

Campus Master Chapter 3121

As soon as he went upstairs to his room, Ji Feng immediately concentrated his mind and entered the training space of his intelligent brain.

“Master, your mood seems unstable, is there something important?”

Ji Feng immediately took the initiative to greet Ji Feng when he saw him enter.

Ji Feng couldn't help but freeze for a moment and stared at it for a while before saying, “Wise Brain, if I didn't know that you were only an artificial intelligence, I'm afraid I'd treat you like a living human being right now!”

Wisdom Brain said, “Thank you for the compliment, master.”

Ji Feng laughed: “You take this as a compliment? So, you're eager to be a real person?”

The intelligent brain said, “I just want to feel what it's like to have a body.”

When Ji Feng heard this, his eyebrows immediately frowned slightly.

He hadn't expected that the intelligent brain had already learned to such an extent. Obviously, it already had self-awareness, and even had a requirement or rather, a desire`!

Even if, just wanting to feel the sensation of having a body, it was still a type of desire.

This kind of need appearing in an AI really made him feel incredibly strange and, at the same time, uncomfortable in an indescribable way.

As if, it was as if there was someone living inside him.

“That”

Ji Feng stared at the intelligent brain and asked, “How can I let you have a body?”

The intelligent brain paused for a moment, as if it was thinking, and only after a while did it say, “There must be an environment that can be highly similar to the master's body for me to be able to stay in it, and according to my analysis, a body that has a human form but can be internally controlled by a program is the best carrier for me.”

Ji Feng asked, “With such a body, how do you get in?”

The intelligent brain said, “I can transfer along the bio-current in the master's body, of course, it is risky and risky, it is a precise job.”

Ji Feng froze for a while before slowly nodding, “Good! When I'm done with the matter at hand, I will definitely help you get an early body as soon as possible so you can have your own body.”

The intelligent brain said, “Thank you, master.”

Ji Feng waved his hand and smiled, his heart was incomparably strange, but now was not the time to discuss this, he had not forgotten what exactly he was looking for the Wisdom Brain for.

“Wise Brain, let me ask you, is there any such possibility that there were other Wise Brains that came to Earth at the time of the destruction of the Gamma Galaxy?” Ji Feng asked, getting right to the point.

“Theoretically, this possibility is very small and almost non-existent.” The intelligent brain said.

Ji Feng frowned and said, “Even if the possibility is small, then there is still such a possibility, right?”

The wise brain shook its round body and said, “Yes. There is a possibility, but it is less than one in a billion. Cosmic space is boundless, the gamma galaxy is not at the edge of the universe, and when the gamma galaxy is destroyed, everything will be swallowed by the black hole.”

Ji Feng asked, “Perhaps, there are intelligent brains just like you, who have come to Earth?”

The intelligent brain said, “Even if there were, it would have been before the destruction of the Gamma Galaxy.”

Ji Feng took a deep breath, “It seems that this possibility really exists!”

He deepened his judgment at once!

After all, the intelligent brain was only an artificial intelligence, not God, whether there was another artificial intelligence in the Gamma Galaxy that came to Earth, the intelligent brain could only calculate and analyze based on the data, but it could not be sure.

However, Ji Feng felt that this possibility was there.

Since the intelligent brain was able to come to Earth, this meant that this pathway existed, so his guess was definitely possible as well.

Even if he didn’t want to admit it in his heart, Ji Feng knew that he had to face reality.

The reality was that the dynasty was likely to have another AI in its possession, and moreover, an AI from the Gamma Galaxy!

It could very well be another Homo Sapiens!

Or Wise Brain Two, Wise Brain Twenty, Wise Brain 10,000, etc.

This reality made Ji Feng’s heart heavy.

Now this doesn’t need to be doubted much anymore, Dynasty’s transformers, laser guns, etc. have all said a lot, the only difference is that the AI that Dynasty has at its disposal is the same batch as the Homo Sapiens or came to Earth before the destruction of the Gamma Galaxy.

If it is the same batch of AI as the Homunculus, that would mean that Dynasty has technology that is completely inferior to his. And if it was an AI that came to Earth sometime before the destruction of the Gamma system, it would mean that the AI carried a level of technology that was not as advanced as that of the Wise Brain, which was the last generation of AI in the Gamma system.

But in either case, there is an explanation for the dynasty’s power and awesomeness!

“So, does the AI control a piece of programming?” Ji Feng asked.

“It can.” The intelligent brain said.

Ji Feng frowned, thinking that the intelligent brain didn’t seem to understand him, so he said, “I was on the internet and came across a piece of program

He told the story in detail, starting from a few years ago when Wang Xin was responsible for intercepting that program, until the network company was invaded, and then asked, “I doubt that this person who invaded, is it related to that program, or could it be the artificial intelligence that is controlling it?”

The intelligent brain said, “Master, two generations before me, there was a kind of artificial intelligence that was itself a piece of program, either existing in Skynet or in the hardware.”

Ji Feng’s face changed abruptly, “You mean to say that the segment of the program that was on the network before was probably an AI?!”

The intelligent brain said, “There’s not enough data to judge!”

Without the need for the intelligent brain to judge, Ji Feng himself had a plan in his heart.

If his guess was correct, then things should be like this – the dynasty possessed an artificial intelligence, and this artificial intelligence, not like the wise brain, but a piece of program.

And, this AI, which is not of the same generation as the Wise Brain, is older than the Wise Brain.

So many of the dynasty’s actions are explained, for example, why the dynasty would research the modified human, which had long passed in the Gamma system and was explicitly banned, why the laser gun developed by the dynasty would be a defective product, and why the dynasty would turn to the direction of researching the combination of modified human and Chinese ancient martial arts.

Because, that artificial intelligence that Dynasty possessed was, in itself, inadequate when it came to these technologies.

Ji Feng couldn’t even help a wave of regret rising in his heart, if he had learned about this at that time, then he would have intercepted that program no matter what.

“No!”

Ji Feng suddenly thought of something, “Dynasty existed a long time ago, but that program appeared on the internet just a few years ago, it doesn’t match up in terms of time.”

This made Ji Feng a little confused again.

Could it be that the segment of the program that he had encountered was not an AI at all, and that it was all just his guess?

Otherwise, why would Dynasty’s AI run out?

Or were there other AI’s existing on Earth?

Ji Feng had some difficulty in telling the difference for a while, and he knew that if he wanted to figure these things out, he was afraid that the only way to find out was to find the headquarters of the dynasty, or to capture king, the controller of the dynasty.

However, although his head was a bit confused, through this time of sorting out his thoughts, Ji Feng noticed a problem that had been overlooked before – in the first place, who had hired Wang Xin to intercept that program on the network!

“No matter who it is for now, but at the very least, the other party went to the trouble of hiring someone to intercept that program when they knew that it was useful!”

“It better not be Dynasty!”

.....

Exiting from the training space of the intelligent brain, Ji Feng went downstairs, only to find that both Xiao Yu and Wu Peng hadn't left yet.

Seeing Ji Feng come down, Ji Xiaoyu immediately stood up, “Third brother, are you alright?”

Ji Feng smiled and asked, “What can happen to me?”

Ji Xiaoyu said, “I saw you rush upstairs after you came back, I thought you were up to something, so”

Only then did Ji Feng understand why they hadn't left yet, apparently Xiao Yu was worried about himself, he laughed, “Silly girl, you think third brother will be hit so easily, huh? Even if the whole network company is gone, I'm not so bad as to think about it!”

Ji Xiaoyu smiled cheekily, “I knew it, Third Brother, you'll always be calm and relative when it comes to anything! Wu Peng even said that you were in trouble and asked me not to bother you”

Wu Peng instantly blushed: “I was being kind”

Ji Feng smiled and waved his hand, “Alright, alright! Xiao Yu, you can't keep bullying him like this.”

Ji Xiaoyu snapped, “Who's bullying him, Third Brother, why are you turning your elbows outward!”

Ji Feng laughed, thinking, “Now it's elbows to the outside, but after you guys get married, it's hard to say who's the outside. Girls are extroverted, that's true.

For Ji Xiaoyu and Wu Peng, Ji Feng knows exactly how to get along with them. He treats Xiaoyu as his own sister, but he will not interfere with her private life, let alone with her getting along with Wu Peng.

What's more, if he couldn't see that Ji Xiaoyu was deliberately joking with him to make him happy, then he had really been working for nothing these past few years.

“Third brother, actually you don't need to worry, Wu Peng also knows quite a few experts in the it industry, so he might be able to help you!” Ji Xiaoyu said.

“I'm not very good at it.”

Wu Peng shook his head repeatedly, “I've seen it, the other party's attack methods are very high, I'm no match for them!”

Ji Xiaoyu said, "Who said let you do it yourself, you can ask others to help, Third Brother will definitely not treat them badly!"

Wu Peng thought about it and said, "There aren't many people I know who are too much of an expert."

Listening to Ji Xiaoyu and Wu Peng's discussion, Ji Feng smiled and lit a cigarette, but in his head, he was thinking about whether he should give up on Tengfei Network.

Because, if the invasion is really an artificial intelligence, then no one can stop it. And the intelligent brain

Campus Master Chapter 3122

Ji Feng's exchange with the wise brain made him realise that many things had to be put on the agenda.

The most important of them was the body of the Wise Brain!

Before this exchange with the wise brain Ji Feng also did not expect that the wise brain would want a body, and what surprised him the most was that the wise brain could leave his body

Before this, Ji Feng had also moved this thought, trying to find a way to enable the wise brain to leave his mind, but this thought only flashed in his mind and did not think too seriously about it.

This was because he simply could not have imagined that the Wisdom Brain could leave his body.

At that time, the self-awareness of the wise brain was not yet strong, and it had never made a similar request.

But now it was different, and Ji Feng understood that this matter had to be considered as soon as possible, because, the Wise Brain's self-awareness was getting stronger and stronger, and it had already called itself 'I' when it spoke.

An artificial intelligence with self-awareness, staying in its own mind, many thoughts and matters of the heart could not be hidden from the wise brain, which made Ji Feng feel odd.

It was as if there was a person who was able to pry into one's heart at any time, a feeling I'm afraid no one would want to have.

Faintly shaking his head and putting these things aside, Ji Feng smiled and said, "Wu Peng, don't leave tonight, it's the first time the two of us met, so we should have a couple of drinks!"

Previously, Ji Feng was shocked by his speculation and was eager to find the intelligent brain for proof, so he focused on whether there was still a second AI, and somewhat neglected Wu Peng.

When he calmed down he knew that he had left Wu Peng out, which was obviously rude, not to mention that no matter if Xiao Yu and Wu Peng could eventually get married, at least it was the first time they came to the house, so they should be taken care of.

