that you were coming to South Guangdong.”

Ji Feng shook his head and smiled, saying, “It doesn’t matter to me, I haven’t broken the law or done anything harmful, so even if people know I’m here in Nan Yue, it’s fine. However, Uncle Zheng, these three consecutive raids have actually leaked, this is not a good sign!”

“Unbridled!”

Zheng Yuanshan sneered and said, “Ever since I came to Nan Yue, it has been difficult to carry out my work, it took a full year to make a breakthrough, but now it is still very complicated within the system.”

Ji Feng asked, “You said before that your deputy named Zhang Xin was related to Liu Gang?”

Zheng Yuanshan nodded and said, “The relationship is very close!”

“Then could it be that he tipped off Liu Gang?” Ji Feng asked.

“There are many people to suspect, but no evidence can be caught.” Zheng Yuanshan said, “In those three raids, because of the lessons learned from the first two, the last time I didn’t use the cadre of police from Yuezhou, but directly transferred the SWAT team, and did so in strict secrecy, but still pounced on it.”

Ji Feng couldn’t help but frown.

Zheng Yuanshan said, “From this you can understand how extensive Liu Gang’s network of connections is.”

Ji Feng sneered, “In that case, I’m even more interested in this Crown Prince Kong, I’d love to see if he has three heads and six arms and can actually call the shots in Southern Guangdong!”

Zheng Yuanshan said, “Liu Gang is just a rogue!”

Ji Feng smiled slightly, Zheng Yuanshan had not said Liu Gang was a rogue for the first time, Ji Feng heard a little something else in his words, “Uncle Zheng, what you mean is

Zheng Yuanshan said, “According to the information I got, and the information I’ve learned since arriving in Southern Guangdong, this Liu Gang, is probably just a spokesman, and those networks behind him are the best proof of that!”

Ji Feng blurted out, “A spokesman for the Wu family?!”

Zheng Yuanshan didn’t answer, but asked, “What do you think?”

Ji Feng frowned, "This possibility does exist, but would it be too small? The Wu family can already cover the sky with one hand in Southern Guangdong, so why would they need to support a spokesperson? And before this, Rong Peng was the spokesperson of the Wu family, right?"

Zheng Yuanshan shook his head and said, "That's because you haven't been exposed to the dark side of society! I'm afraid you don't know how lucrative this path really is, do you? It will definitely exceed your imagination!"

Ji Feng pondered.

Zheng Yuanshan said, "Take the simplest example, just one district in Yuezhou, let's say the lowest level of illegal operation – slot machines, how much revenue is generated in just one district in a month? On top of that, gambling machines that can easily win or lose tens of thousands of dollars, and underground casinos, how much revenue do these generate each year?"

Ji Feng raised an eyebrow, realising that he really didn't know much about these, but the answers to these questions might really surprise him.

"How many kinds of sources of profit there really are on the Dao, people who haven't experienced it first hand, who haven't really been involved in it, can't even imagine it!" Zheng Yuanshan said, "These gambling machines slot machines and the like are still just small fry, the real ones with amazing profits can't be mentioned without smuggling, White Face Now you should understand why the Wu family has to foster such an agent, right?"

Ji Feng was silent for a while before he said, "Unimaginable!"

Unimaginable indeed!

If Zheng Yuanshan didn't say it, Ji Feng really couldn't imagine this, he had heard of slot machines and gambling machines and such making money before, and he also knew that casinos even had a staggering amount of money flowing every day, but he never thought that if all these things were in the hands of one person or one party's power, how amazing the profits would be if they were brought together!

"The wealth Liu Gang holds in his hands is definitely not worse than the former Rong Peng Group!" Zheng Yuanshan said.

Ji Feng couldn't help but be shocked!

Zheng Yuanshan said, "Does it make sense why Liu Gang has such a wide network of connections? Fostering a spokesman in the Dao, and a proper industry on the surface, huge amounts of money can easily be cleared, and if there is trouble, this spokesman can be thrown out as a scapegoat at any time, no pressure at all, and it's clean enough!"

Ji Feng nodded slowly and said, "Understood."

Zheng Yuanshan said, "If you want to meet Liu Gang now, you will have to confront the network behind Liu Gang once again, the Wu family will not give up Liu Gang as a cash cow so easily, what will be the consequences then, you should understand!"

What will be the consequences? It would definitely be a fierce game, one could even say that it would be a fierce fight!

This was clear to Zheng Yuanshan, and Ji Feng certainly understood it even better.

“Rong Peng has already defected, and although the current Brilliant Group is still a behemoth, it has already shown signs of being strong from the outside. Moreover, it is said that the profits of the Brilliant Group are now declining quite a lot.” Zheng Yuanshan said, “If you move Liu Gang again you think about it.”

If you move Liu Gang again, I’m afraid the Wu family will fight for their lives in an emergency!

This is what Zheng Yuanshan did not finish saying.

Ji Feng nodded and smiled and said, “No wonder you said this matter is a bit complicated, so it is!”

Yang Xiaoyi’s trouble actually involved the Wu family, moreover, there was such a huge network of connections behind this, this was really something Ji Feng had not expected before.

Zheng Yuanshan said, “If you just want to save that little girl’s father, then this matter is not complicated, unless Liu Gang is crazy!”

Nowadays, the Wu family is just the time to recuperate, if they start another big conflict with Ji Feng or even with the whole Ji family over a person, it would definitely do the Wu family more harm than good, even if Liu Gang were to go crazy, the Wu family would definitely not agree!

“Then I’m counting on Uncle Zheng, you help me get the man out, I won’t pursue the rest of the matter.” Ji Feng nodded his head and finally made a decision.

“No problem!”

Zheng Yuanshan immediately nodded his head, but in his heart, he sent a sigh of relief, what he was most afraid of was Ji Feng’s youthfulness and his insistence to move Liu Gang after listening to his briefing, in that case, a violent conflict would definitely break out between the two sides.

Of course, the Ji family is not afraid of playing games with the Wu family, but the responsibility of risking provoking a game between two major factions is not small. Moreover, a fierce collision between two huge behemoths that cover the sky would have serious consequences that even one can think of with one’s toes.

This kind of collision, can avoid or try to avoid.

Now that Ji Feng had nodded his head and spat out his mouth Zheng Yuanshan naturally agreed to help gladly. However, he could also see the flash of reluctance and regret in Ji Feng’s eyes. Zheng Yuanshan could not help but be secretly alarmed, it seemed that Ji Feng really intended to fight with the Wu family!

Zheng Yuanshan decided to get that little girl’s father out as soon as possible, and the sooner the better.

“Uncle Zheng, that’s all for now, I still have a bit of business on my side, call me anytime to let me know if you have any results on your side.” Ji Feng stood up, he had promised Yang Xiaoyi that he would go and look for her, now that he had made arrangements, he naturally had to go and take a look.

Zheng Yuanshan was full of promises.

Campus Master Chapter 3032

Now that Yang Xiaoyi is still at work, Ji Feng took Yang Bin directly to the hospital.

In fact, Ji Feng was not familiar with this hospital because he was only concerned about Bai Zhu's injuries during the days when he was injured, so he did not have the time or mood to care about anything else.

But fortunately he knew that Yang Xiaoyi was in the intensive care ward, so he easily found the nurses' station, but when he arrived at the nurses' station, he found that Yang Xiaoyi was not there.

When he asked a few nurses, they didn't know where Yang Xiaoyi had gone either.

"I saw Yang Xiaoyi just now, she probably went to the ward!" A nurse said.

"That's not right, there hasn't been a ward lined up for her in the last few days!" Another nurse shook her head and said to Ji Feng, "Why don't you call her directly."

"Thanks."

Ji Feng nodded politely.

At this moment, a nurse suddenly said, "Right, I think I saw Dr. Hu come to see Yang Xiaoyi just now, you can go to Dr. Hu's office and take a look."

Dr. Hu?

Only when Ji Feng inquired did he realize that this Dr. Hu was the same doctor who had treated him at the beginning. He said thanks and then immediately walked towards Dr. Hu's office.

The doctor's office was located at the end of the corridor, because this was the intensive care ward area, the doctor here was naturally quite important, so this Dr. Hu had a separate office. Ji Feng arrived outside Dr. Hu's office and was just about to knock on the door when he heard a faint sound coming from inside.

Ji Feng immediately stopped as he heard Yang Xiaoyi's name.

"Xiao Ai, don't cry, it's useless for you to cry now, let me see, or else you should call the mayor's hotline directly, the police at the police station don't care, is the mayor's hotline useless too?" It was a man's voice.

"The mayor's hotline must also refer the problem to the people below, it's useless." A girl's voice rang out, and Ji Feng immediately heard that it was Yang Xiaoyi speaking.

"This ugh! What should we do about this! Your father is also right, what not to do, must go gambling Xiaoyi, where are you going to get such a large sum of money? I'd like to call on the doctors and nurses in our department to donate some money?"

"It's no use. That's just a drop in the bucket." Yang Xiaoyi said, "Doctor Hu, thank you, I'll think of something on my own."

"You child, what are you thanking for!" The man's voice came and said, "I've always thought you're a good kid and work hard, so I don't want to see you in such a difficult situation, so how about this, your

shift will be temporarily unscheduled for the last few days, I believe everyone will be able to understand.”

“Thank you, Dr Hu.”

“Alright, you go back and rest first, I have to check the room later.”

Gradually, the sound of talking inside diminished, then footsteps could be heard, then the office door was opened, and the first person to come out was none other than Yang Xiaoyi, who was dressed in a nurse’s uniform.

Yang Xiaoyi saw Ji Feng standing in the doorway and immediately froze, then she reacted, “Mr. Ji?!”

Ji Feng smiled and nodded, seeing Yang Xiaoyi’s red eyes, he asked, “Xiaoyi, why are you crying?”

A gloomy look flashed across Yang Xiaoyi’s eyes and she shook her head without saying anything.

“You guys ee? Mr. Ji?!” Just then, a male doctor walked out from inside the office and couldn’t help but be a little surprised to see Ji Feng.

“Dr. Hu, hello.” Ji Feng smiled and nodded his head in greeting, “Hello again.”

This male doctor was no other than Dr. Hu who was in charge of him when he was injured and hospitalised.

Dr. Hu immediately shook hands with Ji Feng very politely, and Ji Feng responded politely.

“Xiao Ai, so you asked Mr. Ji for help, so there’s no problem, really, you didn’t tell us earlier, causing everyone to still worry about your problem, now it’s good, with Mr. Ji stepping in, your father will definitely be fine!” After seeing Ji Feng, Dr. Hu immediately understood with a little thought that Yang Xiaoyi had asked for Ji Feng’s help, otherwise how could Ji Feng appear here for no reason?

Yang Xiaoyi shook her head, a little uncomfortable. She didn’t know Ji Feng very well, she only met him because of her work, and now she was taking the liberty of asking him to come over to help her, which was somewhat snobbish, so it wasn’t natural for Yang Xiaoyi.

Could it be that

The first thing you need to do is to get a good idea of what you’re getting into.

It is not impossible to think about it, Ji Feng is young and rich, and he is a man of great importance, and his looks are also very handsome and hard, it is normal for a little girl like Yang Xiaoyi to be attracted to him.

However, Dr. Hu was a bit worried about the end of the two of them. A rich man like Ji Feng could not just play around with Yang Xiaoyi, if that were the case Yang Xiaoyi would end up with a broken heart.

After greeting Dr. Hu, Ji Feng took Yang Xiaoyi and left, looking at their backs, Dr. Hu couldn’t help but shake his head.

