

Noble Husband At the Door Chapter 304

When Follower Xue appeared again, there were 2 security personnel behind her.

Seeing this, Zhang Linghua stressed much more. She safeguarded Zhang Tianxin and also said to Fan Xue, "What do you intend to do?"

"What am I doing?" Follower Xue sneered and also stated, "Your silly boy, is a scum in society. Obviously, I need to show him a good lesson. Obtain her far from me."

After hearing what she stated, the security guard stepped forward as well as pulled Zhang Linghua away.

Fan Xue removed her high heels and struck Zhang Tianxin's head one after another.

"You are a goon. You are an idiot. Do you believe that you can touch me as you please?" Fan Xue reprimanded as she defeated him.

Zhang Tianxin hid in the corner of the wall with concern. He was made use of to being beaten. The discomfort was absolutely nothing, but the concern maintained spreading.

The associates that were enjoying the scene revealed no mercy, as well as they sneered at this scene. Due to the fact that they had been talking about Zhang Linghua and her boy for a long time. Zhang Tianxin typically did not do anything out of line, no one desired to see him in the company since of discrimination versus Zhang Tianxin.

This time around, not only might they show Zhang Tianxin a lesson, however also let them get out of the firm. These people were very pleased.

"Moron, is my leg comfy? Bastard, this is the price you paid for touching me." Follower Xue revealed no grace, as well as quickly Zhang Tianxin's head hemorrhaged.

Seeing the blood, Fan Xue began to panic. She just wished to teach Zhang Tianxin a lesson, but she really did not attempt to make a big deal out of it.

Just as Follower Xue stopped, Zhang Tianxin all of a sudden shouted, stood up and also pressed Fan Xue away.

When the male associates in the firm saw this scene, they were all angry. Lots of people pertained to Follower Xue as their siren and wanted to find an opportunity to show their affection all day. How could they miss this opportunity at this time?

" You intend to flee? You idiot, exactly how risk you touch my goddess?"

" You're a melon child. Exactly how risk you press the individual I such as? You're dating fatality."

" Fuck, do not you recognize that I such as Fan Xue?"

A number of huge men once more surrounded Zhang Tianxin and beat him up in the edge.

Zhang Linghua ruptured right into splits as well as begged for mercy, yet they did not appreciate her perspective in all. The tears on her cheeks resembled sparkling water.

" Follower Xue, I ask you, please let them stop. I'll kneel down for you and also apologize." Afterwards, Zhang Linghua knelt on the ground and maintained kowtowing.

Fan Xue straight threw the high heels in her hand at Zhang Linghua as well as struck her on the head. She claimed in a cool voice, "Well, you can ask me to let him go unless you confess that this bonehead is a hooligan."

As long as she admitted it, Tang Long can fire her straight without Liam's consent. Nevertheless, it would certainly be a disaster for such a person to stay in the firm, so Liam would not object to it.

Zhang Linghua might kneel down and beg for mercy, yet she didn't desire Zhang Tianxin to be slammed. If she admitted it, Zhang Tianxin would be the scapegoat.

" Fan Xue, my son will not do such a thing. He may simply be careless." Zhang Linghua wept.

" Humph." Follower Xue stated in a cool voice, "How attempt you quibble? In this case, you 'd better enjoy your moron kid be beaten."

Zhang Linghua really felt as if a blade had actually been turned in her heart. When she listened to Zhang Tianxin crying for help, even her breath developed into a sharp knife, like a knife reducing her heart.

"I. I admit, I'm sorry, I'm sorry. My boy is a goon. Follower Xue, I plead you, let him go," Zhang Linghua said desperately.

Hearing this, Fan Xue grinned happily. If she finished Flavor Long's task, she would succeed. If she can create a passionate story with Flavor Long tonight, she would certainly not have to do as well much tough work in the company in the future.

For a girl like Fan Xue, effort was not what she sought. She 'd much better take much less work as well as take less. It would be better if a pie from the skies could fall on her head.

Her ideas were likewise various. In her point of view, a beautiful woman like her should be raised by a rich man. Exactly how could he let her, an abundant lady, work for him?

As for Tang Long, he was likely to be the target she was searching for. As long as she could please him, she can live a comfy life without worrying about food as well as clothes. Moreover, nobody in the whole company attempted to offend her.

"Stop," Fan Xue stated.

The male colleagues were all filled with rage and rolled up their sleeves, as if they had done something large, as well as were dealing with to flaunt before Follower Xue.
