

Chapter 3096– 3097 of A Dish Best Served Cold Novel

Chapter 3096

The king of fighters who had escaped the catastrophe was stunned in place.

His eyebrows were dull, and his legs swayed unconsciously.

For a long time, the King of Fighters did not recover.

too frightening.

For the first time in so many years, he was so close to death.

The King of Fighters never dreamed that Tang Yun, who was already at the end of the crossbow, could even burst out such a powerful attack.

Mo Gucheng had no doubt at all, if God of War had not beat him out in time.

Whether he can live or not is still unknown.

Tick~

Just when Mo Gucheng's heart was in lingering fear, a few drops were red, but they dripped slowly along his cheeks.

Mo Gucheng touched his forehead and his face was full of blood.

Only at this moment did the King of Fighters feel the burning pain on his cheeks.

He didn't completely escape the sword just now.

Sword Qi ran across his face, leaving a magnificent wound on the side of the king of fighters.

"The King of Fighters, are you okay?" At

this time, Tang Hao and the Sword Saint both hurried over and asked Mo Gucheng worriedly.

Mo Gucheng shook his head, and replied in a low voice: "I still...can't die." The

King of Fighters spoke with a vibrato. It was obvious that the sense of fear Tang Yun had brought him just now had not completely disappeared.

“Yeah.”

“It’s fine.”

“Next, don’t do it alone.”

“After all, it is the Lord of Truman, and even if he was injured, we must not underestimate it.”

“For the sake of safety, we’ll take the shot together.” The

Juggernaut said with a solemn face to the King of Fighters.

The King of Fighters nodded, this time he was no longer as arrogant and blind as before.

“Juggernaut, get away~”

However, while the King of Fighters, Swordmaster and others were still talking, Ye Qingtian’s anxious voice came from behind again.

The Sword Saint and others suddenly raised their heads, and saw the graceful woman in front of her, who had already stepped into the air.

She was holding a long sword, and she waved Fang Qiu.

Under the night, the sword light that brought up the roads was as bright as smoke and misty as clouds.

Looking from a distance, the vertical and horizontal sword aura, only if the sky is scattered with stars.

“This...this...”

“What kind of move is this?”

Looking at the sword light in the sky ahead, I felt the majestic sword power like the ocean.

This time, the Juggernaut and others were also deeply shocked.

Before the sword fell, it was the mighty power that had already shocked everyone.

Even Ye Qingtian, who is as strong as the God of War, has huge eyes.

Tang Yun is the master of the Chu Sect, and she ranks first in the heavenly rankings, which can be described as a big draw.

Not only in the summer, but the martial arts leaders of the world, it is estimated that Tang Yun's strength has been touched.

According to the information about Tang Yun held by the Wushen Temple, she is best at Binglian Jinqi, and her most powerful sword is the Zixia sword.

But in front of him, the sword technique Tang Yun displayed was unheard of and unseen by the Juggernaut and others.

Moreover, the power contained in it made the Juggernaut and others almost desperate!

“Hide~”

“Hurry up~”

Seeing that Tang Yun had already gained momentum, Zonghengjian's anger turned sharply.

Ye Qingtian couldn't help shouting in shock.

“It's too late~”

“The King of Fighters, Tang Hao, we all shot together and blocked it together!” After the

Juggernaut and others heard the warning from the God of War, it was already too late to dodge.

In an emergency, the Juggernaut, King of Fighters, and Tang Hao made a concerted effort to resist the enemy.

The God of War in the distance, too mad, rushed towards the place where the Juggernaut and others were, in order to help them block Tang Yun's attack.

However, Tang Yun's sword light was so fast that he couldn't wait for Ye Qingtian's support at all, and had already smashed into the attack of the Sword Saint and others.

Whoosh whoosh~ The

sword light is like water, and the sword gas is like the abyss.

The moment the two sides attacked and touched, a majestic energy swept out in all directions like a storm.

Under Tang Yun Zhiqiang's offensive, the attack of the three Juggernauts broke into pieces.

