## Chapter 3068

“So, the best way at the moment is to watch the changes first.”

“Tang Hao has already told Mark to hide him first. When the people of Chu Clan can't find him, they will probably retreat.”

Sword Saint Said quietly.

When the King of Fighters heard this, he was a little anxious, his palm clenched: “This is Mark again. If it weren't for him to cause trouble, my son would never fall into this situation.”

“My Mo family father and son, really follow him. brats, character serious conflict! ” “

the King of Fighters, you enough! “Ares snapped a drink,” this is strange Fan Ye, how do you not think about it, then go to the rainforest Fan Ye mission, for whom? “

Ares few Then, Mo Gucheng was speechless.

After that, Ye Qingtian looked at the Juggernaut and others again, and said solemnly: “It's not unreasonable for you to analyze

this way.” “The grudge between Mark and Chumen is indeed not small.”

“I just didn't expect it to be. Truman has done it first.” The

God of War has dark eyebrows and a gloomy expression on his face.

No one knew what he was thinking at this moment.

Boom~

At the same time, a dull boom suddenly came from the horizon.

Immediately afterwards, a scorching air wave swept in like a violent wind along the doors and windows.

In this heat wave, the robes of the God of War and the others were blown to the ground.

“Huh?”

“What's the matter?”

“What happened?”

This sudden change naturally surprised Ye Qingtian and others.

Afterwards, everyone got up, left the hall, and rushed to the top of Yanshan Mountain, looking far away.

At the end of Tianhe, there was a red light.

Like an endless fire, blazing the world.

A wave of heat is also coming from the direction where the red light is shining.

“This...what the hell is this?”

“Is it possible that the nuclear explosion?”

Tang Hao’s old eyes widened when he saw the vision in the distance, and his pupils were filled with awe.

Such a majestic explosion of energy, even for them, is unseen and unheard of.

“No, it’s not like a nuclear explosion.”

“It’s like it was caused by an explosion of vitality.”

Ye Qingtian’s eyebrows were condensed, and he stood on the top of Yanshan Mountain in white clothes.

In front, there was a scorching wave of air rolling in.

Ye Qingtian said quietly while feeling the heat wave.

Hearing the words of the god of war, the look of the sword saint also changed suddenly.

“You mean this is a fighter that is?”

“How is this possible.”

“If any of these degrees of force Dollar outbreak, that the strength of the other side is much stronger?”

“I’m afraid that the strong top ten list of the day, also Few people can match it.” The Sword Saint said in disbelief.

“Is it right? Just go and see.”

“However, that seems to be Noifork’s direction?” Ye Qingtian looked into the distance, his face suddenly became serious.

Don’t know why, he suddenly had a bad feeling.

Especially after judging that the direction of the red light is behind Noifork, this feeling is undoubtedly more intense.

“Could it be that Mark has already met the people of Chu Sect?”

Ye Qingtian thought in his heart.

After that, he stopped staying, and walked away in the direction of the red light.

“Let’s go, let’s go over and take a look.”

“If this is really done by humans, the opponent’s strength is probably extremely strong.”

“Lao Ye alone is not safe in the past . Let’s go together. If something happens, it will happen. A response.”  
The

Juggernaut’s face was also solemn.

After that, they also followed.

In this way, the four powerful titles of the Wushen Temple came out and went straight into Noirfork.

No one knows, what happened over there?

And at this time, Mark’s plane had just entered the Noirfork Boundary, and was swept by this overflowing heat wave.

Suddenly, the entire plane jolted violently, and several tiny cracks appeared on the fuselage.

Inside the cabin, there was even more chaos. Passengers screamed in horror everywhere

## Chapter 3069

In the plane, the lights flickered, as if it was about to crash.

“Cousin Mark, I...are we going to die?”

Denren Ye’s face was pale, and his pupils were full of panic.

Even though she has been in the military for many years, this is the first time she has encountered such a situation.

You know, it’s nearly 10,000 meters high now.

Falling from this is the master’s cultivation base, and she has to be broken, and Denren Ye is not even a master, so naturally there is no possibility of survival.

Denren Ye originally thought that even if she sacrificed herself, she was sacrificed on the battlefield and died in battle.

But she never thought that one day she would die in an accident.

In panic, Denren Ye almost subconsciously grabbed Mark's arm next to her.

However, in stark contrast to the horror of the people around, the teenagers here were calm from beginning to end.

Even if the plane has fallen down, even if the outside wind has poured into the cabin through the cracks, even if the ears are full of crying and screaming, but Mark who is in it has turned on deaf ears, as if everything is It has nothing to do with him.

His gaze stole through the dazzling window, always looking at a certain direction below the airspace.

There, there is blazing and scorching energy, erupting like a volcano.

“This is, Dollarli fluctuation?”

“What a rich Dollarli fluctuation~”

“Who would it be?”

Mark frowned.

Even though they are far apart, Mark still feels that this intense energy is actually heart palpitating.

Thousands of meters away made Mark feel that way.

How terrible is the center of that energy storm?

Moreover, what made Mark even more puzzled was that, for some reason, he actually felt a few inexplicable sense of familiarity from this wave of vitality.

Of course, this sense of familiarity was so weak that Mark felt it was his own illusion.

“Cousin Mark, run away...”

“You are a titled master, and you should have a chance to get out of the blind window.”

“You leave us alone~”

“This is my mobile phone, you take it “

The password is my birthday, and there are all my savings in it. You help me give it to my dad...” The

huge sense of weightlessness tore everyone's body, Denren Ye resisted the pain of weightlessness, gritted his teeth and handed the phone. To Mark.

She was desperate.

But Mark still has hope.

The power of the titled master should allow Mark to escape.

Hearing Denren Ye's almost swallowing voice, Mark was awakened from the loss of consciousness just now.

He looked at Denren Ye, who was crying in panic, but smiled softly: "Don't worry, with me, none of you can die."

"Damn !"

"Shall I go to Nima?"

"Brother, let's die." It's coming, still bragging?" As soon as Mark finished saying this, the elder brother next to him couldn't help cursing.

It would have been messy enough to have an accident on an airplane.

But who would have thought that before dying, there was an idiot who was talking nonsense here.

He said he could save them?

This plane is almost falling apart, how can he save it?

Unless he is Ultraman.

"Dad, I'm scared~"

"Woo~"

"Dad, I want to go home..."

When the big brother complained, a little girl in his arms was crying. I called my father over and over again, and said over and over that I wanted to go home.

The man's eyes were also red, and he did not speak, but hugged his daughter hard.

"Brother, I'm sorry."

"I was impulsive just now, I shouldn't scold you."

"Please, if you really have a way, please use it as soon as possible."

"My daughter is still young, and she came to this world. In 2016, she still has a great life. I really don't want my daughter to die here with me."

"Please, brother, if you are Ultraman, you can transform yourself quickly..."
