

## Chapter 311

Jin Zhengting takes Zhao Tongxin to the hospital, and someone sends someone to deliver a warehouse of supplements. After sitting with Zhao Tongxin for a while, Yang ziye calls.

"Zhengting, you won't get drunk in gentle country, will you? Now is a very special time. We need to hold a board meeting to deal with the aftermath. "

On the phone, Yang ziye is urging him. He doesn't mean to destroy Jin Zhengting's good deeds. Although the stock market is stable now, it is still very weak compared with before. The consequence of crazy purchase of stocks is that every step has to be carefully prepared.

to ensure that the stocks purchased will not depreciate, otherwise, once the astronomical number of stocks depreciate, it will be very difficult It's not going to bankrupt the two families, but it's going to hurt them.

"OK, I'll be right there." Jin Zhengting answered, and then said to Zhao Tongxin, "rest in peace for a few days. The doctor said that you can go to work only when you are discharged from hospital."

Zhao Tong Xin nodded and said, "OK, I'll take care of myself. Zhengting, you go first."

"Well." Jin Zhengting replied and looked at the spoon garden.

Spoon garden immediately patted the towering chest guarantee: "boss rest assured, as long as I am in, pupil heart will not be dangerous."

Jin Zhengting nodded and took Rong Lei back to his building by helicopter.

"Rong Lei, it's time to fight back." Jin Zhengting said to Rong Lei before entering the president's office.

Rong Lei nodded knowingly: "understand, boss."

It's a good opportunity to start now. Jin Zhengting has always been good at seizing the opportunity. Huo Tingchen must be extremely dispassionate now, and the fund is meaningless for him for the time being.

What Huo Tingchen is thinking now is to send elite men to deal with Jin Zhengting, so as to achieve the purpose of venting and revenge. Therefore, the guards on his territory must be very empty now. Jin Zhengting is keen to seize this opportunity and begin to fight back against Huo Tingchen.

This is only Jin Zhengting's first step.

Jin Zhengting is about to hold a board meeting to launch a comprehensive commercial counterattack against Huo Tingchen. Now all the stocks controlled by Huo Tingchen have been sold off. If he wants to

enter the stock market again, he will be resisted by the major consortia of Jiangbin City headed by Jin Zhengting.

Since Jin Zhengting has not been defeated, they will stand firmly on Jin Zhengting's side, Huo Tingchen? He has no strength to shake Jin Zhengting's position, so no one cares about him.

When Jin Zhengting stepped into the office, all the shareholders and executives of the group had arrived.

With a dignified glance at the people present, he said faintly: "this meeting has only one topic, how to boycott Huo Tingchen group in an all-round way."

A senior executive raised his hand and asked, "boss, how far is our group going to resist?"

Jin Zhengting's eyes flashed cold: "remove his group from the market."

Another senior executive also raised his hand to speak: "boss, I'm afraid it's very difficult to do this, because in addition to the group, there are many consortia in Jiangbin city who have business relations with Huo Tingchen. How can we persuade these consortia to give up their vested interests?"

Jin Zhengting's tone gradually became cold: "there is no need to persuade, as long as everyone knows, who cooperates with him is the enemy of Jin Zhengting."

All the elites on the scene couldn't help gasping for air. This sentence is too serious. Everyone knows that in Jiangbin City, Jin Zhengting will become a mortal enemy, no less than in XX country, San Pang will become an enemy.

But a discordant voice sounded: "boss, I don't think it's right for you to make such a decision."

Jin Zhengting's face remained unchanged, but the chill in his eyes was even stronger. He looked at the executive who spoke and asked, "why?"

The senior executive organized a speech and said, "boss, colleagues, although Huo Tingchen group has fought a commercial war with us today, the winner still belongs to the group. Therefore, we should show the demeanor of the winner."

"Secondly, the consortia that have cooperated with Huo Tingchen group are all old consortia in Jiangbin city. I don't think it's necessary to touch their interests for the sake of a defeated general. Finally, I heard that the boss's wife was hospitalized to raise funds for this commercial war. I express my regret, but I don't think the boss wants to blame others for this accident."

Jin Zhengting frowned, then stretched out and said, "you're right."

After all, there are not many people who can get Jin Zhengting's praise. He tried to be calm, bowed his

head slightly and said, "thank you for your appreciation."

"Well, you're fired." Jin Zhengting said lightly, like announcing a trivial matter.

And this sentence, for that executive, is like a bolt from the blue, he can survive to the present position, it's really not easy.

"Why? Boss, I'm thinking about the company. " The executive's feeble defense.

Jin Zhengting glanced at him and said, "if you only say the first two reasons, I won't fire you, but the third reason is absolutely intolerable."Two big men came in immediately, dragging the paralyzed former executive out of the office like a dead pig.

Jin Zhengting glanced coldly at the audience again and asked, "does anyone have any other opinions?"

No one spoke this time, boss this time but red crown a fury for beauty ah, no one dare to touch the mold.

The meeting set the tone from the very beginning, so it went very smoothly. These business elites soon worked out a series of plans for Huo Tingchen group and put them into action. Huo Tingchen would be greatly hurt if he did not go bankrupt this time.

The counterattack trilogy against Huo Tingchen is now complete.

After the meeting ended, Jin Zhengting lit a cigar. In the smoke, he went to the bedside, looked at the direction of the hospital, and said silently in his heart, "Tong Xin, I will pay the price you paid for me a thousand times back to Huo Tingchen."

In the afternoon, the Jin family.

With a string of Buddhist beads in her hand, Mrs. Jin is enjoying the cool in the courtyard of the villa with her eyes closed in the shade. She always feels that the air-conditioning is not as cool as the natural wind.

During the time when she came back to Jiangbin from abroad, the old lady gradually got used to the climate here. She likes to sit in the yard every afternoon and have a look at the scenery, which has become a habit in her life.

Far away from the courtyard wall, Xu Yanke looks at Mrs. Jin with a complicated look.

She received Huo Tingchen's task to let Jin's immediate family feel that life is more than death, and her heart still loves Jin Zhengting, so she doesn't want to do too much harm to Jin Zhengting. If it hurts old lady Jin, Jin Zhengting will not forgive her.

After thinking about it, she thinks that Jin Ying is the most suitable candidate. First, she and Jin Ying have been in a state of mortal enemies. Second, Jin Zhengting doesn't seem to care much about her sister, otherwise she won't put her own sister in a mental hospital for the sake of Zhao Tongxin.

Xu Yanke thinks of what Jin Zhengting has done for Zhao Tongxin, and his anger goes straight to his head, that is jealousy.

His love for Zhao Tongxin originally belonged to her, but she snatched Jin Zhengting from her own hands, so she wanted to revenge, must revenge Zhao Tongxin, let Zhao Tongxin lose Jin Zhengting forever.

Xu Yanke takes a deep breath, turns over the courtyard wall and enters Jin's villa.

From the appearance, there is no defense measures in Jin's villa, and there is not even a doorman at the door.

In fact, there are at least 30 well-trained bodyguards in this villa. They don't have weapons. Once someone intrudes, they can kill the intruder without warning.

Fortunately, Xu Yanke has lived here for some days. In her habit, the first thing to do is to understand the surrounding environment, so she is very familiar with this super luxury villa.

Only see Xu Yan can seven turn eight turn, cleverly avoid those hidden in the dark bodyguards, as well as closed-circuit surveillance system.

Through a flower wall surrounded by tropical rainforest plants, Xu Yanke quietly sneaks into Jin's villa. In the afternoon, Jin's servants are resting, so few people walk around the villa. If she chooses this time, she will not be found.

There are many rooms in the villa, but Xu Yanke comes to Jin Zhengting's door by virtue of his superhuman memory.

Jin Zhengting seldom comes back, so the room is locked, not an electronic lock. In this antique villa, the door lock is also very retro.

This kind of door lock is hard for Xu Yanke. She takes out a thin steel wire from her pocket and pokes it into the lock hole. Then the door lock is opened.

She crept into the room and found a password safe in the corner of the room. The safe was covered with dust. It looked like no one had opened it for a long time.

"The necklace should be in here." Xu Yanke said to himself.

Her second task is to get the necklace that she originally owned, but after several twists and turns, she

finally returned to Jin Zhengting.

This necklace is worth 200 million, which makes people want to own it.

From Huo Tingchen's words, Xu Yanke feels that he must have some special significance for this necklace. Otherwise, Huo Tingchen's strength will not be enough to show interest in 200 million things.

Xu Yan is a smart woman. She knows that there must be a secret hidden in the necklace.

She wants to get the necklace, but she doesn't want to give it to Huo Tingchen. She is afraid and obedient to Huo Tingchen, because the man's means are too cruel, but she has no ability to get rid of Huo Tingchen's control over her.

She hates Huo Tingchen, so she should have her own plan. Maybe the secret in the necklace can make her turn the situation around.

A smart woman always thinks about herself first.

### **Chapter 312**

Xu Yanke turns around the password box, frowns and ponders for a while. Suddenly, her eyes light up. She squats down and dials the password lock.

Nine times out of ten, Jin Zhengting uses Zhao Tongxin's birthday as his password.

"Click" a, password lock really opened, Xu Yanke's face with hate expression, biting teeth hate said: "as expected with that bitch's birthday do password."

Xu Yanke picked up the glittering necklace, forced to close the password box, issued a very heavy voice.

She did it on purpose. Jin Ying lives next door to this room. She wants to lead Jin Ying over.

According to Xu Yanke's understanding of her, Jin Ying is extremely sensitive. Even a little noise will disturb her. No matter how soundproof the room is, there is always a little vibration, which is enough to arouse Jin Ying's vigilance.

Sure enough, there was a sound of footwork in the corridor, and Jin Ying came.

Jin Ying's face was a little haggard. She pushed open the door and leaned in half to check the movement of the room. Then she saw Xu Yanke's cold face.

"It's you?" Jin Ying was surprised, and her face showed a look of amazement and disgust.

"Didn't expect me to come back?" Xu Yanke asked with a sneer, with a trace of mockery in his eyes.

Jin Ying snorted coldly: "I really didn't think of it."

She glanced at the necklace in Xu Yanke's hand and said hatefully, "you are so brave. You dare to steal Jin's things."

"No, I'm not just here to take this necklace." Xu Yanke shook his head and said.

"Then what's your purpose?" Jin Ying asked subconsciously.

Xu Yanke's hand suddenly more than a sharp dagger, her eyes in the reflection of the blade more cold, with a cruel smile: "because you always look at me, so I decided to let you never see me."

Jin Ying is shocked. With her understanding of Xu Yanke, this woman can do everything, so her first reaction is to run away.

But she didn't expect that Xu Yanke's speed was so fast. At the moment when she turned around, Xu Yanke had already bullied her body. With a wave of the hand holding the dagger, the blade drew a wonderful arc in the air, bringing a touch of blood red color.

"Ah Jin Ying screamed and fell to the ground with her eyes covered in her hands. Her body was rolling on the ground because of the pain. A beautiful face was twisted because of the pain, and the bright red blood flowed from her fingers.

Now her world has no light, only a piece of blood red.

Xu Yanke's silent sneer, pondering watching Jin Ying struggling on the ground, screaming, a strong sense of revenge rises in her heart.

"Miss!"

Some people heard Jin Ying's miserable voice, and soon there was a noisy step in the corridor, running here in a panic.

"Live well in this dark world."

Xu Yanke said to Jin Ying with a sneer. She broke the window and went back along the original road. Behind her, the Jin villa was in a mess. She heard someone calling for Mrs. Jin to faint.

Another luxury villa in Jiangbin city.

Huo Tingchen's room was in a mess. Everything he could see was smashed by him.

