Chapter 3156

One night passed quickly.

The next day.

Bill Jones, the head of the Jones family, informed the whole family about the advancement of the marriage contract with the Chu family.

An Qi's brother Mike Jones was shocked when he learned about it.

Immediately put aside his business, went to the study to find his father, and asked face to face: "Dad, do you really want to marry your sister to Chu Qitian of the Chu family?"

"But how

old is my sister." "I'm not even 20 years old."

"How can you marry

your sister so casually?" "Are you worthy of your mother? Are you worthy of my sister?"

"How can you bear it?"

Mike Jones was very loud, with incomprehension and anger in his tone.

"Shut up!"

"Asshole, are you questioning me?"

Bill Jones was furious, slapped his palm on the table, and shouted sharply.

"Grow up, the wings are stiff, right?"

"Don't even look at me."

"How dare you yell at me?"

"You kneel down on me!"

Bill Jones was furious. Kicked on Mike Jones.

Mike did not resist, he knelt on the ground very dissatisfied, the resentment on his face still full of resentment.

“You are the head of the family, I dare not put you in my eyes.”

“It’s just that you just married your sister so hastily, I don’t agree.”

“I don’t agree with a hundred.”

“I believe that no competent father or brother will let a child who is only seventeen years old marry someone he has never met before.”

Mike said stubbornly.

“You still don’t agree?”

Bill Jones smiled when he heard the words.

There was anger in that smile.

“I’m telling you Mike, this family is the least qualified to say that it disagrees, it is you.”

“If you are fighting, how can your family let your sister marry the Chu family?”

“If you are fighting, my Jones family, and Will there be no one to succeed? It’s declining?”

“All this Lao Tzu did is not for you, for the future of the family!”

“Only when your sister is married to the Chu family, and you will be in charge of the family in the future, you will have confidence. There is a backing.”

“Otherwise, after a hundred years, it will be the day when my Jones family was kicked out of the Truman family!”

Bill Jones was very angry, and the cold anger trembled the entire hall.

When Mike Jones heard it, he immediately lowered his head.

His eyes were red, and tears fell.

Tick to tick to the ground, like a broken pearl.

Who would have thought that in the rainforest, the eldest master of the Jones family, who dared to challenge Mark, shed tears at this time.

“Dad, I know everything. I know everything you said.”

“I just feel wronged for my sister.”

“Angie is still young, and she obviously doesn’t understand anything.”

“She doesn’t know the world, she doesn’t know how to deceive or deceive me.” “She is purely like a piece of white paper.”

“We can make her just a few words I

‘ve been sad for many days.” “She has almost never left the family since she was a child.” “She’s still a child~”

“But why should a little girl take care of such a heavy matter in the future of the family?”

“Dad, Let’s think about other ways, okay.”

“There must be other ways, without letting my sister marry someone else.”

“I really don’t want to see my sister become a victim of family interests at such a young age.”

“It’s obviously us.” Don’t live up to it, why do you want your sister to bear this?”

Mike Jones kept crying and begged his father.

When Bill saw this, he couldn’t bear it.

He walked over, took his son into his arms, and sighed long.

“Mike, I didn’t know what you said?”

“However, marrying the Chu family is the best choice for us.”

“This is the result of family discussions many years ago.”

“It’s already a long time ago. , Cannot be changed.”

Chapter 3157

In the past, among the three Chu family, the Tang family was the weakest.

But who would have thought that after years of development in the Tang family, geniuses appeared in the family one after another.

Especially the appearance of Tang Yun has made the Tang family’s power swell to its peak for a time.

Faintly, the current Tang Family’s momentum must be suppressed by the Chu Family.

On the other hand, the Jones family, although the family business has grown bigger and bigger in recent years, the martial arts power within the family has been weakened day by day.

Up to now, he is the only one in the entire family.

It is the martial arts master within the clan, except for those who have been invited to spend a lot of money with a strong surname, the master surnamed is also one of the few.

Back then, the elders of the Jones family felt an invisible crisis.

Therefore, I thought about marrying the Chu family.

Of course, at the time of the Chu family, it was Chu Zhenghong who gained the power.

But his only son was expelled from the family.

In desperation, the Jones family also selected the third young master of the Chu family, Chu Qitian.

The father and son of Chu Zhengliang were not in a good position.

The Jones family took the initiative to marry, and Chu Zhengliang naturally couldn't ask for it.

With the help of the Jones family in the future, Chu Zhengliang's position in the Chu family can also be stabilized.

It can be said that they used each other at the time.

But who could have imagined that the situation of the Chu family turned around and Chu Zhengliang regained the power, and the Jones family was also overwhelmed by the right treasure, and naturally couldn't wait to get married.

"But father, can you use An Qi's young age as an excuse, and it won't be too late to let them get married for a few years at night."

"After all, Angie is less than eighteen years old this year."

Mike Jones said again.

He couldn't bear it, looking at his younger sister, he married and became his wife.

However, facing Mike's suggestion, Bill Jones still shook his head.

"Mike, this is different now."

"Before, I also thought that after a few years, An Qi will get older, and then let them get married."

"But now, Chu Zhengliang has a breakthrough in his cultivation, and his magical power is accomplished."

"If it is not beyond my expectation, in the past few months, he is very likely to be elected as the master of the Chumen."

"At that time, the Chu family father and son will be powerful. We just want to climb, and we may not be able to climb. . ."

now, Chuzheng Liang aspirations to master if you want to Truman's, yet I need to support the Jones family. . ."

in this case, we are still in a relationship of mutual use of equality. ” “

so, as soon as married, is As far as the family is concerned, the best choice.”

Bill Jones said in a deep voice, but his analysis of the situation was extremely thorough.

“But”

“It’s unfair to Angie.”

“I don’t know how to tell Angie.”

Mike Jones clenched his palms tightly, not knowing whether it was because of guilt or self-blame, his fingertips were deep. Fallen into flesh and blood.

Hearing this, Bill Jones was also silent for a while, and he couldn’t bear it for a while.

After a long time, Bill Jones sighed: “Hey~”

“Don’t tell An Qi about this matter.”

“But, Dad, An Qi will know about it sooner or later. We wo n’t keep it for long.” Mike said.

“Then you can conceal one day is one day.”

“Perhaps, now An Qi does not wait to understand the family.”

“But I believe that when An Qi grows up, she will be able to understand her brother’s difficulties and the family. “

What’s more, the Chu Qitian of the Chu family is also talented and beautiful.”

“It is said that he has been named the “Tian” generation by the family .” “It

is not a loss to marry this person as a wife. Let’s go to Angel.”

Bill Jones sighed long, and there was unspeakable sadness in his old eyes.

Although this kind of marriage is by no means a rare thing for these wealthy families.

Bill Jones has already taken offense