“Mr. Ji, thank you.”

Coming outside the inpatient department, Yang Xiaoyi said.

Ji Feng laughed, "Thank me? I haven't done anything yet, what am I thanking you for!"

Yang Xiaoyi pursed her lips and said, "Anyway, I want to thank you." It had only been a short time since she called Ji Feng, and he had already arrived, so just for that alone, it showed that Ji Feng was very attentive to this, and she had to thank him.

"Okay, let's not talk about polite words for now." Ji Feng waved his hand and said, "Let me briefly tell you the situation, after I came here, I first went to see a friend and asked him to help save people, according to what I know, your father is in the hands of Prince Kong, but that friend of mine has some energy, it won't take long to save people."

Yang Xiaoyi was surprised at hearing this, "Really?" But then she suddenly reacted and her face changed: "Prince Kong? The person my dad offended is Prince Kong?"

Ji Feng laughed, "Of course it's true! Let's wait, there should be news soon."

Yang Xiaoyi was really surprised, she didn't expect that she was as anxious as an ant on a hot pot, begging for help everywhere, but here Ji Feng had solved the problem so easily!

However, at this moment, Yang Xiaoyi's face was not the slightest bit happy, because the three words Ji Feng said, Prince Kong, caused the joy in her heart to be shattered instantly.

Prince Kong!

If we say that there might be many people in the whole of Southern Guangdong who had not heard of this name, however, in the city of Yuezhou, this name could really be too loud.

Especially since Yang Xiaoyi was in charge of the intensive care ward, the people she could come into contact with were all people of high status or wealth, so she had more or less heard of this name, and knew that this man was a big tycoon, but at the same time, it was said that he was also a well-known figure on the road and was extremely powerful, and she heard that this man was ruthless and ruthless!

Could such a person agree to release him so easily?

"Mr. Ji, you, are you telling the truth?" Yang Xiaoyi's pretty face couldn't help but turn a little white when she remembered the rumours she had heard, "Is it really Prince Kong?"

"The news I got is this What, you still don't know?" Ji Feng was a little surprised that Yang Xiaoyi didn't know this?

"I don't know, it's just that my dad called me and then I went to"

Only then did Ji Feng understand that Yang Xiaoyi just received a fierce phone call and then there was his father's miserable screams, she went and then the other party told her to take money for a replacement, she didn't even know that her father had offended Prince Kong.

But when she thought about it, Ji Feng was relieved, Yang Xiaoyi's father was just a gambling addict, how could he have directly offended Prince Kong, he should just be in debt to the casino under Prince Kong.

“Don’t worry, it’s no big deal, that friend of mine still has some energy, whether it’s Prince Kong or whatever, he’ll be able to get your father out.” Ji Feng smiled and comforted.

“Mm.”

Yang Xiaoyi softly mumbled, but was still a little worried.

“Ding”

As he was talking, Ji Feng’s mobile phone suddenly rang, he took it out and saw that it was Zheng Yuanshan calling, he couldn’t help but smile, “It’s that friend of mine calling, it seems that your father should have been rescued”

Yang Xiaoyi suddenly looked forward to it.

Ji Feng picked up the phone, “Uncle Zheng, how is it? Has the person been rescued?”

“Little Feng, Uncle Zheng is sorry for you.” Zheng Yuanshan said.

“What’s wrong?”

Ji Feng was stunned and immediately asked. He frowned, how did Zheng Yuanshan’s words sound a bit bad?

Zheng Yuanshan sighed and said, “I was a step late, when I called to receive the person, my driver reported that the little girl’s father was beaten with broken ribs and his right hand”

“What happened to the right hand?” Ji Feng asked at once.

“The right hand was cut!” Zheng Yuanshan said, his tone a bit heavy.

Ji Feng was immediately fired up, “Uncle Zheng, say it again!”

Zheng Yuanshan sighed, “Little Feng, this is Uncle Zheng’s fault, if he had gone to ask for someone immediately after receiving your call, perhaps the person would have been sent to the hospital by now, do you want to go over and take a look?”

“Which hospital?” Ji Feng asked.

“The second city hospital.” Zheng Yuanshan said, “Little Feng, how are you going to handle this matter?”

“Pop!”

Ji Feng hung up the phone directly, and just as he turned his head he saw Yang Xiao Ai’s expectant gaze, he suddenly felt his face burning hot, especially when he saw that hopeful look in Yang Xiao Ai’s eyes, his mouth opened and opened, but he didn’t know how to speak.

When Yang Xiaoyi saw Ji Feng’s expression, she seemed to realise something and her face gradually turned white, “Mr. Ji, is there, is there something wrong?”

Ji Feng gritted his teeth and said, “Xiao Ai, your father has been saved, but”

“But what?”

Yang Xiaoyi asked hurriedly.

Ji Feng said, "But your dad was injured, he was beaten up there"

However, Ji Feng found that Yang Xiaoyi's expression was surprisingly relieved after hearing this, he couldn't help but be a little surprised, hearing that her father had been beaten, how was Yang Xiaoyi still suddenly relaxed?

Campus Master Chapter 3033

Yang Xiaoyi said, "My dad he he's just good at gambling, my mum is also because of that"

In Yang Xiaoyi's intermittent narrative, Ji Feng probably understood the reason why she was not only not worried but also relieved, her father was a rotten gambler, how could he not change, so much so that the family fortune was lost to him and his wife had left.

Now it was good for Yang Xiaoyi to be taught a little lesson.

Ji Feng hesitated for a moment and said, "Actually, your father was not lightly injured."

Yang Xiaoyi was stunned and said in a hurry, "He was seriously injured?"

Ji Feng nodded and was just about to say something about her father's hand being cut off when Yang Xiaoyi said, "Then I'll go pack my things and go back here!"

Ji Feng swallowed back the words on the edge of his mouth and followed her back to pack his things.

Yang Xiaoyi went to the nurses' station to get her things, and Ji Feng stood in the corridor waiting for her, but at this time he heard someone call him, "Mr. Ji, Mr. Ji."

Ji Feng turned his head and saw that it was that Dr. Hu, he asked, "Dr. Hu, is something wrong?"

Dr Hu said, "Can I take a moment of your time? Please come over here, I want to talk to you about something."

Ji Feng nodded and followed Dr. Hu to the stairway and asked, "Dr. Hu, please say what you want, I don't have a lot of time."

"Mr. Ji, this child Xiao Ai has been in our department since she first entered the hospital, I treat her like a daughter, so don't mind if I say something presumptuous, I hope you can treat her better in the future." Dr Hu said.

"You are" Ji Feng was a bit surprised, what was Dr. Hu doing telling him this?

"In fact, Xiao Ai's life is quite hard, her mother divorced her father when she was very young, and her father is a gambler and a heavy drinker, every time he loses everything outside, he comes back and makes trouble, and he often asks Xiao Ai for money, you know, the consumption in Yuezhou is so high, how can Xiao Ai's salary be enough for him to gamble? As soon as he doesn't give it once, her father makes a fuss in the hospital, scolding Xiaoyi for being ungrateful"

Dr. Hu couldn't help but shake his head and said, "I remember once, her father even beat Xiao Ai because she didn't give him money, but at that time we all knew that Xiao Ai had made a little mistake

at work that month and her bonus was deducted, and the only salary she had was only enough to cover her own expenses, and she had to help her father pay off his gambling debts, so where was the money left to give him

Ji Feng listened, his eyebrows gradually wrinkled, he then realized that what Yang Xiaoyi said to him before was still watered down, her father was not simply just a lousy gambler, it was a gambler plus a scoundrel!

“Even the housekeeping auntie in our department said that Xiao Ai’s father might as well be dead alive, think how abhorrent her father must be for an outsider to say that!” Dr. Hu shook his head.

“She didn’t tell me about this.” Ji Feng said.

Dr. Hu said, “Girls are thin-skinned, so they must be embarrassed to tell you this.”

Ji Feng nodded and asked again, “Then Dr. Hu you told me this is

Dr. Hu said, “It’s nothing, I just want to tell you about Xiao Ai’s situation and hope that you can treat her better. And don’t look down on her because of these things.”

“She is her, her father is her father, how can I look down on her because of all this?” Ji Feng shook his head and laughed.

“Then I’m relieved.” Dr. Hu said.

All the way until Dr. Hu left, Ji Feng didn’t understand why he suddenly said this to himself, until he went downstairs, Ji Feng suddenly reacted, this Dr. Hu couldn’t have taken him as Yang Xiaoyi’s boyfriend, right?

If that was the case, then some of Dr. Hu’s words would be very understandable, what with being nice to her and not looking down on her and so on. Ji Feng couldn’t help but shake his head and smile, it seemed that Dr. Hu had misunderstood.

However, from Dr. Hu’s description, Ji Feng also had a deeper understanding of Yang Xiaoyi, a very strong and independent girl!

On the way to the hospital, Yang Xiaoyi sat quietly in the car and did not speak.

Ji Feng hesitated, but said, “Xiao Ai, you have to be psychologically prepared, your father’s injuries are not light.”

Yang Xiaoyi nodded slightly and said, “Actually, I instead hope that he will be taught a lesson.”

“But it’s not just a matter of a lesson.” Ji Feng said, “He had one of his hands chopped off.”

“Ah?!”

Yang Xiaoyi instantly blushed white and asked in a trembling voice, “Mr. Ji, you, what did you just say?”

Seeing her pale face, Ji Feng was a bit intolerant, “His hand was chopped off by one of those people, and his ribs were broken a few times.”

Yang Xiaoyi pursed her lips at once and turned her head to look out of the car window, but Ji Feng could see two lines of teardrops crossing her face, and her hands were clutching her clothes even harder.

It was obvious that her heart was not as calm as it appeared on the outside.

“In fact, I knew long ago that she would definitely have this day!” It was a while before Yang Xiaoyi said something and then stopped talking, only that she couldn’t stop the tears.

Ji Feng handed her a tissue and said, “I’m sorry, it was my mistake.”

Yang Xiaoyi shook her head.

When he arrived at the Second Municipal Hospital, Zheng Yuanshan was already waiting outside the ward, and when he saw Ji Feng, his face didn’t look too good, and he was just about to say something when Ji Feng waved his hand and said, “Let’s go into the ward first!”

In the ward, Ji Feng saw Yang Xiaoyi’s father, a middle-aged man with a slim figure, who was currently lying on a hospital bed dripping an IV.

However, before he could turn around, he heard the man open his mouth and cursed angrily: “You stinky woman finally gave up and came here? You’re happy after putting me in this state?”

Ji Feng was stunned at his words, how could this sound a bit off?

Yang Xiaoyi’s face was expressionless, as if she had already prepared for this, she just shook her head and said, “Yang Gong, is that enough?”

“Enough, my ass!”

The expression on Yang Gong’s face looked extremely ruthless, “I raised you so much, and this is how you repay me? How dare you do this to me!”

Yang Xiaoyi said, “I did this to you?”

Yang Gong said angrily, “Didn’t you do this to me? If you had sent the money earlier, how could I have been beaten by them like this? My hand is all your fault, this stinking woman, if you had followed that vice president’s son of your hospital earlier, would I still be lying here now?”

Ji Feng listened to this and his brow immediately furrowed, this person was really shameless to the extreme!

“Yang Gong! What are you talking about!”

Zheng Yuanshan couldn’t listen to this anymore and drank, “You rotten gambler yourself to end up in this situation, and you still want to blame others? Huh?”

Yang Gong immediately shrank in fear and said in a fawning manner, “Yes, yes, leader, you’re right.”

