

Chapter 3052– 3053 of A Dish Best Served Cold Novel

Chapter 3052

“This is what the beloved fairy Nannan in our finance department looks like.”

“Isn’t it just a smelly man? Sister Terrisa Qiu promises to find you a better one.” Wang Terrisa Qiu smiled comfortedly, and Cynthia Chen also smiled.

The three sisters all laughed.

“Okay, okay, now that we figured it out, let’s go ahead and watch the excitement.”

After untying Cynthia Chen’s heart knot, the three sisters rushed into the crowd to watch the excitement.

“Uncle, can you tell us what happened?”

“Why are so many people gathered here?”

“Besides, how come there are so many people kneeling in front of you.”

“It’s their relatives who passed away, so they are here to keep their filial piety?”

Wang Terrisa Qiu and Cynthia Chen asked in confusion while looking ahead.

..... Remember the URL <http://m.kanshu8.net>

“Little sister, don’t you know?”

“Recently, this matter has spread madly in Gritsberg City.”

“It is said that the Wei family has offended someone, so the whole family came to apologize and ask for forgiveness.”

.....

“Wei Family?”

“Is it amazing?”

.....

“I’m going, do you need to talk about it?”

“You should have heard of the four giants of Gritsberg.”

“Describe it this way, with the exception of the Mo family, the other Lu family, Xu family, and Xu family, combined, are not as good as the Zhonghai Wei family.”

“This is the top giant that has been in the hot summer for more than two centuries.”

“Do you think it’s great?”

.....

“This...Is this... so strong?”

Hearing the narration of the people around them, Cynthia Chen and Wang Terrisa Qiu, the little girls who had never seen the world before, were immediately confused.

Although they didn’t understand the Wei family, they had heard of the two big Gritsberg giants, Lu and Xu.

Cynthia Chen still remembers that when there were only two young masters, he almost overturned the entire Noirfork, and his father broke with Mark because he was afraid of the power of the giant.

For a long time, Cynthia Chen thought that Lu and Xu should be the strongest families in the summer.

But she never expected that there would be a stronger Wei family above them.

“However, if the Wei family can come and worship.”

“My God, what kind of character should the other party be?”

When Cynthia Chen trembled, Wang Terrisa Qiu and Su Mumu were shocked, and the brows and eyes were filled with endless horror and curiosity.

“Nan Nan, how about it.”

“I’ve said it a long time ago, there are people outside, and there are heaven outside the sky.”

“In this world, there is no shortage of outstanding people.”

“Now, isn’t there one?”

“Well, is this person better than your so-called Mark brother?”

After a brief tremor, Wang Terrisa Qiu looked at Cynthia Chen with a smile.

Cynthia Chen also nodded: “Yes. If the Wei family is really so powerful, and can make the Wei family kneel and beg for mercy, this person is indeed far superior to him.

“Haha, right? Now you still think you can’t meet someone better than him?” Wang Terrisa Qiu continued to smile.

After that, the three sisters decided unanimously and were waiting here.

They have to see what kind of character they are that has the power to make the Wei family bow and bow down.

Not only Cynthia Chen and the three of them thought so, but everyone onlookers here thought so.

Everyone wants to meet, the “fairy”, the true face of Lushan!

However, just as everyone was waiting, a middle-aged man suddenly rushed in among the crowd.

He looked at the scene in front of him with displeased eyes, and then walked towards Xujia Manor in a stride.

However, as soon as he arrived at the door, he was stopped by Tongshan and Qingtan.

“Ok?”

“Two people who are not even Grand Master, dare to stop me?”

“I am in a bad mood now.”

“You better get out of me.”

“Otherwise, don’t blame me for not giving face to that brat!” Tang Hao said angrily, chills surging in his eyes.

“Sorry, I don’t know who your Excellency is. Please also report your name.” Tongshan asked in a deep voice.

“My name, you don’t deserve to know. Get out of me!” Tang Hao yelled again.

