

## Campus Master Chapter 3101

When the siege formed at both ends, the fierce fight between the two sides was no longer in doubt.

Although only a few of Ji YuYing's bodyguards had brought weapons when they came, and Ji Feng and the others had come empty-handed, just the weapons taken from those who had ambushed them were enough for Ji Feng and the others.

Yao Zhijian was a bit sorry that the other side did not have a sniper, and that these people did not even have one with a sniper rifle. Although with his marksmanship, even a rifle in his hands would be able to exert great power, but for him it was still the sniper rifle that he used smoothly.

If those who were pressed into service knew what Yao Zhijian was thinking, I'm afraid they would be so angry they would vomit blood.

Not to mention Ji Feng and the others' unbelievably accurate marksmanship, just Yao Zhijian's point-blank shots from the trees had taken out at least seven or eight people, not including those killed in the melee.

After only a few moments, there were only a few dozens of people left on the other side, and the few remaining guys were so scared that they were lying on the ground with their hands on their heads, not daring to make the slightest movement.

Especially in the face of the black muzzle of the gun, they dared not make the slightest movement.

"Young Ji, what should we do with these people?" Bai Zhu asked.

"Scrap them all and tie them up!" Ji Feng said in a deep voice, these people were just small minions, the mastermind behind the curtain had obviously not shown himself, Ji Feng had not put them in his eyes yet.

Liu Zejun, who had been lurking in the shadows, walked out quickly and said in a low voice, "Boss, should we interrogate them?"

Ji Feng casually lifted a man and said, "Leave this one to me, you interrogate the others!"

A grim look appeared on Liu Zejun's face, "Good!"

It was conceivable that these people would definitely not be too comfortable when they fell into Liu Zejun's hands.

"Ji Feng, can you give me two people?" Ji YuYi suddenly said. The fact that Ji Feng and the others had been attacked on Treasure Island and that she had provided the information had made her extremely annoyed, and looking at these people's stance it was clear that they wanted to do away with her together.

Whether it was the attack on Ji Feng or the fact that she herself was in danger, it made Ji YuYi furious and she was determined to find out who was behind it!

"Will two people be enough?" Ji Feng agreed with alacrity.

“It’s enough, thanks.” Ji YuYi said immediately, but in her heart she was relieved, it seemed that Ji Feng had not guarded her because of this matter and still treated her as a friend!

Ji Feng was about to carry the man to the side when a sudden feeling of extreme heart palpitations enveloped him, he shouted lowly, “Be careful, all of you lie down!”

As he spoke he threw the guy in his hand to the side, and then pushed both Bai Zhu and Ji Yuhui beside him to the ground, and hurriedly lay down himself.

“Swoosh!”

The next moment, a bright light was seen flashing abruptly, and with a loud boom, a violent explosion exploded not far away.

The violent explosion brought up a roll of smoke, causing the earth to shake, and Ji Feng and the others, who were not far from the centre of the explosion, were even hit by a small impact. However, Ji Feng’s timely warning saved the lives of the majority of people!

“Boom!”

“Boom boom!”

However, as the first explosion started, the violent explosions surprisingly followed one after another, and the explosions were all located not far from Ji Feng and the others.

“Young Ji!” Bai Zhu shouted, “It’s an artillery shell!”

“Hold your breath and don’t speak!” Ji Feng shouted, although they were not hit, the rolling smoke brought up by the explosion still greatly affected their vision and brought about a great crisis, but what was even worse was that the explosion caused the surrounding trees to burn up, the area was instantly like a volcanic eruption, terrifying.

However, whether it was dust or smoke, it didn’t affect Ji Feng’s sight very much, he stood up violently, grabbed Bai Zhu’s hand and shouted, “Grab your nearest person and come with me!”

Bai Zhu had unconditional trust in Ji Feng, and although she knew that if she stood up now she might be killed by that huge explosion, she still followed Ji Feng without a second thought, while her hand grabbed backwards, just in time to grab Ji YuYi’s hand.

Ji Feng led them and ran as fast as he could in the direction of the bamboo house. In fact, Ji Feng had long seen that the bamboo house had been blown to pieces in the explosion, but at the moment it was undoubtedly the safest place.

According to the probability, the chances of two shells landing in the same crater were pitifully small.

Based on the sound and direction of that explosion, it was obvious that the person who fired the shells was not 100% sure of their location, which followed Ji Feng’s chance of escaping.

Even if Ji Feng did not escape, he believed that he could definitely avoid the shell with his superior perception, but the power of the shell was too great, just now he felt his internal organs shake a little

and the earth tremble when he was just affected by the wave, so you can imagine how powerful the shell was.

So Ji Feng had to escape!

But before that, Ji Feng had to get Liu Ze-jun and Yang Bin out. The terrifying and horrifying power of modern weapons was almost outrageous, and even the most brilliant moves and strong physiques were weak under the artillery bombardment, and Liu Ze-jun, who was good at sneaking and sneaking, and Yang Bin, who was strong, were also no exception.

At this moment, Ji Feng was incomparably glad that he actually had the ability to see through the eyes, and he could still see Liu Zejun and Yang Bin who were lying on the ground in this place where the smoke and dust were rolling around.

Moreover, Ji Feng also had superb perception!

With his keen sense of danger, Ji Feng rushed hard to Liu Zejun with Bai Zhu and Ji YuYing and brought him up as well.

“Be careful, lie down!”

Ji Feng was about to lead them towards Yang Bin when he suddenly shouted, and when several people went prone, a violent explosion exploded a few dozen metres away with a boom.

A few dozen metres away, the huge shockwave still lifted Ji Feng over, and he was so blinded by the impact that he almost passed out. Liu Zejun was even like a ball being kicked away from him, rolling violently on the ground a few times and spitting out a mouthful of blood.

Bai Zhu and Ji YuYing were not much better, except that they were behind Ji Feng and did not receive as much of a shock.

“F\*ck!”

Ji Feng cursed angrily and shook his head violently to keep himself awake, he pulled Bai Zhu and Ji Yuhui and ran to Liu Zejun, put him on his shoulders and carried him towards Yang Bin, after taking Yang Bin with him, he ran frantically in the direction of the bamboo house.

As for Yao Zhijian, Ji Feng wasn't worried about him because Yao was farther away and he was in a tree, so he had exactly enough time to escape.

“Jump into the river and swim to the other side!” Ji Feng shouted and led several people to jump into the river violently and swim towards the other side of the river. But at this moment, Ji Feng did not dare to relax in the slightest, the other party's preparation was too fine and the means used were too strong, to the extent that even the artillery was used.

If it were him, since he had even used artillery, there was no way he would not have set up an ambush on the other side of the river.

Now he had no weapons on him, and even if he swam to the other side of the river, it was still uncertain whether he would survive.

The river was not very wide, but swimming for a long time in the water was an extremely physically demanding task, but fortunately this was nothing for Ji Feng and the others, even if Ji Feng had to carry Liu Zejun with him, he did not feel the effort.

Behind them, booming explosions came from time to time, and when Ji Feng was about to swim across the river, he looked back with a murderous look in his eyes.

Soon they reached the river, but did not dare to rush onto the shore, because at this time gunshots came from the shore.

“Ta-da-da~”

“Boom! Bang bang!”

At Ji Feng’s signal, Bai Zhu and the others held their breath and dived underwater, but Ji Feng was the only one who quietly poked his head out and carefully probed.

When Ji Feng saw a green jacket hitched to a tree by the river, he couldn’t help but smile.

Yao Zhijian!

This jacket belonged to Yao Zhijian, so the gunshots in the woods should also be Yao Zhijian in a fierce battle with someone.

Ji Feng immediately led Bai Zhu and the others to the shore, and before they could go much further, they saw a man jumping down from the tree, and it was none other than Yao Zhijian.

“Boss, you were right, they really did ambush people over here, but I’ve already cleared them out!” Yao Zhijian grinned when he saw Ji Feng and the others one by one. Of course, none of Ji YuYi’s bodyguards were following, but Yao Zhijian wouldn’t care, all he cared about was the safety of Ji Feng and the others.

Ji Feng nodded his head and said, “Well done!”

Yao Zhijian spread his hands, “However, there’s also bad news, we’re going to pick up weapons and we don’t know if there’s an ambush ahead.”

“We can definitely walk out!” Ji Feng said in a deep voice, his voice full of determination.

The early arrival of Yao Zhijian made it a lot easier for Ji Feng and the others, otherwise it would definitely take a lot of effort for them to clear out the ambush on the shore without weapons.

For Yao Zhijian’s move to cross the river alone first, Ji Feng was not half uncomfortable, but rather appreciative. Only a mature-minded person with combat experience would understand that this was the right choice in that dangerous situation earlier.

If Yao Zhijian had rushed in to save them, he might have gotten himself killed as well, but by choosing to cross the river, he could at least save himself.

“Boss, what do we do next?” Yao Zhijian asked as he came to the men who had been killed and picked up their weapons.

“Go back!”

Ji Feng said, “Kill back, I want to see if those people with the cannon can fight in close quarters and if they can bayonet the cannon!”

Instead of being nervous, Yao Zhijian was very excited: “Good!”

Ji Feng just looked at Bai Zhu, she immediately understood what Ji Feng wanted to say to him and quickly said, “Young Ji, I’ll follow you!”

“Alright!”

Ji Feng nodded and looked at Ji YuYi, “YuYi, it won’t be appropriate for you to participate in the next operation, I’m asking you one thing, help me take care of Old Liu, you guys find a place to hide first, when I’m done on my side, I’ll come back to you.”

### **Campus Master Chapter 3102**

“Everyone else, follow me!”

Ji Feng said with a cold face as he fiercely pulled up the bolt of his gun.

First, he fell into a trap and was ambushed, and then he was suddenly subjected to a fierce artillery attack, the earth-shattering artillery almost killed him, if only one shell landed closer to him, he would definitely be blown up!

Those who ambushed him managed to stir up Ji Feng’s anger.

Although he was not very proficient in modern weapons, just from the shelling he had just seen Ji Feng could be sure that the artillery fired just now was definitely not something that could be made in a cottage workshop, it was definitely a regular army field artillery, and although he didn’t know exactly which model of artillery it was, its power was enough to show that it was definitely quite advanced!

Therefore, Ji Feng guessed that I was afraid that the Treasure Island military was involved, and even that the people who ambushed him this time were probably from the Treasure Island military!

This made Ji Feng extraordinarily annoyed, he had been extraordinarily restrained in Treasure Island, but every time he came he was treated specially, either being chased or being bombarded with artillery!

Since that was the case, Ji Feng wouldn’t restrain himself any longer!

Leading Yang Bin and the others around a distance and then crossing the river to this side of the bank, Ji Feng looked extraordinarily cold: “It’s enough that we only need one or two alive, if the others dare to resist, they will all be killed!”

Yao Zhijian walked in the forefront, as the person who knew the most about modern weapons among the group, his task now was to determine the location of the artillery.

“Our target, is the Big Gong Mountain ahead!”

Yao Zhijian said, "Artillery firing needs to be calibrated for direction, and being on high ground is the best option. I observed at the beginning of the artillery barrage that the artillery should be on Da Gong Hill in front of us!"

"Go!"

Ji Feng's words were simple, but just one word represented his determination.

Although there was no Ji YuYi to lead the way, it did not affect them much, perhaps in some subtle areas Ji YuYi knew more than them, but when it came to the general location, Ji Feng and the others had specifically looked at the satellite map of Treasure Island to understand it before they came.

Other than that their current location was already considered to be at the foot range of the Big Gong Mountain, and the river next to it flowed from the side of the mountain, so it only took them about twenty minutes to reach the mountainside of the mountain and they had already roughly determined the location of their target.

