

Super Rich Dad Chapter 304-306

Chapter 304 - It's all your doing

'Yes, your daughter and son-in-law can really do it, making me pay seven hundred thousand dollars, and now Fan Deng and I are divorced, it's all because of what they did!' Cousin Xue Yu Ning shouted brutally, 'Are you guys satisfied now? I really didn't expect you guys to be this kind of people!'

'What, away from divorce?' Xue Yu Ning's mother was dumbfounded and hurriedly asked, 'Xiao Ya, you must be joking with your aunt, right? You can't joke about this!'

Cousin Xue Yuning sneered, 'A joke? Don't pretend to be a good person with me, do you really think I don't know what's in your mind?'

As she spoke, Xue Yuning's cousin pushed Xue Yuning's mother aside, not caring that she had almost pushed her own aunt over, and walked straight away.

At this moment, Xue Yuning's mother was obviously even more bewildered.

How did they get divorced? How could they have lost 700,000 yuan? What exactly had Xue Yu Ning and Jiang Hao done to them?

'Yu Ning, isn't it too much for you guys to do this?' Xue Yuning's mother muttered in her heart with no sense of purpose.

Just then, she happened to see Fan Deng also walking out from inside, and she hurriedly greeted her again.

'Fan Deng ah, what the hell is going on? What's wrong with your Xiaoya?' Xue Yu Ning's mother asked with a concerned look on her face.

Fan Deng stopped in his tracks, twisted his head to look at Xue Yuning's mother and said in a cold voice, 'Get out of my way!'

After he finished speaking, Fan Deng pushed Xue Yuning's mother down again and strode towards the outside of the hotel.

Xue Yuning's mother fell to the ground with a miserable cry and a painful fall.

But immediately afterwards she heard Wang Li's miserable cries from not far away inside.

Xue Yu Ning's mother thought that something had happened to her sister-in-law and rushed over to the direction of the sound.

When she reached the front, she saw the room full of wreckage and Wang Li sitting on the floor, wailing.

'Sister-in-law? What's wrong with you, get up, what's going on here?' Xue Yu Ning's mother asked with concern.

The moment Wang Li saw Xue Yu Ning's mother, all the things that had happened before came flooding back to her as if they were going over in her own head.

Wang Li cried out in pain and pointed at Wang Li, complaining, 'You what are you still doing here? It's all because of you, now our family is falling apart, what are you still doing here?'

'Your brother died back then to save you two shameless mothers and daughters, and you have been sucking blood from us like vampires for so many years, but now, when you have become rich, you turn your face away from others? Tell me, did you encourage that Jiang Hao and let him get away with so much today?'

Wang Li's various accusations left Xue Yu Ning's mother bewildered.

She didn't know anything at all about what had happened today, but as soon as she entered, she saw Cousin Xue Yu Ning and Fan Deng each leave, and said such a lot of things to herself.

Now that Wang Li had said those words again, Xue Yu Ning's mother was filled with bewilderment.

'Sister-in-law, what is going on? You tell me ah?' Xue Yuning's mother said eagerly, 'If you don't explain, I just want to help you guys, but I can't use my strength!'

Wang Li smiled, stood up shakily and sneered, 'Help me? Come on, don't be pretentious here, I know, you are all in it together! You want to know what's going on? I'll tell you, your daughter and son-in-law blackmailed my daughter and son-in-law with others for 700,000 yuan, and finally forced them to divorce, are you satisfied now? Are you all satisfied now?'

Of course Wang Li knew that this was not the case, but who let her daughter and son-in-law get divorced because of this incident? It was all because of this incident that ruined her family, so she hated Jiang Hao and Xue Yuning to death at this point, and of course she spoke as viciously as she could.

After she finished speaking, Wang Li glared at Xue Yuning's mother with indignation and stumbled out of the room.

But this time Xue Yuning's mother didn't follow her out, because she was already stunned by Wang Li's words just now.

She froze for a while before muttering to herself, 'How is this possible? Yu Ning and Jiang Hao teamed up to blackmail them for seven hundred thousand dollars? This.'

To be honest, Xue Yu Ning's mother was not so convinced when she heard this, after all, she knew Jiang Hao's wealth very well, and he was not short of the 700,000, so how could he do such a thing?

But this kind of words, Wang Li should not dare to lie, right?

Moreover, when she entered just now, the words that Xue Yuning's cousin said to herself seemed to corroborate this matter.

Xue Yu Ning's mother could not help but frown in amazement.

She really wanted to know what had happened before she came.

After being frozen in place for a long time, Xue Yu Ning's mother then hurriedly took out her mobile phone and called Xue Yu Ning directly.

The phone rang several times before Xue Yuning slowly picked up.

'Hey, what's wrong mum?' Xue Yu Ning asked in a low voice.

'What's wrong? I was going to ask you what's wrong, tell me, your cousin's divorce, is it because of your shenanigans? And blackmailed someone for seven hundred thousand dollars didn't you?'