Ji Feng, however, noticed a flash of sadness on Yang Xiaoyi’s face and said, “Yang Gong, I came here today to tell you that from today onwards I won’t care about your affairs, you’ve been hurt, the police have already intervened, and this has nothing to do with me, so be it.”

After saying that, she turned around and walked out of the ward.

Yang Gong smiled and was in a hurry, saying, "Don't you dare leave! I raised you so much, if it wasn't for me you would have been just like that bitch of a mother of yours and died somewhere, now that you have hardened your wings, you actually want to disown me? I see you"

"Shut up!"

Zheng Yuansan glared.

Yang Gong's voice suddenly came to an abrupt halt.

Ji Feng said, "Yang Gong, right? From today onwards, if I know that you harass Yang Xiaoyi again, I promise you that you will end up much worse off than you are now!"

Yang Gong was obviously a bit unconvinced, but he didn't dare to say anything back, but after a moment, he seemed to think of something and looked at Ji Feng differently, and when he looked at the clothes on Ji Feng's body, his eyes started to light up.

Ji Feng frowned and asked, "What are you looking at? Didn't you understand my words?"

"Son-in-law, you're Xiao Ai's boyfriend, right?" Yang Gong opened his mouth and asked.

"....."

Even with Ji Feng's determination, he couldn't help but be dumbfounded, son-in-law?

He pointed at Yang Gong, "I'm here to ask for your gambling debt!"

Yang Gong's face suddenly changed, and immediately he bared his teeth and made a painful face, then his eyes rolled over and he fainted.

The scene in front of him left Ji Feng half speechless, and then he turned around and left the ward.

Zheng Yuansan instructed a policeman next to him, saying, "Watch him here!" Then he also went out.

When he came to the corridor, Ji Feng found Yang Xiaoyi waiting for him, and he was just about to go over when Zheng Yuanshan came out, "Little Feng, come here for a moment."

Ji Feng nodded and gestured for Yang Xiaoyi to wait for himself for a moment, then he walked over.

Zheng Yuanshan looked a little embarrassed and said, "Little Feng, this time is really, Uncle Zheng's fault."

Ji Feng waved his hand and said, "What kind of words are these, Uncle Zheng, we don't talk about these foreign words between us, otherwise I won't ask you for help in the future."

Seeing that Ji Feng was not angry, Zheng Yuanshan then smiled and said, "Well, let's not talk about that. Little Feng, what are you going to do about this matter?"

He was talking about the matter of Yang Gong's hand being chopped off.

Ji Feng asked, "Then what does Uncle Zheng mean, what do you plan to do about it?"

"Arrest people!"

Zheng Yuanshan immediately said, "This kind of criminal offence of serious injury, of course we should crack down on it and deal with it seriously!"

Ji Feng nodded his head and said, "I have no opinion."

However, this sounded very opinionated to Zheng Yuanshan, who patted Ji Feng's shoulder and said in a deep voice: "This matter, Uncle Zheng will definitely give you an explanation!"

The fact that the head of the Southern Guangdong police system could not save a man intact, and that this was on his own turf, made Zheng Yuanshan incomparably angry, which was like a severe slap in the face!

What's more, he knew that he was the one who wanted him, but he was still beaten up like this, really treating him as a police chief like nothing!

Campus Master Chapter 3034

Ji Feng nodded his head and said, "Good!"

He didn't say anything more, since Zheng Yuanshan wanted to give him an explanation, then he would wait.

Only, Ji Feng was a little unsure of how to face Yang Xiaoyi. Although in the ward Yang Xiaoyi acted very cold, and could not even see that Yang Gong was her father at all, instead they were more like enemies to each other. However, Ji Feng knew that Yang Xiaoyi was actually very sad in her heart, otherwise she would not have shed tears on the way here when she heard that Yang Gong's hand had been cut off.

It was only because Yang Gong had been too much of a jerk over the years that I was afraid it had chilled Yang Xiaoyi's heart that she treated Yang Gong so badly.

Thinking about what Dr. Hu said and combining it with what he saw, Ji Feng knew that what Dr. Hu said was actually just the tip of the iceberg, that Yang Gong had treated Yang Xiaoyi like an absolute bastard!

Imagine, what father would use the word "stinky woman" to describe his daughter?

Yang Gong was treating Yang Xiaoyi like an ATM machine, and a human ATM machine that he could call on and scold at will!

But the problem was that Ji Feng's words were a bit full earlier, and in the blink of an eye Yang Gong was injured and had one of his hands chopped off, which was a resounding slap in the face!

What's more important is that Ji Feng doesn't know how to explain to Yang Xiaoyi!

"I'll go and arrange it now!" Seeing Ji Feng's silence, Zheng Yuanshan knew that he had to do something. It was because Ji Feng had called him when he hadn't even come to Southern Guangdong, but he was concerned about Prince Kong's background and wanted to take a more moderate approach.

However, he had neglected to do so because he had not expected the other side to be so ferocious!

Although this might not have been an order from Prince Kong himself, but just someone below him taking matters into his own hands, this result was something that Zheng Yuanshan could not account for to Ji Feng.

“How much money did Yang Gong owe to Prince Kong?” Ji Feng suddenly asked.

“How much money?”

Zheng Yuanshan, who was about to leave, froze at his words and shook his head, “I really don’t know this, I didn’t ask in detail.”

Ji Feng nodded and said, “Uncle Zheng, please help me ask how much Yang Gong owes, I’ll pay it back for him.”

Zheng Yuanshan said at once, “Little Feng, this is a gambling debt, it is illegal, there is no need to pay it back at all”

“I know, but since Yang Gong used to gamble, it’s better to pay it back!” Ji Feng said with a nod.

“But”

Zheng Yuanshan was just about to say something, but he abruptly stopped, he suddenly understood what Ji Feng meant. Ji Feng wanted to pay back this money for Yang Gong, not that he didn’t know that it was a gambling debt and illegal. By doing so, Ji Feng had the very intention of settling matters in the Dao according to the rules of the Dao!

Zheng Yuanshan immediately realized Ji Feng’s intention, he was waiting for the result of his treatment, and, had already made good preparations to personally take action!

If this matter could not be resolved well by Zheng Yuanshan, then Ji Feng would use his method to deal with it.

Seeing Ji Feng’s bland expression, Zheng Yuanshan suddenly felt a pressure.

At this time Zheng Yuanshan could not help but realise that the current Ji Feng was no longer the big boy he was when he first met him, he had grown up and become a Ji family youngster who could make his voice heard and had great energy!

At the same time, he was also the boss behind a large multinational conglomerate!

Zheng Yuanshan knew that he could no longer treat Ji Feng with the same posture as before, “Good! I’ll ask!”

“Then I’ll wait for your news!” Ji Feng said.

Zheng Yuanshan patted him on the shoulder, turned around and left without saying anything, today’s incident was like a loud slap in his face, he had to do something.

After Zheng Yuanshan left, Ji Feng hesitated for a moment, but still came to Yang Xiaoyi and said, “Xiaoyi, I’m sorry”

“Mr. Ji, thank you!” Yang Xiaoyi, however, suddenly bowed to him.

“Thank me for what?” Ji Feng waved his hand and said, “I’m sorry that things have come to this.”

“No, no! I know you’ve done your best.” Yang Xiaoyi shook her head repeatedly and said, “Actually, I’m already grateful that you were able to save him, and I know a simple thank you doesn’t mean anything, but I don’t have anything else I can get my hands on, so I can only say thank you to you.”

Ji Feng’s face was even hotter when he heard that.

What he had done might have seemed like enough to Yang Xiaoyi, but he himself understood that, in fact, if he had been more cautious at that time, Yang Gong’s hand might not have been cut.

In fact, it was still because he was negligent that he had caused such a result.

“Xiao Ai, this matter, I will give you an explanation!” Ji Feng said seriously.

“No, it’s not necessary.” Yang Xiaoyi hurriedly shook her head, “Mr. Ji, I’m already grateful now, you don’t need to do anything more for me.”

Ji Feng said, “Well then, since you think it’s already okay, then next, it’s my own business.”

Yang Xiaoyi didn’t hear what came Ji Feng’s meaning, nodded and said, “Hmm. I’m really sorry to have delayed you for so long, thanks!”

Ji Feng waved his hand with a smile and said, “It would be out of line to say that again. Didn’t I say that you took care of me with all your heart at first, so I should do this now.”

Yang Xiaoyi gave a hint, “Mr. Ji, then you can go about your business.”

Ji Feng nodded and said, “Don’t worry about your father’s side, there are police officers guarding the entrance, those bad guys definitely won’t dare to come back.”

Yang Xiaoyi thanked her again and again, before saying goodbye and leaving.

Looking at her back, Ji Feng was silent for a moment, and a stern aura flashed in his eyes. Prince Kong, how fierce!

After booking a hotel on his mobile phone, Ji Feng and Yang Bin drove over there, but the car had just left the hospital entrance when they saw Yang Xiao Ai waiting for a car by the roadside, Ji Feng immediately said, “Yang Bin, drive over.”

The car stopped in front of Yang Xiaoyi and the window was lowered to reveal Ji Feng’s face, “Xiaoyi, where are you going? I’ll take you there.”

Yang Xiaoyi hesitated for a moment, but still nodded her head.

After dropping Yang Xiaoyi off at the hospital where she worked, Ji Feng and Yang Bin left and then waited for Zheng Yuanshan’s news at the hotel.

He did not know that after he and Yang Bin drove away, Yang Xiaoyi watched the car go far away and could not help but let out a loud cry.

For Ji Feng, Yang Xiaoyi was grateful from the bottom of her heart!

At the darkest and most helpless time in her life, it was Ji Feng who came to her aid and gave her hope again.

“Mr. Ji, thank you!”

.....

Less than half an hour after Ji Feng returned to the hotel, he received a call from Zheng Yuanshan.

“Little Feng, the man ran away!” Zheng Yuanshan said, “Only a few minions were caught, the head of the casino ran away.”

“Got it.” Ji Feng said.

“A mistake!”

Zheng Yuanshan said in a deep voice. At this moment, his face was extremely gloomy, this kind of result was something he didn't expect, people actually ran away under his nose, in fact, when he called for Yang Gong, he had already arranged for people to spy on the casino people, just so that he could arrest them immediately once he did.

However, he didn't expect that his men would let the casino's head escape even though they were watching!

It was obvious that someone had tipped him off, and most importantly, there weren't many people in Yuezhou who could have such great energy and could easily hide people. So Zheng Yuanshan guessed that it should be Liu Gang who had struck.

But these things Zheng Yuanshan did not explain to Ji Feng, because he knew that what Ji Feng wanted was just an explanation, not the reason or the process.

“You wait a little longer, one day at most, I will definitely find the person.” Zheng Yuanshan said in a deep voice.

“No need, I'll go and find them myself!” Ji Feng shook his head and said.

Zheng Yuanshan immediately frowned, “You're going to look for them?”

Ji Feng nodded his head, “Mm. I'll go look for it. Uncle Zheng, just pretend that this matter has never happened, just leave the rest to me.”

After saying that, he hung up the phone.

And then he picked up his jacket and turned to Yang Bin and said, “Yang Bin, let's go.”

Yang Bin asked, “Where to?”

“Yuezhou City Bureau!”

The news that Ji Feng had personally gone to the Yuezhou City Bureau to report the case soon spread throughout Yuezhou, and at this time, the news that he had come to Yuezhou also spread, and some well-informed people also vaguely knew the purpose of his visit.

For a while, many people's eyes shifted over.

Ji Feng personally went to the city bureau to report the case, pointing his sword at Liu Gang!