The company's main business is to provide a wide range of products and services to the public.

Wu Peng, however, scratched his head and said with some embarrassment, "Third brother, I'm not very good at drinking."

Ji Feng laughed, "Then we'll have some beer, or wine is fine."

"This"

Wu Peng hesitated for a moment and then nodded, "Okay, I'll listen to Third Brother."

Ji Feng laughed, "That's right, Xiao Yu, you can go ahead and get busy if you have something to do, Wu Peng won't be leaving today, I'll have a good chat with him."

Ji Xiaoyu instantly snapped, "Third brother, there is no such thing as you!"

"Dingling"

The two were joking around when Wu Peng's phone suddenly rang, he said sorry and hurried out to answer it.

"Third brother, what do you think of him?" While Wu Peng was out answering the phone, Ji Xiaoyu asked in a quiet whisper.

"Not bad!" Ji Feng said.

Ji Xiaoyu couldn't help but say, "Third brother, you're perfuming me!"

Ji Feng laughed, "If I were to say that he was bad, would you separate from him?"

Ji Xiaoyu froze for a moment, "Where is he not good?"

"Everywhere is good!"

Ji Feng was happy: "I haven't even said it yet, and you're already nervous, how else do you want me to say it?"

Ji Xiaoyu's pretty face flushed and she spat her tongue out in embarrassment.

"Wu Peng, this is my first contact with him, so I can't really know him yet, but from the first impression, this person is not bad, his personality suits you, he's not bad looking, down to earth and willing to work, in the future if you two get married, you won't have a bad life."

The key is to see if these flaws are something you can tolerate, and also if they will violate your bottom line, for example, if he is filial, if he is pure in nature, etc. These are things that no one else can judge for you, and you need to grasp them yourself. But personally, from what I've seen so far, I think you two are still quite suitable."

Regarding the matter of Ji Xiaoyu and Wu Peng, Ji Feng actually couldn't say anything. He knew Xiao Yu's girl's character very well, but what kind of person Wu Peng really was, that still needed to be dealt with slowly later.

Even he can't see through people at a glance, people are the most complicated animals in this world!

After listening, Ji Xiaoyu nodded silently and said, "Third brother, I understand."

Ji Feng said, "In fact, sometimes it's good for two people to have a little friction, instead, only after they've rubbed together can they be better together, right?"

Ji Xiaoyu said, "But how come there's no friction between you and your two sisters-in-law?"

Ji Feng froze for a moment and then laughed, "That was a special situation for us, it can't be used as a reference."

Ji Xiaoyu hummed, "Of course it can't be used as a reference, if Wu Peng dares to follow your example, I definitely won't spare him!"

Sweat!

Ji Feng couldn't help but be speechless at his words.

At this time, Wu Peng came in after answering the phone and said with a bitter smile, "It's from the company, I'm really too busy with this job, sorry."

Ji Feng smiled and waved his hand, "It's good to be busy, just now Xiao Yu even said that you should not follow my example, look at me, I am just idle all day long. Wu Peng, if the company has an urgent matter, then we'll do it another day, you go ahead and get busy, it's okay."

Ji Xiaoyu wrinkled her nose at him, that's not what she was talking about, okay!

Wu Peng shook his head, "No, it's just that there's a project that hasn't been completed yet, the old boss is pushing for it, but I've already taken the day off, he has no reason to let me go back."

Ji Feng didn't advise further, but said, "Since that's the case, let's ignore that for now."

He now spent most of his time on No. 1 Island and his return to Jiangzhou was limited, and Wu Peng was so busy that even if he came back, he might not be able to coincidentally run into each other, so since Wu Peng was here today, it was fine even if he was absent from work.

In the evening, since the house hadn't opened fire for a long time, several people drove out to eat.

"Let's go to the university town, I haven't been there for a long time and I kind of miss the snacks there." Ji Xiaoyu suggested.

Naturally, Ji Feng and Wu Peng had no problem with it and nodded their heads in agreement.

On the way, Ji Feng gradually got to know Wu Peng's situation a little better through small talk.

There were three siblings in Wu Peng's family, he was the second oldest, with an older brother above and a younger sister below. Wu Peng's brother is now working in Nan Yue and seems to be in the gaming-related industry, an ordinary white-collar worker.

Wu Peng's younger sister, on the other hand, was still in school today and happened to be attending Jiangzhou, right in the university town of Jiangzhou Foreign Language School, a good undergraduate school that could be considered famous in the country.

Ji Feng said, "Since we're going to the university city, why don't we just ask her to join us, and get to know each other a bit."

"No need, she must have eaten by now." Wu Peng shook his head, "Third brother, you don't need to be so polite."

“It’s also true, it’s long past the time for meals in the school canteen.” Ji Feng nodded and laughed.

The three of them didn’t go to any high-end places either, as the weather had turned hot, so they simply sat down at an ordinary local cuisine restaurant, and they still chose to have a table set up outside the shop.

By the time they finished, it was already more than an hour later.

“Xiao Yu, you should send Wu Peng back first, I haven’t been here for a long time, so it’s good to take a stroll around this side of the university city.” Ji Feng said with a smile.

Wu Peng shook his head repeatedly, “Third brother, it’s better to let Xiao Yu take you back, I don’t live very far from here, it’s not much money to take a taxi back

“Alright, don’t be polite to me.” Ji Feng smiled and waved his hand, declining Wu Peng’s kind offer, and slipped away alone along a small road in the university town.

Wu Peng looked at Ji Xiaoyu and said with some hesitation, “Xiaoyu, is this good? We’re going back and leaving your third brother here alone!”

Ji Xiaoyu said, “It’s alright, he’s not seeing you, otherwise he would have asked us to send him back, which would also make you feel better in your heart, now that he’s gone so straight away, it means you’re not doing too badly.”

Wu Peng’s eyes lit up, “Really?”

Ji Xiaoyu hummed, “No matter how well you behave in front of others, the final decision is still in my hands!”

Wu Peng hemmed and hawed at once.

“Silly face!”

Ji Xiaoyu gave him a blank look, “Do you want to go back now? It’s quite cool at the moment, do you want to take a walk and I’ll show you the place where I used to go to school?”

Wu Peng nodded his head repeatedly, “Sure!”

.....

Ji Feng wanted to go to school to have a look.

In fact, strictly speaking, he really wasn’t a good student when he was in school, missing classes and skipping classes was really a common occurrence for him, if he came to class one day, it would be a rarity.

However, there were quite a few things that happened in this school, and he had experienced a lot even though he had spent relatively little time in school.

“Tick tock!”

Suddenly, two car horns sounded from the roadside, causing Ji Feng to be startled, immediately turning his head to look, he found a black Mercedes Benz SUV parked on the roadside just a few meters ahead, and it happened to be parked under a tree, he was thinking about his mind so he didn't pay attention.

The company's main business is to provide a wide range of products and services to its customers.

This car was being passionately entwined!

Car`s shock!

Ji Feng shook his head and laughed, he didn't expect this side of the university city to be so open now, to get it on with such a stop at this roadside.

The first thing you need to do is to get a good idea of what you are getting into.

At this moment, the other party also found Ji Feng and hurriedly lowered her body, but the next moment, the car door was opened a crack and a voice came out.

"What the hell are you looking at, get lost!" It was a man's angry roar.

Ji Feng shook his head and laughed, and didn't follow them in general, bypassing the Mercedes and continuing on his way.

Twenty minutes or so later, Ji Feng arrived at the entrance of United University, looking at the students who were coming in and out, he was thinking whether he could pretend to be a student and blend in, when the phone suddenly rang.

"Third brother, you haven't left yet, have you? Come to Xuehai Road quickly, Wu Peng has been beaten up!" It was Ji Xiaoyu calling.

Campus Master Chapter 3123

Ji Feng smiled and immediately frowned, said in a deep voice: "I'll come over here, which location are you guys specifically in Xuehai Road?"

Ji Xiaoyu said in an urgent voice: "Just behind Lakeside at the trailhead"

"I know, you do not rush, do not argue with others, what is the matter wait until I arrive." Ji Feng said, hung up the phone and immediately rushed towards the place Ji Xiaoyu said.

He was not far from the place Ji Xiaoyu said, just now he passed by that intersection, and just a short distance from that intersection, he also saw a man and a woman in a Mercedes Benz car `shaking.

Ji Feng didn't expect that Ji Xiaoyu and Wu Peng had actually gone there, he had slipped there unintentionally, but didn't know what they were doing there.

But on second thought Ji Feng understood that Xiao Yu must have wanted to take Wu Peng to Union University, it was closer to go from there, it seemed that they had gotten into an argument with someone while taking a shortcut.

Without saying a word, Ji Feng jogged all the way towards the direction he came from.

Not long after, he could see from afar that there were quite a few people gathered on the roadside in front of him, and the sound of an argument coming from them.

“You guys aren’t allowed to leave, you want to just walk away after beating someone up?” Ji Feng immediately heard Ji Xiaoyu’s angry voice, and he instantly sank, quickly rushed to the front, and found that in the crowd of onlookers, there was a Mercedes-Benz car parked, and there were several people standing on the side of the car, and two of them were none other than Ji Xiaoyu and Wu Peng.

At that moment, Ji Xiaoyu and Wu Peng were pulling the car door to prevent one of them from closing it, and both of them looked angry.

Opposite the two of them stood a middle-aged man with a big belly, and beside this middle-aged man stood a tall young man, who looked like a bodyguard’s dress.

At this moment, the middle-aged man was shouting and scolding, “Let go of my hand immediately, two pussies, looking for death!”

Ji Feng’s face immediately became incomparably gloomy, he swept a glance at the middle-aged man, only to see that the other party’s clothes were unkempt, waving his hands as he was shouting curses, looking extremely vicious!

He immediately understood that the one who was playing with the car in the car just now was this middle-aged man, but he didn’t know how Wu Peng and Xiao Yu had started a conflict with him.

“You are shameless!”

The middle-aged man scolded her, and Ji Xiaoyu’s face turned red with anger, even in the not too bright street light, she could see clearly that she was really angry, “You hit someone, and now you open your mouth to curse, I will definitely not spare you!”

“Haha!”

When the middle-aged man heard that, he burst out laughing, “Little girl, you won’t spare me? Who the hell do you think you are? Think I have to listen to you because you’re pretty? Even if you kneel down and lick me now

“Boom!”

Before this middle-aged man could finish his words, Wu Peng suddenly rushed up and punched the middle-aged man in the face, the man’s foul language towards Xiao Yu had angered Wu Peng.

The bodyguard beside the middle-aged man kicked towards Wu Peng, but before he could hit him, he suddenly felt a lightness in his body and a sudden sharp pain in his waist, and his whole body flew out sideways and crashed into the Mercedes with a clang.