On the road up the mountain, they found the wheel tracks of a military armoured vehicle!

Moreover, along the way, Ji Feng also saw the guard post hidden in the jungle responsible for the vigilance, only he did not alert the post, but quietly went around.

At the same time, just on this side of the mountainside where Ji Feng and his men were walking, several army-green armed vehicles were parked on a flat piece of ground, among which there was a truck and two armoured vehicles, while behind the two armoured vehicles, there were two artillery pieces hanging.

"Old Li, is that OK? A dozen shells are enough to flatten all that wood." The man who spoke was an officer of about thirty years old.

"It's not enough!"

Another slightly older officer was shaking his head, a sinister look flashed in his eyes, "This time the target is extremely dangerous, several large-scale sniping operations have been organised from above, but in the end, instead of hurting him by half a hair, there were heavy losses, this time the top gave a deadly order that he must be buried here!"

"If we keep on fighting, we'll use too many shells, it won't be easy to give an account back!"

"Just report more losses, the top will definitely set things right." The slightly older officer waved his hand, "Keep bombing until the shells run out!"

"Yes!"

With this officer's order, the shelling began again, and the rumbling, earth-shattering explosions resounded once more in the direction of the bamboo house, bringing a tremendous tremor.

This scene fell unreservedly in the eyes of Ji Feng who was concealed in the canopy of the tree. Because he was far away, he did not hear what these soldiers were saying, but the actions of these soldiers were enough to explain everything.

Ji Feng quietly descended from the tree, returned to the spot where Yang Bin and the others were waiting, and said in a deep voice, "Split up, take out all the nearby guard posts and feel up!"

"Boss, you'll be the sniper this time!" Yao Zhijian said. He knew that although his marksmanship was good, it was somewhat different from Ji Feng's, and now since it was a surprise attack, having a strong sniper as a back-up was the best arrangement.

"I'll be the sniper, Xiao Yao, there's a machine gun up there, I'll cover you, you have to grab it as soon as possible!" Ji Feng said.

Yao Zhijian immediately understood Ji Feng's plan and quietly rushed out carrying his rifle.

Bai Zhu was just about to leave when Ji Feng called him back, "Bai Zhu, you ....."

"Young Ji, I want to join the action!"

Bai Zhu knew that now Ji Feng was just short of people, only relying on Yang Bin and Yao Zhijian to try to deal with those soldiers, the power is too thin, she joined in will be one more point of certainty.

Ji Feng shook his head, "You go and clear the guard post!"

Bai Zhu wanted to say something else, but Ji Feng didn't give her a chance to speak: "It's settled!"

Bai Zhu had to nod her head in agreement, but in her heart she felt very warm. Although going to clear the guard post was also taking part in the action, it was a bit safer than sneaking near those soldiers to launch a surprise attack.

Watching Bai Zhu leave, Ji Feng leaned forward as far as he could, climbed up a big tree with a strong body, found a suitable position and pulled the bolt of his gun.

If it was ordinary people against these well-trained soldiers, even if they were twice as many as they were, they might not be able to make much of a difference, but unfortunately for them, it was Yao Zhijian and Yang Bin they were up against.

These soldiers, who lacked war experience, were no different from the two of them.

On Island No. 1, Yao Zhijian and the others had never stopped training, and the gymnastics had given them a qualitative leap in both their physical strength and physique.

Those soldiers would never have dreamed that their nearby guard post would be easily taken out, and they had not even noticed until Yao Zhijian and Yang Bin had reached them.

Yao Zhijian and Yang Bin's actions were seen by Ji Feng, and when the guard post was touched off, the only people left on the scene were the two officers at the gun's heels, as well as the few soldiers responsible for firing the gun, and the three men in charge of the guard.

At this time, there was actually no longer much need to grab the machine gun, Ji Feng believed that with Yao Zhijian and Yang Bin's strength, it would only take a surprise attack to finish these men off, but it was too late to inform Yao Zhijian again, jumping into the river earlier had damaged their communication devices and they now had no means of communication with each other.

However, Ji Feng's worries quickly disappeared with Yao Zhijian's actions.

Because Yao Zhijian and Yang Bin launched a surprise attack after making sure there was no threat around them. The three soldiers in charge of the guard were all taken out by Yang Bin in less than a breath, and at that moment, Yao Zhijian, too, pulled the trigger, and the clatter of gunshots rang out, and those soldiers in charge of firing the gun were beaten to a bloody pulp!

Many gun battle films and dramas show shots of people getting shot, but those images are completely fooling the audience as if they were retards, only when you see it with your own eyes will you know how powerful modern firearms really are.

The bullets in a rifle, after being shot, would spin and fly forward at an alarming speed, and such an extremely fast spinning speed would instantly crush a person's internal organs once they hit a soft part of the body, such as the stomach, and some rifles of great power could even make bowl-sized bloody holes in a person's body!

At this moment, the rifle in Yao Zhijian's hand was a kind of high-powered military rifle, much more powerful than ordinary rifles, so when the bullets hit those soldiers, it was a complete scene of blood and flesh flying around.

If Yao Zhijian had used a pistol, perhaps these soldiers would still have had some room to resist, but the bullets from the high-powered rifles were definitely a death charm from hell.

After just a few breaths, the soldiers responsible for firing the rifles were all killed, and the two officers in the lead didn't even have time to react before they saw the black holes in the hands of Yao Zhijian and Yang Bin.

The two men's faces turned white as they slowly raised their hands.

"Boom!"

Yao Zhijian unceremoniously smashed the butt of one of the guys so hard that the officer screamed miserably and a pistol fell from his body.

Yang Bin instantly said in a cold voice, "Doggone thing, you want to die, don't you?"

The officer's face turned white from the butt of Yao Zhijian's rifle, and his waist bowed like a shrimp, barely able to breathe. Seeing this, the other officer no longer dared to make the slightest move.

When these two were brought to Ji Feng, Ji Feng's gaze swept over the two of them and asked, "Who told you to come?"

Both of them kept their mouths closed and did not say a word.

Ji Feng nodded and suddenly raised his gun and aimed it at the smashed officer, pulling the trigger, "Boom!"

The officer was directly killed, blood burst out and fell heavily to the ground with his head tilted back.

Ji Feng's cold eyes looked at the only remaining officer, "Transformer? Do you want to try whether the bullets from this rifle can pierce your brain?"

The officer's face changed and he was just about to struggle when Ji Feng hit him on the neck, directly knocking him unconscious.

"Take him and go back!"

Ji Feng lifted this officer up, and the murderous spirit in his eyes flourished.

Reformer!

He hadn't thought that this officer was a reformer, which meant that they were from the dynasty.

However, from the way these people walked, as well as the way they dressed and the weapons they used, Ji Feng could confirm with 100% certainty that these people were definitely not military enthusiasts or mercenaries, they were Treasure Island soldiers!

This information went through Ji Feng's mind quickly, and a murderous spirit rose up in his heart.

Chuk Yuen Gang, Po Island Military Party, dynasty .....

When Ji Feng came back with the reformed officer, Ji YuYi's face couldn't help but reveal a shocked look, of course she recognized that it was a BaoDao military uniform, and that this man was also an officer, but now, it was captured by Ji Feng!

### **Campus Master Chapter 3103**

Ji Lihai sat on the wooden sofa, a civilized stick in his hand, and stared at Chen Wan with a sullen face.

"Are you going to give me an explanation?"

Looking at the woman in front of him, a hint of anger flashed in Ji Lihai's eyes, "What did you say before? What should you say about what you are doing now?"

At this moment, Chen Wan was not the same as she used to be in front of Ji Lihai, she was dressed in a casual manner, but she was more indifferent at the moment.

Ji Lihai said in a deep voice, "I'm warning you again, if anything happens to YuYi, I won't let you off!"

The woman in front of him was extremely unfamiliar to Ji Lihai, even though he had already sensed it before, the coldness Chen Wan was showing at the moment still made a chill rise in his heart.

But what made Ji Lihai even more furious was that this woman had actually made a move against Ji Yuethai!

"Master, have you misunderstood?" Chen Wan said, "This time the target is not YuYi, you don't need to worry ....."

"But YuYi is with Ji Feng, if you lay your hands on Ji Feng, that's the same as laying hands on YuYi!" Ji Lihai said angrily, "You're so out of my mind, I really regret that I was blind ....."

"Alright!"

Chen Wan suddenly raised her voice to interrupt Ji Lihai's words, she frowned slightly and her face went cold, "Master, there is no need to say some words, it hurts your feelings!"

Ji Lihai sneered, "Hurt feelings? You still have the nerve to mention the word feelings to me?"

Chen Wan looked at him and nodded, "Alright. Since we've come to this point, I'll be straight with you. This time, the operation is arranged from above, and no one can stop it, including you. Anyone who dares to stop it will only die! Ji Feng, must die!"

Ji Lihai's face changed violently, "Arranged from above? Which above? Chen Wan, who the hell are you?!"

Chen Wan smiled noncommittally, "Master, why do you need to ask this question knowingly? In fact, didn't you already know who I was? Otherwise, who would those secret arrangements of yours have been aimed at?"

Ji Lihai stared at her, and after a moment, his expression calmed down, "So you already knew!"

"That's right!"

Chen Wan nodded, "Just as you know about me, I likewise know about you. From a long time ago you have been secretly investigating me and have made arrangements, I know all of this. Master, I actually had countless chances to make you disappear from this world, but I didn't do so, just because I didn't want to tear my face off, so now we can talk calmly and peacefully, and you don't need to get angry!"

Ji Lihai laughed coldly in his heart, where this woman did not want to tear her face, "Since you can kill me at any time, why didn't you do it?"

"Because I need you alive, your identity will be of great help to me!" Chen Wan said matter-of-factly, "The leading boss of the Chuk Yuen Gang is better than any identity. As your wife, I get more convenience than I can imagine!"

"In that case, you should also thank me!" Ji Lihai sneered.

"That's right!" Chen Wan nodded.

"Then why did you go after Yu Ying?" The civilised stick in Ji Lihai's hand banged heavily on the carpet.

Chen Wan said, "Master, I have just explained ....."

Ji Lihai waved his hand, "Don't talk to me about these useless things, now I have one request, make sure that YuYing is safe and sound, the death of others is none of my business, but I will definitely not allow my daughter to be harmed in the slightest! Now, you go and bring my daughter here immediately!"

"That's not possible!"

Chen Wan shook her head and said, "Even if I wanted to promise you, it's already too late."

She lifted her hand to check the time and said, "You also received the news just now, right? The shelling has already started, and if Yu Ying hadn't followed too closely, she would have been fine, but ....."

"If anything happens to YuYing, I'll have you buried with me!" Ji Lihai interrupted her coldly.

Chen Wan shook her head, "Why bother saying such meaningless words now!"

Ji Lihai was so angry that he wanted to tear this woman apart, but he understood that if he did, the bodyguards standing outside the door would definitely beat him into a hornet's nest before he could do anything. Those bodyguards had somehow all become Chen Wan's men!

He stood up violently, the civilized stick in his hand slammed to the ground, "Chen Wan, I am going to find Jade Youth now, if anything happens to her, you will definitely be buried with her!"

Chen Wan shook her head, "Master, I advise you to stay here and be your leader of the Chuk Yuen Gang in peace."

Ji Lihai said, "What if I have to go out!?"

Chen Wan said, "Then you may have to suffer a little."

Ji Lihai said, "Since I entered the Chuk Yuen Gang at the age of seventeen, what kind of sins have I not suffered? I'll walk out now, you can kill me by all means!"