This news made many people sit up and take notice, including the top brass of Southern Guangdong. However, what was interesting was that the person who came out to receive Ji Feng at the Yuezhou City Bureau was only a section chief, and a deputy at that!

Once this gesture was made, Ji Feng smiled.

It seems that the other side is going to play ah?

After reporting the case, Ji Feng then went back to the hotel and waited for news, which was the reply given to him by the Guangdong Municipal Bureau, waiting for the results of the investigation before dealing with it.

But everyone knew that this was only a pretext, I'm afraid.

However, as if he did not know, Ji Feng just waited quietly. For two consecutive days, he either stayed in the hotel to sleep and watch TV, or, just went out and wandered around, as if he had completely forgotten about it.

This made many people who were quietly watching the development of the situation a bit surprised, was Ji Feng just going to let it go?

You know, these two days have already passed, but the Guangdong Municipal Bureau has not even given a basic reply, as if Ji Feng had not even bothered to report the case.

"Little Feng, what are you planning to do?" Zheng Yuanshan was also a bit puzzled by Ji Feng's approach. Since Ji Feng had decided to do it on his own, he had been waiting, but two days had passed and Ji Feng had not made any other movements apart from going to the Yuezhou City Bureau to report the case, which was very unconventional.

Ji Feng said, "I'm waiting for a reply from the Yuezhou City Bureau!"

Zheng Yuanshan frowned, did Ji Feng not know the current situation? This was obviously impossible.

He couldn't help but ask, "Then what if you can't wait for a reply?"

Ji Feng smiled: "If I can't wait, then I'll have to do it in my own way!"

Zheng Yuanshan couldn't help but feel a chill in his neck as soon as he heard this, the murderous aura in Ji Feng's words was so obvious that he could feel it through the phone!

Campus Master Chapter 3035

Southern Guangdong, Yuezhou.

Ji Feng brought Yang Bin to the Four Dimensions Hotel.

"Please ask the two gentlemen" Before the front desk attendant could finish his words, Ji Feng interrupted with a wave of his hand.

"Tell Liu Gang to come out and tell him that I've come to return the money!" Ji Feng said.

The receptionist was stunned and asked, "May I ask if you are"?

“Ji Feng!”

“So it’s Mr. Ji, our General Manager Liu is very busy and is not in the hotel right now, if you have anything for him, you can ……”

“If you don’t want to smash your rice bowl, do as I say, it will be good for you!” Ji Feng said, “Tell Liu Gang that I’m waiting for him here, and if I don’t see him within half an hour, then it’s overdue!”

The front desk attendant was stunned by Ji Feng’s words, although Ji Feng’s voice was not high and his tone was flat, his body carried an inexplicable aura that made the front desk attendant stiffly not dare to talk back and could only hurry to pick up the phone and report upwards.

The first thing you need to do is to find a sofa in the lounge area and sit down, and look around. There was an underground casino here? He would like to see what this underground casino was like!

Meanwhile, in a private club, a conversation about Ji Feng was going on.

“Brother Kong, well done!” Shao Jie held a glass of wine and laughed, “I heard that Zheng Yuanshan’s face turned green when he received the news, he, the head of the provincial department, personally ordered it, but as a result, apart from arresting a few minions, not even one person in charge was caught, this slap in the face, it really hurts!”

The man sitting on the sofa next to Shao Jie was a man in his forties, with a small flat haircut and an ordinary body shape, at first glance he looked like an ordinary person, except that the Tang suit he was wearing looked a bit different in this era when suits and leather were prevalent.

Anyone who knew him knew that he was Liu Gang, a famous figure in Yuezhou and even in the whole of Southern Guangdong, and could even be said to be a big brother in the whole of Yuezhou, a ruthless and ruthless man who, despite his ordinary appearance, was extraordinarily ruthless and had a great reputation in the whole of Southern Guangdong!

When he heard Shao Jie’s words, Liu Gang only shook his head slowly and said, “Young Jie, Zheng Yuanshan is easy to deal with, he is an outsider, he can’t turn over the sky in Yuezhou! However, I heard that Ji Feng has come to Southern Guangdong.”

“So what if he’s here?”

Shao Jie snorted disdainfully at his words and said, “Didn’t he even go to the police station and call the police himself? What was the result? No one dumped him at all!”

Of course, Liu Gang knew that Ji Feng had gone to the police without being heeded and was being treated coldly, but he also knew that this matter was actually due to someone’s greeting, and this Shao Jie’s shadow was definitely involved.

However, Liu Gang was very cautious about this.

“The first time I heard about him, he was a ruthless man!” Liu Gang said, “What’s more, with his status, he personally went to the police station to report to the police, only to be met with cold treatment, he will definitely not rest in peace!”

Liu Gang had come into contact with many gentry from such powerful families, and such people generally loved to save face and would not allow their faces to be swept away. Now that Ji Feng had been swept off his feet, how could he let it go so easily?

“You shouldn’t think of Ji Feng as so godly, he’s just a bit lucky!” Shao Jie sneered, “He has encountered more assassinations than he can count, and several of them almost cost him his life, just by that little bit... Speaking of which, this bastard’s luck is really enviable!”

Speaking of this, Shao Jie’s face was a bit unsightly.

Ji Feng had encountered so many assassinations without much of a big deal, but he had only encountered one attack in Jiangzhou, and as a result, he almost lost his life, if the security guards of the villa area hadn’t arrived in time at that time, he would have been killed by that attacker!

Even his luck was not as good as Ji Feng’s, which made Shao Jie feel bad.

“If Ji Feng wants to come hard, what should we do again?” Liu Gang asked.

“Come hard?”

Shao Jie snorted, “Come to what hard? Do you think that just because he is the son of the Ji family, he can just do whatever he wants? What do you need the law for if that’s the case?”

The law

The corners of Liu Gang’s eyes twitched a few times, the law was useless even to people like him!

“Alright old Liu, don’t worry so much.”

Seeing Liu Gang’s silence, Shao Jie waved his hand and said with full concern, “Ji Feng does have a background, but, this background of his has become a liability in many cases, precisely because of his status, there will be many pairs of eyes on him, just waiting for him to make a mistake, as long as he dares to come hard, when the time comes, someone will naturally find him in trouble!”

“But

Liu Gang opened his mouth, a little hesitant, if Ji Feng really wants to come hard, by then, even if someone is looking for him, it will be too late!

The company’s main business is to provide a wide range of products and services to the market.

Liu Gang nodded slowly at his words and said, “Playing dirty, he’s not qualified!”

“That’s true!”

Shao Jie nodded and laughed, “When it comes to playing dirty, your old Liu can be his ancestor!”

Liu Gang had been on the Southern Guangdong Road for so many years, what tricks had he not seen? If he didn’t know how to play dirty, even if he had someone behind him, he wouldn’t be able to survive for long, let alone become a big brother in the Dao.

Liu Gang was not afraid of Ji Feng’s underhandedness, only that he would come hard.

If Ji Feng really wants to find trouble with him head-on, he really won't have any good way to deal with it, and then Ji Feng might be punished, while he, I'm afraid, will have to lose his head!

Because Ji Feng's bottom may not have anyone dare to investigate, even if they do, there will definitely be someone to help cover it up and not find out. But he's different, once someone above really wants to investigate him, it's really an investigation, he only has a way to die!

"Eh, by the way old Liu, the eight villains under you are really as powerful as the legend says? When will you let me see them too?" Shao Jie suddenly said.

"What eight great vajra, that is all just what friends outside give face and call it randomly." Liu Gang shook his head and smiled, saying, "However, the eight of them do have some skills."

When he said this, Liu Gang's face was full of self-complacency. The Eight Great Gangsters under him were very famous in the entire Southern Guangdong Province.

Some of these eight people came from the black boxing ring, some came from the assassin world, and some even came from the special forces. Each one of them was quite powerful, and this was the source of Liu Gang's confidence. The reason why he was not afraid of Ji Feng's underhandedness was that he had these eight villains around him to protect him.

In his time on the road, Liu Gang had encountered many assassinations, but, over the years, apart from the occasional danger at the beginning, after the Eight Great Vajra gradually followed him, almost no one could get close to him!

"Young Jie, Yanjing side"

"Dang it"

Liu Gang was about to speak when his mobile phone suddenly rang, he took it out and immediately picked it up, saying unhappily, "Didn't I tell you, I'm doing something important, don't disturb me easily, don't you understand what I'm saying?"

A voice came over the phone, "Prince, Ji Feng is here!"

Liu Gang was stunned, "What?"

"Ji Feng is here, and he's at the Four Dimensions Hotel right now!"

"Phew!"

Liu Gang stood up sharply, "Say that again! When did he come and what did he come for?"

A moment later, when Liu Gang hung up the phone, his expression couldn't help but gaze up.

"Old Liu, what's wrong? Is something wrong?" Seeing Liu Gang's face change after answering the phone, Shao Jie couldn't help but ask.

"Ji Feng is here!" Liu Gang said in a deep voice.

"What?"

Shao Jie immediately lost his voice and asked, "Where is he?"

Liu Gang said, "At the Four Dimensions Hotel! Young Jie, it seems that he is really planning to come to the hard way!"

Shao Jie froze, and then laughed, "Ha! I thought Ji Feng was so clever, but I bet he's at his wit's end after all this time! How can he still play such a trick? What was he doing at the Four Dimensions Hotel? Does he think that just by showing up there he can make you go soft? Idiot!"

Liu Gang stood up and said, "I'll go back and see what he's up to!"

Shao Jie nodded and said, "Old Liu, it looks like Ji Feng is just like that now, he can't do anything to you even if you don't give him face. Just don't let him catch any tangible leverage."

Nodding his head, Liu Gang said, "I know what to do, I'll go back first."

In the lobby of the Four Dimensions Hotel, Ji Feng sat on the sofa with a calm expression and raised his hand to look at the time.

Yang Bin whispered next to him, "Sir, it's been more than half an hour."

Ji Feng nodded his head and said, "I know. Let's go."

Yang Bin immediately stood up and escorted beside Ji Feng, yet they were about to leave when they saw someone walk in through the hotel's front door, and before the person could even get close, a hearty laugh could be heard.

"It's a great honour for me to have you here, young Ji, sorry sorry I'm late!"

Following the sound of the voice, he saw that the person walking at the front was wearing a Tang suit, his whole body looked very spirited, and when he walked he was even more tigerish, quite imposing.

The first time Yang Bin fixed his eyes on these people, they were obviously more threatening than the man in the Tang suit, and looking at their walking posture, they were practitioners.

Ji Feng also saw this group of people, and he first recognized Liu Gang, from Zheng Yuanshan he had already gotten the details about Liu Gang, including the eight villains that followed behind him, well, there were only five of them now, and three others were not present.

"Young Ji, since you've come here, I guess there's no need for me to introduce myself, right?" Liu Gang came to the front and said with a smile, "Young Ji, please come inside."

Campus Master Chapter 3036

"Young Ji, since you've come here, I guess there's no need for me to introduce myself, right?" Liu Gang came to the front and said with a smile, "Young Ji, please come inside."

"There's no need to go inside, it's the same to talk here." Ji Feng waved his hand and said indifferently, "I'm here today to pay you back!"

"Pay back the money?"

Liu Gang smiled, "Young Ji, I don't remember that Young Ji has ever asked me to borrow money, moreover, with Young Ji's status and position, I don't think he would need to ask me, a small businessman, to borrow money, right?"

