

Chapter 3110– 3111 of A Dish Best Served Cold Novel

Chapter 3110

“However,

I will talk about the banquet later.” “I still have a task.”

“Task?” The Juggernaut raised his eyebrows.

“Yes, otherwise you came to travel as an old man in the hot summer?” Gaia said lightly.

Hearing this, the Juggernaut’s face instantly became cold.

“So, today, Mr. Gaia insists on taking care of my own family affairs in the summer?”

Gaia spread his hands: “I don’t want to take care of it either.”

“As long as you don’t move people who shouldn’t move, the old man is still willing to go. Yanshan is drinking with a few people.”

“Should not move? What do you mean shouldn’t move, you are only a small country title, and you dare to rant and say this to us?” Mo Gucheng stepped forward and asked harshly.

“Yes, Gaia.”

“Before you say this, I advise you to weigh your own abilities.”

“Otherwise, you can’t even protect yourself, but I’m talking about protecting others here.”

“Don’t you think it is funny?” Tang Hao Yin’s cold voice also sounded.

“It’s nothing ridiculous. I dare to say this, and naturally have the confidence to say it. I advise you to do not provoke anyone who shouldn’t be offended, otherwise, the consequences will not be unbearable for you.”

“Arrogant!”

“Presumptuous~” Gaia’s words immediately caused Mo Gucheng and the others to be furious.

Contempt, naked contempt!

The Juggernaut and others never expected that a titled master of a small Middle Eastern country would dare to speak to them in such a tone.

It seems that they have been low-key for too long.

Even the martial arts of these countries have forgotten the majesty of the Yanxia Wushen Temple.

I thought that any titled master could break the ground on his head.

“Gaia, we should tell you this!”

“Don’t forget, you are on your feet now, but my hot summer land.”

“Here, my hot summer people are everywhere.”

“No matter how strong you are, It’s just a mere person.”

“Do you really think that you can stop us and stop the Yanxia martial arts

with your own strength ?” “What’s more, let alone a few of us work together. With your strength, I’m afraid. I Tang Hao Haotian God hammer, it is not something you can block. ” “

ability is not, but in this talk nonsense. ” “

this is a small country titles limitations, unrealistic expectations, experience short-sighted. ” “

think they dominate the country, will be able to lawlessness , There is no one in sight?”

Tang Hao sneered, and his tone of speech gradually became cold and aggressive.

“Oh, isn’t it?”

“Let you tell me, I really want to appreciate your clear sky hammer.” Gaia chuckled.

Tang Hao immediately violently said, “Okay, as you wish!”

Boom ~

exploded vigorously, the storm swept through.

Tang Hao lifted the giant hammer and squeezed out a semicircle in the air.

Suddenly, the wind and clouds rolled, and the sand stormed.

As the hammer danced, thunder and lightning could vaguely be seen.

At this time, Tang Hao was like Thor alive.

Write the power of thunder and lightning, facing Gaia below, smashed down fiercely.

This time, Gaia naturally did not dare to be negligent.

The whole body's defenses were opened to the maximum, and the surging vitality surging out, condensed into a vitality armor constructed from the whole body.

“Haha~”

“Excitement.”

“Today, I will take a good taste

of the power of your Clear Sky Divine Hammer~” Gaia became excited when he felt the storm of power rushing over his face.

Like a bloodthirsty soldier, smelling the breath of blood.

The next moment, Gaia screamed up to the sky.

With his feet on the ground, his body of hundreds of jins rose up into the sky like a cannonball.

He opened his hands and stretched out his arms.

He is like a warrior holding a mountain, like Pangu who opens the sky.

In this way, Gaia directly used the most primitive way, stepping on the world and carrying the giant hammer in his hand.

With a force of strength, he had the most violent confrontation with Tang Hao.

Chapter 3111

Under the Tianhe, between the stars.

The two figures slammed into each other as if Mars hit the earth.

On one side, the hammer fell to the ground, and on the other side was the giant palm facing the sky.

If Mark paid attention, he would surely find that Gaia now used the Lie Shan Beng Fist that Mark taught him back then as a palm technique.

It can be seen that Gaia has put a lot of thoughts on martial arts in recent years.

Especially with regard to the martial arts skills Mark taught him, he draws inferences from one another and draws parallels.

Over the years, Gaia's ability to be promoted to the titled master is closely related to his own efforts in addition to Mark's support.

For a while, Gaia and Tang Hao were in a stalemate in the air like this.

The force of horror, centered on the collision of the two, spread madly in all directions.

The earth cracked and the rubble fell apart.

The huge crack, like a spider web, spread quickly.

At the sight of the eye, this land is already devastated.

The shock wave of terror, with the power to destroy everything, swept Tianhe.

Even the Juggernaut and others couldn't bear the impact and took the initiative to retreat.

However, what makes people feel extremely strange is that these shock waves, after reaching the young man in front, turned out to be like a mud cow entering the sea, and disappeared in an instant.

That feeling was as if Mark had a huge field all over his body.

It is difficult to get close to half a minute with any fluctuations in vitality.

However, the current King of Fighters and others are clearly not paying attention to Mark.

All their eyes are on the battle ahead.

"This is actually underestimate the Gaia."

"God actually Yingkang Haotian hammer, also did not strive?"

"In this explosive context, fear is KOF you, not be able to go beyond this Persian king."

Retreated far The sword saint at the place looked at the two Gaia who were inextricably fighting with each other, but their old faces were gloomy, and they sighed with emotion.

In terms of explosive power, Tang Hao is definitely one of the six of them.

It was the Juggernaut himself, who dealt with Tang Hao with softness.

But now, the title of a small country has even matched Tang Hao in terms of explosive power, which has to surprise the Juggernauts.

“Huh~”

“It’s all brute force.”

“One husband.”

“It’s nothing great.”

“I’ll kill him.”

Mo Gucheng snorted coldly, and then fisted.

The Mo-style boxing method is perfect for one side.

Endless fist strength, like a tide, swept towards where Gaia was.

Boom~

As the King of Fighters Mo Gucheng joined the battle, the original balance was instantly broken.

Gaia snorted and poured a mouthful of red blood into the night sky.

Afterwards, Gaia flew out like a cannonball.

He stepped on the ground and stepped back hundreds of steps, not knowing how many high-walled buildings were broken along the way.

The reinforced concrete smashed to the ground like rain.

“Ahem~”

Gaia coughed violently after being repelled.

The blood ran down the corners of the mouth.

“Haha~”

“Can’t afford to play, you guys.”

“Fortunately, you still call

yourself a country of etiquette.” “That’s it?”

Gaia wiped off the blood from the corner of his mouth and sneered.

Tang Hao’s old face was a bit ugly, and he was a little invincible.

But the king of fighters has a thick-skinned face and ignores these at all.

“Do

n’t talk about these and some.” “It’s not a martial arts competition. Is it necessary to fight you one-on-one?”

“However, Gaia, your strength really surprised us.”

“However, it’s still the same sentence. Then, no matter how strong you are, you are just a widow.”

“With this ability, you still want to disobey our martial arts temple and disobey the highest martial arts in the summer? It’s just wishful thinking!” The

King of Fighters Mo Gucheng smiled, and the chill on his face became more intense.