Jin Zhengting's counterattack came too fast and too fierce, which made him unable to fight back.

Before the stock market war, Huo Tingchen still had the strength to compete with Jin Zhengting, but now, he has no ability to resist at all.

Not long ago, several consortia supported by him called one after another to euphemistically say that they would terminate all business contacts with him. Needless to say, Jin Zhengting must have exerted pressure on them and forced them to give up.

His plan to destroy Jin Zhengting's business empire by means of the stock market crash was not successful. Instead, because he sold all his stocks, he now wants to re-enter the stock market, but he has encountered many obstacles. Even if he can re-enter the stock market, he will also face the strangulation of the rich and powerful headed by Jin Zhengting.

Even his original market has been divided up by several companies established at noon, and the whole Jiangbin city seems to isolate him completely in an instant.

These are nothing. All the funds he sold his shares are in the Treasury. This is to prevent Jin Zhengting from freezing his assets by using the relationship with the bank, but he found himself wrong again.

More than ten minutes ago, his secret vault was looted by a group of unidentified people. According to the surviving subordinates, the people who looted the vault were well-trained, well-equipped and as strong as an army. Needless to ask, this was also Jin Zhengting's hand.

At the same time, the arms business, which maintains the lifeblood of the economy, has also suffered heavy losses. Several transportation lines have been cut off at the same time, and more than a dozen transport ships carrying arms have somehow sunk into the bottom of the high seas. In this way, the survival arms have been fed to the fish and shrimp. Behind this incident, there is also the shadow of Jin Zhengting.

In just a few hours, Jin Zhengting showed great strength and almost forced Huo Tingchen into a desperate situation.

Huo Tingchen also felt that Jin Zhengting's counterattack was different from the previous ones. He seemed to want to kill him directly, but Huo Tingchen couldn't figure out why Jin Zhengting was so angry. Of course, he doesn't know that Jin Zhengting has become paranoid to Zhao Tongxin. Now he won't let Zhao Tongxin be hurt a little. For those who hurt Zhao Tongxin, Jin Zhengting doesn't mind breaking him to pieces.

"Don't be so angry, Mr. Huo." Long Jiuqiao with long legs, sitting on the sofa, calmly looking at Huo Tingchen vent emotions.

Huo Tingchen breathed heavily, his old gentlemanly demeanor disappeared, his hair was messy, his eyes were red, and he said viciously, "Jin Zhengting, I will let you die."

"Don't be in a hurry for a while. It seems that you are no longer Jin Zhengting's opponent with your current strength." Long Jiu said with a smile.

Huo Tingchen suddenly raised his head. He came to long Jiu and stared at her. He said, "do you think I can't compare with Jin Zhengting?"

"Judging from the current situation, it seems to be so." Long Jiu was staring at him with murderous eyes, not nervous at all.

"Pa!"

Huo Tingchen slapped long Jiu in the face with his backhand, which made his left cheek red and swollen, and spilled a trace of blood from the corner of his mouth.

"Why, Mr. Huo, now you can only brush the sense of existence on women?" Dragon nine is still not angry, a pair of charming eyes with a smile, looking at the furious Huo Tingchen.

"If you were not useful, you would be a corpse now!" Huo Tingchen clenched his teeth and said that no one dared to mock him so much in front of him. What's more, Jin Zhengting, the man he hated, was the one who compared with him.

"Mr. Huo, do you know that anger will make a person lose the most basic reason. In the face of a terrible opponent, the consequences of no reason are fatal." Long Jiu teased his hair and said rationally.

Huo Tingchen was stunned for a moment, and then returned to the previous polite attitude, said: "you are right, I am sorry for the behavior just now."

Dragon nine light smile: "it doesn't matter, I don't mind you do anything to me."

"Is it?" Huo Tingchen's eyes flashed a trace of doubt.

"Mr. Huo must think that I'm just a wall grass. In order to achieve his own goal, whoever is strong will choose to cooperate with whom, right?" Dragon nine suddenly asked.

Huo Tingchen did not answer or deny. From the moment of cooperation, he never really trusted long Jiu, a woman who looks like a cat.

"Mr. Huo is so thoughtful that I won't choose to cooperate with Jin Zhengting." Dragon nine light said.

"How much do you think I can trust a woman like Miss long when she says that?" Huo Tingchen said.

"What can I do to make Mr. Huo believe me?" Long Jiu asked with a smile.

"Tell your secret." Huo Tingchen said word by word.

Long Jiu sighed and said, "well, since Mr. Huo must want to know my secret, I'll tell you, but I have to wait for a while."

Huo Tingchen can't help but ask: "when do you want to wait?"

Long Jiu said with a smile: "when your beautiful woman gets the necklace, I promise to tell Mr. Huo everything he wants to know. Moreover, I believe Mr. Huo will have the strength to deal with Jin Zhengting at that time."

Huo Tingchen's pupils suddenly contracted. This is his dead spot. As long as he can deal with Jin Zhengting, he doesn't care to use any means or do anything. This thing is too difficult for him to resist, so after a little weighing, he chose to believe in long Jiu again.

The top floor of the most magnificent commercial building in Jiangbin city is the president's office.

Jin Zhengting still looks far away, overlooking the whole Jiangbin city. In this prosperous city, he is the peak.

Within a few hours, Huo Tingchen was forced into a corner. According to the original plan, Huo Tingchen group will have to go bankrupt in the next few days.

"Tong Xin, if this level can't let you put down your hatred, I don't mind letting Huo Tingchen disappear from the world."

Jin Zhengting thought.

After the knock, Rong Lei pushed the door in, looking a little ugly.

"Boss, something's wrong."

Rong Lei hesitates to say that he has just received the news that Jin's villa was attacked and Jin Ying was seriously injured. Even old Mrs. Jin fainted because she was frightened. Now both of them are in the hospital. Especially Jin Ying's eyes have been badly damaged and her hope of recovery is very slim.

He is in charge of the guard work of Jin's villa. In any case, he also has the responsibility. When facing Jin Zhengting, he has a deep sense of guilt.

"What's the matter?"

Jin Zhengting feels Rong Lei's uneasiness and knows that the situation is serious.

"Boss, the villa was attacked, Miss Jin Er's eyes were injured, and Mrs Jin fainted and was hospitalized. This is my responsibility. Please punish me." Rong Lei briefly explained the situation with guilt.

Jin Zhengting has a cold face. He has been busy dealing with Huo Tingchen in the shopping mall all this time, ignoring the safety of his family. Huo Tingchen is a crazy man who can do everything when he is in a hurry."Now is not the time to investigate the responsibility. Go to the hospital first." Jin Zhengting said and walked out of the office quickly.

### **Chapter 313**

hospital.

Zhao Tongxin sat on the bed, looking through a comic book. This ward is her exclusive ward. When she first entered the hospital, Jin Zhengting bought this ward, which is no less than a star hotel.

Shaoyuan is sitting by the bed, holding her forehead in one hand. She sleeps all the time. She is also very tired today.

Zhao Tongxin now likes a quiet environment. In such an environment, she always unconsciously thinks of Jin Zhengting, but she hasn't met for a long time. She also feels that after a long time, time seems to be very long.

Probably because I miss someone in my heart, which is the most painful and happy feeling in the world.

She is also a little tired, the body has not recovered, but she does not want to sleep, because when awake, the real miss is better than in the dream.

There was a slight sound of footsteps outside the door. She couldn't escape the keen ears of Shaoyuan who was sleepy. She suddenly got up and startled Zhao Tong. She was about to ask. Shaoyuan made a hiss gesture, pulled her to a relatively safe place, and then stared at the door warily.

The visitor did not knock on the door, directly pushed open the door of the ward, spoon garden a brisk rush up, it is necessary to control the rash intruder.

As a result, Shaoyuan's action was only half done, and an iron fist was close to her face. His action was too fast for Shaoyuan to respond.

The visitor didn't mean to hurt her, so he closed his fist in time, and the strength was just right.

"The court."

Zhao Tongxin first saw that it was Jin Zhengting, and then he opened his mouth.

"BOSS?"

Jin Zhengting takes back her fist, and Shaoyuan sees Jin Zhengting just now, because her sight is

completely blocked by Jin Zhengting's fist. If Jin Zhengting didn't take back her fist just now, Shaoyuan has lost her sight now.

"Well." Jin Zhengting replied.

"Boss, why don't you knock? I thought someone was going to attack Tong Xin." Shaoyuan pouted her little lips and said, but she was not unconvinced. In front of Jin Zhengting, a man who was so strong that he could not last three rounds with her ability.

"You are too sensitive." Jin Zhengting said as he walked to Zhao Tongxin.

"Boss, this is a girl's room. Is knocking on the door a basic courtesy?" Spoon garden mouth unforgiving said.

Jin Zhengting looked at Shaoyuan coldly and said in a flat tone, "this is my woman's room. Do you need to knock to get in?"

Spoon garden Leng Leng thought for a long time, nodded and said: "you are right." Then she exits the room wisely. She is usually careless, but she still has this look. She won't do such an embarrassing thing as light bulb.

"Zhengting, why are you here?" Zhao Tong half sat up and asked.

Jin Zhengting sat beside her bed and said faintly, "something happened. Come and have a look."

"Zhengting, what happened?"

Zhao Tong heart carefully from Jin Zhengting as if nothing had happened on the face to see the clue, his original deep eyes, hidden a trace of worry and anxiety.

What worries a man like Jin Zhengting must be a big event. Only Zhao Tongxin in the world can see his heart from the subtle expression in his eyes, because she loves him and he loves her. The two people in love are interlinked.

"Grandma and Jin Ying are in hospital."

Jin Zhengting said faintly, Zhao Tongxin still heard the anger and heartache that he tried to hide from his plain tone.

He is such a man. He never expresses his real ideas, so he looks cold and hard to approach. Zhao Tongxin knows very well. In fact, he is a person with rich and delicate feelings.

Zhao Tong Xin took his hand and gently asked: "Zhengting, what's the matter, is it serious?"

"When the villa was attacked, grandma was a little frightened. Although she was still in a coma, her condition was relatively stable, just Jin Ying."

At this point, Jin Zhengting's voice stopped.

Zhao Tongxin was shocked by the attack on Jin's villa. Smart, she soon thought that no one else dares to do this except Huo Tingchen. If Huo Tingchen is really successful, Jin Ying must be in a bad condition now.

"Zhengting, is Jin Ying OK?" She knows how to say that Jin Ying is still Jin Zhengting's sister and that blood is thicker than water.

Zhao Tongxin stroked Jin Zhengting's hand and asked. At this time, she only hoped that she could give him a little comfort.

"Maybe, I can't see again." Jin Zhengting's tone was a little heavy.

"Ah? So serious?" Zhao Tong heart startled, she did not expect Huo Tingchen is so vicious.

"It's what Xu Yan can do." Jin Zhengting said suddenly.

"Zhengting, how do you know?" Zhao Tong Xin comforted him and asked.

"In addition to her, no one under Huo Tingchen can avoid surveillance and bodyguards so easily. The housekeeper said that the necklace has disappeared, so I'm more sure that she did it." There was no emotion in Jin Zhengting's voice. "Zhengting, I want to see grandma and Jin Ying." Zhao Tong Xin got up and said.

"Your injury is not good, don't move." When Jin Zhengting talked to her, his voice was warm.

"No way, Zhengting. I'm from the Jin family. My grandmother and Jin Ying are in hospital, and they're so close to me. How can they not visit? I'm fine."

Zhao Tongxin said and went down to the ground. A deep pain came from her feet, but she bit her silver teeth and pretended to be nothing.

Jin Zhengting took out a paper towel from the table, gently wiped the cold sweat from her forehead due to pain, and said: "in front of me, there is no need to do this."