Chapter 305: It's all for your own good

Originally, Xue Yu Ning was a little uncomfortable and unbalanced in her heart because of her mother's attitude towards her just now.

She didn't want her mother to call directly now, and she came up with a tone of asking questions without asking right or wrong.

Xue Yu Ning, who had already suppressed her belly full of anger, was instantly ignited.

'Mom, what do you mean? Did you hear what others said?'

When Xue Yu Ning's mother heard her daughter's attitude like this, she was also enraged and shouted angrily into the phone.

'What do you care what I heard from others, tell me right now, did you and Jiang Hao make a trap to get your cousin and brother-in-law divorced? You even blackmailed someone for 700,000, didn't you? Do you still want to be shameless, Xue Yuning!'

She looked at Jiang Hao, but resisted the urge to say those words to her mother, turned her head sideways and said into the phone, 'Mom, what exactly do you mean? What is it that Jiang Hao and I did? Have you understood the cause and effect of the incident? Do you know what the family has done? Do you know how much Jiang Hao paid for this? Do you know that Jiang Hao has let them off the hook? You don't know anything and you come up here and say such things to me. I'm asking you, which one is your daughter!'

With her words, Xue Yu Ning finally released all the aggression she had suppressed in her heart.

What she couldn't imagine was that her mother on the other end of the phone wouldn't listen to her, but was even more furious.

Soon after, Xue Yu Ning's mother angrily disliked her again.

She looked even more agitated and shouted angrily at Xue Yu Ning, 'Xue Yu Ning, what kind of bullshit are you talking about? You've stirred up such a big mess, and you still think you're justified, don't you? Do you know that if your sister and your

brother-in-law divorce, this family will be completely scattered, and I won't have the face to meet your second uncle when I go underground ?'

At this last emotional point, Xue Yu Ning's mother was so excited that she cried out.

In her opinion, even if the other party has done something, you should not break up people's families this is the principle, the bottom line.

'Do you know, back then everyone in the old family looked down on our mother and son, it was your second uncle who took us in, if it wasn't for your second uncle, you and I wouldn't be here today, what you're doing today is sinning, you and Jiang Hao, won't end up well!'

Of course Xue Yu Ning understood what her mother was saying, and she was almost on the verge of hearing calluses in her ears.

It wasn't that she didn't remember her second uncle's goodness, but one size does not fit all, he was good enough for the two of them, there was nothing to say. But what about Wang Li and her cousin? They had never given them a good look since they first moved in, and not a day went by that they weren't thinking of ways to get rid of them.

And even if we don't talk about those past events, just today's incident, Jiang Hao is still the victim through and through.

Xue Yu Ning didn't understand why her own mother hadn't even clarified what had happened and had come up with a hatchet job.

Xue Yuning looked at Jiang Hao and said to her mother, 'Mom, I'm telling you for the last time, Jiang Hao has already given enough for that family today, I hope you'll go and ask for clarification before coming to talk to me about this!'

Xue Yuning gritted her teeth and added, 'I hope you don't make blind accusations indiscriminately, Jiang Hao doesn't owe you anything, you have no reason to accuse him!'

As soon as Xue Yu Ning said this, the mother on the other end of the phone simply exploded as if a powder keg had been ignited.

'What did you you say? Xue Yu Ning, are you talking to me?' Xue Yuning's mother sternly returned, 'I am your own mother, how much better can Jiang Hao treat you than I, his own mother, treat you? Xue Yuning, have you been obsessed by someone who is rich? Even if Jiang Hao is rich, he is still someone else's. Your mother is poor, but she will always be your mother!'

Xue Yuning's mother gasped for air and continued, 'You're helping him now, but if he kicks you out one day, I'll see who you can count on! You won't, and I'm sure you won't, but Coco and I were still abandoned, weren't we? You'd better keep your eyes peeled!'

Xue Yu Ning smiled, could not help but be stunned.

Yes, back then her own mother was, passionately in love with her father and believed that he would not change his mind.

But what happened in the end? That man had left with a pat on the back, almost twenty years later, and not even a shadow of him had reappeared.

Xue Yuning looked at Jiang Hao with a complicated gaze. For a moment, it was as if she had gone back to the time when she was young and the two of them were having the hardest time.

Even now, Xue Yuning still remembers how her mother whispered in her ear that when she grew up, she must find an ordinary man and must not fall in love with a rich man.

At this moment, Xue Yuning's mother's voice came again in her mobile phone: 'Yuning, mum really did it for your own good, mum is a lesson from the past!'

Xue Yuning was speechless, and after a good half day, Jiang Hao saw her dumbfounded and dazed before he slowly grabbed her hand and asked with a smile, 'What's wrong Yuning?'

Chapter 306 - Turning against each other

Xue Yuning's face was ugly and Jiang Hao frowned as he hurriedly wrapped her into his arms.