When he received the call from his men earlier, Liu Gang knew that Ji Feng had come to return the money, and he was very surprised at that time. Because he didn't remember any monetary dealings between himself and Ji Feng, in Liu Gang's opinion, this should be because Ji Feng wanted to see himself, but he was in the way, so he made such an excuse.

This made Liu Gang laugh in his heart, although Ji Feng was the youngest of the Ji family, he was still young after all, so he had found such a poor excuse.

"You, Prince Kong, are no small businessman, to say that, you are too self-effacing!" Ji Feng smiled lightly, "I am paying back the money for Yang Gong today!"

"Yang Gong Gong?"

Liu Gang frowned, but there was a hint of bewilderment on his face, making a thoughtful face, only after a moment did he shake his head and said, "Sorry, young Ji, I don't remember such a person, as you know, I am a businessman, so I must have relatively more contacts, for some insignificant people, I usually don't remember much!"

Ji Feng gave him a look: "Insignificant people? That's a good point! However, this Yang Gong is not an insignificant person, and you Prince Kong did not treat him as an insignificant person!"

Liu Gang shook his head and said, "Sorry, Young Ji, I still haven't thought about it. However, I did do a lot of charity over the years, perhaps the Yang Gong you mentioned is someone I once helped unintentionally, but I don't remember anymore"

Ji Feng smiled, hearing Liu Gang say this, he knew that there was no longer any need to talk about it next. So Ji Feng directly took out the cheque book from his pocket, brushed it and filled it in, tore it off and handed it to Liu Gang.

"Mr. Liu, this is the money that Yang Gong owes you, now please also take it!" Ji Feng said.

"Young Ji, I'm really sorry, I really don't remember this person, and I don't quite understand what you're talking about, about this money, that's even more impossible to say. So are you going to confirm it again, Ji Shao?" Liu Gang said with a smile.

Liu Gang was smiling, but his mouth was determined not to admit that this money had anything to do with him. What this money was all about was still unclear to Liu Gang before, but since the matter had become a big deal, he had already learned about it long ago and naturally knew what this money meant.

Therefore, he could not accept this money no matter what, otherwise, it would be in front of Ji Feng to confirm the fact that he was breaking the law by opening a casino.

Moreover, Liu Gang knew very well in his heart that Ji Feng's money was not that easy to take, especially under such circumstances.

Liu Gang didn't take it, but Ji Feng wouldn't be so consumed with him, only to see Ji Feng's hand let go and the check suddenly wavered and fell to the ground.

Liu Gang's eyes narrowed.

Ji Feng said indifferently, "I've already given you the money, which is only more than what Yang Gong owes you. This account of his is clear up to this point."

"Ji Shao" Liu Gang frowned and was interrupted by Ji Feng just as he wanted to speak.

"Since the account that Yang Gong owes you has been settled, then next, it's time to settle the account that you owe him!"

"Young Ji!"

Liu Gang's voice steeply raised a few points, frowned and said, "I don't understand what you're talking about, although I Liu Gang also owes money to others, but with a person I've never even heard of I don't have any accounts to settle, if Ji Shao didn't get it clear, you can go back and confirm before coming back, if Ji Shao is short of money to spend, how much I need I will try to meet"

"This is your attitude?" All the time waiting for Liu Gang to finish, Ji Feng asked indifferently.

"That's right!"

Liu Gang nodded his head and said, "Young Ji, I think you should not understand what is going on"

"You bullshit!" Before Liu Gang could finish his words, he heard an angry shout, but it was Yang Bin standing next to Ji Feng, staring coldly at Liu Gang, "What are you, and how dare you talk to Sir like that?!"

"Kid, say it again!"

After Yang Bin chided, the few people beside Liu Gang instantly became angry, one of them pointed at Yang Bin and said coldly.

Liu Gang waved his hand, "All right! Young Ji is here, where is it your turn to speak!" He turned his head to look at Ji Feng and asked, "Young Ji, is this one of your men?"

Ji Feng looked at him, turned around and walked away, not even paying attention to Liu Gang.

Liu Gang suddenly had a gloomy face.

Yang Bin was still standing in place, staring coldly at Liu Gang, while at this moment, the few people around Liu Gang were also staring at Yang Bin with murderous anger, ready to make a move at any moment.

"Yang Bin, go!" Ji Feng's voice came from not far away, although his voice was not high, it contained an unquestionable majesty.

"Liu Gang, do you really think that just because you're called Prince Gang, there's really no one who can rule you? What a frog at the bottom of the well doesn't know how big the sky is!" Yang Bin stared at him and said with a cold smile, "Just wait, there will be time for you to cry! Hmph!"

After saying that, Yang Bin left with big strides.

The few people around Liu Gang were instantly furious, and two of them immediately stepped forward to stop Yang Bin, but Liu Gang fiercely waved his hand and gestured with a sullen face for them to get out of the way.

“Prince, just let them go?” One of his men asked reluctantly.

“If we don’t let them go, what else can we do?” Liu Gang said coldly, “Couldn’t you still keep them?”

“What’s so difficult about that? I don’t need the others to do it, I alone am enough to leave them both behind!” The man said confidently.

Liu Gang gave him a look and sneered, “If you leave them behind today, I can guarantee that within a day there will be armed police officers rushing straight to your door, then whether your knife is faster or the bullet is faster, do you want to try?”

The man was stunned.

The others were also a bit surprised, and one asked, “Prince, this man is very powerful?”

Liu Gang said, “He is Ji Feng, that Ji Feng of Jiangzhou, do you think he has any authority?”

Several people couldn’t help but be stunned.

Liu Gang said in a deep voice: “Be careful all this next period, this beam has been made today, be careful of them playing dirty.”

“Yes!”

Liu Gang’s words made several people cautious.

Jiangzhou Ji Feng!

Of course they had heard of this name, as a prominent figure on the Southern Guangdong Road, even if they were only the eight villains under Liu Gang, they were able to reach a certain level, so they naturally knew what kind of person this Jiangzhou Ji Feng was.

This person, really is not something they can easily touch, even if it’s just a dude!

“From today onwards, you guys have to take turns following me!” Liu Gang admonished again, “Bring all the guys you have for dinner with you!”

“Understood!”

“Prince, what about this cheque?”

Liu Gang glanced down at the cheque lying quietly on the ground, seeing the numbers on it, the corners of his eyes couldn’t help but jump a few more times, it wasn’t a small amount, for Ji Feng to come up with such a sum of money seemed to indicate his determination and attitude.

“Since this money was thrown by him, it will be thrown here and no one should touch it!” Liu Gang said through clenched teeth, “Don’t let anyone else touch it either.”

“What about the cleaning and passing guests who see it?”

“Don’t let anyone touch it!” Liu Gang said in a deep voice. And then, he picked up the phone and dialed a number

.....

“Sir, are we just going to leave?” Outside the Four Dimensions Hotel, Yang Bin quickly caught up with Ji Feng and asked somewhat reluctantly.

“What else do you want?” Ji Feng asked.

“They’re too arrogant, they don’t even put you in their eyes!” Yang Bin said indignantly.

Ji Feng smiled, “That’s people’s freedom! We can’t interfere! Let’s go.”

Yang Bin said, “Sir!”

Ji Feng looked back at him and asked, “Yang Bin, do you know what is the most important thing about being a guard?”

Yang Bin froze, then said, “To protect your safety.”

Ji Feng shook his head, “To follow orders and treat yourself as a transparent person, that’s the most important thing!”

Yang Bin suddenly showed a stunned expression.

“Let’s go!”

Ji Feng patted his shoulder and smiled, “Think about what I said after you go back!”

Yang Bin nodded his head and obediently followed Ji Feng to the car. He realised that he had somewhat missed his place, and was only intent on defending Ji Feng, but had forgotten his most basic duty as a guard.

As the car slowly moved, Yang Bin realised that he had been a bit impulsive, so he quieted down at that moment and concentrated on driving, but he heard Ji Feng suddenly say, “Yang Bin, go back to the hotel.”

“Yes, sir.” Yang Bin nodded his head.

A moment later, he heard Ji Feng say again, “It’s me, you come to Yuezhou, there’s work to be done!”

Yang Bin immediately realised that Ji Feng was on the phone, and he immediately turned down the music in the car a bit, but in his heart he was vaguely expecting something. It seemed that Mr. Ji was about to make a move, so what Mr. Ji said at the Four Dimensions Hotel was true, and he wasn’t joking with Liu Gang, nor was he scaring him!

Yang Bin gradually understood Ji Feng’s way of dealing with things and his character. When Ji Feng spoke to Liu Gang just now, although his voice was not high and his tone was calm, the words were unquestionable.

When he said he would settle accounts, then he would definitely settle accounts with Liu Gang!

And now, Mr. is making preparations for settling the score, I believe it won't be long before it's time to settle the score!

After making the call and putting away the phone, Ji Feng couldn't help but shake his head and smile.

This Crown Prince Kong, is really arrogant!

Although every word of this man sounded humble when he spoke, in reality, the arrogance in those words was oozing out!

You don't even care about people who don't matter?

Go back and figure it out before you come back?

Ji Feng smiled, I will definitely come back!

Campus Master Chapter 3037

It's nighttime.

Yuezhou is no less prosperous than Jiangzhou, and there is even a unique scenery here that Jiangzhou does not have. Even though it is late at night, the streets are still very lively. The streets, which were originally orderly during the day, were now occupied by those small stalls, forming a night market.

Ji Feng and Yang Bin were sitting at one of the stalls, drinking beer and eating barbecue.

"Sir, I've heard that the barbecue over here in Southern Guangdong isn't very good." Yang Bin was a bit hesitant, "I saw on the news that someone over here actually used rat meat as mutton and pork for the barbecue, and as a result, some customers started to bleed after eating it, and only after checking later did they realise that the barbecue was actually the meat of a rat that had been poisoned by poisonous rat poison!"

Ji Feng laughed: "You think this is the only place in Yuezhou that has this kind of thing?"

Yang Bin was stunned, "Huh?"

Ji Feng said, "If you take it too seriously, you can't live in China unless you go on a hunger strike But even if you go on a hunger strike, the air you breathe is still polluted, making your body's immunity drop, and you will get all kinds of respiratory diseases, even the risk of lung cancer, if you take it so seriously, you There's no way to live!"

Yang Bin was dumbfounded by what he said, and when he thought about it carefully, it was really true. He couldn't help but scratch his head and said, "I just saw the barbecue and that's why I suddenly remembered this news."

Ji Feng smiled, poured him a glass of beer and said, "Just a little judgment when eating, these things are not expensive in the first place, then the cost of manufacture must be even lower, the crude ones are very good to distinguish."

Yang Bin nodded his head and listened carefully. In his heart, he was secretly thinking, it seemed that no amount of skill or learning was actually more useful than the experience learnt in society.

It was simple common sense and he hadn't thought of it for a while.

"Well, after this drink, we should also leave." Ji Feng said.

"Go? Is it to go back to the hotel?" Yang Bin asked.

"To settle the bill!"

Ji Feng tilted his head and drank the beer in his cup, casually heaved the quilt on the table and stood up, "There are some scores, it's time to settle them!"

Yang Bin instantly got excited, Mr. This is going to do something!

He stood up straight away without saying a word, not even drinking, "I'll go and drive then!"

"No need!"

Ji Feng waved his hand and said, "You don't need to drive if you're drinking, someone will pick us up there!"

Under Yang Bin's slightly stunned eyes, an unobtrusive car stopped at the roadside not far from the large stall where they were eating, and its lights flashed twice.

.....

Meanwhile, inside a clubhouse in Yuezhou.

"Shao Jie, Ji Feng has come to Yuezhou, do you know?" Zhai Yadong asked.