He said, to the door with a loud finger, immediately a hand pushing a wheelchair in, respectfully bow, and then quietly back out.

"Sit up." Jin Zhengting said to Zhao Tongxin in a commanding tone.

Zhao Tongxin obediently sat in the wheelchair, Jin Zhengting behind, gently pushed her, Zhao Tongxin quickly red face refused: "Zhengting, can't be like this, what does it look like to be seen by others, pay attention to the image of the president?"

Jin Zhengting raised his hand to stop her talking, and said overbearing: "as long as I want, no one dares to talk nonsense."

Zhao Tong's heart is full of the sweetness of being cared for, but he is deeply worried about Jin Ying's eyes.

Intensive care unit, here has become the object of Rong Lei's key protection, he will not make the same mistake again.

Even doctors and nurses have to undergo a strict body search before they can release. Even the drugs on the plate have been carefully checked by professionals.

Seeing Jin Zhengting pushing Zhao Tongxin over, the guards consciously gave way.

Through the glass, they saw that Mrs. Jin was still lying in a coma on the hospital bed, covered with tubes of various medical instruments.

Jin Zhengting frowned involuntarily, called Mrs. Jin's attending doctor and asked, "how's grandma?"

The attending doctor naturally knew the famous Jin Zhengting in Jiangbin city. After carefully looking through several pages of records, he said, "Mr. Jin, please rest assured that the old lady was just in a coma caused by excessive fright. When she fainted, she might have hit her. There were some slight bruises on her body. It's not a big problem."

"Grandma is not awake yet." Jin Zhengting's tone increased, indicating that he was not very satisfied with the doctor's answer.

"Well, after all, the old lady is in her eighties, and her physical function is no better than that of young people, so she has a longer coma time. But Jin should not worry too much. The old lady should wake up tomorrow morning."

The attending physician felt Jin Zhengting's dissatisfaction and quickly explained.

Jin Zhengting waved the doctor away.

"Zhengting, grandma will be OK." After the doctor left, Zhao Tongxin said

"I'm ok, I don't need comfort." Jin Zhengting said.

"I'm not comforting you, Zhengting, because I believe that grandma will get better." Zhao Tong heart

eyes firm said.

On the other side of the city, villas.

Long Jiu was playing with the necklace in his hand, and his face was smiling from the bottom of his heart.

"You did a good job." Huo Tingchen also said with a smile. His smile was kind and charming, and he didn't care about Xu Yanke's resentful eyes.

After Xu Yanke gets the necklace and runs out of Jin's villa, he calls Huo Tingchen and tells him that he stabbed Jin Ying blind in the eyes. However, he conceals the fact that he stole the necklace, saying that the situation was chaotic and he escaped without taking it.

Huo Tingchen promised and hung up the phone. She thought that she had cheated him, so she wanted to hide the necklace. But before she could figure out where to hide it, she was held by several guns on her head and the necklace was taken away by these people.

Those people are Huo Tingchen's most sincere subordinates. It can also be said that Huo Tingchen never really believed Xu Yanke. Her every move is under his supervision.

"Mr. Huo, your people don't seem to be honest. What are you going to do with her?" Dragon nine charming smile, ask.

"It would be a pity to kill her, because she is my best man, but this time it can't be done like this. Miss long, what do you think I should do?"

Although he was beaten by Jin Zhengting in the market, he was relieved to learn that Xu Yanke blinded Jin Zhengting's sister.

He knew that Jin Zhengting must be very upset now, so his heart was very happy.

"What I fear most is being scratched. What a woman cares most about is her appearance. If she is disfigured, I think she has a dead heart?" Said long Jiu.

Xu Yanke's heart suddenly tightens, her eyes are full of hatred, and she stares at this vicious woman. She seems to have forgotten that her own means are not so good.

"Miss Xu, if you look at me with eyes I don't like, maybe I'll dig out your eyes. I don't think Mr. Huo will mind." Long Jiu said to Xu Yanke with a smile.

Huo Tingchen snorted: "it's up to you to make decisions without authorization and try to hide the fact that you got the necklace. Even if Miss long did, I would never mind." "I, I'm wrong, please forgive me!" Xu Yanke has to bow her head to admit her mistake, because she knows Huo Tingchen's ruthlessness.

He can do what he says. What's more, there is a more ruthless dragon nine around him.

"You go down to reflect on yourself first. I'll let you off this time. Next time, you won't have such good luck." Huo Tingchen finished warning Xu Yanke and waved at her.

Looking at Xu Yanke's back, long Jiu sighed: "Mr. Huo is really a person who cherishes fragrance and jade."

"You're wrong. She's a pawn in my revenge plan, so I need her alive." Huo Tingchen said with a smile that he is in a good mood today.

"Well, I'm very interested in listening to Mr. Huo's plan. It must be very interesting, isn't it?" Long Jiu asked with a wink.

"Yes, but before that, does Miss long have to say it first?" Huo Tingchen's face suddenly changed and asked.

"What does Mr. Huo want me to say?"

"Your secret!"

### **Chapter 314**

"In fact, my secret is very simple, that is, I am your own sister, Mr. Huo. Do you feel surprised?" Dragon nine at will play with the necklace, light said.

Huo Tingchen, if struck by lightning, was so surprised that he suddenly rose from the sofa. He was stunned for a full minute before he managed to digest the secret of long Jiu. However, his face still showed an unbelievable expression, because he could not accept the fact for the time being. He just murmured, "what do you say?"

"I'm your own sister." Long Jiu repeated again.

"Impossible, absolutely impossible. After the destruction of the Huo family by the Jin family, I was the only one who survived. You can't be my sister. I don't have a sister!"

Huo Tingchen absolutely does not believe what long Jiu said, he repeated repeatedly, what long Jiu said is absolutely not true.

He was one of the people who had experienced big storms. He was also surprised to hear the news.

"Brother, I'm telling you the truth. In those years, our dead father had noticed that the Jin family was eyeing our Huo family, so he gave me to his old friend, that is, long Shao's father." Long Jiu explained.

Huo Tingchen shook his head and said, "that's even more impossible. My mother died after she gave birth to me. How could she have other children?"

"It's true that I wasn't born by your mother, but it doesn't mean that our dead father has no other woman. If he has a woman who nobody knows outside, he will give birth to a lovely daughter for her." Long Jiu said with a smile.

"It's not impossible, but I still have a question. Why did your father send you to the dragon's house?" Huo Tingchen is very suspicious.

Long Jiu knew that it was hard for Huo Tingchen to believe her one-sided words, and explained: "in those days, the long family was in the heyday in Jiangbin City, often engaged in some arms business, and had close contacts with the KGB organization. That's why our dead father sent me to the long family, because through the long family's relationship, I could accept the KGB's secret service training Practice. "

"What's the purpose of my father's doing this? In those years of the Huo family, you can be sent to a better environment. Why must I train you to be an agent?" Huo Tingchen still doesn't believe it.

"The reason is in this necklace."

Long Jiu handed Huo Tingchen the dazzling diamond necklace.

Huo Tingchen took over the necklace. He had studied it many times, but he didn't find any secret except that the diamond was bigger and brighter than other necklaces.

He looks at long Jiu in doubt. He knows that long Jiu will explain.

"There are 37 diamonds on this necklace, and each diamond is a code. Only by getting this necklace can we open the door of dad's Secret warehouse in Siberia." Long Jiu explained.

"My father had a secret warehouse in Siberia. Why didn't I know?" Huo Tingchen can't help but ask, he now in the heart a little believe long Jiu's words.

"That's before the Jin family attacked the Huo family. The dead father felt that he was doomed, so he rushed to transport about one third of his property to the secret warehouse. He also knew that with your ability, it's hard for one person to compete with the whole Jin family."

"So he decided to train me to be the best agent and come back to help you at the right time. The reason why I haven't returned home for 20 years is that I have another task to guard the secret warehouse. The wealth there is our hope to deal with the Jin family."

Long Jiu tells the secret, seems to put down a heavy burden, nestles on the sofa like a cat, blinks her charming eyes and looks at Huo Tingchen.

Huo Tingchen pondered for a long time, then spoke slowly: "there is one last question."

"Don't ask. I know what you want to say. I don't know why. I know you are my brother, but I fell in love with you at the first sight." Long Jiu gives Huo Tingchen a big eye.

"Nonsense, but we are brothers and sisters." Huo Tingchen said that he has been relying on himself to fight against the power of the Jin family. It is undeniable that at some times, he will feel helpless and lonely, and sometimes he will want to have a family member to share.

But what he didn't expect was that his half sister appeared, but as his fiancée.

When a woman who has had a relationship with you suddenly tells you that I am your own sister, the normal person's reaction should be to write two big words on her face.

Fortunately, Huo Tingchen is not a normal person, his face just changed, and soon returned to normal, and always cold eyes, flashing different excitement, looking at long Jiu's eyes, just like a wolf looking at a pure lamb.

"Brother, I know you will like me." Dragon nine's face is suffused with a trace of blush, said with a soft voice.

Huo Tingchen smile: "Oh? How do you know I'm going to like it? "

"Because brother and sister love this kind of treacherous, heartless thing, happen to you, you will feel very excited." Long Jiu blinked his eyes. When he spoke, the suspender of his dress slipped down a little, revealing a white fragrant shoulder. Huo Tingchen swallowed a mouthful of saliva. Over the years, he just needs women, or just a way to vent his emotions, but his feelings about long Jiu are different, because long Jiu is his sister. Thinking of this, he has an indescribable excitement in his heart.

Especially under the beauty of long Jiu, he even felt that he could not control it.

"Brother, don't you like me?" Dragon nine barefaced said, eyes more blurred up.

Huo Tingchen breathes heavily and comes to long Jiu with several steps. He crudely presses her under his body. With the sound of several pieces of cloth breaking, long Jiu's expensive dress becomes a few irregular pieces.

As if Huo Tingchen's performance is more crazy, long Jiu is more excited. Her red lips are slightly open and delicate: "brother ~"

Hear dragon nine in his ear soft voice of shout elder brother, smell her body light delicate fragrance, see her body hanging broken dress, and looming white ketone body.

There is no foreplay, directly into, with the Dragon nine a call to death, their body under the sofa

rhythmic vibration.

"Brother, how do you say we should deal with Jin Zhengting?" While catering to Huo Tingchen's rough impact, Long Jiu still remembers the current situation.

"Didn't father leave a fortune? We'll use this property to turn the market around. " Huo Tingchen said, biting his teeth, with a ferocious expression.

"But your action today has already infuriated Jin Zhengting. He will certainly retaliate against us. With our present strength, we can no longer compete with him, so we need to stay away from him." Long Jiu said in a soothing voice, the picture is so beautiful.

"I've decided to declare the company bankrupt, and then we'll go abroad to avoid the limelight, but one day I'll come back for revenge!" Huo Tingchen is a smart man. He also foresees the serious consequences of attacking Jin's villa. Since he has a way out, he will not meet Jin Zhengting.

He chose the strategy of keeping a low profile, which not only could avoid Jin Zhengting's revenge, but also had more time to warm up with his half sister.

With dragon nine a scream, two people reached the peak at the same time.

On the other side of the city.

Jin Zhengting returns to the office from the hospital. Mrs. Jin's condition stabilizes and makes him feel at ease. Although Zhao Tongxin is pregnant and has injuries on her feet, she still insists on Guarding outside the intensive care unit, waiting for Mrs. Jin to wake up and inform herself immediately.

Her behavior made his heart warm, but when he thought of Jin Ying, his brow wrinkled unconsciously.

The doctor told him that it was impossible to recover her sight. Jin Ying was going to live in a dark world in the latter half of her life. The light was so far away.