Seeing that when the two parties were about to do it, Denren Ye drove out of the manor.

Quickly stopped Tongshan and Qingtan, and then apologized to Tang Hao with a smile on his face.

Chapter 3053

Denren Ye met this person.

When he and Mark first came to Gritsberg, Tang Hao brought people to persuade Mark not to cause trouble.

Therefore, Denren Ye is well aware of the strong background and strength of this person in front of him.

Mo said that Tongshan and Qingtan were two, Denren Ye even doubted whether his cousin Mark was the opponent of the middle-aged man in front of him.

After all, the maturity and stability of this person who was washed by the years is much heavier than Mark.

Just standing there gives people a strong sense of oppression.

Now that this person returns to Xu's house, Denren Ye naturally treats each other politely. Tang Hao was very polite to introduce Tang Hao into the Xu family.

"Where is Mark?"

"Let him out."

"I have to ask him carefully, this is what he called visiting relatives? This is what he promised me not to cause trouble for me?"

"A dozen or so planes are coming, and the hot summer family will come to worship." Remember the website <http://m.kanshu8.net>

"The whole Gritsberg city was turned upside down by him."

"Ma De, even if the emperor returns to court, there is no such battle."

"He is so powerful!"

In the hall, Tang Hao didn't even have the mood to sit there, and directly threatened to see Mark.

Denren Ye gave a wry smile, and then said: "Well, my cousin, he is out."

"out?"

"When did you leave?"

"What did you do?"

"I think this is your excuse for perfunctory me!"

Hearing this, Tang Hao immediately stared and shouted sharply.

Denren Ye hurriedly explained: "It's really not an excuse. My cousin went out three days ago. He should have been playing with Miss Xu."

"You know, my cousin is here to visit Gritsberg."

"It makes sense to go out for a few days."

However, as soon as Denren Ye's words fell, Tang Hao's eyes suddenly widened.

"what did you say?"

"This bastard went out to pick up his sister?"

"With so many people kneeling outside, Gritsberg City was upset by him."

"Thousands of people outside are waiting."

“Why did he go out to tease his sister?”

After Tang Hao learned of Mark’s whereabouts, his whole person was almost to death.

“I want you to contact him right now.”

“Just say that Grandmaster Wushen Hall Haotian is waiting for him in the Xu Family Hall.”

“If you come or not, let him.”

Tang Hao said sharply, with a burst of anger in his words.

Obviously, he was pissed off by what Mark did.

He exhorted Mark to keep a low profile and don’t cause trouble.

Yenching is no better than Noifork. It is at the feet of the emperor and a martial arts sacred place. I don’t know how many countries’ eyes and eyes gather every day.

Here, things that are too big, after being deliberately magnified by foreign media, are all detrimental to the country’s image.

How good Mark had promised before, and Tang Hao believed it at the time.

Now think about it, I am also stupid, how can I believe that kid’s nonsense.

He should have listened to the King of Fighters and invited Mark out of Gritsberg directly.

“Well, my cousin usually doesn’t bring a mobile phone.” Denren Ye said embarrassedly in response to Tang Hao’s request.

“You~” Tang Hao was angry, his face was blue again, “Okay, I can’t get in touch, right? That master is waiting here.”

“I want to see, this Wushuang title, when will I wait here?”

Tang Hao didn’t plan to leave when he saw no one, and he was consumed here in the end.

Shortly after Tang Hao’s visit, two more people appeared outside Xu’s house.

“Thank you for an announcement, it’s said that Lu He, the head of the Lu family, and Xu Haisheng, the head of the Xu family, came to see you...”

In front of the manor, two men in suits held their fists and respectfully worshiped.

That revered and majestic voice resounded through this world.

For a time, everyone outside the door made a sensation again.

“what?”

“The Lu family and the Xu family have also come to worship?”

“Oh my God.”

“What kind of fairy is this?”

“Let the lord of the great wealthy families come and worship together?”

Among the crowd, there was a lot of noise and discussion.