Chen Wan's eyes narrowed for a moment, "Master, why are you doing this?"

Ji Lihai did not speak again, but turned around and walked towards the door. However, just as he reached the door, the bodyguards outside the door all surrounded him with a whoop and holler, blocking his way.

"Ji Lihai, don't ask for trouble!" Chen Wan's voice also went cold.

"You're all very nice!"

Ji Lihai ignored Chen Wan and instead looked at those bodyguards who were blocking his way, "After following me for so many years, you all ended up defecting to someone else! It's true that I, an old man, can't do anything to you all, but if you insist on standing in the way, then I'll have to drag you all along with me to bury you."

None of those bodyguards moved, but a hint of a different colour appeared on some of their faces.

Ji Lihai had been in charge of the Chuk Yuen Gang for so many years, not only did he rely on his prestige, but he was also no less ruthless, and his ruthlessness was definitely not comparable to ordinary people.

Chen Wan said, "How do you plan to pull us down with you?"

Ji Lihai said, "If you don't believe me, you can try!"

Chen Wan stared at him for a moment, but finally did not dare to bet on it, but said, "Ji Lihai, even if you go now, it is already too late, besides, you definitely cannot walk out of this manor, even if I do not kill you, if you try to break out hard, the top will definitely kill you!"

Ji Lihai was just about to speak when Chen Wan said; "I admit, I don't know anything about your backhand, and I don't dare to bet on it, but it's not the same for the people outside ..... you can't go out of this manor, that's the deadly order I received! According to our habit, I will definitely not be the only one carrying out the mission, you should be clear about the consequences, when the time comes you will not only fail to save your daughter, even you yourself will have to take part in it."

Ji Lihai turned around abruptly, "What kind of organisation do you belong to?"

Chen Wan looked at him and slowly spat out two words, "Dynasty!"

A brilliant light flashed in Ji Lihai's eyes, "You're really from the dynasty!"

Chen Wan could tell from his words that Ji Lihai had suspected that she was a member of the dynasty for a long time, but she was not surprised because she knew that Ji Lihai had already been investigating her secretly. With Ji Lihai's energy, it was unlikely that he would be able to find out her exact identity, but it should not be difficult to deduce from the traces that she was from the dynasty.

"If you know about Dynasty, then you should know our style of operation." Chen Wan said.

Ji Lihai understood that what she meant by this was that the Dynasty was particularly ruthless towards its own people, let alone treating outsiders. He couldn't help but look at Chen Wan's chest, he couldn't help but feel a chill rise in his heart when he heard that all of Dynasty's people seemed to have some kind of bomb inside their bodies.

Seeing Ji Lihai's movement, Chen Wan immediately guessed what was in his mind, "You don't need to look, there are no biological bombs inside my body."

Ji Lihai stared at her and asked in a deep voice, "What exactly is your plan in approaching me? If you are scheming for the Chuk Yuen Gang, your organisation is much more powerful than the Chuk Yuen Gang, there is no need for you to make such a big sacrifice!"

Chen Wan said, "I am just carrying out my mission, what exactly do I want, you have to ask the top."

Ji Lihai said, "Call the top person in charge of your organisation on Treasure Island, I want to talk to him."

Chen Wan said, "That's impossible, the top person in charge of a region doesn't show his face easily, and I don't know his identity ....."

"Then there's nothing to talk about." Kiritsukai said.

"After all is said and done it comes back around to the original point!" Chen Wan shook her head and smiled.

Ji Lihai said, "At least, I know a little more information and have confirmed your identity. Chen Wan, I really never expected ....."

What he did not expect, he did not say further, but Chen Wan understood in his heart.

However, Chen Wan was a bit strange, Ji Lihai was so determined to move out, but now he was talking to her tit-for-tat instead, what was his strategy? Or was he not prepared to fight to the death to save his daughter?

"Ji Lihai, do you have any other arrangements?" Chen Wan suddenly asked.

"What do you think?" Ji Lihai sneered.

Chen Wan's brows knitted as she looked at Ji Lihai with suspicion, she suddenly realised that her control over Ji Lihai seemed too weak, she had surprisingly limited knowledge of some of Ji Lihai's arrangements in the dark!

However, as long as she had Ji Lihai under her control, that would be enough. Although the orders from above were for her to hollow out Ji Lihai as much as possible, and preferably take control of the Chuk Yuen Gang, but this time it was a deadly order to deal with Ji Feng, and if the two missions conflicted, she only needed to complete the mission of killing Ji Feng.

And in the mission to kill Ji Feng, her task was to take control of Ji Lihai and put out false news, which she had now all succeeded in doing.

Thinking of this, Chen Wan couldn't help but feel a little more relieved, and was just about to speak when she was interrupted by Ji Lihai.

"Chen Wan, I'll give you another half an hour, if there's no news from my daughter by then, your time to die will come!" Ji Lihai said.

Chen Wan couldn't help but laugh at this, wanting to refute, but seeing Ji Lihai's calm and steady demeanour, she unexpectedly didn't know how to refute.

This Ji Lihai, how many backhanders had he left behind? Was his anger just now real or not?

Chen Wan suddenly thought of a word – lord!

#### **Campus Master Chapter 3104**

Looking at Ji Lihai's calm and steady appearance, Chen Wan couldn't help but be a little shaken. Ji Lihai was so calm that he was a far cry from his anger just now, and Chen Wan could not help but wonder what kind of backhandedness Ji Lihai had arranged.

"Ji Lihai, what exactly do you have arranged?" Chen Wan couldn't help but ask.

"Don't you know every single move I make?" Ji Lihai said, "Over the years, you have planted many spies in the Chuk Yuen Gang, do you not know what moves I have made?"

Chen Wan was speechless.

Over the years, she had indeed planted a lot of spies in the Chuk Yuen Gang through the convenience of being by Ji Lihai's side, and had even brought in many of the bigwigs of the Gang.

Ji Lihai simply went back to the sofa and sat down, closing his eyes and taking a rest.

Chen Wan stared at him for a moment and was somewhat demoralised. She realised that Ji Lihai's anger just now seemed to be a test of her, and that Ji Lihai had obviously gotten the result he wanted.

It's not scary to be wrong, but it's scary to have absolutely no idea what you're wrong about.

.....

"Boss, there's a situation up ahead."

With Yao Zhijian's report, Ji Feng and the others came to follow, more or less stunned.

In a wooded area not very far from the bamboo house, there was a mess of tree branches piled up on the ground, the middle of which had been peeled open by Yao Zhijian, revealing a corpse inside.

These corpses were all wearing military uniforms, the same as those soldiers they had just taken out on Big Gong Mountain, and it was obvious that they were all in the same gang.

“These people were obviously all taken out not long ago, there are still dragging marks around here, it seems that someone took these people out before us.” Liu Zejun looked and said in a deep voice.

“That makes sense!”

Ji Feng nodded slightly, when he interrogated the officer just now, he learned that this time the other side had sent out quite a few people, but it was a bit too easy to be taken out by them with such a small number of people on the Grand Duke Mountain.

Only now did he learn that some of them had actually died here.

Ji Feng understood that these soldiers should be the ones the other side had arranged to go across the river, they had set up two ambush circles, one made up of those gunmen and the back one made up of these soldiers, at that time Yao Zhijian took the lead in crossing the river and cleared out those gunmen first, not expecting that someone had cleared out the outside one ambush circle as well.

“Who could have done this?” Ji Yuet Yin was shocked and uncertain, could there still be enemies nearby?

“Goooo~gooooo~”

At this moment, Yao Zhijian had already gone further ahead to be on guard when a few mock bird calls suddenly came from the direction he was.

Ji Feng immediately waved his hand, “A situation has been spotted up ahead, be careful to stand guard!”

Soon, Yao Zhijian came back and said in a low voice, “Boss, there is a group of people in front of us, at least a few dozen, and they are all armed and heading in the direction of Da Gong Mountain.”

Ji Feng pondered slightly and immediately said, “Follow them!”

Now not knowing the situation outside, Ji Feng would not go out easily, and followed these people to see what kind of people they were, if they were here to help them, then naturally it would be best, but if they were enemies, or if this group of dynasty people were fighting in a nest, then Ji Feng would definitely not be soft.

The area of the jungle at the foot of the Grand Duke Mountain was not small, and they followed them for more than half an hour and returned to the Grand Duke Mountain. At this time, those people in front of them also saw the soldiers who had been killed, and there were even two cannons as well as armored vehicles parked there.

Those people in front didn't seem to expect to see such a result, and Yao Zhijian even heard a few shouts of surprise, and then, they saw those people searching the mountain.

“Wait!”

Ji YuYing, who was far behind, suddenly stopped and her gaze fell on the body of a tree, “They're from the Chuk Yuen Gang!”

Ji Feng asked, "How do you know?"

Ji Yuhui pointed at the big tree, "This is the mark of the Chuk Yuen Gang."

Ji Feng looked in the direction of her finger and found that there was indeed a mark on that tree trunk, which looked like it was carved with a sharp object like a knife.

"They shouldn't be enemies."

Ji YuYi's expression relaxed a lot, "Ji Feng, this kind of mark is not the mark used by ordinary members of the gang, but it is only used when you want to make emergency contacts, it is only used internally, they should have come to find me."

Ji Feng frowned, "Can you be sure?"

Ji YuYi wanted to say she was sure, but when she thought that that bitch Chen Wan had so many eyes and eyes in the gang and her power was not small, she was not so sure.

Ji Feng said, "Yang Bin, go grab a live one and ask him back."

This matter was a complete piece of cake for Yang Bin, handy. He only went for less than ten minutes and ran back with a man in his arms. The guy who was caught had already been knocked out by Yang Bin, but Yang Bin casually threw him to the ground and kicked him on his body, and immediately woke up in pain again.

"Missy?"

The man was startled as soon as he woke up and saw his surroundings, before he could say anything he ended up seeing Ji Yuhui, a look of surprise immediately appeared on his face, "Eldest Miss it's great that you're alright, we've been looking for you, we didn't expect you to be here!"

Ji Yueting asked; "Are you here to see me?"

The man immediately nodded and said, "Yes, the Dragon Head sent us here, he knew that someone might turn against Missy today, so he asked us to follow behind to protect Missy, and not to let anyone find out, and to take out the bandits if we had the chance, but we didn't expect the other side's firepower to be too strong, by the time we heard the gunshots and reacted, Missy, you were already surrounded and it was difficult for us to rush in, so we fought for help on the periphery, hoping to ease the pressure on you guys ....."

Hearing his explanation, Ji Yuhui immediately asked, "I saw some corpses covered under the tree branches earlier, were you all the ones who did that?"

"That's right."

The man nodded and said, "Miss, Hall Master Chen is just ahead, you can find out once you ask him to come over, if you still don't believe me, just contact the Dragon Head directly, you will understand then."

Ji Yueting reached out, "Bring me your mobile phone!"

Taking the phone from the man's hand, Ji YuYi was about to call Ji Lihai, but was stopped by Ji Feng, "YuYi, wait a minute, don't call for now, you can just ask them to come over directly."

Ji YuYi was stunned and immediately understood that Ji Feng was afraid that he was wary of her father, she was slightly gloomy but nodded and did as she was told.

The guy who had been arrested immediately called his mouthpiece, Hall Master Chen, but according to Ji Feng's request, they had to come in groups, and at the same time, they could not bring weapons when they arrived at the heel.

Hall Master Chen and the others did as they were told.

"Hall Master Chen, my friend is injured, so help me out." Ji Yuhui spoke up at Ji Feng's hint.