"I've known about it for a long time." Shao Jie said with a carefree voice as he had two poorly dressed ladies in his arms. As he spoke one of his hands was unfaithfully stroking the bodies of those two women.

Zhai Yadong frowned and said, "I heard that he is coming for Liu Gang?"

Shao Jie nodded his head and said, "I guess so."

Seeing this attitude of Shao Jie, Zhai Yadong's frown tightened, "Shao Jie, you can't take it lightly, Ji Feng is not a simple person, maybe he is just sounding out the east and hitting the west, the main purpose of this visit may not be for Liu Gang, maybe there are other purposes as well!"

"Okay, okay."

Shao Jie brushed aside his mouth and said, "Ji Feng is not simple? I think he's a piece of shit. In Jiangzhou, he may still be able to jump around, but in South Guangdong, he dares to show his flowers and a casual pee can extinguish him. The youngest of the Ji family is only in the Ji family, do you really think he is a crown prince?"

"But"

"Don't but, Lao Zhai, you should not worry about the sky, Ji Feng does not dare to provoke us, if he dares to mess up, someone will clean him up." Shao Jie said impatiently, "All right, I'm going to go get high first, take your time and drink here by yourself, go get two chicks if you need them, my treat."

With that, Shao Jie stood up and walked away with the two women in his arms.

Zhai Yadong shook his head straight as he watched and couldn't help but sigh, this is really

Thinking about the news of Ji Feng coming to South Guangdong, Zhai Yadong's heart could not help but feel a little heavy, Shao Jie had taken Ji Feng too lightly, too much arrogance may not be a good thing, this had been verified in the case of Wu Zhiyong and Wu Zhihe.

But Zhai Yadong didn't persuade Shao Jie again, he was already impatient when his words came to this point, if he said more, it might only backfire, it was better not to say anything.

"I hope that this time Ji Feng is really only coming for Liu Gang, otherwise, it could really be a bit troublesome!" Zhai Yadong said secretly in his heart.

Walking out of the box, Shao Jie couldn't help but hum, "What a nag."

After a brief thought, he took out his mobile phone and dialed a number, "Old Liu, come out for a drink, there are some pretty good goods coming to the clubhouse, let's have some fun together!"

.....

"Boss!"

"Feiyu, how's the investigation going?"

In the car, Yang Bin saw the manpower arranged by Ji Feng, a person slightly older than him, with a somewhat slim figure, at first sight Yang Bin could not help but be a little disappointed, he originally thought that Ji Feng would have arranged quite a few manpower, but did not expect only one person, it seems that at most he could only act as a driver.

But after a closer look, Yang Bin's expression changed slightly.

Practitioners!

A murderous aura!

Yang Bin sensed a biting killing aura from this person called Qin Feiyu, and he immediately realised that this person was not simple.

"This is Liu Gang's home, I saw Liu Gang come home at 7:43pm with my own eyes, followed by four people at his side, judging from the way they walked, these four people are not mediocre." Qin Feiyu took out his mobile phone and pulled out several photos on it, which had the complete process of Liu Gang from getting off the bus to returning home.

Ji Feng's gaze skimmed over the four men beside Liu Gang and said, "These four men are four of the eight villains under Liu Gang, Yang Bin, take a look, one of them we also met at the Four Dimensions Hotel, he was present at that time."

Yang Bin stretched his head and looked, nodded his head and said; "That's right. It's this little man, I've seen him before. I remember he had a very special pair of hands, just like old tree roots, I guess this person should be an ancient martial artist, his kung fu might be in his hands."

Ji Feng nodded slightly and asked again, "Feiyu, is Liu Gang still at home now?"

Qin Feiyu shook his head and said, "Not sure, he should still be home when I left, I just don't know if there's a back door to his house yet."

Liu Gang's house was a villa, and from the photos there were three floors in total, and the courtyard area did not look small; the photos were taken in the front and on the side, not the back.

Qin Feiyu explained, "Liu Gang was extra careful, and there were people guarding the back, there was only a small path there, I couldn't get close enough to take photos."

Ji Feng nodded slightly and said, "Whatever, let's go over there first."

Qin Feiyu asked; "What if Liu Gang has already left home at this point?"

"Then we have to go too." Ji Feng said, "It doesn't matter if Liu Gang is at home or not, someone always knows where he is!"

"Understood."

Qin Feiyu nodded his head and responded.

Ji Feng waved his hand, "Drive!"

Although Liu Gang was a big brother on the road, however, it was not worthwhile for Ji Feng to treat him as an opponent, in Ji Feng's eyes, he was just an enemy, just the kind of enemy that needed to be stomped to death, not an opponent that could go toe to toe.

So, it didn't matter if Liu Gang was at home now!

If Ji Feng had to block Liu Gang, he could have had Qin Feiyu follow Liu Gang, and then he and Yang Bin would have rushed over.

Because it was night, Qin Feiyu put the car at a fast speed, especially since Liu Gang's villa was located in the suburbs and there were even fewer cars on the road, the car was even faster, so it only took half an hour or so for the three of them to arrive near Liu Gang's house.

"Boss, that villa in front is Liu Gang's home!"

The three of them parked the car a long way from the neighborhood where Liu Gang was, and went straight over the fence into the villa area. Qin Feiyu led Ji Feng and the two of them and stopped in front of a villa.

Ji Feng looked at the villa and nodded slightly, it was the same as the result of his investigation, this was one of Liu Gang's residences, the so-called cunning rabbit three caves, Liu Gang obviously also knows this way, according to the investigation, Liu Gang has at least three residences, even in a farmhouse in the combination of urban and rural areas in Yuezhou, there is also his residence.

And living in this villa was one of Liu Gang's lovers, however, this was also the place where Liu Gang came most often.

"Go!"

Ji Feng said, "Go over and take a look."

Qin Feiyu, however, stopped Ji Feng and said, "Boss, I'll just go alone."

Ji Feng shook his head and said, "You can't go alone, how about this, Yang Bin you two go together, it doesn't have to be a murder, it's best to find evidence of Liu Gang's guilt."

"Understood!" Qin Feiyu nodded his head.

"Sir, don't worry." Yang Bin also patted his chest and said.

"Go ahead!" Ji Feng nodded, "You two should also be careful, Liu Gang is armed."

Although the management of firearms in China is extremely strict, however, no matter how strict the management measures are, they cannot be 100% eliminated, now there are signs of a proliferation of firearms on the road, this was said by Zhang Lei when he came back from the northeast, over there if there are no guns, it is impossible to fuck with the black's gangs in Saudi Russia!

Southern Guangdong was also the hardest hit by the proliferation of guns, and there had been more than one vicious incident where gangs had shot each other in the street.

Ji Feng put his hands behind his back and watched as Yang Bin and Qin Feiyu approached the villa quickly.

"I'll go in from the front, you sneak in from the back!" Qin Feiyu said in a low voice. According to his observation, Liu Gang's house was guarded, going in from the front was undoubtedly more dangerous, and since Yang Bin was the person beside Ji Feng, it was not appropriate to let him take the risk.

"No, I'll go in from the front" Yang Bin shook his head.

"Do as I say, or I'll ask the boss directly!" Qin Feiyu said.

Yang Bin frowned, feeling that Qin Feiyu's tone was too hard and somewhat cold, but he nodded his head and agreed.

Campus Master Chapter 3038

Qin Feiyu arrived at the villa courtyard door and squinted his eyes to look inside. At this moment, the villa was still lit up, but the curtains were drawn on the windows, so he could not see inside, however, Qin Feiyu could still see the unusual situation, because a limousine that was originally parked at the entrance of the villa was nowhere to be seen.

That was Liu Gang's car!

Liu Gang was probably no longer in the villa, Qin Feiyu judged, and at the same time as Liu Gang's car, there was also a Land Cruiser SUV, which was the car in which Liu Gang's four bodyguards were riding.

Qin Feiyu took a few steps back to hide his figure, took out his mobile phone and dialed Ji Feng's number, "Boss, the people may have left."

Ji Feng said, "It's just as well that they left, find incriminating evidence first!"

Qin Feiyu then understood, from the beginning he sensed that Ji Feng was not that keen to kill, looking for evidence of Liu Gang's guilt was afraid that was Ji Feng's real purpose.

After watching carefully outside for a while, Qin Feiyu quietly entered the villa courtyard. All the windows of the villa were installed with security windows, so if you wanted to enter, you had to go through the main door, which was not a difficult task for Qin Feiyu.

He took out a mask from his pocket and put it on. Qin Feiyu's silhouette was like a ghost as he arrived outside the villa's living room door, and a specially made wire was gently poked into the lock.

"Click!"

With a soft, almost imperceptible click, the door lock was opened, in a matter of seconds.

Qin Feiyu carefully held the door handle and gently pulled the door open, this was the most important step, there was absolutely no need to exert the slightest bit of force, not fast, because no one could guarantee that the spindle of the door would not make a creaking sound, once it made a sound, it would mean that it would be detected.

Qin Feiyu moved with just the right force, without the slightest sound, the door was pulled open and his eyes immediately swept across the living room, which was empty, only the light was still on and everything looked normal.

But Qin Feiyu was on guard, this normalcy seemed to him to be somewhat abnormal.

How could there be no one in the living room when the lights were on?

He stood motionless at the door, listening with bated breath, and it was only after a while that he pulled the door open some more and then entered quietly on his side.

However, the moment he entered the living room, a strong sense of crisis made his eyes narrow abruptly.

Almost subconsciously, Qin Feiyu did not choose to retreat, but charged straight towards the centre of the living room.

"Swish!"

At the very moment Qin Feiyu charged forward, a snowy light flashed abruptly from above his head and then slashed down, the cold mane landing almost close to his back.

As Qin Feiyu charged forward, he didn't even turn around and drew his gun to shoot backwards, but at that moment, a strong wind came at him so fast that he had to give up shooting and rolled on the ground, flinging himself onto the sofa, and with the elasticity of the sofa, he was instantly bounced up and tumbled behind it!

The moment he was dropped, he saw two people, one standing behind the door and the other at the end of the sofa, and it immediately became clear to him that no wonder he had not seen them earlier.

There was no doubt that they had spotted themselves in advance!

In particular, what made Qin Feiyu's heart flutter with surprise was that the short guy standing behind the door was holding a cold, shiny machete!

High-handed!

Those who were still using cold weapons in this current era of hot weapons were almost always absolute cold weapon masters, and Qin Feiyu had met such a person once, when he almost lost his life.

Now he had met such an expert again!

These thoughts flashed through Qin Feiyu's mind one by one in almost a short moment, but at this moment he could no longer think about it, because he saw that the guy standing at one end of the sofa had already thrown down a black iron rod in his hand and pulled out his pistol ready to team him up and shoot.

"Boom!"

Qin Feiyu, who had landed on the ground lying on his back, twisted his body and kicked the sofa hard with both feet, the heavy sofa was actually kicked hard by him and slammed towards the man, instantly knocking the man stumbling and the gun in his hand losing its aim.

But at that very moment, the man standing behind the door rushed over, his whole being carrying a compelling chill.

"Swish!"

It was as if even the air was cut by the harshness of that machete, and Qin Feiyu, who had lost the cover of the sofa, was completely exposed to the man's blade.

Qin Feiyu's eyes shone brightly as he flung his hand and fired a shot, "Boom!" He then took his gunplay skills to the extreme, firing four shots in quick succession, "Bang Bang Bang Bang!"

"Clang!" A sound.

The short man with the machete stumbled violently and hit the coffee table heavily with a loud clang.

It had hit!