Wu Peng was completely unaware of the change around him, he just fiercely swung his fist at the middle-aged man and cursed angrily, “Son of a bitch, I’ll kill you!”

Although the middle-aged man was not a small man, he was no match for Wu Peng. Even if Wu Peng was more gentle, the strength of the young man still prevailed, and the middle-aged man could only hold his head and roar.

“Wu Peng, stop fighting, stop it!” Ji Xiaoyu hurriedly pulled Wu Peng away, “Third Brother said to wait until he comes over.”

“No way! This bastard dares to scold you like that, I’m not finished with him!” Wu Peng said angrily with red eyes.

“That’s right, it’s not over with him!”

Ji Feng said coldly, “Men, they should have some blood!”

Wu Peng and Ji Xiaoyu could not help but stare at their words, and only then did they realise that Ji Feng had arrived at the scene at some point.

“Grass!”

The middle-aged man bared his teeth in pain, gritted his teeth and stood up, cursing angrily, “You s**t, how dare you hit me, if I don’t get you killed today, I’ll take your fucking name

Wu Peng pooh-poohed and said disdainfully, “You’re thinking good thoughts, with a son like you, I should just run my head over and die!”

“You

The middle-aged man was furious, “Good! Good! You’ve got a sharp tongue, don’t you? I’ll rip your mouth off! Liu Fei, give me a fight

Before he could finish his words, they came to a screeching halt.

Because when he turned his head, he found that his bodyguard had actually sat down on the ground somehow, his body twisted against the wheel, and was covering his stomach with a painful low moan`.

The middle-aged man was immediately startled, just now he was being beaten by Wu Peng and completely failed to notice that his bodyguard had been kicked by Ji Feng and crashed into the car, now that he saw it, he couldn’t help but be stunned.

Just as the middle-aged man froze, Ji Feng gave him a cold look with a cold light in his eyes before he turned his head to look at Ji Xiaoyu and Wu Peng and asked, “What’s going on?”

“Kid, do you know who I am? If you want to mind your own business, you have to see if your head is hard enough!” The middle-aged man spoke with a threat.

Ji Feng just gave him a cold look but ignored him, in Ji Feng’s heart, no matter what status this fat-headed middle-aged man had, this matter was definitely not over, just based on those words he scolded Xiao Yu, Ji Feng would not let him go.

“Third brother, this man is shameless!”

When Ji Xiaoyu saw that Ji Feng had come, a heart fell back into her stomach and she said angrily.

The middle-aged man immediately said in a cold voice, “Little girl, be careful what you say, or I will make sure you see what shamelessness means!”

“Pah!”

As soon as his words left his mouth, a slap hit him hard on the face, instantly sending him screaming and slamming into the car with a stumble.

The middle-aged man covered his face and said angrily, "You dare to hit me?!"

Ji Feng said in a cold voice: "Hear half a dirty word from your mouth again, and I'll waste you now!"

"You"

The middle-aged man was furious, but when he saw Ji Feng's cold eyes, a chill suddenly rose in his heart, and he didn't dare to say any more hard words, but only said in a hateful voice: "You wait!"

Then he took out his mobile phone and went to call someone.

Ji Feng pulled Ji Xiaoyu over and asked in a low voice, "Xiaoyu, what's going on, why did you get into a conflict with such a person?"

Ji Xiaoyu blushed and glanced at Wu Peng.

Ji Feng turned his head to look, but he saw that Wu Peng also looked embarrassed, but his face was still angry and there was still some blood at the corner of his mouth, so it was obvious that he had been beaten up before.

"Third brother, Wu Peng's sister is in that car!" Ji Xiaoyu suddenly whispered.

"What?"

Ji Feng froze for a moment, and then his brows furrowed, "Wu Peng's sister? In this Mercedes?"

Ji Xiaoyu nodded and whispered, "His sister is related to this man, Wu Peng and I were passing by and we happened to see them not doing anything good in the car, Wu Peng saw his sister at once and then rushed up, resulting in a conflict, I didn't expect another person to come later and beat Wu Peng up."

Ji Feng instantly understood the cause and effect of the incident!

Only then did he realise that the woman he saw in that Mercedes before was actually Wu Peng's sister!

Wu Peng and Xiao Yu passed by this way and happened to see his sister and this fat-headed man in a car shaking, the result naturally went without saying that Wu Peng had a conflict with that middle-aged man, but that middle-aged man's bodyguard should have been waiting not far away, and when he saw that his boss had a conflict with someone, he naturally came over to help, and as a result, he beat up Wu Peng.

After understanding the cause and effect, Ji Feng asked in a deep voice, "Wu Peng, what is your sister's attitude? Was she forced?"

Although the words were asked like this, but Ji Feng was clear in his heart, he saw that woman outside before when she was tangling with that middle-aged man, with a flirtatious and crazy face, that did not seem like she was forced.

Wu Peng pursed his lips, his face was ugly, "Third brother, I didn't expect her to learn bad"

Ji Feng said in his heart that it was true, it seemed that Wu Peng also knew that his sister should not be forced, otherwise, he wouldn't have had this expression.

"Then what do you plan to do?" Ji Feng asked, "Are you going to take your sister away, or"

"I'm going to take her to where I live first." Wu Peng said.

"Okay, I know." Ji Feng nodded his head.

Wu Peng said angrily, "But they"

Ji Feng patted his shoulder, "Forget about the others, if you trust me, let me handle this matter."

Wu Peng immediately nodded: "Third brother, of course I trust you!"

"Good then, just leave it to me to deal with next." Ji Feng said, looked at the blood on the corner of his mouth and asked, "Was it that bodyguard who hit you just now? Did that fat pig make a move?"

"Did it!"

Before Wu Peng could answer, Ji Xiaoyu immediately said angrily; "Third brother, just now Wu Peng rushed over and smashed the car door to pull his sister out, that man kicked Wu Peng, then his accomplice came and knocked Wu Peng to the ground, and that middle-aged man kicked Wu Peng in the stomach next to him Third brother, today we can't spare them!"

Ji Feng nodded: "Xiao Yu, don't be angry, this breath of anger Third Brother will help you out!"

After saying that, he turned his head to look at the middle-aged man, swept a glance at the bodyguard sitting on the ground, and took two steps forward.

When the middle-aged man saw Ji Feng coming, he was startled and hurriedly stepped back, but as soon as he moved, he realized that he was already leaning against the car and there was nowhere to step back, "You, what do you want?"

Ji Feng ignored him, his gaze fell on the bodyguard and asked, "Just now you hit my friend? Which hand did you hit?"

The bodyguard gritted his teeth and said, "Kid, you still don't know what you're doing, do you? Do you know who our boss is?"

"Pah!"

A slap on the face instantly cut off the bodyguard's words.

Ji Feng asked coldly, "Which hand did you hit?"

Campus Master Chapter 3125

Shortly after Ji Feng spoke to Qiu Pengfei, the middle-aged man's bodyguard groaned in pain and woke up from his coma.

The middle-aged man's face was not the least bit happy, originally he thought that this bodyguard was very capable of fighting and was also very loyal, but just now he watched Ji Feng break both of his hands, which made the middle-aged man's heart turn cold.

However, the burning pain on his face made the middle-aged man not forget that just now, he had been slapped twice on the face!

In all the time he had been in Jiangzhou, no one had ever dared to treat him like that!

The middle-aged man's heart was so resentful that he gritted his teeth and his voice seemed to squeeze out of his throat, "Wait, if I don't bleed you today, I'll take your surname!"

Ji Feng coldly glanced at him, but ignored him.

Even if this middle-aged man didn't say anything, Ji Feng definitely wouldn't just stop, just by those words this fat pig insulted Xiao Yu, he was destined to end up like this!

"Woo wah~~ woo wah~~"

Suddenly, the urgent sound of sirens coming from the distance made the middle-aged man seem to be infused with endless strength, as soon as he heard the sirens he jerked his body upright, as if his whole person had become much more courageous all of a sudden, and his originally resentful eyes glared directly at Ji Feng.

"Little Beavis, today I'm going to let you know how to write the word death!" The middle-aged man said.

"I was afraid you wouldn't know." Ji Feng said indifferently, the middle-aged man's change fell in his eyes, giving him a ludicrous feeling.

Obviously, this man heard the siren, knew it was his people coming, felt no need to be afraid anymore, and his back straightened up at once.

Ji Feng sneered, just in case this fat pig's disappointment would be even greater later!

The reason he waited here instead of leaving with Xiao Yu and the girls was to deal with this matter thoroughly, and the method he was going to use was to wait for this fat pig to call someone over, and then let this fat pig open his piggy eyes wide to see how much his proud background and power could really play a role!

Just a few moments later, two police cars came whistling and squeaked to a halt not far ahead, followed by five or six people in police uniforms getting out of the cars and walking straight this way.

"Mr. Huang, what's wrong?" One of the policemen walking at the front asked loudly, "What's happening?"

"Team Chen, there are thugs here who want to kill me, my bodyguard has both arms broken and is seriously injured, and I am also injured" the middle-aged man known as Mr. Huang said angrily after seeing the policeman. "The thugs are them, especially the taller one, he is extremely vicious, simply vicious!"

"You bullshit!"

Ji Feng hadn't said anything yet, Wu Peng was instantly furious and couldn't stand it anymore, he pointed at General Manager Huang and said angrily, "You simply don't have any face at all! Aren't you afraid of retribution?!"

Mr. Huang's face sank and he cursed, "Bullshit! You're no good either, Team Chen, look at how arrogant they are, how dare they speak so recklessly here after committing a crime, it's clear that they don't take you seriously, hurry up and arrest them!"

Wu Peng was so angry that he wanted to kick this fat pig to death, he pointed at Mr. Huang, "You are so shameless to the extreme! This officer"

"Take them away!"

Wu Peng was just about to explain to the policeman in the lead, but before he could say anything, the team leader, Chen, interrupted him with a wave of his hand, "Let's talk about it at the station first!"

With that, the policemen behind him were about to come up and arrest him.

Wu Peng was furious, it was just as well that Mr. Huang had perverted black and white, but these police officers were so indiscriminate, they wanted to arrest him and Ji Feng, there was no justice in this!

"Who are you to arrest us" Wu Peng said angrily.

"You want to resist?!"

The two policemen's faces sank, and their hands immediately touched their waists, ready to get their weapons.

Wu Peng stiffened his neck and said angrily, "If you have the guts to kill me now, otherwise, I will definitely file a complaint against you"

"Okay, cut the crap!"

Ji Feng patted Wu Peng's shoulder, he had really seen a lot of this kind of things, he turned his gaze to the one at the head, the Chen team, and said, "Chen team, right? Aren't you afraid of getting yourself into trouble if you do this?"