Hall Master Chen, named Chen Xue Dong, a robust man in his thirties, followed Ji Yuhui's gaze and saw Liu Zejun, who was a little pale, and immediately nodded his head in agreement, about to ask someone to go forward and help Liu Zejun. But before he could say anything, Liu Zejun was directly putting one hand on his shoulder.

"Hall Master Chen, I'll trouble you." Liu Zejun smiled weakly.

Chen Xue Dong froze, then nodded and smiled, "It's alright, if you are Missy's friends, then you are my Chen's friends, as it should be."

In his heart, he was a bit unhappy, Liu Zejun's move was not asking him to support him, it was clearly to hold him as a hostage, they were unsure of themselves!

Originally, this was nothing, Chen Xue Dong could also understand their approach, but, let a wounded and pale person to his side, this is clearly to look down on him!

Just such a frail guy who could blow down with a single breath, could he be held back too?

Liu Zejun saw the displeasure and muddled disinterest that flashed through Chen Xuejun's eyes, and just smiled in his heart, not saying anything.

Chen Xuedong and the others had come by car, but now that there were more people like Ji Feng, the vehicle naturally could not fit, so they left a few people from the Bamboo Gang behind to find other ways to go back, while Ji Feng and the others, together with Chen Xuedong, returned by car.

On the way back, Ji Yuhui called Ji Lihai's phone number, but there was no answer all the time, which made Ji Yuhui's heart keep sinking.

"Could it be, what happened today, was really arranged by him?" Ji Yuhui bit her lips, "Ji Feng, if ....."

"If what?" Ji Feng turned his head to look at Ji Yuhui and asked.

"Nothing."

Ji YuYi shook her head and didn't say anything more.

Ji Feng's hand kept fiddling with a pistol, and his mind was quickly thinking about everything that happened today, in fact, the whole thing he probably already understood, especially after interrogating the officer, the other party's layout, and some details, he understood them all.

However, whether Ji Lihai was involved in this matter, Ji Feng was not sure, because according to that officer's explanation, Ji Lihai was also involved in this matter, only that he did not receive orders from Ji Lihai directly, but orders from his superiors.

Ji Feng had never been able to see through Ji Lihai, a man who sometimes stood tall and seemed to have no sense of style, but at other times was like a cunning old fox.

Therefore, Ji Feng could not tell whether Ji Lihai was involved in this attack or not.

The officer he interrogated was not a high ranking officer in the dynasty and might not have access to more confidential things, moreover, Ji Lihai was not that stupid.

The Ji family manor.

"Why didn't you answer the phone?" Chen Wan looked at Ji Lihai warily.

"If I had answered the phone, wouldn't you have been embarrassed?" Ji Lihai gave her a derisive look, "Just now you did go out and make a few calls, you were reporting to your superiors, right?"

### **Campus Master Chapter 3105**

"If I answered the phone, wouldn't you be in a difficult position?" Ji Lihai gave her a derisive look, "Just now you did go out and make a few calls, you were reporting to your superiors, right?"

Chen Wan stalled and gave Ji Lihai a deep look, although she remained calm on the surface, she was vaguely uneasy in her heart. Because she gradually realised that things seemed to be a bit beyond her control, even though Ji Lihai was only alone at this moment and all his bodyguards had been secretly bought off by her, she was still a bit uneasy.

Ji Lihai's calmness and composure were too perverse!

Chen Wan believed that any other person would never be so calm if they were to learn that their daughter might be in danger.

"Aren't you afraid that Ji YuYi is in danger?" Chen Wan couldn't help but ask offhandedly. But just after asking the question she regretted it, which instantly revealed the unease in her heart.

But the words had already been said, and there was no way to take them back. Chen Wan looked at Ji Lihai with forced calmness, and her mind was quickly thinking of what to say and how to react to Ji Lihai's possible reaction.

But to Chen Wan's surprise, Ji Lihai did not mock her, nor did he show a self-satisfied expression, but only shook his head slightly and said, "Is this not to your liking? In your opinion, as the leader of the Chuk Yuen Gang, I must be more thoughtful and have more concerns than the average city dweller, which, conversely, means that I am more afraid of death than the city dweller, right?"

Chen Wan was slightly stunned.

Ji Lihai laughed blandly, "This is a common human feeling. There is a Chinese saying that the older you are in the jungle, the less courageous you are. There is also a saying that a newborn calf is not afraid of a tiger. A person like me, who has a huge fortune, who has the status and position of a well-bred man, should be more afraid of death, even when he knows that his daughter might be in danger, he will definitely not be as reckless as an ordinary city dweller who goes out of his mind to fight for his life ....."

Speaking here, he looked at Chen Wan, "Isn't that exactly what you and your organization are thinking about?"

Chen Wan froze, surprisingly not knowing how to reply.

She and her organization were indeed thinking in this way. People of Ji Lihai's status were definitely more afraid of death than ordinary people, and I'm afraid that profit was more important in the eyes of such people than kinship, which is why this plan came into being today, and why Chen Wan dared to put Ji Yuoyi in danger as well.

Ji Lihai's words were true!

But somehow, when these words came out of Ji Lihai's mouth, Chen Wan felt unbearably awkward, as if ..... everything was under Ji Lihai's control, as if he knew what she was thinking!

The uneasiness in Chen Wan's heart became even stronger.

"One cannot help oneself when one is in the jungle." But Ji Lihai let out a long sigh and shook his head, "This may sound very common when you say it, but only when you really step into the jianghu do you realise the helplessness that flows from this saying! If I were to go back a few decades, I would not enter the jianghu again!"

Chen Wan said, "Do you regret it?"

Ji Lihai smiled indifferently and said, "Actually, it's not that I regret it, it's just that the older I get, the more I understand one thing: human power is ultimately limited."

Chen Wan was just about to speak when her phone suddenly rang, she glanced at Ji Lihai and immediately picked up the phone.

Soon, Chen Wan's face changed slightly, and after hanging up the phone, she walked over to Ji Lihai and said, "Master, we are going somewhere, please."

Ji Lihai shook his head and smiled, "It's an order from your superiors, isn't it?"

Chen Wan nodded frankly, "Yes."

"Whoever gave you the order, let him come and talk to me in person, I'm alone, I'll just sit here, I'm not going anywhere." Guilheri sea.

"Master, don't make this difficult for me." Chen Wan said.

Ji Lihai shook his head and said, "It would only be really making things difficult for you if I went with you. Chen Wan, do you really think that by taking me away, the whole Chuk Yuen Gang will be under your

control? With you controlling me here, the situation won't change much until the news leaks out, but once I walk out, even if you guys are strong, you won't be able to control the situation 100 percent!"

Chen Wan choked for a moment, and after a moment of hesitation, she turned around and walked out with her mobile phone, apparently to call and report the situation.

Ji Lihai closed his eyes as if he didn't see it.

.....

When several cars whizzed past the street, the people outside would not know that the people sitting inside were all carrying weapons at this time, and even Yao Zhijian and others had already loaded their bullets and opened the safety, ready to shoot at any time.

"Ji Feng, why do you want to go straight to the manor? What if Chen Wan is not there?" Ji Yuhui couldn't help but ask.

"If Chen Wan isn't there, then your father is in danger." Ji Feng said, "Or ..... it's us who are in danger!"

Ji YuYi was stunned and didn't understand Ji Feng's meaning for a moment.

Ji Feng faintly shook his head, with a murderous look in his eyes.

Whether Ji Lihai was involved in this operation or not, or rather, what role he actually played in it, this Ji Feng could not determine for the time being.

However, if there was really a shadow of Ji Lihai in this, then he would have to have a new understanding of Ji Lihai as a person. To be able to be ruthless enough to blast his own daughter to death, this was not something that an ordinary lord could do.

And if Ji Lihai was not involved, then he must have been kept under control.

"How could he guarantee that he would be able to rescue Ji Yuhui if he secretly arranged for his men to rescue her?" Ji Feng secretly pondered in his heart, he felt that the possibility of Ji Lihai's involvement in this matter was very small.

However, Ji Feng did not let down his guard, regardless of whether Ji Lihai was involved again, he would still list Ji Lihai as a figure to be wary of.

"Eldest Miss, we're almost there."

Chen Xue Dong's voice came, "Do we need to drive straight into the manor?"

Ji YuYi looked at Ji Feng, who shook his head, "Stop here, we'll go in on foot!"

Ji YuYi immediately understood what he meant and nodded, "Hall Master Chen, do as he says."

Chen Xue Dong glanced at Ji Feng, but did not say anything and did as he was told.

Yao Zhijian was in charge of the vigilance, Yang Bin was in charge of scouting, and the group slowly approached Ji Lihai's manor. As for the gunmen that Chen Xue Dong had brought with him, they were arranged to go to the back.

“YuYi, is there any way to quietly enter the manor without being noticed?” Ji Feng suddenly asked.

“I don’t think so.”

Ji YuYi shook her head and said, “There are surveillance cameras all over the manor, so once you enter, you will definitely be discovered. The best way is still to go in through the gate.”

When Ji Feng smiled, he gave up his intention of sneaking in quietly. It was fine if there were only bodyguards in the manor, and their group could definitely take out those bodyguards without alerting anyone. However, it would be more troublesome with cameras. Even if they shot the cameras, the people inside would still be able to see through the screen.

“Yu Ying, do you know where the cameras are located?” Ji Feng suddenly asked again.

“Are you trying to cut off the cameras?”

Ji YuYi immediately guessed Ji Feng’s intention and she shook her head, “The monitoring room is in the row of houses in front of the manor villa, there are bodyguards watching there at all times, it’s fine if one or two cameras are cut off, but if many cameras are cut off, they will definitely know that someone has come in.”

Ji Feng nodded; “So that’s the way it is ..... then, good, then we’ll go straight in!”

Since it was impossible to sneak in quietly, it would be better to go in in a big way. When things came to this point, Ji Feng really wasn’t afraid of causing any big trouble, someone wanted to kill him, he naturally wouldn’t just sit around and wait for death.

Especially, this matter also involves the dynasty!

Inside the manor.

Chen Wan was constantly walking around in the corridor outside the living room, looking a little anxious. And on the sofa in the living room, Ji Lihai was as steady as a mountain, with his eyes closed.

“Stomp stomp stomp .....”

Just then, a rush of footsteps came and a bodyguard said sharply, “Madam, the brothers at the entrance have sent an alert that a large number of unidentified people are approaching the manor, and these people are all armed!”

Chen Wan’s face changed: “What kind of people are they? Where have they arrived?”

The bodyguard said, “I don’t know what kind of people, but they have already reached the entrance of the manor, and have entered the range of the cameras!”

Chen Wan immediately said, “Hurry up and bring the surveillance over to me!”

“Yes, Madam!”

The bodyguard hurriedly went down and ordered.

Chen Wan immediately walked into the living room and looked at Ji Lihai, who was as steady as a mountain, and asked, “Master, is that your man?”

Ji Lihai asked in return, "Isn't it one of yours?"

Chen Wan shook her head and said, "No!"

If it was someone from the dynasty, they would have greeted her in advance when they arrived here, but now she hadn't received any news at all, so it was obviously not one of her people.

Ji Lihai then laughed, "It seems that you have missed the mark!"

Chen Wan snorted coldly, seeing that she could not get any news from Ji Lihai, she simply stopped talking.

Not long after, the bodyguard ran over with a miniature computer in his arms, "Madam, here!"

Chen Wan took the computer, and when she took a look at it, she couldn't help but turn pale and shouted out loud, "It's him! Ji Feng!"

Swish!

Ji Lihai, who was originally resting his eyes with his eyes closed, opened his eyes at once.

