

# Chapter 3136– 3137 of A Dish Best Served Cold Novel

## Chapter 3136

He helped her to return to the palace, and she joined the Dragon Temple to help him reach the Chu Family!

Of course, Yue Yao at that time only valued Mark's potential.

The reason for cooperating with Mark at that time was to wait for Mark to become stronger in the future and help her get revenge.

As for Mark's affairs, she can help, but she won't take risks.

But now, after years of getting along, Yue Yao's attitude towards Mark has already changed subtly.

If you say that before, she and Mark were just a cooperative relationship that each held what it needed and sought each benefit.

But now, Yue Yao really wanted to help Mark fulfill his lifelong dream and pursuit.

Regardless of the consequences, regardless of life or death!

Yue Yao's words undoubtedly made Mark slightly surprised and surprised.

He was taken aback for a moment, then smiled and said, "Yue Yao, this is not like you anymore."

"I remember, you used to be a shrewd businessman. You never trade at a loss."

"There are dangerous things, you are not at all. Help the dragon master do it."

"What's wrong with this now?"

"You and he, don't you like this dragon master, do you?"

"Then I have to persuade you to quickly die this heart."

"This dragon The Lord already has a wife."

Mark smiled meanly.

A few words made Yue Yao pretty face flushed, and said angrily: "What nonsense are you talking about?"

"Is this girl not going to see you?"

"Then why do you want to take an adventure with me?" Mark asked again.

"I~" Yue Yao still wanted to explain.

"Okay, okay, I won't tease you anymore. Obedient, Yue Yao, your role in the back is greater than going to the frontal battlefield with us."

"If I go to the Chu Family here, I will be seriously injured and will I survive. , We have to rely on our family, Yue Yao, the power of rejuvenation?" In the

end, Mark still did not let Yue Yao go with him.

According to the original plan, the four strong dragon gods would follow Mark to the Chu family.

The time is set in three days.

The reason he didn't go right away was because before leaving, Mark still had some questions that needed to be asked clearly.

After meeting these strong dragon gods, Mark also returned to the old house of the Chu family and continued to take care of Tang Yun.

In this way, after staying with Tang Yun for two days.

On the third day, Mark saw that Tang Yun's complexion improved a bit, so he invited Tang Yun to go for a walk.

"How about it, do you feel better?"

Mark and Tang Yun walked slowly on the small road in the country.

The spring breeze is blowing, green willows are surging.

Although Tang Yun wore a plain skirt, she still couldn't hide her beauty.

Pedestrians passing by will always show amazing expressions when they see Tang Yun.

"Well, it's better."

“However, you called me out today, should there be other things to ask?”

Tang Yun seems to be in a good mood today, with a rare smile on her cold face.

It seems that the long-frozen snow-capped mountains ushered in spring.

“Sure enough, I still can’t hide from you.” Mark smiled and suddenly turned to look at Tang Yun, “Yun’er, I’ll be straightforward and ask directly, I hope you can answer me truthfully.”

“I want to know, last time In the cave of the Amazon rainforest, I succeeded in refining the fire spirit fruit. Is it because you helped me?”

“A few days ago, did you give a child to my mother?”

“The child’s mother? Who is it?”

“Father, who is it?”

Mark asked several times, but to Tang Yun, he said all the doubts in his heart.

Before that, Mark had properly resolved all the things behind him.

He was able to go to Chumen Mountain without worry, and settle all the entanglements with the Chu family.

But after meeting Tang Yun, Mark’s heart again had concerns and fetters.

He just wanted to figure out one thing before leaving.

That is, whether the child was born of him and Tang Yun.

## Chapter 3137

This is a very important question for Mark.

Before that, even if he had been married to Helen Qiu for many years, Mark had never planned to have children.

The grudge between him and the Chu family has not yet been resolved, and whether he can return with his life is still unknown.

Mark now has no qualifications to be a father at all.

Moreover, he was not ready to be a father.

His son hasn't understood yet, why is he qualified to be a father?

However, if Tang Yun really gave birth to a son for herself, Mark would also be responsible.

Perhaps because of his childhood experience, Mark never hoped that his children would endure so much suffering just like him in the future.

He will be a qualified father.

Even if he can't give his son a long-term company, he will do his best to give his son a stable and prosperous life.

Even, he will leave the Yundao Tianshu to him.

Of course, the premise of all this is that the child really is Mark's bones and blood.

However, facing Mark's question, Tang Yun did not answer. Instead, she looked at a stream of water under her feet and said softly: "Mark, do you like the magnificent sea or the long stream in front of you? "

Huh?" Mark frowned, wondering why Tang Yun asked this suddenly.

However, Mark replied honestly: "I have seen too many rivers and seas, and I am used to watching the waves rolling. To be honest, what I like more now is the trickling stream in front of me, quiet and stable, and flat."

Mark slowly. Talking.

Listening to what Mark said, I don't know why, but there is a slight touch in Tang Yun's heart.

This remark of Mark actually gave Tang Yun a kind of vicissitudes of life.

These words should have come from an old man in a rare age.

Tang Yun couldn't imagine what kind of suffering the young man in front of him had gone through for so many years before he had such a clear understanding and vicissitudes of life.

.....

She should have suffered a lot, right?

...

Tang Yun looked at Mark's eyes, but there was a deep depth in his firm eyes.

Tang Yun at this time actually felt a little pity for Mark.

However, this sentiment was soon suppressed by Tang Yun.

She looked at Mark and said softly: "If that's the case, Mark, why don't you let it go?"

"Let go of your hatred, let go of the past, go to a plain life, and enjoy the happiness of peace and stability."

"Everyone They are all the protagonists of life, why do you have to live your life miserably?"

"Like this stream, flowing between the mountains and the wild."

"Birds and flowers are company, blue sky and white clouds are company."

"There is no hatred, no killing. , There is only tranquility and comfort, stability and warmth."

Tang Yun's soft voice echoed in Mark's ears, like a clear spring in a mountain, a quiet wind in an empty valley.

In that low tone, there was a bit of yearning and pursuit.

No matter how strong a woman is, in this life, she will eventually meet the man who can make her willing to let go of the prosperity of the world and share the plainness and happiness with her.

At this time, Tang Yun felt that she had encountered the person who could give her the courage to let go of everything.

Listening to Tang Yun's account, Mark also smiled lightly: "Yes, Yun'er."

"After experiencing so much, I also feel that a vigorous life is definitely not my pursuit, it is plain and plain."

"After I get caught up in my heart, I will probably let go of the prosperity of the world as you said. Find a quiet place and spend the rest of my life with the one I love in a dull way."

"However, these are also the last. words. " "

now, I knot unfulfilled those scores, I can not let go, can not put down. " "

Why not? "Tang Yun tone suddenly with a sort of eager," retribution when, even if you really The Chu family was wiped out. After that, will the surviving descendants of the Chu family let you go?"