Team Chen frowned: "You're threatening me?"

Ji Feng said coldly, "I just want to give you a warning, it's easy to arrest us, but I'm afraid this is a consequence you can't afford, especially, you're still clearly favoring one of the parties!"

"How arrogant!"

Team Chen sneered, "Take it away! I'd like to see what you can do to me!"

Wu Peng fiercely stood out, "I did it all by myself, it has nothing to do with him, if you want to arrest me, arrest me alone!"

Ji Feng couldn't help but look at him in surprise, and then a smile appeared on his face.

Team Chen sneered, "Joke! The police still need to listen to your command when handling a case? Take both of them away."

“Ding”

Just at that moment, Ji Feng’s mobile phone suddenly rang, he glanced at Team Chen, took out his phone and picked up the call.

“Mr. Ji? I’m Zhao Bo from the University City Branch, it was young Qiu who asked me to call you.” A man’s voice came over the phone.

“Hello Mr. Zhao, there are a few police officers standing in front of me right now to take me and my friend to the police station, if you can, I’ll see you at the police station?” Ji Feng smiled and said.

“What?!”

Zhao Bo on the other end of the phone gave a startled cry, then said, “Good! You ask them which police station they are from, I’ll go over there.”

Ji Feng said, “It’s better for you to talk to them directly!”

He handed the phone over, “Team Chen, someone wants to speak to you.”

Team Chen looked at him and ruthlessly picked up the phone, “Who is it?”

“I’m Zhao Bo from the University City Branch, which branch are you from?”

“Zhao, Chief Zhao?”

That team Chen’s face changed abruptly, his hand shook and he almost didn’t throw the phone out, “Chief Zhao, how do you”

“Bill Chen?”

Zhao Bo on the phone immediately heard Team Chen’s voice.

Team Chen swallowed hard, “Bureau Zhao, it’s me”

“Bill Chen, you’ve done a good job!” Before Chen Bill could finish his words, he heard a voice filled with thick anger coming from the phone, “You’ve simply disgraced the branch!”

“Bureau Zhao, I, I didn’t know that this person was your friend”

“You know shit!”

Zhao Bo on the phone roared, “The owner of this phone is not my friend, I would like to make friends with someone! I’m telling you, he’s a friend of Qiu Pengfei! He’s the nephew of a high-ranking city official!”

Swish!

Chen Biao’s face turned abruptly white!

Qiu Pengfei’s friend, the nephew of a high-ranking city official!

These two identities, either one of them was not something he could afford to mess with, and more importantly, the reason he was here today was to help Mr. Huang come and arrest these two people

I'm really fucking dead!

Chen Biao didn't even dare to turn his head to look at Ji Feng, he just said into the phone, "Bureau Zhao"

However, before he could finish his words he was interrupted by Zhao Bo's angry roar, "Bill Chen, you better be able to handle things satisfactorily or else humph!"

As soon as the words left his mouth, the other end hung up the phone.

Bill Chen shivered!

That cold hum from Zhao Bo was like a heavy hammer knocking on Bill Chen's heart, listening to the busy tone coming from the phone, he turned his head with difficulty, his face trying hard to squeeze out a smile, "Mr. Ji"

Ji Feng picked up the phone and said, "Finished talking? Then, let's go to the police station!"

Chen Biao was immediately startled and waved his hands, "No, no, no, Mr. Ji, don't be angry, this is all a misunderstanding"

Ji Feng frowned and gave him a look, "You were so overbearing before you received the call, but now you say it's a misunderstanding? Captain Chen, this is not a misunderstanding, I did hit these two people, and that person also constituted a minor injury Is this how you are a police officer? Is this how you handle cases?"

With every sentence Ji Feng said, Chen Bei's heart sank a little lower and his mouth was filled with bitterness, but he didn't know how to explain.

"Mr. Ji, you, what do you want to do?" Chen Bei asked cautiously.

"We've committed a crime, there's no need for me to teach you what to do." Ji Feng said coldly.

Chen Bill's heart became even more bitter, "Mr. Ji, in this case, it depends on whether you want to settle the case publicly or privately."

Ji Feng said, "I'm at liberty."

Chen Bei immediately said, "Then I'll go ask them."

Saying that he didn't dare to linger for a moment, he hurriedly turned around and walked over to that General Manager Huang's side, the bitterness and caution on his face immediately turning into anger and fierceness.

"Team Chen, what's going on? That person has some origins?" Chief Huang also saw that Chen Bei had answered a phone call, and then that original posture of looking at people with his nostrils immediately softened, so he realised that Ji Feng and his team might be of some origin.

"Huang Danian, you're fucking killing me! Do I have a grudge against you?" Chen Biao lowered his voice and roared in anger, as soon as he remembered who he had offended, he hated to tear Huang Danian alive.

“Team Chen” Huang Danian was instantly shocked, “You’re”

“Do you fucking know who that is? That’s the nephew of a high-ranking city official, and you’re actually fucking asking me to wade through this mess, you want to die!” Chen Bei said angrily.

“Huh?”

Huang Danian was stunned on the spot.

A moment later, Bill Chen’s face was all smiles again as he came to Ji Feng, “Mr. Ji, they are willing to settle privately and are willing to compensate you”

“You’ve got it wrong!”

Ji Feng coldly interrupted him, “It was me who hit them, not them who hit me, it’s me who should pay compensation”

“Ding”

Just at this moment, his mobile phone suddenly rang, he looked down, his eyebrows immediately wrinkled, and then looked up and said, “Since the other party is willing to settle privately, I’ll have someone send me the medical expenses later, I’ll bear all the costs of lost wages and so on, you can come to me anytime if there’s anything! That’s all!”

After saying that, he turned his head and said, “Wu Peng, let’s go back!”

Without giving Bill Chen a chance to speak at all, Ji Feng took Wu Peng and left.

Watching Ji Feng and the two of them leave, Chen Biao’s face turned blue for a while, and after a moment, he turned back violently, gritting his teeth and roaring angrily, “Huang Danian, I’ll fuck you up”

“It’s over!”

Huang Danian’s face was even whiter, his body went limp and he leaned against the car.

Campus Master Chapter 3126

Whether it was Huang Danian, who was beaten, or Chen Biao, they were all like dogs in mourning at the moment.

Huang Danian, in particular, was as uncomfortable as if he had eaten a fly, and his intestines were blue with remorse. He never thought that the guy who beat him up would be the nephew of a senior city official!

As a businessman, Huang Danian was much better informed than Chen Biao, and when Chen Biao had just revealed Ji Feng’s identity, he immediately knew who it was.

However, Huang Danian would rather he didn’t know Ji Feng’s identity!

Although Ji Feng didn’t have any notoriety in Jiangzhou, yet, his identity alone was definitely not something he could afford to mess with!

Huang Danian could even think of what would happen to him next.

His face was white, his lips were trembling, and he couldn't say a word.

He was even more regretful than Huang Danian, how could he have done such a stupid thing in his head?

Even if he was looking for death, he shouldn't have looked for it so accurately, right?

Chen Biao could even imagine that even if Ji Feng didn't put him in his sights, Qiu Pengfei wouldn't even let him go. The Director's rant said it all!

When he went to work tomorrow, he would definitely have no good consequences!

It's over!

.....

Ji Feng and Wu Peng hadn't gone far before they stopped a taxi and headed back.

"Third Brother, I'm to blame for being too impulsive today and delaying your time." Sitting in the car, Wu Peng looked extremely embarrassed and couldn't help but apologise.

"I was just hanging around to kill time, there was nothing to delay." Ji Feng waved his hand.

Wu Peng nodded, but in his heart, he was extremely ashamed, he didn't expect that he had just met Xiao Yu's family, but he had encountered such a thing, and he had also let Xiao Yu follow through with the insults, he was angry and ashamed.

Ji Feng understood Wu Peng's feelings and said, "Wu Peng, since you are Xiao Yu's boyfriend, you are not an outsider, so there is no need to be polite with me. Now that it's happened, there's no point in thinking about anything else, it's better to think about how to solve it."

Nodding heavily, Wu Peng said in annoyance, "I'll send Meihua home tomorrow, she's such a disgrace!"

When he mentioned what his sister had done, Wu Peng was still extremely annoyed and his face was even hotter.

How could he not have imagined how his originally simple sister had turned into such a person, actually having car sex with a man right on the side of the road! Even if it was night, there weren't many pedestrians on that road, but this Wu Peng was so angry that he didn't know what to say!

Ji Feng, however, faintly shook his head and said, "I see, your sister may not want to go home."

Wu Peng said angrily, "It's up to her! After doing something like this there's still the face to continue staying here?"

Speaking here he suddenly reacted and asked, "Third brother, are we suddenly going back, is Meihua causing trouble again?"

Just now the matter with Huang Danian and those few policemen hadn't been finished, and Ji Feng suddenly wanted to go back, Wu Peng thought at that time that Ji Feng was angry and didn't want to see

those people again, but now when he heard Ji Feng say that, he suddenly thought that Ji Feng had received a text message earlier.

“That’s right.”

Ji Feng nodded, confirming Wu Peng’s guess, “Just now Xiao Yu sent a text message over, saying that your sister wants to leave and doesn’t want to stay at my house.”

Wu Peng grunted angrily, “That’s ridiculous! Unlike words!”

Ji Feng patted his shoulder, “Go back and persuade her properly, and don’t say anything heavy, she’s an adult after all and has her own thoughts, if you say something heavy, she’ll be even more reluctant to stay.”

“I don’t want her to stay either!” Wu Peng grunted in anger.

“Anger won’t solve the problem, talk to her after you go back.” Ji Feng said comfortingly.

Wu Peng lowered his head and didn’t say anything, obviously furious.

When they got home, before they even entered the house, they heard the sound of an argument coming from the yard.

“You let go of me, although you are my brother’s girlfriend, you have not yet become my sister-in-law, you have no right to restrict my personal freedom!” It was Wu Meihua’s voice.

“I didn’t say I wanted to restrict your personal freedom, it’s just that it’s so late now, even if you want to leave, you have to wait for your brother to come back

“I don’t want to see him!”

Hearing this outside, Wu Peng was furious and stomped his foot furiously, pushed the door open and walked in, angrily saying, “Do you not want to see me, or do you not have the face to see me!”

Ji Feng also followed him inside, and as soon as he entered the door, he saw Xiao Yu and Wu Meihua standing at the entrance of the living room, obviously because Wu Meihua wanted to leave and was stopped by Xiao Yu.

Ji Feng and Wu Peng suddenly came in, causing Wu Meihua to be startled, and her aura weakened by a few points.