Qin Feiyu didn't even have time to rejoice, because just at this moment, the other man also fired, "Bang Bang Bang"

At this moment, Qin Feiyu almost put the peak moment of his assassin career on full display, only to see him continuously rolling on the ground, using all his ability to dodge the bullets.

"Boom!"

With the last shot, Qin Feiyu felt a sudden sharp pain on his left shoulder, and he immediately realised that he had been shot!

But at this time, his right hand also pulled the trigger: "Boom!"

The man on the other side fell to the ground on his back, his body jerked violently for a few moments and there was no sound, only a bloody hole was gurgling out of the man's head

The last bullet in the magazine was still able to hit the other man in the head with a single shot. It can be said that Qin Feiyu's reaction in just a few seconds was almost beyond his limits and fully demonstrated the power of being a top international assassin!

However, Qin Feiyu's gun was similarly empty of bullets, and when he gritted his teeth and stood up, he found that the guy with the machete that he had hit earlier, had also stood up.

This man was not dead!

Qin Feiyu knew that he had to defend himself against the simultaneous attacks of two people just now and should have missed this guy's vital points, but he did not expect this person to be able to stand up so quickly. He could not help but feel his heart sink, because through that instant exchange of blows just now, he knew how tough the other guy was.

He, for one, had no time to change his magazines!

However, the man with the machete did not attack immediately either, only to see that this man's face was flushed red and the veins on his forehead were rising high, looking extremely painful. It was obvious that the shot Qin Feiyu had just fired did not have no effect at all, although it did not kill him in one shot, it was not irrelevant.

The two confronted each other, neither moving first, both sensing a murderous aura in the other's body and, most importantly, both being wounded.

But, neither knew how badly the other was hurt!

"Kid, no matter who you are, you won't be able to walk out of this door today, here, is where you will die!" The man holding the machete said coldly through clenched teeth, his voice sounding as if it was hissing out from his throat.

Qin Feiyu didn't say a word, as a killer, he never had the bad habit of talking to people in the middle of a life and death struggle, unless he thought his life was too long and he was too impatient to live!

"You're out of bullets, aren't you? You killed my brother, now I'm going to cut off your flesh piece by piece and throw it to the dogs!" The man holding the scimitar said sorrowfully.

Qin Feiyu slowly raised his hand and said in a low voice, "What if I tell you that I still have bullets?"

The man with the machete instantly had a fierce light in his eyes at his words, but then he sneered, "If you had bullets, why would you be standing here talking nonsense to me"

"Die!"

The next moment, he shouted and slashed towards Qin Feiyu with his sword in one hand. The blade was incredibly fast and reached Qin Feiyu in front of him in the blink of an eye, making him only able to dodge.

"Humph! I'll see how long you can dodge for!" The guy holding the machete sneered, seeing Qin Feiyu dodge, he became even more confident, although this man's marksmanship was intimidating, now that he was out of bullets, he was no different from a tiger with his teeth pulled out, he could only let him slaughter him!

“I’ll kill you alive!”

Swish!

A lightning-like slash struck at Qin Feiyu, and a cruel smile even appeared on this man’s face.

But the next moment, this smile of his suddenly froze, only to feel a strong wind suddenly hitting him next to him, followed by a violent shout, “You are the one who should be cut alive!”

“Boom~!” The man holding the machete only felt a black shadow flash before his eyes, he didn’t even have time to dodge, his arm instantly hurt and he flew out sideways, falling heavily to the ground with a muffled cry: “Well

Yang Bin held the scimitar he snatched in his hand and sneered, “Playing with knives, are you worthy of it?!”

The man jerked up quickly from the ground with a carp, staring at Yang Bin with a gloomy expression and then at Qin Feiyu, asking in a cold voice, “Who the hell are you people? Don’t you know that this is Prince Kong’s home?”

In his heart, he was afraid, these two people who suddenly appeared, one of them was a powerful gunman, his brothers were also good with guns, but in the situation where he had the upper hand just now, he was actually shot in the head by the other side, and now the other side actually came with another person, and this person’s skill was even more frightening to him, although there was a suspicion of sneak attack, but one move to kick his arm off and take his knife, in the whole Guangdong Province Road There was absolutely no one else who could do that!

A great fighter!

A formidable enemy!

He immediately realised that these two men were definitely not ordinary! So he immediately brought up the name of Liu Gang, hoping to scare these two men.

Since they dared to come here, they must know that this was Liu Gang’s house, but they still dared to make a move.

Campus Master Chapter 3039

As expected!

It was better not to mention Liu Gang, but when Yang Bin heard the name of Prince Gang, he could not help but sneer: “What bullshit Prince Gang, today we are here to clean him up!”

The man holding the machete immediately had a big shock in his heart and immediately remembered what Liu Gang had told them to be careful of for the past two days

someone was about to make a move against Liu Gang.

Almost subconsciously, he did not even have a half-hearted sense of resistance, turned and suddenly rushed towards the door.

Even Liu Gang is somewhat afraid of people, he is more than able to play with people!

What's more, whichever one of these two people at the scene was definitely a top expert, and he wasn't even 100% sure about dealing with the expert who was playing with a gun earlier when he was wounded and unarmed, let alone the fact that there was another expert here, he was definitely no match!

As the saying goes, a connoisseur can tell if he is a good fighter, even if he only met Yang Bin once, he could clearly feel that Yang Bin was not to be messed with, even if he was uninjured and at his peak, I am afraid he could not beat Yang Bin.

What's more, even if he transformed into Superman and did away with all these two people in one go, the people behind these two

Flee!

Run away regardless of everything!

This is the only thought in the scimitar man's heart at this moment, if you can't escape, then it's a dead end, from these two experts can see, that person's side is not short of talent, even if you want to surrender I'm afraid people will not take in.

"Want to escape? You can't get away!"

Yang Bin shouted and threw a fierce punch at the back of the man with the machete, but the man was prepared and realised as he fled that he was definitely going to be stopped, so he swung his sword backwards as he fled, so that Yang Bin had to avoid the sword and could only kick hard at a kettle that had been knocked over next to him.

"Whoosh!" A sound.

The kettle struck the machete man's back like a cannonball, causing the other man to stumble with a muffled cry, but he was on the verge of escaping through the door.

"Boom!"

After a sudden gunshot, the machete man fell headlong to the ground, and the huge inertia caused him to roll forward several times.

Yang Bin was startled by the sound of the gunshot and jerked back, but he saw that Qin Feiyu had another gun in his hand at some point, but when he saw that the gun in the hand of the man who had been shot in the head by Qin Feiyu earlier was gone, and Qin Feiyu was half-crouched next to that man at the moment, he knew what was going on.

What speed!

What a powerful shot!

Yang Bin couldn't help but be shocked, this guy obviously rolled on the ground from where he was just now and then picked up the pistol on the ground by hand, this was the fastest way, but this speed, but it was also surprising, what's more important was Qin Feiyu's shooting, it was really too accurate!

"Get him!" Qin Feiyu said.

“He’s not dead?”

Yang Bin immediately reacted and hurried up to the side of the scimitar man quickly, and indeed found that he was not dead yet, but not lightly wounded.

Qin Feiyu said, “You are responsible for interrogating him, I will go upstairs and take a look.”

Yang Bin nodded, and the contempt he originally had for Qin Feiyu disappeared without a trace in his heart; he was secretly shocked that there were really too many experts around Mr., which made him realise his own shortcomings, because apart from his body, he really didn’t have anything that he could hold up.

Just then Yang Bin suddenly became alert, he heard light footsteps, and just as he turned his head he saw a figure easily cross the fence, and then a voice came, “What’s going on, are you hurt?!”

It was Sir!

Yang Bin hurriedly said what happened quickly, “He went upstairs, this guy isn’t dead”

Ji Feng frowned: “You guys didn’t even check if there were cameras at the door when you came in? Is this how Qin Feiyu does his business?”

Yang Bin was stunned, and then he couldn’t help but have a hot face.

He didn’t expect that Ji Feng’s requirements for Qin Feiyu would actually be so strict, and when he thought about the others in the battle team, Yang Bin realized that Ji Feng was actually very strict with them all, as if checking for cameras and ambushes when coming in was a must and a matter of course, Yang Bin immediately understood how lenient Ji Feng was with him and how inadequate he himself was doing.

“You go upstairs and help, I’ll interrogate him!” Ji Feng said.

“Yes, sir!” Yang Bin immediately answered.

For this guy who posed a huge threat to Qin Feiyu, at this moment, Ji Feng did not have many fussy means, he directly used bio-current to simulate it as a neurotoxin and injected it into his body, and after that, he said whatever he had to say.

“Ah!”

Suddenly, a shriek came from upstairs, and Ji Feng frowned furiously, it was a woman’s voice.

Then again, the sound stopped abruptly.

Yang Bin quickly walked down and said, “Sir, there is a woman upstairs, she has been knocked out by me, what should I do with her?”

Ji Feng waved his hand, “Don’t mind him, work!”

A moment later, Qin Feiyu also came down, his face was a little pale, but not much pain: “Boss, I checked the woman’s mobile phone call record, just a few minutes ago, she made a call out, the number’s memo name is husband, it should be Liu Gang’s”

Ji Feng nodded and said, "Look for it and see if there is anything important."

Qin Feiyu said, "There is a safe upstairs, hidden behind a painting that is set inside the wall."

Ji Feng immediately said, "Search carefully and remember to take the computer's hard drive away!"

Qin Feiyu nodded and said, "Just leave it to me."

"Don't leave traces!" Ji Feng said.

"Yes!"

Ji Feng was very relieved that Qin Feiyu was doing his job, the famous flying fish, he was naturally able to do this trivial thing with ease, what Ji Feng was most concerned about was still the incriminating evidence about Liu Gang.

But after interrogating the man with the machete, Ji Feng suddenly wasn't too interested in Liu Gang's incriminating evidence, because this guy gave an explanation that didn't seem too important but inadvertently caught Ji Feng's attention.

"Where did Liu Gang go?" Ji Feng asked.

"I don't know, went to see Young Jie."

"Jie Shao? Which Jie Shao?" Ji Feng frowned and asked.

"Shao Jie"

The conversation that took place during the interrogation of that guy just now surfaced clearly in Ji Feng's mind, making him can't help but feel a stir in his heart, Shao Jie, Jie Shao?

This is really evil, a bit interesting!

Who is Liu Gang? He was a big brother on the road in Yuezhou, backed by the Wu family, and could almost be considered a vassal in Yuezhou, at least in the underground world of Southern Guangdong, Liu Gang should be considered a vassal.

What about Shao Jie?

The assistant general manager of the Brilliant Group? A classmate of Wu Zhihe?

Which of these identities can be called Jie Shao? And what qualifications would make Liu Gang call Shao Jie that?

This was really strange!

This person, Shao Jie, and his name would often appear in Ji Feng's sight, which made Ji Feng feel strange in his heart, was there something in between that he didn't know?

Come to think of it, Shao Jie's identity and his attitude, as well as his bravado, were too inconsistent!

He was jumping up and down all day long, those who didn't know would think he was the boss of the Brilliant Group!

Thinking of this Ji Feng suddenly grabbed the scimitar man's collar and asked in a deep voice: "Why do you call Shao Jie as Shao Jie Shao?"

"I don't know the prince calls it that, we call it that too"

"Idiot!"

Ji Feng casually threw him to the ground, knowing that it was impossible to get more specific information from him, because he had also investigated Shao Jie, and He Hongwei had also told him that he had investigated everything about the Brilliant Group in secret, and had not found anything unusual, so it was naturally even more impossible for this guy to know.

