

Chapter 3116– 3117 of A Dish Best Served Cold Novel

Chapter 3116

“Hurry up to chase, stop Ye Qingtian, and protect the dragon master.”

Gaia has been dragged by Tang Hao.

But even so, he still does not forget the safety of the dragon master.

Especially when she saw Yue Yao watching the play, Gaia was almost to death, and urged again and again.

However, in the face of Gaia’s anxiety, Yue Yao looked forward to her beautiful eyes and smiled happily.

She looked at the direction Mark was leaving, and smiled lightly: “If even one Ye Qingtian needs our help to block it.”

“Then how about

destroying the Chu family and sweeping Chumen Mountain?” Yue Yaorou As he spoke, in that soft tone, there was an inexplicable expectation.

“Dragon Lord, Dragon Lord, you have kept a low profile for so long, and you should let your courtiers see your true majesty.”

Yue Yao’s soft voice, like a nightingale’s soft cry, thought quietly.

Behind him is Tianhe standing horizontally, and in front of him is the fierce war.

Under the sun and the moon, only this girl who came out of the dust stood in the pavilion.

Like a woman who is pregnant with spring, looking forward to the young man she likes, the prestige is over the world!

Boom boom boom~ The

fist roars loudly and vigorously .

Who could have imagined that on the top of this small township, the six peerless powerhouses would fight together.

You come and I go between the two sides, and the battle is fierce.

The sky is dim and the ground is dark and indistinguishable.

Powerful fist and sword energy swept across, electric light and stone fire horizontally and horizontally.

From a distance, it looks like clusters of fireworks blooming in the air.

“Wow~”

“It’s so beautiful...”

“Mom, mom, are there fireworks over there?”

The movement here quickly attracted the attention of many people.

Even in Denham City, which is dozens of miles away, a large number of citizens were awakened.

Those who do good things climbed up on the roof and looked far away, and the young children wept in panic.

Thousands of people poured out of the streets.

“My God~”

“What the hell is going on over there?”

“Could it be that the sky has fallen?” The

roar continued, accompanied by bursts of rapid light.

Fire in the night sky and thunderstorms roared.

Looking from a distance, it was as if gods were fighting.

The whole Denham city is already full of noise.

The streets and alleys were filled with doubtful discussions.

Some people even think that the end of the world is coming.

After all, there was a big explosion in Denham a few days ago, and then it was very hot and full of summer as it entered April.

Now this happened again.

One after another things that cannot be explained by science happen one after another, and everyone will feel panic and uneasy.

At the same time, Ye Ximei, who had just fallen asleep in Ye Family Manor, was also awakened by a sharp bitter noise.

“Oh oh oh, don’t cry or cry~”

“Good boy, don’t cry...”

“Grandma tells you a story~”

Ye Ximei had no choice but to get up and coax the child.

However, Ren Ye Ximei tried his best, but still couldn’t stop the baby from crying.

“Sister, what’s the matter.”

” Why does this kid keep crying tonight.”

“It’s so noisy~”

“Is it hungry?”

Not long after, Samantha ye walked in from outside wearing pajamas.

Later, the whole Ye family was almost awakened by the child’s bitter voice.

“It shouldn’t be.”

“I just fed before going to bed.”

Ye Ximei was also anxious, holding the baby and soothing.

“That’s probably an evil.”

“Or his mother had an accident.”

“It’s said that mother and child are connected.”

“Maybe I feel that this child feels that his mother is in danger.” Samantha ye guessed wildly.

“Do

n’t talk nonsense!” “You fellow, can’t you say something nice?” Ye Ximei blamed.

“Hey~”

“You said, what’s going on recently.”

“All kinds of weird things happen one after another.”

Ye Ximei sighed, coaxing the child while looking out the window with anxiety.

I don’t know why, these days, Ye Xi’s eyebrows are so flustered.

Eyelids kept jumping.

Especially after the appearance of this child, the worry in Ye Ximei’s heart never disappeared.

“The eventful autumn~”

Chapter 3117

The city of Denham is full of noise and noise.

The night that should have been sleeping is as bright as day.

Wanjia lights lit up, illuminating the entire starry sky.

On the street, crowds are crowded.

Outside the Tianhe, the sound of shock was thunderous.

The several light spots in the void are like streamers, colliding, staggering, lingering, and converging.

Every time it crosses, there will be a roar.

The sparks from the collision of the swords are just like fireworks.

Beautiful, indispensable!

Tonight, for millions of citizens in Denham City, it is destined to be a sleepless night.

Of course, among so many people, there is no shortage of people with good deeds, who drove to the place where the incident occurred to get a closer look.

However, that area has long been sealed off.

Tens of thousands of troops were stationed there, with Yanyang Town as the center, and all tens of miles in radius were sealed off under martial law. Even a bird can't fly in, let alone these idlers?

"It's getting more and more bizarre~"

"The military is actually alarmed."

"The country has sent troops."

"My God~"

"Could it be that there are aliens here?"

.....

Blockade Outside the district, many people were shocked and sighed.

I just feel that there is a big secret hidden in front of them.

But in fact, they totally think too much.

The reason why the above blockade here is nothing more than to prevent unnecessary panic. Of course, another reason is the fear of these ordinary people being affected and harmed.

After all, the difference between a powerful titled person and a secular person is no different from that of Xianfan.

A random burst of energy is enough to break those ordinary people into pieces.

When there was a commotion in Denham City, the battle in Yanyang Town had already entered a fever pitch.

The six titles stood in a group, and the terrifying power swept the world.

Sword light swept across the eyes, full of energy.

Who could have imagined that these mysterious powerhouses who suddenly appeared were inextricably matched with the three titles of Martial God Temple.

The battle actually fell into a state of anxiety, and within a short period of time, no one could do anything about it.

Boom~

It was another confrontation. Tang Hao's supernatural power was revealed. The Vast Sky hammer in his hand directly shook Gaia's life back with a mighty force, and Gaia vomited a mouthful of blood directly under the qi and blood.

However, just when Tang Hao was about to take advantage of the victory, a green brilliance suddenly lit up.

These brilliances seemed to contain majestic vitality and vitality. After descending on Gaia, Gaia, the king of Persia, who was originally slumped, was as if he had been beaten with chicken blood, and instantly he was full of vitality and filled again. power.

At that time, Tang Hao was stunned.

Look at the woman standing peacefully in the distance like a ghost. That graceful shadow, under the moonlight, is like the most beautiful scenery in the world.

Yes, the green brilliance was released from her hand.

“Hahaha~”

“Man, come again!”

When Tang Hao trembled, Gaia let out a big laugh, swinging an iron fist and directly hitting Tang Hao's old face.

Just heard a bang.

Tang Hao flew out and hit the ground, splashing dust in the sky.

However, Tang Hao was the titled master after all, and he stubbornly resisted Gaia with a punch, and it was no problem, and he quickly stood up from the ground.

“Tang...Tang Hao, give me a hand~”

Just when Tang Hao got up to continue fighting, the hoarse voice of the King of Fighters came from beside him.

Tang Hao immediately lowered his head and saw that in the ruins under his feet, an arm that had been stained with dirt came out of the gravel.

“Fuck, Old Mo, what a coincidence?”

“Are you here too?”

Tang Hao was immediately taken aback. He didn't expect the King of Fighters to fall in the same place with him.

While talking, Tang Hao quickly reached a handle and fished Mo Gucheng out of the ruins.

“Are you okay?”

“Can you still hold on?” Tang Hao looked a little worried at Mo Gucheng’s blue nose and swollen face.

Mo Gucheng waved his hand: “It’s okay, just careless.”