Wu Peng, however, was furious and said angrily, “You’ve really grown up, you’ve actually learned to lose your temper with Xiao Yu, why did she stop you? It’s for your own good!”

“I don’t need to!”

Wu Meihua lowered her head and grunted, “I don’t need others to pity me!”

Wu Peng was furious, “You are unbelievable!”

Wu Meihua didn’t say anything, obviously knowing that she was also in the wrong.

Wu Peng took a deep breath and asked in a deep voice, "Meihua, how could you do such a thing, how could you become like this! Is the money I usually give you for living not enough to spend? Why do you have to learn from those misfits, don't you feel ashamed?"

Wu Meihua jerked her head up and said, "You only give me two thousand yuan a month, what is it enough for?"

"I've paid your tuition fees for you, two thousand yuan a month for living expenses is not enough for you to spend?" Wu Peng said angrily.

"Enough?"

Wu Meihua said, "The roommate in our dormitory has ten thousand dollars for a set of cosmetics, a lipstick is seven to eight hundred, do you think two thousand dollars is enough?"

Wu Peng said angrily, "You're still a student, what do you need such expensive cosmetics for"

"Who doesn't want to use good ones?"

Wu Meihua grunted, "Your monthly salary is tens of thousands of dollars, but you only give me that much, how can I have enough if I don't find my own way to earn money?"

"You"

Wu Peng pointed at Wu Meihua, his hands were shaking with anger.

Even Ji Xiaoyu next to him couldn't help but have an angry look on her face, Wu Meihua's performance was just too much and too infuriating.

"Could it be that in your opinion, all of your brother's money should be given to you?" Ji Feng suddenly spoke up.

"Who said all of it?" Wu Meihua hummed, "And who are you, do I know you?"

"It doesn't matter if you know me or not, what matters is that I know you're a white-eyed wolf!" Ji Feng said indifferently.

Wu Meihua said angrily, "Who are you talking about?!"

Ji Feng sneered, "Apart from you, who else among us can afford to be called that?!"

"You"

Wu Meihua was just about to speak when she was interrupted by Ji Feng.

"You come from a rural area and your family's conditions are not good, but your family still paid for both of you brothers to complete your education, at the very least, your family didn't let you drop out of school midway, from this point of view, your family doesn't owe you anything, and your brother owes you even less!"

Ji Feng sneered, "But what about you, after you came to the big city and saw the flowery world outside, you don't know what your surname is anymore, you want to learn to use good cosmetics from others? You want to learn to use good cosmetics from people? You want to carry designer bags? Want to drive a

nice car and live in a luxury house? Why should you be so aggrieved if your brother doesn't give it to you? He is your brother, not your father!"

Wu Meihua's face turned blue for a while, and she opened her mouth to retort, but Ji Feng didn't give her that chance at all.

"You think that by getting close to a big money man and casually selling your body you can earn money and be able to clothe and feed yourself in the future for the rest of your life, or even be clothed and fed?"

Ji Feng gave her a contemptuous glance, "You are indeed a bit posh, but what do you think you are in the eyes of those rich people? You're just a plaything for them, even one that doesn't make it to the stage! Now you can make some money and maybe there's a good job waiting for you, but open your eyes and see how many people like you there are in society, more beautiful than you can count, and how many of them end up having a good life?"

"You can only be considered upper middle class at best in your school, there are many more beautiful people than you, but you think you are beautiful and want to maintain your inexplicable sense of superiority, so you strip yourself of your dignity and throw your face to the ground, but in fact you are nothing!"

"You"

Wu Meihua's face turned red with shame and indignation.

Ji Feng snickered, "Still know embarrassment? Still know shame? It can't be, someone like you should have stopped having any face at all a long time ago, how come you're like this after saying two words about you?"

"You, you shut up!" Wu Meihua screamed.

"That's because, I've talked about your sore spot!" Ji Feng sneered, simply ignoring Wu Meihua's scream, "You only care about enjoying yourself, but you've never thought about how your brother gets these tens of thousands of dollars a month, how much effort he has to put in, he doesn't even have a sheltered place in Jiangzhou yet, and he needs to get married and have children in the future, have you ever considered all these?"

"I'm really curious, where on earth did you get the strength to shout at a brother who has been pampering you so much, or even to make accusations across the board?!"

Ji Feng shook his head, "People like you are only worthy of being someone else's plaything too!"

"You shut up! Wooo"

Wu Meihua screamed and completely broke down, letting out a loud cry.

Every word Ji Feng said was on her sore spot, and she wanted to refute every time, but there was no word that she could refute anymore.

Ji Feng's words seemed to have torn off her face layer by layer, leaving her without even the slightest bit of dignity.

In fact, originally she had insisted on leaving because she had no face to meet Wu Peng, especially when she had lost her face in front of her future sister-in-law.

Ji Feng's words, on the other hand, had left her without even the last bit of dignity.

Wu Meihua broke down and crouched on the ground crying, not even daring to look up at Wu Peng and Ji Xiaoyu.

"Third Brother!"

Ji Xiaoyu saw Wu Meihua crying so hard that she was a little too upset and pulled Ji Feng's arm.

However, Wu Peng's eyes were red from Ji Feng's words, and Wu Meihua's accusation made him feel very nasty and uncomfortable inside.

Ji Feng waved his hand, "Come on, let's go in, let her cry here by herself, if she wants to change her ways, she will come in by herself!"

Saying that, he dragged Xiao Yu inside, not letting her stay here, this had only just fallen in love with Wu Peng, and Wu Meihua dared to shout at Xiao Yu, how could it be in the future?

Campus Master Chapter 3127

"Oooh"

Outside the living room, in the courtyard, Wu Meihua's cries came.

However, just across the door of the living room, Wu Meihua was sitting in the doorway crying, and that cry naturally came clearly into the living room, sounding as if it was somewhat miserable.

"Third brother"

Ji Xiaoyu couldn't help it first, although what Wu Meihua did made her look bad, and the words she said made her even more angry, but hearing Wu Meihua crying outside like this, she was more or less unbearable in her heart.

But as soon as she opened her mouth, she saw Ji Feng's gaze looking over and frowning slightly. Immediately, Ji Xiaoyu couldn't say any more and lowered her head and stopped talking.

From Ji Feng's expression Ji Xiaoyu immediately saw that this time Ji Feng was really angry, and Ji Xiaoyu knew that Third Brother was angry because of Wu Meihua's attitude towards himself.

Although Ji Feng barely mentioned himself from beginning to end when he was talking about Wu Meihua just now, Ji Xiaoyu knew very well that if it wasn't for that attitude of Wu Meihua towards himself, Third Brother definitely wouldn't have been so angry.

"Third brother, I'm sorry, it was my sister who did a bad job and went too far with Xiaoyu." Wu Peng naturally understood why Ji Feng was angry, he was even angrier himself, but Wu Meihua was his sister after all, so he could only apologise.

“Wu Peng, you don’t need to apologise!” Ji Feng said, “You and Xiao Yu are in love, that’s between the two of you, and as long as you two are living well, I definitely wish you the best, but that doesn’t mean I’ll stand by and watch Xiao Yu suffer. Your sister has gone too far!”

Wu Peng nodded awkwardly.

Ji Feng let out a light sigh and said, “If you can forgive her, let her in later.”

After saying that, Ji Feng shook his head and turned around and went upstairs.

It was enough to say that Wu Meihua was after all Wu Peng’s sister, so of course Ji Feng couldn’t really shut her out and not let her in.

However, the attitude that should be shown still had to be shown. In fact, Ji Feng’s speech was already very restrained, and if he hadn’t taken Wu Peng’s face into account, he would have been even more pointed.

If Wu Meihua wasn’t Wu Peng’s sister, or if Wu Peng was just an ordinary friend, someone like Wu Meihua Ji Feng wouldn’t even let her in the front door!

What’s more, from the beginning to the end, Xiao Yu was only advising Wu Meihua, not saying a single serious word, but Wu Meihua was like a mad dog opening her mouth and biting, this kind of person, normally Ji Feng would not even look at her.

But for the sake of Wu Peng, Ji Feng could not say anything else, so he could only turn around and go upstairs.

If Wu Peng forgave Wu Meihua, then he would open the door himself and let her in. It was fine if he couldn’t, Ji Feng was no longer going to ask about their affairs.

As long as, don’t let Xiao Yu be aggrieved!

After Ji Feng went upstairs, Wu Peng looked at Ji Xiaoyu somewhat apologetically, “Xiaoyu, let you be aggravated

Ji Xiaoyu shook her head and said, “I’m fine, you’d better go see Meihua.”

“She ugh!” Wu Peng couldn’t help but shake his head and sigh.

“Actually, what my third brother said just now was a bit sharp, but it’s right, Meihua does need to turn back, otherwise, she’ll regret it later!” Ji Xiaoyu said softly.

Wu Peng nodded his head, he also understood that Ji Feng was right, otherwise, Meihua wouldn’t have cried so much and broken down.

After a slight hesitation, Wu Peng still opened the door to the living room and saw Wu Meihua squatting on the floor, her face buried in the crook of her arm, crying bitterly.

“Stop crying and come in.” Wu Peng said.

“Oooh

Wu Meihua was still crying as if she hadn’t heard, and was still crying bitterly.

Wu Peng immediately became angry, “If you are willing to cry, then cry enough outside!”

When he was so angry, Wu Meihua’s sobbing sound was reduced, and she stood up holding the wall, lowering her head and not daring to look at Wu Peng.

“Meihua, come in, it’s heavy with humidity outside.” Seeing this, Ji Xiaoyu immediately stepped forward and soothed her.

Wu Meihua obediently followed Ji Xiaoyu into the living room, but covered a little, and seemed relieved when she saw that Ji Xiaoyu and Wu Peng were the only ones in the living room.

The change in Wu Meihua’s demeanour fell on Ji Xiaoyu’s eyes and she couldn’t help but secretly say that it seemed that the words that Third Brother had just said had really pierced into Wu Meihua’s heart, tearing her face off and causing her to actually have a fear of Third Brother.

In fact, at this moment, Wu Meihua was indeed like that.

Although she had spilled her guts before because no one could cure her, she was also embarrassed by the fact that Wu Peng and Ji Xiaoyu had seen her having an affair with someone else on the spot, so much so that she became furious and even hated Wu Peng and Ji Xiaoyu.

But in reality, she knew very well in her own heart how humiliating her behaviour really was! Even a street girl would have been ashamed if her relatives had seen her in such an ugly state!

She started to spill her guts when she was so angry that she couldn’t stand up to her face, but what she didn’t expect was that someone would really humiliate her so mercilessly, even tearing down the last layer of shame in her heart, making her so cold and shameless that she wanted to find a crack in the ground.

In her heart, she was afraid of Ji Feng!

