Chapter 3070

This eldest brother was obviously also in a hurry to go to the doctor, and he was crying nonsense to Mark.

When a person is dying, he will always become irrational, dysfunctional, and eager for miracles.

Although more than ten years of compulsory education told him that Ultraman does not exist.

But, who doesn't want to see the light yet?

One, the light that can illuminate the endless darkness in the most desperate time.

Facing the man's nonsense, Mark smiled: "Okay!"

Then Mark suddenly got up.

In this way, Denren Ye and the dull gaze of the father and son shattered the glaring window in front of him.

Then, facing the void outside, stepped out.

Mark at that moment was undoubtedly turned into light.

He stepped on Tianhe, and he held a passenger plane in his hand.

Who would have thought that in such a thin body, the power that resembled the entire universe exploded.

Soon, the airliner stopped its downward trend.

The whole body also stabilized.

The turbulent flow of air that was originally rapid has also turned into a subtle wind, flowing through the cabin.

Everyone's emotions gradually calmed down.

“Are we safe?”

“Are you saved ?” “Are you
going to die?”

....

Many people don't know the situation at all, but just look at each other and ask for answers that no one can answer.

In the entire cabin, only Denren Ye and the father and daughter were stunned.

They looked at the direction where Mark had jumped before.

After a long time, there was a man's scream: “Ciao, really... really transformed?”

...

that day, in the land of Noirfork, a total of five passenger planes suffered that. The energy storm spread, four of them crashed and all the passengers were killed, with no survivors.

There was only one passenger plane that took off from Gritsberg. Although the fuselage was devastated, it landed magically, and no one died.

This incident caused a sensation in the entire aviation industry.

Later when the passengers were interviewed by reporters, they all said: “I don't know the situation at the time. Anyway, it was amazing. The plane that was going to crash suddenly became better...”

“I don't know, the plane was already I was completely out of control, but then, as if blessed by the gods, I felt an inexplicable force holding up the plane...” the captain in the cockpit said.

....

“I know, I know, it's a big brother, he turned into a light, holding up the plane~”

among the crowd, a child who was carved with powder and jade was speaking vigorously, the childlike voice, It amused a group of people.

When these survivors were talking and laughing, no one noticed, and the two figures had disappeared in the distance.

“Instructor Chu, aren’t we going to Fenghai? Is the direction wrong?” Denren Ye asked suspiciously behind.

Mark looked solemnly: “I’ll go to Wrilfill first.”

“I can’t worry about Helen Qiu and the others.” In the

wilderness, Mark stepped hurriedly, pulling out afterimages at a rapid pace.

After landing, Mark undoubtedly felt the terrifying degree of that Dollarli fluctuation more truly.

You know, it’s just the beginning of spring now. But the surrounding temperature gave Mark the illusion of midsummer.

It is conceivable that this scorching energy is so rich?

At that time, Mark immediately judged that the master of this force was probably extremely strong.

“I hope it wasn’t for me~”

Mark was anxious and rushed to Wrilfill with all his strength.

You can’t blame Mark for thinking too much. After all, in this hot summer, no one knows that the land of Noirfork is Mark’s back garden and his private plot.

Now that Noirfork has undergone an extraordinary change, it is estimated that anyone will feel that Mark is the target of this spearhead.

“Instructor Chu, you are too fast, I can’t keep up~”

Denren Ye behind was almost running and crying, but just couldn’t keep up with Mark’s speed.

“I’ll take a step first~”

“You go to Qinglong Huihe ...”

Chapter 3071

Call ~ The

oncoming wind shattered Mark’s words.

Soon, the thin young figure disappeared at the end of Denren Ye's sight.

At this time, Mark was anxious.

There are worries in the eyebrows.

The time when this accident occurred is too sensitive.

It happened to be when he was preparing to head to the Chu family.

Is this a coincidence?

Or is it true that as Tang Hao and the others said, the strong Chu Sect had already learned of Mark's plan, so they acted first and sent the strong to retaliate?

Although Mark had already set up a large formation in Noifork, Mark was not confident. The Yundao Heavenly Absolute Formation he had set up was able to withstand the offensive of the most powerful.

Therefore, after feeling the power of this energy storm, Mark immediately rushed to Wrifill personally to investigate the situation.

When Mark felt that Yunding Mountain Villa, Helen Qiu and Li Er had already gathered here.

"Mark, you are back."

Seeing Mark's figure, Helen Qiu, who had been full of sadness, immediately smiled and ran out, and plunged into Mark's arms.

"Helen Qiu, are you okay?"

"Nothing unexpected happened in Wrifill recently, right?"

Mark was relieved to see that everything was normal in Yundingshan Villa, and asked immediately.

Helen Qiu nodded: "Well, nothing happened."

"Just this morning, a rainbow light suddenly lit up in the west, as if something exploded."

"Then, there was a heat wave."

"The whole Wrifill, overnight, seemed to be in midsummer."

"Er Ye was worried about something unexpected, so he told me not to go to the company today and stay here. Here."

“Mark, do you know what happened?”

Helen Qiu asked suspiciously.

Mark shook his head: “I just came back, I don’t know the specifics.”

Then, Mark looked at Li Er on the side again: “How about it, can you investigate there?”

Li Er nodded: “I’ll send someone. Go, the incident should be in Denham.”

“But it has been blocked by the army. Our people can’t get in either.”

“What are you talking about, it’s Denham?” Mark’s mind was abrupt when he heard this. Jump.

You know, Mark’s mother is in Denham.

“Mark, don’t worry, I called mom, and everything is fine on her side, but she was just a little frightened.” Helen Qiu seemed to see Mark’s worries, and Helen Qiu immediately calmed down.

“Well, that’s good.” Mark nodded, but he decided to go there in person.

Nowadays, in the land of Noirfork, such changes have occurred.

Mark, as the venerable Noirfork, naturally needs to investigate clearly.

What’s more, Mark always felt that this change had something to do with martial arts powerhouses.

If you don’t figure it out, Mark can’t sleep well.

“Okay, Mr. Chu, I’m going to prepare the car.” After learning that Mark was going to explore it himself, Li Er hurried to prepare the car.

Helen Qiu was a little worried and wanted to go together, but was persuaded by Mark.

“Helen Qiu, you stay at home well.”

“Don’t worry, I will go with Li Er, just to see the situation, there will be no surprises.”

“Remember, before I come back, don’t leave the Yundingshan Villa.”

After instructing Helen Qiu, Mark took the vehicle and went to Denham with Li Er.

Although Mark’s current strength is already able to travel from the sky.

However, unless there is an emergency, Mark still travels by means of transportation.

One is afraid of causing unnecessary attention, and the other is to save energy.

“Mister Chu, in the final analysis you what happened?”

“Days of March, could be so hot.”

“It’s a much stronger energy to a wide range of impacts of climate?”

As the distance As Denham gets closer, Li Er only feels that the surrounding temperature gets hotter.