He doesn't show it often, even for Zhao Tongxin's sake, he has dealt with Jin Ying with tough means, but it doesn't mean he doesn't care.

His hands can't help clenching. These hands hold everything of Jiangbin. As long as he tries hard, those who have hurt him and his relatives will be crushed to pieces.

"BOSS。 " Rong Lei knocks on the door and comes over.

Jin Zhengting looked into the distance and said faintly, "has the hospital been done?"

Rong Lei said: "it has been arranged. I promise it will be safe."

Jin Zhengting nodded his head slightly. Rong Lei is a cautious man. He said that if there is no mistake, there will be no problem.

"Boss, it's my responsibility that Jin's villa is attacked. I will take it." Rong Lei gritted his teeth, or took the initiative to say it, he always felt that it was his own fault.

Jin Zhengting takes a look at Rong Lei and suddenly asks, "how's Rong Qi?"

Rong Lei didn't expect that Jin Zhengting would ask this question. He was slightly stunned, and then replied: "the operation done the day before yesterday, the bullet was taken out. Fortunately, it didn't hurt the bone. It's almost three or two months of cultivation."

Jin Zhengting asked again, "how many times have you and Rong Qi saved Tong Xin?"

"I don't remember, boss." Rong Lei never cares what contribution he has made, so he really doesn't remember, but he doesn't know why boss asked these questions.

Jin Zhengting patted him on the shoulder and said, "Tong Xin is the person I care about most. You and Rong Qi have protected her many times. I remember that."

Rong Lei's face was touched. Jin Zhengting seldom made such a move, which shows that he is really thanking Rong Lei.

"BOSS。 " Rong Lei doesn't know what to say.

"Don't care about a mistake. You're doing well. You don't need to blame yourself." This is Jin Zhengting's final conclusion, which is equivalent to the highest judgment. Only he has the power to pronounce a judgment, and he will never be questioned.

So Rong Lei only nodded and said, "yes, boss."

"Huo Tingchen, I will make him pay the price. He must be ready to run now. He must stay forever before he leaves Jiangbin." Jin Zhengting said coldly.

"Yes."

Without Jin Zhengting's specific requirements, Rong Lei knows what he should do.

## **Chapter 315**

Huo Tingchen is a person with a strong sense of crisis. When he felt that Jin Zhengting would make a lightning counterattack, he thought about the way out.

So Rong Lei with carefully selected men forced into Huo Tingchen villa, has been empty.

Under control of the situation, Rong Lei alone into Huo Tingchen's bedroom, put the gun into his pocket, carefully observe the bedroom environment.

The bedroom is very messy. There are two glasses of red wine on the table with half left. The taste of Lafite is very strong, which indicates that the two glasses of red wine were poured into the wine glass not long ago.

Rong Lei's eyes fall on the leather sofa. The sofa is messy, mixed with the smell of cigarettes and men's and women's lingering. There is a dress that is about to be torn into strips on the floor, which proves that Huo Tingchen has just had a relationship with a woman before he fled. He touches the sofa with his hand, and it also shows that Huo Tingchen has not left for a long time.

There is a dress on the floor. Rong Lei squats down and picks up the dress. It's a woman's skirt. It feels very good in his hand, which indicates that the nightdress is very valuable. Rong Lei judges that this dress should belong to long Jiu.

He stood up, took out his mobile phone and dialed Jin Zhengting's phone: "boss, Huo Tingchen ran away. He didn't run away for a long time. He probably took long Jiu with him."

"Well, send someone to block the docks, airports, stations. And the highway. " Jin Zhengting's order was simple and clear, and he hung up after saying a word.

"Yes, boss."

Rong Lei put away the phone, said to the guard at the door: "inform brothers, completely blockade Jiangbin City, must not let Huo Tingchen leave here!"

On an urban road in Jiangbin City, there is a traffic jam. In one of the ordinary off-road vehicles, Huo Tingchen is sitting in the driving position, staring at the slowly moving dragon in front of him, with a gloomy face and anxious eyes.

In order to avoid Jin Zhengting's pursuit and escape this time, Huo Tingchen had such a plan a long time ago. He always left a way out for himself.

So when Jin Zhengting's intelligence network found that Jin Zhengting sent people to the villa where he was, it was not too flustered. After a simple clean-up, it took long Jiu to get on the humble SUV.

He has already prepared his escape route for himself. He believes that no matter how fast Jin Zhengting's reaction is, it is impossible to prevent him from leaving the city and going to the seaside wharf.

There is a boat ready to take him away all the year round.

But the plan never kept up with the change until he drove into the road and found himself making a serious mistake.

He has calculated almost all possible situations, and formulated a series of coping strategies, but he did not expect the traffic condition of the escape route. Now the traffic jam on this road is very serious.

Twenty minutes. According to the original plan, he should have been on the boat by this time and would soon be able to sail into the high seas. At that time, Jin Zhengting had nothing to do with him.

Now, his car just barely moved a few meters towards the dock.

In the impression of ordinary people, traffic jam seems to be a common phenomenon in life, but Huo Tingchen thinks that it is going to kill him.

Now Jin Zhengting must know the news of his escape. According to his work style, he either doesn't do it or does it absolutely. Huo Tingchen even guessed that Jin Zhengting's men are beginning to control all the traffic arteries in Jiangbin city. Jin Zhengting is like setting up a big net. He just needs to tighten the net gradually, and he can't escape.

He never doubted that Jin Zhengting had such energy. He knew more about men than he knew about himself.

Huo Tingchen envies his energy, and he also envies that he has this energy. If the Jin family did not destroy the Huo family in those years, he should be the one who has this energy now.

Thinking of this, Huo Tingchen's heart emerged a strong hatred, hands uncontrollably smashed on the steering wheel.

"Brother, we can't linger here any longer. My intelligence network has heard that Jin Zhengting's men have begun to control the station, airport and wharf. If we don't find a way to get on the ship as soon as possible, we won't have a chance." The situation is very unfavorable to them. Long Jiu, who has always been calm, also shows a trace of anxiety on his face.

"I can't help it either. I knew that the result would be like this. I might as well take a helicopter to leave. I was worried that Jin Zhengting would be alerted if I acted too much, but now I find that it was smart that was mistaken. Why is Jin Zhengting always so lucky?" Huo Tingchen said very unconvinced.

Long Jiu sighed: "brother, luck is also a manifestation of strength. Without strength, there will be no good luck. We lost this game."

"I won't give up because I won't lose to Jin Zhengting. I still have a chance!"

Huo Tingchen's eyes are congested, which is the performance of his madness due to extreme anger. A crazy idea flashed through his brain.

"Brother, don't you want to?" Very clever Long Jiu seems to have guessed his idea.

"Yes, it's better to gamble with Jin Zhengting instead of waiting to die. It's a big deal." Huo Tingchen said, biting his teeth. "Have you ever thought that because of the last attack on Jin's villa, Jin Zhengting would definitely take the hospital as the focus of defense. Now there are only two of us. How can we succeed?"

Long Jiu has already guessed Huo Tingchen's crazy plan. He wants to attack the hospital suddenly and force Jin Zhengting to give up revenge on him, because there are not only old lady Jin and Jin Ying, but also Zhao Tongxin, the person Jin Zhengting cares about most.

They are all the closest people to Jin Zhengting. If Huo Tingchen's plan succeeds, Jin Zhengting will certainly be forced to submit. But the problem is that the probability of success is too slim, which is basically no different from death.

Long Jiu is a cautious person. She would not take such a risky thing before she reached the end of her life, so she opposed it at that time.

"No, I can't lose this game to him, I want to win, I must win!" Huo Tingchen slammed the steering wheel, and the SUV turned and sped to the hospital.

At this moment, Huo Tingchen was like a gambler who lost his red eye. He only thought about how to win back, but he also had all the characteristics of a gambler, courage, instant decision, and the courage to break the bridge.

In the hospital, the walls of this ward were painted pink, and the light warm tone made people feel warm. The reason why white is not used is because white color is easy to associate with the color of death.

The gauze is pure white. It twines in Jin Ying's eyes layer upon layer. She can't see the warm pink or the white symbolizing death. In her world, there is only a dark color.

Jin Ying put her hands around her knees and sat quietly on the bed. She sat like this for a long time.

The sunlight shining in through the glass outlines her beautiful radiant face.

Her face was pale, she looked haggard, she was weak, some were caused by shock and trauma, more was her despair of life.

Although everyone is deliberately concealing the fact that she can't recover her sight, she can still feel the fact that she is blind from everyone's vague tone and compassionate tone.

She is still in the blooming season of her life, the most naive and romantic age for a girl, but she is

always accompanied by darkness. She can no longer see the wonderful world and the boy she is thinking about. She can never go back to the past.

Jin Ying seems very calm and even has a faint smile on her face, but her heart is broken when Xu Yanke stabs her eyes, which is hard to repair.

All the hate and revenge, also at that moment become extremely ridiculous, finally he is still inferior to others, even his eyes are blinded, still talk about revenge.

All her hatred seems to be due to blindness, but her heart becomes calm, and suddenly grows up overnight, without the agitation.

But the price of growing up is so great.

There was a slight, steady step from far to near, and then the voice of the man was gentle and magnetic.

Jin Ying's hearing has been much better than before since she woke up in a coma. Maybe that sentence is right. God is fair. She took her eyes, but her ears are more sensitive than before.

She soon found it interesting that she could hear voices she had never heard before.

A girl who lost her light not long ago, how much fun is left in her life?

This voice is her familiar person, Ke Jingteng.

"Xiaoying, it's time to change the dressing."

Jin Ying was injured and hospitalized. As the best surgeon in Jiangbin city and a good friend of Jin Zhengting, Ke Jingteng naturally became Jin Ying's attending doctor.

Jin Ying did not speak and continued to sit still.

"Xiaoying?" Ke Jingteng called softly, walked to the bedside and put the medicine on the table carefully.

Jin Ying is very sensitive to sound now. Ke Jingteng doesn't want to make too much noise to stimulate her.

"I can hear you." Jin Ying's tone with unspeakable calm, light answer.

Ke Jingteng said in a gentle tone: "Xiaoying, it's time to change the dressing."

"There's no need for that." Jin Ying continued to say in a calm tone with a sad smile.

Ke Jingteng was stunned for a moment, and then tried to show a smile. Although she couldn't see it, he

also wanted to make her feel it, because in a sense, smile also represents a kind of hope.

"Xiaoying, don't give up hope. I will try my best to cure your eyes, but only if you cooperate with my treatment."

Ke Jingteng said gently and patiently.

"Come on, I'm not a child. I don't have to use these lies to deceive me. I know my eyes can't be cured. I'm blind now."

Jin Ying didn't move and her tone didn't change. Her life seemed to be fixed like this.

Ke Jingteng frowned slightly, sighed, sat down beside the bed and said, "Xiaoying, don't do this. Believe me, I must have a way. Don't give up, OK?"

Jin Ying smiles and says, "brother Jingteng, don't worry about me. I won't commit suicide for the time being. I still have a lot of things to do. Even if I die, I have to wait until the things are finished." Ke Jingteng's eyebrows wrinkled deeper. He had seen many patients who were blind by accident. All of them were crying and making noise. Jin Ying was the first one who was so calm.

There may be two reasons for calmness. First, she accepted the fact that she was blind. Second, she may have to commit suicide, but she still had a wish, so she postponed the process.

Now it seems that the second one is more likely. Ke Jingteng almost immediately decided to change Jin Ying's mind anyway.

He quickly thought of the root of the problem, that is, Jin Ying's wish, but what is her wish?

## **Chapter 316**

Intensive care unit.

The bodyguard guarding the entrance of Shaoyuan rushes to the corridor. Zhao Tongxin accompanies the old lady in it. A group of big men pestle at the door, which is a little suspected of destroying the beautiful picture.