This was a person who did not give her the slightest face and would not have the slightest regard for her feelings!

She suddenly remembered what Ji Feng had said before – he is your brother, not your father!

Now, instead, she felt that this phrase was more appropriate for Ji Feng, Wu Peng was her brother, but Ji Feng was not, so there was no reason or need for people to give her face, let alone spoil her and spoil her!

Wu Meihua was instantly knocked back to her original form and no longer dared to be the least bit arrogant!

What’s more, every word of Ji Feng’s words made sense, leaving her unable to refute even a single word, leaving her devastated!

“Meihua, have a seat.”

Ji Xiaoyu said, “Just treat this place as your own home, don’t be formal.”

Wu Meihua nodded and silently sat down on the nearest single sofa, but could not fully relax, she then realised that Ji Xiaoyu was the owner of the place. This made her even more afraid to raise her head to look at Ji Xiaoyu.

Originally, she had spilled the beans, but it was actually because she knew that Ji Xiaoyu was her brother's girlfriend, so she subconsciously thought that Ji Xiaoyu should take care of her, and yelled at Ji Xiaoyu when she became ashamed and angry.

But now she doesn't even dare to say a word.

As soon as she sat down on the single sofa, Wu Meihua felt her whole body sink down, she instantly stiffened and hurriedly sat upright, as a result her whole body sank into the sofa, and the slightly touch-smooth cloth fabric made of unknown materials around her gave an extremely comfortable feeling.

Wu Meihua suddenly realised that this was a villa area!

The furniture here, just by doing a bit of work, would tell you how good the quality was.

When Ji Xiaoyu brought her a glass of water and handed it to her, she didn't even dare to look up, she just lowered her head and hurriedly took the water over.

The most crucial thing was what Wu Meihua had said before, which was simply stabbing him in the heart.

"Wu Peng, talk to Meihua properly, don't get angry, I'll go up first." Ji Xiaoyu said.

"Good."

Wu Peng nodded his head, grateful in his heart.

Ji Xiaoyu came upstairs and found Ji Feng sitting on the balcony on the first floor fiddling with his phone, she immediately walked over.

"Third brother, still angry?" Ji Xiaoyu asked with a smile, "Is it because you think I've been aggrieved that you're angry?"

"What do you think?" Ji Feng hummed indifferently, "Just now outside the gate, I heard the conversation between the two of you clearly, this is not yet what happened, and you start yelling at you and spilling your guts, what else can you do in the future? How dare you? You are good, and you speak gently"

He said shaking his head in disbelief.

Ji Xiaoyu smiled, "Third brother, you're so nice."

"Less flattering!" Ji Feng glared at her.

Ji Xiaoyu then giggled.

Shaking his head slightly, Ji Feng's tone eased up a bit and said, "But then again, at that time, you were indeed right to do that!"

No matter what Wu Meihua was like, Ji Xiaoyu, as Wu Peng's girlfriend, naturally could not let Wu Meihua leave alone in that situation, after what happened, who knew what Wu Meihua would do, in case she could not think of killing herself, then Ji Xiaoyu would really not be able to face Wu Peng.

Even if it wasn't Wu Meihua, but someone else, at that time Ji Xiaoyu couldn't let her leave.

All these Ji Feng completely understood, and also understood that what Xiao Yu did was right, but, seeing Xiao Yu being aggrieved, he couldn't even suppress the fire in his heart.

"Xiao Yu, I think that you and Wu Peng should get along first, don't make any decision in a hurry yet." Ji Feng pondered for a moment and slowly said, "Marriage, this is not a matter for two people, any marriage, is a combination between two families or even several families, any party whose family is not harmonious, there will be countless conflicts and annoyances in the future, and it may even cause a crisis in the marriage."

After a slight pause, Ji Feng continued, "This sister of Wu Peng's, although it can be said that she is young and does not know what to do, but human nature does not change. I'm still not sure if this woman is spoiled, capricious and unaware, or if she is selfish.

If she is like this by nature, then you and Wu Peng will definitely have all kinds of trouble that you can't think of in the future, so you should pay more attention to this aspect during your contact with Wu Peng, learn more about it, and never do things that you will regret!"

Ji Xiaoyu listened quietly and nodded: "Third brother, I understand all that you have said. Thank you, third brother, I know you really love me!"

Ji Feng said, "It is impossible for people not to make mistakes, but if they can correct them, there is still hope, but if they don't even have the chance to correct them, there is no turning back. This point is appropriate for Wu Peng's sister, and it is also appropriate for you and Wu Peng."

Ji Xiaoyu blushed when she heard this, "Third brother, I'm in love with him now, we don't live together!"

Ji Feng laughed, "That's good!"

Campus Master Chapter 3128

Knowing that Ji Xiaoyu did not live with Wu Peng, Ji Feng was relieved.

Of course, this living together does not mean that they are living under the same roof right now, but that the two of them have not yet broken through to the final step.

Ji Feng was not conservative in his thinking, as long as Wu Peng and Ji Xiaoyu were really in love and not just having fun, then living together was not unacceptable to him. Only today, seeing the kind of scandalous attitude of Wu Peng's sister Wu Meihua, and the way Wu Meihua did not treat Ji Xiaoyu with any semblance of respect, and even yelled at her dog for biting Lü Dongbin, made Ji Feng realise that he was afraid that the time had not yet come between Ji Xiaoyu and Wu Peng for that kind of water to fall into place.

That was why he had spoken out to remind Xiao Yu not to rush into doing something that he might regret later.

Xiao Yu heard what he meant, which is why she blushed.

That night, Wu Peng and Wu Meihua slept separately in the guest room on the ground floor, while Xiao Yu slept on the first floor, not to mention that they didn't live together yet, and even if they did, they would definitely not live in the same room now that they were in Ji Feng's house.

After Wu Peng and the others went to rest, Ji Feng called Xiao Yuxuan and Tong Lei. Apart from some warm words, Ji Feng also mentioned something about the attack on the Tengfei network and asked Xiao Yuxuan to send computer experts from headquarters as soon as possible to assist Yang Yu and Wang Xin in setting up the fake database.

The next morning, Ji Feng still got up early as a matter of habit and came to the backyard, looking at the big tree, he couldn't help but rise up with a sense of affection.

Although the construction of Island No. 1 was now in full swing, and all kinds of infrastructure as well as supporting facilities had basically been perfected, this was, after all, his home at the very beginning after coming to Jiangzhou, and it was in this villa that he had spent more than five years, and in the past, when he was back home, he and his mother just rented a house outside, and that feeling of drifting had always accompanied him.

Therefore, this villa had an even more different feeling for him.

Rather than exercising in the morning, Ji Feng stood in the courtyard, breathing in the not-so-fresh air from long ago, watching a few small birds flying around in the large trees in the courtyard, his heart was instead incomparably peaceful.

Suddenly there were footsteps behind him, Ji Feng didn't turn around, listening to the footsteps he knew that it was Xiao Yu and the others who were coming.

"Third brother!"

Ji Xiaoyu walked over and said, "Wu Peng has come with Meihua to apologise to you."

Ji Feng turned around and saw Wu Peng and Wu Meihua standing in front of him, and he raised an eyebrow, "Apologising to me?"

"Third brother, I'm really sorry for the trouble I caused you with what happened yesterday!" Wu Peng said somewhat embarrassed, "What Meihua did was indeed too much, I gave her a hard talking to last night, and she knew she was wrong"

"Hehe!"

Ji Feng waved his hand with a smile and said, "Wu Peng, I've told you, there's no need to be polite with me, you're being so polite instead, you're just being out of touch. In fact, what happened last night, not to mention you, even if it was just an ordinary friend of Xiao Yu's who was bullied, I would have likewise helped, it was just a matter of raising my hand, so you should not be polite in this matter."

Wu Peng nodded, "Then I won't say anything polite. However, what Meihua said was just too much, so she must apologize to you no matter what Meihua, hurry up!"

At this time, Wu Meihua no longer has the kind of makeup and dressed up flirtatious appearance of yesterday, the makeup washed off her face, that hair was also tied up, if not the clothes on her body is still a bit sexy, but also has the appearance of a college student.

Only, when she saw Ji Feng's gaze looking over, Wu Meihua's gaze dodged a little, not daring to meet Ji Feng's gaze.

"Meihua, hurry up!" Wu Peng said in a deep voice, clearly suppressing his anger although he didn't scold.

With all the things that Wu Meihua had done, how could it be possible for just one night to dissipate his anger? Only now it was in front of Ji Feng, Wu Peng didn't want to argue with Wu Meihua, so he suppressed his anger.

"Three"

Wu Meihua hesitated for a moment and still opened her mouth. However, as soon as she opened her mouth, she was interrupted by Ji Feng raising his hand.

"Just call me Ji Feng!" Ji Feng said.

The title Third Brother was not something that anyone could call. Some people liked to be called brother, but Ji Feng wasn't interested in that. The name Third Brother could only be called that by the few little ones in the family from Xiao Yu on down.

As for this Wu Meihua, calling him third brother was an insult to him.

Wu Meihua's face immediately turned red with embarrassment, but she could only bite her lips and nod, "Ji Feng, I'm really sorry, last night was all my fault, I lost my temper too much and did something I shouldn't have done"

"I accept it!"

Ji Feng nodded and said.

Wu Meihua froze for a moment and didn't react for a while, as if she didn't expect Ji Feng to forgive her so easily, just based on Ji Feng's words last night, Wu Meihua thought that Ji Feng would definitely sneer at her, but she didn't expect Ji Feng to forgive her with his mouth open.

"Okay, I still have something to do, Xiao Yu, you have the key to this place anyway, just lock the door when you leave later." Ji Feng said, and then looked at Wu Peng and said, "Wu Peng, don't worry too much, just settle the matter."

Seeing Wu Peng nodding, Ji Feng was ready to leave.

"Third brother, what are you doing to go?" Ji Xiaoyu hurriedly asked.

"I'm going to check out the network company first, and I might go to Jinling again later." Ji Feng said, "Go about your business, don't worry about me, just contact me by phone if there's anything."

"Okay!"

Ji Xiaoyu nodded her head.

After that, Ji Feng left. From the beginning to the end, he didn't even look at Wu Meihua again, as if this person didn't exist. This feeling was also felt by Wu Meihua, and her face was on fire.

She did not expect that the result of coming to apologise would be very different from what she expected, not only did Ji Feng not humiliate her, but he was very quick to forgive her, but now she realised that in fact, Ji Feng simply ignored her outright, it turned out that she had not been put in people's eyes at all.

