

Chapter 3140– 3141 of A Dish Best Served Cold Novel

Chapter 3140

The sonorous sound, the cold words, only if the gold stone falls to the ground, there is a sound.

After speaking, Mark turned around and left Tang Yun with only a thin and decisive back.

Tang Yun was in the same place for a long time, and Mark's resolute and cold words echoed in his ears.

No one knows how heartbroken and resentful Tang Yun is at this time.

She tried to suppress the emotions in her heart and tried to keep herself calm.

But in the end, Tang Yun did not hold back after all.

She flushed her eyes, screamed in tears in the direction where Mark left.

...

"Mark, you are a bastard."

"You are an arrogant, ruthless bastard."

"You go to die~"

"I don't care about you anymore."

"I promise that if you go to the Chu family, the strong one in the Chu family, you will surely leave your bones dead."

.....

Tang Yun scolded Mark viciously, but at this time how cruel she was saying, it hurts in her heart. How rich it is.

"Why~"

“Why is this?”

“Mark, why are you unwilling to let go of all this for me and for your children.”

“Shang Chu Family, is it really that important to you?”

“Important So, you can ignore your wives and daughters, your relatives, and everyone...”

Tears ran across Tang Yun’s pretty face and fell to the ground, smashing to pieces.

The cold wind blew over her body, bringing a burst of chill.

However, the little bit of chill on his body is not as cold as the half-hearted coldness and heartbreak in his heart.

If time can go back, Tang Yun hopes that Mark himself will not have that encounter.

In this case, she would not have the heartache and entanglement at this time.

Before meeting him, Tang Yun’s life was very simple.

It’s so simple, just need to practice, just need to become stronger, that’s enough.

As long as she is strong enough, then Truman’s ultimate dream of unifying the global martial arts is just a matter of hand.

Her teacher’s ardent expectation of her recovery to Chu Sect was naturally achieved.

However, since meeting Mark, Tang Yun’s life has become complicated.

It’s like a person who once had no worries suddenly has fetters, entanglements, and weaknesses.

For so many years, Tang Yun has been alone and alone.

Has anyone ever made her angry, made her foolish, made her complain.

But the appearance of Mark caused Tang Yun’s always elegant and calm heart to repeatedly stir up waves.

It turns out that there is really one person in this world, and once they meet, it is enough to miss a lifetime.

Sometimes, Tang Yun would also think about what moment it was that made Mark truly walk into her heart.

It was the charm of the Chu family's old house, or the rain forest battle, Mark's guardianship to her.

Tang Yun didn't know it herself.

She only knows that the encounter with Mark in just a few years, this young man has moved her more than others have given her in these years.

It is precisely because of this that Tang Yun decided to keep the child.

It is also because of this that Tang Yun has the courage to give up the prosperity and return to the ordinary.

However, Mark's answer today disappointed Tang Yun after all.

She can put everything down for him.

But he could not let go of his obsession for her.

After all, Tang Yun still regarded her own position in Mark's heart.

After a long period of ups and downs, Tang Yun's mood gradually calmed down.

The tearful eyes became cold and majestic again. Firm and cold.

It seems that there is some important person who was forcibly removed from her heart at this moment.

"It's over, Mark."

"From now on, I don't owe you the slightest to Tang Yun." The

breeze blew away three thousand green silks like snow in Tang Yun.

Under the sky, she wears a long skirt, with a pretty face and a picturesque face.

However, compared with the time before, Tang Yun now has no more tenderness as before. All that is left is the cold and majesty as ice.

After a while, Tang Yun also turned and left, her eyes firm and unfeeling.

She knew that from now on, Tang Yun would never give up her pursuit for anyone.

Chapter 3141

In this life, he will be willful once.

Tang Yun left here and returned to the old house of the Chu family with a full of icyness.

As for Mark, he never went back.

No one knows Mark's frustration at this time, and the burning anger in his heart.

He never thought that he was so small and unbearable in Tang Yun's eyes?

Firefly?

Insult yourself?

Everything Tang Yun said just now was like a sharp knife inserted into Mark's heart.

Almost, heartbroken.

In the past, others despised himself, Mark never cared.

After all, they are all irrelevant people. What do their opinions do with themselves?

However, Tang Yun is different.

After all, she was Mark, the person who had ever cared about.

Even before that, Mark had already regarded her as the mother of his child.

One can imagine how Tang Yun's words touched Mark.

However, the facts have proved that all this is only his Mark's wishful thinking.

Think about it, too, how majestic and arrogant is that the master of Chu Sect?

Not to mention whether Tang Yun has ever had a skin relationship with Mark, even if they did, would a woman like this be willing to give birth to Mark for him?

So, after all, he was Mark, who was passionate about himself.

fair enough.

The result today is not what Mark wants to see.

But at least, Mark was a little less worried.

Mark didn't need to hesitate if a strong Chu Sect intervened when he went to the Chu Family.

Thinking of this, Mark's expression is undoubtedly even colder.

In this way, he followed the rugged road all the way up the nearby hill.

On the top of the mountain, Mark shouted to the sky: "Dragon Gods, return!"

"Return..." The

sound resounded like a muffled thunder.

There was a gust of wind, which also shook the birds in the forest.

For a time, the originally quiet sky suddenly became noisy.

Like a pot of boiling water, it boiled instantly.

Immediately afterwards, several figures galloped from all directions as if they were called.

Afterwards, they all knelt at Mark's feet.

The four people in front of him were the four dragon gods who had been waiting for orders.

"Dragon Lord, three days have come, it's time to set off."

Gaia knelt in front of Mark and asked in a deep voice.

The other three also looked at Mark, and there was a raging fighting spirit burning in their old eyes.

In this battle with the Chu family, not only Mark waited, but Gaia and the others waited too.

They have waited long enough.

Now, this grievance, they should also accompany their dragon master to end it.

However, Mark waved his hand in the face of Gaia's request.

"Everyone, there is something, I don't want to hide it from you."

"That is, this time when we go to the Chu family, there is a high probability that the strong Chumen will intervene."

"So, our battle may not only be against the Chu family. It is also possible that we will have to fight the Chumen. World War I."

"I thought about this risk before."

“But I felt that the chance of Truman’s intervention was not high.”

“But now, I have to reassess this risk.”

Hearing Mark’s words , Gaia and others’ hearts sank.

“Dragon Lord, do you mean that Tang Yun, the master of Trumen, will also participate in the war?”

“But don’t you know each other?”

“You tell the Lord of Tang, let them Trumen, don’t be nosy.” Gai Ya said from the sidelines.

But Mark frowned unconsciously when he heard Tang Yun’s name.

“Enough!”

“Don’t mention Tang Yun’s name in front of me in the future.”

“I have nothing to do with her.”

Mark’s cold words, with indisputable majesty.

Even though Gaia and others lowered their heads, they were terrified and did not dare to speak at all.

“Well, you don’t have to worry too much.”

“Even if the Truman participates in the battle, it is still unknown who wins and who loses in the end.”
