

# Chapter 3152– 3153 of A Dish Best Served Cold Novel

## Chapter 3152

“By the way, father.”

“There is an information, I don’t know if I should tell you.” After a brief period of excitement, Chu Qitian looked at his father again, and stopped talking.

“What information?” Chu Zhengliang was puzzled.

“That’s about the abandoned son.”

“Recently, there have been rumors that the abandoned son did not die and appeared in Vietnam again.”

“Of course, these are just rumors.”

“I don’t think that Ye Fanneng Under the sword of the teacher, save your life.”

“However, to be safe, I have sent multiple intelligence personnel to Vietnam to investigate and collect information.”

“But the strange thing is that everyone, after entering Vietnam, is like a stone sinking into the sea. No news.”

Chu Qitian’s brows were solemn, and his words were a bit solemn.

In recent years, the Chu family’s power in the land of Vietnam has become thinner.

Especially in the recent period, all the Chinese family forces loyal to the Chu family have either betrayed or eliminated.

Even some intelligence personnel who were hiding in the city have been removed.

During this period of time, Chu Qitian always felt that there was a force within Huaxia that was deliberately targeting their Chu family.

“Well. I have read this news a few months ago.”

“But, don’t worry about it.”

“Father

Yun Dao Tian Jue has entered the sixth stage.” “The Yun Dao Tian Jue Secret Technique,

Go one step further.” “It’s your uncle here, and I’m afraid of it.”

“What’s more, a small abandoned son from the Chu family.” Chu Zhengliang said plainly, but the boldness and domineering in that tone made Chu Qitian tremble extremely.

“Dad, what are you talking about?”

“You Yundao Tianjue, you have...have already cultivated to the number...sixth level?”

“I remember, the uncle is only a five-fold consummation, right.”

“Grandpa was in full bloom back then. During the period, it was just so, right?” After

learning of his father’s true strength, Chu Qitian was completely stunned.

A pair of pupils stared hugely.

The eyeballs almost jumped out.

He never dreamed that his father would be so awesome.

The sixth stage of Yundao Tianjue?

What is this concept.

According to Chu Qitian’s knowledge, apart from the first generation of Patriarchs, the highest level reached by the Patriarchs of the Chu family in the past is only the sixth stage.

In other words, the height reached by Ruijin Chu Zhengliang is almost comparable to the previous ancestors of the Chu family.

Chu Zhengliang didn’t seem surprised by his son’s surprise.

Instead, the corners of his mouth curled up, and he smiled softly: “So Qi Tian, in the future, our father and son’s goals should be higher and farther away.”

“As for the abandoned son of the Chu family, it can no longer be seen by your father.

” A hairy boy is alive, and under your father’s hands, he can’t make any waves.”

“At the moment, our main thing is to win the position of the master of the Trumen.”

“As long as your father controls Chumen again, no one in this world will dare to disobey what I mean.”

“When the time comes, you will be the

Patriarch of the Chu Family in a word for your father. Who dares to refuse ?” Chu Zhengliang said proudly , Between words, it is domineering.

Chu Qitian was also full of enthusiasm, and he laughed: “Father, doesn’t that mean that you are now the strongest in the world? You can already challenge my teacher and challenge the top of the rankings?”

Chu Qitian was excited. Keep asking.

Chu Zhengliang shook his head, “Is it possible to hold Tang Yun down?

I’m not sure for my father.” “But the top three in the rankings are more than enough for me.”

“Unfortunately, the Yundao we practiced is more than enough.” Tianjue is not the original version.”

“Even the Yundao Tianjue Secret Technique is a simplified version.”

“If you can get the full version of the Yundao Tianjue of my Chu family for your father, by then, I won’t say that the sky list will be the first. It’s those old monsters who surpassed the sky list. Your father and I are not inevitable.”

After the heroic effort, Chu Zhengliang sighed.

In the words, there are all regrets and pity.

## Chapter 3153

“Simplified version?” Chu Qitian was a little confused.

“Father, what do you mean?”

“You mean, the Yundao Tianjue we practice is simplified?”

Chu Qitian stared at his eyes and asked his father in disbelief.

Chu Zhengliang nodded and said: “When I first entered the martial arts, your grandfather told me.”

“Now , the Yundao Tianjue practiced by our Chu family is reduced.”

“At that time, you. Grandpa asked me to practice hard so that I could find the full version of Yundao Tianjue as soon as possible.”

“At that time, I thought that only the Chu family Patriarch could practice the real Yundao Tianjue.”

“It disappointed me. yes, even if I later successor bit master of the house, asked Chu home of some old family, and found even Chu Lord every family, are exposed to, it’s still not a true cloud Road day decisions. ” “

how could that be? ” “

even your practice Are all fake?”

“What about it?”

“Where is the real and complete Yun

Daotian Judgment Technique ?” These words of Chu Zhengliang are undoubtedly extremely shocking to Chu Qitian Trembling.

Even the Chu family, who is in the highest control, has no access to the family’s top exercises.

This kind of thing, thinking about it, feels incredible.

Chu Zhengliang shook his head: “I also asked your grandfather about this question.”

“He told me that the first ancestor of my Chu family back then wrote all his life’s insights and learnings into a book.

” That book is called Yundao Tianshu!”

“But unfortunately, after the ancestors, the descendants of my Chu family are not as talented. There is always a wealth of books, which is difficult to understand.”

“In desperation, the first generation Patriarch had to select a few secret techniques from the book and simplified them. After that, it was passed on to posterity.”

“Now, the secret techniques we practice are basically simplified versions.”

Listening to his father’s account, Chu Qitian was already stunned.

A pair of eyes kept zooming in.

Because of the horror, his mouth was open, almost enough to stuff an apple.

“Father, you...you mean, for so many years, what our Chu family has cultivated for generations is a simplified version?”

Chu Qitian was really shaken .

You know, for so many years, the Chu family has always been known as the world’s number one martial arts family.

The greatest reliance is the secret technique of the exercises passed down from the ancestors.

But now, Chu Qitian learned that what their Chu family relied on for generations was only a simplified version.

Chu Qitian had no daring to imagine, how strong should the full version of the Yundaotian Jue Exercise Technique be?

If they are successful in cultivation, their Chu family would still not be able to dominate the world?

In astonishment, Chu Qitian couldn’t help but sigh with emotion: “Chu...the first generation Patriarch, too...is too strong.”

“I’m afraid it is the closest god.”

Chu Qitian opened his mouth. , Diligently dreaming of the ancestor of his family, like a god, worshipped by others.

However, in the face of Chu Qitian’s words, Chu Zhengliang shook his head and said, “If you just approached, then you would have underestimated the ancestor of our Chu family.”

“In other words, he is already a god.”

Chu Zhengliang said this firmly and powerfully.

In the deep eyes, there is endless yearning and awe.

Although he seldom heard the older generation of Chu family talk about the first generation of Patriarch.

However, the so-called glimpse and see all the leopards.

From only the Yundao Tianjue technique and Yundao Tianjue secret technique, Chu Zhengliang could see that even the simplified version is definitely not reachable by humans.

What’s more, the full version is more advanced.

It is not an exaggeration to say that it is the art of gods.

Only the gods can create such a unique person!

Chu Qitian was completely blindfolded, and his heart was overwhelmed, almost setting off a stormy sea.

At this time, Chu Qitian only felt that the surprises he had received in this life did not add up to that of today.