Old lady Jin didn't wake up very long. She looked very bad.

When Jin's villa was suddenly attacked, the old lady, who was used to wind and rain, did not panic. It was only when she saw her granddaughter fall in a pool of blood that her nerves were deeply stimulated. The old man thought much more about her safety than he did. After all, he was old, frightened and anxious, and fainted without slowing down.

When I woke up, I was lying on the bed in the intensive care unit. At the first sight, I saw Zhao Tongxin

gently wiping his forehead with a towel.

Zhao Tong Xin's action is very gentle, for fear of hurting the old man, and very careful, every drop of water are wiped clean.

Mrs. Jin was a little moved, but she still didn't like her granddaughter-in-law. Although the Xu family is a well-known family in Jiangbin City, compared with the Jin family, it is obvious that the Xu family, or Zhao Tongxin herself, just want to climb up the high branch of the Jin family and get benefits from the marriage.

Therefore, Mrs. Jin has always disagreed with the marriage between Jin Zhengting and Zhao Tongxin. The old man's idea is more traditional. She always thinks that marriage should be a right match.

However, she had been living abroad a few years ago. When she returned home, Zhao Tongxin had married Jin Zhengting, and it was too late for her to object.

As the most senior member of the Jin family, Mrs. Jin can naturally order Jin Zhengting and Zhao Tongxin to divorce as the owner of the family. But if she does, it will give others the impression that the Jin family cares too much about the family background of the marriage object, which is not good for the image of the Jin family. Moreover, she does not want to give others the impression that the Jin family is still the master of the old lady, and her precious grandson is Jin The authority of a home must be maintained.

Therefore, during the period of her return to China, Mrs. Jin did not interfere in the affairs of Jin Zhengting and Zhao Tongxin, and did not pay much attention to Zhao Tongxin. She just met Zhao Tongxin on the day of her return.

It's the first time to be alone with Zhao Tongxin like this.

Of course, Mrs. Jin didn't know that this granddaughter-in-law was just a substitute for Xu Yanke. She looked very similar to Xu Yanke, but her name was Zhao Tongxin.

Mrs. Jin coughed. Zhao Tong Xin's face was surprised. She quickly put down the towel and asked eagerly, "grandma, are you awake? Do you feel uncomfortable? "

Mrs. Jin has read countless people in her life. At a glance, she can see that Zhao Tongxin's reaction is not in disguise. She worries about herself from the bottom of her heart, so she has a better impression of Zhao Tongxin.

But it's just one point, not enough to change her attitude.

"Well." Old lady Jin said faintly, half sat up and asked, "how's Xiaoying?" She's still more concerned about her injured granddaughter.

Zhao Tong Xin's eyes dimmed for a while, then he thought about it and said with a smile: "Granny, you can rest assured that Xiaoying is OK. She just hurt her eyes. She will be OK after a period of time."

"Well, you think I'm old-fashioned, don't you? You'd better not lie in front of me. Tell me honestly, what's the matter with Xiaoying?" Mrs. Jin asked angrily.

From Zhao Tongxin's twinkling eyes, she could see that her granddaughter-in-law was lying. Now she was worried about her granddaughter and hated her lying granddaughter-in-law. She had no good feelings for Zhao Tongxin just now, and her voice became stern.

The Jin family, with the highest seniority, has a kind of indescribable domineering spirit. At the same time, they are also dissatisfied with Zhao Tongxin.

Zhao Tong's heart was stunned for a moment. Old lady Jin's domineering spirit didn't scare her. She had been with Jin Zhengting for a long time.

She had a natural immunity to this kind of domineering spirit, but she didn't know why Mrs. Jin, who had only met once, would show dissatisfaction with herself.

"Grandma, Xiaoying, her condition is not very good, but the doctor will try her best." Zhao Tongxin answered Mrs. Jin's question in a soft voice.

"White lies are also lies. Don't deceive me. Besides, there are no soft bones in our Jin family who can't bear the burden. My old lady is no exception." Old lady Jin said to Zhao Tongxin in a tone of teaching.

Zhao Tong lowered his head and said in a low voice: "grandma, I'm sorry. I just saw you wake up. I'm afraid you're worried that Xiaoying didn't tell you the truth. Please forgive me."

"Forgive me or something. I'm not a woman who's going to die. You're the future wife of the Jin family." Mrs. Jin said sarcastically.

"Grandma." Zhao Tong wants to argue, but after seeing the look in Mrs. Jin's eyes, he wants to say nothing.

"Well, for the sake of the court, I don't care about you. Take me to see Xiaoying." Old lady Jin said that she was about to get out of the hospital bed.

Zhao Tong heart quickly stop, carefully advised: "grandma, you just wake up, or don't walk around, wait for the doctor to check it."

Mrs. Jin glared impatiently at Zhao Tongxin: "Zhao Tongxin, I'm not dead yet. It's not your turn to decide everything. After I'm dead, you can go to show the prestige of Mrs. Jin with others." Once a person has established a certain fact, it is difficult to change it, especially an old man who is a bit stubborn. Mrs. Jin always thinks that Zhao Tongxin married into the Jin family for the sake of power, status and money.

Zhao Tongxin quietly gets out of the way. She knows that no matter what she does, Mrs. Jin always looks down on her. It's not her fault. It's entirely caused by Xu Yanke, but she has to bear the consequences. After all, now she is Xu Yanke's stand in. Mrs. Jin doesn't know what Xu Yanke has done. Therefore, for Jin Zhengting, Zhao Tongxin decides to bear all the grievances Come down.

Surgical ward.

Gu Chen knocked on the door twice, pushed the door and went in.

His eyes have always been blue eyes, from the corridor of those eyes show the heart-shaped nurses that know how popular the big star.

As for women, it's hard to resist a handsome young man with melancholy temperament like Gu Chen, not to mention that he is a first-line star in the entertainment industry. His popularity is too high.

"Is it Gu Chen?"

Jin Ying was too familiar with the slow steps. She didn't remember how many times she followed him quietly just to see his back and hear his footsteps.

"Xiaoying, it's me. How do you feel?" Gu Chen's voice is full of magnetism, with an indescribable charm.

"I'm fine." Jin Ying said calmly.

"I heard that you were injured. I dropped three notices to see you. Are you better now?" Gu Chen sits down and turns a blind eye to Ke Jingteng in the room. After being a star for a long time, he is also a little self-centered in the face of numerous flowers and applause. He doesn't care much about others.

"I can't get better. The doctor said my eyes can't recover. I'm blind." Jin Ying still said calmly, as if the blind person was not her, but an irrelevant person. She was just saying something irrelevant to him.

Ke Jingteng uses medicine on one side, and his brow wrinkles deeper. He feels that there is despair behind Jin Ying's calmness. He has known Jin Ying for many years, and he knows Jin Ying very well.

Maybe Gu Chen is the straw that can save the camel's life. Maybe he only worries that the straw that can save the camel's life is the last straw that can crush the camel.

Gu Chen is first Leng for a while, then very regretful of say: "that too regretful, small Ying, strong some, have nothing to do, all can pass."

"Gu Chen, I call you, just want to ask you a word." Jin Ying didn't make a statement, just said to herself.

"Well, if you ask, I will give you a satisfactory answer." Gu Chen answers a way.

Jin Ying turned her head to Ke Jingteng and said, "brother Jingteng, I have something to say to Gu Chen. Can you go out first?"

Gu Chen this just sees, just now that oneself didn't pay much attention to of doctor, is the famous Ke Jing Teng.

He took the initiative to say hello: "it's Dr. Ke. Hello."

"Well, Hello, you talk first. I'll go out and get some medicine." Ke Jingteng faintly responded and walked out of the ward. His intuition told him that Gu Chen didn't like Xiao Ying so much.

After hearing Ke Jingteng close the door, Jin Yingcai said, "Gu Chen, I just want to ask you, have you ever liked me?"

Gu Chen was embarrassed and said, "Xiao Ying, do you want me to tell you the truth?"

"Well, you say." Jin Ying's face has some color and some expectation.

"In fact, you are very good. You have a deep family background. You are very beautiful and have a good personality. But I have people I like. I can only say sorry for your feelings for me." Gu Chen did not want to answer.

"If I want you to be with me, take pity on me, blind man." Jin Ying said quietly.

Gu Chen sighed and said helplessly: "Xiaoying, why do you have to force me like this? You know, I won't accept it. I didn't do it before and I don't do it now.

"You still love that woman? You tell me who that woman is To Gu Chen's reply, Jin Ying didn't show a little disappointment, she asked again.

Gu Chen pondered for a long time, then said: "love, Xiaoying, if there is no her, I will accept you, but my heart has been filled with her, so before I forget her, I don't want to consider personal problems, I know your feelings for me, but I really can't be with you, besides."

Halfway through, he stopped talking. He knew that Jin Ying must understand what he meant.

Jin Ying understood what he meant. Before Jin Ying was blind, he was not attracted to her, let alone the current situation.

Men with melancholy temperament tend to be more realistic in heart than in appearance, because their melancholy is not for others, but for themselves.

## **Chapter 317**

"Old lady, please listen to Yan Ke's advice. If you want something, how can I explain it to the boss?" Shaoyuan follows Mrs. Jin, persuading her. Zhao Tongxin also anxiously looks at her, hoping that she can change her mind.

A few bodyguards follow from afar, immortal fight this kind of thing, they these mortals or less mix in good.

"I'll see my granddaughter. What can I do for her? Why do you stop me?" Mrs. Jin said obstinately, in a rather discontented tone, mainly aiming at Zhao Tongxin.

Shaoyuan is also helpless. After all, Mrs. Jin is the boss's grandmother. It is said that she has a very good relationship with the boss. Since she can't be persuaded, she has to protect Mrs. Jin's safety.

When the party came to the elevator hall, two bodyguards quickly came forward to control the elevator door button and looked around warily, looking for possible threats.

The door of the elevator opened. There were only two people in the elevator, a doctor and a nurse. The doctor seemed to have just finished the operation. The surgical clothes, masks and gloves were not taken off. Only a pair of eyes were exposed outside. The nurses were almost dressed up. They could see the fatigue in their eyes.

The mission bodyguard immediately entered the elevator to control the doctor and nurse. These two people should be used to Jin Zhengting's strict protection of the hospital. They obediently raised their hands and let the bodyguards search.

The bodyguards searched for a long time, but they didn't find anything suspicious. They indicated that Shaoyuan could enter the elevator.

Zhao Tongxin and Shaoyuan, supporting Mrs. Jin from left to right, are stepping into the elevator. Zhao Tongxin suddenly finds that the doctor raises his head, and there is an imperceptible light in his eyes.

That pair of eyes is very beautiful, very coquettish, that is a pair of beautiful Phoenix eyes.

Zhao Tongxin will never forget these eyes. The owner of these eyes killed her mother, her children, and even nearly killed her many times.

The master of these eyes has only one purpose to live in the world, that is to revenge the Jin family, and this person is Huo Tingchen!

"Spoon garden, protect grandma!" Zhao Tongxin immediately anxiously called Shaoyuan, and then took Mrs. Jin to run in the opposite direction.

Spoon garden's reaction is very quick, immediately protect them in the back, at the same time staring at

two people in the elevator, hand has been holding the gun hidden in the waist.

Huo Tingchen's reaction is faster. Just as Zhao Tongxin opens his mouth, he has already started his action. He ignores the bodyguards and rushes directly to Shaoyuan. The only person who can threaten his plan here is Shaoyuan.

Of course, the nurse was long Jiu. She was also moving at the same time. She waved her backhand. After a faint flash, the two bodyguards fell down with a faint blood mark on their necks.