“What?”

“This... how is this possible?” The

King of Fighters was shocked, and Tang Hao was shocked.

The Juggernaut’s eyes widened, and his eyes were full of panic.

Chapter 3097

The three Juggernauts never dreamed that their combined strike force could not stop Tang Yun’s sword technique.

“Not good!”

“Back, fast back~” After a

brief panic, the Juggernaut saw the unabated sword light, and was shocked immediately and hurriedly shouted.

However, how fast is Tang Yun’s offensive?

Seeing the sword light flashed, the fierce sword aura had already been severely cut on the bodies of the three Juggernauts.

The cold light surging, the sword intent is vertical and horizontal.

Even the opportunity to retreat was not reserved for the Juggernauts.

Seeing that the three titles of Wushen Temple were swept by Tang Yun’s majestic sword energy in an instant.

Like a strong wind, the fallen leaves are rolled up.

The bodies of Tang Hao, King of Fighters, and Sword Saint flew up at the sound, and then fell to the ground fiercely.

Pouch ~

Sword Qi enters the body, Qi and blood roll over.

The road was red, and then slowly flowed down from the corners of the mouths of the three Juggernauts.

One sword defeats three people!

The power of the Truman Sect Master was undoubtedly revealed at this moment.

The wounded King of Fighters and the others were completely stunned, staring at the majestic woman in front of them in amazement.

“This...what kind of swordsmanship is this?”

“The offensive is... so powerful?” The

King of Fighters was really frightened.

If he was injured by Tang Yun before, it can also be attributed to negligence of the enemy.

But now, the three of them joined forces, but they still couldn't stop Tang Yun's swordsmanship.

This can only show that the gap in strength between them is too big.

“It's worthy of Tang Yun, seriously injured, but he can still fight one against three.”

“If it's his heyday, how strong should he be?”

Tang Hao got up from the ground, wiping the blood from the corners of his mouth while whispering. With emotion.

A huge sense of powerlessness was born in his heart at this time.

However, just when the three of them were shocked, a cold voice, like the singing of death, quietly sounded in the void in the night.

“Heaven and earth hate how much mercilessly, the lonely cry in the night will not last long!”

“Yunyan Jian Jue, the second sword, Bing Xin!”

Whoosh ~ the

sword is like a rainbow, cold and cold.

At the moment Tang Yun took out the sword, Juggernaut and others only felt that the world in front of them had disappeared.

The sun, the moon and the stars were all overshadowed by it.

In the eyes of Tang Hao and the three of them, only Tang Yun's sharp sword aura was left.

I don't know why, when they saw Tang Yun's sword, the three Juggernauts felt that their throats were severely choked by the god of death.

Yes, under Tang Yun's sword, they actually felt the threat of death.

It is conceivable that this sword of Tang Yun is so powerful?

An unprecedented fear, like a tide, swept out from the depths of the hearts of the three Juggernauts.

Is this the majesty of the Truman powerhouse?

Is this the strength of the top ranking list?

Before that, the Juggernauts had never imagined that there was such a big gap between themselves and the world's top martial arts experts.

Could it be that their three pillar nations are really going to fall under Tang Yunjian?

Tang Hao and others were almost desperate.

They also wanted to avoid it, but the Juggernaut knew very well that with their speed, it was simply not faster than Tang Yun's sword power.

What's more, they had just been hit hard by Tang Yun, and they were already in an embarrassing stage when their old power had just exhausted and new power had not yet come into being. Under such circumstances, they had no room to fight back in the face of Tang Yun's fierce storm's powerful offensive.

Can only watch in horror, Tang Yun's sword aura suddenly cut out.

"Tang Yun, dare you!"

The God of War in the distance had naturally noticed the crisis of Juggernaut and others.

While yelling, he rushed to rescue the emergency frantically.

At the same time, Ye Qingtian also showed his power.

Repeated attacks were like a river rushing, smashing in the direction of Tang Yun.

What he did was to do his best to weaken Tang Yun's sword energy attack.
