

# Chapter 3072– 3073 of A Dish Best Served Cold Novel

## Chapter 3072

So in the end, Li Er and the others can only rely on the air conditioner in the car to cool down.

Mark shook his head: “When you arrive, you will know it naturally.” While talking, the speed of the car suddenly dropped.

In the end, Li Er and the others discovered that there were cars on both sides of the road, leaving only the middle lane unblocked.

Li Er wanted to drive directly, but unexpectedly, a few traffic policemen in uniform walked over and stopped them directly.

“Advance traffic control, no idle vehicles are allowed to pass.” A thin uniformed man said sharply to Li Er in the car.

Li Er frowned: “Traffic control?”

“How long does it take to pass?”

“I don’t know, it may take a day or two, but it may be long...” The thin man was explaining, suddenly the fat traffic policeman next to him But he was impatient and interrupted directly.

“I said Xiao Liang, what are you going to do with them?”

“If you don’t let go, you won’t let you go, or turn around and go back, or stop by the side of the road and wait!”

“Quickly let the way out.”

“If it is delayed After a major event, the two of you are not enough to kill with nine lives.”

The fat traffic policeman said to Li Er and the others impatiently while sweating his forehead.

“Let us make way?” Li Er suddenly sneered when he heard the words, “Noirfork, you are the first to say this.”

“I also advise you, if you don’t want to cause trouble, let us pass honestly. “

Otherwise, Mr. Chu’s anger is not something you can bear.”

Li Er said coldly, a bit of anger already in his words.

As for Mark, he sat safely in the car from beginning to end, closing his eyes and resting, as if everything had nothing to do with him.

“Oh, what a big breath!”

“I don’t know, you thought you were our leader Zhang Wuye in Yinan City?” The fat traffic police snorted, “Hurry up and get out of here.”, I want to pretend to go to other places to pretend, this is not the place where you are

messing around!” “Wuye Zhang is it?” Li Er in the car whispered to himself, then picked up the phone and made a call. Got out.

Soon, the call was connected.

On the other end of the phone, an old man laughed heartily: “Haha, Erye Li, it’s rare, I even thought of calling me Lao Zhang.”

“Why, what did Erye say?”

Noirfork Land, With the exception of Mark, it is estimated that Li Er is the only one who talks about power.

Li Er didn’t talk nonsense with him, and said directly: “Zhang Chenghu, come here, my car was stopped in your Yinan City, you can solve it.”

“Oh, there is this matter? Shouldn’t it? Ah, good point, who would dare to stop Erye your car. Could it be that Erye is going to Denham?” Zhang Chenghu’s puzzled voice came over the phone.

Li Er said.

“Second Lord, then this matter is not easy to handle. There is an accident in Denham, and now the military area is transporting supplies and troops inside.”

“In special times, traffic control is naturally implemented.”

“I want to help with this matter , I can’t help either.”

“These are all decisions made by the provincial government and the military. I’m just a small local person. Where should I decide?” Zhang Chenghu said apologetically.

When Li Er heard this, the displeasure in his eyebrows was undoubtedly more intense: “It seems that Li Er’s prestige is not enough, please don’t move your Buddha Zhang Wuye.”

“But I have to tell you, Mr. Chu Right now in my car.”

“What to do, you can figure it out.”

What?

“Chu...Mr. Chu is there too?” Zhang Chenghu on the other side of the phone turned pale when he heard these three words from Mr. Chu, and the phone almost fell to the ground.

As the saying goes, the name of the person, the shadow of the tree!

Is Li Er famous?

Of course big!

Regarding power, the rich and powerful in Noifork Land respect Li two or three points.

However, compared with Mr. Chu’s three words, Li Er’s prestige is undoubtedly far too far behind.

After all, Mr. Chu’s prestige was achieved by killing and blood.

Life, death and seizure, Mark is like a god in Noifork!

Noifork’s rich and powerful, who doesn’t tremble in his heart when he hears these three words?

## Chapter 3073

“Second Lord, don’t scare me...”

“Mr. Chu really came to Yinan?”

“Hey...hey”

“Second Lord, you speak, Second Lord...” On the

other side of the phone, Zhang Chenghu was already crying, and he was crying in his words.

But Li Er paid no attention to it, and hung up the phone after finishing talking.

“Why, look at your face, this is the rescue of soldiers?”

“Hehe~”

“If that’s the case, don’t hurry to get out of the way.”

“Otherwise, don’t blame us for enforcement.”

See Li Erhang On the call, the fat traffic police suddenly sneered, and there was already a bit of unkindness and chill in his words.

From the beginning, he saw that Mark and Li Er were not pleasing to the eye.

Isn’t it just driving a luxury car, isn’t it just that you have a few stinky money, what are you dragging on here?

Lao Tzu’s most annoying is these self-righteous rich people.

Still calling Zhang Wuye pretending to be there.

Zhang Ye always manages everything, how can there be time to care about you cats and dogs?

However, faced with the warning from the fat traffic police, Li Er, like Mark, turned a deaf ear, as if he hadn’t heard, sitting in the car calmly, as if waiting for something.

“Oh, fucking, toast, not to eat and drink fine wine, right?”

“Xiao Liang, follow me. Just drag them out and drive the car into the game.”

“Ma De, I can’t cure you?”

The fat traffic policeman was also in a hurry, shouting to his companions, walking over to open the door.

But who could think that as soon as they touched the car body, they just heard a crash, and the two of them were hit hard, and their bodies of hundreds of catties were directly shaken out, and they rolled on the road for several laps before they stopped completely.

“Asshole, you are so brave?”

“Dare to do us?”

The fat traffic policeman grabbed his waist and got up from the ground, shouting angrily at Li Er in the car.

“Okay, you wait.”

“You wait here for me.”

After cursing, the fat traffic policeman immediately said to Xiao Liang next to him: “Xiao Liang, hurry up, call for support.”

“Just say there are gangsters here . . . , Hindering the implementation of official duties.”

“The team’s support is urgently needed!” As he

spoke, Xiao Liang also got up from the ground and began to call for help.

The movement here naturally attracted the attention of many people.

The people who had been waiting on the side of the road also gathered at this time.

See the fat police they really mean business, and these have been pressing, passers-by began: “Brother, can, take advantage now, and quickly Run.”

“It’s the saying goes, people do not struggle with the officer.”

“Now They are angry, but we can’t help it.”

Everyone persuaded you to say a word to me.

In the face of what everyone said, Mark always sat in the car, closed his eyes and rested, and said nothing.

On the contrary, Li Er, in a very pretending tone, replied lightly: “Run?”

“In this Noirfork land, the people who are qualified to let us retreat have not been born yet.”

Hearing Li Er’s words, the faces of the people around were dark.

Isn’t this old man an idiot?

He is a small man, does he still want to challenge the state apparatus?

“Yes.”

“You’re awesome.”

“It’s up to you~”

“Just as happy as you are.” In

the end, everyone was too lazy to be nosy.

Anyway, I was so kind to persuade me, and they didn't listen, and they were still pretending to be forced.

It's better to stay aside and watch the excitement instead of thanking you.

Soon, amid a sharp alarm, several buses approached.

“Haha~”

“Support is here.”

“Wait a minute, how do you guys play?”

Seeing that his colleagues had arrived, the fat traffic police suddenly became happy and hurried forward to greet him.

However, as these buses got closer, the two little traffic policemen felt more and more wrong.

“Fat brother, something is wrong.”

“Why did I see the city government's car?” That Xiaoliang's sharp eyes quickly found a trace of suspicion.