The rest of the bodyguards heard Zhao Tongxin's cry and pulled out their weapons, but long Jiu didn't give them a chance. In the light of the first light before dawn, several bodyguards fell one after another in an instant.

So Huo Tingchen rushed to Shaoyuan without hindrance. When Shaoyuan raised his gun, he kicked Shaoyuan's wrist.

When Shaoyuan felt pain, his right hand loosened and his gun fell to the ground. Huo Tingchen closed his leg and waved his fist and went straight to Shaoyuan's jaw.

Shaoyuan leans to avoid Huo Tingchen's attack. She squats down and makes a movement of sliding shovel. The target is not Huo Tingchen and long Jiu, but the gun falling on the ground. As long as she kicks the gun away, she is fighting for more time for Zhao Tongxin, hoping that Zhao Tongxin can escape safely.

The gun was kicked far away by her, but at the same time, it also exposed her body. Huo Tingchen kicked Shaoyuan in the belly. Regardless of the pain, Shaoyuan rolled on the spot, dodged the dagger from dragon nine, and then stood up to confront the two people.

The blood dripped down the corner of the spoon garden's mouth. She covered her abdomen with one hand, panting with her silver teeth clenching. It seemed that she was badly hurt.

"Elder brother, this woman wants to delay time, let Zhao Tong heart escape."

Long Jiu sticks out his tongue and licks the blade of the dagger. The light blood melts in his mouth. Then he says to Huo Tingchen with a smile.

Huo Tingchen has a confident look. He keeps a gentleman's smile: "don't worry, they can't run away. We will torture the young bodyguard heartily. Zhao Tongxin naturally has Xu Yan to clean up."

Shaoyuan's heart sinks down, and it's not just the two of them. Even if she tries her best to hold the two, Xu Yanke can easily deal with Zhao Tongxin. She bites her lower lip, and the pain makes her a little sober, and she begins to think about countermeasures.

"Miss bodyguard, there's no need to think about countermeasures. We've checked. In this hospital, Jin

Zhengting only leaves you as a useful person. The rest are rubbish. It's too easy to deal with them." Dragon nine seems to see through the mind of the spoon garden, said with a smile.

"In that case, Miss Ben can only clean up you two in the shortest time." Shaoyuan glanced at Huo Tingchen and long Jiu and said.

"I can't help myself." Huo Tingchen disdains a smile, Feng Mou is full of mockery smile, in fact, he is still very upset, could have easily caught old lady Jin and Zhao Tongxin, but Zhao Tongxin is too familiar with himself.

I recognized him when I saw his eyes, but fortunately I still have a back hand. Xu Yanke has been lurking somewhere in the hospital. As long as there is no one to protect her, she can easily deal with old lady Jin and Zhao Tongxin."Don't think there are two of you. I'm afraid of you. I have the ability to fight you!" Spoon garden domineering said.

Long Jiu curled his lips and said, "well, since the beautiful bodyguard Miss wants to die so much, I will help you."

With that, she clenched the dagger and approached the spoon garden step by step.

Every step is very light. It's a psychological tactic to put pressure on Shaoyuan from the bottom of my heart. Now the situation is two against one, and they still have weapons. It's easy to say that they can kill Shaoyuan.

However, long Jiu is like a cat catching mice. She prefers to torture mice. When she is exhausted, she eats the mice a little bit.

In her eyes, the spoon garden is undoubtedly the mouse that she captured, so when she wields the dagger, she doesn't go straight to the key point, but stabs the leg of the spoon garden. She wants to destroy all the resistance of the spoon garden, and then slowly enjoy the process of tormenting her.

Shaoyuan flashed over long Jiu's dagger, but he didn't want Huo Tingchen to turn behind her. He raised his knee and hit her waist. Shaoyuan immediately turned to resist Huo Tingchen. Suddenly, there was a pain in her ribs, and long Jiu's dagger cut her ribs again.

"Despicable Shaoyuan scolded severely.

"You're right. We are mean, but do we have to live a fair life?" Long Jiu said with a smile.

Her smile lasted less than two seconds on her face, and she was kicked out from behind. Long Jiu staggered for several steps before she could stand still. She looked back in anger, and saw a beautiful woman in a sick suit, looking at her seriously. There was a thick bandage on her shoulder.

"Rong Qi, why are you here? Now, we can gather a table of mahjong. " Spoon garden in despair asked

pleasantly, did not forget to tease.

Rong Qi light said: "I change dressing, just met."

"You're still hurt. Is it a loss to play with you?" Spoon garden looked at Rongqi a few eyes, said.

"Take care of yourself. Don't worry about me." Rong Qi said to Shaoyuan, but her eyes were fixed on Huo Tingchen.

"Brother, two beauties are challenging us. Do you want us to fight?" Long Jiu turned around and asked Huo Tingchen, there was no tension and uneasiness at all, just like the feeling that two beautiful bodyguards dragged them down and had no influence on the situation.

"Don't we spend a lot of time with them? Rong Lei took people to my villa. It's at least three hours' journey from here to my villa, and Jin Zhengting can't dare to come. On the way, I ambushed at least dozens of subordinates. Even if he wants to come by helicopter, he can't do it. I deployed at least 30 anti-aircraft missiles, and they will be shot down as soon as his plane takes off. "

Huo Tingchen is very satisfied with the crazy plan of his sudden whim, and has considered the details every time.

"Your subordinates hate Zhao Tongxin so much. Will she not listen to the order and kill Zhao Tongxin directly? In that case, we will lose a very important chip. " Said long Jiu.

Huo Tingchen laughed and said, "Xu Yan won't do that. Have you forgotten what I said to her when I let her out? As long as she helps me catch old lady Jin and Zhao Tongxin this time, I will tell her her life experience, so she will certainly obey our orders. "

"Oh? Are you really going to tell her about her life? " Long Jiu asked.

"Why not? I've been waiting for this day for a long time, and finally my plan is coming true." Huo Tingchen's eyes flashed a hot look. Since the death of the Huo family, he has never been so excited, because his revenge plan is being realized step by step. This time, Jin Zhengting himself may not be able to turn the situation around.

"Hey, I'm tired of hearing so much nonsense from you two. If you have the ability to fight, Miss Ben will beat you if you don't have the ability!"

Spoon garden impatiently said that she knew that she could not get rid of the entanglement of these two people, so she simply knocked them down, and then tried to save Zhao Tong's heart.

Rongqi moved her injured arm, also a eager expression, she also held the same idea.

Huo Tingchen wriggled his neck, a gentleman made a please gesture: "as you wish, I always like to pity

jade."

Zhao Tong pulls Mrs. Jin into the emergency passage. Both of them are out of breath. After all, Mrs. Jin is very old. After running for a while, she has to sit down and have a rest and ask, "what's the matter? Who are those two people? "

The wound on Zhao Tong's foot also split because of strenuous exercise. She endured the pain and took good care of Mrs. Jin. She replied, "grandma, those people are the enemies of Zhengting."

"No, you're wrong. I'm not the enemy of the court. You're the only enemy of mine." After a burst of footwork in the emergency channel, Xu Yanke finally appears.

### **Chapter 318**

Xu Yanke holds a gun and stares at Zhao Tongxin fiercely, with a sarcastic expression on his face.

Zhao Tong pulls old lady Jin and retreats step by step until she reaches the corner. There is no way out.

"Zhao Tongxin, you can't escape this time, because no one will come to save you!" Xu Yan can bite teeth, coldly said.

Zhao Tongxin protected Mrs. Jin with his body. Facing the muzzle of Xu Yanke's gun, he said, "Xu Yanke, you can kill me, but please don't hurt Mrs. Jin."

Mrs. Jin was more moved when she saw that Zhao Tongxin was not afraid of the muzzle of the gun, but now she was even more surprised because Zhao Tongxin and Xu Yanke were so alike that she could hardly distinguish Zhao Tongxin and Xu Yanke by careful identification.

"Hum, don't worry. You won't die for a while, but I can't guarantee what your ending will be like after this matter is over, and I don't need you to stand up and pretend to be a good person. I won't hurt Zhengting's grandmother."

Xu Yanke disdained to say, gun virtual point a few times, continue to threaten to say: "now you have to do, is obedient, maybe live longer, if you still want to play tricks in front of me, although I can't kill you, but your belly child, may not be able to keep."

"Are you Xu Yanke?" Old lady Jin said suddenly.

Seeing numerous big waves, this kind of small scene can't frighten old lady Jin. From the beginning, she saw through that Jin Zhengting's enemies didn't mean to kill them. From the conversation between Xu Yanke and Zhao Tongxin, she felt that these people wanted to kidnap them and threaten Jin Zhengting. So the old lady turned her eyes and planned to ask some valuable clues from Xu Yanke The rope.

"Have you heard of me?" Xu Yanke is much more polite to Mrs. Jin. After all, she is Jin Zhengting's

grandmother, so she unconsciously thinks that she is also her own elder.

Mrs. Jin nodded her head and said faintly, "well, I heard you get along well with Zhengting. You just stole a necklace from Jin's family and disappeared."

Xu Yanke's face changed. Because of this, she lost Jin Zhengting, and then let Zhao Tong take advantage of it. This is the pain she never wants to mention.

"Mrs. Jin, I don't want to talk about the past. I also have difficulties and reasons to do it. I don't expect you to forgive me. I just hope you can understand me."

Xu Yanke phrased his words and replied.

Mrs. Jin smiles, her eyes full of wisdom: "we live in this world, and we all have our own reasons, so I understand you."

"Thank you, Mrs. Jin." Xu Yanke breathed a sigh of relief. She thought that Mrs. Jin would curse angrily. The best result was a few sarcastic remarks. She didn't expect that the old man would understand herself. That feeling was like a big stone in her heart. Suddenly she fell to the ground, and the whole person didn't feel relaxed.

This is the wisdom of the old lady. After living for a long time, her speaking skills have reached the perfect level. In a few words, the hostility in Xu Yanke's heart has been resolved by seven or eight points. At the same time, she skillfully turns Xu Yanke's attention to her.

"Don't thank me. I understand you. Naturally, I hope you can understand me. I know it's impossible for you to let us go. I just have a little request. I don't know if you can agree." Old lady Jin said lightly.

Xu Yanke subconsciously replied: "Mrs. Jin, please rest assured that I will not embarrass you. If you have any requirements, just say that what you can do will meet you."

"That's good. I'm over eighty years old. Recently, my health is getting worse and worse. I don't have many years to live."

Old lady Jin sighed and said.

"Don't say that, old lady Jin. You are very strong."

Xu Yanke puts down his gun and talks to Mrs. Jin naturally. It seems that it's not Xu Yanke who wants to kidnap them now, but it's like he's playing a family routine.

"Yan Ke, as you know, an old bone like me will die when it dies, but I'm sorry." Mrs. Jin sighed again.

Xu Yanke said subconsciously: "the Jin family is very strong. Zhengting is also an excellent man. The Jin

family will get better and better in his hands. What's your regret?"

Mrs. Jin looked at Zhao Tongxin intentionally or unintentionally and said, "well, I'm afraid I can't say which day I'll leave. I can't even hold my great grandson at that time. Isn't that too bad?"

Xu Yanke reacts quickly that the purpose of Mrs. Jin's saying this is to let her not hurt the flesh and blood of the Jin family.

She glared at Zhao Tongxin fiercely. The woman's stomach was also strong enough. She said she was pregnant when she was pregnant. Unexpectedly, pregnancy was not only a burden, but also a talisman. Even Mrs. Jin's was protecting her.

However, Xu Yanke has already agreed with Mrs. Jin. If she turns back now, she will replace Zhao Tongxin to take charge of the Jin family. The resistance will be much stronger than before.