On the surveillance, Ji Feng and the others, armed with weapons, walked in through the manor gate in a grand manner, and at his side, he was followed by Ji Yuhui, followed by a number of people armed with weapons.

The bodyguards at the entrance, faced with so many people, did not dare to stop them and kept backing up, watching as Ji Feng and the others entered the manor like nobody's business and came towards the direction of the villa.

Seeing this scene, Chen Wan's face changed and changed, and she waved her hand violently: "Watch the master immediately, absolutely no one can hurt the master!"

Ji Lihai shook his head and smiled, he was still saying such grand words even now, why bother!

Chen Wan walked back and forth anxiously a few times as if her tail had been stepped on, then she picked up the phone and dialed a number, lowered her voice and said a few words, while nodding her head repeatedly.

When she hung up the phone, Chen Wan was obviously relieved, but still very nervous.

Because, Ji Feng and the others were already here!

### **Campus Master Chapter 3106**

"Click!"

"Click~"

The sound of a series of bullets being loaded rang out.

As Ji Feng and the others came striding in, the bodyguards in the manor were all pointing their guns at them as if they were enemies. Chen Xue Dong's men were also holding guns against them, and they were even more aggressive.

Because of their numbers alone, Ji Feng's side far outnumbered the bodyguards in the manor.

There were about a dozen bodyguards at the scene, but Chen Xuedong's men, plus Ji Feng and the others, numbered 20 to 30. Moreover, the weapons Chen Xuedong's men carried were obviously more powerful, with micro-charges and automatic rifles all over the place.

Seeing this scene, Chen Wan's face instantly changed, she immediately signaled her men to bring Ji Lihai under control, now she was obviously at a disadvantage, only by bringing Ji Lihai under control would she have the leverage to negotiate in her hands!

"Chen Wan!"

Ji Yuhui looked at Chen Wan angrily, her eyes filled with hatred, "It really is you! Damn you!"

Chen Wan's face turned blue for a while as she was pointed at her nose and scolded, but she just snorted coldly and ignored Ji Yuhui.

Ji Feng watched as Chen Wan's men brought Ji Lihai under control, but said nothing, let alone had any intention of stopping it, and only asked in a deep voice, "Chen Wan, you're from the dynasty?!"

"So what if I am?!"

Chen Wan hummed, "Ji Feng, you are really lucky, such a thorough arrangement actually let you escape! You're really out of my expectation!"

Ji YuYi sneered, "Who do you think you are, still trying to strategise?!"

"Ji Yuhui!"

Chen Wan gritted her teeth and said in a hateful voice, "I should have done something to get rid of you long ago! If I wanted to kill you, I could have killed you at any time in the past years, so you wouldn't have had the chance to be here!"

When she heard this, her eyes turned red and she asked with hatred, "Chen Wan, did you kill my mother? It was really you!"

Although Chen Wan did not say anything, in fact, Ji Yuqing no longer needed Chen Wan to answer, from Chen Wan's words, actions and reactions, Ji Yuqing already knew the answer, her suspicion was correct, it was Chen Wan who had killed her mother!

Chen Wan snorted coldly, neither admitting nor denying.

But Ji Yuhui didn't need Chen Wan to admit, she was furious, "Chen Wan, I will kill you!"

"That depends on whether you have the ability to do so!" Chen Wan snorted coldly, "Even if you kill me, Ji Lihai will still have to bury me with you!"

"....."

Ji Yuhui stopped coming stiffly.

She stared at Chen Wan angrily, wishing she could kill this bitch right now, but, seeing the gun against Ji Lihai's head, she could only hold back her anger, not daring to go forward easily.

“Chen Wan, I will definitely kill you!” Ji Yuhui gritted her silver teeth and said in a hateful voice.

“But before that, I will kill him first!” Chen Wan pointed at Ji Lihai, “Don’t you hate him so much? Then you can choose to let him bury me with him!”

“Chen Wan!”

Ji Yuhui hated it!

“Heh!”

Ji Lihai suddenly laughed, “Chen Wan, do you think I’m afraid of death?”

Chen Wan said, “I know that you have been in the jianghu for most of your life, so you are definitely not afraid of death. Yet, I can be sure that Jade Youth, she must be afraid of your death!”

Ji Lihai smiled, “Fear, does not necessarily change the truth, and for things that cannot be changed, it is useless to be afraid.”

He said this as if he was speaking to Chen Wan, but also as if he was speaking to Ji Yuqing.

Ji Yuqing pursed her lips, but she did not know what to say. Originally, she had loathed this old man of hers and their relationship had once dropped to a freezing point, but, after all, blood was thicker than water.

Now that she saw Ji Lihai with a gun to his head, she felt very uncomfortable and did not dare to act rashly, fearing that she would get Ji Lihai involved if she did something wrong.

She had already lost her mother and did not want to lose her father again.

However, neither Chen Wan nor Ji Lihai actually took Ji YuYi’s reaction too seriously, and out of the corner of their eyes, they were both paying attention to one person – Ji Feng!

Because they both knew very well that, in fact, even though there were so many people here today, there was only one real core figure, and that was Ji Feng.

Everyone else could only be considered as an accompaniment, not enough to make things happen.

But Ji Feng was different, even if he didn’t say a word and just stood there and watched coldly, Chen Wan and Ji Lihai didn’t dare to ignore him easily.

The reason for this situation today was to focus their efforts on killing Ji Feng!

If it wasn’t for Ji Feng, there wouldn’t have been anything that happened when Chen Wan turned against Ji Lihai and took control of him.

“Ji Lihai, these are the people you sent?!” Chen Wan suddenly looked at Ji Lihai and asked.

“It’s better to call them lords!”

Ji Lihai said indifferently, “You’ve seen all these people, of course I sent them.”

Chen Wan knew Chen Xue Dong, she knew as soon as she saw him that it was Ji Lihai who had arranged it, Ji Lihai really did have a backhand. But what Chen Wan valued most was still Ji Feng.

“Little Mr. Ji, we meet again!”

Ji Lihai smiled and looked at Ji Feng, nodding slightly in greeting.

Ji Feng nodded and said, “Unexpectedly.” Saying that, he pulled the bolt of his gun and clicked, with which the gun was aimed at Chen Wan.

Everyone was stunned.

It was now obvious that the two sides were confronting each other, so how come Ji Feng wanted to make a move instead?

Ji YuYi also couldn't help but blush: “Ji Feng, you're .....

“Chen Wan, now you have two choices, first, bind your hands so that you can save a life.” Ji Feng ignored anyone, just stared at Chen Wan and said slowly, “Second, you can resist, but you will understand what will happen without me saying so.”

“You dare to kill me?”

Chen Wan sneered, “Do you think the gun on Ji Lihai's head is paper mache?”

Ji Feng shook his head, “Other people have nothing to do with me, even if I had a gun pointed at my head, I would still arrest you today!”

Chen Wan sneered, “Other people are none of your business, but, Ji YuYi is none of your business either? If you even got Ji Lihai killed, you would still be able to hold the beauty?”

Ji Feng shook his head and smiled, “You're so naive!”

The cold smile on Chen Wan's face froze, she really did not expect Ji Feng to use the words naive and innocent to describe her, or to be precise, to sarcastically describe her.

However, before Chen Wan could react, she saw Ji Feng suddenly lift his leg and walk towards her, she jerked back two steps and drew her gun and pointed it at Ji Feng in a flash, but seeing the ice-cold murderous intent in Ji Feng's eyes, she couldn't help but winced in her heart and hurriedly turned her gun around to point at Ji Lihai again.

“Stand still!”

Chen Wan said angrily, “If you dare to take another half step forward, I'll kill him .....

Before her words could fall, Ji Feng took another step, and her face instantly turned pig liver colored.

### **Campus Master Chapter 3107**

Ji Feng didn't even put her in his eyes!

She had just said that she would kill Ji Lihai if Ji Feng came forward again, but before she could finish her words, Ji Feng was walking forward again, as if he hadn't heard her words at all.

How could he not hear her words when he was so close?

Directly ignoring!

Chen Wan had a feeling of being humiliated, and her face rose to the colour of pig's liver.

For a moment, Chen Wan wanted to simply pull the trigger and kill Ji Lihai, and then we would all be finished together!

But this thought only flashed through her mind, and then it disappeared without a trace.

She didn't dare to play that way!

The reason is that she knows very well that if she kills Ji Lihai now, then she herself will definitely not end up in a good way, and then it may not even be that she wants to play out together, and if she kills Ji Lihai, she will have no bargaining weight in her hands, and then the initiative will not be in her hands!

But .....

Even now she has Ji Lihai as a bargaining chip in her hand, Ji Feng surprisingly does not piss her at all, which makes her sit up and wax.

The actual fact is that you can't kill.

Not to kill, Ji Feng eyes will be forced to her heel, once let Ji Feng come to the heel, then she will completely lose the initiative, only to die. Moreover, it definitely wouldn't be a pretty death either, with Ji Yuhui around, she couldn't even choose how to die if she wanted to.

"Stop right there!"

Chen Wan screamed, furious and stern.

Ji Feng, however, simply turned a deaf ear and continued to move forward.

"Ji Feng!"

Ji YuYi hurriedly pulled Ji Feng back with a pleading look on her face, "Don't be impulsive, okay?"

Ji Feng couldn't help but sigh in his heart, after all, it was a lost cause.

If Ji YuYi did not plead, he was absolutely confident that he could take down Chen Wan in one go, but now once Ji YuYi pleaded, Chen Wan's already disrupted bottom line would immediately recover, and using this method would no longer work.

"Ji Feng, stop right there!"

Chen Wan screamed, "I don't believe you dare to disregard Ji Lihai's death."

Ji Feng ignored her and just shook his head, turned around and retreated again.

Ji YuYi's face was apologetic as she bit her lip, but she didn't know what to say. If Chen Wan wanted to kill Ji Feng, then it was naturally natural for Ji Feng to capture Chen Wan to take revenge, even though Chen Wan still had Ji Lihai as a hostage in her hands, but it was no threat to Ji Feng.

This was because, Ji YuYi knew that her father had always treated Ji Feng in an unfriendly manner, and could even be described as very bad. Under such circumstances what right did Ji Feng have to take into account whether Ji Lihai was alive or dead?

Yet!

Ji Feng did not care, but she could not turn a blind eye to it.

So despite feeling indebted to Ji Feng in her heart, Ji Yuhui could not help but pull him back, she could not stand by and watch Ji Lihai being killed in front of her!

“Chen Wan, you can’t get away, don’t think you can be reckless just because you have captured a hostage!” Ji Feng said indifferently.

A chill ran through Chen Wan’s heart.

Even though Ji Feng spoke in a flat tone and his voice was not very high, but in her ears, there was a sense of stern coldness.

“Shoot if you have the guts!”

Chen Wan said angrily. She did not realise that it was actually not her who should be angry.

Ji Feng glanced at her and said, “Don’t feel dead ghosts!”

This was a curse word from Ji Feng’s old family, but Chen Wan couldn’t understand it, she just didn’t think it was a good word, and was just about to sneer back when she suddenly saw a man standing next to Ji Feng staring at her, his gaze incomparably cold.

Chen Wan couldn’t help but shiver.

“Chen Wan, let go of my father immediately!” Ji YuYi said in a cold voice, “You won’t be able to walk out!”

“Walk?!”

Chen Wan gritted her teeth, “Since I’ve done it, I have no intention of leaving!”

Ji Yuet Yin’s face turned pale.

Ji Lihai suddenly said, “YuYing, you can go, I can solve the matter here.”

Ji YuHui said, “I’m not staying here for you, it’s for my mother.”

