

Chapter 3130– 3131 of A Dish Best Served Cold Novel

Chapter 3130

“After all, the purpose of these people here is to protect Tang Yun from leaving. Not to deal with us.”

Tang Hao slowly analyzed.

“I guess so.”

“I just don’t know, what’s going on with God of War.”

“Tang Yun, is he left by him?” The Sword Master thought slowly in a low voice.

However, just as the two Juggernauts were talking, the king of fighters beside him snorted and vomited a mouthful of blood.

Immediately afterwards, his body shook, and the King of Fighters Mo Gucheng fell directly to the ground.

“King of Fighters, what’s the matter with you?”

” Are you okay?”

Tang Hao and the two were shocked immediately and asked anxiously.

But the King of Fighters had fainted at this time.

The most miserable person in the battle tonight is the King of Fighters Mo Gucheng.

Before, he was afraid of embarrassment, so he kept relying on willpower to hold on, and he didn’t fall.

Now that the crisis is lifted, the string in Mo Gucheng’s heart is loosened, and the injuries on his body can’t be suppressed.

A mouthful of dirty blood was spit out, and the whole person fell down.

Seeing this, the Juggernauts naturally did not dare to delay, and hurriedly took the King of Fighters back to heal their injuries.

As for the intruders, the Juggernaut and others had no intention of taking care of them.

Can't control it!

The opposing force is too strong.

Has exceeded the upper limit that the Martial God Temple can handle.

"As expected of Truman."

"The majesty that was revealed at will makes me fall into the dust in the hot summer."

Thinking of this, the anxiety in the Juggernaut's heart became even greater.

Over the years, the Juggernauts have worked hard to cultivate talents for Yanxia martial arts.

It was just to make a comeback one day when Chu Sect returned to attack the scorching summer, so that they would not be as passive as they were in the past.

But Sword Saint was slightly frustrated that after so many years, the martial arts powers of Yanxia and Chumen were still far behind.

Only the power revealed by Truman tonight made them helpless.

You know, this does not include the other two family owners?

Moreover, this is the situation where Tang Yun, the master of Truman, lost his combat effectiveness.

"Hey, the gap is still huge~" In the

dark night, a faint sigh came.

In that sigh, there were all worries and worries about the future of the country.

"If Chutian who have not fallen enough."

"When he single-handedly blow Budo day country, in time, will be afraid to go beyond the existence of God of War."

"Unfortunately, the day I do not woo summer ah ~"

back On the way, Juggernaut thought a lot.

He just thinks about a certain way out for the future of Yanxia martial arts.

It's really uncomfortable to feel like the life and death of a country's martial arts being held in your hands.

However, within a short period of time, Yan Xia Martial Arts wanted to rely on its own power to protect itself from the majesty of Trumen, and the Juggernaut still found it difficult.

Fenghai, the old house of the Chu family.

"Too grandma, open the door."

"I'm Mark."

Tiangang was slightly bright, and a sudden knock on the door broke the calm of the town.

However, what came first was not the footsteps of Grandma Marktai, but a rush of dog barking.

Surprisingly, the big black dog that Mark's grandmother kept in captivity ran over and barked at Mark through the crack of the door.

"This dog, go call me too grandma."

"Hurry up~"

"Otherwise, you will die."

Mark anxiously urged.

As if the big black dog could understand Mark's words, he actually turned his head and ran away.

Not long after the door opened, a gray-haired old lady, leaning on a cane, appeared in Mark's sight.

After a long absence, the old prince of the Chu family is still the same kind and kind.

However, after seeing Mark, the old lady suddenly raised his cane and lightly hit Mark.

"Boy, how long hasn't you seen your grandma?"

"You still know how to come back."

“See if I won’t break your leg.” The old lady scolded with a smile.

“Too grandma, beat me and scold me later, save people first.” While speaking, Mark rushed into the old house with Tang Yun in his arms.

Chapter 3131

Fenghai, the old house of the Chu family.

Mark at this time had already rushed in.

He was familiar with the road and found the pharmacy that the old lady used to heal people.

“Too grandma, hurry up and save people.”

“If it’s late, I ‘m afraid it will be too late.”

Mark was anxious and pulled the old lady into the room.

“You stinky boy, can’t you treat your grandma as Hua Tuo?”

“There is no way I can save you. Who let the ancestors of the Chu family choose you.”

“Other people, not relatives, you are too grandma. Why do you

care ?” “You fellow, you don’t feel too sorry for your grandmother. You always trouble me.”

“I can’t get used to you anymore this time .” Old Madam

Chu said disgustingly, but not at all Intend to save people.

When Mark heard this, he was undoubtedly anxious, and he couldn’t care about the shamelessness, and immediately said: “Too grandma, you can’t care about it.”

“She is your great-grandson and daughter-in-law.”

“If she is dead, you

Great- great-grandson, but there is no mother.” “What? My grand-daughter-in-law?” Hearing this, the old lady of Chu, who was originally a calm and gentle face, undoubtedly changed her face greatly, and no longer had the calmness and calmness before. .

Old Madam Chu has gone through the vicissitudes of life over the years, and she has seen too much life and death, and has long been indifferent to many things.

The only thing she is still worried about now is the descendants of the Chu family.

After all, this kind of deep blood connection is destined to keep her and the descendants of the Chu family bound for a lifetime.

Therefore, when he heard that the woman in front of him was Mark's daughter-in-law and the mother of a great-grandson in the future, Old Madam Chu naturally became serious.

"Don't let me go, don't get me in the way~" The

old lady took three steps and two steps, pulled Mark away, and walked forward to treat her granddaughter-in-law.

However, after walking to the front, Mrs. Chu realized that the blood-stained girl was not someone else but Tang Yun.

At that time, Old Madam Chu was directly shocked, and even if her disposition was like her, it was undoubtedly hard to be calm at this moment.

She turned her head directly, and looked at the great-grandson in front of her like a ghost: "Are you really done with rhyme?"

"Is it really my Chu family's daughter-in-law?"

Old lady Chu's eyes widened. Unbelievable expression.

Rao was as thick as Mark, and was a little embarrassed to be asked so by his own grandma.

He immediately scratched his head and awkwardly replied: "Too grandma, let's talk about this kind of thing later, now it's important to save people."

"Yes, yes, it's important to save people." The old lady Chu was awakened by Mark's reminder. Hurry back and save people.

"But, brat, good job, good job~"

"I didn't lose our Chu family~"

"Hahaha" The

old lady didn't know why, after knowing that his great-grandson had done Tang Yun, he divided Surprised outside, happy from ear to ear.

Mark smiled awkwardly.

Unexpectedly, it was such a grandma.

However, Chu Lao Taijun's laughter did not last long. After seeing Tang Yun's injury, the old Taijun's expression immediately became serious.

Go back and patted his head at Mark: "? Yun children how hurt so heavy"

. "You bastard, it is how to protect my wife's great-grandson"

"also froze the doing, do not go and taking a dip in a bucket of administration Shui, take off Yun'er's clothes and put them in quickly."

"I'm going to prepare Yun'er liquid medicine."

"Don't go!"

Seeing Mark's somewhat dazed look, the old lady was so angry that she hit with a cane again. On Mark's dog legs, he quickly left the room.

Only Mark himself was left, making trouble here.

Tang Yun is a girl after all, and Mark undressed for her, after all, something inappropriate.

It was Helen Qiu, his wife Helen Qiu, whom Mark was marrying, and Mark had never done so.

Although Mark now suspects that Tang Yun gave birth to him.

But suspicion is suspicion after all. Before everything is clear, there is not much relationship between Mark and Tang Yun after all.