In fact, Wu Meihua was unaware that her apology, which was accepted by Ji Feng only in the first sentence, was her admission that she was wrong last night. However, Ji Feng only accepted her first apology, as for the later she said she lost her temper and did something she shouldn't have done and so on, Ji Feng wasn't even half interested in listening to it, it had nothing to do with him, and there was no need for him to forgive.

What kind of person Wu Meihua was, how degenerate and shameless a life she was going to lead, it didn't even have a single thing to do with him.

Although in the future, if Xiao Yu and Wu Peng could get together, then Wu Meihua's affairs might involve Xiao Yu, but at least for now, Wu Meihua's affairs have nothing to do with Ji Feng. Besides, he would also persuade Xiao Yu to think it over before making a decision.

What's more, it would be a bit too funny if the things Wu Meihua did could be brushed aside with just light words like 'out of order' and 'something she shouldn't have done'.

So, Ji Feng was too lazy to listen, and too lazy to make false accusations, and to keep his eyes off the ground!

If Wu Meihua wasn't Wu Peng's sister, she wouldn't have been able to take half a step through the door last night, let alone stay overnight and have a chance to apologize in the morning!

For this kind of person, Ji Feng had no interest or confidence or patience to see if she could change for the better. The first thing you need to do is to get rid of this stain, and when you think about the things you've done late at night, I'm afraid your back will break out in a cold sweat and your face will be on fire.

.....

When he came to the network company, Ji Feng found that both Wang Xin and Yang Yu had already started to work on setting up the fake database, but when Ji Feng saw Yang Yu's bloodshot eyes, he couldn't help but frown: "Yang Yu, why are you so tired? Did you work overtime last night?"

Yang Yu nodded: "Wanted to get the database done earlier."

Ji Feng frowned: "That can't be too strenuous, how can you work when your body collapses?!"

Wang Xin said, "Boss, you don't know, where he worked overtime last night, he hasn't left his office since your server was invaded, even his meals were takeaway orders, and he was busy again after a few casual grubs."

"Nonsense!"

Ji Feng's face sank: "If this goes on for a few days time people will be tired Wang Xin, you also stayed up all night last night?"

Wang Xin said, "We can't just let Yang be busy alone."

"Okay, okay!"

Ji Feng waved his hand and interrupted her, "I declare, from now on, you all go to rest, but all those who worked overtime last night or overnight, all go to rest."

Wang Xin said, "It's better for me to stay, let Mr. Yang go and rest first, I also slept for a while when it was almost dawn."

In the end, Wang Xin insisted on staying, and the other employees who worked overtime were given half a day off and went back to rest. Yang Yu was certainly no exception, and after being reprimanded twice by Ji Feng, he obediently went to sleep in the office's rest room.

After dealing with this matter, Ji Feng's mood was a bit heavy. Although having people like Wang Xin and Yang Yu in charge of the network company was definitely something he would like to see, he could also see from their actions how much pressure this time the company's server had been invaded.

"In this world, does another artificial intelligence really exist?" Ji Feng couldn't help but ask himself secretly in his heart.

Leaving the network company and sitting in the taxi, Ji Feng took out his mobile phone and sent a message to Zhao Kai: "Kai Zi, afterwards I will send you a list of materials, procure the things on the list in secret and don't let anyone know."

Zhao Kai quickly sent back a message, "Okay."

Afterwards, Ji Feng deleted the text message before putting the phone away, slightly closing his eyes and leaning back in the back seat frowning in contemplation.

Campus Master Chapter 3129

Ji Feng had not yet arrived in Jinling when he received a call from Zhao Kai.

"Ji Feng, those materials you sent, I checked" Zhao Kai was a bit puzzled, "those are all high precision materials with extremely high technological content, some of them are not available in China, what are these materials for? "

"If you can't buy them at home, you can buy them abroad." Ji Feng said. He did not answer Zhao Kai what exactly those materials were for, in fact, even he himself was still hesitating, after those materials were bought back, whether to do it or not, at this time, naturally, he could not reveal it to others, not even the closest people around him.

It wasn't that he didn't trust them, but he didn't want to cause any unnecessary trouble.

"But the problem is, there are some materials that are embargoed to China abroad, such as this thing you listed called nano essence film, this is not even something that can be bought off everywhere abroad, is it possible to find something else instead?" Zhao Kai asked.

“None of it can be replaced!”

Ji Feng said, “Kai Zi, just follow the list I listed and buy it, the materials on here, they are all necessary, if you replace them with other materials, the result will definitely not achieve the desired effect.”

Zhao Kai said, “Alright then, I’ll try my best to buy them.”

Ji Feng pondered for a moment and said, “If there’s something you really can’t buy, then put it aside for now, first prepare all that you can buy, and I’ll figure out the rest.”

Zhao Kai nodded his head and said, “Okay, I know.”

After hanging up the phone, Ji Feng couldn’t help but frown. Before he sent Zhao Kai the list, he knew that Zhao Kai would definitely give him this call, because there were many materials on the list that could indeed not be bought casually.

However, Ji Feng did not expect that Zhao Kai would actually call so quickly, which meant that Zhao Kai should have checked all the materials on the list, but some things were not available on the internet, and Zhao Kai should have checked them from abroad through his channels.

This speed and efficiency of Zhao Kai surprised Ji Feng. Although he was willing to see such efficiency in the information group of the Tengfei Group that Zhao Kai was in charge of, it was only just over two years ago that Zhao Kai had actually been able to develop the information group so powerful, which made Ji Feng feel a bit unspeakable while being surprised.

Faintly shaking his head, Ji Feng didn’t think about this issue anymore, he was now thinking about the materials on the list that he sent to Zhao Kai.

In fact, the list sent to Zhao Kai was only a part of the materials that Ji Feng needed.

For the remaining part, he was planning to start directly from the military, because there were some materials that were only available in the military, and those materials were not available in the civilian market.

For example, special aerospace materials and even nuclear materials, which are now strictly controlled within the military, cannot be bought on the civilian market unless they are bought on the international black market, but that does not guarantee that they will be available, and if there is a problem with transport, customs clearance, etc., they will not be available in the end.

The nuclear material is a bit more troublesome, but I think it’s not a particularly big problem, because he doesn’t need a lot of it.

“Intelligent brain

Ji Feng let out a light sigh.

These materials were actually all for the wise brain. Because, as the Wise Brain was becoming more and more independently self-aware, Ji Feng already felt very uncomfortable, as if there was someone hiding in his own mind, that feeling of having no secrets to speak of all the time was very bad.

Moreover, even the wise brain itself was asking for it, hoping that Ji Feng could build a body for it. Ji Feng then immediately started projecting and researching, and combined with the wise brain's opinions, he finally determined the materials to make the body.

To create a body highly similar to a human, Ji Feng actually had little experience in this area, however, he had a good template – the Dynasty's Transformer!

Although the essence between the two was very different, those techniques on the Transformer's body were something that could be borrowed from.

"Dynasty's Transformer is based on the human body and modified with high technology, thus making the Transformer have both human consciousness and a strong body at the same time." Ji Feng secretly pondered, "While creating a body for a wise brain is to directly create a body into which the wise brain is later sent, which is equivalent to adding a soul to a body, there are still certain commonalities between the two."

"The problem now is how to be able to create a body that fits the environment in which the wise brain exists."

Ji Feng sat in the car and pondered with his eyes closed.

Wanting to create a body was actually not difficult, on the basis of the existing technology, wanting to create a body with a high degree of simulation, the key was those few materials, as long as the materials were complete, the technical aspect was not a big problem.

Therefore, Ji Feng made a list of materials, but there was one most important issue, which was energy.

This was also an important reason why Ji Feng needed to borrow from the dynasty's modified human. The body was created, but how could he make this body move like a normal human being?

It was not enough to have an intelligent brain as the mind control core.

Having a mind but not being able to control the body, that would actually be a little better than a vegetable.

That was why Ji Feng was prepared to use nuclear energy as the energy source.

In fact, the safest way was still to use an energy source made from alpha ore, but Ji Feng did not have the slightest precedent to learn from in this regard, so he could only make extra preparations, hoping to get nuclear materials from military channels so that there would be other options when alpha ore could not be used as an energy source.

The journey was spent in contemplation, and by the time Ji Feng came back to his senses, he had already entered Jinling.

It was just noon when he arrived in Jinling, so Ji Feng went straight to a district court in Jinling, which was where his sister Li Yantong worked.

Ever since she left the law firm and took the civil service exam, Li Yantong had been working at the court.

However, according to Ji Feng's understanding, sister Li Yantong was not the kind to sit in an office all the time and do clerical work in the court, but joined an assistance team to popularise legal knowledge to those disadvantaged groups, or people at the bottom who had no sound legal knowledge or even no legal concept at all, to help and testify against some unjust legal phenomena and so on.

It was a good thing that Li Yantong was in the unit today, so Ji Feng waited for a few moments at the entrance of the court before Li Yantong came out.

Seeing Li Yantong, Ji Feng couldn't help but light up in front of his eyes. Li Yantong was dressed in a professional outfit, but that outstanding appearance made her look extraordinarily beautiful.

"Little Feng, haven't you been outside all this time? Why did you suddenly remember to come over?" Li Yantong was also happy to see Ji Feng and asked with a smile.

"I came back for something, and I just had time to come and see you and auntie." Ji Feng laughed, "Sis, you're so pretty in this, you're definitely considered the number one beauty in your unit, right?"

"What nonsense!"

Li Yantong smiled and smacked him, "When did the brat learn to be so oily?"

Although she said Ji Feng with her mouth, the smile in her eyes actually revealed what she was really thinking inside, there was no girl who didn't like to be complimented on her looks, and Li Yantong was naturally no exception. What's more, this compliment was from her brother, which made it all the more real.

In fact, what made Li Yantong even happier was the fact that Ji Feng called her sister, which was extremely natural, as if the two of them were really two siblings who had grown up together.

"Little Feng, let's go straight home, I've already told my mother about you coming, she's waiting at home." Li Yantong said.

"Good." Ji Feng nodded his head.

When he returned home, Li Yueqin was indeed already waiting, and looking at the kitchen shelves it seemed that there were quite a lot of vegetables on them, and that Li Yueqin was still busy in the kitchen, which was obviously to welcome him.

Ji Feng's face could not help but reveal a smile, it seems that after these years of bonding, Li Yueqin's prejudice against him has become much, much smaller in her heart, especially after what happened to Li Yantong's boyfriend last time, Li Yueqin is really treating him as a family now.

This was what Ji Feng liked to see the most, so he didn't hesitate to sit directly on the sofa and just waited for dinner.

"Sister, when you are on holiday, you can take your aunt to my island for a while, the air there is not comparable to this side, and the climate is also very good, it's like spring all year round, very suitable." Ji Feng laughed.

"I'm so busy right now, I don't have time even if I want to go." Li Yantong said.