Everyone knows that Jin Zhengting is the owner of the Jin family, but he has a very close relationship with his grandmother. Jin Zhengting seldom does anything that she opposes. Even if he does, he will apologize to her. Xu Yanke is not narcissistic enough to think that one day he will surpass his grandmother in Jin Zhengting's heart.

Xu Yanke reluctantly smile, said: "Mrs. Jin, you can rest assured that I promise you, will do, your Jin family's flesh and blood, I will not move."

Mrs. Jin also gave her a smile: "old lady will remember your kindness."

"You are serious."

Xu Yan can hypocritical promised a, turned round to stare Zhao Tong heart one eye, whispered say: "this time calculate you lucky!"

Zhao Tong Xin supports Mrs. Jin and walks slowly to the elevator under the escort of Xu Yanke.

As soon as Mrs. Jin opened her mouth, Zhao Tongxin heard the implication. She found that Mrs. Jin was not only a cunning old woman, but also an old fox, full of wisdom, experience and cunning.

"Thank you, grandma." Zhao Tong heart whispered thanks.

Mrs. Jin has a wrinkled face, which is the mark of time. She snorted and said coldly, "don't be so amorous. I'm not helping you, but helping my grandson and my great grandson."

Xu Yanke, who is walking behind, smiles. She is in a good mood. It seems that Zhao Tongxin is not recognized by everyone, and she is the most important person in the Jin family. It seems that there is still hope to replace Zhao Tongxin.

Just when she was in a trance, Mrs. Jin looked back at Xu Yanke, and suddenly a strange expression flashed in her eyes.

After several clear gunshots, the hospital made a mess.

Several armed men dressed in camouflage and armed with heavy weapons took control of the whole building. However, unlike ordinary terrorists, they did not take hostages, but constantly drove out the panic crowd.

After the panic of the male doctors, the scream of the female nurses, and the hasty steps of the patients who recovered quickly without medicine, the hospital finally calmed down after a brief disturbance.

Ke Jingteng and Gu Chen support Jin Ying. As soon as they walk out of the ward, several terrorists point their guns at her head. In the corridor, several bodyguards sent to protect Jin Ying fall into a pool of blood. Ke Jingteng can see that these people have lost their most basic life characteristics.

One of the leaders gave them a cold glance and said, "this doctor, Miss Jin is not on the amnesty list. Please cooperate and give her to us. I guarantee you are safe."

Ke Jingteng was only stunned. He keenly felt that the terrorists had a purpose. It was very likely that the target was the people related to the Jin family. After thinking about this link, it was not difficult to guess that Huo Tingchen was the messenger behind the incident.

He subconsciously protected Jin Ying behind him and calmly said, "I can't do this because she is my patient. If you have to hijack Miss Jin, you have to hijack me."

The leader was stunned for a moment. He didn't expect anyone to be hijacked voluntarily. He put a gun against Ke Jingteng's head and threatened to say, "doctor, aren't you afraid to die?"

Ke Jingteng's face is fearless, light said: "fear, no one is really afraid of death, but now my patient's situation is very unstable, as a doctor, I have to be responsible for my patients, this is my bounden duty."

The leader hesitated for a moment, then nodded: "since you don't want to leave, well, I hope you won't regret it." Then he took another look at Gu Chen.

Gu Chen hesitated a little, said: "don't ask my opinion, I also choose to stay."

In fact, he has no feelings for Jin Ying, but he knows that Zhao Tongxin also lives in this hospital. Since these terrorists have done something to Jin Ying, they will not let Zhao Tongxin go. He thinks that if he stays, even if he can't help, he can at least make himself at ease.

The leader and his subordinates exchanged a look and unconsciously scratched their heads. He couldn't understand what happened to the world. Being kidnapped was something that other people couldn't

avoid. These two people were actually happy to accept. They really didn't see such a death.

Elevator lobby.

Rong Qi falls down again. The wound on her shoulder has split and is bleeding. She is also scratched by long Jiu's dagger. Although the wound looks very big, only she knows that the wound is deep enough to reach the bone, which makes her lose her basic fighting power.

Long Jiu licked the bloodstain of the dagger and said with a smile, "Miss bodyguard, I won't kill you for the time being, because you are a good hostage."

On the other hand, Shaoyuan also fell to the ground, and even had no strength to get up. Huo Tingchen's strength was not as good as Jin Zhengting's, but it was not difficult to deal with a woman.

Huo Tingchen solved the problem of spoon garden and said to long Jiu, "our obstacles have been cleared."

Seeing Xu Yanke escorting Zhao Tongxin and Mrs. Jin to them, long Jiu said to Huo Tingchen with a smile: "brother, your men are doing well."

Huo Tingchen gave a cold smile: "when your men send Jin Ying, the game will officially start. Jin Zhengting, I won't lose all the time!"

## **Chapter 319**

President's office.

Jin Zhengting's hand holding the mobile phone is bulging. If it wasn't for the quality of this limited edition mobile phone, it would be crushed to pieces.

There was a faint look of anger in his brow, but he only gritted his teeth and continued to listen to Huo Tingchen's voice.

"Jin Zhengting, I know you are very upset now, but I warn you, don't lose your temper in front of me. I have the Jin family's old woman, your sister and your pregnant wife. In case you annoy me, I can't guarantee that they will not be hurt."

On the phone, Huo Tingchen complacently said that this was the first time in his life that he had a feeling of holding Jin Zhengting in his hand, which was really good.

"Huo Tingchen, tell me what you want." Jin Zhengting didn't want to talk nonsense with him and asked directly.

"A helicopter full of fuel, 100 million dollars, and I want to see you. If I can't see what I want in half an

hour, your two men will die, then your sister, your grandmother, and finally your child and your beautiful wife."

Huo Tingchen is not nonsense, directly said the requirements, with a strong threat at the same time.

Now the two men have given up all the temptations and began to enter the rhythm of close combat.

"I want to make sure they're alive." Jin Zhengting said.

Huo Tingchen sneered: "Jin Zhengting, you seem to have made a mistake. Now I am the active party in the negotiation. You are not qualified to negotiate terms with me."

Huo Tingchen enjoyed the feeling of controlling the overall situation and continued to teach Jin Zhengting a lesson.

"Yes? Huo Tingchen, you won't get anything if I'm not sure if my family and people are safe." Jin Zhengting said coldly.

"What? Jin Zhengting, aren't you afraid to provoke me to kill them?" Huo Tingchen's voice became sharp.

He did not expect that at this time, Jin Zhengting would dare to maintain such a high attitude towards him. This attitude made him very unhappy. He held the gun tightly and wanted to kill one of the hostages so that Jin Zhengting could know the consequences of talking to himself in such a tone.

Long Jiuyan grabs his hand quickly, shakes his head at him and signals him to calm down. She is listening all the time. She feels that Jin Zhengting must have no fear if he dares to speak with Huo Tingchen in this tone. That's why she prevents Huo Tingchen from making extreme behavior.

Huo Tingchen took a deep breath, which calmed down his anger, then slowly said: "how do you want me to prove it?"

He also calms down now. He feels that Jin Zhengting really has a strong self-confidence, as if he is not afraid to hurt the hostages at all. This makes Huo Tingchen alert. Is it an illusion that Jin Zhengting is really ready for everything and has the upper hand in this game?

So he decided to ease the confrontation.

"You let Zhao Tongxin answer the phone, I only believe what she said." Jin Zhengting said lightly.

In fact, he didn't have any preparation. The so-called wise man must lose everything. He really didn't think that Huo Tingchen would take risks. According to his understanding of Huo Tingchen, Huo Tingchen is a lunatic and often makes some crazy moves, but he is always insidious and cunning. He never makes any risks himself. He is sure that when he starts to fight back against Huo Tingchen, Huo

Tingchen will come back from the world The planned escape route will never stay in Jiangbin for one more minute, so Jin Zhengting's order to block all the important roads leaving Jiangbin is correct.

In fact, Jin Zhengting was right. Huo Tingchen did run away at the first time. It was just a normal traffic jam, which made Huo Tingchen feel that he was in a desperate situation, so he had to take the risk and kill a rifle.

This is what Jin Zhengting didn't expect. In order to deal with Huo Tingchen, he lowered most of the guard in the hospital, which gave Huo Tingchen an opportunity to kidnap his grandmother, sister and Zhao Tongxin.

But Jin Zhengting knows that even if the situation is unfavorable, he can't soften his attitude. Once he wants to bow his head to Huo Tingchen, his arrogance will only become more arrogant.

So he has to be very tough. With Huo Tingchen and long jiuduo's suspicious character, the harder he is, the more they can't figure out his cards. He will only be more cautious. This is Jin Zhengting's strategy.

This kind of strategy has no effect on people with low IQ, but it can be said to try everything to deal with people with high IQ, because even if Jin Zhengting doesn't have any backhand, he is just bluffing, and those two smart people also make up for a thousand possibilities by themselves, so as to prove that the person who controls the overall situation is still Jin Zhengting.

Huo Tingchen thought about it, or handed the mobile phone to Zhao Tongxin: "Miss Zhao, Jin always wants to talk to you on the phone."

Zhao Tong stares at Huo Tingchen. If her eyes can kill people, Huo Tingchen is a cold corpse now. Unfortunately, her eyes are not so lethal, and Huo Tingchen doesn't care about Zhao Tong at all. She is just a good tool to deal with Jin Zhengting.

Thinking of the word tool, he subconsciously glanced at Xu Yanke, who was watching the hostages nearby. She was the most lethal revenge tool. She was about to leave Jiangbin, and he didn't know when he would come back. Huo Tingchen was considering whether to use this powerful revenge tool. Now he has begun to imagine that after killing Jin Zhengting, Xu Yanke's expression of agony after learning the truth is inexplicably excited.

"Tong Xin, are you ok?"

Every time Zhao Tongxin talks on the phone, but this time Jin Zhengting speaks first. In his usual calm tone, there is a hint of anxiety. It can be seen that Jin Zhengting is very anxious now.

"I'm ok. Zhengting, grandma and sister are OK. Only spoon and Rongqi are injured. Ke Jingteng is treating them."

Zhao Tongxin whispers, trying to calm her tone. She doesn't want Jin Zhengting to worry too much,

which will affect his judgment of the situation. Moreover, Zhao Tongxin believes that Jin Zhengting will save them and they will be OK.

No matter how serious things happen, as long as there is Jin Zhengting, he will be OK, because he is the most reliable person in the world.

"OK, take care of them. I'll help you. Be careful." Jin Zhengting's voice was a little lower, and he told Zhao Tong in a low voice.

"Well, Zhengting, be careful. They have a lot of people with guns. I don't think they are ordinary people." Zhao Tong Xin said in a low voice and told Jin Zhengting the few valuable information.

"Well, I see. You give the phone to Huo Tingchen."

Jin Zhengting's eyebrows wrinkle deeper. According to Zhao Tongxin, those armed men who are similar to professional soldiers are probably the loyal men brought back by long Jiu when he returned home. If these people are making trouble, Rong Lei's men are definitely not their opponents.

While he was thinking, Huo Tingchen's voice rang out: "Jin Zhengting, you have confirmed that they are all OK. Now it's time for you to fulfill your promise."

"I will give you what you want, but you must ensure their safety, otherwise, even if you escape to the ends of the earth, I will tear you to pieces and do what I say." Jin Zhengting said something and hung up.

Huo Tingchen holds his mobile phone and listens to the busy sound coming from it. For a moment, he can't figure it out. He has hostages in his hand, but how can he feel that Jin Zhengting is ordering him to do things instead of threatening Jin Zhengting?

Since Jin Zhengting has this kind of confidence, it means that he must have the last move. It's better to be careful. Huo Tingchen really made up his mind. What's the problem of Jin Zhengting's hidden card.

