

Chapter 3076– 3077 of A Dish Best Served Cold Novel

Chapter 3076

Hearing this, Zhang Chenghu hurriedly pulled Lin Nanhai: “Lin Shi, speak carefully~”

“Illness comes from the mouth, and the curse comes out from the mouth.”

“From now on, you must not say anything more.”

“Otherwise. If we let Mr. Chu hear, our life in Yinan will be

difficult in the future!” Zhang Chenghu’s face was pale and he tried his best to persuade Lin Nanhai.

“Why, listen to what you mean, I’m the master of a city, and I still have to look at his face as a gangster?”

“You Noirfork, can it become Mr. Chu’s back garden? This land of Noirfork, is it possible? There is no king’s law anymore?”

“I don’t believe it anymore. No matter how great Mr. Chu is, can he not be afraid of the country or the government?”

“A little man who rises and fights can’t

heal him?” Lin Nanhai was angry, and he was undoubtedly at this time. Really moved the thought of starting with Mark.

With his current power, it is not difficult to deal with a rich man.

Generally, people like this do not rarely do illegal things behind their backs.

As long as he grasps the evidence, he can use national power to subdue Mark.

However, Zhang Chenghu sighed: “Hey, Lin Shi, you didn’t know the power of Mr. Chu when you first came to Noirfork.”

“But, the former Lord of Noirfork, you should know He Lanshan?”

Lin Nanhai nodded: "Well, I know. I heard that I made a serious mistake and was sent to the countryside to help the poor."

Zhang Chenghu smiled bitterly: "Serious mistake?"

"It's just a rhetoric."

"The real reason is that he provoked Mr. Chu."

What?

"You mean, the lord of the...province...is being sent down because of provoking that...that...Mr. Chu?"

"My God, then this young boy, is it because of the great background? "Lin Nanhai's old face was pale, and his whole face changed directly.

Zhang Chenghu did not answer, but continued to say bitterly: "I don't know if the background is big or not. I only know that Li Hongze arrived at Mr. Chu's wedding a few years ago."

Boom~

Zhang Chenghu's last sentence was like a thunder .

Lin Nanhai was stunned.

The legs were soft, almost on the beach.

"Li...Li Hongze?"

"When...the second of today...the second..."

"God,"

"Mr. Chu, who on

earth is this?" Lin Nanhai felt in his heart. Wailing.

All the thoughts about dealing with Mark just now, as well as all the resentment towards Mark, no doubt vanished in an instant.

Why is he still thinking about subduing Mark?

Even He Lanshan fell under this man.

Lin Nanhai, is he a fart again?

It's no wonder that people tend to ignore him.

"Chenghu, thank you for reminding me this time."

"Otherwise, I'm afraid that Lin Nanhai will not be as good as He Lanshan's footsteps."

"Do you know where Mr. Chu's hometown is in Denham?"

"I want to prepare some gifts and go to visit."

Lin Nanhai felt lingering fear, and then thought about visiting to get closer to Mark.

Zhang Chenghu smiled and shook his head: "Lin Shi, I think you might as well go to Wrifill instead of visiting Mr. Chu's hometown."

"Mr. Chu is good at everything, just because he's afraid of his wife."

"As long as we take care of Mr. Chu's wife. Relationship, Mr. Chu's side is very easy."

"Oh?"

Afraid of his wife? Mr. Chu is still a strict wife?" When Lin Nanhai and the two were thinking how to curry favor with Mark, the two of Li had already entered. To Denham.

Sure enough, as Denham gets deeper, the temperature gets higher and higher.

After entering downtown Denham, the temperature reached almost forty degrees.

When it was hottest in Denham, it was about this temperature.

Mark didn't delay, and directly let Li Er drove into the Ye Family Manor.

"Cousin, are you back?"

"Haha~"

"Is it hot?"

"Brother, I

will hold an umbrella for me." As soon as Mark entered the door, he saw Ye Jian dressed up with a glossy pink face, holding the sports car key and preparing to go out.

