

# Chapter 3062– 3063 of A Dish Best Served Cold Novel

## Chapter 3062

“It’s all said, it’s my sister.”

“Why do you even think so?”

“No, it seems that we have to find Lei’er a husband’s house quickly. Otherwise, I will really delay her.”

“Well, there is a better boy on the side of Grandmaster Haotian?”

“Introduce to my sister.”

“If the introduction is true, I will remember you for the rest of your life.” Mark began to worry about Xu Lei’s lifelong affairs again.

When Tang Hao heard this, he immediately became interested: “Then dare to love it.”

“But to be honest, I do have a lot of outstanding young talents here.”

“There are ten outstanding young people selected by our Wushen Temple Excellence Plan alone.”

“As long as Ms. Xu is willing, I can be a middleman to match you up.”

“Haha, okay.” Mark was overjoyed immediately, “That’s it, then I will trouble Grandmaster Vast Sky about my sister’s affairs.” Remember the URL <http://m.kanshu8.net>

“Quickly, Xiao Lei, I just came to thank Grandmaster Haotian.”

Mark said with a smile.

The Temple of Martial Arts is the highest authority of the martial arts in the summer. The young people they choose will definitely be the top ones in the country. It is undoubtedly the best to introduce Xu Lei.

However, what Mark didn’t expect was that Xu Lei didn’t have any appreciation for their kindness. Instead, she coldly snorted, “Hmph, I don’t need you to care about it.”

After speaking, Xu Lei pushed Mark away, turned her head and returned to the family by herself.

Only Mark was left, with a dazed expression on his face.

“This damn girl, what attitude is this?”

“You were sensible just now, so is it making the eldest temper?”

“Sorry, Grandmaster Haotian, I made you laugh.”

“My sister is not like this usually, she has a very good personality.”

“Just now, don’t take it to your heart.”

“What’s going on in the future will make you worry more.”

Mark quickly rounded out Xu Lei.

However, Tang Hao patted Mark on the shoulder and smiled meaningfully: “I think it’s better to forget it.”

“Your sister, obviously already has a sweetheart in her heart.”

“Where can I tolerate others.”

In the sound of chuckle, Tang Hao has already gone away.

Behind him, only Mark remained, and he sighed.

With Tang Hao’s departure, today’s things have just come to an end.

However, although the matter is over, the aftermath is frantically fermenting.

In just one night, the wealthy and business magnates all over the hot summer heard about this.

.....

“what did you say?”

“Zhonghai Wei’s family, bowed down outside Xu’s house for three days before leaving?”

.....

“how can that be?”

“Then, when did the Xu family have such a tendency to make the Wei family succumb?”

.....

“I heard that it was because of the shelter of a big man behind the Xu family.”

.....

The forces in Jiangnan, Jiangbei, and Southwestern provinces were all shocked and surprised after learning this news.

However, the accident turned out to be an accident. After learning about this, the various forces sent orders and told their subordinates that they must not provoke the Gritsberg Xu family in the future.

At this point, the status of the Xu family has jumped above the Wei family of Zhonghai.

In the entire hot summer giants, firmly in the top three.

Just the next day, outside the door of Xu’s house, there was an endless stream of guests coming to visit.

“Hahaha~”

“Dragon Lord, after this turmoil, it is estimated that there is no more power, dare to provoke Miss Xu.”

In the courtyard, Mark was sitting on the stone bench, sipping tea.

Xue Renyang laughed on the sidelines, reporting the changes in the current pattern of Gritsberg’s power.

In this regard, Mark was not surprised.

His purpose of deterring the Wei family with great fanfare is exactly that.

Now that the purpose has been achieved, he should also leave.

“How about, tell Xiao Lei, are we leaving?” Mark turned his head and looked at Denren Ye who had just returned.

Denren Ye nodded: “I haven’t seen Miss Xu, but I have already told her assistant, she should convey it now.”

“So, still don’t plan to see me?”

Mark looked at a room somewhere in the distance and whispered.

Finally, he shook his head and gave a wry smile.

“Hey, Nizi, she has a really good temper.”

“Fine, Yu Yan, let’s go back.”

Mark waved his hand, and then called Denren Ye to leave.

Before the Xu Family Manor, a hundred people gathered, all of them belonged to the Xu family and the Xue family.

Now that Mark is about to leave, they will see off from now on.

“Tongshan, Qingtan, after I leave, Xiao Lei’s safety is left to you.”

“Then you guys should know how to use the Gritsberg Array.”

“However, the Gritsberg Array is acceptable to the general strong. If you encounter a strong enemy, remember to evacuate in time and retreat to Yunding Mountain Villa.” Remember to read for one second <http://m.kanshu8.net>

Before leaving, Mark instructed both Tongshan and Qingtan.

“Well, Dragon Lord, don’t worry. We will remember these.” Qingtan both responded.

“Long Lord, after I go back, is it going to start?” At this moment, Xue Renyang walked over again and asked in a low voice.

Mark nodded and smiled faintly: “The mundane things are gone, I should do my own business.”

Upon hearing this, Xue Renyang’s expression was undoubtedly more solemn.

He immediately stepped forward, leaned over, clasped his fists, and bowed: “Please let Long Yang go with you!”

Mark shook his head: “No need. I originally canonized the Dragon King, not for you to go with me. What you should do is to strike at them at the secular and economic levels.”

“After I leave, the economic sanctions imposed on them will not stop.”

“Well, that’s all.”

Speaking of this, Mark suddenly waved his hand: “Tongshan, bring wine.”

Huh huh~

Soon, several cups of turbid wine were served.

Mark raised his glass and faced everyone: “Everyone here, some of you are with me, Mark. They just meet each other by the water, and they can’t meet each other more than once.

“And some, who have followed me for more than ten years, Mark, are bold and loyal.”

“But in any case, it’s always a meeting.”

“Farewell today, see you tomorrow, I don’t know when.”

“If I’m lucky enough to return, I’ll drink with you here again!”

When the words fell, Mark immediately raised his head, drank the turbid wine in his glass.

After that, he turned around and walked into the car together with Denren Ye and rushed to the airport.

“I’ll wait, and send the Dragon Lord!” Longyang King Xue Renyang said off in tears.

“I’ll wait, I’ll send you the dragon lord~” Tongshan also knelt down, his rough eyes turned red.

As for Qingtan, tears are already streaming down his face.

On Qiaomei’s face, there were long tears.

In the end, he even chased Mark’s car for several tens of meters, and shouted with a choked voice, “Look at the Dragon Lord, and return in victory~”

.....

Looking at the appearance of Tongshan and the others, the rest of the people who saw them off were only puzzled.

I don’t think about it anymore, but it’s just a normal separation, and it’s not that I won’t see each other again, so why bother to be separated from life and death.

However, others don’t know, but people like Tongshan and Xue Renyang who have been in the Dragon Temple for many years and have followed Mark for a long time know the dangers that Mark will go to after leaving this time.

The Chu Family, synonymous with endless power and supreme power, no one knows how terrifying its true strength should be.

After all, from the time when the Chu family became famous all over the world, no one has truly challenged the dignity of the Chu family.

And what Mark will do next is to be the first person who has never been before, and who will never come!

Even if it has been planned for many years, in the eyes of Tongshan and others, Mark's trip will still be ill-advised.

Dragon Temple, perhaps also very strong.

But in the final analysis, it's only more than a dozen years old.

A force with a shallow background will challenge the world's No. 1 martial arts giants.

It is estimated that no one thinks there will be a big chance of winning.