At the same time, Jin Zhengting lights a cigarette. He is thinking about countermeasures. With Huo Tingchen's intelligence, he will soon see through this trick. He thinks it's time to fight Huo Tingchen, but he has to be cautious. Huo Tingchen's hostages, he doesn't want any of them to be hurt.

"Boss, I'm back." Rong Lei in a hurry into the office, forehead sweat also too late to wipe.

"Well, Huo Tingchen went to the hospital." Jin Zhengting took a deep breath and said.

Rong Lei nodded and said, "boss, I got the news. What do you think we should do?"

He is also very anxious now. Among the hostages is his sister Rong Qi. He wants to go to the hospital immediately, but he thinks Jin Zhengting is the one who can see the whole situation clearly, and it is safer to wait for the boss's order.

Jin Zhengting tapped the table with his fingers and said, "Huo Tingchen wants a helicopter, 100 million US dollars, and he has to meet me. These are the three conditions he put forward."

"Boss, the first two conditions can be considered. The last one must not be agreed. Huo Tingchen is crazy now. No one can imagine what he will do. It's too dangerous for you to meet him."

Rong Lei immediately objected. He knew how terrible Huo Tingchen was.

"No one has been able to abstain from playing this game so far. For the sake of Tong Xin's hatred, and for the sake of those people killed by Huo Tingchen, it's time to end with him." Jin Zhengting twists out the cigarette, stands up and says.

"If the boss must go to see Huo Tingchen, I have no objection, but at least we should send more brothers to protect you."

Rong Lei knew that once Jin Zhengting made a decision, it would be difficult to change it, so he took a step back. After all, Jin Zhengting's safety is the most important thing.

Jin Zhengting waved his hand and said, "no, your men are not their opponents. Don't let them bleed in vain. I'll go alone."

Rong Lei shook his head and said, "no, boss, that's too dangerous."

Jin Zhengting's eyes twinkled, slightly raised his voice and said, "why, do you want to disobey my orders?"

Rong Lei and his eye contact for a while, was he sent out the momentum of the pressure down.

"Rong Lei is right. What about disobeying your orders?" A slightly old voice suddenly came from the door.

Jin's father appeared outside the door in a straight military uniform, and the two general stars on his epaulets were shining.

## **Chapter 320**

Jin's father didn't say hello either. He went into the office and sat on the main seat. Two guards followed him closely. From their body shape and movements, he was definitely one of the best in a hundred.

The two guards are indifferent and stare at Jin Zhengting and Rong Lei with alert eyes. Once they threaten the chief, they will not hesitate to subdue them.

In the eyes of the security guards, only the safety of the chief. As for the relationship between Jin

Zhengting and the chief, they are not interested in knowing.

There was a look of approval in Jin Zhengting's eyes. Jin's father was really a good soldier, as can be seen from the guards around him.

"What are you going to do?"

Jin's father's consistent style cuts directly into the theme and never talks nonsense. Jin Zhengting's cool character probably comes from his father's inheritance.

"I decided to see Huo Tingchen." Jin Zhengting's answer is also simple and clear.

Jin Fu sneered: "have you ever thought about what you would do if you went and still couldn't save the hostages?"

Jin Zhengting light said: "this is impossible."

His tone is full of self-confidence. When he was very young, the man sitting in front of him told him: "as a man, if he doesn't have self-confidence, he will accomplish nothing. A man with self-confidence is a real man."

Jin Fu sneered again: "it's good for young people to have self-confidence, but I want to remind you, do you know the background of those terrorists in the hospital?"

"I don't need to know who they are, the people who stand in my way, I'll kill them all." Jin Zhengting replied.

"Good boy!" Jin Fu patted the table and said with approval.

"You taught me all this, and I've never forgotten it." Jin Zhengting's eyes with a touch of warmth, memory seems to return to childhood.

"Boy, as a man, you must go, and you must go. There are your relatives, your friends and your wife in the hospital. They are because you are hijacked. It's your responsibility to rescue them. As a man, you must never escape your own responsibility."

Jin Fu stopped for a moment and continued: "but what Rong Lei said is right. It's too dangerous for you to go alone. I know you are very good at fighting, but it's impossible to fight dozens at a time. So I'm here to transfer the best special forces to deal with those minions. As for the grudge between you and Huo Tingchen, it's between your younger generation I don't want to get involved in this

"Old man, it's not kind of you to do this. It's clear that you killed the Huo family. How can you let the court carry this pot?"

As soon as Yang ziye and Lu Moyan arrive at the door, they hear Jin's father shaking the pot. Yang ziye can't hear them any more. Before they enter the office, they interrupt.

"You two smelly boys have grown up and dare to talk back to me?" Jin Fu feigned anger, but his eyes were smiling.

It's difficult for a friend to get to his side immediately. This is the real friendship. His son's friends are still very good.

"I'm telling the truth, old man." Yang ziye pretends to be dissatisfied.

Lu Mo Yan turned his eyes and said, "old man, grandma and Xiao Ying have been hijacked by Huo Tingchen. You are still in the mood to make fun of us. I think you must keep your back hand?"

"You are smart. To tell you the truth, I don't have any backhand as you think. I just think that if Zhengting can't deal with Huo Tingchen, then my education to him will be a failure. I believe he can handle this matter well." Jin Fu said leisurely.

Yang ziye patted Jin Zhengting on the shoulder and said, "Zhenyting, I have nothing to say except congratulations to such a father."

Jin Fu glared: "what do you mean by that?"

Yang ziye immediately looks like a defeated Rooster and says with a smiley face, "I mean, your education method is very good. Don't think about it askew."

Jin's father stood up and said to Jin Zhengting, "I've given your grandmother, your sister and your friends all their lives to you. Don't let me down. As for your wife, you don't need to tell me what to do. I know your feelings for her."

Jin Zhengting nodded solemnly: "Dad, don't worry, I won't let you down."

Hospitals.

Huo Tingchen squatted down and pointed Zhao Tongxin's chin with his fingers. With a mocking smile in his eyes, he said with a smile: "Miss Zhao, do you mind changing to the ground?"

Zhao Tong heart shakes his head away from his fingers, bit the lower lip, coldly said: "I should not have the right to refuse."

"Miss Zhao is very smart, but I need to remind you that although you have a beautiful face, I prefer the way you usually look. It's very sad to have hatred in your heart. I don't want a beautiful woman like you to have hatred. I'll feel sorry for that."

Zhao Tong's heart gave a smile, but the smile was cold: "Huo Tingchen, my hatred for you will never disappear, unless I kill you myself!"

Huo Tingchen calmly smile: "I'm very sorry, Miss Zhao will never have this opportunity." "Bah!" Zhao Tongxin, whose hands were tied, spat at Huo Tingchen.

Huo Tingchen was not angry, but turned to Xu Yanke and said, "Yan Ke, please go to other wards to have a rest and don't hurt her, because among these hostages, Jin Zhengting is most concerned about Miss Zhao."

Xu Yanke nodded and said, "I know what to do, boss."

She said, a pull Zhao Tongxin, to the end of the corridor in a small ward.

"Where do you want to take Tong Xin?" Gu Chen, who is also tied with both hands, asks anxiously that the only purpose for him to stay is to help Zhao Tongxin not be hurt. He can't watch Zhao Tongxin be taken away, but he has no performance.

Huo Tingchen snorted, came over and grabbed Gu Chen's collar: "big star, you should be more concerned about your situation now."

"Hey, let me be your hostage." Gu Chen says aloud.

Huo Tingchen punches Gu Chen's abdomen with a backhand. Gu Chen screams, and the whole body bends up. Huo Tingchen lifts him up and says with a smile: "big star, you are a good hostage, but you are not qualified to replace Zhao Tongxin."

Jin Ying, who had been silent, suddenly said, "please don't hurt him."

One side of the Dragon nine said with a smile: "Miss Jin, are you distressed?"

"Don't hurt Gu Chen, I beg you, you want what condition I can promise." Jin Ying pleaded.

"It's a touching love, brother. Let the big star go. Don't hurt Miss Jin's pure heart." Long Jiu said to Huo Tingchen.

Huo Tingchen let go of Gu Chen, said with a smile: "I have not found that you are also a sentimental person."

Long Jiumei said with a smile, "that's what I'm hiding."

Ke Jingteng turns a blind eye to the things in front of him. As always, he is calm and focused, and skillfully bandages Rongqi's wounds.

He is the only one whose hands are not tied, because both Shaoyuan and Rongqi are injured. As a doctor, he takes the initiative to ask for treatment for Zhao Tongxin's bodyguards.

According to long Jiu's idea, the two bodyguards have good skills, which is a threat to them, so they want to do it directly to prevent future trouble. However, Huo Tingchen stops them. He knows that both of them have a high status in Jin Zhengting group, and maybe they will be useful at the critical moment, so he not only doesn't kill them, but also agrees to Ke Jingteng's request.

The last hostage, Mrs. Jin, who is second only in weight to Zhao Tongxin, sits on the sofa with her eyes closed and looks calm. At this age, the old lady's self-cultivation skills have reached the stage of perfection.

Huo Tingchen and long Jiu have fun. They look up at the hostages they control and smile with satisfaction. This gamble is very risky. But for the moment, he won the gamble and caught three Jin Zhengting's relatives, Ke Jingteng and Gu Chen, who are also valuable human beings. From which point of view, he is absolutely the one who has the upper hand.

Jin Zhengting's tough attitude is just bluffing. The purpose is to disturb his attention and make him dare not act rashly. Huo Tingchen is very proud of it. He soon saw through Jin Zhengting's tricks.

Now he just needs to wait, and Jin Zhengting will take the initiative to send him to the door. At that time, he will tell Jin Zhengting who is the final winner.

Huo Tingchen is a little nervous, a little anxious and more looking forward to it. Over the years, his revenge plan is finally coming true. For this day, he has been waiting for a long time. How can he not look forward to it?

Waiting is the most painful thing in the world.

Xu Yanke drags Zhao Tongxin into the ward and pushes him hard. Zhao Tongxin falls down on the bed.

"How can Zhengting like you such a waste?" Xu Yan can disdain of say.

Zhao Tong Xin sat up, a smile of victory appeared on his beautiful face: "you will never understand."

"Why don't I understand?" Xu Yan can be a little angry. She stares at Zhao Tong Xin and asks with her teeth biting.

Zhao Tong Xin's eyes show happy expression, light said: "because you don't understand, love is a kind of what kind of feelings."

"Nonsense! How can I not understand? I love Zhengting!" Xu Yanke roared.

"Did you really love Zhengting?" Zhao Tong asked calmly.

"I loved, I loved Zhengting!" Xu Yanke's voice suddenly fell down. She kept repeating this sentence, like being possessed. She seemed to be emphasizing and convincing herself.

"No, you don't love Zhengting. If you love Zhengting, you won't do anything wrong to him." Zhao Tongxin looks at her appearance, some sympathy of say.

Xu Yanke suddenly raised his head and stared at Zhao Tongxin: "shut up, you bitch! He loves me. He loves me. It's you. It's your appearance that takes him away from me! "

Zhao Tong looked at her fearlessly and said, "it's not me who robbed the court. It's you who gave up on him. But I never gave up. I always want to be with him. This feeling has never changed." Xu Yan can be angry, raised his hand to Zhao Tongxin a slap in the face, ferociously said: "shut up!"

Zhao Tongxin's face immediately became red and swollen, and the corner of her mouth also shed blood. She looked up at the crazy Xu Yanke and said faintly: "you can make me shut up, but you can never stop it. I love Zhengting, and Zhengting also loves me."

Xu Yanke crazily pulls out the gun and aims at Zhao Tongxin's eyebrow: "I'll kill you!"