Ji Lihai sighed lightly, “I am the one who has wronged her and led the wolf into the house, but what happened today has nothing to do with you, leave here.”

“I .....

Ji Yueting was just about to say something when Ji Lihai interrupted, “Chen Xue Dong, take Miss away immediately!”

Chen Xuedong however couldn’t help but smile bitterly, he wanted to, but the problem was that the guy called Liu Zejun was now right next to him, seemingly injured but with half of his body pressed against his shoulder, making it impossible for him to move easily at all.

He had been held hostage from the moment they first met.

Seeing this, Ji Lihai turned his gaze to Ji Feng, "Little Mr. Ji, there might be some misunderstanding between us, but this matter has nothing to do with Yu Yi, you let her go."

Ji Feng said, "It depends on her own will!"

Ji Lihai had obviously misunderstood that he had held Ji Yuqing hostage, Ji Feng didn't bother to defend himself, and he didn't bother to talk nonsense.

"It's not just her, all of you should leave too." Ji Lihai shook his head, "Before you guys came, Chen Wan had already sent a message to the outside, I'm afraid it will be too late if you don't leave."

"None of you will be able to leave today!" Chen Wan sneered.

Ji Feng shook his head and laughed, "You'd better think about yourself first, it's not up to you to decide whether we can leave or not!"

Chen Wan sneered, "You're so confident? You're lucky to escape back, do you really think you're an undefeatable little strong man?"

She suddenly raised her hand to look at the time, and then smiled, "It seems that you really can't get away."

"Young Ji, something's not right!" Bai Zhu lowered her voice and said in Ji Feng's ear.

"I know."

Ji Feng nodded, in fact, he knew something was wrong from the moment he first came in, because he had heard Ji YuYi say that Ji Lihai's manor had a back door, it was impossible for Chen Wan not to know that they had come in, but instead of taking Ji Lihai with them to escape, she was waiting for them here, where did Chen Wan get the courage?

Obviously, Chen Wan had another arrangement.

"Boom!"

Suddenly, there was a loud bang in the distance, everyone turned around and saw a few cars whizzing by at the entrance of the manor in the distance, at a great speed.

When Chen Wan saw the cars, she breathed a sigh of relief, "I'll see where you're going to run this time!"

The scene suddenly became tense, the people in these cars were obviously arranged by Chen Wan.

Although Ji Lihai's manor was not small in size, those cars were fast and arrived at the front in just a few moments, they braked sharply and stopped there, the car doors opened and a group of people stepped down.

These men were all armed and had an aggressive look, and the leader was a middle-aged man with an expressionless face striding over.

"All present? Very good!"

This middle-aged man nodded, "Just in time to end it all in one pot!"

He walked up to the living room door as if no one was there and looked at Ji Lihai, "Mr. Ji, we meet again."

Ji Lihai nodded, "Mr. Big Horse!"

The man known as Da Ma laughed, "Good! Ji Lihai, you really deserve to be the leader of the Chuk Yuen Gang, in this situation, you can still pretend to be so gentle, I'm a bit impressed with you! But, that's the end of it!"

After saying that without waiting for Ji Lihai to speak, Da Ma turned around and looked at Ji Feng again, looking him up and down a few times before he couldn't help but shake his head, "Originally, I was still a bit confused as to why the people on the other side of the river were so useless, just a 20-year-old kid, but he actually caused us so much trouble, and it took so much effort to solve it. I was wrong!"

"You don't look like much of a kid, but to have survived the shelling and to have brought out at least one of your men, at least you have real skills."

Daima shook his head, "But alas, even the most capable will die! To be honest, if it wasn't for your identity and the things you've done, I really wouldn't want to kill you!"

Ji Feng smiled, "What is your position in the dynasty? The highest person in charge on Treasure Island?"

Da Ma nodded, "You could say that! I'm just a small pawn in the dynasty, but I'm in charge of the Treasure Island side, and of course, I sometimes have to follow the orders of someone on your side."

Ji Feng asked, "Number one or the king?"

Da Ma said, "What do you think?"

Ji Feng nodded, "Okay."

Da Ma couldn't help but freeze for a moment, what okay? Good for what? Ji Feng's reaction was completely out of Da Ma's expectation, and he was even a bit puzzled, what did Ji Feng think this was about? Was it a casual conversation?

But immediately afterwards, Ji Feng's words caused Da Ma to freeze again.

Ji Feng said, "Since you like to chat so much, we'll talk slowly later when I catch you."

"....."

Da Ma froze for a moment, then laughed, "Ji Feng, it seems that you are not only capable in your hands, but also quite capable in your mouth ....."

Ji Feng smiled and ignored his ridicule, turning his head to look at Ji Lihai, "Mr. Ji, what arrangements are there that you don't intend to shine?"

A brilliant light flashed in Ji Lihai's eyes and he gave Ji Feng a deep look, "How do you know I have an arrangement?"

Ji Feng said indifferently, "I'm not stupid!"

"Good phrase not stupid!"

Ji Lihai took a deep breath, secretly shocked at Ji Feng's acumen and vision, and even more shocked at Ji Feng's mind, "Originally, I had already overestimated you, but I never thought that I still underestimated you!"

"Alright, no need for all the nonsense!"

Da Ma waved his hand and said, "Ji Feng, I don't have that much time to waste with you, tell your men to put down their weapons, as long as you cooperate obediently, none of your men can die, if you want to resist, none of them will live and you won't be comfortable, you should know that I have the strength."

"Bullshit!"

Yao Zhijian laughed coldly, "Don't know how to live or die!"

Ji Lihai sighed lightly, "Ji Feng, take Yu Ying and go, I owe you a favour."

After saying that, he turned his head to look at Da Ma, "Actually, all these years, the reason why I didn't move Chen Wan was just to wait for you to appear, and now, I've finally waited."

Da Ma laughed, "So what if you waited? You still want to flip?"

"Flip-flopping is not an option!"

Ji Lihai shook his head and said, "However, it is possible to let you accompany me to the Yellow Spring."

With that, he stroked the civilization stick in his hand, then unscrewed the handle on it, and the others discovered, to their surprise, that inside the civilization stick, there was a button!

### **Campus Master Chapter 3108**

"Not good!"

As soon as Chen Wan saw that button on the civilization stick, she couldn't help but blush and exclaim.

She had followed Ji Lihai for so many years, but she had never known that there was this kind of mystery on this civilization stick that Ji Lihai never left his hand.

As one could imagine, this button hidden in the civilization stick was definitely something very important.

When Da Ma saw this scene, he could not help but have his face change dramatically.

"Ji Lihai!"

Big Horse stared at Ji Lihai with a deadly stare and asked in a deep voice; "What is this thing of yours?"

Ji Lihai chuckled, "What do you think this could be?!"

Da Ma's face clouded over and his eyes were fixed on the button, looking extremely wary.

Ji Lihai, however, paid no further attention to him, but turned his head to Ji Feng and said, "Ji Feng, take Yu Yiyi and leave, the place of right and wrong, don't stay here. This time, it was me who used you, I owe you a favour, I will make it up to you afterwards!"

Ji Feng frowned tightly and did not say anything.

Although Ji Lihai didn't say what exactly that was, but seeing that button, Ji Feng probably guessed it, he didn't expect Ji Lihai to have kept such a hand.

But there was one thing that Ji Lihai was right about, Ji Feng knew that he had really used himself!

If he hadn't appeared here, then Da Ma and the other dynasties would definitely not have come, because a lot of information had been revealed in Ji Lihai's words before, and he had been looking for Da Ma for many years, he just hadn't been able to find any traces of him.

Ji Feng's mind turned rapidly and he immediately understood the cause and effect.

This Ji Lihai, surprisingly, wanted to use this opportunity to kill Big Horse and Chen Wan!

Ji Lihai couldn't find Big Horse, so he used this opportunity to lure Big Horse to appear and then end them all together!

Ji Feng couldn't help but have a chill rise in his heart, how ruthless!

With this plan, Ji Lihai had not only included himself, but even his daughter, Ji Yuoyi, because from the current situation, it was obvious that Ji Lihai was not completely sure that he could get Ji Yuoyi to avoid this scourge.

"YuYi, let's go!"

Without saying a word, Ji Feng pulled Ji Yuhui and turned around to leave.

Ji Lihai wanted to end the dynasty in one pot, but he would not spare his life to accompany him.

"Dad!"

Ji Yuqing, however, did not move, but shouted sharply.

Ji Lihai smiled, "YuYi, I would have no regrets in dying if I could hear you call me Dad again. I'm sorry for your mother, but today, I will avenge her! Go, follow Ji Feng and leave, and don't come back!"

Ji YuYi suddenly understood her father's heart, and she also instantly understood how he had treated her all these years, and could not help but shake her head vigorously, "I'm not leaving."

"Confused!"

Ji Lihai said in a deep voice: "If you don't leave, you're not helping me, you're adding to my confusion! Ji Feng, this time consider it as me begging you to take her away!"

Ji Feng stared at him for two moments and nodded his head.

Seeing that Ji Feng agreed, Ji YuYi became anxious: "Ji Feng, you go first, leave me alone, I'm not leaving ....."

"Stop it all!"

A stormy voice rang out and Da Ma grimaced, "All of you want to leave? You think it's so easy to leave here?!"

He looked around and said in a cold voice, "What kind of place do you think this is? Since I'm here, no one can take half a step out of this manor without my permission!"

"Ka ka ka!"

The people brought by Da Ma also immediately raised their guns and aimed at everyone.

Ji Feng, however, ignored him and only looked at Ji YuYi, "YuYi, your father is right, you staying will only add to his chaos and instead make him unable to let go, come with me and leave!"

"I'm not leaving ....."

Ji YuYi shook her head painfully, she knew very well what would happen if she stayed, but some things were not meant to be decided by reason, not to mention that it was hard and difficult to get out of here now, even if Ji Feng could take her away, but if she left in this situation, she wouldn't have peace of mind in the days to come!

"Zee!"

No one had expected that, just as the crowd was on alert, a zi sound was made above the villa living room door, followed by a glass suddenly descending and landing on the ground with a click.

The door of the villa living room was actually sealed by a sheet of glass!

With this, Ji Lihai had blocked him, Chen Wan, Da Ma and the others inside.

Da Ma was instantly shocked, "What is this?!"

Chen Wan also changed her face and raised her hand to the glass and pulled the trigger, "Bang Bang Bang!"

However, when the bullet hit the glass, there was no scene of the glass shattering as she expected, the bullet merely left a few white dots on the glass.

"Bulletproof glass!"

Chen Wan's face went white at once as she realised what was going on.

"Ji Lihai!"

Da Ma snapped his head around to look at Ji Lihai, his eyes filled with murderous intent.

Ji Lihai said, "Correction, this is not only bulletproof glass, but also, high strength space glass, it is said that the space capsule is fitted with this kind of glass, it won't even shatter if it is hit by a small meteorite, it should be enough to trap you guys, I think, right?"

"Bastard!"

Da Ma cursed angrily and turned his head to drink, "Find a way out immediately!"

Ji Lihai smiled, "There's no need to look, this whole house is filled with this kind of glass, you won't be able to get out!"

Outside.

Ji Yuhui was stunned.

Even she didn't know that there was this kind of high-strength glass hidden in this villa, and that Ji Lihai had now used this kind of glass to separate the inside from the outside!

"Dad!"

Ji YuYi shouted in shock.

Ji Feng took a few glances at the so-called high-strength glass and felt a little chill in his heart, this Ji Lihai was really a ruthless man and an old fox!

This is really powerful!

At this moment, those men outside Da Ma were also panicked, seeing that Da Ma was trapped inside, part of them defended themselves against Ji Feng and others, while some others came to the glass, trying to find a way to open it.