Still, there was something about the name, Jie Shao!

It didn't take Qin Feiyu and Yang Bin long to clean up the scene, the sound of the shooting was loud just now, and the sound of the gunshots must have spread out, so they cleaned up all traces of the scene before the security guards arrived.

The three then left without a sound.

In the car going back, the one driving became Ji Feng, the injured Qin Feiyu sat in the back row, at this time Yang Bin who was sitting on the passenger seat could not help but ask: "Sir, although we cleaned up all the traces when we left, but, when we left the district, we might have left footprints, will the police trace them if they intervene in the investigation?"

"No!"

Before Ji Feng could say anything, Qin Feiyu shook his head and said, "I have cleaned up all the traces near the fence, moreover, even if footprints were left, the police would not be able to trace them."

Yang Bin immediately responded, "Is that why you suggested walking on your toes?"

Qin Feiyu nodded and did not say anything. Not leaving traces, this really wasn't much of a challenge for a top international assassin.

Yang Bin, however, was a little surprised, Qin Feiyu was too sophisticated in what he did, what did this guy do anyway?

Ji Feng drove his car, but his mind kept thinking about the safe he brought out from Liu Gang's villa and everything that the man with the machete said.

He felt that there was something to dig in between.

Ji Feng did not drive back to the hotel directly, but followed the route of the map in his memory and arrived at a river. In the darkness, he easily opened the safe and took out the gold bars, diamonds and other valuable things inside, in addition to stacks and stacks of banknotes, which I'm afraid amounted to hundreds of millions of dollars.

But these were not Ji Feng's objectives, what he was interested in was a USB stick that was placed in it, and it was the things that might be stored in it that he valued.

As for the large amount of cash and gold bars and diamonds, Ji Feng handed it to Qin Feiyu, "When you go back to Jiangzhou to recover from your injuries, you keep some of it for yourself, dispose of the rest, donate the money you get in exchange to the orphanage, don't leave any traces."

Qin Feiyu nodded: "Yes."

.....

In the large compartment, several white bodies were fiercely entangled, screams and ragged gasps intermingled in a lustful 'depravity'.

After a long time, the clouds closed and the rain stopped, Shao Jie lit a cigarette and said with a laugh to the other bed, "Old Liu, you have good stamina, you have a few loose hands!

Campus Master Chapter 3040

Liu Gang gave a few heavy strokes and exploded to the sound of the woman's screams, he rolled over and got off, the two women on the bed immediately got up and cleaned him up, while lighting him a cigarette and handing it to his mouth.

Liu Gang laughed twice, enjoying the service the two women gave him while saying, "You're not bad, Jie Shao, three at a time, I only had such a record when I was young! Not anymore, two at a time is a bit of a strain."

The two of them burst out laughing.

"By the way, I saw that Mr. Zhai's car seems to be outside, is he here too?" Liu Gang suddenly thought of something and asked.

"It's in the front room box." Shao Jie said, "I'm too lazy to listen to his nagging and raving there, so I asked you to come over and have a good time."

"Why don't you ask Mr. Zhai to join you, let's exchange feelings." Liu Gang laughed.

"Call him?"

Shao Jie bristled and said, "That is an old curmudgeon, obviously a person of 40 or 50 years old, but he makes it look like an old man of 70 or 80 years old, with a broken mouth, nagging that gives me a headache, he has to say a few words about everything I do, which makes me a bit annoyed!"

Liu Gang laughed twice, did not say anything, involving the brilliant group, he still not very good to say, but try to go along with Shao Jie said is certainly right.

"By the way old Liu, I see that you are now going out with a lot of pomp and circumstance, even coming over to get high with a woman with several bodyguards, are you being too careful?" Shao Jie laughed.

"I can't be too careful, you know, that guy is clearly aiming at me, and I swept him off his feet in the hotel before, he definitely won't let it go!" Liu Gang shook his head, mentioning Ji Feng, his good mood was gone, Ji Feng's name was like a mountain weighing on his heart, as long as he didn't leave Yuezhou, he couldn't relax.

Shao Jie said, "Old Liu, the older you are in the jianghu, the less courageous you are, is Ji Feng that scary?"

Liu Gang shook his head and laughed bitterly, whether Ji Feng was scary or not, this was something he had not personally experienced, but there was one thing he knew very well, with his status, if he went up against Ji Feng, he was afraid that he would have no chance of winning.

Unless, of course, he wanted to die by a fish.

But when the time really came, he really wasn't afraid of Ji Feng, the big deal was to go abroad after doing away with Ji Feng, with his current assets, he could still live like an emperor after he left the country.

But, after all, his roots are in the country, in Southern Guangdong, if not the last resort, he really does not want to go abroad.

"Don't worry, Ji Feng won't be able to bounce around for much longer." Shao Jie said.

Liu Gang immediately heard something from these words, "What, there's a plan?"

Shao Jie shook his head and said, "There is no plan, but, no matter how powerful Ji Feng is, there is no way he can reach out to Southern Guangdong, so you can earn your money without worrying!"

"Dangling"

Suddenly, a mobile phone rang.

Liu Gang patted the plump buttocks of one of the women who was giving him a hot massage and said, "Go, bring my mobile phone."

The woman straddling Liu Gang's lap hurriedly got up and pouted as she crawled to the head of the bed to get her mobile phone, while the other woman took her place in the process.

"Brother Prince." The woman brought the phone over and handed it to Liu Gang.

"Good."

Liu Gang took the phone and glanced at it, he couldn't help but frown, but still picked up the phone, "Baby, what's wrong, miss me?"

"Kong, Brother Kong, you, you come back soon!" On the phone, came a woman's frightened voice with a hint of trembling.

"What's wrong?"

Liu Gang immediately asked, "What's wrong?"

"Boom!"

Before the woman could answer, a gunshot suddenly came from the phone, and Liu Gang's hand holding the phone steeply tightened as his face changed violently.

Something was wrong!

Liu Gang sat up with a huff and hurriedly asked, "What's wrong? Why is there a gunshot? Huh?"

However, there was no sound in the receiver, the phone, hung up.

Liu Gang's face instantly became extraordinarily ugly.

"Old Liu, what's wrong?" Seeing Liu Gang's gloomy face, Shao Jie couldn't help but ask.

"Young Jie, I have to go back and take a look." Liu Gang couldn't say much as he pushed the woman off his body and drank, "Bring my clothes over, hurry up!"

Shao Jie frowned and asked, "Old Liu, what's going on that you're in such a hurry to get back?"

Liu Gang said, "There's something going on, I have to hurry back."

As he spoke, he hurriedly put on his clothes, his face extremely gloomy. The person who called just now was one of his most loving lovers, and most importantly, he had left two of the Eight Great Vajra there, but his lover was extremely frightened when he called just now, which meant that there might be a strong enemy coming, and he had to go back.

Shao Jie laughed, "Old Liu, you're out to play here, you're not starting a fire in your backyard, are you?"

Liu Gang smiled and shook his head, "Young Master Jie is joking." Then he hurriedly left.

Half an hour later, Liu Gang hurried back to the villa area with his men, however, as soon as he arrived at the courtyard gate, he couldn't help but blush.

At the entrance of the villa, there were two police cars parked, with the police lights on the roof still flashing.

The villa was brightly lit, but Liu Gang's heart kept sinking because he saw an ambulance parked next to the police, and several people in white coats were carrying a stretcher to the vehicle, and on that stretcher, there was obviously a corpse lying on it, with a white cloth covering it.

Someone was dead!

Liu Gang immediately stepped forward quickly, on the way here he kept calling his lover and the two men who had stayed behind, but the calls kept going unanswered, now seeing this situation, he immediately realised that things were not good.

"What's happening?!" Liu Gang asked with a sullen face.

"General Liu!"

The policeman leading the team walked over and tried to extend his hand to shake hands with Liu Gang, but Liu Gang had no intention of shaking hands with him at all and just asked, "What happened to my family?"

The policeman in charge withdrew his hand somewhat awkwardly, but did not dare to show any displeasure, and just said; "Mr. Liu, we received an alarm from the security guard of the community, saying that we heard gunshots here, and when we arrived we found that there were two corpses in the villa, and a woman had fainted"

Boom!

Liu Gang heard the words and was instantly furious, two corpses, and a woman who had passed out? He rushed to the ambulance with a few steps, ignoring the staff to go straight up and pull the white cloth covering the stretcher away, and immediately saw the hideous faces.

These two men, surprisingly, were both of his men, two of the eight great villains.

One of them had a bloody hole in his head, the blood having solidified by now, while the other, also wide-eyed, looked superficially but unsure of how he had died.

“F*ck!”

Liu Gang roared, “Bastard!”

“Son of a bitch! Who did this?!”

“I’ll kill him!”

A few of Liu Gang’s men, the other few of the Eight Great Vajra, saw this scene and were all enraged to the extreme, unable to stop their eyes from widening in anger.

“Where is the other one?” Liu Gang roared.

“In the police car, the first responders had woken her up after they arrived, but the ambulance couldn’t fit that many people, so it was arranged to be in the police car, ready to be taken to immediately”

Before the policeman could finish his words, Liu Gang walked towards the police car, pulled open the door with one hand and instantly saw his lover, cowering in terror in the back of the car.

“What the hell is going on? What’s happening?” Liu Gang yelled as he grabbed her.

“Brother Kong? Brother Kong you’re back!”

The woman burst into tears in fear: “Someone broke in, I saw them kill someone on the first floor, so I called you

In the woman’s broken narrative, Liu Gang probably knew that two people had come in and not only killed two of his most powerful men, but also went upstairs.

Upstairs?

Liu Gang’s face changed once again, and without saying a word he directly left the woman behind and ran towards the villa.

“Mr. Liu, protect the scene

When he saw the painting that had been taken off, and the big empty hole behind it, he was frozen on the spot.

The safe, it was gone!

“Ah...!” Liu Gang couldn’t help but roar, “Son of a bitch, who the hell did this, if I catch you, I’ll kill you alive!”

Two of his most powerful men were killed, and a large amount of cash and gold and diamonds were stolen from the safe, but none of these were as important as the other thing Liu Gang had in the safe – a USB stick.

Only Liu Gang knew what was stored on that USB stick, and once it got out, he would definitely die without a burial.

“Check! Investigate immediately! Even if we have to turn Yuezhou upside down, we have to find out who did it!” Liu Gang roared.

“Prince, the hard drive of the surveillance has been removed!” One of his men came over and said.

“.....”

Liu Gang was so angry that he could no longer speak and almost wanted to vomit blood. Even the hard drive had been removed, now the surveillance had become a decoration!

“Check! Ah...!”

.....

There is nothing in this world that spreads faster than news and gossip, and early the next morning, news about an attack on one of the residences of Liu Gang, the godfather-level big brother of Jiangzhou Road, and the death of two of the eight great villains, spread all over Yuezhou Road.

The entire Yuezhou Road was in shock!

How dare someone touch Liu Gang, who had his hands in the sky? What’s more, he had killed two of the Eight Great Vajra under him?

Many people first did not believe it, thinking that it was just blackmail, but when the news was confirmed, they all fell silent.

The visitor was not good!

Liu Gang’s identity needed no introduction, and his two men were also very powerful and had a great reputation on the roads of Southern Guangdong, especially one of them who was killed, a scimitar killed the whole Guangdong road and was Liu Gang’s right hand man.

However, even he was killed!

And I heard that he was not killed by a gun, I heard that although he was shot, the two shots were not fatal, the real cause of his death, it seems, was excessive blood loss

This was bled alive!
