

Chapter 3122– 3123 of A Dish Best Served Cold Novel

Chapter 3122

The exhaustion and weakness in the depths of the body and mind suddenly swept over like a tide, so that it was difficult for Tang Yun to stay awake.

Come to think of it, a woman, who has just given birth, is at the weakest time, but she is experiencing a life and death battle.

This is Tang Yun, relying on her strong strength and willpower, she can survive till now.

If it were someone else, it would have been nine days long ago.

However, Mark, a rough man, obviously didn't know how much it would cost a woman to have a child.

He only believed that Tang Yun's injuries were more caused by the King of Fighters.

"Yun'er?"

"Don't be angry with Laozi."

"Don't close your eyes, talk to Laozi~"

Mark kept shouting, trying to arouse Tang Yun's consciousness and keep her from falling asleep.

At the same time, Mark continued to infuse Tang Yun's body with vitality.

However, little effect has been achieved.

After all, Tang Yun is now more of a loss of vitality. Even if Mark transfers all the vitality in her dantian to Tang Yun, it can't make up for her lack of vitality.

Therefore, even if Mark shouted hard, Tang Yun's eyelids were still getting heavier and heavier, slowly closing, opening again, closing again, opening again.

Until, in the end, only one tiny gap could be opened.

However, just when Tang Yun's world was about to return to darkness, she felt only a warm touch, which tightly wrapped her lips.

At that moment, Tang Yun only felt agitated all over her body, and her body trembled like an electric shock.

The originally dizzy consciousness woke up instantly.

She opened her eyes, and she saw a handsome face of a young man, pressing tightly against her cheek.

The red lips are on each other, and the nose is smelled.

At this time, Mark and Tang Yun were so close together.

Those who are close can count the eyelashes at the corners of each other's eyes.

With a sudden, Tang Yunqiao's face was flushed with fire, and her heart began to jump quickly, even her breathing became quicker.

The adrenaline soared wildly in an instant.

Although, this is not the first time Tang Yun has had such intimate physical contact with Mark.

They had done more intimate things in the old house of the Chu family, and even later in the cave mansion on that isolated island.

However, the obvious difference between this time and the previous two is that both people are in a sober and rational state at this time.

As a result, Tang Yun became even more nervous and shy.

“Ooo, ooo ~”

After a brief panic, Tang Yun began to struggle up slightly, whining sound in red lips.

When Mark saw this, he immediately removed the corners of his lips, and then said with a smile: “I told you to close your eyes so that you would not talk to Lao Tzu~”

“Sleep again, Lao Tzu will kiss you~”

“You~” I heard Mark say this Then, Tang Yun's nose was almost crooked with anger.

I wondered how could there be such a brazen person in this world.

Mark was very thick-skinned, and ignored Tang Yun's blushing pretty face, just haha smiling.

Seeing the effect of his own method, he also quickened his pace and hurried out with Tang Yun.

Mark was not going to return to the manor in Denham, but took Tang Yun to Fenghai.

Mark's grandma could deal with this kind of injury.

It just so happened that Mark planned to visit Grandma before going to Chu's house.

"Stop!"

"Who?"

"This is a military restricted zone, how did you get in?"

However, Mark didn't get far before he encountered the army stationed here and responsible for blocking this area. .

Seeing it, a large number of soldiers gathered around and surrounded Mark.

The muzzle of the black hole aimed at Mark.

It seems that as long as Mark changes slightly, he will be beaten into a sieve.

However, facing the heavy soldiers, Mark just glanced at them indifferently, then raised his steps and continued to walk forward.

"Asshole... asshole, raise your hand!"

"If you don't report your name, I...we'll shoot."

Facing Mark, the surrounding soldiers roared sternly.

I don't know why, they obviously have thousands of troops, obviously they have guns in their hands.

However, when facing the boy in front of them, there was still an inexplicable fear in their hearts.

It feels like a group of mortals, looking up to the real fairy!

Although there are tens of millions of people, it is not as good as one cent.

Chapter 3123

The dark night was condensed, and the cold wind engulfed the sky and sand, sweeping the whole world.

Under the moon night, thousands of troops besieged.

However, the young man here is not afraid of the muzzle of the thousands of black holes.

It's like a warrior going retrograde in blood and fire. Although thousands of people stand in it, I will go alone!

“Stand...stop!”

“No more cooperation, I...we really shot~”

As Mark approached, the sense of oppression became stronger.

As a result, the soldiers closest to Mark began to tremble with their guns.

Seeing it, the misfire was right in front of him.

However, at this moment, the boy who had been silent and walking alone suddenly raised his head.

Facing the long night slowly, with a long drink!

“Nai, Major General Qinglong, Mark!!!”

“Waiting for the rat generation, don't you quickly retreat!”

....

“... Quick retreat~”

...

the sound of majesty, burst into the void, Resounded throughout the whole world.

For a moment, his eyes were shocked.

Below the Tianhe, there was silence, and only Mark's anger echoed.

“Wh...what?”

“He...he is Major General Qinglong?”

“Military...Military legend?”

After a long period of silence, there were air-conditioning sounds from the soldiers here, which sounded one after another.

Many of them were even more panicked.

“Commander, what Qinglong major general?”

“Is it a major general?”

There are nearly 10,000 soldiers responsible for blocking this area.

Among them, there are naturally many new recruits who have just been enlisted in the army.

These people, obviously the first time they heard about the name of Major General Qinglong, were undoubtedly full of doubts.

“Major General?”

“If he is really a simple major general, that would be fine.”

“When I was transferred to the Noifork Military Region, the name of the Qinglong Major General was already thunderous.”

“However, I am. The level is limited, and I don't know the specifics.”

“I just know that this is an unapproachable person.”

“Hurry up, pass the order, let our regiment brothers all collect their weapons, retreat a hundred steps, and give him the way.”

Crowd Among them, a rough-looking black-faced man, while secretly looking at Mark, said solemnly.

“

Yes... But the commander, the order above is completely blocked and no one is allowed to enter.” “We'd better ask for instructions.” The

subordinates had some concerns and suggested to the leader Ding Kai next to him. .

Ding Kai thought for a while, and found it reasonable.

So he took out the phone, ready to ask his superiors.

“How is this going?”

“Are you all gangsters? With so many people, even a hairy boy can't decide?”

“Where's Ding Kai, let Ding Kai come to see me!”

At this moment, a sullen voice came from behind the crowd.

Hearing this, Ding Kai's face suddenly turned pale.

He knew that this was the arrival of his divisional leader.

“Master Dai, am I about to report to you?”

“General Ye is an old veteran of our Noifork Military Region, do you think we should let it go?” Ding Kai reported respectfully.

But who ever thought that as soon as Ding Kai's words fell, the teacher Dai Muiyang directly kicked Ding Kai to the ground.

“Don't tell me something about the old man.”

“The military order is like a mountain!”

“A bird can't be let go, let alone a person?”

“Tell me the order, immediately take him down for me, and take it back. Interrogate carefully.”

“If you resist, kill you!”

Dai Muiyang's words were strong, with unquestionable majesty.

“But teacher, he... he used to be Major General Qinglong...”

Ding Kai wanted to say something, and Dai Muiyang kicked it again.

“Are you so deaf?”

“How did I tell you before you came!”

“This task is special, and the superior attaches great importance to it. The commander will come to inspect it in the next few days.”

“There is no room for negligence?”

“Don’t talk about a little former major general, but he was once an admiral, and now he violates military discipline, so he can’t catch it!”