Seeing this without half a word of nonsense, Ji Feng raised his hand and grabbed one of them, snapping this person's neck, while his other hand grabbed the automatic rifle in this person's hand and instantly pulled the trigger on this person's accomplice.

"Burst burst burst ....." The fierce sound of gunfire immediately rang out.

"Boom! Bang Bang!"

The moment Ji Feng just made his move, Yao Zhijian and the others, who had already had an incomparable tacit understanding, all immediately made their moves as well, because Ji Feng's sudden move had attracted the attention of Dynasty's people, so the few of them made their moves even more unexpectedly.

"Hit the head!"

Ji Feng shouted.

Yao Zhijian and the others immediately complied and aimed to hit those people on the head!

These people brought by Da Ma were all reformers, although they were all the lowest level of reformers, but bullets hitting their bodies wouldn't do much damage to them, the only way was to hit them in the head!

And sure enough!

As Yang Bin and the others lifted their guns upwards, blood burst out, and the people brought by Da Ma fell to the ground screaming, some of them didn't even have time to scream before their skulls were directly lifted off.

At the same time as Ji Feng and the others made their move, Chen Xue Dong's men also made their move, and they naturally knew which side to take.

In just a few moments, although there were quite a few people brought by Da Ma, and all of them were reformed, when the gunfire stopped, none of these reformed people were able to stand up, and the vast majority of them had even been shot in the head, with only a few left moaning in pain.

The change outside made Da Ma, who was only separated by a layer of glass, shake with rage, and he shouted, "Stop, whoever dares to do it again, I'll kill Ji Lihai!"

"You'd better take care of yourself first!"

Ji Lihai's cold voice came out, "Da Ma, you never thought you would end up in such a situation, did you?!"

Da Ma took a violent step forward, "Ji Lihai, I'll kill you!"

"It's better to die together! What do you think?!" Ji Lihai was not the least bit afraid and lifted the civilized stick in his hand.

A hint of scruple flashed in Da Ma's eyes as he said in a deep voice, "Ji Lihai, we can negotiate, even if you take the initiative, but to risk your own life, is it worth it?!"

Ji Lihai smiled, "I have waited for more than ten years for this day, do you think it is worth it?"

Da Ma froze for a moment.

Ji Lihai said in a deep voice: "I suspected Chen Wan a long time ago, but I just never had any proof. But I couldn't find you, until today! Do you think that I'll let you off the hook?"

Da Ma's face clouded over.

Kiritsukaido said, "Today, I will take you down and personally make amends to my lady!"

After saying that, he turned his head to look outside and saw that Ji Yuqing was being protected by Bai Zhu, he could not help but smile, and with a violent push of his finger, he pressed the button.

"Ah!"

"Ji Lihai!"

Both Da Ma and Chen Wan roared in horror.

But as soon as their shouts came to mind, it was as if the world inside had suddenly distorted, the sofa, the floor, the chandelier, everything all shattered instantly.

"Boom! Boom, boom, boom!"

An earth-shattering explosion rang out instantly, and in the blink of an eye, the interior was engulfed in a violent blast!

Ji Yueting was frozen.

Her eyes swished with tears, and she didn't even have the time to say two more words to Ji Lihai, only seeing that last smile and that glance at her from Ji Lihai.

"Be careful!"

Bai Zhu grabbed Ji YuYi and hurriedly stepped back, the earth shook under her feet, while the walls of the villa were blown down, spewing fire and smoke outwards everywhere.

Ji Feng shouted; "Back up, quick!"

Ji YuYi, however, was like a walking corpse, being dragged by Bai Zhu.

They kept retreating back a few dozen metres before they stopped.

By this time, the entire villa had been blasted with holes. The interior, in particular, was like a hell on earth.

Ji YuYi almost went crazy as she fell limp in Bai Zhu's arms, unable to bear such a blow any longer and fainted.

Ji Feng looked at the villa that was burning inside and was silent.

"Tsk! This Ji Lihai, how ruthless!" Yao Zhijian couldn't help but stammer.

"Yes! This is a truly ruthless person!" Even Liu Zejun couldn't help but lament.

### **Campus Master Chapter 3109**

There was a sky-shattering explosion in the villa.

Outside, the remnants of Chen Wan and Da Ma's men were cleaned up by Yao Zhijian and the others within minutes.

Two of the reformers, however, had their heads smashed hard by Yao Zhijian.

Having practiced body-building exercises for so long, the members of the battle team had long been ridiculously strong physically and did not lose out in the slightest when they fought these reformers head-on.

"Young Ji, what do we do next?"

After everything was packed up and looking at the blazing fire inside the villa, Bai Zhu asked.

Ji Feng said in a deep voice: "Leave here first!"

"Mr. Ji, please wait a moment!" Chen Xue Dong suddenly spoke, "Before I left, our leader explained something to me and asked me to give you something."

"What is it?!" Ji Feng asked.

"I don't know what it is, and it's not in my possession either." Chen Xue Dong shook his head, "Because the dragon head said that this operation was too dangerous and told me not to keep the thing on me, so I put it in a very safe place."

"You want me to go and get it with you?" Ji Feng asked with a frown.

"That's right!"

Chen Xue Dong said, "In addition, I want one million dollars!"

Ji Feng frowned, "Ask for it from me?"

Chen Xue Dong nodded and said, "That's right. The current Chuk Yuen Gang is no longer the old Chuk Yuen Gang, this time Chen Wan and the Dragon Head died here at the same time, and I can't stay, I need to leave Treasure Island and I need enough money."

Ji Feng immediately understood what Chen Xue Dong was thinking, it seemed that Chen Xue Dong was aware of the danger and wanted to take the money and run away.

However, this did not mean that Ji Feng would give him money.

"I won't give you money, not even a dime!" Ji Feng shook his head.

"But I have something in my hand that the dragon head gave you, the dragon head explained to me with great solemnity, I think that it must be something very valuable ....."

Swish!

Before Chen Xuedong could finish his words, Liu Zejun suddenly snapped his neck and said coldly: "Life or money, which is important?!"

Hullo, as soon as Chen Xue Dong's men saw him being held by Liu Zejun's neck, their guns suddenly turned and pointed at Ji Feng and the others.

"Let go of Hall Master Chen!"

"Hurry up!"

"Huh ....." Chen Xue Dong was being held by Liu Zejun's neck, but a smile appeared on his face, "Of course life is more important, but don't forget, there are dozens of guns pointing at your heads now, if I die, you all have to be buried with you!"

Liu Zejun said coldly, "Do you think that you can kill us with just a few of your stinking henchmen?"

Chen Xue Dong said confidently; "I admit that you guys are powerful. But, as powerful as you are, are you as powerful as bullets ..... ah ....."

Before he could finish his words, he suddenly let out a miserable cry and his entire body struggled desperately.

On his thigh, a dagger plunged directly into the bone!

Liu Zejun grinned, "How does it taste? We are willing to accompany you to the funeral, just in case you don't dare!"

Chen Xue Dong's body was drenched in cold sweat from the pain, his face had changed, he gritted his teeth, but he couldn't help but let out a low roar of painful cries, "Grass! You guys are dead! I ....."

"Want some more?" Liu Zejun interrupted coldly.

"Stop it!"

“Let go of Hall Master Chen immediately, or we will shoot you immediately!” Once Chen Xue Dong’s men saw how ruthless Liu Zejun was, they were shocked and pointed at him.

“Hoo!”

Just as Chen Xue Dong’s men focused all their attention on Liu Zejun, Ji Feng suddenly made his move, he lifted an automatic rifle and immediately pulled the trigger.

“Ta-da-da .....

“Bang bang bang bang bang!”

The moment Ji Feng made his move, the extremely taciturn Bai Zhu and Yao Zhijian both made their moves as well, their speed was so fast that those of Chen Xue Dong’s men did not react at all, or rather, those men did not expect that they would still dare to make their moves despite so many guns pointing at them.

In just the blink of an eye, all 20 to 30 men around them were knocked down, and there was not a single one left standing!

The guns in their hands all fell to the ground!

Some of these people were killed on the spot, and the rest were not much better. In that situation just now, Ji Feng and the others naturally would not have held back, otherwise, they would be the ones to die!

So, when the gunshots fell, the scene was bloody as hell!

Chen Xue Dong was stunned!

He even forgot about the severe pain on his thigh, and just stared at the scene in astonishment, not even reacting for a moment: “This ..... you guys .....

Liu Zejun grinned, “Now, how else are you going to drag us along for the funeral?!”

Chen Xue Dong’s face, instantly white!

“Where’s the stuff?” Ji Feng turned his head, looked at Chen Xue Dong and asked coldly.

“The stuff is not on me ..... ah .....” Chen Xuedong had just opened his mouth when he suddenly felt Liu Zejun grab the dagger and stirred it violently, the sharp dagger stabbed at his bones, making him screaming in pain, almost passing out.

“It’s not on you, where is it?” Ji Feng asked coldly.

“I say! I say! It’s in Missy’s villa!” Chen Xuedong yelled in pain, “The faucet didn’t give me the stuff, he just told me where to put it, it’s in Missy’s villa, said it was the place Missy valued the most .....”

Ji Feng coldly shouted, “Say the exact address!”

Chen Xuedong hurriedly shouted, “I, I don’t know either, the faucet only said it was the place Missy valued the most, but where exactly, he didn’t say!”

Ji Feng slightly turned his head sideways and looked at Ji YuYi. At this moment, Ji YuYi was still unconscious, and Bai Zhu was holding her with one hand.

“Take him and go to Ji Yuhui’s villa!” Ji Feng said immediately.

He didn’t know what exactly Ji Lihai had left for him and wanted to see, what kind of tricks Ji Lihai was up to!

He also realised that since Ji Lihai had long planned to die with the dynasty, his previous arrangement should be arranging for the aftermath, and what he had left for himself should have an extraordinary significance!

Chen Xue Dong no longer dared to be half-hearted, whether it was the corpses on the ground or the daggers on his thighs, they all made his heart cold and his body tremble.

On the way to Ji YuYing’s villa, Ji Feng suddenly had a movement in his heart.

He remembered something Ji Lihai had said earlier, when Ji Lihai said that he would make it up to him later. At that time, he did not think so, but now that he thought about it, at that time, Ji Lihai must have already made up his mind to die with Da Ma Chen Wan and the others, so since he knew he was bound to die, how could he compensate?

Could it be something like this that he left behind?

Ji Feng felt that this speculation was very likely.

“Well!”

On the way, Ji YuYi suddenly let out a painful muffled cry and slowly opened her eyes, “What’s happening to me?”

Ji Feng said, “YuYi, condolences!”

Ji YuHye was stunned and seemed to remember something, a mournful look appeared on her face as tears silently slipped down her face. Obviously, she remembered what had happened before.

Ji Feng didn’t know how to comfort her, after all, Ji Lihai’s death was already a fact, and this was something that no one would feel good about if it were anyone else.

Of course, for Ji Feng, Ji Lihai had used him, but now that he was dead, Ji Feng wouldn’t care about it anymore. Besides, for Ji YuYi, although Ji Lihai wasn’t a good father, the blood ties could never be broken.

When she arrived at the villa, Ji YuYi saw Chen XueDong who was escorted down from the car behind her, she couldn’t help but be slightly stunned, when she understood what was going on, she shook her head somewhat bewildered and said, “I’ve never heard of him putting anything in my place, and there’s nothing in this house that I value, to say that there is, it’s the place where my family used to live.”

Ji Feng was a little confused for a moment, but soon understood what Ji Yuhui meant, she was saying that this used to be her old house, and Ji Lihai and her mother lived here as well.