The moment she hid in Jiang Hao's embrace, Xue Yuning, who had still been feeling ill at ease because of her mother's words, was instantly relieved.

She looked up at Jiang Hao, she really couldn't think that such a man who was devoted to her would ever betray her.

Perhaps some rich men are really philandering, but Xue Yuning knew clearly at this moment that Jiang Hao was definitely not, otherwise he would not have been so persistent with himself after he had chosen to break up with her in the first place.

Besides, he was the son of Shen Haoting, what kind of woman could he not find if he wanted to?

Since Jiang Hao is so serious and dedicated to himself, it would be unfair to Jiang Hao if he were to doubt him again.

Besides, at this moment, Xue Yu Ning had also figured it out.

Even if Jiang Hao really chose to leave her one day, then she would accept it, no matter what the future holds, she is in love with Jiang Hao now, a deep love.

Xue Yu Ning made up her mind before she said to her mother on the other end of the phone, 'Alright mum, don't say anything, this is my business, I'll decide on my own, no need for you to worry about it, if you still consider me as your daughter, please respect my choice, no matter what happens in the future, I can accept it openly.'

Xue Yu Ning finally looked a little hesitant, but still said the words, 'I am not you, and Jiang Hao is not that man!'

With these words, Xue Yuning completely violated her mother's inner taboo and she instantly became hysterical.

‘Xue Yuning, what did you say? Do you even know what’s good or bad? Who am I doing this for? I think you’ve really lost your mind, what exactly do you see in him?’ Xue Yu Ning’s mother roared in anger, ‘I now even suspect that your sister and brother-in-law’s divorce was something you planned! Xue Yu Ning, Xue Yu Ning, you’ve really changed, you’ve gone mad too you!’

Xue Yuning’s father, usually referred to as ‘that man’ by both mother and daughter, was a name that Xue Yuning hardly dared to mention in front of her mother.

Now that Xue Yu Ning had even mentioned it, and even compared herself to it, how could Xue Yu Ning’s mother not be angry? After her anger, she became unconcerned when she spoke.

Xue Yuning simply felt that her mother was unbelievable, and she also yelled angrily, ‘Yes, you’re right, we planned it, and they left, right? They deserve it, it’s all their own doing, no one can blame them!’

‘Okay, I have something else to do, I’m hanging up!’ After Xue Yu Ning finished her words, she hung up the phone violently, as if anger was about to spill out from her eyes.

Seeing Xue Yuning’s appearance, Jiang Hao was startled and asked with a frown, ‘What’s wrong, Yuning? Who called you?’

‘My mother, I don’t know what kind of evil wind has come over me, I’m so angry!’ Xue Yuning gambled, ‘I don’t know what that family said to her, calling me with a fierce scolding, I’m really convinced of her’

Jiang Hao didn’t know what the mother and daughter had just said, after hearing Xue Yu Ning’s words, he just sighed and said, ‘Oh well, don’t be angry, Auntie probably doesn’t know the truth, just explain it to her later.’

Xue Yu Ning sighed heavily, she didn’t tell Jiang Hao what her mother had just said to herself, and things were far from as simple as Jiang Hao thought.

Xue Yu Ning even knew very well that although her own mother was respectful to Jiang Hao on the surface, she actually had a deep prejudice against any rich man from the bottom of her heart, no matter who you were or what kind of person you were.

Xue Yu Ning knows better, this incident today seems to have passed, but perhaps it will trigger some bigger ripples.

And that ripple might come from her own mother.

Xue Yu Ning looked at Jiang Hao, and she felt more and more that the road ahead for her and Jiang Hao seemed to be getting harder and harder.

But no matter what, Xue Yuning had made up her mind today to go on with Jiang Hao, so she would not worry so much about it.

She also believed that as long as she and Jiang Hao truly loved each other, it didn’t matter if there were even greater risks in the future, they would eventually get through it.

On the other side, hearing her daughter rudely hanging up on her, Xue Yu Ning's mother was simply furious to the point of collapse.

'Xue Yu Ning, Xue Yu Ning, what do you want me to say about you? Why have you become so unreasonable?' Xue Yu Ning's mother murmured up with teary eyes.

She felt that her daughter seemed to have changed, to have become unreasonable, to have become uncontrollable, to have become distant and not to trust herself.

And she knew that all this had happened because of Jiang Hao's appearance.

In the past, Xue Yu Ning's mother still had some good feelings towards Jiang Hao, after all, Jiang Hao had genuinely helped them both.

Moreover, she also felt that Jiang Hao seemed to be sincere towards Xue Yuning.

It was just that she had always had a grudge against Jiang Hao in her heart, after all, the Jiang Hao and Xue Yuning today were simply like her and Xue Yuning's father back then.

And today's incident almost instantly wiped out any goodwill Jiang Hao had in Xue Yu Ning's mother's heart.