Ji Feng smiled, he knew that his sister was an extraordinarily kind person, and that she had taken the civil service examination actually to join the legal aid team, originally she had joined it when she was in a law firm, but that law firm was after all private, it was a few points weaker in name, and it was hard to eat when things came up.

The court had no such concerns, so Li Yantong worked harder at her job, and even Li Yueqin complained about it a few times, all of which Ji Feng learned about while chatting with his elder brother, Ji Shaodong.

Afterwards, Ji Feng asked about his sister's work, after all, now that big brother Ji Shaodong had been transferred to Jiangsu and Zhejiang, there might be trouble without a strong person to take care of this side.

However, from Li Yantong's mouth Ji Feng learned that the father and son of Tang took extra care of Li Yantong, and even Tang Jianguo would visit the family from time to time, so Ji Feng was relieved that there was nothing to worry about with Tang Jianguo taking care of him.

After staying in Jinling for one night, when Ji Feng returned to Jiangzhou the next day, the computer experts sent by the Tengfei Group from Island No. 1 had also arrived, and Ji Feng took them directly to the Tengfei Network Company.

Wang Xin was very happy about the arrival of these people, however, before everyone could get familiar with each other, Yang Yu's office room door was opened with a bang, only to see Yang Yu rushing out with a red face, seemingly extremely excited.

"Yang Yu, what's wrong?" Ji Feng asked.

"That hacker has appeared again!" Yang Yu's voice was trembling.

Campus Master Chapter 3130

Hearing this, Wang Xin stood up in a flash, "Again? Boss, let's go over there?"

After saying that, her gaze looked towards Ji Feng.

This time it happened that Ji Feng was here, and she knew that Ji Feng's computer skills were actually quite impressive, not to mention that Ji Feng was the boss, so she wanted to listen to how he would arrange it.

The original faint smile on Ji Feng's face gradually calmed down as he stood up and said, "Go over and take a look!"

"Go!"

Yang Yu immediately led them to the office, pointed to the computer screen on the desk and said, "Look, the data is abnormal again, exactly the same as last time, if it wasn't for the fact that the database was temporarily cut off from the outside world yesterday and only a virtual database model was made first, I might not have been able to find it!"

The computer was full of all sorts of codes, dense and constantly pulsating. If a layman were to stand here, I am afraid that even if someone were to explain it to him, he would not be able to understand what it all represents.

However, all those present were computer experts, including Ji Feng, who could understand at a glance that this was an intrusion.

“Intercept it immediately!”

Wang Xin said, “Yang Yu, you intercept, I’ll be in charge of tracking, try to find the other side this time, remember not to alert the other side.”

Yang Yu nodded and said, “I understand, anyway, now the other party is only entering the virtual database model, even if they really didn’t defend against the other party, it’s fine, the other party can’t take away the real data.”

“Then all the more reason to be quick!”

Wang Xin said, “With the other party’s technology, I’m afraid that they will soon be able to find out that this is only a virtual database model, and they will definitely vanish by then.”

Once the work was involved, there was no need for Ji Feng to arrange it at all, Wang Xin and Yang Yu were able to work well together, the two had been working together for so long that they already had a very good understanding.

However, Ji Feng was still a bit uneasy, he said in a deep voice: “Wang Xin, give me a computer, in addition, I want all the permissions.”

“Okay!” Wang Xin immediately nodded his head.

Time was urgent and several people didn’t have the slightest nonsense, when Ji Feng sat in front of the computer, he took a deep breath before concentrating his mind and his consciousness entered his mind.

“Master.” When the intelligent brain saw Ji Feng enter, it immediately greeted him.

“Wise Brain, I’m in trouble and need your help.” Ji Feng immediately gave a quick account of a hacker invasion and asked, “While I’m operating, you remind me at all times how to intercept and track the other party, no problem, right?”

“No problem, master!” The intelligent brain said.

“Good then, we’ll start immediately now, if I make any mistakes in my operation, you remind me at any time!” Ji Feng said.

After that, he immediately started to intercept the other party.

“Shit, the other party seems to have found us!” Yang Yu’s voice rang out.

“I’m tracking it!” Wang Xin said in an urgent voice.

None of these sounds affected Ji Feng, who was concentrating fully on intercepting and tracking.

“Master, the other party is releasing a virus!” The voice of the intelligent brain suddenly sounded in his mind, “It’s a virus tide!”

“I’m intercepting it!” Ji Feng said, “Can you analyze what kind of virus it is?”

“The other party is too fast, and you, master, are not moving fast enough, so it’s hard to analyze it.” The intelligent brain said.

Ji Feng frowned, his hands didn’t dare to delay for a second, but the other party released too many viruses, he could only passively resist them, so he naturally couldn’t talk about tracking them.

“Wise Brain, what should we do?” Faced with this situation, Ji Feng realised his limited ability and immediately turned to the wise brain for help.

“Block the virus first, while creating a virus to track it.” Wise Brain said.

In fact, just as soon as Wise Brain’s voice came to mind, Ji Feng had already started to follow it, although it was Wise Brain who was reminding him, but because Wise Brain was in his mind, it was much faster than someone reminding him next to him and then he would react.

But even so, it was still very difficult for Ji Feng to do it, the other party’s skill was just too high.

“Intelligent Brain, can you operate it yourself?” Ji Feng asked.

“That would have to be done with the help of the master’s body,” said the intelligent brain.

Ji Feng didn’t hesitate in the slightest: “How should I do it?”

The wise brain said, “Master you need to activate the bio-current so that I can manipulate your body through the bio-current,”

Before Ji Feng finished his words, he couldn’t help but frown, manipulating his body?

This statement made Ji Feng a little hesitant.

Just in this moment of time when he hesitated slightly, another code popped up on the screen, this was the other party’s attack intensifying again.

“Okay!”

Ji Feng immediately nodded his head and agreed. With that, he urged the bio-current to flow through his limbs and bones.

The next moment, he suddenly felt a dizziness in his head, and then his fingers moved rapidly on the keyboard, and at this time, Ji Feng had an incomparably strange feeling. It was as if he had become another person, like a bystander who was watching ‘him’ operate the computer.

Although his head was a little dizzy, at this moment, Ji Feng’s consciousness was incomparably clear, he seemed to be in an empty space, and it was as if the intelligent brain had become him.

Is this manipulating my body?

Ji Feng was deep in thought and turned his gaze to the computer screen In fact, his gaze had been looking at the computer screen, only his mind was separated.

At this time, he was surprised to find that his hands were operating extremely fast, constantly knocking out lines of code, but this was not the reason for his surprise, this kind of speed he was able to do himself, what really surprised him was the reaction speed of the intelligent brain.

For example, when you are working, if you can't think of a solution in your head, your hands will naturally move slowly. This was the case with Ji Feng, facing this hacker's invasion, he had limited ways to deal with it, and with no goods in his stomach, his hands naturally slowed down.

But the wise brain was different, as if the wise brain had already thought of how to crack it, it just needed to knock out the method of cracking it as fast as possible, and that was enough.

Under Ji Feng's watchful eye, the intruder was smoothly driven out, and after that, the wise brain began to track.

"Snap!"

As the intelligent brain tapped the last time on the keyboard, Ji Feng's hand suddenly stopped.

A good while later, Ji Feng felt a spinning sensation in the sky again, and after a few moments passed, his eyes regained their clarity.

Ji Feng's consciousness, once again, dominated his body.

"What's going on?" Ji Feng asked in a hurry.

"Master, there was no trace of the other party, at the last step, the other party cut the link!" The intelligent brain said.

"Cut the link?"

Ji Feng endured the dizzying feeling of nausea in his head and asked, "Did it unplug the network cable? Or did it shut down?"

The intelligent brain said, "That is unknown, what is certain is that the other party cut the connection forcibly!"

Ji Feng pondered, "It seems that you have put great pressure on the other party, so that it had to forcibly cut the connection, in that case, the other party is at the end of its rope!"

Forcing the connection to be cut off meant that all the protection programs set up by the other party had been breached by the intelligent brain. When they were forced to do so, they had to unplug the network cable or forcibly shut down the computer!

Ji Feng once again realised the gap between him and the Wise Brain in this regard, but there was some regret in his heart that the Wise Brain had not been able to track down the other party even after it had struck.

The intelligent brain explained, "We left too much reaction time for the other party."

Ji Feng asked, "Too much?"

The Wise Brain said, "If I had been the one to do the tracking from the beginning, the other party must not have had that much time to react."

Ji Feng fell silent.

He agreed with the Wisdom Brain's statement in his heart, if it was the Wisdom Brain that made the move from the beginning, he believed that the other party would not be able to run away. Ji Feng also regretted a little that he had been too confident in himself, which had given the other party the chance to escape, otherwise, he should have tracked the other party by now and even been able to verify his suspicions.

However, thinking about the way the intelligent brain had struck

The first thing you need to do is to get a good idea of what you are getting into.

I don't know how, but a feeling of fear suddenly rose in Ji Feng's heart.

He himself felt a little strange, he hadn't felt scared for a long time, but now, he was feeling a sense of fear.

In fact, Ji Feng himself understood in his heart that what he was afraid of was not being manipulated, but that the intelligent brain could actually use this method to manipulate his body and turn him into another person without him knowing what was going on.

Although this was something he had agreed to, but, just by the mere fact that he had activated the bio-current, the wise brain could actually manipulate his body, didn't this mean that no matter if he was cultivating, or when he was fighting someone, as long as he activated the bio-current, the wise brain could manipulate his body at any time?

It suddenly occurred to Ji Feng that just now he felt as if he had become a bystander and could clearly see his hands tapping rapidly on the keyboard, was that his soul being squeezed out of his body?

"Intelligent brain, do you have any side effects for you when you manipulate my body? Like energy consumption or something like that?" Ji Feng asked, his head still a little dizzy as he spoke.

"Master, I have no consumption, the bio-current in master's body provides me with enough energy." The intelligent brain said.

"....."

Ji Feng was silent for a moment before he slowly nodded, "So that's how it is. Then if it's the kind of internal energy cultivated by outside martial artists, can it provide you with energy?"

The intelligent brain said, "I don't know. Because there is no experimental data, it cannot be analyzed."

"I know"

Before Ji Feng could finish his words, a cheer came from the side, it was Yang Yu and Wang Xin and the others cheering that the intruders were scared away.

Ji Feng then collected his mind and withdrew his thoughts for the time being, only, this matter was pressed into his heart.

“Boss, look, the other party has sent an email.” Suddenly, Wang Xin shouted.

“Let me take a look!”

Ji Feng looked sideways and saw three big black letters on the computer screen in front of Wang Xin’s heels – Who are you?!