“Unfortunately, I’m the only one left now.” Ji YuYi shook her head as tears couldn’t stop flowing down her face.

Ji Feng sighed lightly, “What your father left behind is no longer important, what are you going to do next?”

Ji YuYi shook her head, “There is nothing left for me here, I plan to go to Rice.”

Originally, she had spent very little time on Treasure Island because she was disgusted with some of Ji Lihai’s practices and did not want to see Chen Wan, so she was basically in New York, the branch of the Chuk Yuen Gang, in Rice.

Now, however, she understood that that was actually part of Ji Lihai’s plan to get her used to life in Rice early, in order to leave a way back for her.

Because on the Rice side, she had always been the one running the show, and no one could play the game but her!

“Then you need to leave as soon as possible!” Ji Feng said, now that the news of Ji Lihai’s death had not yet spread, otherwise, I was afraid that a big mess would have occurred.

“I’ll pack up and leave right away.” Ji YuYi said.

Ji Feng nodded, while Bai Zhu said, “I’ll help you.”

Chen Xuedong wanted to speak several times beside him, but he wanted to stop talking, and Ji Feng said indifferently, “When we leave Treasure Island, we will naturally release you.” Only then did Chen Xuedong let out a sigh of relief.

“Young Ji!”

Suddenly, Bai Zhu’s voice came from upstairs, and immediately afterwards, Bai Zhu and Ji YuYi came downstairs.

Ji Feng asked, “What’s wrong?”

Ji Yuhui said, “Just now when I was cleaning up my mother’s former room, I found an envelope in the drawer with his handwriting on it, it’s for you!”

Ji Feng was stunned, and then it dawned on him, no wonder he said that the stuff was in the place that Ji Yujie valued the most, originally, it was placed in Ji Yujie’s mother’s original room.

It was a kraft paper envelope, not very big, but it felt a bit weighty when he picked it up. He opened it and looked inside, and found a USB stick and a piece of paper with an address written on it.

“Yu Ying, do you have a computer here? I need to look at the contents of the USB stick!” Ji Feng said immediately.

“I’ll bring the laptop to you.” Ji YuYi said.

When Ji Feng opened the USB stick and saw the contents inside, he was immediately wide-eyed.

“This is .....

## Campus Master Chapter 3110

The USB drive left by Ji Lihai was filled with documents and a folder.

Ji Feng opened the first document and immediately couldn't help but stare.

"This is ....."

He was stunned, it seemed to be an account book, and what was recorded on it was, surprisingly, some account transactions, while the name on that account was extremely surprising to him.

It was the name of a big shot on Treasure Island, one that could often be seen on the TV news, an absolute Establishment!

Only, this big figure of the Establishment was not very friendly to the Mainland, often making statements against China and was known to be a hardliner!

Ji Feng immediately realised something in his heart, and he looked down carefully. Gradually, his face became grave.

This was indeed an account book!

Although it was recorded in the form of an electronic document, the accounts on it were clear and unambiguous. What really concerned Ji Feng was the content of this account book!

This was a book of transactions between the Chuk Yuen Gang and that big shot!

And, it was a private transaction!

In other words, this document would be evidence if it was placed under investigation!

Ji Feng immediately continued to look down, and he found that there were a lot of accounts in this document, even going all the way back to more than ten years ago, on a certain month and year, what transactions were made between the two sides, and how much money that big shot got, all recorded clearly.

Even the way in which the money was given was recorded.

There were bank transfers, cash given, and money laundered through other accounts and then transferred to that big man ..... for more than ten years, the accounts were really varied and detailed.

"These evidence, move this person down ten times is more than enough!" Ji Feng couldn't help but secretly say, if this fell into the hands of this person's opponent, it would definitely be a powerful tool!

However, what made Ji Feng feel strange was how Ji Lihai could have left himself these things? Although that big man's attitude and stance Ji Feng disliked, he had not met that big man once, and there was not even any encounter between the two sides.

Enduring the doubts in his heart, Ji Feng opened the second document again.

"Another account book?" Ji Feng was stunned, this second document was also an account book, only that the owner of this account book was a different person, but when he saw that name, Ji Feng couldn't help but shake his head, this was another big shot from Treasure Island.

Ji Feng vaguely realized something in his heart, and without saying a word, he opened the third document again.

It was true!

The third document was also an account book, and also involved a big shot.

After opening several documents in a row, he found that they were all books of accounts, and they were all extremely detailed records of accounts, and the most important thing was that the people involved in these books were all big figures from the Treasure Island, and they were all not very friendly to the Mainland!

Seeing these account books, Ji Feng probably understood what was going on! He also understood why Ji Lihai would leave them to himself!

To put it bluntly, Ji Feng didn't need these things, but, the top brass needed them!

The relationship between the two sides, and the future direction of the two sides, these people could not play a good role in it. And now, with these things in hand, the role they can play in critical moments is too great!

Ji Feng opened the rest of the documents again and found that there was still some evidence, some of which were ledgers and some of which were records.

"This Ji Lihai, he's worthy of being a lord!" Ji Feng secretly said in his heart.

He calculated that the people involved in this USB stick, before and after, added up to nearly twenty, and all of them were in important positions or had great influence, if this evidence was released, it would definitely cause a big earthquake in Treasure Island!

What's more, some of these people had secret dealings with Kepong, either in terms of money or intelligence!

After closing all the documents, Ji Feng opened the folder in the USB stick again and found that there were a large number of photos and even many videos inside.

Each photo was marked with a name underneath, all corresponding to those people in the previous document.

This was also evidence!

"This compensation! It's enough!" Ji Feng couldn't help but secretly say, at that time, when Ji Lihai said he would compensate him, he didn't take it seriously, but now he realized how heavy this compensation from Ji Lihai really was!

This could also show that Ji Lihai had actually had a death wish for a long time, because if this item leaked out, even if Ji Lihai was the leader of the Chuk Yuen Gang, he would definitely die without a burial place.

"Ji Lihai ....."

Ji Feng couldn't help but feel, a kingpin!

He only gave these photos a cursory glance before turning them off and carefully putting the USB drive away.

At this time, Ji YuYi had also packed up almost everything.

“YuYi, do you need any help from me to go to Rice this time?” Ji Feng asked.

“I’m going this time, and I don’t plan to come back.” Ji YuYi shook her head, “Here, there is nothing worth staying for me anymore.”

“Then how are you going to live in Rice?” Ji Feng asked.

Ji Yuqing said, “I don’t plan to meddle in the affairs of the Chuk Yuen Gang anymore, I still have some properties in Rice, which are enough for me to live on.”

Ji Feng nodded, as the eldest lady of the Bamboo Alliance Gang, Ji Yuqing had been in Rice for so many years, her life was certainly not a problem. Only, it was a bit bleak for Ji Yuhui to leave like this.

But Ji Feng didn’t know how to comfort her, so he could only nod and say, “Then we’ll be in touch often in the future.”

Ji YuYi nodded, “I will. You should also hurry up and leave Treasure Island, after such a big incident, someone might be looking for trouble with you.”

Ji Feng nodded and said, “I will leave as soon as possible. However, it’s better to send you away first.”

“Good.”

Ji YuYi nodded her head. At this moment, she looked extraordinarily depressed, completely devoid of the kind of elegance of the previous Miss of the Chuk Yuen Gang, just a soft and helpless woman.

“Do you know this address?” Ji Feng took the piece of paper left by Ji Lihai and asked.

“Yes, it’s not far from here.” Ji Yuhui nodded and said.

Ji Feng pondered for a moment and said, “I’m going to go take a look, can you take me there?”

Ji YuYi nodded her head.

Only when he got to the address written on the paper did Ji Feng realise that it was a small hotel, and when the person inside saw Ji Yuhui, he immediately bowed and said, “Eldest Miss.”

Ji Feng was stunned, the people in this hotel were actually from the Chu Lian Gang?

Soon, a man was brought out.

Ji Yueting was slightly stunned, “Doctor Chen, why are you here?”

This person who was brought out was no other than the forensic doctor that Ji Feng had come to look for this time, Chen Yang!

Chen Yang shook his head and said, “I don’t know .....

He didn't know what was going on either, he was just brought here in a muddle, and then he was put under strict supervision.

Ji Feng immediately understood the original reason, it seems that this matter was again arranged by Ji Lihai.

I am afraid that from this Chen Yang's mouth, Ji Lihai had also determined the cause of Ji YuYi's mother's death, and only then had he made the latter arrangement.

According to what he said, he had never made that distress call, and Ji Feng was even more certain of his speculation.

Ji Feng couldn't help but feel in his heart that Ji Lihai's tactics were really brilliant.

The fact that Ji Feng understands more or less what Ji Lihai is thinking, but cannot fully understand it, he is not Ji Lihai after all, much less in Ji Lihai's position, and cannot understand why Ji Lihai would make that choice.

I'm afraid that only Ji Lihai himself can explain it.

But there was no doubt that this was definitely a powerful man, a character!

"It's good that the man was found!" Ji YuHui was also relieved, "In that case, I can also leave in peace."

Instead of choosing to take a flight, Ji Yuqing boarded a passenger ship to Xiangjiang and transferred from Xiangjiang to Rice.

Seeing that Ji Yuqing had made such an arrangement, Ji Feng was more or less relieved, it seemed that Ji Yuqing had not lost her composure because she was too sad and had chosen the most prudent way.

After Ji YuYi left, Ji Feng and the others immediately left Treasure Island by helicopter. Only before leaving Treasure Island did he release Chen XueDong, even if Chen XueDong immediately called the police, they would still be safe enough to leave Treasure Island.

On the way back, Ji Feng kept his eyes closed and his mood was a bit low.

He hadn't expected that this trip to Treasure Island would end up like this.

Chen Yang was found, but the result was completely different from what Ji Feng had expected when he came, Ji Lihai died, Chen Wan died, Ji YuYing left for Rice in grief, and the Bamboo Alliance Gang would probably fall apart next .....

The first time I came to the island, I didn't know if I was right or wrong. But when he thought about it, he felt that he was still right to come.

Because, if he hadn't come, Chen Yang might really have been killed.

Although he didn't know whether Ji Lihai was using Chen Yang to lure him over, or whether he wanted to attract the attention of the mainland, or for some other reason, but if he couldn't achieve his goal, Ji Lihai would definitely finish off Chen Yang.

How could a lord who was so ruthless to himself care about Chen Yang's life?!

“Old Liu, is everything alright?”

The sound of Liu Zejun sucking in cold air pulled Ji Feng’s thoughts back, and seeing Liu Zejun’s pale face and somewhat painful appearance, he immediately asked.

Liu Zejun shook his head and said, “It just hurts a bit, it’s fine.”

Yao Zhijian gloated and laughed, “Who told you not to take the special effect current? If you had taken the special effects current, you would have been alive and kicking by now .....

“And when the medicine has worn off, you’ll turn into a dead dog?” Liu Zejun grunted, “I’d rather hold back.”

“Haha! Then you’ll endure it.”

Yao Zhijian laughed and proceeded to concentrate on flying the helicopter.

Ji Feng smiled and patted Liu Zejun’s shoulder before taking off his headset and looking at the undulating sea below, he suddenly missed Xiao Yuxuan and Tong Lei and the girls extraordinarily.

Ji YuYi’s gloomy departure left Ji Feng’s heart with an indescribable feeling of loss and hardness.

After successfully returning to Island No. 1, as soon as the plane landed, Ji Feng called Yao Zhijian over, “Little Yao, there is a task given to you, it’s a private matter, but you can’t tell a third person .....