After seeing Mark, Ye Jian immediately came over to say hello.

"Go away."

Mark didn't like this cousin. He got angry when he saw him and scolded him away.

"Hey~"

"Cousin, don't be so grandiose?"

"These are all fathers."

Chapter 3077

"Being a father?"

Mark frowned when he heard this, "What are you talking nonsense?"

Ye Jian still smiled, "Yeah, I'm good at talking nonsense, right? However, Mark is still good, and the red flag at home is not down. The colorful flags are fluttering outside, and now people have sent the children to the door."

Ye Jianyue said that the more ridiculous, in the end Mark could not help but beat him.

Seeing this, Ye Jian ran away quickly, and drove out the sports car to tease his sister.

Since the last time he behaved in the company and was smashed by Mark, now Ye Jian has undoubtedly become a dude. In addition to eating and drinking every day, he has been making friends with fox friends and friends.

Anyway, I didn't do anything serious, so I went out to play naturally.

"Gentlemen's Ze, the fifth

generation will be cut." "If the descendants of the Ye family follow him like this, without the fifth generation, this foundation, I am afraid that the second generation will die."

Looking at the direction of Ye Jian's departure, Mark shook his head in disappointment.

After all, the Ye family is his mother's natal family. If possible, Mark naturally hopes to revitalize the Ye family under his own grace.

However, there is no one in the Ye family.

Mark wanted to help, but he was afraid it would be difficult to help.

"Mr. Chu, my second child, I have a lot of words, do you really raise a woman outside? Do you still have children?"

As Mark shook his head, Li Er next to him asked in a low voice.

Li Er is undoubtedly very curious about Mark's gossip.

Mark immediately stared at the words: "Don't let me kick you."

"He also said that I am a grandfather, do you believe it?"

"Haha, that's good, let me just say, how can a good man like Mr. Chu do things that I am sorry for Miss Qiu?" Li Er laughed.

However, just as the two were talking, there was a sound of baby crying in the distant room.

After Mark heard it, the corners of his eyes twitched: "This...this, really have children?"
At

this time, Li Er immediately turned sideways and looked at Mark with a skeptical attitude.

I thought, Mr. Chu, could it really be here to raise a woman?

"Mom, what the hell is going on."

"This child is?"

Mark didn't bother to guess, walked in, saw the mother Ye Ximei holding the baby, and immediately asked in confusion.

In the room, besides Ye Ximei, there were also Mr. Ye and Mark's aunt.

"Smelly boy, do you still have the face to ask us?"

"I don't

know what I did well?" "When Helen Qiu finds out, I see how you can explain it to her!"

Seeing her son, Ye Ximei walked up to it. There was a thrashing.

"Okay, sister."

"You don't want to be cheap and behave well."

"You didn't want to hug your grandson a long time ago."

"Now, don't you care about it?" Mark's aunt Ye Qingzhu jokingly said next to him. With.

After talking about Ye Ximei, Ye Qingzhu comforted Mark again: "Mark, don't listen to you."

“Don’t look at her like a tigress scolding you now, but you don’t know, she takes care of this little girl these days. Baby, it’s so happy.”

“Haha~” Elder Ye also laughed, “Whatever, our old Ye family has finally added a newcomer, and the crowd is prosperous.” In the

room, Elder Ye and others all smiled.

The arrival of a new life added a lot of vitality and fun to the old Ye family.

But Mark was really confused, and he hadn’t figured out the situation until now.

“Mom, what’s going on?”

“Whose child is this?”

“Why do you all say that?” Mark asked several times.

This inexplicable becomes a father, so who can accept it?

“Huh?”

“You really don’t know?” Ye Ximei looked at Mark curiously.

Mark nodded: “Mom, don’t go around, what is going on with this kid.”

Mark asked eagerly.

It turned out that a few days ago, a girl suddenly visited Ye’s house, handed the child to Ye Ximei, and left.
