

# Chapter 3078– 3079 of A Dish Best Served Cold Novel

## Chapter 3078

At first, the Ye family thought it was Ye Jianjian's sin.

But Ye Jian said that the child had nothing to do with him.

Moreover, if it was Ye Jian's child, the girl should give it to Ye Jian's mother instead of Ye Ximei.

Therefore, the Ye family concluded that the child belonged to Mark.

"Let's talk, Mark, who is that woman?"

"Man, you can't just try to escape."

"Now that the problem arises, it has to be solved."

"Listen to grandpa, take that girl over, we I'll take care of you."

"It's the child's mother after all."

"Even if you can't give the name, let's give others a prosperous and stable life."

Old man Ye said earnestly.

Ye Ximei also sighed: "Yes, take it."

"Although I'm sorry for Helen Qiu, things have already happened."

"The child's mother, you can't ignore it." The

Ye family members have one after another. Persuade.

But Mark was about to cry: "Mom, grandpa, what are you talking about?"

"The world is a lesson, this child is not mine, and it can't be mine."

"I didn't do some things, myself. I know it very clearly in my heart."

Mark said decisively, his tone absolutely sure.

Mark never dreamed that this kind of bloody thing would happen to him?

“Ok?”

“Really has nothing to do with you?”

“That’s weird. If it wasn’t your child, why did the girl give me this child that day?”

Seeing that Mark didn’t seem to be lying, everyone in the Ye family was immediately confused.

“Mom, tell me carefully about the scene that day.”

“Especially the person’s appearance.” Mark also felt something strange, so he immediately asked.

“It was just one night when a girl appeared outside my room.”

“It was silent and scared me.”

“She was wearing a purple dress. Although she was covered with a veil, she should look at her eyebrows as well. A very beautiful girl.”

“She didn’t speak, just handed the child to me, and then left.” Ye Ximei recalled slowly.

“That’s it?” Mark frowned, and continued to ask, “Mom, think about it carefully, is there anything special about her.”

“Special place?” Ye Ximei thought about it again. Maybe it’s temperament. The girl has a kind of dusty temperament. Moreover, her breath is unstable that day, giving people a feeling of weakness, like being injured.”

Ye Ximei said slowly. But Mark was lost in thought.

The appearance of this child coincides surprisingly with the time when Denham’s vision appeared.

Moreover, listening to his mother’s description, the mysterious woman who appeared in Yejia Manor that night is most likely a martial artist.

If it were an ordinary person, how could it appear silently inside the heavily guarded manor?

Boom~

Just as Mark was thinking, there was a dull boom in the distance.

Mark looked back.

“I don’t know what’s going on in the past two days, there is always this kind of noise.”

“It’s like thunder.”

“I don’t know, I thought the gods were fighting?”

Old man Ye and the others obviously noticed this kind of noise. Talking.

Mark didn’t speak, but looked at the distance, his expression gradually serious.

“Mom, grandpa, during this time, you don’t want to go out, just stay in the manor.”

“What about you?” Ye Ximei asked worriedly.

“I’ll go out and have a look, you don’t have to worry about me, and you don’t have to wait for me to eat.” Mark said as he walked away quickly.

“Hey, Mark~”

“Where are you going?”

Ye Ximei chased out, shouting loudly.

But Mark’s figure had already disappeared from the end of his sight.

At this time, on the wasteland 40 kilometers away from downtown Denham, several figures gathered here like lightning.

” Lao Ye , how about it?”

” Have you found that person?”

## Chapter 3079

Seeing the God of War, Tang Hao and others stepped forward and asked.

Yes, the four people gathered here are the four titled masters of the Yanxia Wu Temple.

“No, I didn’t find any suspicious figures here.”

“Tang Hao, are you sure there is a titled master here?”

“Are you wrong?” Ye Qingtian still looked at Tang Hao with some doubts. .

“Impossible!” Tang Hao replied decisively, “I am absolutely sure that the one who is fighting with me is a titled master, and depending on the dress, it should be a woman.”

“But I don’t feel very strong, so I punched him. I was injured.”

“It’s a pity, let her run away.”

Tang Hao recalled the scene a few hours ago, and he dignifiedly told Ye Qingtian and the others.

A few hours ago, the four of Tang Hao and the others explored this area separately. It was in this situation that Tang Hao encountered a woman who thought she was wearing a veil and handed it over.

“Since it’s injured, it shouldn’t be far away.”

“It’s definitely still nearby.”

“We continue to search separately, and immediately send a signal to contact when we find it.”

“Anyway, in any case, we must find this person.”

“This Bian’s vision is bound to be inextricably linked to this person!” The

Juggernaut’s face was cold, but his awe-inspiring voice contained endless killing intent.

Before they came, although the Juggernauts had expected such a huge energy explosion, the situation here would definitely not be too good.

However, after arriving at the scene, the tragic scene here made them, the titled masters, all feel stunned.

Because, an entire town, under this energy burst, was completely destroyed.

There are more than 100,000 residents in the town, and it is scorched!

For many years, Hot Summer has never experienced such a big loss.

It was the world war of that year, a battle in which more than 100,000 people were killed, and it was one of the few.

“Juggernaut is right!”

“This person must be found, so that she can pay for her life!”

“My hot summer people, how can I allow others to slaughter wantonly?” The

King of Fighters Mo Gucheng also clenched his palms, full of anger, but he did. The killing intent is rampant.

“Who?”

“Who is there?”

“Get out of here!”

However, just when the four King of Fighters were about to separate and continue searching. Mo Gucheng seemed to have sensed something. He immediately turned his head and screamed in the direction behind him. At the same time, he slammed out a punch.

The Juggernaut and others were also on the alert for an instant, and the majestic attack was on the verge.

Now they are highly guarded, and it's not an exaggeration to say that they are full of rumors and all kinds of soldiers.

Boom~

Under the fist of the King of Fighters, the earth cracked and dust was flying.

In the dust of the sky, a thin figure appeared in the sight of Ye Qingtian and the others with gentle steps.

“Huh?”

“Mark!”

“Why are you here?”

“Aren't you going...”

It was Ye Qingtian who recognized Mark first and asked in surprise.

“Damn!”

“Why do you have you

everywhere ?” “Moreover, where you appeared, there must be no good!” Tang Hao turned black when he saw Mark, and spit out angrily.

Tang Hao felt that Mark was the nightmare of their Hot Summer Martial God Temple.

He was finally invited out of Gritsberg, and now he has met again here.

“Mark, you honestly explain.”

“Does the matter here have anything to do with you?”

“The fall of 100,000 people in Yanyang Town, can you do it?”

Tang Hao and others were surprised at Mark’s arrival. At that time, Mo Gucheng directly questioned Mark whether the tragedy here was related to him.

Mo Gucheng’s words made Mark frown unconsciously: “If your brain is useless, just cut it off.”

“Denham is my hometown of Sangzi, and you are a foolish fool like you, that would make Mark think of me Anyone who kills wantonly here, do anything wrong !”
